BUDGET TO ACTUAL CASH FLOW RESULTS

15. The table below presents a summary of the Applicant's receipts and disbursements for the period of June 18, 2016 to July 22, 2016 (the "Reporting Period") against the cash flow statement provided to this Honourable Court in the Monitor's Third Report.

- 16. The Applicant's forecast cash receipts for the Reporting Period were \$3.94 million, and actual cash receipts were \$4.34 million. The Applicant's cash receipts have generally been in line with the forecast during the Forecast Period, and the majority of the variance relates to items that were not included in the Applicant's forecast cash flow statement such as joint venture billings and rentals.
- 17. The Applicant's forecast cash disbursements for the Reporting Period were \$14.32 million, and actual cash disbursements were \$11.62 million. The majority of the \$2.70 million variance is the result timing variances in the payment of operating expenses and professional fees and these variances are expected to reverse in future periods.
- 18. The \$3.06 million variance in the Applicant's forecast ending cash position is primarily due to the timing variances outlined above. No variances that occurred during the Reporting Period are expected to have a material impact on the Applicant's liquidity needs during the CCAA Proceedings.

REVISED CASH FLOW FORECAST

19. The Applicant, in consultation with the Monitor, has prepared a revised weekly cash flow statement (the "Cash Flow Statement") for the period of July 23, 2016 to August 31, 2016 (the "Stay Extension Period"). A Summary of the Cash Flow Statement is presented in the table below and a copy of the Cash Flow Statement is attached hereto as Appendix A.

20. The Cash Flow Statement indicates the following for the Stay Extension Period:

- (a) total cash receipts of \$11.89 million relating to revenue collections for the Applicant's operations for the production months of June and July;
- (b) total cash disbursements of \$12.77 million; and
- (c) total cumulative draw on the Interim Financing of \$14.13 million.

PROPOSED KERP AND KEIP

- 21. The details of the KERP and KEIP are attached hereto as Confidential Appendix B due to the confidential and commercially sensitive nature of its contents and the Applicant will be seeking a sealing order over the same.
- 22. The key elements of the KERP are as follows:
 - if approved, a subset of 13 of the Applicant's 76 current employees will participate in the KERP (the "KERP Employees")
 - (b) the KERP Employees will receive the specific cash retention payment on the earlier of (i) the date on which they are terminated without cause, (ii) or the date on which there is a closing of a sale of a material portion of the Applicant's assets;
 - (c) employees who resign or who are terminated with cause are not eligible to participate; and
 - (d) the maximum aggregate amount of cash retention payments to the KERP Employees is \$386,304.
- 23. The key elements of the KEIP are as follows:

- (a) seven (7) designated senior management employees have been included in the KEIP (the "KEIP Employees", and together with the KERP Employees, the "Employees").
- (b) KEIP Employees will be entitled to a percentage recovery of the 'Net Proceeds¹' obtained though the Sales Process, with such payments under the KEIP to be funded from the closing cash proceeds resulting from the Sales Process. There is a minimum threshold of sale proceeds that must be met before any amounts become payable under the KEIP;
- (c) KEIP Employees who resign or who are terminated with cause are not eligible to participate; and
- (d) KEIP Employees who are offered and agree to be retained by the successful purchaser in the Sales Process are not eligible for any payment under the KEIP.
- 24. The Applicant is also seeking to have a fourth priority charge securing the KERP and KEIP (the "KERP and KEIP Charge"), which charge shall not exceed \$368,304, plus any amounts that become payable under the KEIP, to rank behind the Administration Charge, the Interim Lender's Charge and the Directors' Charge.

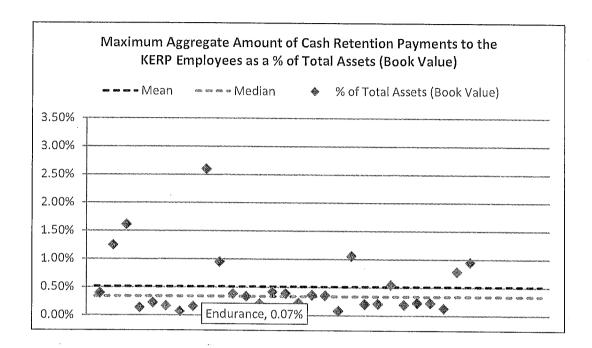

The Monitor's comments and recommendation with respect to the proposed KERP and KEIP

25. The Monitor has reviewed publically information from other CCAA cases where employee retention plans have been approved and compared these retention plans to the proposed KERP and KEIP.

¹ Net Proceeds equal to the total cash sale price less any adjustments and selling commissions

- 26. The Monitor understands that details around key employee retention plans are difficult to compile as the specific details of the plans are often kept confidential. Additionally, each case has specific circumstances that make each situation unique and therefore assessing the reasonableness of a key employee retention plans requires a certain level of judgement in considering the size and complexity of the operations, the historical facts leading up to the case and its effects on employees and employee morale, the tasks and workload that will be required of employees throughout the case and the future prospects and potential outcome of the company.
- 27. The Monitor has reviewed the publically available information of 29 CCAA cases with Court approved employee retention plans and compared them against the Applicant's proposed KERP considering the maximum aggregate amount of cash retention payments to the KERP Employees, the payment as a percentage of the company's total book value of assets at the time of filing and the payment as a percentage of secured debt and total debt.
- 28. The Monitor has provided the figure below to illustrate the total the maximum aggregate amount of cash retention payments to the KERP Employees as a percentage of total assets (book value). The Monitor notes that while it has not included the maximum aggregate amount of cash retention payments to the KERP Employees as a percentage of secured debt or total liabilities the trend is similar in those cases.

29. The table below illustrates that the retention payments under the proposed KERP as a % of assets (book value) is below the average of the comparable data.

- 30. The Monitor agrees with the Applicant's assessment that the departure of the Employees may be detrimental to the Sale Process and their retention will be critical to maximizing value for stakeholders given the proposed timing of attempting to complete a sale transaction. The approval of the KERP and KEIP should provide sufficient incentive for the Employees to continue their employment for the conclusion of the Sale Process and the closing of any resulting sale transaction or until their services is no longer required by the Applicant.
- 31. From its review of prior court-approved retention plans, the Monitor is satisfied that the KERP and KEIP are consistent with current practice for retention plans in the context of a CCAA proceeding and that the maximum aggregate amount of cash retention payments to the Employees are fair and reasonable in the circumstances.

- 32. The Monitor further advises that the details and structure of the KERP and KEIP have been shared with the Lending Syndicate and its financial advisor such that they have included and consulted with respect to the proposed KERP and KEIP.
- 33. The Monitor understands that the Lending Syndicate is not opposing the Applicant's KERP or KEIP.

EXTENSION OF THE STAY PERIOD

- 34. The Stay Period set out in the Stay Extension Order is until and including August 5, 2016. The Applicant is seeking an extension to the Stay Period until and including August 31, 2016 in order to provide sufficient time to substantially complete the Sale Process and move towards finalizing one or more transaction resulting therefrom.
- 35. The Cash Flow Statement demonstrates that the Applicant will have sufficient liquidity under the Interim Financing to continue to meet its post-filing obligations until August 31, 2016.
- 36. In the Monitor's view, the Applicant has continued to act in good faith and with due diligence during the CCAA Proceedings and the Monitor supports the Applicant's request for an extension to the Stay Period until and including August 31, 2016.

RECOMMENDATIONS

- 37. The Monitor respectfully recommends that this Honourable Court:
 - (a) approve the proposed KERP and KEIP;
 - (b) approve the proposed KERP and KEIP Charge;

- (c) grant a sealing order over the details of the KERP and KEIP in Confidential Appendix B; and
- (d) approve the Applicant's request for an extension to the Stay Period to and including August 31, 2016.

All of which is respectfully submitted this 28th day of July, 2016.
