Re: Québec Security Search Report
Cliffs Quebec Iron Mining ULC et al

SEARCH REPORT

We have conducted the searches hereinafter described under the names listed in Schedule "A" hereto (hereinafter collectively referred to as the "**Searched Names**").

We have relied on your instructions and have not conducted any corporate searches in respect of the accuracy of the description of the Searched Names. We have not made any other investigation as to the accuracy of the Searched Names, any French or English version thereof, any trade or business-style names, or as to any prior versions of the Searched Names.

We have not conducted searches in respect of any trade or business-style names, whether such names were registered or not with the Enterprise Registrar.

At your request, our searches were limited to the names mentioned in Schedule "A" hereto. Please note however that there could be valid registrations against any predecessor or previous names which have not been searched.

I. REGISTER OF PERSONAL AND MOVABLE REAL RIGHTS:

We have electronically consulted non-certified statements of rights in the Register of Personal and Movable Real Rights (the "**Movable Register**") in respect of the Searched Names covering the period from January 1, 1994 (being the date upon which the Movable Register commenced to record rights) to June 13, 2016 at 3:00 p.m., which statements reveal the entries summarized in Schedule "B" hereto.

The registrations described in Schedule "B" are only a summary of the registrations and the statements of rights consulted should be referred to for a complete description of the registrations and charged property. A copy of the said statements of rights is available upon your instructions.

8500870.1

Please note that the statements of rights of the Movable Register we consulted are not certified and do not disclose rights that may have been presented for registration but have not yet been indexed, rights that are not required to be registered or for which the delay to register has not yet expired (such as prior claims, pledges or movable hypothecs with delivery, rights in respect of taxes and security on movable property not subject to registration under the *Civil Code of Lower Canada*, movable hypothecs on claims, or property represented by a bill of lading or other negotiable instruments whereby the creditor has given value but has not registered its hypothec within ten days of giving the value, or movable hypothecs granted in favour of a vendor of movable property acquired by the Searched Names since January 1, 1994), nor any rights registered or filed under the names of parties other than the Searched Names.

Please note that we have not made verifications or searches against the name of any holder, lessor or seller or their assigns (each individually herein referred to as a “**Beneficiary**”) under any of the registrations summarized in Schedule “B” to determine if there was any entry in the Movable Register indicating that such Beneficiary has hypothecated, assigned or otherwise transferred any claims or other rights which are the subject matter of the said registrations. If any such Beneficiary granted or grants a hypothec, assignment or transfer in favour of a third party that, in the sole discretion of the Registrar of the Movable Register, could affect such claims or other rights, then the consent of such third party may be necessary (in some cases in addition to the consent of such Beneficiary) to obtain a discharge or reduction of the hypothecs, leases or instalment sales contracts covered by the said registrations in a form that can be registered in the Movable Register. Therefore, if you intend to rely on the present memorandum for the purposes of obtaining such discharge or reduction, additional searches should be conducted in the Movable Register.

II. GENERAL COMMENTS:

The information from our searches was obtained through public office records and the searches were conducted by registry employees and/or by using computer systems and we do not warrant the accuracy of the data generated by the computer systems or received from registry employees.

This research memorandum reports only on the results of the searches carried out by us and does not constitute an opinion with respect to title to property or the validity of any registration nor with respect to the rank of any charges and security mentioned herein.

Please note that we did not conduct searches in the registers that were closed at the time of the coming into force of the *Civil Code of Québec*. As a general rule, in the event of failure to renew the publication of security (pursuant to the provisions of *An act respecting the implementation of the reform of the Civil Code*), the rights preserved by the original registration have no effect in respect of other creditors or subsequent purchasers in good faith (whose rights have been regularly published) since April 1, 1995. A search of these closed records could reveal the sale or assignment of movable assets by any of the Searched Names that, if they were absolute as opposed to by way of security, would be opposable to creditors of the Searched Names and subsequent purchasers of these movable assets from the Searched Names.

If you need further information, please do not hesitate to contact us.
