performed an analysis of the probable quantum + categories. The Monitor is satisfied that the necessary reserve costs have been provided for & that the quantum is reasonable + necessary.

The administration of the Administrative Reserve by the Monitor will contribute to the efficient implementation of the Amended AHC Plan + the wind up of the LP entities estate thereunder. The requested expansion of the Monitor's powers will facilitate the completion of this procedure + the wind up of the LP entities estate.

The requested order as amended is granted. A 6 day come back provision has been added with respect to the provisions of paragraph 15 + the tax authorities. In the event that the order is subsequently varied as a result of the come back provision, the Monitor deserves the right to request other consequential amendments to the order.
