   (b) declaring that notwithstanding the stay of proceedings imposed by the Initial Order, a counterparty to the Support Agreement may exercise any termination right that may become available to it pursuant to the Support Agreement, provided that such termination right is exercised in accordance with the Support Agreement;

   (c) approving the Backstop Commitment Letter, dated May 12, 2022 among Just Energy (U.S.) Corp. ("**Just Energy U.S.**") and the Initial Backstop Parties (the "**Backstop Commitment Letter**");

   (d) approving the issuance of the Backstop Commitment Fee Shares to the Backstop Parties in the manner and circumstances described in the Backstop Commitment Letter;

(e) approving the Termination Fee and authorizing Just Energy U.S. (or another Just Energy Entity organized in the United States) to pay the Termination Fee to the Initial Backstop Parties and any Additional Backstop Parties in the circumstances and manner described in the Backstop Commitment Letter;

(f) granting a Court-ordered charge (the "**Termination Fee Charge**") in favour of the Initial Backstop Parties as security for payment of the Termination Fee, with the priority set out in the proposed Authorization Order;

(g) amending the Claims Procedure Order granted by the CCAA Court on September 15, 2021 (the "**Claims Procedure Order**") to permit the Just Energy Entities to request that any Claim that arises from or relates primarily to the winter storm that occurred in Texas in February 2021 and that was submitted by a Claimant who lives in the U.S. (or lived in the U.S. at the time of such winter storm) (each, a "**Winter Storm Claim**") be adjudicated and determined by the United States Bankruptcy Court for the Southern District of Texas (the "**U.S. Bankruptcy Court**"), at its discretion, in each case at the election of the Just Energy Entities in consultation with the Monitor;

(h) extending the Stay Period to August 19, 2022;

(i) directing that the unredacted copies of the Support Agreement and the Backstop Commitment Letter (attached as **Confidential Exhibits "D"** and **"F"** to the Affidavit of Michael Carter, sworn May 12, 2022 (the "**Eleventh Carter Affidavit**") be treated as confidential and sealed, and not form part of the public record, pending further order of this Court; and

(j) approving the activities, conduct and Tenth Report of FTI Consulting Canada Inc., in its capacity as Monitor (the "**Monitor**"), and the fees of the Monitor and its counsel.

2. An Order substantially in the form included at Tab 5 of the Motion Record:

(b) authorizing the Just Energy Entities to establish two classes of creditors for the purpose of considering and voting on the Plan: (i) the Secured Creditor Class; and (ii) the Unsecured Creditor Class;

(c) authorizing the Just Energy Entities to call, hold and conduct virtual meetings of the Secured Creditor Class and the Unsecured Creditor Class (the "**Creditors' Meetings**") to consider and vote on resolutions to approve the Plan, and approving the voting and other procedures to be followed with respect to the Creditors' Meetings; and

(d) setting a date for the hearing of the Just Energy Entities' motion for an order sanctioning the Plan (the "**Plan Sanction Hearing**") should the Plan be approved for filing and approved by the Required Majorities of creditors at the Creditors' Meetings.

3. Capitalized terms used but not defined in this Notice of Motion shall have the meanings given to them in the Eleventh Carter Affidavit.

THE GROUNDS FOR THE MOTION ARE:

Overview

4. On March 9, 2021, the Applicants obtained protection under the *Companies' Creditors Arrangement Act*, RSC 1985, c C-36 (the "**CCAA**") pursuant to an initial order of the Ontario Superior Court of Justice (Commercial List) (the "**CCAA Court**").

5. The CCAA Court granted an Amended and Restated Initial Order (the "**ARIO**") on March 19, 2021, and a Second Amended and Restated Initial Order on May 26, 2021.

6. The U.S. Bankruptcy Court granted the ARIO full force and effect on a final basis under Chapter 15 of the U.S. Bankruptcy Code on April 2, 2021.

7. After extensive negotiations and lengthy and determined efforts by the Just Energy Entities over the past approximately 12 months, the Just Energy Entities have reached consensus with their key stakeholders regarding the terms of a restructuring plan to facilitate the Just Energy Entities' emergence from the current CCAA and Chapter 15 proceedings in a manner which, among other things, preserves the going concern value of the businesses for the benefit of stakeholders, maintains critical relationships with key Commodity Suppliers and regulators across Canada and the United States, and preserves the employment of most of the Just Energy Entities' more than 1000 employees.

CCAA Plan

8. The combined effect of the Plan and other arrangements will result in a recapitalization of the Just Energy Entities by the conversion of certain secured priority claims and certain unsecured

claims to equity and the injection of new capital into the Just Energy Entities by means of the New Equity Offering and the New Credit Facility.

9. The recapitalization will be considered at the Creditors' Meetings and, if approved at such meetings by the Required Majorities, by the Court at the Plan Sanction Hearing. However, prior to such Creditors' Meetings, the milestones provided under the Support Agreement and Meetings Order establish an approximately two-month period (the "**Voting Period**") for potentially interested parties to propose a superior alternative transaction for the Just Energy Entities to that provided in the Plan, Support Agreement and other transaction-related documents.

10. The stability provided to the restructuring process by having a going concern Plan that will be considered by creditors and the CCAA Court, while also providing the flexibility for Alternative Restructuring Proposals to be presented and considered, is in the best interests of the Just Energy Entities and their stakeholders and will provide the best result possible in these CCAA proceedings.

11. At a high level, the Plan includes the following elements:

(a) *Reorganized Corporate Structure*: the Just Energy Entities will be reorganized such that upon implementation of the Plan, Just Energy U.S. or such other corporation or company organized in the United States will be the ultimate parent of the Just Energy Entities (the "**New Just Energy Parent**"). The New Just Energy Parent will have two classes of shares – newly issued common shares (the "**New Common Shares**") and newly issued preferred shares (the "**New Preferred Shares**");

(b) *New Preferred Shares*: on the Effective Date, the holder and assignee of all pre-filing secured claims previously held by BP (the "**BP Commodity/ISO Services Claimholder**") will receive 100% of the New Preferred Shares of New Just Energy Parent;

(c) *New Equity Offering*: on the Effective Date, the New Just Energy Parent will complete an equity offering in the aggregate amount of US$192.55 million for 80% of the New Common Shares (the "**New Equity Offering**"), which will be backstopped by the Backstop Parties in accordance with the Backstop Commitment Letter. The New Equity Offering is open for participation to all Beneficial Term Loan Claim Holders who are permitted to participate under applicable securities laws;

(d) *New Credit Agreement and Intercreditor Agreement*: on the Effective Date, applicable Just Energy Entities will enter into an amended and restated credit agreement (the "**New Credit Agreement**") with the Credit Facility Lenders pursuant to which a first lien revolving credit facility in the amount of $250 million will be made available, and a new Intercreditor Agreement with the Credit Facility Lenders, Shell, and other applicable Commodity Suppliers will be executed;

(e) *Two Classes of Creditors*: two classes of creditors will be established for purposes of voting on and receiving distributions (or other treatment) under the Plan – the Secured Creditor Class (comprised of the Credit Facility Lenders) and the Unsecured Creditor Class (comprised of the Term Loan Claim Holders, General Unsecured Creditors, and Convenience Claims);

(f) *Secured Creditor Recoveries*: the Credit Facility Claim will be paid in full in cash on the Effective Date, less the Credit Facility Remaining Debt (i.e. the principal amount of up to $20 million of the Credit Facility Claim), if any, and the New Credit Agreement will become effective;

(g) *Unsecured Creditor Recoveries*: within the Unsecured Creditor Class: (i) Term Loan Claim Holders will receive their pro rata share of 10% of the New Common Shares and the ability to participate in the New Equity Offering; (ii) Convenience Claims will be paid in full up to $1,500 from the General Unsecured Creditor Cash Pool (established at $10 million); and (iii) General Unsecured Creditors holding Accepted Claims will be paid their pro rata share of the General Unsecured Creditor Cash Pool (after payment of Convenience Claims and permitted fees and expenses and subject to the turnover requirements in the Subordinated Note Indenture and the Plan);

(h) *Unaffected Claims*: numerous claims are "unaffected" under the Plan and are not entitled to vote on, or receive any distributions under, the Plan, including Post-Filing Claims, the beneficiaries of CCAA Charges, Commodity Supplier Claims, Energy Regulator Claims, and claims that are not capable of compromise under the CCAA; and

(i) *Equity Claims*: Equity Claims will not receive any distributions under the Plan and are not entitled to vote on the Plan.

12. If approved, the Plan will permit the Just Energy Entities to exit the CCAA and Chapter 15 proceedings with a significantly deleveraged balance sheet by eliminating the Just Energy Entities'

funded debt and providing a minimum $75 million of liquidity through the New Equity Offering and the New Credit Facility.

13. Absent receipt of a Superior Proposal during the Voting Period, the Plan provides the best available result for the Just Energy Entities' stakeholders in all of the circumstances and is better than the alternatives, including a forced liquidation of the Just Energy Entities' assets.

Support Agreement

14. On May 12, 2022, the Just Energy Entities, the Plan Sponsor, CBHT, Shell, the Supporting Secured CF Lenders (i.e. the Credit Facility Lenders), and the Supporting Unsecured Creditors (i.e. significant Term Loan Lenders) entered into the Support Agreement, pursuant to which the parties have agreed, among other things, to cooperate with each other in good faith and use commercially reasonable efforts to implement the Restructuring.

15. Pursuant to the Support Agreement, the Just Energy Entities have agreed not to directly or indirectly, solicit, initiate, or knowingly take any actions to encourage the submission of any Alternative Restructuring Proposal.

16. However, the Support Agreement includes two significant safeguards to ensure there is an adequate opportunity for interested parties that may wish to advance an Alternative Restructuring Proposal within the CCAA process to do so for the benefit of the Just Energy Entities' stakeholders:

(a) first, the Support Agreement establishes a 62-day "Voting Period" between the milestone for mailing of the Meeting Materials to Creditors (June 1, 2022) and the deadline for the Creditors' Meetings (August 2, 2022) to allow any interested

parties to complete due diligence and submit a proposal. The Support Agreement permits the Just Energy Entities to consider and respond to any proposals, provide access to non-public information, negotiate any proposal with the applicable party, and other related activities; and

(b) second, the Support Agreement includes a broad "fiduciary out" provision which permits the Just Energy Board to terminate the Support Agreement if it determines, following receipt of advice from outside legal counsel and financial advisors, (i) that proceeding with the Restructuring would be inconsistent with the exercise of its fiduciary duties or applicable law, or (ii) in the exercise of its fiduciary duties, to pursue a Superior Proposal.

17. The Voting Period, coupled with the "fiduciary out", ensure that the restructuring process is fair and transparent, provides the opportunity for interested parties to advance an Alternative Restructuring Proposal, and ensures the achievement of the best transaction possible in the circumstances for the Just Energy Entities, all for the benefit of stakeholders.

Backstop Commitment Letter

18. On May 12, 2022, Just Energy U.S. and the same four funds that comprise the DIP Lenders and, together with a related limited partner, the Plan Sponsor and significant Term Loan Lenders (the "**Initial Backstop Parties**") entered into the Backstop Commitment Letter.

19. Participation in the Backstop Commitment Letter is open to all holders of the Term Loan Claim, subject to compliance with all applicable securities laws and other requirements (in such capacity, the "**Additional Backstop Parties**" and together with the Initial Backstop Parties and

the Assignee Backstop Parties (as defined in the Backstop Commitment Letter), the "**Backstop Parties**").

20. The Backstop Commitment Letter ensures that the whole New Equity Offering will be taken up in full and funded either by the New Equity Offering Eligible Participants, or by the Backstop Parties, thereby ensuring that the Just Energy Entities raise the necessary funds to pay all required amounts under the Plan.

21. In consideration of the Initial Backstop Parties executing and delivering the Backstop Commitment Letter, Just Energy U.S. agreed that:

(a) the New Just Energy Parent will issue and deliver to the Backstop Parties, in the aggregate, 10% of the New Common Shares on the Effective Date (the "**Backstop Commitment Fee Shares**"); and

(b) Just Energy U.S. (or another Just Energy entity organized in the United States) will pay to the Initial Backstop Parties and the Additional Backstop Parties, in the aggregate, a cash fee in an amount equal to US$15 million (the "**Termination Fee**") if the Support Agreement is terminated on the basis of the "fiduciary out" provision.

22. The Termination Fee is proposed to be secured in favour of the Initial Backstop Parties by a Court-ordered charge (the "**Termination Fee Charge**") which will have priority over all other security interests, charges, and liens, but will rank subordinate to all other Charges granted to date within the CCAA proceedings. The Just Energy Entities' financial advisor has confirmed that the Termination Fee is in line with market terms and is reasonable in the circumstances.

Meetings Order

23. The proposed Meetings Order authorizes the Just Energy Entities to convene virtual meetings of the Secured Creditor Class and the Unsecured Creditor Class to consider and vote on the Plan. The Meetings Order provides that the Creditors' Meetings will be held virtually and not in person on August 2, 2022 by means of telephonic or electronic facility using a third-party service provider given the ongoing challenges posed by the COVID-19 pandemic.

24. The proposed Meetings Order provides for comprehensive notification of the Creditors' Meetings to the Affected Creditors, including provision of a: (a) Notice of Meetings; and (b) an Information Statement which provides Affected Creditors with detailed information regarding the CCAA proceedings, the Plan, approval requirements with respect to the Plan, the details of the Creditors' Meetings, voting entitlements and procedures, and certain regulatory matters relating to the Plan. Among other things, the proposed Meetings Order requires that: (a) each of the Monitor and Just Energy's noticing agent post all Secured Creditor Class Meeting Materials and Unsecured Creditor Class Meeting Materials on their respective websites; and (b) all Secured Creditor Class Meeting Materials and Unsecured Creditor Class Meeting Materials be sent to each Creditor holding an Affected Claim in accordance with the terms of the Meetings Order.

25. The proposed Meeting Order also provides for, among other things:

(a) procedures that will govern the conduct of the Creditors' Meetings, including that a representative of the Monitor will preside as Chair of the Creditors' Meetings, and subject to further Order of this Court, will determine all matters relating to the conduct of the Creditors' Meetings;

(b) the voting procedures at the Creditors' Meetings;

(c) the process by which the Monitor will keep a separate record of votes cast by Affected Creditors holding Disputed Claims;

(d) the requirements for approval of the Plan, including that the Plan must receive an affirmative vote by the Required Majorities; and

(e) the ability of the Just Energy Entities to make amendments to the Plan.

26. The proposed Meetings Order is fair and reasonable in the circumstances and will allow all Affected Creditors to fully consider the Plan and participate in the applicable Creditors' Meeting.

Amendment of Claims Procedure Order

27. The Claims Procedure Order permits the Just Energy Entities, at their election and in consultation with the Monitor, to refer any dispute raised in a Notice of Dispute of Revision or Disallowance to either a Claims Officer or the CCAA Court for adjudication.

28. Within the Claims Process, the Just Energy Entities have received one or more Winter Storm Claims, the adjudication of which will require particularized understanding and application of the legal and regulatory framework which govern the utility regime in Texas.

29. The Just Energy Entities are accordingly seeking to amend the Claims Procedure Order to permit them, in their sole discretion and in consultation with the Monitor, to have any Winter Storm Claims adjudicated and determined by the U.S. Bankruptcy Court (subject to the entry of an Order by the U.S. Bankruptcy Court recognizing the Authorization Order).

Extension of Stay Period

30. The current stay of proceedings granted in these CCAA proceedings expires on May 26, 2022, or such later date as the Court may order (the "**Stay Period**").

31. The Just Energy Entities are seeking to extend the Stay Period until August 19, 2022, which will allow them to conduct the Creditors' Meetings and, if the Plan is approved by the Required Majorities of Creditors, seek the Sanction Order from this Court and an enforcement and recognition order from the U.S. Bankruptcy Court.

32. The Just Energy Entities have acted and continue to act in good faith and with due diligence in these CCAA proceedings.

33. It is just and convenient and in the interests of the Just Energy Entities and their stakeholders that the Stay Period be extended to August 19, 2022.

Other Grounds

34. In addition to the other grounds discussed in this Notice of Motion, the Applicants rely on:

(a) the provisions of the CCAA and the inherent and equitable jurisdiction of this Honourable Court;

(b) Rules 1.04, 1.05, 2.03, 16, 37, and 59.06 of the *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194, as amended, and section 106 and 137 of the *Courts of Justice Act*, R.S.O. 1990, c. C.43, as amended;

(c) changes to Commercial List operations in light of COVID-19 dated March 16, 2020; and

(d) such further and other grounds as the lawyers may advise.

THE FOLLOWING DOCUMENTARY EVIDENCE will be used at the hearing of the Motion:

1. The Affidavit of Michael Carter, sworn February 2, 2022;

2. The Affidavit of Michael Carter sworn May 12, 2022;

3. The Affidavit of Mark Caiger, sworn May 12, 2022;

4. The Tenth Report of the Monitor, to be filed; and

AFFIDAVIT OF MICHAEL CARTER

I, Michael Carter, of the Town of Flower Mound, in the State of Texas, MAKE OATH AND SAY:

1. I have been Just Energy Group Inc.'s ("**Just Energy**") Chief Financial Officer since September 2020. In that role, I am responsible for all financial-related aspects of the business of Just Energy and its subsidiaries in these CCAA proceedings (collectively, the "**Just Energy Group**" or the "**Applicants**"), including the partnerships listed on Schedule "A" of the Initial Order (as defined below) to which the protections and authorizations of the Initial Order were

extended (collectively with the Applicants, the "**Just Energy Entities**"). As such, I have personal knowledge of the matters deposed to in this affidavit, including the business and financial affairs of the Just Energy Entities. Where I have relied on other sources for information, I have stated the source of my information and I believe such information to be true. In preparing this affidavit, I have also consulted with the Just Energy Group's senior management team and their financial and legal advisors.

2. I make this affidavit in support of a motion by the Applicants for:

(a) an Order substantially in the form of the draft order attached at Tab 4 of the Applicants' Motion Record (the "**Authorization Order**"), *inter alia*:

(i) approving the Plan Support Agreement, dated May 12, 2022 (as may be amended from time to time, the "**Support Agreement**") among the Just Energy Entities, the Plan Sponsor, CBHT, Shell, the Supporting Secured CF Lenders, and the Supporting Unsecured Creditors (as each of those terms is defined below);

(ii) declaring that notwithstanding the stay of proceedings imposed by the Initial Order (as defined below), a counterparty to the Support Agreement may exercise any termination right that may become available to it pursuant to the Support Agreement, provided that such termination right is exercised in accordance with the Support Agreement;

(iii) approving the Backstop Commitment Letter, dated May 12, 2022 among Just Energy (U.S.) Corp. ("**Just Energy U.S.**") and the Initial Backstop Parties (as defined below) (the "**Backstop Commitment Letter**");

(iv) approving the issuance of the Backstop Commitment Fee Shares to the Backstop Parties (as defined below) in the manner and circumstances described in the Backstop Commitment Letter;

(v) approving the Termination Fee (as defined below) and authorizing Just Energy U.S. (or another Just Energy Entity organized in the United States) to pay the Termination Fee to the Initial Backstop Parties and any Additional Backstop Parties (as defined below) in the circumstances and manner described in the Backstop Commitment Letter;

(vi) granting a Court-ordered charge (the "**Termination Fee Charge**") in favour of the Initial Backstop Parties as security for payment of the Termination Fee, with the priority set out in the proposed Authorization Order;

(vii) amending the Claims Procedure Order granted by the Ontario Superior Court of Justice (Commercial List) (the "**CCAA Court**") on September 15, 2021 (the "**Claims Procedure Order**") to permit the Just Energy Entities to request that any Claim that arises from or relates primarily to the winter storm that occurred in Texas in February 2021 and that was submitted by a Claimant who lives in the U.S. (or lived in the U.S. at the time of such winter storm (each, a "**Winter Storm Claim**")) be adjudicated and determined by

the United States Bankruptcy Court for the Southern District of Texas (the "**U.S. Bankruptcy Court**"), at its discretion, in each case at the election of the Just Energy Entities in consultation with the Monitor;

(viii) extending the Stay Period (as defined in the Second Amended and Restated Initial Order, granted May 26, 2021 (the "**Second ARIO**")) to August 19, 2022; and

(ix) directing that the unredacted copies of the Support Agreement and the Backstop Commitment Letter (attached as **Confidential Exhibits "D"** and **"F"** hereto) be treated as confidential and sealed, and not form part of the public record, pending further order of this Court;

(b) an Order substantially in the form of the draft order attached at Tab 5 of the Applicants' Motion Record (the "**Meetings Order**"), *inter alia*:

(i) accepting the filing of the Just Energy Entities' Plan of Compromise and Arrangement, dated May 26, 2022 and attached as **Exhibit "A"** hereto (as may be amended from time to time, the "**Plan**");

(ii) authorizing the Just Energy Entities to establish two classes of creditors for the purpose of considering and voting on the Plan: (i) the Secured Creditor Class; and (ii) the Unsecured Creditor Class;

(iii) authorizing the Just Energy Entities to call, hold and conduct virtual meetings of the Secured Creditor Class and the Unsecured Creditor Class (the "**Creditors' Meetings**") to consider and vote on resolutions to approve

the Plan, and approving the voting and other procedures to be followed with respect to the Creditors' Meetings; and

(iv) setting a date for the hearing of the Just Energy Entities' motion for an order sanctioning the Plan (the "**Plan Sanction Hearing**") should the Plan be accepted for filing and approved by the Required Majorities of creditors at the Creditors' Meetings.

3. Capitalized terms used in this affidavit but not defined have the meaning given to them in the Plan and in the proposed Meetings Order. All references to monetary amounts in this affidavit are in Canadian dollars unless noted otherwise.[1]

A. HISTORY OF THE CCAA PROCEEDINGS

4. On March 9, 2021 (the "**Filing Date**"), the Applicants obtained protection under the *Companies' Creditors Arrangement Act*, RSC 1985, c C-36 (the "**CCAA**") pursuant to an initial order (the "**Initial Order**") of the CCAA Court. The Applicants' filing for protection under the CCAA was precipitated by the acute and unforeseen liquidity challenge caused by the unprecedented winter storm in February 2021 in Texas (the "**Weather Event**") and the Texas regulators' response to same.

[1] As the monetary amounts referenced herein are denominated in both Canadian and United States currencies, a table of all quantified Claims and new equity amounts discussed herein is attached at **Schedule "A"** showing all such amounts both in their original denominated currency and as converted into the other currency at an exchange rate of C$1.27 per $1.00 USD.

5. On the Filing Date, the Court approved the CCAA Interim Debtor-in-Possession Financing Term Sheet (the "**DIP Term Sheet**") pursuant to which the DIP Lenders[2] provided access to emergency financing of US$125 million (together with all accrued and outstanding fees, costs and interest, the "**DIP Lenders' Claim**"). The DIP Term Sheet contained, among other terms, a requirement that the Just Energy Entities meet certain restructuring milestones for the development and implementation of a plan of arrangement. Such milestones have been extended by the DIP Lenders from time to time during the CCAA proceedings.

6. The Initial Order has twice been amended and restated. The CCAA Court granted an Amended and Restated Initial Order (the "**ARIO**") on March 19, 2021, and the Second ARIO on May 26, 2021.

7. On April 2, 2021, the U.S. Bankruptcy Court granted a Final Recognition Order under Chapter 15 of the U.S. Bankruptcy Code (the "**Final Recognition Order**") which, among other things, granted the ARIO, including any and all existing and future extensions, amendments, restatements, and/or supplements authorized by the CCAA Court, full force and effect on a final basis with respect to the Just Energy Entities' property located within the United States.[3]

8. On September 15, 2021, the CCAA Court granted the Claims Procedure Order establishing a process to determine the nature, quantum, and validity of Claims against the Just Energy Entities and their respective Directors and Officers. The Claims Procedure Order established a Claims Bar Date of November 1, 2021. Since the Claims Bar Date, the Just Energy Entities have been working

[3] The Final Recognition Order also provided that, "All parties who believe they have a claim against any of the Debtors are obligated to file such claims in, and only in, the Canadian Proceeding."

in consultation with the Monitor to review, record, dispute and, where appropriate, finally determine the amount and characterization of Claims against the Just Energy Entities and their respective Directors and Officers.

9. On November 10, 2021, the CCAA Court granted an Order that, among other things, approved an amendment to the DIP Term Sheet to extend the maturity date thereunder from December 31, 2021 to September 30, 2022, and extended the Stay Period to February 17, 2022. In granting such relief, the CCAA Court recognized that:

> The company has been moving in good faith towards a plan, but the business is of such a complexity that it has taken longer than initially anticipated. This is not surprising. The company is subject to a myriad of regulatory regimes across the United States and Canada. It has complex commercial arrangements with suppliers and a number of secured and unsecured lenders, the integrity of which in turn depends on Just Energy's compliance with regulatory requirements.

10. On February 9, 2022, the CCAA Court heard a Motion for Advice and Directions filed by U.S. counsel to the proposed representative plaintiffs in *Trevor Jordet v. Just Energy Solutions, Inc.*, Case No. 2:18-cv-01496-MMB (PC-11175-1) and in *Fira Donin and Inna Golovan v. Just Energy Group Inc*. et al., Case No. 1:17-cv-05787-WFK-SJB (PC-11177-1) (together, the "**Putative Class Actions**"). At the conclusion of the February 9th hearing, the CCAA Court dismissed the Motion for Advice and Directions (the "**Putative Class Action Dismissal Order**"). A copy of the Putative Class Action Dismissal Order and the Honourable Justice McEwen's hand-written reasons, dated February 23, 2022, are attached hereto as **Exhibit "B"**.

11. On February 24, 2022, U.S. counsel to the proposed representative plaintiffs filed a Notice of Motion for Leave to Appeal the Putative Class Action Dismissal Order.

12. On March 3, 2022, the CCAA Court appointed the Honourable Justice Dennis O'Connor as Claims Officer (as defined in the Claims Procedure Order) for purposes of adjudicating the Putative Class Actions in accordance with the Claims Procedure Order.

13. On February 9, March 3, March 24, and April 21, 2022, the CCAA Court granted short extensions to the Stay Period until and including March 4, March 25, April 22, and May 26, 2022, respectively, to permit the Just Energy Entities to, among other things, work towards finalizing the Plan and filing a motion seeking the Authorization Order and the Meetings Order.

B. BACKGROUND TO THE PROPOSED RESTRUCTURING PLAN

14. Throughout the past months, the Just Energy Entities, with the assistance of their legal and financial advisors, and in consultation with the Monitor, have been working in earnest to advance their restructuring and continue their extensive engagement with their key stakeholders, including (i) the entities who are DIP Lenders and significant lenders under the First Amended and Restated Loan Agreement dated as of September 28, 2020 (as amended from time to time, the "**Term Loan Agreement**" and the lenders thereunder, the "**Term Loan Lenders**"), (ii) the lenders under the ninth amended and restated credit agreement with Just Energy Ontario L.P. and Just Energy U.S., dated as of September 28, 2020 (as amended from time to time, the "**Credit Agreement**" and the lenders thereunder, the "**Credit Facility Lenders**"), and (iii) Shell Energy North America (Canada) Inc., Shell Energy North America (US), L.P., and Shell Trading Risk Management, LLC (collectively, "**Shell**"), regarding a framework for the recapitalization and restructuring of the Just Energy Entities and their respective businesses. Such extensive and ongoing engagement has been productive and resulted in:

(a) the Just Energy Entities, the Plan Sponsor[4], CBHT Energy I LLC (in its capacity as assignee of all secured Pre-Filing Claims previously held by BP, "**CBHT**")[5], Shell, the Credit Facility Lenders (in their capacity as signatories to the Support Agreement, the "**Supporting Secured CF Lenders**"), and certain Term Loan Lenders (in their capacity as signatories to the Support Agreement, the "**Supporting Unsecured Creditors**") reaching consensus on the terms of a comprehensive recapitalization and restructuring transaction, and executing the Support Agreement in respect thereof;

(b) the Just Energy Entities and the Initial Backstop Parties executing the Backstop Commitment Letter;

(c) the Just Energy Entities and the New Credit Facility Lenders (as defined below) negotiating and finalizing a term sheet for the New Credit Facility (as defined below), and the Just Energy Entities, New Credit Facility Lenders, and applicable Commodity Suppliers negotiating and finalizing a term sheet for the New Intercreditor Agreement (as defined below); and

(d) the Just Energy Entities finalizing the Plan for which a Meetings Order is being sought.

[4] The Plan Sponsor is comprised of the same investment funds that are DIP Lenders and, together with an affiliated limited partner, the holders of substantially all of the Term Loan Claim (as defined below).

[5] CBHT is an affiliate of the DIP Lenders and is the holder and assignee of all secured Pre-Filing Claims previously held by BP Canada Energy Group ULC and BP Energy Company (together, "**BP**") (defined below as the "BP Commodity/ISO Services Claim").

15. The Support Agreement, the Backstop Commitment Letter, the Plan and other related agreements (discussed further below) are the result of extensive efforts by the Just Energy Entities to restructure for the benefit of their stakeholders. Those efforts commenced with the preparation and distribution of a business plan to the DIP Lenders, Shell, BP, and the Credit Facility Lenders on May 18, 2021 (the "**Business Plan**"). The detailed Business Plan accounted for changes caused by the Weather Event to the businesses of the Just Energy Entities and was intended to assist these key stakeholders in understanding, among other things, the operational projections, near and longer-term liquidity requirements, financial projections, and anticipated business operations of the Just Energy Entities during, and upon emergence from, the current CCAA and Chapter 15 proceedings. The Business Plan was created by the Just Energy Entities to facilitate the participation of key stakeholders in the development of a restructuring plan.

16. Since the Business Plan was circulated in May 2021, the Just Energy Entities have been working diligently to reach consensus with their key stakeholders regarding the terms and structure of a restructuring plan to facilitate the Just Energy Entities' emergence from the current CCAA and Chapter 15 proceedings in a manner that, among other things: (a) recapitalizes the Just Energy Entities and in so doing preserves the going concern value of the businesses for the benefit of all stakeholders; (b) maintains relations with Commodity Suppliers[6] to ensure uninterrupted supply of energy to the Just Energy Entities' customers; (c) preserves the ongoing employment of most of the Just Energy Entities' more than 1000 employees; (d) maintains critical regulatory and licensing relationships between the Just Energy Entities and its market regulators across Canada

[6] Any counterparty to a gas supply agreement, electricity supply agreement or other agreement with any of the Just Energy Entities for the physical or financial purchase, sale, trading or hedging of natural gas, electricity or environmental derivative products, or contracts entered into for protection against fluctuations in foreign currency exchange rates, which shall include any master power purchase and sale agreement, base contract for sale and purchase, ISDA master agreement or similar agreement (each, a "**Commodity Supplier**").

and the United States; and (e) sustains relationships with the hundreds of other vendors with whom the Just Energy Entities transact for goods and services, and other business-critical stakeholders.

17. The lengthy and determined efforts of the Just Energy Entities to develop restructuring terms which achieve the foregoing objectives were successful and resulted in the development of the Plan and the execution of the Support Agreement, Backstop Commitment Letter, and other transaction-related documents by the Just Energy Entities, the Plan Sponsor, and other key stakeholders in May 2022. The Plan is being presented on a consolidated basis on behalf of all the Just Energy Entities. As discussed further in my affidavit sworn March 9, 2021 in support of the Initial Order, the business and operations of the Just Energy Entities are heavily intertwined. The Credit Facility Claim, the BP Commodity/ISO Services Claim and the Commodity Supplier Claims are secured against the assets of all of the Just Energy Entities pursuant to the Intercreditor Agreement and various security agreements. In addition, all of the Just Energy Entities are either borrowers or guarantors of the Term Loan Claim.

18. The combined effect of the Plan and these arrangements will result in a recapitalization of the Just Energy Entities by the conversion of certain secured priority claims and certain unsecured claims to equity and the injection of new capital into the Just Energy Entities by means of the New Equity Offering (as defined below) and the New Credit Facility. Among other things, CBHT has agreed to convert its secured, priority claim of approximately US$229.5 million and C$0.2 million, plus all accrued and unpaid interest thereon through to the Effective Date, to preferred equity, the Plan Sponsor has agreed to backstop the US$192.55 million New Equity Offering, and the New Credit Facility Lenders have agreed to (i) advance the New Credit Facility, (ii) permit all issued but undrawn letters of credit under the current Credit Agreement to continue under the New Credit Facility or be replaced with new or replacement letters of credit issued under the New Credit

Facility, and (iii) permit up to $20 million of the current Credit Facility Claim (as defined below) to remain outstanding and be transferred as an initial outstanding principal amount to the New Credit Agreement. In addition, the New Credit Facility Lenders and Shell have agreed to the terms of the New Intercreditor Agreement, which permits for the addition of new commodity suppliers as parties thereto, thereby preserving and protecting the Just Energy Entities' ability to secure ongoing business-critical commodity supply. All of the foregoing is to the direct benefit of the Just Energy Entities and their stakeholders.

19. The recapitalization will be considered at the Creditors' Meetings and, if approved at such meetings by the Required Majorities, by the Court at the Plan Sanction Hearing. As discussed further below, the milestones provided under the Support Agreement and Meetings Order establish an approximately two-month period (defined below as the "Voting Period") for potentially interested parties to propose a superior alternative transaction for the Just Energy Entities to that provided in the Plan, Support Agreement and other transaction-related documents. The Just Energy Entities believe that the stability provided to the restructuring process by having a going concern Plan that will be considered by creditors and the CCAA Court, while also providing the flexibility for Alternative Restructuring Proposals (as defined below) to be presented and considered, is in the best interests of the Just Energy Entities and their stakeholders and will provide the best result possible in these CCAA proceedings.

20. A summary of the Support Agreement, Backstop Commitment Letter and other transaction-related documents, together with a description of the Plan, is provided below.

C. SUPPORT AGREEMENT

21. On May 12, 2022, the Just Energy Entities, the Plan Sponsor, CBHT, Shell, the Supporting Secured CF Lenders, and the Supporting Unsecured Creditors entered into the Support Agreement, subject to Court approval. As discussed above:

(a) the Plan Sponsor is comprised of the same investment funds that are DIP Lenders and, together with a related limited partner, the holders of substantially all of the Term Loan Claim (the "**Plan Sponsor**"). The Plan Sponsor also comprises all of the "Initial Backstop Parties" under the Backstop Commitment Letter (discussed further below);

(b) the Supporting Unsecured Creditors are the same entities that comprise the Plan Sponsor in their capacity as significant Term Loan Lenders;

(c) CBHT is an affiliate of the Plan Sponsor and the holder and assignee of all BP Commodity/ISO Services Claims;

(d) Shell is the largest commodity supplier to, and a significant secured creditor of, the Just Energy Entities; and

(e) the Supporting Secured CF Lenders are the Credit Facility Lenders.

22. Under the terms of the Support Agreement, the Just Energy Entities, the Plan Sponsor, CBHT, Shell, the Supporting Secured CF Lenders, and the Supporting Unsecured Creditors have agreed to cooperate with each other in good faith and use commercially reasonable efforts with respect to the pursuit, approval, implementation, and consummation of the transactions

contemplated by the Support Agreement, the Backstop Commitment Letter and the Plan (the "**Restructuring**") as well as the negotiation, drafting, execution, and delivery of the Definitive Documents (as defined in the Support Agreement) to implement the Restructuring. The parties to the Support Agreement account for more than $1 billion of the Just Energy Entities' secured and unsecured debt. A redacted copy of the Support Agreement is attached hereto as **Exhibit "C"**. The Support Agreement attaches a copy of the Restructuring Term Sheet outlining the terms of the proposed Restructuring as Exhibit C thereto.

23. Under the Support Agreement, and unless inconsistent with the Plan Sponsor's obligations or rights under the financing advanced pursuant to the DIP Term Sheet, the Plan Sponsor agreed and committed, among other things, to:

(a) support the Restructuring and vote and exercise any powers or rights available to it in favour of any matter requiring approval to the extent necessary to implement the Restructuring;

(b) use commercially reasonable efforts to cooperate with and assist the Just Energy Entities in obtaining additional support for the Restructuring from the Just Energy Entities' other stakeholders;

(c) act in good faith and take all actions that are reasonably necessary or appropriate, and all actions required by the CCAA Court and/or the U.S. Bankruptcy Court, to support and achieve sanctioning and consummation of the Plan and consummation of all transactions and implementation steps provided for or contemplated in the Restructuring;

(d) not object to, delay, impede, or take any other action to interfere with sanctioning, consummation, or implementation of the Plan or the transactions contemplated by the Restructuring, the Plan or the Support Agreement;

(e) not file any motion, pleading, or other document with the CCAA Court, the U.S. Bankruptcy Court or any other court that, in whole or in part, is not materially consistent with the Restructuring; and

(f) not exercise, or direct any other person to exercise, any right or remedy for the enforcement, collection, or recovery of any Claims against the Just Energy Entities.

24. Similar support and good faith commitments and agreements are provided by each of CBHT, Shell, the Supporting Secured CF Lenders and the Supporting Unsecured Creditors under the Support Agreement.

25. In turn, subject to the terms of the Support Agreement, the Just Energy Entities agreed and committed that they would, among other things:

(a) support and use commercially reasonable efforts to complete the Restructuring as set forth in the Plan and the Support Agreement, including making commercially reasonable efforts to complete the Restructuring in accordance with each Milestone (as defined below) provided in the Support Agreement;

(b) not file any motion, pleading, or Definitive Documents with the CCAA Court, the U.S. Bankruptcy Court, or any other court that, in whole or in part, is inconsistent with the Support Agreement or the Plan or undertake any action that is inconsistent

with, or is intended to frustrate or impede approval, implementation, and/or consummation of the Restructuring;

(c) take commercially reasonable efforts to ensure that all consents and approvals necessary for the implementation of the Restructuring have been obtained to the satisfaction of the Plan Sponsor, National Bank of Canada, as administrative agent under the Credit Agreement (the "**Credit Facility Agent**"), and the Just Energy Entities prior to the Effective Date (the day on which the conditions precedent to the implementation of the Plan are satisfied or otherwise waived in accordance with the Plan and the Monitor delivers the required certificates to the Just Energy Entities' counsel and the Plan Sponsor's counsel, the "**Effective Date**");

(d) pay the reasonable and documented fees and expenses of all parties to the Support Agreement incurred in connection with the Restructuring and in accordance with the arrangements in place as of the date of the Support Agreement, including as set forth in the DIP Term Sheet or, with respect to any additional fees and expenses, as otherwise agreed to by the Plan Sponsor;

(e) operate the business of the Just Energy Entities in the ordinary course in a manner that is consistent with the Support Agreement, and use commercially reasonable efforts to preserve intact the Just Energy Entities' business, organization and relationships with third parties and employees (including not disclaiming or terminating any employment or consulting agreement with an officer, director, or member of senior management other than "for cause" without the prior written consent of the Plan Sponsor); and

(f) keep the Plan Sponsor, the Supporting Secured CF Lenders, the Credit Facility Agent, and the Supporting Unsecured Creditors informed about the operations of the Just Energy Entities and provide each of the parties to the Support Agreement with any material information reasonably requested regarding the Just Energy Entities (in accordance with the terms therein, including on a confidential basis).

26. In addition, the Just Energy Entities agreed in the Support Agreement that they would not directly or indirectly, solicit, initiate, or knowingly take any actions to encourage the submission of any Alternative Restructuring Proposal[7]. Importantly, the foregoing commitment is expressly subject to two material caveats to provide the opportunity for interested parties that may wish to advance an Alternative Restructuring Proposal within the CCAA process to do so for the benefit of the Just Energy Entities' stakeholders.

27. First, the milestones set out in the Support Agreement incorporate a 62-day period between the milestone for mailing of the Meeting Materials to Creditors (June 1, 2022) and the deadline for the Creditors' Meetings (August 2, 2022) (the "**Voting Period**"). The Voting Period allows any interested parties that may wish to propose a restructuring transaction more favourable than the Plan or otherwise to submit a bid for all or some of the Just Energy Entities' property to complete due diligence and submit their proposal. While the Just Energy Entities are prohibited from

[7] Any inquiry, proposal, offer, expression of interest, bid, term sheet, discussion, or agreement with respect to a sale, disposition, new-money investment, restructuring, reorganization, merger, amalgamation, acquisition, consolidation, dissolution, debt investment, equity investment, liquidation, tender offer, recapitalization, plan of reorganization, share exchange, business combination, or similar transaction involving any one or more Just Energy Entity, one or more Just Energy Entity's material assets, or the debt, equity, or other interests in any one or more Just Energy Entity that is an alternative to or otherwise inconsistent with the Restructuring (each, an "**Alternative Restructuring Proposal**").

soliciting Alternative Restructuring Proposals under the Support Agreement, they are expressly permitted to:

(a) consider and respond to any Alternative Restructuring Proposals;

(b) provide any person with access to non-public information concerning the Just Energy Entities pursuant to a confidentiality or non-disclosure agreement or enter into confidentiality agreements or non-disclosure agreements with any person that has made an Alternative Restructuring Proposal;

(c) engage in, maintain, or continue discussions or negotiations with respect to Alternative Restructuring Proposals, including facilitating the due diligence process in connection with any Alternative Restructuring Proposal;

(d) cooperate with, assist, or participate in any unsolicited inquiries, proposals, discussions, or negotiation of Alternative Restructuring Proposals;

(e) enter into or continue discussions or negotiations with holders of Claims against, or interests in, a Just Energy Entity (including any party to the Support Agreement), any other party in interest in the CCAA or Chapter 15 proceedings, or any other entity regarding the Restructuring or an Alternative Restructuring Proposal; and

(f) enter into an agreement with respect to an Alternative Restructuring Proposal if, following receipt of legal and financial advice, and having regard to the approvals that would be required to implement such transaction, the board of directors of Just Energy (the "**Just Energy Board**") determines that the terms of such Alternative Restructuring Proposal are more favourable to the Just Energy Entities and their

stakeholders than the Restructuring (a "**Superior Proposal**"). A further description of the Support Agreement can be found in the Information Statement at pages 31-34 (a copy of which is attached as Exhibit "BB" hereto).

28. Second, the Support Agreement includes a "fiduciary out" provision which permits the Just Energy Board to terminate the Support Agreement (subject to the Termination Fee discussed below) if it determines, following receipt of advice from outside legal counsel and financial advisors, (a) that proceeding with the Restructuring would be inconsistent with the exercise of its fiduciary duties or applicable law or (b) in the exercise of its fiduciary duties, to pursue a Superior Proposal. Importantly, the "fiduciary out" does not terminate on expiration of the Voting Period, but continues until termination of the Support Agreement or sanction of the Plan.

29. When taken together, the Voting Period, coupled with the "fiduciary out" provided in the Support Agreement, ensures not only that interested parties have an opportunity to complete due diligence and make an Alternative Restructuring Proposal to the Just Energy Entities should they wish to do so, but also that the Just Energy Entities have the ability to respond to any due diligence requests, cooperate with and assist interested parties in their consideration and formulation of an Alternative Restructuring Proposal, negotiate any Alternative Restructuring Proposals received and, if determined to be a Superior Proposal to the current Restructuring, enter into a binding agreement with respect to same.

30. These provisions ensure that the ongoing restructuring process being undertaken by the Just Energy Entities is fair and transparent, provides the opportunity for interested parties to advance an Alternative Restructuring Proposal, and ensures the achievement of the best transaction possible in the circumstances for the Just Energy Entities and their respective businesses for the

benefit of all stakeholders. BMO Nesbitt Burns Inc., as financial advisor to the Just Energy Entities in these CCAA proceedings (the "**Financial Advisor**"), has confirmed that in its experience, and based on its knowledge of the business, the 62-day Voting Period provided under the Support Agreement is sufficient for interested parties to complete the necessary due diligence and submit an Alternative Restructuring Proposal.

31. During the CCAA proceedings, the Just Energy Entities and the Financial Advisor were proactively approached on a confidential basis by third parties with respect to potential acquisition opportunities for all or some of the Just Energy Entities' business. The Just Energy Entities entered into non-disclosure agreements with three of the third parties, following which the Just Energy Entities proceeded to facilitate due diligence by the third parties, including multiple rounds of non-public information disclosure, and discussions with the Just Energy Entities' finance, operations, tax, risk management and other groups. While the Just Energy Entities engaged in extensive discussions with two of the three third parties, these discussions did not result in any opportunities that were superior to the Restructuring, taking into account the regulatory conditions and other risks associated with the opportunities. As a result, the Just Energy Entities entered into the Support Agreement and related documents.

32. In addition, as set out in the documents publicly disclosed by Just Energy in connection with the Plan of Arrangement (defined below), in 2019 and 2020, the Just Energy Entities undertook a formal review process to evaluate strategic alternatives for the business with a view to the best interests of the Just Energy Entities and all their stakeholders (the "**Strategic Review**"). The Strategic Review was announced by Just Energy on June 6, 2019, following the receipt of expressions of interest from a number of parties concerning potential transactions involving Just Energy. The Just Energy Board appointed a Special Committee comprised of independent directors

(the "**Special Committee**") to oversee the Strategic Review with the assistance of Guggenheim Partners, LLC and National Bank Financial Inc. (collectively, the "**Sale Advisors**").

33. With the assistance of the Sale Advisors, Just Energy undertook an extensive sale process to identify a potential transaction for its business. During this process, Just Energy solicited a range of potential acquirors, set up a data room with due diligence materials, provided access to the data room to parties that signed non-disclosure agreements ("**NDAs**"), and engaged in discussions with various parties. The Sale Advisors contacted 19 potential bidders, which included both publicly traded strategic generation and retail businesses, as well as private equity companies with experience in these sectors. Just Energy entered into NDAs with 15 different parties.

34. Notwithstanding the receipt of various non-binding offers during phase I of the sale process, no binding bids were submitted before the phase II bid deadline and, as a result, the sale process did not result in any executable transactions.

35. Following the conclusion of the sale process in August 2019, Just Energy continued engaging with parties that had expressed interest during the sale process regarding a potential acquisition transaction. Such discussions continued between September 2019 and April 2020, and again in June 2020 when an additional non-binding proposal was received. Ultimately, Just Energy concluded that the proposals did not offer sufficient returns for stakeholders to be viable or acceptable and, on September 28, 2020, Just Energy instead completed a balance sheet recapitalization transaction through a plan of arrangement under section 192 of the *Canada Business Corporations Act* (the "**Plan of Arrangement**").

36. As a result, over the past approximately 2.5 years, the business of the Just Energy Entities has been marketed broadly and extensively. While certain interest has been expressed by third

parties in a potential acquisition transaction both within, and prior to commencement of, the CCAA proceedings, no binding or executable offers have been received, nor have any discussions to date identified any proposals which are superior to the Plan, taking into account the current circumstances and regulatory requirements. Importantly, the pool of likely potential purchasers for the Just Energy Entities is limited in light of the capital-intensive and highly specialized nature of the Just Energy Entities' business.

37. Notwithstanding the foregoing, the Just Energy Entities believed it was appropriate that a final opportunity for interested parties to present any Alternative Restructuring Proposals be preserved within the construct of the Support Agreement and the Plan. As a result, the "fiduciary out" provision and the Voting Period were negotiated to be included in the Support Agreement.

38. In addition to the milestones establishing the 62-day Voting Period between mailing of the Meeting Materials to Creditors (June 1, 2022) and the deadline for the Creditors' Meetings (August 2, 2022), the Support Agreement establishes the following milestones for the remainder of the CCAA and Chapter 15 proceedings (as may be extended in accordance with the Support Agreement, the "**Milestones**"):

Milestone	**Date**
Authorization Order and Meetings Order granted	May 26, 2022
Solicitation Materials mailed with respect to the Creditors' Meetings	June 1, 2022
Order(s) of the U.S. Bankruptcy Court granted recognizing the Authorization Order (the "**Authorization Recognition Order**"), the Meetings Order (the "**Meetings Recognition Order**") and the Claims Procedure Order ("**Claims Procedure Recognition Order**")	June 22, 2022
Creditors' Meetings held	August 2, 2022
Sanction Order granted	August 12, 2022

Milestone	Date
Motion filed for an Order of the U.S. Bankruptcy Court recognizing and enforcing the Sanction Order ("**Recognition and Enforcement Motion**")	~ August 16, 2022 (2 business days after Sanction Order)
Hearing set before the U.S. Bankruptcy Court on the Recognition and Enforcement Motion	no later than September 9, 2022
Recognition and Enforcement Motion granted by the U.S. Bankruptcy Court recognizing and enforcing the Sanction Order (the "**Sanction Recognition Order**")	September 15, 2022
Outside date for the Effective Date of the Plan to occur, unless extended by the Plan Sponsor (or, if the only outstanding condition is receipt of regulatory approval(s), as automatically extended by an additional 60 days) (the "**Outside Date**")	September 30, 2022

39. The previous milestones under the DIP Term Sheet have been amended by the DIP Lenders and the Just Energy Entities to align with the aforementioned Milestones under the Support Agreement.

40. The Support Agreement may be terminated by the Plan Sponsor, the Just Energy Entities, or any of the parties thereto upon the occurrence of certain specified events unless waived or cured by the applicable party in accordance with the terms of the Support Agreement. In the case of the Plan Sponsor, such termination events include: (a) any failure by the Just Energy Entities to meet any of the Milestones, unless such failure is the result of any act, omission, or delay on the part of the Plan Sponsor; and (b) any determination by the Just Energy Entities to proceed with, and accept, a definitive Alternative Restructuring Proposal or a definitive Superior Proposal in accordance with the Support Agreement. In the case of Shell and the Supporting Secured CF Lenders, such termination events include if the Effective Date of the Plan has not occurred by:

(a) November 15, 2022 with respect to the Supporting Secured CF Lenders, provided that if the Effective Date of Plan has not occurred by November 15, 2022, solely as a result of all required Transaction Regulatory Approvals not having been obtained,

then the date will automatically be extended until December 31, 2022 upon written notice from the Just Energy Entities or the Plan Sponsor that there is a reasonable expectation that the condition will be satisfied by December 31, 2022; and

(b) January 31, 2023 with respect to Shell, unless further extended in accordance with the Support Agreement.

41. In addition, neither Shell nor the Supporting Secured CF Lenders have any obligations under the Support Agreement unless the Authorization Order is granted by the CCAA Court on or before May 26, 2022 (unless such date is extended in accordance with the Support Agreement).

42. The Just Energy Entities seek approval of the Support Agreement and authorization to perform their obligations thereunder. In the Just Energy Entities' view, the Support Agreement represents an important achievement in launching the next stage of their going concern Restructuring, and appropriately balances advancement of the Plan while maintaining both a process for the Just Energy Entities to respond to and negotiate an Alternative Restructuring Proposal, and the ability of the Just Energy Entities to accept a Superior Proposal.

43. Since the commencement of the CCAA proceedings, the Just Energy Board has been kept apprised of the status of restructuring efforts, discussions with interested parties and, more recently, negotiation of the Support Agreement, the Plan, and related documents. The Just Energy Board has met to receive financial and legal advice regarding the Restructuring, and to review and evaluate the terms of the Support Agreement (including all attachments thereto), the Backstop Commitment Letter and the Plan. The Just Energy Board approved of the Just Energy Entities seeking the approval of the CCAA Court to file the Plan and to pursue solicitation and approval thereof. The Just Energy Board also approved of the Just Energy Entities entering into the Support

Agreement, the Backstop Commitment Letter and related documents and, subject to approval of the CCAA Court, performing their obligations thereunder.

44. An unredacted copy of the Support Agreement is attached as **Confidential Exhibit "D"** hereto. The Support Agreement contains confidential, commercially sensitive information relating to the Plan Sponsor's contact information and the holding percentages of the Plan Sponsor in the Term Loan Claim and the DIP Lenders' Claim which the Support Agreement requires be kept confidential and not publicly disclosed. The Just Energy Entities therefore seek an order that Confidential Exhibit D be sealed and not form part of the court record pending further order of the Court.

D. BACKSTOP COMMITMENT LETTER

45. The Support Agreement attaches the Backstop Commitment Letter as Exhibit D thereto. A redacted copy of the Backstop Commitment Letter is attached as **Exhibit "E"** hereto. Any termination of the Backstop Commitment Letter also constitutes a termination event under the Support Agreement entitling each of the Plan Sponsor, the Just Energy Entities, Shell, and the Supporting Secured CF Lenders to terminate the Support Agreement upon the provision of written notice to the others.

46. The purpose of the Backstop Commitment Letter is to ensure that the Just Energy Entities are able to secure the necessary funds required to implement the Plan, subject to various assumptions and forecasted financial projections leading up to the Effective Date (as discussed further below). Participation in the Backstop Commitment Letter is open to all holders of the Term Loan Claim as of 5:00 p.m. (Toronto time) on May 11, 2022 (the "**Term Loan Record Date**"). The same four funds which comprise the DIP Lenders and, together with the related limited

partner, the Plan Sponsor and significant Term Loan Lenders (collectively, the "**Initial Backstop Parties**")[8] and Just Energy U.S. are party to the Backstop Commitment Letter. In addition, the Backstop Commitment Letter permits:

(a) each holder of the Term Loan Claim as of the Term Loan Record Date (that is not an Initial Backstop Party) to become party to the Backstop Commitment Letter, subject to compliance with all applicable securities laws, delivery of the required joinder agreement and participation form within fifteen (15) Business Days of the date of a notice from Just Energy U.S., and funding of all required commitments (each such holder of the Term Loan Claim that meets applicable securities law requirements, executes and delivers the joinder agreement and funds the required amounts, an "**Additional Backstop Party**"); and

(b) each Initial Backstop Party and Additional Backstop Party may designate one or more of its Affiliates to (i) perform its obligations or assign its rights and obligations under the Backstop Commitment Letter and/or (ii) receive some or all of the New Common Shares it is entitled to receive pursuant to the Plan and Backstop Commitment Letter, upon the execution by such affiliate of a joinder agreement in accordance with the Backstop Commitment Letter and compliance with all applicable securities laws (each such Affiliate that executes and delivers a joinder agreement and meets applicable securities law requirements, an "**Assignee**

[8] The "Initial Backstop Parties" are LVS III SPE XV LP, TOCU XVII LLC, HVS XVI LLC, OC II LVS XIV LP and OC III LFE I LP.

Backstop Party", and together with the Initial Backstop Parties and the Additional Backstop Parties, the "**Backstop Parties**").[9]

47. Under the Plan, the Just Energy Entities will be reorganized such that upon implementation of the Plan, Just Energy U.S., or such other corporation or limited or unlimited liability company organized in the United States as determined by the Just Energy Entities and the Plan Sponsor (the "**New Just Energy Parent**"), will be the ultimate parent of the Just Energy Entities. On the Effective Date of the Plan, the New Just Energy Parent will complete an equity offering pursuant to which 80% of the newly issued common shares of the New Just Energy Parent (the "**New Common Shares**") will be issued in exchange for a new money investment of US$192.55 million (the "**New Equity Offering**"), subject to dilution by the equity issued or issuable pursuant to the Management Incentive Plan ("**MIP**"), discussed further below.

48. The New Equity Offering is open for participation to each person that as of the Term Loan Record Date is (a) a Beneficial Term Loan Claim Holder, or permitted designee thereof, and (b) a Backstop Party, which in each case is permitted to participate under applicable securities laws (each a "**New Equity Offering Eligible Participant**").

49. Pursuant to the Backstop Commitment Letter, each Backstop Party has agreed to subscribe for and receive: (a) its pro rata share of the New Equity Offering available to it pursuant to the Plan; (b) its pro rata share of any unsubscribed New Common Shares issued under the New Equity Offering, if any, and (c) its pro rata share of any New Common Shares for which a New Equity Offering Eligible Participant subscribes but otherwise fails to fulfill its subscription obligations by

[9] Each of the Initial Backstop Parties or Additional Backstop Parties that assigns its rights and obligations under the Backstop Commitment Letter to an Assignee Backstop Party remains jointly and severally liable with the Assignee Backstop Party for performing their obligations thereunder.

the New Equity Participation Deadline (5:00 p.m. (Toronto time) on August 23, 2022 or such other date agreed to by the Just Energy Entities and the Plan Sponsor, each acting reasonably).

50. The Backstop Commitment Letter ensures that the whole New Equity Offering proposed by the New Just Energy Parent will be taken up in full and funded either by the New Equity Offering Eligible Participants, or by the Backstop Parties, or some combination thereof, thereby ensuring that the Just Energy Entities raise the necessary funds to pay all required amounts under the Plan (subject to various assumptions and forecasted financial projections leading up to the Effective Date, as discussed further below).

51. The commitments of the Backstop Parties under the Backstop Commitment Letter terminate on the earlier of: (a) the Effective Date of the Plan; (b) the termination of the Backstop Commitment Letter by Just Energy U.S. and/or the Backstop Parties in accordance with the terms thereof; or (c) the Outside Date.

52. In consideration of the Initial Backstop Parties executing and delivering the Backstop Commitment Letter, Just Energy U.S. agreed that:

(a) the New Just Energy Parent will issue and deliver to the Backstop Parties, in the aggregate, New Common Shares representing 10% of the outstanding New Common Shares on the Effective Date, subject to dilution by the equity issued or issuable pursuant to the MIP (the "**Backstop Commitment Fee Shares**") pursuant to the Backstop Commitment Letter and the Plan; and

(b) a Just Energy Entity organized in the United States (which may be Just Energy U.S.) will pay to the Initial Backstop Parties and the Additional Backstop Parties

> (if any), in the aggregate, a cash fee in an amount equal to US$15 million (the "**Termination Fee**") if (and only if): (i) the Just Energy Entities terminate the Support Agreement on the basis that the Restructuring would be inconsistent with the exercise of the Just Energy Board's fiduciary duties or applicable law or to pursue a Superior Proposal, or (ii) the Plan Sponsor terminates the Support Agreement based on the Just Energy Board making the determination to proceed with, and accept, a definitive Alternative Restructuring Proposal or a definitive Superior Proposal. The Termination Fee is payable concurrently with the consummation of an Alternative Restructuring Proposal and is deemed automatically waived by the Initial Backstop Parties and the Additional Backstop Parties upon the consummation of the transactions contemplated by the Backstop Commitment Letter or if the Support Agreement is terminated for any other reason.

53. The quantum of the Termination Fee was derived taking into account (i) the aggregate subscription amount for the New Common Shares to be issued by the New Just Energy Parent under the New Equity Offering (US$192.55 million), plus (ii) the New Preferred Shares being issued to CBHT (defined in the Plan as the "BP Commodity/ISO Services Claimholder"), in its capacity as assignee of all secured Pre-Filing Claims previously held by BP (the "**BP Commodity/ISO Services Claim**"), under the Plan (such shares being issued in full satisfaction of a secured claim in the amount of US$229.5 million and C$0.2 million, plus all accrued and unpaid interest thereon through the Effective Date). The New Equity Offering represents additional liquidity being made available to the Just Energy Entities, while the New Preferred Shares being issued to CBHT represent the conversion of the BP Commodity/ISO Services Claim to preferred equity which would otherwise be payable in cash were it not for the terms of the Restructuring.

Both comprise the new value contribution by the Plan Sponsor and CBHT to the Restructuring under the Support Agreement and Plan.

54. Accordingly, in the event the Support Agreement is terminated based on one of the enumerated grounds triggering entitlement to payment of the Termination Fee, the Termination Fee can be analyzed as a percentage of the foregoing value contributions. The US$15 million Termination Fee equates to 3.4%[10] of the additional value contribution of the Plan Sponsor and CBHT.

55. The Termination Fee is proposed to be secured in favour of the Initial Backstop Parties by a Court-ordered charge (the "**Termination Fee Charge**") on all of the Property (as defined in the Second ARIO) of the Just Energy Entities. The Termination Fee Charge will have priority over all other security interests, charges, and liens, but will rank subordinate to all other Charges granted to date within the CCAA proceedings.

56. An unredacted copy of the Backstop Commitment Letter is attached as **Confidential Exhibit "F"** hereto. The Backstop Commitment Letter contains confidential, commercially sensitive information relating to the ownership percentages of, and contact information for, the various entities comprising the Plan Sponsor that the Support Agreement requires be kept confidential and not publicly disclosed. The Just Energy Entities therefore seek an order that Confidential Exhibit F be sealed and not form part of the court record pending further order of the Court.

[10] US$15 million Termination Fee / (US$192.55 million (New Equity Offering) + C$315.7 million (the BP Commodity/ISO Services Claim including all accrued and unpaid interest to September 30, 2022, converted at a rate of C$1.27 per US$1.00) = 3.4%.

E. THE CCAA PLAN

(a) OVERVIEW OF THE PLAN

57. The Just Energy Entities seek authority to file the Plan and call, hold and conduct the Creditors' Meetings to allow Affected Creditors to consider and vote on resolutions to approve the Plan. A copy of the Plan is attached as **Exhibit "A"** hereto. A copy of the Press Release issued by the Just Energy Entities announcing the proposed Plan and their execution of the Support Agreement and Backstop Commitment Letter is attached as **Exhibit "G"** hereto.

58. The Plan includes the following elements:

(a) the operations of the Just Energy Entities are intended to continue in the normal course without disruption following implementation of the Plan;

(b) the Just Energy Entities will be reorganized such that upon implementation of the Plan, the New Just Energy Parent will be the ultimate parent of the Just Energy Entities;

(c) the New Just Energy Parent will be the issuer of the New Preferred Shares (as defined below) and the New Common Shares to be issued pursuant to the Plan;

(d) on the Effective Date, the New Just Energy Parent will complete the New Equity Offering in the aggregate amount of US$192.55 million, which will be backstopped by the Backstop Parties in accordance with the Backstop Commitment Letter and the Plan. Participation in the New Equity Offering will be open to all New Equity Offering Eligible Participants;

(e) on the Effective Date, Just Energy U.S. and Just Energy Ontario L.P. will enter into an amended and restated credit agreement (the "**New Credit Agreement**") with the Credit Facility Lenders (the "**New Credit Facility Lenders**") pursuant to which a first lien revolving credit facility in the amount of $250 million will be made available to the Just Energy Entities and (i) the principal amount of up to $20 million of the Credit Facility Claim (the "**Credit Facility Remaining Debt**"), if any, will remain outstanding as an initial outstanding principal amount under the New Credit Agreement, and (ii) the letters of credit issued by the Credit Facility Lenders but which remain undrawn under the current Credit Agreement will continue under the New Credit Facility or be replaced with new or replacement letters of credit issued under the New Credit Facility (the "**New Credit Facility**");

(f) a new Intercreditor Agreement (which may be an amendment and restatement of the current Intercreditor Agreement) (the "**New Intercreditor Agreement**") will be executed by the Just Energy Entities, the New Credit Facility Lenders (or the Credit Facility Agent on their behalf), Shell and the applicable Commodity Suppliers;

(g) on the Effective Date:

(i) the DIP Lenders will receive an amount equal to the DIP Lenders' Claim in cash in full and final satisfaction of the DIP Lenders' Claim; and

(ii) CBHT (as the BP Commodity/ISO Services Claimholder) will receive 100% of the New Preferred Shares of New Just Energy Parent in full satisfaction of the BP Commodity/ISO Services Claim;

(h) on or prior to the Effective Date, the Just Energy Entities will deliver or cause to be delivered to the Monitor the aggregate amount of: (i) $1.9 million (the "**Administrative Expense Reserve**"); and (ii) $10 million (the "**General Unsecured Creditor Cash Pool**", and together with the Administrative Expense Reserve, the "**Plan Implementation Fund**");

(i) two Classes of Creditors will be established for purposes of voting on and receiving distributions (or other treatment) under the Plan: (i) the Secured Creditor Class, consisting of the Credit Facility Lenders in respect of all amounts owing under the current Credit Agreement as of the Effective Date, excluding any Cash Management Obligations (as defined in the Second ARIO), Commodity Supplier Claim, or any letters of credit issued but undrawn under the Credit Agreement (the "**Credit Facility Claim**"); and (ii) the Unsecured Creditor Class, consisting of holders of the Term Loan Claim, General Unsecured Creditor Claims, the Subordinated Note Claim and Convenience Claims (all as defined below);

(j) on the Effective Date, in full satisfaction of the Credit Facility Claim: (i) the Just Energy Entities will pay, or cause to be paid, to the Credit Facility Agent an amount equal to the Credit Facility Claim in full in cash, less the Credit Facility Remaining Debt, if any, which will remain outstanding; and (ii) the New Credit Agreement (and New Credit Facility Documents) will become effective;

(k) within the Unsecured Creditor Class:

(i) on the Effective Date, in full satisfaction of its Term Loan Claim, each Beneficial Term Loan Claim Holder will receive its pro rata share of 10%

of the total New Common Shares of the New Just Energy Parent, subject to dilution by the equity issued or issuable pursuant to the MIP, and each Beneficial Term Loan Claim Holder that qualifies as a New Equity Offering Eligible Participant will be entitled to participate in the New Equity Offering;

(ii) from and after the Effective Date, the Monitor will pay from the General Unsecured Creditor Cash Pool:

(A) each Convenience Claim (as defined below);

(B) the reasonable and documented fees and disbursements (plus any applicable taxes thereon) incurred by the Just Energy Entities' legal, financial, or other advisors, the Monitor and its legal counsel, or any other Person retained by the Just Energy Entities or the Monitor, in connection with post-Effective Date matters (other than the Monitor Administration Expenses (as defined below)) relating to the Plan and the CCAA proceedings, including in connection with the implementation of the Plan, the administration of the Plan Implementation Fund, the continued administration of the claims process provided for in the Claims Procedure Order (the "**Claims Process**") and the resolution of Disputed Claims thereunder, and the termination of the CCAA proceeding and the Chapter 15 proceeding following the Effective Date; and

(C) after deduction of the foregoing amounts, each General Unsecured Creditor with an Accepted Claim, its pro rata share of the remaining portion of the General Unsecured Creditor Cash Pool (subject to the terms of the Trust Indenture between Just Energy and Computershare Trust Company of Canada, dated as of September 28, 2020 (the "**Subordinated Note Indenture**"), a copy of which is attached hereto as **Exhibit "H"**), and the "turnover" provisions set forth in the Subordinated Note indenture and in the Plan and described further below.

(l) the following claims, among others, are Unaffected Claims under the Plan:

(i) claims secured by a CCAA Charge;

(ii) all Pre-Filing Claims of Commodity Suppliers that are party to the Intercreditor Agreement (determined as of the Effective Date) in respect of a Commodity Agreement, plus any interest thereon to the Effective Date, after provision for any resettlements that are known by the Just Energy Entities as of the Effective Date, but excluding any BP Commodity/ISO Services Claim (the "**Commodity Supplier Claims**"); and

(iii) any Claims for sales, use, or other Taxes by a U.S. Taxing Authority which could result in a responsible person associated with a Just Energy Entity being held personally liable for any non-payment (each, a "**Responsible Person Claim**");

(m) holders of Accepted Claims that are less than $10 (each, a "**De Minimis Claim**") will not receive any distributions under the Plan on account of their De Minimis Claims, which De Minimis Claims will be fully and finally cancelled and discharged; and

(n) holders of Equity Claims will not receive any distribution under the Plan on account of their Existing Equity or Equity Claims, which will be transferred to the New Just Energy Parent or cancelled and extinguished as of the Effective Date without return of capital or other payment.

59. A summary of stakeholder treatment under the Plan (which is discussed further below) is as follows:

Stakeholder	**Plan Treatment**
DIP Lenders' Claim	Repaid in full in cash (US$125 million plus accrued and outstanding fees, costs and interest through Effective Date)
Commodity Supplier Claims	Repaid in full in cash (including all accrued and unpaid interest up to the Effective Date)
BP Commodity/ISO Services Claim	Issued 100% of the New Preferred Shares of the New Just Energy Parent in exchange for secured claim in the amount of approximately US$229.5 million and C$0.2 million, plus all accrued and unpaid interest thereon through the Effective Date
Credit Facility Claim	Funded debt in the estimated amount of US$43.3 million and C$96.4 million, plus accrued default interest through the Effective Date, less the Credit Facility Remaining Debt (if any), repaid in full in cash Letters of credit which are issued but undrawn at the Effective Date rolled into the New Credit Agreement
Term Loan Claim	Receive pro rata share of 10% of the New Common Shares of the New Just Energy Parent and the ability to participate in the New Equity Offering in satisfaction of the Term Loan Claim in the principal amount of US$208.6 million plus all accrued and outstanding pre-filing fees, costs, interest, or other amounts owing pursuant to the Term Loan Agreement (and, with respect

Stakeholder	Plan Treatment
	to Non-Participating Term Loan Claim Holders, their pro rata share of the Turnover Amounts)
General Unsecured Creditor Claim	Receive pro rata share of the General Unsecured Creditor Cash Pool, less payments made to Convenience Creditors and permitted professional fees for post-Effective Date services relating to the Plan and the CCAA proceedings
Convenience Claims	Paid in full up to the maximum amount of $1,500
Subordinated Note Claim	Notionally receive pro rata share of the General Unsecured Creditor Cash Pool, subject to turnover requirements in Subordinated Note Indenture and the Plan
De Minimis Claims	No recovery
Equity Claims	No recovery

60. The Plan is the result of extensive negotiations and consultation with the Just Energy Entities' key stakeholders over a more than 11-month period (since circulation of the Business Plan in May 2021). Absent receipt of a Superior Proposal during the Voting Period, the Plan provides the best available result for the Just Energy Entities' stakeholders in all of the circumstances and is better than the alternatives available to the Just Energy Entities, including a forced liquidation of their assets.

61. If approved by the Just Energy Entities' Affected Creditors and the CCAA Court (and if recognized and given effect by the U.S. Bankruptcy Court), the Plan will permit the Just Energy Entities to exit these CCAA and Chapter 15 proceedings with a significantly deleveraged balance sheet by eliminating the Just Energy Entities' funded debt and providing a minimum $75 million of liquidity through the New Equity Offering and the New Credit Facility.

62. Importantly, the Plan is based on various assumptions and projections regarding, among other things, the financial performance of the Just Energy Entities over the coming months, forecasted commodity prices for natural gas and electricity, and minimum liquidity requirements

for operation of the business and implementation of the Plan. As a result, various inputs will impact the Just Energy Entities' cash position as at the Effective Date which, in turn, may impact the Just Energy Entities' ability to complete all transactions under the Plan if inputs deviate materially from those forecasted. The Plan incorporates some margin for deviations in the Just Energy Entities' financial projections between now and the Effective Date. Any significant differences between the assumptions and forecasts underlying the economics of the Plan and actual financial results may pose a risk to the Just Energy Entities' abilities to close the transaction detailed in the Plan. There is a risk that more capital may be required in order for the Just Energy Entities to be able to implement the Plan. The Just Energy Entities have no certainty that such capital will be available, the terms on which it may be provided, or the impact it will have on other stakeholders.

63. The Plan is supported by a number of the Just Energy Entities' key stakeholders including, importantly, the DIP Lenders, the Credit Facility Lenders, Shell, CBHT, and significant holders of the Term Loan Claim.

64. The US$125 million advanced by the DIP Lenders, as approved by the Initial Order, permitted the Just Energy Entities to continue as going concerns and to meet their obligations to the Electric Reliability Council of Texas, Inc. ("**ERCOT**") arising from the Weather Event (which obligations precipitated the CCAA and Chapter 15 filings), avoid suspension of the Just Energy Entities' market participation rights in Texas and the likely transfer of their customers to another retail energy provider called a "Provider of Last Resort", and therefore preserve the going concern value of their businesses for the benefit of all stakeholders. In addition, a potential litigation of an intercreditor dispute among the Just Energy Entities' lenders and certain of its significant secured creditors arose during the early stages of these CCAA proceedings. That litigation had the potential to significantly affect the Just Energy Entities' restructuring efforts. Subsequently, CBHT acquired

the BP Commodity/ISO Services Claim (approximately US$229.5 million and C$0.2 million) which effectively resolved the need to litigate the dispute, which litigation was suspended pending further developments in the CCAA proceedings. The Plan Sponsor/DIP Lenders (in its various capacities) have supported the Just Energy Entities throughout these CCAA and Chapter 15 proceedings. They support the Plan and have executed the Support Agreement.

65. In addition to the Plan Sponsor/DIP Lenders, the Plan is supported by the Credit Facility Lenders and Shell, all of whom have executed the Support Agreement. In accordance with the Plan, the Credit Facility Lenders have agreed to advance the New Credit Facility to the Just Energy Entities (subject to the completion of definitive documentation and applicable conditions), and have agreed both to continue to provide necessary letters of credit to allow the Just Energy Entities to continue to operate in their highly regulated industry, and to permit up to $20 million of the current Credit Facility Claim to remain outstanding as initial principal under the New Credit Agreement. Shell has agreed, among other things, to continue to provide commodity supply in accordance with existing agreements between Shell and the Just Energy Entities (as may be amended, restated, supplemented and/or replaced) and to enter into the New Intercreditor Agreement.

66. Both Shell and the Credit Facility Lenders have supported the Just Energy Entities throughout these CCAA and Chapter 15 proceedings. Shell executed a Qualified Support Agreement immediately prior to the Filing Date (which agreement was approved and ratified by the CCAA Court in the Initial Order) agreeing to continue providing the Just Energy Entities with business-critical commodity supply that had been contracted prior to the CCAA proceedings, notwithstanding the CCAA and Chapter 15 proceedings. The Credit Facility Lenders signed an Accommodation and Lender Support Agreement on March 18, 2021 (which agreement was

approved and ratified by the CCAA Court in the ARIO, the "**Lender Support Agreement**") agreeing to continue issuing LCs on behalf of the Just Energy Entities and providing Cash Management Arrangements (as defined in the Lender Support Agreement) to the Just Energy Entities (subject to the terms and conditions provided therein), notwithstanding the CCAA and Chapter 15 proceedings. Both support the Plan.

67. I understand that the Monitor is supportive of both the Plan and the process proposed by the Just Energy Entities to establish the Voting Period prior to the Creditors' Meetings to allow interested parties to propose Alternative Restructuring Proposals.

68. A more detailed summary of the Plan is provided below.

(b) CLASSIFICATION AND TREATMENT OF CREDITORS

(i) *Affected Creditors*

69. For purposes of considering and voting on the Plan and receiving a distribution thereunder, where applicable, the Affected Creditors are grouped into two classes: (a) the Secured Creditor Class; and (b) the Unsecured Creditor Class.

70. The Secured Creditor Class is comprised of the holders of the Credit Facility Claim. On the Effective Date, the Credit Facility Claim will be paid in full in cash (estimated to be US$43.3 million and C$96.4 million, plus accrued default and unpaid interest through the Effective Date), less the Credit Facility Remaining Debt (up to $20 million), if any. In addition, on the Effective Date, the New Credit Agreement (and New Credit Facility Documents) will become effective and the Credit Facility Remaining Debt will remain outstanding as an initial outstanding principal amount under the New Credit Agreement. All letters of credit issued by the Credit Facility Lenders

but which remain undrawn under the current Credit Agreement will continue under the New Credit Facility or be replaced with new or replacement letters of credit issued under the New Credit Facility.

71. The Unsecured Creditor Class is comprised of the following:

(a) *Term Loan Claim*: the aggregate principal amount of US$208.6 million owing by the Just Energy Entities under the Term Loan Agreement plus all accrued and outstanding pre-filing fees, costs, interest, or other amounts owing pursuant to the Term Loan Agreement, as determined in accordance with the Claims Procedure Order (the "**Term Loan Claim**" and each registered holder thereof, a "**Term Loan Claim Holder**", and each beneficial holder thereof, a "**Beneficial Term Loan Claim Holder**");

(b) *General Unsecured Creditor Claims*: all Affected Claims, as determined in accordance with the Claims Procedure Order, which are not a Term Loan Claim, an Equity Claim, a Credit Facility Claim or a BP Commodity/ISO Services Claim, and which include the Subordinated Note Claim and Convenience Claims (collectively, "**General Unsecured Creditor Claims**" and each holder thereof, a "**General Unsecured Creditor**"). Included within the group of potential General Unsecured Creditor Claims are:

(i) Claims asserted in one certified and two uncertified class actions in respect of which Proofs of Claim were filed in accordance with the Claims Procedure Order, the details of which are as follows:

(A) *Haidar Omarali v. Just Energy Group Inc. et al*., Ontario Superior Court of Justice Court File No. CV-15-527493-00CP, a certified class action proceeding filed in Ontario against Just Energy, Just Energy Corp., and Just Energy Ontario L.P. alleging that the class members were improperly classified as independent contractors instead of employees by the applicable Just Energy Entities. The representative plaintiff filed a Proof of Claim in respect of this litigation in the Claims Process in the amount of $105.9 million, which has been denied in its entirety by those Just Energy Entities named as defendants, in consultation with the Monitor, through the delivery of a Notice of Revision or Disallowance. Despite none of the directors or officers of any Just Energy Entity being named in the underlying litigation, the representative plaintiff also filed a D&O Claim for the same amount in the Claims Process which has similarly been denied in its entirety through the delivery of a Notice of Revision or Disallowance. The representative plaintiff filed Notices of Dispute of Revision or Disallowance on February 10, 2022. Copies of the Proof of Claim, D&O Claim and corresponding Notices of Revision or Disallowance and Notices of Dispute of Revision or Disallowance are attached hereto as **Exhibits "I"** to **"N"**;

(B) *Trevor Jordet v. Just Energy Solutions, Inc.*, Case No. 2:18-cv-01496-MMB, a proposed and uncertified class action proceeding

filed solely against Just Energy Solutions Inc. in the Eastern District of Pennsylvania on April 6, 2018, and subsequently transferred to the U.S. District Court in the Western District of New York on behalf of a putative class of all "Just Energy customers charged a variable rate for residential natural gas services by Just Energy from April 2012 to the present". The proposed representative plaintiff has filed a Proof of Claim in respect of this litigation in the Claims Process in the amount of US$3.7 billion (this number represents a joint damages calculation with the *Donin* claim referred to below), which has been denied in its entirety by the Just Energy Entities, in consultation with the Monitor, through the delivery of a Notice of Revision or Disallowance. The proposed representative plaintiff filed a Notice of Dispute of Revision or Disallowance on February 10, 2022. Copies of the Proof of Claim, Notice of Revision or Disallowance, and Notice of Dispute of Revision or Disallowance are attached hereto as **Exhibits "O"** to **"Q"**; and

(C) *Fira Donin and Inna Golovan v. Just Energy Group Inc. et al*., Case No. 1:17-cv-05787-WFK-SJB, a proposed and uncertified class action proceeding filed in the U.S. District Court pending against Just Energy and Just Energy New York Corp. in the Western District of New York on April 27, 2018 on behalf of a putative class of "all Just Energy customers in the United States […] who were charged a variable rate for their energy at any time from [applicable statute

of limitations period] to the date of judgment". The proposed representative plaintiff has filed a Proof of Claim in respect of this litigation in the Claims Process in the amount of US$3.7 billion (this number represents a joint damages calculation with the *Jordet* claim referred to above), which has been denied in its entirety by the Just Energy Entities, in consultation with the Monitor, through the delivery of a Notice of Revision or Disallowance. The proposed representative plaintiff filed a Notice of Dispute of Revision or Disallowance on February 10, 2022. Copies of the Proof of Claim, Notice of Revision or Disallowance, and Notice of Dispute of Revision or Disallowance are attached hereto as **Exhibits "R"** to **"T"**;

(collectively, the "**Subject Class Action Claims**"); and

(ii) 364 claims filed on behalf of Texas customers (or alleged Texas customers - the Just Energy Entities believe that based on their records, 141 of the 364 claims were submitted by claimants who were not customers of the Just Energy Entities during the relevant time period) by legal counsel related to the Weather Event (collectively, the "**Texas Power Interruption Claim**" and together with the Subject Class Action Claims, the "**Contingent Litigation Claims**"). Most of the claims filed by legal counsel as part of the Texas Power Interruption Claim do not specify the amount being claimed and provide little to no supporting documentation from either a quantum or liability perspective. The Just Energy Entities have disallowed the Texas

Power Interruption Claim, in consultation with the Monitor, in its entirety in accordance with the Claims Procedure Order. On February 17, 2022, Notices of Dispute of Revision or Disallowance were filed by legal counsel with respect to both the Proofs of Claim and the D&O Claims filed in the Texas Power Interruption Claim which, among other things, withdrew 92 of the 364 submitted claims. Copies of the Notices of Revision or Disallowance and the Notices of Dispute of Revision or Disallowance with respect to the Texas Power Interruption Claim are attached hereto as **Exhibits "U"** to **"Z"**;

(c) *Subordinated Note Claim*: the aggregate principal amount of $13.2 million currently owing by Just Energy under the Subordinated Note Indenture, plus all accrued and outstanding fees, costs, interest, and other amounts owing pursuant to the Subordinated Note Indenture, as determined in accordance with the Claims Procedure Order (the "**Subordinated Note Claim**" and each holder thereof, a "**Subordinated Noteholder**" or "**Beneficial Subordinated Note Claim Holder**", as applicable);

(d) *Convenience Claims*: any Accepted Claim of a General Unsecured Creditor in an amount that is either (a) less than or equal to $1,500; or (b) greater than $1,500, if the relevant General Unsecured Creditor has made a valid Distribution Election not later than two (2) Business Days before the date of the Creditors' Meetings in accordance with the Meetings Order, provided, however, that in no case shall a "Convenience Claim" include any Contingent Litigation Claims or the

Subordinated Note Claim ("**Convenience Claims**" and each holder thereof, a "**Convenience Creditor**").

72. The Unsecured Creditor Class is treated under the Plan as follows:

(a) (i) on the Effective Date, each Beneficial Term Loan Claim Holder will receive its pro rata share of 10% of the total New Common Shares of the New Just Energy Parent, subject to dilution by the equity issued or issuable pursuant to the MIP, in full satisfaction of the Term Loan Claim, (ii) on the Effective Date, each Beneficial Term Loan Claim Holder that qualifies as a New Equity Offering Eligible Participant will be entitled to participate in the New Equity Offering, and (iii) each Beneficial Term Loan Claim Holder that is not a Backstop Party or that does not participate in the New Equity Offering as a New Equity Offering Eligible Participant (each a "**Non-Participating Term Loan Claim Holder**") will receive its pro rata share of the Turnover Amounts (as defined below); and

(b) from and after the Effective Date, the Monitor will pay from the General Unsecured Creditor Cash Pool:

(i) each Convenience Claim (in full up to a maximum of $1,500 per Convenience Claim) which, for greater certainty, excludes De Minimis Claims;

(ii) the reasonable and documented fees and disbursements (plus any applicable taxes thereon) incurred by the Just Energy Entities' legal, financial, or other advisors, the Monitor and its legal counsel, or any other Person retained by

the Just Energy Entities or the Monitor, in connection with post-Effective Date matters (as discussed further in paragraph 58(k)(ii)(B) above) relating to the Plan and the CCAA proceedings; and

(iii) after deduction of the foregoing amounts, each General Unsecured Creditor with an Accepted Claim will receive its pro rata share of the remaining portion of the General Unsecured Creditor Cash Pool, provided, however, that with respect to the Subordinated Note Claim, the Plan restricts the Monitor from making any distribution to the Subordinated Noteholder or Beneficial Subordinated Note Claim Holders until all persons entitled to turnover of such distributions (the "**Turnover Amounts**") pursuant to the terms of the Subordinated Note Indenture have been paid in full.

73. The Subordinated Note Indenture provides, among other things, that the Subordinated Note Claim is "subordinated and postponed and subject in right of payment…to the prior full and final payment of all existing and future Senior Indebtedness[11] of the Corporation [Just Energy]." The Subordinated Note Indenture further provides that upon any distribution of the assets of Just Energy on any dissolution, winding up, liquidation, or reorganization:

(a) all Senior Indebtedness must be paid indefeasibly in full, or provision made for such payment, before any payment is made on account of the Subordinated Note Claim; and

[11] "Senior Indebtedness" is defined in the Subordinated Note Indenture to include any indebtedness under the Credit Agreement, the Term Loan Agreement, or trade and other creditors of Just Energy other than indebtedness which by its terms is *pari passu* with, or subordinate to, the Subordinated Note Claim.

(b) any payment or distribution of assets of Just Energy shall be paid or delivered by the trustee in bankruptcy, receiver, assignee for the benefit of creditors, or other liquidating agent directly to the holders of such Senior Indebtedness.

74. The Plan accordingly requires that the Monitor distribute the Turnover Amounts to the beneficiaries of the General Unsecured Creditor Cash Pool, provided however that any Turnover Amounts that are required to be paid to the Participating Term Loan Claim Holders (those Beneficial Term Loan Claim Holders that are Backstop Parties or that participate in the New Equity Offering as New Equity Offering Eligible Participants) will be contributed to the other beneficiaries of the General Unsecured Creditor Cash Pool. The applicable portion of section 3.4(4) of the Plan addressing the foregoing is reproduced below:

> For certainty, the Monitor shall not make any distribution to any Subordinated Noteholder or Beneficial Subordinated Note Claim Holder until all Persons entitled to turnover of any such distribution (any such amounts, the "**Turnover Amounts**") pursuant to the terms of the Subordinated Note Indenture have been paid in full. Instead, the Monitor shall distribute: (i) the Non-Participating Term Loan Lender Pro Rata Shares of the Turnover Amounts to the Non-Participating Term Loan Claim Holders (collectively, the "**Term Loan Turnover Amount**"); and (ii) the Turnover Amounts, less the Term Loan Turnover Amount, to the beneficiaries of the General Unsecured Creditor Cash Pool. For the purposes of this Section, with respect to any Turnover Amounts that would otherwise be required to be paid to Beneficial Term Loan Claim Holders that are not Non-Participating Term Loan Claim Holders, such amounts shall be contributed to the beneficiaries of the General Unsecured Creditor Cash Pool.

75. Holders of De Minimis Claims (less than $10) are not entitled to receive any distributions pursuant to the Plan in respect of such De Minimis Claims, and all De Minimis Claims will be fully, finally and forever compromised, released, discharged and cancelled in accordance with the Plan.

76. As noted above, the Plan provides for the recapitalization of the Just Energy Entities, most significantly, by the conversion of certain secured and unsecured claims to equity and the injection of new capital by the Term Loan Lenders. This conversion of claims and injection of new capital will include: (a) the Term Loan Lenders receiving 10% of the New Common Shares of the New Just Energy Parent in full satisfaction and discharge of the Term Loan Claim (US$208.6 million, plus all accrued and outstanding pre-filing fees, costs, interest, or other amounts owing pursuant to the Term Loan Agreement), (b) the New Equity Offering Eligible Participants committing new capital of US$192.55 million for the purchase of 80% of the New Common Shares of New Just Energy Parent as part of the New Equity Offering or pursuant to the Backstop Commitment Letter, (c) the Backstop Parties receiving the Backstop Commitment Fee Shares (10% of the total New Common Shares of New Just Energy Parent); and (d) CBHT voluntarily agreeing to compromise its Claim of approximately US$229.5 million and C$0.2 million, plus all accrued and unpaid interest thereon through the Effective Date, for preferred equity rather than cash recovery.[12]

77. As discussed in the Affidavit of Mark Caiger, sworn May 12, 2022 (the "**Caiger Affidavit**"), the enterprise value of the Just Energy Entities implied by the Plan falls within a narrow range of between 4.8 and 5.1 times the current mid-point of Just Energy Entities' 2023 estimated EBITDA ($115 - $125 million).[13] Within this narrow range and based on the various assumptions discussed in the Caiger Affidavit, the amount of the residual cash in the General

[12] The issuance of New Common Shares in each of (a), (b) and (c) is subject to dilution by the equity issued or issuable pursuant to the MIP.

[13] The Just Energy Entities note that the forecasted EBITDA provides a $10 million range as the business is volatile and often difficult to predict with precision due to many risk factors including weather, commodity prices and other factors described in the Just Energy Entities' public financial disclosure. For example, the Just Energy Entities' originally forecasted EBITDA for the fiscal year ended March 31, 2022 to be $107 million, however EBITDA for the fiscal year ended March 31, 2022 is now estimated to be approximately $95 million. The variance is primarily driven by higher supply costs due to higher and more volatile commodity prices and unfavorable weather.

Unsecured Creditor Cash Pool is expected to provide equivalent (but not necessarily equal) recoveries to the General Unsecured Creditors as those realized by the Term Loan Lenders.

78. While the precise recovery rate of the General Unsecured Creditors is not known at this time because the amount of the Accepted Claims and the amount of the residual cash in the General Unsecured Creditor Cash Pool is not yet known, for purposes of considering the estimated recovery of General Unsecured Creditors under the Plan, the Just Energy Entities estimate that based on the best information available to management of the Just Energy Entities, their knowledge of the facts and issues underlying the most significant claims submitted within the Claims Process, and discussions with the Monitor:

(a) the range of General Unsecured Claims submitted within the Claims Process that will eventually become Accepted Claims, prior to taking into account litigation claims, is between approximately $65 million and $68 million, and the range of litigation claims submitted within the Claims Process that are likely to become Accepted Claims is between approximately $0.5 million and $40 million, for a total estimated range of General Unsecured Claims (including litigation claims) that will eventually become Accepted Claims of between $66 million and $108 million; and

(b) the range of permitted fees and expenses that is expected to be paid from the General Unsecured Creditor Cash Pool is between $4 million and $7 million, which will cover, among other things, legal fees to be incurred in litigation undertaken post-Effective Date by the holders of Disputed Claims.

79. The eventual quantum of General Unsecured Claims that become Accepted Claims may exceed the upper end of the foregoing range, and the residual cash in the General Unsecured

Creditor Cash Pool after payment of permitted fees and expenses may be higher or lower than anticipated (depending on whether the holders of Disputed Claims engage in protracted litigation or settle such Disputed Claims expediently). In either scenario, the recovery rate of the General Unsecured Creditors and the Term Loan Lenders under the Plan may change, but the equivalence as between their respective recoveries will remain consistent (subject to the assumptions and analysis contained in the Caiger Affidavit).

(ii) ***BP Commodity/ISO Services Claims***

80. On the Effective Date, CBHT will receive 100% of the New Preferred Shares of New Just Energy Parent in full satisfaction of the BP Commodity/ISO Services Claim.

(iii) ***D&O Claims***

81. All D&O Claims that are released under the Plan (discussed further below) and all corresponding claims for indemnity by any Director or Officer of the Just Energy Entities with respect to such D&O Claims are fully, finally and irrevocably compromised, released, discharged, cancelled, extinguished and barred on the Effective Date.

82. The Plan does not release:

(a) any Responsible Person Claims, which will continue unaffected under the Plan. The Plan provides that the Sanction Order must declare that each Just Energy Entity shall indemnify any Director, Officer or other Person employed or previously employed by a Just Energy Entity for any amount for which such Person is held personally liable as a result of nonpayment of any Taxes (including, without limitation, sale, use, withholding, unemployment and excise Tax) by a Just Energy

Entity, along with any expenses or fees incurred in connection with defending any matter for which any of the foregoing Persons could be entitled to indemnification, provided that such indemnities do not apply in circumstances of fraud, gross negligence or wilful misconduct (subject to the caveat that in cases where gross negligence or wilful misconduct are requirements for a beneficiary to be held personally liable as a result of nonpayment of any Taxes by a Just Energy Entity, the Just Energy Entities must indemnify such beneficiary notwithstanding any gross negligence or wilful misconduct and, in such cases, there is no requirement that the beneficiary has reasonable grounds for believing the conduct was lawful);

(b) any D&O Claims which are not released under the Plan (each, a "**Non-Released D&O Claim**"). All Non-Released D&O Claims will be irrevocably limited to recovery from any insurance proceeds payable in respect of such Non-Released D&O Claims pursuant to the Insurance Policies, and persons with such Non-Released D&O Claims will have no right to make any claim or seek any recoveries other than enforcing such persons' rights to be paid from the proceeds of the applicable Insurance Policies by the applicable insurer(s). The Plan requires that from and after the Effective Date, any action for a D&O Claim may only be commenced with: (a) the consent of the Monitor; or (b) the leave of the CCAA Court on notice to the applicable Director or Officer, the Just Energy Entities, the Monitor and any applicable insurer(s), or if the action will be commenced within the United States, an Order of the U.S. Bankruptcy Court on notice to the applicable Director or Officer, the Just Energy Entities, the Monitor and any applicable insurer(s); and

(c) any existing or future right of any Director or Officer of any Just Energy Entity as of the Effective Date against any of the Just Energy Entities which arose as a result of any D&O Claim for which such Director or Officer is entitled to be indemnified by any of the Just Energy Entities and that is: (i) a Non-Released D&O Claim, or (ii) a D&O Claim released under the Plan that is asserted by a person other than a Consenting Party (a person that is party to the Support Agreement or who submits a vote in favour of the Plan) (each, an "**Excluded D&O Indemnity Claim**"). All Excluded D&O Indemnity Claims will continue unaffected.

(iv) ***Unaffected Creditors***

83. The Plan does not compromise or otherwise affect the following Claims (collectively, the "**Unaffected Claims**"):

(a) Post-Filing Claims which will be paid or otherwise satisfied by the Just Energy Entities in the normal course;

(b) all outstanding obligations, liabilities, fees and disbursements secured by:

(i) the DIP Lenders' Charge will be paid in full in cash in full and final satisfaction of the DIP Lenders' Claim (US$125 million plus all other accrued and outstanding fees, costs, and interest through the Effective Date) and the DIP Lenders' Charge discharged;

(ii) the Administration Charge will be paid in full (to the extent evidenced by invoices delivered to Just Energy as at the Effective Date) and the Administration Charge discharged. Any reasonable and documented fees

and disbursements (plus applicable taxes thereon) for any post-Effective Date Services incurred by:

(A) the Monitor, its legal counsel and any other Person retained by the Monitor, in connection with administrative and estate matters (the "**Monitor Administration Expenses**") will be paid from the Administrative Expense Reserve. Any unused portion of the Administrative Expense Reserve will be transferred by the Monitor to the New Just Energy Parent; and

(B) the reasonable and documented fees and disbursements (plus any applicable taxes thereon) incurred by the Just Energy Entities' legal, financial, or other advisors, the Monitor and its legal counsel, or any other Person retained by the Just Energy Entities or the Monitor, in connection with post-Effective Date matters (other than the Monitor Administration Expenses) relating to the Plan and the CCAA proceedings will be paid from the General Unsecured Creditor Cash Pool;

(iii) the FA Charge will be paid in full (to the extent evidenced by invoices delivered to Just Energy as at the Effective Date) and the FA Charge will be deemed to be fully and finally satisfied and discharged;

(iv) the Directors' Charge will be deemed to be fully and finally satisfied and discharged and all D&O Claims (other than Responsible Person Claims,

Non-Released D&O Claims, and Excluded D&O Indemnity Claims) will be fully and finally compromised, released, and extinguished;

(v) amounts secured by the KERP Charge will be fully paid by the Just Energy Entities to the beneficiaries thereof and the KERP Charge will be deemed to be fully and finally satisfied and discharged;

(vi) the Cash Management Obligations will continue unaffected and the Cash Management Charge will be deemed to be fully and finally satisfied and discharged; and

(vii) all other charges granted within the CCAA proceeding will be deemed to be fully and finally satisfied and discharged;

(c) all Commodity Supplier Claims will be paid in full by the Just Energy Entities on the Effective Date;

(d) all Claims of Credit Facility Lenders relating to any letters of credit which are issued but undrawn immediately prior to the Effective Date will be unaffected and continue under the New Credit Facility or, if required, replaced with new letters of credit issued under the New Credit Agreement;

(e) Government Priority Claims outstanding as at the Filing Date or related to the period ending on the Filing Date (if any) will be paid in full by the applicable Just Energy Entities on or as soon as reasonably practicable following the Effective Date;

(f) Employee Priority Claims due and accrued to the Effective Date (if any) will be paid in full by the applicable Just Energy Entities on the Effective Date;

(g) any Claim that may be asserted by any Energy Regulator,[14] excluding any: (i) Claim with respect to the subject matter of the adversary proceeding commenced on November 12, 2021 by various of the Just Energy Entities against ERCOT and the Public Utility Commission of Texas (the "**Adversary Proceeding**"), including any Claim with respect to obligations of the Just Energy Entities underlying the invoices that are the subject of the Adversary Proceeding; and (ii) any Claim by any Taxing Authority, will continue unaffected and be addressed in the ordinary course consistent with past practice;

(h) (i) Civil Action 20-590 *Thaddeus White, et al. v. Just Energy Group Inc., et al*.; (ii) *Gilchrist v. Just Energy Group Inc., et al.* (Ontario Superior Court of Justice, Court File No. CV-19-627174-00CP) commenced on September 11, 2019; (iii) *Saha v. Just Energy Group Inc., et al.* (Ontario Superior Court of Justice, Court File No. CV-19-630737-00CP); and (iv) any claim for contribution or indemnity in respect of or related to those claims, will continue unaffected as against the applicable Insurance Policies;

(i) all or any portion of a Claim for which the applicable insurer or a court of competent jurisdiction has confirmed that the applicable Just Energy Entity or Director or

[14] Any federal or provincial energy regulators, provincial regulators of consumer sales that have authority with respect to energy sales, U.S. municipal, state, federal or other foreign energy regulatory bodies or agencies, local energy transmission and distribution companies, or regional transmission organizations or independent system operators.

Officer is insured under an Insurance Policy (each, an "**Insured Claim**") will continue unaffected as against the applicable Insurance Policies;

(j) on or prior to the Effective Date, all intercompany claims that may be asserted against any of the Just Energy Entities by or on behalf of any of the Just Energy Entities or any of their affiliated companies, partnerships, or other corporate entities (each, an "**Intercompany Claim**") will be addressed in accordance with the supplement to the Plan that details the manner in which the steps and compromises will be effected in the implementation of the Plan and the treatment of Intercompany Claims (the **"Restructuring Steps Supplement**");

(k) any Claims finally determined in accordance with the Claims Procedure Order to be a secured or priority claim against any of the Just Energy Entities and entitled to be paid in full in priority to the General Unsecured Creditor Claims and the Term Loan Claims (and which is not and does not become a Disallowed Claim) will be unaffected;

(l) any Responsible Person Claims will continue unaffected and each Just Energy Entity will indemnify all Directors, Officers or other person employed or previously employed by a Just Energy Entities against such Responsible Person Claims;

(m) any Excluded D&O Indemnity Claims will continue unaffected;

(n) Claims that may be asserted by any of the Just Energy Entities against any Directors and/or Officers will continue unaffected; and

(o) Claims enumerated in sections 5.1(2) and 19(2) of the CCAA will continue unaffected (except as otherwise provided in the Plan).

84. Persons with Unaffected Claims are not entitled to vote at any Creditors' Meeting or receive any distributions under the Plan in respect of the portion of their claim which is an Unaffected Claim, subject to the express provisions of the Plan providing for payment of certain Unaffected Claims and/or the treatment of Insurance Claims. Nothing in the Plan affects the Just Energy Entities' rights and defences with respect to any Unaffected Claim, including any rights with respect to legal and equitable defences or entitlements to set-offs or recoupments against such Unaffected Claims.

(v) ***Equity Claims***

85. On the Effective Date, the Plan will be binding on all Equity Claimants, including the holders (the "**Existing Common Shareholders**") of existing common shares of Just Energy (the "**Common Shares**"). Equity Claimants, including the Existing Common Shareholders, will not receive a distribution or other consideration under the Plan and will not be entitled to vote on the Plan in respect of their Equity Claims or attend either of the Creditors' Meetings in such capacity. On the Effective Date: (a) all Common Shares will be mandatorily transferred to, and acquired by, the New Just Energy Parent for no consideration; and (b) all Existing Equity[15] (other than the Common Shares transferred or issued to the New Just Energy Parent, the New Common Shares

[15] (a) all Common Shares; (b) all other Equity Interests (excluding any Intercompany Interest), including all options, warrants, rights, or similar instruments, derived from, relating to, or exercisable, convertible, or exchangeable therefor; and (c) all instruments whose value is based upon or determined by reference to any Equity Interest whether or not such instrument is exercisable, convertible, or exchangeable for such an Equity Interest, and, in all such cases, which are issued and outstanding immediately prior to the Effective Time.

and New Preferred Shares, and the Intercompany Interests[16]) will be cancelled and extinguished without any liability, payment or other compensation in respect thereof, and all Equity Claims shall be fully, finally, irrevocably and forever compromised, released, discharged, cancelled and barred without any liability, payment or other compensation in respect thereof.

86. In proposing the Plan, the Just Energy Entities considered, in consultation with their legal and financial advisors, the legal entitlements of stakeholders in the absence of the CCAA proceedings, their expected economic recovery if no Plan is approved and their proposed treatment under the Plan. Since the value of the recoveries to be given to Affected Creditors is less than the value of their Claims, there is no residual value in Just Energy to be given to the holders of Existing Equity and/or other Equity Claims.

(c) VOTING ENTITLEMENT

87. The voting entitlement on the Plan is determined and calculated as follows:

(a) *Secured Creditor Class*: each Credit Facility Lender will be entitled to one (1) vote in the amount equal to such Credit Facility Lender's pro rata share of the Credit Facility Claim that is an Accepted Claim (provided that such Credit Facility Lender delivers a Secured Creditor Proxy in accordance with the Meetings Order);

(b) *Unsecured Creditor Class*:

(i) each Term Loan Claim Holder will be entitled to one (1) vote in the amount equal to such Term Loan Claim Holder's pro rata share of the Term Loan

[16] Any Equity Interest held by a Just Energy Entity or New Just Energy Parent in any other Just Energy Entity or New Just Energy Parent, as applicable.

Claim in the amount that is an Accepted Claim, or if not accepted by two (2) Business Days before the date of the Meeting of the Unsecured Creditor Class, in the amount set out in the Negative Notice Claims Package in respect of the Term Loan Claim (provided that such Term Loan Claim Holder delivers an Unsecured Creditor Proxy in accordance with the Meetings Order);

(ii) each Convenience Creditor will be deemed to vote in favour of the Plan in the amount of such Convenience Creditor's Accepted Claim;

(iii) each General Unsecured Creditor will be entitled to one (1) vote in the amount equal to such General Unsecured Creditor's Voting Claim (provided that such General Unsecured Creditor delivers an Unsecured Creditor Proxy in accordance with the Meetings Order), provided, however, that:

(A) the Subordinated Noteholder will be entitled to one (1) vote in the amount equal to the Subordinated Note Claim (provided that such Subordinated Noteholder delivers an Unsecured Creditor Proxy in accordance with the Meetings Order). The Subordinated Noteholder's Voting Claim will be deemed to have been voted in proportion to the tabulation of voting instructions received from Beneficial Subordinated Note Claim Holders identifying the principal amount of the Subordinated Note Claim voting FOR or AGAINST the Plan. Neither the Beneficial Subordinated Note

Claim Holders nor Computershare Trust Company of Canada as Subordinated Note Trustee under the Subordinated Note Indenture (the "**Subordinated Note Trustee**") will have a Voting Claim or be entitled to vote at the Unsecured Creditors' Meeting. All Beneficial Subordinated Note Claim Holders may instruct the Subordinated Noteholder with respect to how the Subordinated Noteholder should vote its Voting Claim by completing and returning the Subordinated Noteholder VIF in accordance with the Meetings Order;

(B) with respect to the Subject Class Action Claims, each representative plaintiff in any certified Subject Class Action Claim or each proposed representative plaintiffs in any uncertified Subject Class Action Claim (each a "**Subject Class Action Plaintiff**") will be entitled to one (1) vote in the amount equal to its Voting Claim (valued by the Just Energy Entities for voting purposes at $1); and

(C) with respect to the Texas Power Interruption Claim, each of Robins Cloud LLP, Fears Nachawati PLLC, Watts Guerra LLP and Parker Waichman LLP (collectively, the "**Texas Power Interruption Claimants' Counsel**") will be entitled to one (1) vote in an amount equal to its Voting Claim (valued by the Just Energy Entities for voting purposes at $1).

88. The complexity of the unresolved Contingent Litigation Claims is such that it is not possible to carry out a summary process in relation to these claims before the Creditors' Meetings

are held, nor is it possible to delay the Creditors' Meetings until the resolution of the Contingent Litigation Claims without jeopardizing the entire Restructuring.

89. In addition, each Affected Creditor with a Disputed Claim against the Just Energy Entities (other than the Subject Class Action Plaintiffs and the Texas Power Interruption Claimants' Counsel) will be entitled to attend the applicable Creditors' Meeting and will have one (1) vote at the Creditors' Meeting in the dollar value of such Disputed Claim as set out in the Negative Notice Claims Package or the Disputed Claim acceptance value for voting and distribution purposes, prepared in consultation with the Monitor (the "**Acceptance Value**"), as applicable, sent to the holder of the Disputed Claim or, if no Negative Notice Claims Package or Acceptance Value was sent, the value set forth in the corresponding Proof of Claim.

(d) NEW EQUITY OFFERING AND THE NEW JUST ENERGY PARENT

90. As detailed above, on the Effective Date, the New Just Energy Parent will complete the New Equity Offering and, immediately following issuance, the New Preferred Shares and New Common Shares (together with any equity interests outstanding under the MIP) will constitute all of the issued and outstanding shares of the New Just Energy Parent.

91. The New Preferred Shares will have a redemption amount equal to the amount of the BP Commodity/ISO Services Claim, as of the Effective Date, all converted into United States currency, plus accrued and unpaid dividends, redeemable at the Company's option or redeemable upon a change of control transaction in respect of New Just Energy Parent, plus a 5.00% exit fee. Holders of New Preferred Shares will have the right to cause New Just Energy Parent to undertake a liquidity event within six years of the Effective Date. The New Preferred Shares will have a 12.50% accreting yield with dividends as and when declared by the board of directors for the first

four (4) years, increasing 1% annually thereafter. The terms and conditions of the New Preferred Shares are discussed further in the New Preferred Shares Term Sheet attached as Exhibit 2 to the Restructuring Term Sheet (which in turn is attached as Exhibit C to the Support Agreement, a redacted copy of which is attached as Exhibit "D" to this Affidavit).

92. The material terms of the New Just Energy Entities' corporate governance are set forth in the Corporate Governance Term Sheet for the New Just Energy Parent attached as Exhibit 3 to the Restructuring Term Sheet (which in turn is attached as Exhibit C to the Support Agreement, a redacted copy of which is attached as Exhibit "D" to this Affidavit). The initial board of directors of the New Just Energy Parent (the "**New Board**") will consist of five (5) directors selected by the Plan Sponsor.

93. In addition, the material terms of a post-emergence MIP for management of the New Just Energy Parent are set forth in the MIP Term Sheet attached as Exhibit 4 to the Restructuring Term Sheet (which in turn is attached as Exhibit C to the Support Agreement, a redacted copy of which is attached as Exhibit "D" to this Affidavit).

(e) NEW CREDIT AGREEMENT AND NEW INTERCREDITOR AGREEMENT

94. On the Effective Date, Just Energy U.S. and Just Energy Ontario L.P. and the New Credit Facility Lenders will enter into the New Credit Agreement pursuant to which the New Credit Facility will be made available to the Just Energy Entities, generally in accordance with the terms set forth in the New Credit Facility Term Sheet attached as Exhibit 1 to the Restructuring Term Sheet (which in turn is attached as Exhibit C to the Support Agreement, a redacted copy of which is attached as Exhibit "D" to this Affidavit).

95. In addition, on the Effective Date, the New Intercreditor Agreement will be executed by the Just Energy Entities, the New Credit Facility Lenders, and applicable Commodity Suppliers defining the relative priorities of the various parties' security interests as between them, generally in accordance with the terms set forth in the New Intercreditor Agreement Term Sheet attached as Exhibit 5 to the Restructuring Term Sheet (which in turn is attached as Exhibit C to the Support Agreement, a redacted copy of which is attached as Exhibit "D" to this Affidavit).

(f) RELEASES

96. If approved by the Affected Creditors and sanctioned by the Court, the Plan provides:

(a) *Third-Party Releases*: (a) the Just Energy Entities and their respective current and former employees, contractors, advisors, legal counsel and agents; (b) the Directors and Officers; (c) the Monitor, the Supporting Parties (all parties that have executed the Support Agreement other than the Just Energy Entities), Backstop Parties, the DIP Agent, the DIP Lenders, the Plan Sponsor, the Credit Facility Agent, the Term Loan Agent, and the Subordinated Note Trustee, and each of their respective present and former affiliates, subsidiaries, directors, officers, members, partners, employees, auditors, advisors, legal counsel and agents (the "**Released Parties**" and individually a "**Released Party**") will be released from the Released Claims (as defined below); and

(b) *Debtor Releases*: the Released Parties will be released by each of the Just Energy Entities and their respective current and former affiliates, and discharged from any and all Released Claims held by the Just Energy Entities as of the Effective Date, provided however that nothing limits or modifies in any way any Claim or defence

which any of the Just Energy Entities may hold or be entitled to assert against any of the Released Parties as of the Effective Date relating to any contracts, leases, agreements, licenses, bank accounts or banking relationships, accounts receivable, invoices, or other ordinary course obligations which remain in effect following the Effective Date.

97. The requested releases are necessary to bring finality to the CCAA proceedings and to protect the Released Parties from any and all claims, demands, causes of action, dealings, occurrences (or other matters included within the definition of "Released Claims" in the Plan) which existed or took place prior to the Effective Date, or which relate to implementation of the Plan, including distributions pursuant to the Plan following the Effective Date, that constitute or are in any way related to, arise out of or in connected with (i) any Claims (including Equity Claims), any D&O Claims and any indemnification obligations with respect thereto (excluding Excluded D&O Indemnity Claims), (ii) any payments, distributions or share issuances under the Plan, (iii) the business and affairs of the Just Energy Entities whenever or however conducted, (iv) the business and assets of the Just Energy Entities, (v) the administration and/or management of the Just Energy Entities, (vi) the Affected Claims, the Support Agreement, the Backstop Commitment Letter, the Definitive Documents, the Plan, the Existing Equity, the CCAA and Chapter 15 proceedings, or any document, instrument, matter or transaction involving the Just Energy Entities arising in connection with or pursuant to any of the foregoing, (vii) any contract that has been restructured, terminated, repudiated, disclaimed, or resiliated in accordance with the CCAA, (viii) liabilities of the Directors and Officers and any alleged fiduciary or other duty, or (ix) any Claim that has been barred or extinguished by the Claims Procedure Order (subject to the exclusions described below, collectively the "**Released Claims**").

98. The releases provided in the Plan explicitly do not release or discharge:

(a) Insured Claims, provided that from and after the Effective Date, any person having an Insured Claim will be irrevocably limited to recovery from the proceeds of the applicable Insurance Policies;

(b) any obligations of any of the Released Parties under or in connection with the Plan, the Support Agreement, the Backstop Commitment Letter, the Definitive Documents, the New Credit Facility Documents, the New Intercreditor Agreement, the New Common Shares, the New Preferred Shares, the MIP or the New Corporate Governance Documents;

(c) the Just Energy Entities from or in respect of any Unaffected Claim that has not been paid in full under the Plan, or any claim that is not permitted to be released pursuant to section 19(2) of the CCAA; or

(d) any Director from any claim that is not permitted to be released pursuant to section 5.1(2) of the CCAA.

99. All of the Released Parties have made significant and often critical contributions to the development and implementation of the Just Energy Entities' restructuring in these CCAA proceedings. As discussed further above, the Released Parties have worked diligently towards ensuring the implementation of the restructuring of the Just Energy Entities' financial obligations and operations for the benefit of all stakeholders. Such efforts have resulted in the execution and approval of the Support Agreement and the Plan. If the Support Agreement is approved and the

transactions under the Plan are consummated, the Just Energy Entities and their businesses will continue, and their going concern value will be preserved for the benefit of stakeholders.

100. In addition to the Third-Party Releases and the Debtor Releases discussed above, the Plan also includes various exculpations which the Just Energy Entities will request be approved by the U.S. Bankruptcy Court in the Sanction Recognition Order. The Plan provides that, to the fullest extent possible under applicable law, any current officer, director, employee, and retained professional (including financial advisors, investment bankers, and attorneys) of the Just Energy Entities, the Monitor, the DIP Lenders, the Plan Sponsor, the Backstop Parties, the Supporting Parties, the DIP Agent, the Credit Facility Agent, the Term Loan Agent, and the Subordinated Note Trustee (the "**Exculpated Parties**") are released and exculpated from any cause of action for any act or omission in connection with, relating to, or arising out of: (a) the CCAA proceedings and the Chapter 15 proceeding; (b) the formulation, preparation, dissemination, negotiation, filing, or consummation of the Support Agreement, the Backstop Commitment Letter, the Plan, any Definitive Documents, or the recognition thereof in the United States; or (c) any restructuring transaction, contract, instrument, release, or other agreement or document created or entered into in connection with the Plan, the filing of the CCAA proceeding or the Chapter 15 proceeding, the pursuit of approval and/or consummation of the Plan, the administration and implementation of the Plan, or the distribution of property under the Plan or any other related agreement.

101. The Plan expressly does not release the Exculpated Parties from any causes of action related to any act or omission that is determined in a final order of a court of competent jurisdiction to have constituted actual fraud, willful misconduct, or gross negligence.

102. On the Effective Date, each Consenting Party (each person who is or becomes a party to the Support Agreement or who submits a vote in favour of the Plan) is deemed to have consented and agreed to the releases, injunctions and exculpations referred to in the Plan.

(g) AMENDMENTS TO THE PLAN

103. The Plan permits the Just Energy Entities, at any time prior to or at the Creditors' Meetings, to vary, modify, amend, or supplement the Plan (each a "**Plan Modification**"), with the prior consent of the Monitor, the Credit Facility Lenders, Shell and the Plan Sponsor (which consent shall not be unreasonably withheld, conditioned or delayed), provided that:

(a) prior to the Creditors' Meetings, notice of any Plan Modification must be posted on the Monitor's Website and provided to the Service List established in the CCAA proceedings (the "**Service List**"); and

(b) during the Creditors' Meetings, notice of any Plan Modification must be given to all Affected Creditors present (or deemed present) at such meeting in person or by proxy prior to the vote being taken, promptly posted on the Monitor's Website, promptly provided to the Service List, and filed with the Court as soon as practicable following the applicable Creditors' Meeting.

104. The Plan further permits the Just Energy Entities to effect a Plan Modification after the Creditors' Meetings (and both prior to and subsequent to the obtaining of any Sanction Order) without obtaining an Order of the CCAA Court or providing notice to the Creditors, if the Just Energy Entities, the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor, each acting reasonably, determine that such Plan Modification would not be materially prejudicial to the

interests of any Creditors under the Plan or is necessary in order to give effect to the substance of the Plan or the Sanction Order.

(h) RESTRUCTURING STEPS SUPPLEMENT

105. The steps, compromises and releases to be effected in the implementation of the Plan shall occur, and be deemed to have occurred in the order and manner to be set out in the Restructuring Steps Supplement. The Restructuring Steps Supplement is required to be in form and substance acceptable to the Just Energy Entities, the Credit Facility Lenders and the Plan Sponsor, each acting reasonably. The Plan requires that the Restructuring Steps Supplement not be materially prejudicial to the interests of any Creditors under the other sections of the Plan.

(i) CONDITIONS TO IMPLEMENTATION OF THE PLAN

106. In order for the Plan to be implemented, the following conditions, among others, must be satisfied or waived prior to or at the Effective Date:

(a) the Plan shall have been approved by the Required Majorities in conformity with the CCAA;

(b) the Restructuring Steps Supplement shall have been agreed to by the Just Energy Entities, the Credit Facility Lenders and the Plan Sponsor, each acting reasonably;

(c) the Meetings Order, the Authorization Order, and the Sanction Order shall have been issued by the CCAA Court and become Final Orders;

(d) the Meetings Recognition Order, the Authorization Recognition Order, the Sanction Recognition Order and the Claims Procedure Recognition Order shall have been entered by the U.S. Bankruptcy Court and become Final Orders;

(e) the commitments of each of the parties to the Support Agreement shall have been satisfied in all material respects or waived;

(f) all conditions to the Backstop Parties' commitments under the Backstop Commitment Letter shall have been satisfied or waived;

(h) the Monitor shall have received from the Just Energy Entities the funds necessary to establish and shall have established the Plan Implementation Fund;

(i) no proceeding shall have been commenced that could reasonably be expected to result in an injunction, and no injunction or other order shall have been issued to enjoin, restrict or prohibit any of the transactions contemplated by the Plan, the Support Agreement or the Backstop Commitment Letter;

(j) the New Credit Facility Documents and the New Intercreditor Agreement shall have become effective, subject only to implementation of the Plan;

(k) Just Energy shall have satisfied all conditions or requirements necessary to cease to be a reporting issuer under the U.S. Exchange Act (or any other U.S. securities laws) and ceased to be a reporting issuer thereunder, Just Energy shall cease to be a reporting issuer under applicable Canadian Securities Laws, and no Just Energy Entity shall be deemed to have become a reporting issuer under applicable Canadian Securities Laws;

(l) the New Board shall have been appointed in accordance with the terms of the Support Agreement and the New Corporate Governance Documents and the MIP and other new corporate governance documents shall have become effective, subject only to implementation of the Plan;

(m) the aggregate amount of proceeds from the New Equity Offering and Cash on Hand shall be equal or greater than the total amount to be paid, distributed, or reserved for or from any source by the Just Energy Entities (or the Monitor on their behalf) in order to implement the Plan;

(n) the total amounts to be paid, distributed or reserved in Canadian and US dollars for or from any source by the Just Energy Entities (or the Monitor on their behalf) in order to implement the Plan shall not exceed C$170 million and US$337 million, respectively, plus any accrued and outstanding interest with respect to such amounts;

(o) Shell shall have provided various written confirmations regarding its Continuing Contracts;

(p) all necessary Transaction Regulatory Approvals shall have been obtained and be in full force and effect;

(q) all necessary corporate action and proceedings shall have been taken to approve the Plan and all agreements, resolutions, documents and other instruments reasonably necessary in order to implement the Plan have been executed and delivered;

(r) each of the Employment Agreements[17] shall either remain in place or have been amended as contemplated by the Support Agreement; and

(s) the Effective Date shall have occurred on or prior to the Outside Date.

(j) SUMMARY

107. The Just Energy Entities are of the view that the Plan represents the best alternative available to stakeholders of the Just Energy Entities, while allowing for the receipt, consideration and negotiation of Alternative Restructuring Proposals during the Voting Period. The Plan will enable the business of the Just Energy Entities to continue as a going concern in the expectation that a greater benefit will be derived from the continued operation of the business than would result from bankruptcy or a forced liquidation of the Just Energy Entities' assets. As discussed further above, the Plan has been developed following extensive consultation with the Just Energy Entities' key stakeholders and is supported by such stakeholders.

[17] The employment agreements, the management compensation plans, and indemnification agreements of, or for the benefit of, the Directors, Officers and employees of any of the Just Energy Entities that, on or prior to the Effective Date, have not resigned in each case in existence on the effective date of the Support Agreement.

108. The CCAA and Chapter 15 proceedings have been ongoing for more than 13 months, and despite the relative stability created by the process, continue to generate uncertainty for employees, suppliers, regulators and other business-critical stakeholders necessary for the long-term viability of the Just Energy Entities. It is imperative that a process to facilitate the Just Energy Entities' exit from the CCAA and Chapter 15 proceedings as a going concern be put in place. In the Just Energy Entities' view, the Plan, together with the Voting Period, provides such a process.

109. The Just Energy Entities accordingly seek the relief detailed in paragraph 2 above so as to permit the Plan to be put to Affected Creditors of the Just Energy Entities for consideration (and, if the Required Majorities are obtained, the approval of the CCAA Court), and to establish the period for submission of Alternative Restructuring Proposals.

F. MEETINGS ORDER

110. The proposed Meetings Order authorizes the Just Energy Entities to convene virtual meetings of the Secured Creditor Class and the Unsecured Creditor Class to consider and vote on the Plan. The Just Energy Entities propose that the Creditors' Meetings be held virtually and not in person on August 2, 2022 by means of telephonic or electronic facility using a third-party service provider given the ongoing challenges posed by the COVID-19 pandemic.

(a) NOTIFICATION

111. The proposed Meetings Order provides for comprehensive notification of the Creditors' Meetings to the Affected Creditors, including provision of: (a) a Notice of Meetings (the "**Notice of Meetings**"); (b) an Information Statement which provides Affected Creditors with detailed information regarding the CCAA proceedings, the Plan, approval requirements with respect to the Plan, the details of the Creditors' Meetings, voting entitlements and procedures, and certain

regulatory matters relating to the Plan (the "**Information Statement**"); and (c) one or more proxies, voting instruction forms, distribution election notices and/or new equity offering participation forms, as applicable. A copy of the Notice of Meetings is attached hereto as **Exhibit "AA"**. A Copy of the Information Statement is attached hereto as **Exhibit "BB"**.

112. The Meetings Order provides that:

(a) the Monitor shall, within four (4) days following the date of the Meetings Order, post or cause to be posted electronic copies of the Secured Creditor Class Meeting Materials[18] and the Unsecured Creditor Class Meeting Materials[19] on the Monitor's Website and the website of the Just Energy Entities' noticing agent, Omni Agent Solutions (the "**Noticing Agent's Website**");

(b) the Monitor shall, not later than the seventh (7th) day following the date of the Meetings Order, send or cause to be sent the Secured Creditor Class Meeting Materials by email to the Credit Facility Agent, copied to legal counsel to the Credit Facility Agent. Upon receipt, the Credit Facility Agent is required, at its option, to email the Secured Creditor Class Meeting Materials to each Credit Facility Lender, or post the Secured Creditor Class Meeting Materials to the web-based platform used by the Credit Facility Agent to manage posting of agreements, information and materials for review by the Credit Facility Lenders;

[18] The Secured Class Meeting Materials are comprised of the Information Statement, the Notice of Meetings, the Meetings Order, and the Secured Creditor Proxy (the "**Secured Creditor Class Meeting Materials**").

[19] The Unsecured Creditor Class Meeting Materials are comprised of the Information Statement, the Notice of Meetings, the Meetings Order, the Unsecured Creditor Proxy, the Subordinated Noteholder VIF, the Distribution Election Notice, the New Equity Offering Participation Form, and the New Shareholder Information Form (the "**Unsecured Creditor Class Meeting Materials**").

(c) the Monitor shall, not later than the seventh (7th) day following the date of the Meetings Order, send or cause to be sent the Unsecured Creditor Class Meeting Materials (excluding the Subordinated Noteholder VIF, the New Shareholder Information Form and the New Equity Offering Participation Form) by pre-paid ordinary mail, courier, personal delivery or email to each General Unsecured Creditor (other than holders of the Subordinated Note Claim) at the address set out in the Negative Notice Claim or Proof of Claim, as applicable, sent or submitted pursuant to the Claim Procedure Order with respect to such General Unsecured Creditor Claim (or in any other written notice that has been received by the Monitor in advance of such date regarding a change of address for a holder of a General Unsecured Creditor Claim);

(d) the Just Energy Entities shall:

(i) not later than the fourth (4th) day following the date of the Meetings Order, provide or cause to be provided to the Subordinated Note Trustee, by courier or delivery in person, the Unsecured Creditor Class Meeting Materials (excluding the Distribution Election Notice, the New Shareholder Information Form, and the New Equity Offering Participation Form). Not later than the third (3rd) business day following receipt of such materials, the Subordinated Note Trustee must provide or cause to be provided to the Subordinated Noteholder by pre-paid first class or ordinary mail, courier, or by delivery in person, the Unsecured Creditor Class Meeting Materials (excluding the Distribution Election Notice, the New Shareholder Information Form, and the New Equity Offering Participation Form); and

(ii) subsequently provide or cause to be provided to Broadridge and other mailing intermediaries for delivery to Beneficial Subordinated Note Claim Holders, generally in accordance with the provisions of *National Instrument 54-101 – Communications With Beneficial Owners of Securities of a Reporting Issuer of the Canadian Securities Administrators*, the Unsecured Creditor Class Meeting Materials (excluding the Unsecured Creditor Proxy, the Distribution Election Notice, the New Shareholder Information Form and the New Equity Offering Participation Form); and

(e) the Monitor shall, not later than the fourth (4^{th}) day following the receipt of a list from Computershare Trust Company of Canada as Agent under the Term Loan Agreement (the "**Term Loan Agent**") providing the names, email addresses, mailing addresses, and other reasonably available contact information for each Term Loan Claim Holder, send or cause to be sent to the Term Loan Agent and each Term Loan Claim Holder, by pre-paid ordinary mail, courier, personal delivery, or email, the Unsecured Creditor Class Meeting Materials (excluding the Subordinated Noteholder VIF and the Distribution Election Notice), as well as an Additional Backstop Notice (as defined in the Backstop Commitment Letter).

113. In addition, the Meetings Order requires the Just Energy Entities to cause CDS Clearing and Depositary Services Inc. ("**CDS**") to publish a bulletin to each institution that is a CDS participant holding Subordinated Notes (each, a "**Participant Holder**") outlining the particulars of the Unsecured Creditors' Meeting and the instructions for obtaining and recording voting instructions submitted by way of Subordinated Noteholder VIF or such other documentation as

the Participant Holder may customarily request for purposes of obtaining voting instructions by Beneficial Subordinated Note Claims Holders.

(b) CONDUCT OF THE CREDITORS' MEETINGS

114. The Meetings Order authorizes the Just Energy Entities to call, hold and conduct the Creditors' Meetings of the Secured Creditor Class on August 2, 2022 at 10:00 a.m. (EDT) (the "**Secured Creditors' Meeting**"), and the Unsecured Creditor Class on August 2, 2022 at 10:30 a.m. (EDT) (the "**Unsecured Creditors' Meeting**" and together with the Secured Creditors' Meeting (the "**Creditors' Meetings**"), for the purposes of considering and if deemed advisable by the Secured Creditor Class and the Unsecured Creditor Class, as applicable, voting in favour of, with or without variation, the Plan.

115. The Creditors' Meetings will be held entirely by electronic means using the platform, technology and services of Lumi Holdings Ltd. ("**Lumi**"). I am advised by counsel to the Just Energy Entities, Osler Hoskin & Harcourt ("**Osler**"), that Lumi's software affords all meeting participants, regardless of geographic location, an equal opportunity to observe the meeting, to ask questions, and to submit votes, all in real-time. The software is web-based, and it can be accessed from any computer or cell phone with an internet connection. There is no fee for meeting participants. Attached as **Exhibit "CC"** is a copy of Lumi's brochure describing its platform and services.

116. The Meetings Order provides that a representative of the Monitor will preside as the Chairperson of the Creditors' Meetings and, subject to any further Order of this Court, will decide all matters relating to the conduct of the Creditors' Meetings. The Monitor may appoint scrutineers

for the supervision and tabulation of the attendance at, quorum at, and votes cast at the Creditors' Meetings. A Person designated by the Monitor will act as secretary of the Creditors' Meetings.

117. The only Persons entitled to attend the Creditors' Meetings are: (a) the Affected Creditors entitled to vote at that Creditors' Meeting (or, if applicable, any Person holding a valid Secured Creditor Proxy or Unsecured Creditor Proxy on behalf of one or more such Affected Creditors), and any such Affected Creditor's legal counsel and financial advisors; (b) the Chairperson, the scrutineers and the secretary; (c) the Monitor and the Monitor's legal counsel; (d) one or more representatives of the board and/or senior management of the Just Energy Entities, and the Just Energy Entities' legal counsel and financial advisor; and (e) the Plan Sponsor and the Plan Sponsor's legal counsel and financial advisor. Any other person may be admitted to a Creditors' Meeting on invitation of the Just Energy Entities, in consultation with the Monitor.

118. Neither Beneficial Subordinated Note Claim Holders nor the Subordinated Note Trustee are permitted to attend or vote at the Unsecured Creditors' Meeting. Beneficial Subordinated Note Claim Holders must provide any voting instructions through their Participant Holder by completing and returning a Subordinated Noteholder VIF in accordance with the Meetings Order. Only the Subordinated Noteholder is entitled to vote on the Plan on behalf of all holders of the Subordinated Note Claim using the procedures provided in the Meetings Order.

(c) VOTING

119. The voting procedures were designed by the Just Energy Entities, in consultation with the Monitor, to provide an opportunity for Affected Creditors to register their votes for or against the Plan. The Meetings Order and the Plan provide, *inter alia*:

(a) at each Creditors' Meeting, the Chairperson will direct a vote using the voting options available at the virtual Creditors' Meeting or by proxy on a resolution to approve the Plan and any amendments thereto and any other resolutions that the Just Energy Entities consider appropriate with the consent of the Plan Sponsor, the Credit Facility Agent (with respect to the Secured Creditors' Meeting) and the Monitor;

(b) the quorum required at each Creditors' Meeting is one Secured Creditor with an Accepted Claim at the Secured Creditors' Meeting, and one Unsecured Creditor with an Accepted Claim at the Unsecured Creditors' Meeting, in each case present in person (by electronic means) or by proxy;

(c) if the requisite quorum is not present at a Creditors' Meeting, the Chairperson may adjourn the meeting, provided that any such adjournment or adjournments must be for a period of not more than 2 days in total, unless otherwise agreed to by the Just Energy Entities, the Credit Facility Agent, the Plan Sponsor and the Monitor;

(d) each Affected Creditor (other than Beneficial Subordinated Note Claim Holders who are not entitled to attend either of the Creditors' Meetings) will be permitted to attend the applicable Creditors' Meeting itself or may appoint another person to attend the applicable Creditors' Meeting as its proxyholder in accordance with the process provided in the Meetings Order. The Meetings Order contains provisions detailing the registration requirements for voting (including the requirement that Term Loan Claim Holders, General Unsecured Creditors and the Subordinated Noteholder each submit an Unsecured Creditor Proxy, Beneficial Subordinated

Note Claim Holders each submit a Subordinated Noteholder VIF to their Participant Holders, and the Credit Facility Lenders each submit a Secured Creditor Proxy, each in accordance with the Meetings' Order) and sets out the procedures and deadlines for submitting the necessary registrations and/or proxies;

(e) the Chairperson has the discretion to accept for voting purposes any Unsecured Creditor Proxy or Secured Creditor Proxy submitted to the Monitor in accordance with the Meetings Order notwithstanding any minor error or omission in such Unsecured Creditor Proxy or Secured Creditor Proxy;

(f) Affected Claims may be transferred or assigned in accordance with the Plan and the Support Agreement;

(g) as discussed further above, each Affected Creditor with a Disputed Claim against the Just Energy Entities (other than the Subject Class Action Plaintiffs and the Texas Power Interruption Claimants' Counsel) will be entitled to attend the applicable Creditors' Meeting and will have one (1) vote at the Creditors' Meeting in the dollar value of such Disputed Claim as set out in the Negative Notice Claims Package or the Acceptance Value, as applicable, sent to the holder of the Disputed Claim or, if no Negative Notice Claims Package or Acceptance Value was sent, the value set forth in the corresponding Proof of Claim, provided however, that:

(i) the Subject Class Action Plaintiffs will be entitled to attend the Creditors' Meeting of the Unsecured Creditor Class and will have one (1) vote per Subject Class Action Plaintiff in an amount equal to $1.00; and

(ii) each of the Texas Power Interruption Claimants' Counsel will be entitled to attend the Creditors' Meeting of the Unsecured Creditor Class and will have one (1) vote in an amount equal to $1.00;

(h) the Monitor is required to keep a separate record of votes cast by Affected Creditors with Disputed Claims and report to the CCAA Court with respect thereto at the Plan Sanction Hearing. If approval or non-approval of the Plan by Affected Creditors would be affected by the votes cast in respect of Disputed Claims, such result must be reported to the CCAA Court as soon as reasonably practicable after the Creditors' Meetings; and

(i) Unaffected Claims, the BP Commodity/ISO Services Claim and Equity Claims are not entitled to vote at the Creditors' Meetings.

120. I have been advised by Osler that (i) the provisions of Multilateral Instrument 61 -101 "Protection of Minority Securityholders in Special Transactions", that require "minority" shareholder approval in respect of certain "related party transactions" or "business combinations" may be triggered by the Plan, and (ii) the CCAA provides that shareholders are not required to vote on the Plan unless specifically ordered by the Court.

(d) APPROVAL AND COURT SANCTION OF THE PLAN

121. To be approved, the Plan must receive an affirmative vote by the Required Majorities at each Creditors' Meeting. The result of any vote at the Creditors' Meetings shall be binding on all Affected Creditors in the relevant class for such Meeting, regardless of whether such Affected

Creditor was present at or voted at the applicable Creditors' Meetings) or was entitled to be present or vote at either or both of the Creditors' Meetings.

122. The Just Energy Entities propose that, in the event the Plan is approved by the Required Majorities, the Just Energy Entities will bring a motion on a date to be scheduled by the CCAA Court seeking a Sanction Order sanctioning the Plan under the CCAA.

123. The Monitor will provide a report to the Court as soon as practicable after the Creditors' Meetings with respect to: (a) the results of voting at the Creditors' Meetings; (b) whether the Required Majorities have approved the Plan; (c) the separate tabulation for Disputed Claims; and (d) in its discretion, any other matters relating to the requested Sanction Order (the "**Monitor's Report Regarding the Meetings**"). The Monitor's Report Regarding the Meetings will be served on the Service List and posted on the Monitor's Website and the Noticing Agent's Website prior to the Plan Sanction Hearing.

124. The Just Energy Entities are of the view that the proposed Meetings Order is fair and reasonable in the circumstances and will allow all Affected Creditors to fully consider the Plan and participate in the applicable Creditors' Meeting. The Just Energy Entities accordingly seek approval of the proposed Meetings Order by the CCAA Court.

G. AMENDMENT OF THE CLAIMS PROCEDURE ORDER

125. The Claims Procedure Order permits the Just Energy Entities, at their election and in consultation with the Monitor, to refer any dispute raised in a Notice of Dispute of Revision or Disallowance to either a Claims Officer or the CCAA Court for adjudication. A copy of the Claims Procedure Order is attached hereto as **Exhibit "DD"**.

126. Within the Claims Process, the Just Energy Entities have received one or more Winter Storm Claims which engage, and are based significantly on, the utility regulatory regime in Texas, including the Texas *Public Utility Regulatory Act*. Adjudication and determination of such Winter Storm Claims will require particularized understanding and application of the legal and regulatory framework which govern the transmission, distribution, delivery, procurement, and resale of electricity in Texas. The Winter Storm Claims raise issues of U.S. law which are specific to utility regulation in Texas and, as such, are particularly well suited for determination by the U.S. Bankruptcy Court based in Texas which has carriage of the Applicants' restructuring in the United States instead of by a Claims Officer or the CCAA Court.

127. The Just Energy Entities are accordingly seeking to amend the Claims Procedure Order to permit them, in their sole discretion and in consultation with the Monitor, to have any Winter Storm Claims adjudicated and determined by the U.S. Bankruptcy Court (subject to the entry of an Order by the U.S. Bankruptcy Court recognizing the Authorization Order) rather than by a Claims Officer or the CCAA Court.

128. Should the requested amendment to the Claims Procedure Order be granted by the CCAA Court and the Authorization Order recognized by the U.S. Bankruptcy Court, it is the intention of the Just Energy Entities to request that the Texas Power Interruption Claim be adjudicated and determined by the U.S. Bankruptcy Court.

H. EXTENSION TO THE STAY PERIOD

129. The Initial Order granted a Stay Period until and including March 19, 2021. The Stay Period has subsequently been extended on numerous occasions including, most recently, to May 26, 2022.

130. The Just Energy Entities are seeking to extend the Stay Period up to and including August 19, 2022. The Just Energy Entities believe that the extension of the Stay Period is necessary and appropriate in the circumstances to provide the Just Energy Entities with the necessary breathing room to:

(a) satisfy all milestones dates under the Support Agreement, including the 62-day Voting Period;

(b) call, hold and conduct the Creditors' Meetings to allow Affected Creditors to consider and vote on resolutions to approve the Plan (if no definitive Alternative Restructuring Proposal or definitive Superior Proposal is received and accepted in accordance with the terms of the Support Agreement (or the Support Agreement is not otherwise terminated));

(c) if approved by the Required Majorities of Creditors at the Creditors' Meetings, seek the Sanction Order from the CCAA Court sanctioning the Plan and an enforcement and recognition order from the U.S. Bankruptcy Court; and

(d) if granted, implement the Plan and emerge from the CCAA and Chapter 15 proceedings as well-capitalized, financially viable entities well positioned for long-term success.

131. The extension of the Stay Period is also necessary to allow the Just Energy Entities, in consultation with the Monitor, to continue the process of reviewing and determining all necessary Claims received within the Claims Process in accordance with the Claims Procedure Order.

132. The Just Energy Entities have acted and continue to act in good faith and with due diligence in these CCAA proceedings. Since the last extension to the Stay Period on April 21, 2022, the Just Energy Entities have worked in earnest to finalize the Plan, the Support Agreement, the Backstop Commitment Letter, the Restructuring Term Sheet, the MIP Term Sheet, the Corporate Governance Term Sheet for New Just Energy Parent, the terms of the New Credit Facility, New Intercreditor Agreement and other transaction-related agreements and documents so as to be in a position to seek the Meetings Order and Authorization Order on May 26, 2022.

133. I understand that the Monitor will file a report (the "**Monitor's Tenth Report**") which will include, among other things, a cash flow forecast demonstrating that, subject to the underlying assumptions contained therein, the Just Energy Entities will have sufficient funds to continue their operations and fund these CCAA proceedings until August 19, 2022. I further understand that the Monitor's Tenth Report will recommend that the Stay Period be extended.

Notwithstanding such transfer, the Just Energy Entities and the Monitor shall not be bound to recognize or acknowledge any such transfer and shall be entitled to give notices to and otherwise deal with such Claim only as a whole and only to and with the Person last holding such Claim in whole as the General Unsecured Creditor in respect of such Claim; provided that, such General Unsecured Creditor may, by notice in writing to the Just Energy Entities and the Monitor in accordance with and subject to the Meetings Order and given prior to 5:00 p.m. on the day that is at least ten (10) Business Days prior to the date of the Meeting, direct the subsequent dealings in respect of such Claim, but only as a whole, shall be with a specified Person and in such event, such transferee of the Claim and the whole of such Claim shall be bound by any notices given or steps taken in respect of such Claim in accordance with the Meetings Order and any further Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding.

In the Plan, the deeming provisions are not rebuttable and are conclusive and irrevocable.

11.6 Non-Consummation

Subject to the Support Agreement, the Just Energy Entities reserve the right to revoke or withdraw the Plan at any time prior to the Effective Date. 11.7 Amendments to the Plan Prior to Approval

Subject to the terms and conditions of the Support Agreement, the Just Energy Entities reserve the right to vary, modify, amend, or supplement the Plan by way of a supplementary or amended and restated plan or plans of compromise or arrangement or both filed with the Court at any time or from time to time prior to the commencement of the Meetings; provided that, the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed. Any such supplementary or amended and restated plan or plans of compromise or arrangement or both shall, for all purposes, be deemed to be a part of and incorporated into the Plan. Any such variation, modification, amendment, or supplement shall be posted on the Monitor's Website and e-mail notice will be provided to the CCAA Proceeding service list. Creditors are advised to check the Monitor's Website regularly. Creditors who wish to receive written notice of any variation, modification, amendment, or supplement to the Plan should contact the Monitor in the manner set out in Section 11.14 of the Plan. Creditors in attendance at the Meetings will also be advised of any such variation, modification, amendment or supplement to the Plan.

In addition, the Just Energy Entities may propose a variation or modification of, or amendment, or supplement to, the Plan during the Meetings, provided that the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed, and that notice of such variation, modification, amendment, or supplement is given to all Creditors entitled to vote, present in person or by proxy at the applicable Meeting prior to the vote being taken at such Meeting, in which case any such variation, modification, amendment, or supplement shall, for all purposes, be deemed to be part of and incorporated into the Plan. Any variation, amendment, modification, or supplement at a Meeting will be promptly posted on the Monitor's Website, served by e-mail to the service list in the CCAA Proceeding and filed with the Court as soon as practicable following the applicable Meeting.

11.8 Amendments to the Plan Following Approval

After the Meetings (and both prior to and subsequent to obtaining the Sanction Order), the Just Energy Entities may at any time and from time to time vary, amend, modify, or supplement the Plan without the need for obtaining an Order of the Court or providing notice to the Creditors, if the Just Energy Entities, the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor, each acting reasonably, determine that such variation, amendment, modification, or supplement would not be materially prejudicial to the interests of any Creditors under the Plan or is necessary in order to give effect to the substance of the Plan or the Sanction Order.

11.9 Paramountcy

From and after the Effective Time on the Effective Date, any conflict between:

(a) the Plan or any Final Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding; and

(b) the covenants, warranties, representations, terms, conditions, provisions or obligations, expressed or implied, of any contract, mortgage, security agreement, indenture, trust indenture, note, loan agreement, commitment letter, agreement for sale, lease or other agreement, written or oral and any and all amendments or supplements thereto existing between any Person and the Just Energy Entities immediately prior to the Effective Date or the notice of articles, articles, bylaws or constating documents of the Just Energy Entities or New Just Energy Parent immediately prior to the Effective Date,

will be deemed to be governed by the terms, conditions and provisions of the Plan or the applicable Final Order, which shall take precedence and priority; provided that, any settlement agreement executed by the Just Energy Entities and any Person asserting a Claim that was entered into from and after the Filing Date shall be read and interpreted in a manner that assumes such settlement agreement is intended to operate congruously with, and not in conflict with, the Plan.

11.10 Severability of Plan Provisions

If any term, section or provision of the Plan is held by the Court or the U.S. Court to be invalid, void or unenforceable, the Court or the U.S. Court, as applicable, at the request of the Just Energy Entities and with the consent of the Monitor, the Credit Facility Lenders and the Plan Sponsor, each acting reasonably, shall have the power to either (a) sever such term, section or provision from the balance of the Plan as approved by the Court or the U.S. Court, as applicable, and provide the Just Energy Entities with the option to proceed with the implementation of the balance of the Plan as of and with effect from the Effective Date; or (b) alter and interpret such term, section or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of such term, section or provision held to be invalid, void or unenforceable, and such term, section or provision shall then be applied as altered or interpreted. Notwithstanding any such holding, alteration or interpretation of the Plan, the remainder of the terms, sections and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation.

11.11 The Monitor

(a) The Monitor is acting and will continue to act in all respects in its capacity as Monitor in the CCAA Proceeding and not in its personal or corporate capacity. The Monitor will not be responsible or liable whatsoever for any obligations of the Just Energy Entities. The Monitor will have the powers and protections granted to it by the Plan, the CCAA and the Orders made by the Court in the CCAA Proceeding. Both prior to and after the Effective Date, the Just Energy Entities shall provide such assistance as reasonably required by the Monitor in connection with the completion of the Monitor's duties and obligations under the Plan.

(b) The Monitor shall not incur any liability whatsoever, including in respect of (i) any amount paid, required to be paid or not paid pursuant to the Plan, (ii) any costs or expenses incurred in connection with, in relation to or as a result of any payment made, required to be made or not made, or (iii) any deficiency in the Plan Implementation Fund or any reserves established pursuant to the Plan. Notwithstanding any other provision of the Plan, and without in any way limiting

the protections for the Monitor set out in the Orders made by the Court in the CCAA Proceeding or the CCAA, the Monitor shall have no obligation to make any payment contemplated under the Plan, and nothing shall be construed as obligating the Monitor to make any such payment, unless and until the Monitor is in receipt of funds adequate to effect any such payment.

11.12 Different Capacities

Persons who are affected by the Plan may be affected in more than one capacity. Unless expressly provided herein to the contrary, a Person will be entitled to participate hereunder in each such capacity. Any action taken by a Person in one capacity will not affect such Person in any other capacity, unless expressly agreed by the Just Energy Entities and the Plan Sponsor, each acting reasonably, and the Person, in writing, or unless its Claims overlap or are otherwise duplicative.

11.13 Authority and Reliance Upon Consent

For the purposes of the Plan, where a matter shall have been agreed, waived, consented to or approved by:

(b) the Plan Sponsor, or a matter must be satisfactory or acceptable to the Plan Sponsor, such matter shall be decided by the majority of parties composing the Plan Sponsor, and any Person shall be entitled to rely on written confirmation from either Plan Sponsor Counsel that the Plan Sponsor has agreed, waived, consented to, or approved a particular matter;

(c) the Credit Facility Lenders, or a matter must be satisfactory or acceptable to the Credit Facility Lenders, any person shall be entitled to rely on written confirmation from the Credit Facility Agent or its counsel that the Credit Facility Lenders have agreed, waived, consented to or approved a particular matter;

(f) the Backstop Parties, or a matter must be satisfactory or acceptable to the Backstop Parties, such matter shall be decided in accordance with the terms of the Backstop Commitment Letter,

provided that any provision that requires an agreement, waiver, consent or approval from a party in respect of a matter will not limit any agreement, waiver, consent or approval required from a Supporting Party pursuant to the Support Agreement in respect of the same subject matter.

US Class Counsel brought a motion on February 9/22 primarily seeking the following relief:
(1) an order declaring the class claimants in the Danin v. Just Energy Group Inc et and the Tardot v. Just Energy Solutions Inc (the "Class Claimants") are to be unaffected by this CCAA Proceeding;
(2) in the alternative, an order directing

amongst other things, "a timely schedule and process" leading to the final adjudication of the Donin and Fordet Actions (the "Class Claims") prior to this Court's determination of the Applicants' Plan, or other event to exit this CCAA proceeding; and,

(3) access to any data room / appointing a mediator / arbitrator to resolve disputes / production of specific documents listed in the Notice of Motion / & a compulsory meeting between the Applicants and U.S. Class Counsel.

Upon the conclusion of the motion I dismissed the motion with reasons to follow. I am now providing those reasons by hand given the time sensitive nature of this matter.

I do not propose to outline the background of this matter,

in great detail, as the facts are well-known to the stakeholders.

Briefly, the Applicants obtained CCAA protection in March/21. The Applicants have been working with its significant stakeholder in their capital structure to develop a going-concern restructuring plan (the "Plan").

The Applicants provide energy to approximately 950,000 customers in Canada and the U.S. and employ over 1,000 people.

Currently, the Applicants are hopeful that agreement on the Plan can be reached in the near future. A motion date has been set for March 3/22 at which time the Applicants will seek an order to file the Plan and obtain a meeting order. There is some

possibility that the March 3/22 hearing date will be delayed somewhat if the Plan has not been prepared.

In this regard the Applicants are working with their DIP Lenders (who are also the Term Loan Lenders, and the assignee of a large secured supplier claim from BP), the Credit Facility Lenders and Shell who is also a significant, secured supplier. The Monitor is assisting and is supportive of the attempt to file a Plan.

Against this backdrop, the U.S. Class Counsel bring their motion. Generally, they assert that either the Class Claimants should be unaffected by the CCAA proceeding or, alternatively, that the aforementioned expedited process be

undertaken before three arbitrators from JAMS(US) to ensure that the Class Claimants can meaningfully participate in the restructuring process and vote at a meeting of creditors considering the Plan.

This would of necessity require a motion on certification, possible summary judgement, outstanding discovery (to date there has been no discovery in the Sandet Action) preparation of experts reports, procedural motions, PTC and trial.[1]

US Class Counsel link their schedule to the Creditors' Meeting where a vote would take place.

Although uncertified, the Class Claims have survived an attempt in the US Courts to have them dismissed outright, although the

Class Claims have been narrowed in scope.

Also, US Class Counsel have filed two Proofs of Claim, which the Monitor has denied. Each is in the amount of approximately $3.6 billion USD and is an unsecured claim.

Insofar as the motion is concerned, the Applicants oppose the relief sought and are supported by the Monitor.

The DIP Lenders, the Agent/Credit Facility Lenders and Shell also oppose the motion.

I will now turn to the relief sought by U.S. Class Counsel.

First, as noted, US Class Counsel seek an order that the Class Claimants should be unaffected by

this CCAA Proceeding.

Generally, they submit that the Applicants cannot have it both ways. Namely, they cannot describe the Class Claims as being meritless / frivilous and at the same time resist a motion to allow them to proceed outside of the CCAA Proceeding.

I disagree. If the order was granted it would allow the unsecured Class Claimants to partially dictate the form of the Plan which has not yet been placed before this Court. This runs contrary to the caselaw that allows debtors to determine how they should deal with creditors in a proposed plan — subject to a creditor vote.

In this regard, U.S. Class Counsel have not produced any

caselaw to support its position. To allow the relief sought would, in essence, elevate the Class Claims above other unliquidated, unsecured, contingent claims who would undoubtedly like to receive similar treatment.

Further, as a practical matter, the DIP Lenders who have been longstanding stakeholders, have clearly stated that they will not support a Plan that leaves the Class Claims unaffected. This is a reasonable position given the nature of the proposed Plan.

Second is the motion directing the speedy determination of the Class Claims utilizing JAMS (U.S.) within the general time frame set out above.

Here U.S. Class Counsel submit that the Applicants ignored them

for approximately three weeks later in 2021 and US Class Counsel were later told in early Feb/22 that there was no time to conduct the proposed process given the proposed meeting date.

US Class Counsel also submit that there is equity in the Applicants based on their own filings (which is hotly contested by the Applicants).

Overall, they argue that the process must be fair and reasonable/constructive for all stakeholders; that their timeline is achievable and has been accomplished in other similar cases[2]; and that given the size of the Class Claims that they should be determined before the creditors vote, particularly since they have been disallowed by the Monitor.

I do not agree for a number of reasons:

i) I do not accept that the Applicants have "sandbagged" the US Class Counsel based on the record before me. Given the complexity of the restructuring and the timing of the U.S. Class Counsel's proposed adjudication plan it is not surprising that it took a matter of weeks to respond;

ii) within the CCAA Proceeding U.S Class Counsel have not yet contested the disallowance of the Class Claims, thus not triggering the adjudication process provided for in claims procedure order;

iii) I have significant concerns, and very much doubt, that the process proposed by US Class Counsel is viable given the significant number of Claimants – including

certification and damage - that would have to occur in a compressed timeline (it bears noting that in the 3-4 years that the Class Claims have been outstanding they have not completed these stages).

iv) even if such a process was allowed it would be a tremendous distraction from the restructuring which is at a critical juncture;

v) the Applicants' Plan has not yet been offered to the Court, nor has the issue of a meeting order been addressed - the CCAA process should be allowed to progress further before the adjudication proposed by U.S. Class Counsel is considered;

vi) last and overall, I am not of the view that the hotly contested Class Claims (both an

liability and quantum) ought to adjudicated before other claims and prior to the next contemplated step in the CCAA Proceeding - in this regard the cases relied upon (Essar and Cowra) are distinguishable as per the submissions of the DIP Lenders at paras 34-35 of their Factum.[2a]

The third issue concerns the data room / production of documents and related relief.

US Class Counsel generally submit that given the size and nature of their US Class Claims that it is appropriate that they have access to the data room and the specific documents referenced in para 3(c) of their Notice of Motion.

In this regard US Class Counsel rely on a number of other

CCAA cases in which significant stakeholders were given access to data rooms / documentation.[3]

US Class Counsel have entered into an NDA with the Applicants. With the assistance of the Monitor, certain documentation, including the Applicants' May 21 Business Plan and DIP Term Sheet amongst other documents, have been provided to US Class Counsel. Many requests have not been agreed to by the Applicants.

It bears noting that the secured lenders will not provide their consent to share information/documentation sought which concerns their confidential negotiations.

Further, in this regard the Monitor submits that it, and the Applicants, have been responsive to US Class

Class Counsel's request for documentation and that the Early documentation withheld relates to information concerning the negotiations. The Monitor, again, supports the Applicants' position.

At the motion, time did not allow for a granular review of the documents produced and sought.

I agree with the Applicants, however, that US Class Counsel should not be allowed to documentation concerning the ongoing negotiations. Further, based on the record I am generally satisfied that adequate production has been made.

If specific documents not related to the negotiations, are still sought I can be spoken to.

With respect to the issue of production I also note that the cases relied

upon by US Class Counsel are not analogous to the within CCAA Proceeding. For example, this CCAA Proceeding is far different than that in Sino-Forest or Nortel.[4]

For all of the reasons above the motion is dismissed. Generally, I am of the view that the CCAA Proceeding ought to proceed as per the provisions of the Act without the relief sought by US Class Counsel (save and except some limited production if deemed sensible by this Court).

In due course the Plan will be presented to the Court and the question of a meeting and vote will be dealt with. US Class Counsel will have the opportunity to make submissions. This is

preferrable and fairer to all creditors than to have the Class Claims receive enhanced treatment insofar as an expedited hearing and production are concerned.

It also negates the possibility of derailing the ongoing, sensitive negotiations that are currently ongoing and creating a truncated adjudication of the Class Claims that may well be unachievable in the available time period.

(c) use commercially reasonable efforts to cooperate with and assist the Just Energy Entities in obtaining additional support for the Restructuring from the Just Energy Entities' other stakeholders; *provided, however,* the foregoing shall not require the Plan Sponsor to take or refrain from taking any action that would materially change or impair the terms of the Restructuring or its rights under this Agreement;

(d) act in good faith and take (and cause its agents, representatives, and employees to take) all actions that are reasonably necessary or appropriate, and all actions required by the CCAA Court and/or the US Bankruptcy Court, to support and achieve sanctioning and consummation of the Plan and consummation of all transactions and implementation steps provided for or contemplated in the Restructuring;

(e) not object to, delay, impede, or take any other action to interfere with sanctioning, consummation, or implementation of the Plan or the transactions contemplated by the Restructuring, the Plan, or this Agreement;

(i) Termination Generally. The earliest date on which termination of this Agreement as to a Party is effective in accordance with this Section 12 or Section 16 shall be referred to, with respect to such Party, as a "**PSA Termination Date**." Upon the occurrence of a PSA Termination Date, the applicable Party's obligations (as set forth herein) under this Agreement shall be terminated effective immediately, and such Parties or Party hereto shall be released from all commitments, undertakings, and agreements hereunder, and any vote in favor of the Plan delivered by such Party or Parties shall not be applicable to, or counted for purposes of, the Plan or any other plan or transaction without the consent of the applicable voting Party or Parties; *provided*, any claim for breach of this Agreement that occurs prior to such PSA Termination Date shall survive such termination, and all rights and remedies with respect to such claims shall not be prejudiced in any way. For the avoidance of doubt, the automatic stay arising pursuant to Bankruptcy Code section 362 or the stay of proceedings provided for in the Initial Order in the CCAA Proceedings or in other applicable Canadian laws shall be deemed waived or modified for purposes of providing notice or exercising rights hereunder.

13. **Transfers**.

(a) Each of the Parties other than the Just Energy Entities (the "**Supporting Creditors**"), solely with respect to itself (as expressly identified and limited on its signature page

to this Agreement or Joinder Agreement (as defined below), as applicable), shall not sell, transfer, assign, pledge, hypothecate, participate, donate, or otherwise encumber or dispose of, directly or indirectly (including through derivatives, options, swaps, pledges, forward sales, or other transactions in which any Person receives the right to own or acquire any current or future interest in) (each, a "**Transfer**"), or permit a Transfer of, directly or indirectly, in whole or in part, any of its Claims or, in each case, any option thereon or any right or interest therein or any other claims against the Company (including grant any proxies, deposit any Claims into a voting trust, or enter into a voting agreement with respect to any such Claims), unless the transferee thereof either (i) is a Supporting Creditor or (ii) before or contemporaneously with such Transfer, agrees in writing for the benefit of the Parties to become a Party and to be bound by all of the terms of this Agreement applicable to the Supporting Creditor who is a transferor (such Supporting Creditor, the "**Transferor**"), by executing a joinder agreement substantially in the form attached hereto as **Exhibit E** (a "**Joinder Agreement**"), and delivering an executed copy thereof within two (2) business days after such Transfer to (1) Kirkland & Ellis LLP ("**K&E**") and Osler Hoskin Harcourt LLP ("**Osler**"), counsel to the Just Energy Entities, (2) Akin Gump Strauss Hauer & Feld LLP ("**Akin**") and Cassels Brock & Blackwell LLP ("**Cassels**"), and counsel to the Plan Sponsor, and (3) McCarthy Tétrault LLP ("**McCarthy**") and Chapman & Cutler LLP ("**Chapman**"), counsel to the Supporting Secured CF Lenders and the Credit Facility Agent ((1), (2), and (3) the "**Transfer Notice Parties**") in which event (x) the transferee shall be deemed to be a Party in the same manner as the Transferor to the extent of such transferred rights and obligations and (y) the Transferor shall be deemed to relinquish its rights (and be released from its obligations) under this Agreement to the extent of such transferred rights and obligations; *provided*, that, failure to deliver such Joinder Agreement on a timely basis shall not by itself affect the applicable Transferor's or transferee's obligations under this Agreement with respect to such Claims or render the Transfer *void ab initio* with respect to such Claims; *provided*, that the failure by the Transferor to comply with the procedures set forth in this Section 13(a) with respect to a Transfer to any entity that, as of the date of such Transfer controls, is controlled by, or is under common control with the Transferor shall not, without more, constitute a breach of this Agreement if (i) the transferee provides notice of such Transfer to the Transfer Notice Parties (which may be delivered by email) promptly after such Transfer and (ii) the transferee shall be bound by all terms of this Agreement applicable to the Transferor, and deemed to be the Plan Sponsor, CBHT, Shell, a Supporting Secured CF Lender, or Supporting Unsecured Creditor, as applicable. To the extent that the Tranferor's Claim or other securities issued by the Company may be loaned (and consequently pledged, hypothecated, encumbered, or rehypothecated by) as part of customary securities lending arrangements (each such arrangement, a "**Customary Securities Lending Arrangement**"), and such Customary Securities Lending Arrangement does not adversely affect the Transferor's ability to timely satisfy any of its obligations under this Agreement, such Customary Securities Lending Arrangement shall not be deemed a Transfer hereunder. Each of the Supporting Creditors agrees that any Transfer of any Claims that does not comply with the terms and procedures set forth herein shall be deemed *void ab initio*, and the Just Energy Entities shall have the right to enforce the voiding of such Transfer. This Agreement shall in no way be construed to preclude any of the Supporting Creditors from acquiring additional Claims against the Just Energy Entities; *provided*, that, (i) any such additional Claims automatically shall be subject to all of the terms of this Agreement and (ii) such Supporting Creditor agrees (A) that such additional Claims shall be subject to this Agreement (except as expressly provided below), and (B) to notify the Transfer Notice Parties within three (3) business days following such acquisition of the aggregate amount.

(b) Notwithstanding this Section 13, any Supporting Creditor may Transfer its Claims against the Just Energy Entities to an entity that is acting in its capacity as a Qualified Marketmaker[3] without the requirement that such Qualified Marketmaker execute and deliver a Joinder Agreement in respect of such Claims against the Just Energy Entities or be a Supporting Creditor; *provided*, that such Qualified Marketmaker (i) subsequently Transfers such Claims against the Just Energy Entities to a transferee that is or becomes (by executing and delivering a Joinder Agreement in accordance with this Section 13) a Supporting Creditor at the time of such Transfer within the earlier of (A) ten (10) calendar days of its acquisition of such Claims and (B) if received prior to the deadline to vote on the Plan and such Claims have not yet been and may yet be voted with respect to the Restructuring, at least three (3) calendar days prior to such deadline, and (ii) if such Qualified Marketmaker fails to comply with its obligations in this Section 13, such Qualified Marketmaker shall be required to, and shall be deemed to be without further action, a Supporting Creditor hereunder solely with respect to such Claims and shall be obligated to vote such Claims in favor of the Plan; *provided*, that the Qualified Marketmaker shall automatically, and without further notice or action, no longer be a Supporting Creditor with respect to such Claims at such time that the transferee of such Claims becomes a Supporting Creditor with respect to such Claims. Any Transfer documentation between a transferring Supporting Creditor and the Qualified Marketmaker shall contain a requirement that the Qualified Marketmaker comply with the foregoing, which covenant will be held by the transferor for the benefit of the Just Energy Entities. To the extent any Supporting Creditor is acting in its capacity as a Qualified Marketmaker, it may Transfer any Claims that it acquires from a holder of such Claims that is not a Supporting Creditor without the requirement that the transferee be or become a Supporting Creditor. Notwithstanding anything to the contrary in this Agreement, the restrictions on Transfer in this Section 13 shall not apply to the grant of any liens or encumbrances on any Claims in favor of a bank or broker-dealer holding custody of such Claims in the ordinary course of business and which lien or encumbrance is released upon the Transfer of such Claims (which Transfer shall comply with the requirements of this Section 13).

14. **Definitive Documents; Good Faith Cooperation; Further Assurances**.

Each Party hereby covenants and agrees to cooperate with each other in good faith in connection with, and shall exercise commercially reasonable efforts with respect to, the pursuit, approval, implementation, and consummation of the transactions contemplated by this Agreement and the Plan as well as the negotiation, drafting, execution, and delivery of the Definitive Documents. Furthermore, subject to the terms hereof, each of the Parties shall take such action as may be reasonably necessary or reasonably requested by the other Parties to carry out the purposes and intent of this Agreement, and shall refrain from taking any action that would frustrate the purposes and intent of this Agreement subject in each case to the terms and conditions of the applicable agreements.

(e) CBHT represents and warrants to the Just Energy Entities that, as of the date hereof, CBHT (i) is or, after taking into account the settlement of any pending assignments to which the CBHT is a party as of the date of this Agreement, will be the owner of the Claims and

interests set forth below its name on the signature page hereto and/or (ii) has or, after taking into account the settlement of any pending assignments to which CBHT is a party as of the date of this Agreement, will have, with respect to the beneficial owner(s) of such Claims and interests, (x) sole investment or voting discretion with respect to such Claims, (y) full power and authority to vote on and consent to matters concerning such Claims and interests or to exchange, assign, and Transfer such Claims and interests, and (z) full power and authority to bind or act on the behalf of, such beneficial owner(s) and (iii) is an "accredited investor" as defined in Rule 501(a) under the Securities Act of 1933, as amended. Except for such Claims and interests set forth on its signature page, CBHT does not own or, with respect to any beneficial owners thereof, have any voting, investment, or other power, with respect to any other Claims or interests against the Just Energy Entities.

(f) The Just Energy Entities represent and warrant that the only ISO Services Obligations (as defined in the Intercreditor Agreement) that were outstanding as of the Filing Date are: (i) Shell Energy ISO Reimbursement Obligations (as defined in the Intercreditor Agreement) in the aggregate amount of approximately USD$3.3 million, calculated on a gross basis (which was netted against approximately USD$11.1 million of an independent systems operator services receivable owed by Shell to the Just Energy Entities); and (ii) the applicable amount of the BP Commodity / ISO Services Claim.

16. **Amendments**. Except as otherwise expressly set forth herein, this Agreement (including any Exhibits and Schedules) may not be waived, modified, amended, or supplemented except in a writing signed by the Just Energy Entities and the Plan Sponsor; *provided, further* that any waiver, modification, amendment, or supplement that (w) adversely and disproportionately impacts the treatment or rights of any Supporting Secured CF Lender with respect to its Credit Facility Claims, Credit Facility LC Claims, Commodity Supplier Claims or Cash Management Claims or any Supporting Unsecured Creditor with respect to its Term Loan Claims (as applicable) as compared to the treatment or rights of any other Supporting Secured CF Lender or Supporting Unsecured Creditor, as the case may be, shall require the consent of such adversely and disproportionately impacted Supporting Secured CF Lender or Supporting Unsecured Creditor, (x) adversely impacts the treatment, rights, or interests of Shell, CBHT, the Supporting Secured CF Lenders or the Supporting Unsecured Creditors under or as contemplated by this Agreement (including the Exhibits and Schedules) shall require the consent of any such adversely impacted Party, (y) relates to the Plan, the New Credit Agreement or New Intercreditor Agreement shall require the consent of the Supporting Secured CF Lenders, or (z) except as otherwise provided in, or envisioned by, this Agreement as of the PSA Shell Effective Date, the PSA CBHT Effective Date, the PSA Secured CF Effective Date, or the PSA TL Effective Date, as applicable, requires Shell, CBHT, any Supporting Secured CF Lender, the Credit Facility Agent or any Supporting Unsecured Creditor to incur any expenses, liabilities, or other obligations, or agree to any commitments, undertakings, concessions, indemnities, or other arrangements that could result in expenses, liabilities, or other obligations, shall require the consent of the impacted Party; *provided, further* that, in the case of either (x), (y), or (z), in the event that any such Supporting Creditor whose consent is required does not consent to such waiver, change, modification, or amendment (a "**Non-Supporting Creditor**"), this Agreement may be terminated by such Non-Supporting Creditor (as applicable to it) upon written notice to the other Parties, but this Agreement shall continue in full force and effect in respect to all other Supporting Creditors whose consent is not required or whose consent is required and was provided.

17. **Governing Law; Jurisdiction; Waiver of Jury Trial**.

(a) This Agreement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the laws of the Province of Ontario and the federal laws of Canada applicable therein, without giving effect to the conflicts of law principles thereof.

(b) Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Agreement brought by any party or its successors or assigns shall be brought and determined in the CCAA Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the CCAA Court and, if the CCAA Court does not have (or abstains from) jurisdiction, Courts of the Province of Ontario, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Agreement. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim, or otherwise, in any proceeding arising out of or relating to this Agreement, (i) any claim that it is not personally subject to the jurisdiction of the CCAA Court as described herein for any reason, (ii) that it or its property is exempt or immune from jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise), and (iii) that (x) the proceeding in such court is brought in an inconvenient forum, (y) the venue of such proceeding is improper, or (z) this Agreement, or the subject matter hereof, may not be enforced in or by such court.

(c) **EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER THEORY). EACH PARTY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT, OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.**

18. **Specific Performance/Remedies**. The Parties understand and agree that money damages would be an insufficient remedy for any breach of this Agreement by any Party and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief (including attorneys' fees and costs) as a remedy of any such breach, without the necessity of proving the inadequacy of money damages as a remedy. Each Party hereby waives any requirement for the security or posting of any bond in connection with such remedies.

19. **Survival**. Notwithstanding the termination of this Agreement pursuant to Section 12 hereof, Sections 12(h) and 16-30 shall survive such termination and shall continue in

full force and effect in accordance with the terms hereof; *provided*, that any liability of a Party for failure to comply with the terms of this Agreement shall survive such termination.

20. **Headings**. The headings of the sections, paragraphs, and subsections of this Agreement are inserted for convenience only and shall not affect the interpretation hereof or, for any purpose, be deemed a part of this Agreement.

21. **Successors and Assigns; Third Parties**. This Agreement is intended to bind and inure to the benefit of the Parties and their respective successors, permitted assigns, heirs, executors, administrators, and representatives. There are no third-party beneficiaries under this Agreement and, except as set forth in Section 13, the rights or obligations of any Party under this Agreement may not be assigned, delegated, or transferred to any other Person.

22. **Relationship Among Parties**. Notwithstanding anything herein to the contrary, the duties and obligations of the Supporting Creditors under this Agreement shall be several, not joint and several. None of the Supporting Creditors shall have any fiduciary duty, any duty of trust or confidence in any form, or other duties or responsibilities to each other, the Just Energy Entities, or any of the Just Energy Entities' creditors, stockholders, or other stakeholders, and there are no commitments among or between the Supporting Secured CF Lenders, the Supporting Unsecured Creditors, Shell, CBHT, and/or the Plan Sponsor. It is understood and agreed that any Supporting Creditor may trade in any debt or equity securities of the Just Energy Entities without the consent of any other Party, subject to applicable securities laws and the terms of Section 13 of this Agreement. No prior history, pattern, or practice of sharing confidences among or between the Parties shall in any way affect or negate this understanding and agreement. The Parties have no agreement, arrangement, or understanding with respect to acting together for the purpose of acquiring, holding, voting, or disposing of any equity securities of the Just Energy Entities and do not constitute a "group" within the meaning of Rule 13d-5 under the Securities Act of 1933, as amended. The Just Energy Entities understand that each of the Supporting Creditors are engaged in a wide range of financial services and businesses, and, in furtherance of the foregoing, the Just Energy Entities acknowledge and agree that the obligations set forth in this Agreement (including Section 13 hereof) shall only apply to the trading desk(s) and/or business group(s) that principally manage and/or supervise such Supporting Creditor's investment in and relations with the Just Energy Entities and shall not apply to any other trading desk, business group, or affiliate of such Supporting Creditor so long as they are not acting at the direction or for the benefit of such Supporting Creditor and so long as confidentiality is maintained consistent with any applicable confidentiality agreement.

23. **Prior Negotiations; Entire Agreement**. This Agreement, including the Exhibits and Schedules (including the Restructuring Term Sheet), constitutes the entire agreement of the Parties, and supersedes all other prior negotiations, with respect to the subject matter hereof and thereof.

24. **Counterparts**. This Agreement may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. Execution copies of this Agreement delivered by facsimile or PDF shall be deemed to be an original for the purposes of this paragraph.

vote on the Plan have received the required Solicitation Materials. In addition, this Agreement does not constitute an offer to issue or sell securities to any Person, or the solicitation of an offer to acquire or buy securities, in any jurisdiction where such offer or solicitation would be unlawful.

27. **Severability**. If any provision of this Agreement, or the application of any such provision to any Person or circumstance, shall be held invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision hereof and this Agreement shall continue in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party.

28. **Interpretation; Rules of Construction; Representation by Counsel**. The Parties agree that they have been represented by legal counsel during the negotiation and execution of this Agreement and, therefore, waive the application of any law, regulation, holding, or rule of construction providing that ambiguities in an agreement or other document shall be construed against the party drafting such agreement or document.

29. **Reliance and Authority**.

(b) Submission of a validly completed New Equity Offering Participation Form and the applicable Subscription Amount by a Beneficial Term Loan Claim Holder that qualifies as a New Equity Offering Eligible Participant in accordance with the Meetings Order, the New Equity Offering Documentation and this Section 3.9 shall constitute an irrevocable subscription by the applicable Beneficial Term Loan Claim Holder, and a commitment by the applicable Beneficial Term Loan Claim Holder, to participate in the New Equity Offering Rights by purchasing up to its Subscription Share Percentage of the New Equity Offering Shares.

(c) Subject to the terms and conditions of the Backstop Commitment Letter, each Backstop Party shall deliver a completed and executed New Equity Offering Participation Form and fund its Subscription Amount in accordance with the Backstop Commitment Letter.

(d) Additional Backstop Parties shall fund their Backstop Party's Commitments in accordance with the Backstop Commitment Letter. (h) Each Initial Backstop Party that is not a Defaulting Backstop Party thereunder, may assume the Defaulting Backstop Party's Backstop Party Commitments and obligation to subscribe for such Defaulting Backstop Party's New Equity Offering Shares available under its New Equity Offering Rights, subject to and in accordance with the terms and conditions of the Backstop Commitment Letter.

(i) All Subscription Amounts and Backstop Party's Commitments received by the Escrow Agent in accordance with this Section 3.9 shall be held by the Escrow Agent, in escrow, and shall be transferred by the Escrow Agent as directed by the Just Energy Entities in accordance with the Plan upon the Effective Date. In the event that the Plan is terminated, withdrawn or revoked in accordance with the terms hereof, the Support Agreement or the Backstop Commitment Letter, or the Backstop Commitment Letter is terminated in accordance with its terms, the Escrow Agent shall forthwith return all Subscription Amounts and Backstop Party's Commitments received pursuant to this Section 3.9 to the applicable Beneficial Term Loan Claim Holder and Backstop Party.

3.10 Transferred Claims

Any General Unsecured Creditor may transfer the whole of its Claim prior to the Meeting for General Unsecured Creditors in accordance with the Subordinated Note Documents, the Claims Procedure Order and the Meetings Order, as applicable; provided that, the Just Energy Entities and the Monitor shall not be obligated to recognize the transferee of such Claim as a General Unsecured Creditor in respect thereof, including allowing such transferee to vote at the Meeting for General Unsecured Creditors, unless a Proof of Assignment has been received by the Just Energy Entities and the Monitor prior to 5:00 p.m. on the day that is at least ten (10) Business Days prior to the date of the Meeting and such transfer has been acknowledged in writing by the Just Energy Entities and the Monitor. Thereafter such transferee shall, for all purposes in accordance with the Claims Procedure Order, the Meetings Order, the CCAA and the Plan, constitute a General Unsecured Creditor and shall be bound by any notices given or steps taken in respect of such Claim in accordance with the Meetings Order and any further Order of the Court in the CCAA Proceeding.

If a General Unsecured Creditor transfers the whole of its Claim to more than one Person or part of such Claim to another Person after the Filing Date, such transfer shall not create a separate Voting Claim and such Claim shall continue to constitute and be dealt with for the purposes hereof as a single Voting Claim. Notwithstanding such transfer, the Just Energy Entities and the Monitor shall not be bound to recognize or acknowledge any such transfer and shall be entitled to give notices to and otherwise deal with such Claim only as a whole and only to and with the Person last holding such Claim in whole as the General Unsecured Creditor in respect of such Claim; provided that, such General Unsecured Creditor may, by notice in writing to the Just Energy Entities and the Monitor in accordance with and subject to the Meetings Order and given prior to 5:00 p.m. on the day that is at least ten (10) Business Days prior to the date of the Meeting, direct the subsequent dealings in respect of such Claim, but only as a whole, shall be with a specified Person and in such event, such transferee of the Claim and the whole of such Claim shall be bound by any notices given or steps taken in respect of such Claim in accordance with the Meetings Order and any further Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding.

No Beneficial Term Loan Claim Holder shall be entitled to transfer its Pro Rata Share of the Term Loan Claim on or following the Term Loan Record Date; provided that the Just Energy Entities shall have the authority, with the consent of the Monitor and the Plan Sponsor (such consent not to be unreasonably withheld, conditioned or delayed), to permit a transfer of a Beneficial Term Loan Claim Holder's Pro Rata Share of the Term Loan Claim following the Term Loan Record Date for distribution purposes under the Plan for the sole purpose of a Beneficial Term Loan Claim Holder transferring the whole of its Pro Rata Share of the Term Loan Claim to a single designee in order for such Beneficial Term Loan Claim Holder to transfer such Pro Rata Share of the Term Loan Claim to a party that can receive the Term Loan Claim Shares in accordance with this Plan and Applicable Laws and so long as such transfer will not result in the Just Energy Entities being unable to satisfy the condition precedent set forth in Section 10.1(l).

On the Effective Date, in accordance with the terms and in the steps and sequences set forth in the Restructuring Steps Supplement and in accordance with the provisions of the Sanction Order, the treatment of all Affected Claims and all Released Claims, in each case as set forth in the Plan, shall be final and binding on the Just Energy Entities, all Creditors, any Person having a Released Claim

and all other Persons named or referred to in or subject to the Plan (and their respective heirs, executors, administrators, legal personal representatives, successors and assigns), and all Affected Claims and all Released Claims shall be fully, finally, irrevocably and forever released, discharged, cancelled and barred except as provided for herein, and the Just Energy Entities and the Released Parties shall thereupon have no further obligation whatsoever in respect of such Affected Claims or the Released Claims, as applicable; provided that, nothing herein releases the Just Energy Entities or any other Person from their obligations to make distributions in the manner and to the extent provided for in the Plan and provided further that, such discharge and release of the Just Energy Entities shall be without prejudice to the right of a Creditor in respect of a Disputed Claim to prove such Disputed Claim in accordance with the Claims Procedure Order so that such Disputed Claim may become an Accepted Claim.

3.12 Guarantees and Similar Covenants

No Person who has a Claim under any guarantee, surety, indemnity or similar covenant in respect of any Claim that is compromised and released under the Plan or who has any right to claim over in respect of or to be subrogated to the rights of any Person in respect of a Claim that is compromised under the Plan shall be entitled to any greater rights than the Person whose Claim is compromised under the Plan.

5.1 Distributions Generally

All distributions to be effected pursuant to the Plan shall be made pursuant to this Article 5 and Article 6 and shall occur in the manner set forth herein and therein. (c) All cash distributions to be made under the Plan to a General Unsecured Creditor shall be made by the Monitor on behalf of the Just Energy Entities by cheque or by wire transfer and (i) in the case of a cheque, will be sent, via regular mail, to such Creditor to the address specified in the Proof of Claim filed by, or Negative Notice Claims Package delivered to, such Creditor or such other address as the Creditor may from time to time notify the Monitor in writing in accordance with Section 11.14, or (ii) in the case of a wire transfer, shall be sent to an account specified by such Creditor to the Monitor in writing to the satisfaction of the Monitor.

(d) The Monitor may, but shall not be obligated to, make any distribution to the General Unsecured Creditors before (i) all Disputed Claims have been finally resolved for distribution purposes in accordance with the Claims Procedure Order or further Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding; and (ii) all expenses have been incurred and paid pursuant to Section

5.2(b), and in doing so the Monitor may reserve such amount as it considers appropriate from the General Unsecured Creditor Cash Pool.

(e) Notwithstanding anything else in the Plan, the aggregate of the distributions provided for in Section 3.4(3) and this Section 5.2 shall not exceed the amount of funds in the General Unsecured Creditor Cash Pool.

5.3 Distributions of the New Shares

(a) All New Shares issued under the Plan shall be deemed to have been issued as fully paid and non-assessable shares of New Just Energy Parent, free and clear of any Encumbrances, except as provided in New Just Energy Parent's New Corporate Governance Documents and arising under applicable securities laws.

(b) Delivery by New Just Energy Parent of the New Shares issued and distributed under the Plan will be made by book-entry positions in the equity records of New Just Energy Parent in the name of the applicable recipient (or such other Person as such recipient directs in writing) (subject to subsequent determination in the discretion of New Just Energy Parent as to the form in which the New Shares will be issued as may be required to implement any provision of the Plan).

(c) On the Effective Date, New Just Energy Parent shall issue New Shares in accordance with the steps and sequences set forth in the Restructuring Steps Supplement (or reserve New Shares for issuance, as applicable, in accordance with Section 5.3(e)).

(d) Notwithstanding anything to the contrary in the Plan, no Person (including, for the avoidance of doubt and if applicable, the Depository Trust Company ("**DTC**")) may require a legal opinion regarding the validity of any transaction contemplated by the Plan, including for the avoidance of doubt, whether the securities to be issued under the Plan are exempt from registration and/or eligible for DTC book entry delivery, settlement and depository services. Any such Person, (including, for the avoidance of doubt and if applicable, DTC), shall be required to accept and conclusively rely upon the Plan and court order related thereto in lieu of any such legal opinion regarding whether the securities to be issued under the Plan are exempt from registration and/or eligible for DTC book entry delivery, settlement, and depository services.

(e) Notwithstanding Section 5.3(c), no Person shall be entitled to the rights associated with the New Shares and all such New Shares shall be reserved for issuance on the books and records of New Just Energy Parent (but, for the avoidance of doubt, not actually issued) until such time as it has delivered a duly executed and completed New Shareholder Information Form to New Just Energy Parent. (f) The stated capital accounts for the Common Shares and the New Shares and any adjustments thereto resulting from the transactions contemplated by the Plan shall be as determined by the applicable New Board, in accordance with the Restructuring Steps Supplement and Applicable Law, as applicable.

(g) The Just Energy Entities intend that the issuance and distribution, pursuant to the Plan, of all the New Shares, shall qualify for exemption from the prospectus and registration requirements of Canadian Securities Laws on the basis of the exemption provided in section 2.11 of NI 45-106. The Just Energy Entities also intend that the issuance and distribution, pursuant to the Plan, of all the New Shares, other than as set forth in the next sentence, shall be exempt from the registration requirements of the U.S. Securities Act in reliance upon Section 1145 to the maximum extent permitted under Applicable Law. Notwithstanding anything to the contrary herein, the New Equity Offering Shares to be offered and sold in the New Equity Offering and any New Shares to be offered and sold to the Backstop Parties pursuant to their Backstop Party's Commitments and for which the exemption to registration pursuant to Section 1145 is unavailable are being offered and sold exclusively to the Participating Term Loan Claimants and, if applicable, the Backstop Parties, in reliance on the exemption from registration under the U.S. Securities Act set forth in section 4(a)(2) thereof (such New Equity Offering Shares and New Shares, the "**4(a)(2) Securities**").

(h) Pursuant to Section 1145, the offering, issuance, and distribution of the 1145 Securities shall be exempt from, among other things, the registration and prospectus delivery requirements of section 5 of the U.S. Securities Act and any other applicable U.S. federal, state, local or other law requiring registration prior to the offering, issuance, distribution, or sale of the 1145 Securities. Each of the 1145 Securities, (a) will not be "restricted securities" as defined in rule 144(a)(3) under the U.S. Securities Act; and (b) will be freely tradable and transferable in the United States by each recipient thereof that (i) is an entity that is not an "underwriter" as defined in section 1145(b)(1) of the U.S. Bankruptcy Rules, (ii) is not an "affiliate" of New Just Energy Parent as defined in Rule 144(a)(1) under the U.S. Securities Act, (iii) has not been such an "affiliate" within ninety (90) days of the time of the transfer, and (iv) has not acquired such securities from such an "affiliate" within one year of the time of transfer. Notwithstanding the foregoing, the 1145 Securities remain subject to compliance with applicable securities laws and any rules and regulations of the U.S. Securities and Exchange Commission, if any, applicable at the time of any future transfer of such 1145 Securities and subject to any restrictions in the New Corporate Governance Documents.

(i) The 4(a)(2) Securities will be issued without registration under the U.S. Securities Act in reliance upon the exemption set forth in section 4(a)(2) of the U.S. Securities Act, Regulation D and/or Regulation S (and similar registration exemptions

applicable outside of the United States). Any New Shares issued in reliance on section 4(a)(2) of the U.S. Securities Act, including in compliance with Rule 506 of Regulation D, and/or Regulation S will be "restricted securities" subject to resale restrictions and may be resold, exchanged, assigned or otherwise transferred only pursuant to registration, or an applicable exemption from registration under the U.S. Securities Act and other Applicable Law, including state securities laws and subject to any restrictions in the New Corporate Governance Documents.

Subject to the Support Agreement, the Just Energy Entities reserve the right to revoke or withdraw the Plan at any time prior to the Effective Date. Subject to the Support Agreement, if the Just Energy Entities revoke or withdraw the Plan, or if the Sanction Order is not issued or if the Effective Date does not occur, (a) the Plan shall be null and void in all respects; (b) any settlement or compromise embodied in the Plan or any document or agreement executed pursuant to or in connection with the Plan shall be deemed to be null and void; and (c) nothing contained in the Plan, and no acts taken in preparation for consummation of the Plan, shall (i) constitute or be deemed to constitute a waiver or release of any Claims by or against any of the Just Energy Entities or any other Person, (ii) prejudice in any manner the rights of the Just Energy Entities or any other Person in any further proceedings involving any of the Just Energy Entities, or (iii) constitute an admission of any sort by any of the Just Energy Entities or any other Person.

11.7 Amendments to the Plan Prior to Approval

Subject to the terms and conditions of the Support Agreement, the Just Energy Entities reserve the right to vary, modify, amend, or supplement the Plan by way of a supplementary or amended and restated plan or plans of compromise or arrangement or both filed with the Court at any time or from time to time prior to the commencement of the Meetings; provided that, the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed. Any such supplementary or amended and restated plan or plans of compromise or arrangement or both shall, for all purposes, be deemed to be a part of and incorporated into the Plan. Any such variation, modification, amendment, or supplement shall be posted on the Monitor's Website and e-mail notice will be provided to the CCAA Proceeding service list. Creditors are advised to check the Monitor's Website regularly. Creditors who wish to receive written notice of any variation, modification, amendment, or supplement to the Plan should contact the Monitor in the manner set out in Section 11.14 of the Plan. Creditors in attendance at the Meetings will also be advised of any such variation, modification, amendment or supplement to the Plan.

In addition, the Just Energy Entities may propose a variation or modification of, or amendment, or supplement to, the Plan during the Meetings, provided that the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed, and that notice of such variation, modification, amendment, or supplement is given to all Creditors entitled to vote, present in person or by proxy at the applicable Meeting prior to the vote being taken at such Meeting, in which case any such variation, modification, amendment, or supplement shall, for all purposes, be deemed to be part of and incorporated into the Plan. Any variation, amendment, modification, or supplement at a Meeting will be promptly posted on the Monitor's Website, served by e-mail to the service list in the CCAA Proceeding and filed with the Court as soon as practicable following the applicable Meeting.

11.8 Amendments to the Plan Following Approval

After the Meetings (and both prior to and subsequent to obtaining the Sanction Order), the Just Energy Entities may at any time and from time to time vary, amend, modify, or supplement the Plan without the need for obtaining an Order of the Court or providing notice to the Creditors, if the Just Energy Entities, the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor, each acting reasonably, determine that such variation, amendment, modification, or supplement would not be materially prejudicial to the interests of any Creditors under the Plan or is necessary in order to give effect to the substance of the Plan or the Sanction Order.

11.9 Paramountcy

From and after the Effective Time on the Effective Date, any conflict between:

(a) the Plan or any Final Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding; and

(b) the covenants, warranties, representations, terms, conditions, provisions or obligations, expressed or implied, of any contract, mortgage, security agreement, indenture, trust indenture, note, loan agreement, commitment letter, agreement for sale, lease or other agreement, written or oral and any and all amendments or supplements thereto existing between any Person and the Just Energy Entities immediately prior to the Effective Date or the notice of articles, articles, bylaws or constating documents of the Just Energy Entities or New Just Energy Parent immediately prior to the Effective Date,

will be deemed to be governed by the terms, conditions and provisions of the Plan or the applicable Final Order, which shall take precedence and priority; provided that, any settlement agreement executed by the Just Energy Entities and any Person asserting a Claim that was entered into from and after the Filing Date shall be read and interpreted in a manner that assumes such settlement agreement is intended to operate congruously with, and not in conflict with, the Plan.

11.10 Severability of Plan Provisions

If any term, section or provision of the Plan is held by the Court or the U.S. Court to be invalid, void or unenforceable, the Court or the U.S. Court, as applicable, at the request of the Just Energy Entities and with the consent of the Monitor, the Credit Facility Lenders and the Plan Sponsor, each acting reasonably, shall have the power to either (a) sever such term, section or provision from the balance of the Plan as approved by the Court or the U.S. Court, as applicable, and provide the Just Energy Entities with the option to proceed with the implementation of the balance of the Plan as of and with effect from the Effective Date; or (b) alter and interpret such term, section or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of such term, section or provision held to be invalid, void or unenforceable, and such term, section or provision shall then be applied as altered or interpreted. Notwithstanding any such holding, alteration or interpretation of the Plan, the remainder of the terms, sections and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation.

11.11 The Monitor

(a) The Monitor is acting and will continue to act in all respects in its capacity as Monitor in the CCAA Proceeding and not in its personal or corporate capacity. The Monitor will not be responsible or liable whatsoever for any obligations of the Just Energy Entities. The Monitor will have the powers and protections granted to it by the Plan, the CCAA and the Orders made by the Court in the CCAA Proceeding. Both prior to and after the Effective Date, the Just Energy Entities shall provide such assistance as reasonably required by the Monitor in connection with the completion of the Monitor's duties and obligations under the Plan.

(b) The Monitor shall not incur any liability whatsoever, including in respect of (i) any amount paid, required to be paid or not paid pursuant to the Plan, (ii) any costs or expenses incurred in connection with, in relation to or as a result of any payment made, required to be made or not made, or (iii) any deficiency in the Plan Implementation Fund or any reserves established pursuant to the Plan. Notwithstanding any other provision of the Plan, and without in any way limiting

the protections for the Monitor set out in the Orders made by the Court in the CCAA Proceeding or the CCAA, the Monitor shall have no obligation to make any payment contemplated under the Plan, and nothing shall be construed as obligating the Monitor to make any such payment, unless and until the Monitor is in receipt of funds adequate to effect any such payment.

11.12 Different Capacities

Persons who are affected by the Plan may be affected in more than one capacity. Unless expressly provided herein to the contrary, a Person will be entitled to participate hereunder in each such capacity. Any action taken by a Person in one capacity will not affect such Person in any other capacity, unless expressly agreed by the Just Energy Entities and the Plan Sponsor, each acting reasonably, and the Person, in writing, or unless its Claims overlap or are otherwise duplicative.

(f) the Backstop Parties, or a matter must be satisfactory or acceptable to the Backstop Parties, such matter shall be decided in accordance with the terms of the Backstop Commitment Letter,

provided that any provision that requires an agreement, waiver, consent or approval from a party in respect of a matter will not limit any agreement, waiver, consent or approval required from a Supporting Party pursuant to the Support Agreement in respect of the same subject matter.

(h) the Company shall have provided the Initial Backstop Parties with: (i) on the Escrow Deadline, a certificate signed by an officer of the Company certifying compliance with the terms of this Section 8 as of the Escrow Deadline (to the extent such conditions are capable of being satisfied on or before the Escrow Deadline), and (ii) on the Effective Date, a certificate signed by an officer of the Company certifying compliance with the terms of this Section 8 as of the Effective Date;

(i) all conditions to effectiveness of the Plan and all conditions set forth in the Plan Support Agreement shall have been satisfied or waived in accordance with the terms thereof, or will be satisfied or waived concurrently with the closing of the transactions contemplated therein and herein, the Plan shall be effective as of the closing of the New Equity Offering and the Effective Date shall have occurred or shall be deemed to occur concurrently with the closing of the transactions contemplated therein and herein;

9. Fees

In consideration of the execution and delivery of this Backstop Commitment Letter:

(a) The Company agrees that New Just Energy Parent shall issue and deliver to the Initial Backstop Parties and the Additional Backstop Parties, in the aggregate, New Common Shares representing ten (10) percent of the outstanding New Common Shares on the Effective Date (subject to dilution in accordance with any management incentive plan), which shall constitute the Backstop Commitment Fee Shares and which shall be fully earned upon entry of the Authorization Order, and

shall be issuable and deliverable to each Initial Backstop Party and the Additional Backstop Party on the Effective Date; *provided* that, such Initial Backstop Party and Additional Backstop Party has funded its New Equity Commitment and its Commitments in accordance with the terms hereof. The Backstop Commitment Fee Shares shall be delivered to the Initial Backstop Parties and Additional Backstop Parties in book-entry form by New Just Energy Parent or its transfer agent. The Initial Backstop Parties and the Additional Backstop Parties that have funded their New Equity Commitments and Commitments in accordance with the terms hereof shall each be entitled to their respective Initial Backstop and Additional Backstop Commitment Pro Rata Share (calculated without including the Backstop Commitment Allocation of any Defaulting Backstop Party) of the Backstop Commitment Fee Shares. For the avoidance of doubt, the Backstop Commitment Fee Shares shall not be issuable or deliverable in the event the Just Energy Entities consummate an Alternative Restructuring Proposal (as defined in the Plan Support Agreement).

(b) The Company agrees that a Just Energy Entity organized in the United States (which may be the Company) (the identity of which shall be subject to the approval of the Initial Backstop Parties (not to be unreasonably withheld, conditioned, or delayed)) shall pay to the Initial Backstop Parties and Additional Backstop Parties, in the aggregate, a cash fee in an amount equal to US$15 million (the "**Termination Fee**"), which shall be, subject to entry of the Authorization Order, (i) fully earned upon entry of the Authorization Order and (ii) payable solely after the Company's termination of the Plan Support Agreement pursuant to Section 12(b)(iv) thereof or the Plan Sponsor's termination of the Plan Support Agreement pursuant to Section 12(a)(xvii) thereof, and concurrently with the consummation of an Alternative Restructuring Proposal (as defined in the Plan Support Agreement) after any such termination; provided, however, that the Company shall obtain within the Authorization Order a court-ordered charge in favor of the Initial Backstop Parties in the amount of the Termination Fee to secure the payment of the Termination Fee, which charge shall have the priority given to it pursuant to the Authorization Order. The Initial Backstop Parties and Additional Backstop Parties shall each be entitled to their respective Initial Backstop and Additional Backstop Commitment Pro Rata Share of the Termination Fee.

The Termination Fee shall be deemed automatically waived by the Initial Backstop Parties and the Additional Backstop Parties upon the consummation of the transactions contemplated by the Backstop Commitment Letter or if the Plan Support Agreement is terminated (other than pursuant to Section 12(b)(iv) or Section 12(a)(xvii) thereof).

(c) The Parties hereto and New Just Energy Parent agree to treat, for U.S. federal income tax purposes, the payment of the Backstop Commitment Fee Shares pursuant to this Backstop Commitment Letter as the consideration paid in exchange for the issuance of a put option by the Initial Backstop Parties and the Additional Backstop Parties to New Just Energy Parent with respect to the Backstopped Shares. The Backstop Parties, the Just Energy Entities and New Just Energy Parent

shall not take any tax position or tax action inconsistent with such tax treatment and/or tax characterization unless otherwise required by applicable law.

10. Funding Procedures

(a) As soon as practicable, and in any event within five (5) Business Days following the New Equity Participation Deadline, the Company shall provide written notice to each Initial Backstop Party (or its Assignee Backstop Party) setting forth the Company's calculation of: (i) the number of Backstopped Shares, (ii) the New Equity Offering Shares subscribed for and funded by New Equity Offering Eligible Participants in the New Equity Offering, (iii) such Backstop Party's Commitments, and (iv) wire transfer instructions for an escrow account in accordance with the Escrow Agreement or other escrow arrangements to be agreed by the Company and the Initial Backstop Parties, each acting reasonably (the "**New Equity Offering Escrow Account**").

(b) By no later than the Escrow Deadline, each Initial Backstop Party (or its Assignee Backstop Party) shall deposit cash in an aggregate amount equal to its New Equity Commitments and Commitments in immediately available funds in the New Equity Offering Escrow Account based on the Subscription Price, in accordance with the terms hereof and the New Equity Offering Documentation. The maximum amount of the New Equity Commitments and Commitments hereunder by the Backstop Parties shall not exceed US$192,550,000, subject to reduction as set forth in this Section 10(b) and Section 2(b).

(c) To the extent Non-Backstop Parties subscribe for New Equity Offering Shares, the Company shall direct the escrow agent under the Escrow Agreement to, as soon as reasonably practicable following the Effective Date, release the amount of the Additional Backstop Commitment Allocations to the Additional Backstop Parties which amounts are not required to be used to acquire any Backstopped Shares.

11. Expiration of Commitments

Each Backstop Party hereby agrees to hold its Commitments available for the Company until, and this Backstop Commitment Letter shall (subject to Section 16) terminate on, the earliest of (a) the Effective Date, (b) the termination of this Backstop Commitment Letter in accordance with Section 13 upon the occurrence of any of the events contained Section 13, (c) the termination of this Backstop Commitment Letter pursuant to Section 2, and (d) the Outside Date.

12. Approval, Consent, Waiver, Amendment of or by Backstop Parties

Except as may be otherwise specifically provided for under this Backstop Commitment Letter, where this Backstop Commitment Letter provides that a matter shall have been approved, agreed to, consented to, waived or amended by the Initial Backstop Parties or the Backstop Parties, or that a matter must be satisfactory or acceptable to the Initial Backstop Parties or the Backstop Parties, such approval, agreement, consent, waiver, amendment, satisfaction, acceptance or other action shall be effective or shall have been obtained or satisfied, as the case may be, for the purposes of this Backstop Commitment Letter, where the Backstop Parties which have subscribed for a

majority of the Commitments shall have confirmed their approval, consent, waiver, amendment, satisfaction or acceptance, as the case may be, to the Company. The Company shall be entitled to rely on any such confirmation of approval, agreement, consent, waiver, amendment, satisfaction, acceptance, or other action communicated to the Company by the Initial Backstop Parties, and such communication shall be effective for all purposes of this Backstop Commitment Letter and the terms and conditions hereof. For the avoidance of doubt, this Section 12 shall apply to the Initial Backstop Parties' right to terminate this Backstop Commitment Letter pursuant to Section 13 hereof. Any amendment to this Section 12, to the definition of the terms "Initial Backstop Party", "Backstop Party" or "Outside Date" used in this Backstop Commitment Letter, or to the last sentence of Section 2, shall require the prior written consent of each Initial Backstop Party; and provided, further, that any amendment to this Backstop Commitment Letter that would materially and adversely affect any Backstop Party compared to any other Backstop Party shall require the prior written consent of the adversely affected Backstop Party.

13. Termination Events

(a) Consensual Termination. This Backstop Commitment Letter may be terminated and the transactions contemplated hereby may be abandoned at any time prior to the Effective Date by mutual written consent of the Company and the Initial Backstop Parties.

(b) Termination of the Plan Support Agreement. This Backstop Commitment Letter may be terminated and the transactions contemplated hereby may be abandoned at any time prior to the Effective Date by either Just Energy or the Initial Backstop Parties upon the termination of the Plan Support Agreement as to the Just Energy Entities or the Plan Sponsor for any reason.

(c) Backstop Party Termination. This Backstop Commitment Letter may be terminated by the Initial Backstop Parties by the delivery to the Company of a written notice in accordance with Section 20(n) hereof, upon the occurrence and during the continuation of any material breach of any representation, warranty or covenant of the Company made in this Backstop Commitment Letter such that the conditions set forth in Section 8 would not be satisfied, and such material breach has not been waived in writing by the Initial Backstop Parties or remains uncured within ten (10) Business Days after the receipt by the Company of written notice of such breach; provided, however, that the right to terminate this Backstop Commitment Letter pursuant to this Section 13(c) shall not be available to the Initial Backstop Parties if any Initial Backstop Party is in breach of any of its representations, warranties, covenants, obligations or agreements set forth in this Backstop Commitment Letter.

(d) Company Termination. This Backstop Commitment Letter may be terminated by the Company by the delivery to the Initial Backstop Parties of a written notice in accordance with Section 20(n) hereof, upon the occurrence and during the continuation of any material breach of any representation or warranty of the Backstop Parties made in this Backstop Commitment Letter and such material breach has not been waived in writing by the Company or remains uncured within ten (10) Business Days after the receipt by the Initial Backstop Parties of written

notice of such breach; provided, however, that the right to terminate this Backstop Commitment Letter pursuant to this Section 13(d) shall not be available to the Company if the Company is in breach of any of its representations, warranties, covenants, obligations or agreements set forth in this Backstop Commitment Letter.

(e) Effect of Termination. Upon termination of this Backstop Commitment Letter pursuant to this Section 13, this Backstop Commitment Letter shall forthwith become void and there shall be no further obligations or liabilities on the part of the Parties, other than with respect to payment of the Termination Fee pursuant to Section 9(b), to the extent applicable, provided, that (i) the provisions set forth in Section 17, this Section 13(e) and Section 20 shall survive the termination of this Backstop Commitment Letter in accordance with their terms and subject to any Order of the U.S. Bankruptcy Court or the CCAA Court and (ii) nothing in this Section 13 shall relieve any Party from liability for its gross negligence or any willful or intentional breach of this Backstop Commitment Letter.

14. Public Disclosure

(a) All public announcements made in respect of the Restructuring shall be made solely by the Company, provided that such public announcements shall be in form and substance acceptable to the Initial Backstop Parties and the Company, each acting reasonably. Notwithstanding the foregoing, nothing herein shall prevent a party from making public disclosure in respect of the Restructuring to the extent required by applicable Law.

(b) Subject to the above, each of the Company and the Backstop Parties agree to the existence and factual details of this Backstop Commitment Letter being set out in any public disclosure made by the Company or a Backstop Party, including, without limitation, press releases and court materials, and to the filing of this Backstop Commitment Letter on SEDAR and/or EDGAR and with the CCAA Court in connection with the CCAA Proceedings or the U.S. Bankruptcy Court in the U.S. Bankruptcy Proceedings, provided that the foregoing shall be subject to redactions as may be necessary to protect the commercial interests of the applicable parties.

(c) Except as required by applicable Law, the Company shall not without the prior written consent of the Initial Backstop Parties (not to be unreasonably withheld, conditioned or delayed), specifically name the Initial Backstop Parties in any press release or other public announcement or statement or commentary or make any representation in relation thereto.

15. Assignment

Other than as expressly set forth herein including Section 2 hereof, the Parties shall have no right to sell, transfer, negotiate or assign their rights and obligations hereunder and any such sale, transfer, negotiation or assignment shall be void *ab initio*.

16. Survival

The provisions of Sections 3, 4, 5, 6(h), 9, 14, 16, 17 and 18 hereof will survive the expiration or termination of the Commitments or this Backstop Commitment Letter (including any extensions) and the consummation of the transactions contemplated hereby; provided that, the provisions of Sections 3, 4, 5, 6(h) and 17 hereof shall only survive such expiration, termination or consummation until the Effective Date; provided further that, the provisions of Sections 6(h) hereof shall only survive with respect to any breach thereof by the Company that is not known by the Initial Backstop Parties as of the date of such consummation.

17. Indemnification

(a) The Company agrees to indemnify and hold harmless each of the Backstop Parties and their respective affiliates and their respective present and former directors, officers, employees, agents and controlling persons (each such person, an "**Indemnified Party**") to the extent fully permitted by law from and against any losses, claims, damages and liabilities, joint or several (collectively, the "**Damages**"), to which such Indemnified Party may become subject (other than taxes of the Backstop Parties) in connection with or otherwise relating to or arising from any claims by a third party against an Indemnified Party in respect of the obligations of the Backstop Parties under this Backstop Commitment Letter; provided that, the foregoing indemnity will not, as to any Indemnified Party, apply to Damages (i) if the applicable Backstop Party in respect of such Indemnified Party has breached any of its representations, warranties, covenants or agreements contained in this Backstop Commitment Letter or (ii) to the extent they are found by a final, non-appealable judgment of a court of competent jurisdiction to arise from the bad faith, willful misconduct or gross negligence of such Indemnified Party (collectively, the "**Indemnifiable Events**").

(b) Subject to the proviso in Section 17(a), the Company will reimburse each Indemnified Party for all reasonable and documented (without detailed descriptions of services) fees and expenses (including the reasonable fees and expenses of counsel) (collectively, "**Expenses**") as incurred in connection with investigating, preparing, pursuing or defending any threatened or pending claim, action, proceeding or investigation (collectively, the "**Proceeding**") arising from an Indemnifiable Event, whether or not such Indemnified Party is a formal party to such Proceeding; provided, that the Company will not be liable to any such Indemnified Party to the extent that any Damages are found in a final non-appealable judgment by a court of competent jurisdiction to have resulted solely from the gross negligence or willful misconduct of the Indemnified Party seeking indemnification hereunder.

(c) If for any reason other than in accordance with this Backstop Commitment Letter, the foregoing indemnity is unavailable to an Indemnified Party or insufficient to hold an Indemnified Party harmless in respect of an Indemnifiable Event, then the Company will contribute to the amount paid or payable by an Indemnified Party as a result of Damages (including all Expenses incurred) in respect of an

Indemnifiable Event in such proportion as is appropriate to reflect the relative benefits to the Company on the one hand, and each Backstop Party and/or any other Indemnified Party on the other hand, in connection with the matters covered by this Backstop Commitment Letter or, if the foregoing allocation is not permitted by applicable Law, not only such relative benefits but also the relative faults of such parties as well as any relevant equitable considerations. Relative fault shall be determined by reference to, among other things, whether any alleged untrue statement or omission or any alleged conduct relates to information provided by the Company or other conduct by the Company (or its employees or other agents) on the one hand, or by the Backstop Parties, on the other hand.

(d) The Company agrees not to enter into any waiver, release or settlement of any Proceeding (whether or not any Backstop Party or any other Indemnified Party is a formal party to such Proceeding) in respect of which indemnification may be sought hereunder without the prior written consent of the applicable Backstop Party (which consent will not be unreasonably withheld), unless such waiver, release or settlement (i) includes an unconditional release of such Backstop Party and each Indemnified Party from all liability arising out of such Proceeding and (ii) does not contain any factual or legal admission by or with respect to any Indemnified Party or any adverse statement with respect to the character, professionalism, expertise or reputation of any Indemnified Party or any action or inaction of any Indemnified Party.

(e) The indemnity, reimbursement and contribution obligations of the Company hereunder will be in addition to any liability which the Company may have at common law or otherwise to any Indemnified Party and will be binding upon and inure to the benefit of any successors, assigns, heirs and personal representatives of the Company or an Indemnified Party.

18. Certain Taxes

The Company will also pay any stamp, transfer, or similar taxes imposed by any Specified Tax Jurisdiction upon the delivery of the Backstopped Shares.

(i) The agreements, representations and obligations of the Backstop Parties under this Backstop Commitment Letter are, in all respects, several and not joint and several.

The address for each of the Additional Backstop Parties will be the address shown in the records of the Computershare Trust Company of Canada, as agent for the Term Loan Claims, unless otherwise updated by an Additional Backstop Party.

(o) If any term or other provision of this Backstop Commitment Letter is invalid, illegal or incapable of being enforced by any rule of Law or public policy, all other conditions and provisions of this Backstop Commitment Letter shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Company and the Initial Backstop Parties shall negotiate in good faith to modify this Backstop Commitment Letter so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner in order that the terms of this Backstop Commitment Letter remain as originally contemplated to the fullest extent possible.

(p) The provisions of this Backstop Commitment Letter shall be binding upon and enure to the benefit of the Parties hereto and their respective successors and permitted assigns; provided that no Party may assign, delegate or otherwise transfer any of its rights, interests or obligations under this Backstop Commitment Letter without the prior written consent of the other Parties hereto, except as set forth and to the extent permitted in Section 2 hereof.

(q) This Backstop Commitment Letter shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the laws of the Province of Ontario and the federal laws of Canada applicable therein, without giving effect to the conflicts of law principles thereof.

(r) Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Backstop Commitment Letter brought by any party or its successors or assigns shall be brought and determined in the CCAA Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the CCAA Court and, if the CCAA Court does not have (or abstains from) jurisdiction, Courts of the Province of Ontario, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Backstop Commitment Letter. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim, or otherwise, in any proceeding arising out of or relating to this Backstop Commitment Letter, (i) any claim that it is not personally subject to the jurisdiction of the CCAA Court as described herein for any reason, (ii) that it or its property is exempt or immune from the jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise), and (iii) that (x) the proceeding in such court is brought in an inconvenient forum, (y) the venue of such proceeding is improper, or (z) this Backstop Commitment Letter, or the subject matter hereof, may not be enforced in or by such court.

(s) EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS BACKSTOP COMMITMENT LETTER OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER THEORY). EACH PARTY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT, OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HAVE BEEN INDUCED TO ENTER INTO THIS BACKSTOP COMMITMENT LETTER BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND

CERTIFICATIONS IN THIS SECTION. ANY PARTY MAY FILE A COPY OF THIS PROVISION WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED FOR AGREEMENT BETWEEN THE PARTIES IRREVOCABLY TO WAIVE TRIAL BY JURY, AND THAT ANY PROCEEDING WHATSOEVER BETWEEN THEM RELATING TO THIS BACKSTOP COMMITMENT LETTER OR ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS BACKSTOP COMMITMENT LETTER SHALL INSTEAD BE TRIED BY A JUDGE OR JUDGES SITTING WITHOUT A JURY.

(t) The Parties understand and agree that money damages would be an insufficient remedy for any breach of this Backstop Commitment Letter by any Party and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief (including attorneys' fees and costs) as a remedy of any such breach, without the necessity of proving the inadequacy of money damages as a remedy. Each Party hereby waives any requirement for the security or posting of any bond in connection with such remedies. Notwithstanding anything to the contrary herein, nothing in this Backstop Commitment Letter shall limit, or be deemed to limit, any of the remedies that the Company has under this Backstop Commitment Letter for breach.

(u) Unless expressly stated herein, this Backstop Commitment Letter shall be solely for the benefit of the Parties, and no other person or entity shall be a third-party beneficiary hereof.

(v) This Backstop Commitment Letter may be executed by electronic means and in one or more counterparts, all of which shall be considered one and the same agreement.

(w) Notwithstanding anything that may be expressed or implied in this Backstop Commitment Letter, and notwithstanding the fact that certain of the Parties may be partnerships or limited liability companies, each Party covenants, agrees and acknowledges that no recourse under this Backstop Commitment Letter or any documents or instruments delivered in connection with this Backstop Commitment Letter shall be had against any Party's Affiliates, or any of such Party's Affiliates', in each case, other than the Parties to this Backstop Commitment Letter and each of their respective successors and permitted assignees based upon, arising out of or relating to this Backstop Commitment Letter, whether by the enforcement of any assessment or by any legal or equitable proceeding, or by virtue of any Applicable Law, it being expressly agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by any of the Party's Affiliates, as such, for any obligation or liability of any Party under this Backstop Commitment Letter or any documents or instruments delivered in connection herewith for any claim based on, in respect of or by reason of such obligations or liabilities or their creation; provided, however, nothing in this Section 20(w) shall relieve or otherwise limit the liability of any Party hereto or any of their respective successors or permitted assigns for any breach or violation of its obligations under this Backstop Commitment Letter or such other documents

or instruments. For the avoidance of doubt, none of the Parties will have any recourse, be entitled to commence any proceeding or make any claim under this Backstop Commitment Letter or in connection with the transactions contemplated hereby except against any of the Parties or their respective successors and permitted assigns, as applicable.

(e) Effect of Termination. Upon termination of this Backstop Commitment Letter pursuant to this Section 13, this Backstop Commitment Letter shall forthwith become void and there shall be no further obligations or liabilities on the part of the Parties, other than with respect to payment of the Termination Fee pursuant to Section 9(b), to the extent applicable, provided, that (i) the provisions set forth in Section 17, this Section 13(e) and Section 20 shall survive the termination of this Backstop Commitment Letter in accordance with their terms and subject to any Order of the U.S. Bankruptcy Court or the CCAA Court and (ii) nothing in this Section 13 shall relieve any Party from liability for its gross negligence or any willful or intentional breach of this Backstop Commitment Letter.

(a) All public announcements made in respect of the Restructuring shall be made solely by the Company, provided that such public announcements shall be in form and substance acceptable to the Initial Backstop Parties and the Company, each acting reasonably. Notwithstanding the foregoing, nothing herein shall prevent a party from making public disclosure in respect of the Restructuring to the extent required by applicable Law.

(b) Subject to the above, each of the Company and the Backstop Parties agree to the existence and factual details of this Backstop Commitment Letter being set out in any public disclosure made by the Company or a Backstop Party, including, without limitation, press releases and court materials, and to the filing of this Backstop Commitment Letter on SEDAR and/or EDGAR and with the CCAA Court in connection with the CCAA Proceedings or the U.S. Bankruptcy Court in the U.S. Bankruptcy Proceedings, provided that the foregoing shall be subject to redactions as may be necessary to protect the commercial interests of the applicable parties.

16. Survival

The provisions of Sections 3, 4, 5, 6(h), 9, 14, 16, 17 and 18 hereof will survive the expiration or termination of the Commitments or this Backstop Commitment Letter (including any extensions) and the consummation of the transactions contemplated hereby; provided that, the provisions of Sections 3, 4, 5, 6(h) and 17 hereof shall only survive such expiration, termination or consummation until the Effective Date; provided further that, the provisions of Sections 6(h) hereof shall only survive with respect to any breach thereof by the Company that is not known by the Initial Backstop Parties as of the date of such consummation.

17. Indemnification

(a) The Company agrees to indemnify and hold harmless each of the Backstop Parties and their respective affiliates and their respective present and former directors, officers, employees, agents and controlling persons (each such person, an "**Indemnified Party**") to the extent fully permitted by law from and against any losses, claims, damages and liabilities, joint or several (collectively, the "**Damages**"), to which such Indemnified Party may become subject (other than taxes of the Backstop Parties) in connection with or otherwise relating to or arising from any claims by a third party against an Indemnified Party in respect of the obligations of the Backstop Parties under this Backstop Commitment Letter; provided that, the foregoing indemnity will not, as to any Indemnified Party, apply to Damages (i) if the applicable Backstop Party in respect of such Indemnified Party has breached any of its representations, warranties, covenants or agreements contained in this Backstop Commitment Letter or (ii) to the extent they are found by a final, non-appealable judgment of a court of competent jurisdiction to arise from the bad faith, willful misconduct or gross negligence of such Indemnified Party (collectively, the "**Indemnifiable Events**").

(b) Subject to the proviso in Section 17(a), the Company will reimburse each Indemnified Party for all reasonable and documented (without detailed descriptions of services) fees and expenses (including the reasonable fees and expenses of counsel) (collectively, "**Expenses**") as incurred in connection with investigating, preparing, pursuing or defending any threatened or pending claim, action, proceeding or investigation (collectively, the "**Proceeding**") arising from an Indemnifiable Event, whether or not such Indemnified Party is a formal party to such Proceeding; provided, that the Company will not be liable to any such Indemnified Party to the extent that any Damages are found in a final non-appealable judgment by a court of competent jurisdiction to have resulted solely from the gross negligence or willful misconduct of the Indemnified Party seeking indemnification hereunder.

(c) If for any reason other than in accordance with this Backstop Commitment Letter, the foregoing indemnity is unavailable to an Indemnified Party or insufficient to hold an Indemnified Party harmless in respect of an Indemnifiable Event, then the Company will contribute to the amount paid or payable by an Indemnified Party as a result of Damages (including all Expenses incurred) in respect of an

Indemnifiable Event in such proportion as is appropriate to reflect the relative benefits to the Company on the one hand, and each Backstop Party and/or any other Indemnified Party on the other hand, in connection with the matters covered by this Backstop Commitment Letter or, if the foregoing allocation is not permitted by applicable Law, not only such relative benefits but also the relative faults of such parties as well as any relevant equitable considerations. Relative fault shall be determined by reference to, among other things, whether any alleged untrue statement or omission or any alleged conduct relates to information provided by the Company or other conduct by the Company (or its employees or other agents) on the one hand, or by the Backstop Parties, on the other hand.

(d) The Company agrees not to enter into any waiver, release or settlement of any Proceeding (whether or not any Backstop Party or any other Indemnified Party is a formal party to such Proceeding) in respect of which indemnification may be sought hereunder without the prior written consent of the applicable Backstop Party (which consent will not be unreasonably withheld), unless such waiver, release or settlement (i) includes an unconditional release of such Backstop Party and each Indemnified Party from all liability arising out of such Proceeding and (ii) does not contain any factual or legal admission by or with respect to any Indemnified Party or any adverse statement with respect to the character, professionalism, expertise or reputation of any Indemnified Party or any action or inaction of any Indemnified Party.

(e) The indemnity, reimbursement and contribution obligations of the Company hereunder will be in addition to any liability which the Company may have at common law or otherwise to any Indemnified Party and will be binding upon and inure to the benefit of any successors, assigns, heirs and personal representatives of the Company or an Indemnified Party.

18. Certain Taxes

The Company will also pay any stamp, transfer, or similar taxes imposed by any Specified Tax Jurisdiction upon the delivery of the Backstopped Shares.

(o) If any term or other provision of this Backstop Commitment Letter is invalid, illegal or incapable of being enforced by any rule of Law or public policy, all other conditions and provisions of this Backstop Commitment Letter shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Company and the Initial Backstop Parties shall negotiate in good faith to modify this Backstop Commitment Letter so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner in order that the terms of this Backstop Commitment Letter remain as originally contemplated to the fullest extent possible.

(p) The provisions of this Backstop Commitment Letter shall be binding upon and enure to the benefit of the Parties hereto and their respective successors and permitted assigns; provided that no Party may assign, delegate or otherwise transfer any of its rights, interests or obligations under this Backstop Commitment Letter without the prior written consent of the other Parties hereto, except as set forth and to the extent permitted in Section 2 hereof.

(q) This Backstop Commitment Letter shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the laws of the Province of Ontario and the federal laws of Canada applicable therein, without giving effect to the conflicts of law principles thereof.

(r) Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Backstop Commitment Letter brought by any party or its successors or assigns shall be brought and determined in the CCAA Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the CCAA Court and, if the CCAA Court does not have (or abstains from) jurisdiction, Courts of the Province of Ontario, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Backstop Commitment Letter. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim, or otherwise, in any proceeding arising out of or relating to this Backstop Commitment Letter, (i) any claim that it is not personally subject to the jurisdiction of the CCAA Court as described herein for any reason, (ii) that it or its property is exempt or immune from the jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise), and (iii) that (x) the proceeding in such court is brought in an inconvenient forum, (y) the venue of such proceeding is improper, or (z) this Backstop Commitment Letter, or the subject matter hereof, may not be enforced in or by such court.

(s) EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS BACKSTOP COMMITMENT LETTER OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER THEORY). EACH PARTY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT, OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HAVE BEEN INDUCED TO ENTER INTO THIS BACKSTOP COMMITMENT LETTER BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND

CERTIFICATIONS IN THIS SECTION. ANY PARTY MAY FILE A COPY OF THIS PROVISION WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED FOR AGREEMENT BETWEEN THE PARTIES IRREVOCABLY TO WAIVE TRIAL BY JURY, AND THAT ANY PROCEEDING WHATSOEVER BETWEEN THEM RELATING TO THIS BACKSTOP COMMITMENT LETTER OR ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS BACKSTOP COMMITMENT LETTER SHALL INSTEAD BE TRIED BY A JUDGE OR JUDGES SITTING WITHOUT A JURY.

(t) The Parties understand and agree that money damages would be an insufficient remedy for any breach of this Backstop Commitment Letter by any Party and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief (including attorneys' fees and costs) as a remedy of any such breach, without the necessity of proving the inadequacy of money damages as a remedy. Each Party hereby waives any requirement for the security or posting of any bond in connection with such remedies. Notwithstanding anything to the contrary herein, nothing in this Backstop Commitment Letter shall limit, or be deemed to limit, any of the remedies that the Company has under this Backstop Commitment Letter for breach.

(u) Unless expressly stated herein, this Backstop Commitment Letter shall be solely for the benefit of the Parties, and no other person or entity shall be a third-party beneficiary hereof.

(v) This Backstop Commitment Letter may be executed by electronic means and in one or more counterparts, all of which shall be considered one and the same agreement.

(w) Notwithstanding anything that may be expressed or implied in this Backstop Commitment Letter, and notwithstanding the fact that certain of the Parties may be partnerships or limited liability companies, each Party covenants, agrees and acknowledges that no recourse under this Backstop Commitment Letter or any documents or instruments delivered in connection with this Backstop Commitment Letter shall be had against any Party's Affiliates, or any of such Party's Affiliates', in each case, other than the Parties to this Backstop Commitment Letter and each of their respective successors and permitted assignees based upon, arising out of or relating to this Backstop Commitment Letter, whether by the enforcement of any assessment or by any legal or equitable proceeding, or by virtue of any Applicable Law, it being expressly agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by any of the Party's Affiliates, as such, for any obligation or liability of any Party under this Backstop Commitment Letter or any documents or instruments delivered in connection herewith for any claim based on, in respect of or by reason of such obligations or liabilities or their creation; provided, however, nothing in this Section 20(w) shall relieve or otherwise limit the liability of any Party hereto or any of their respective successors or permitted assigns for any breach or violation of its obligations under this Backstop Commitment Letter or such other documents

or instruments. For the avoidance of doubt, none of the Parties will have any recourse, be entitled to commence any proceeding or make any claim under this Backstop Commitment Letter or in connection with the transactions contemplated hereby except against any of the Parties or their respective successors and permitted assigns, as applicable.

(i) Termination Generally. The earliest date on which termination of this Agreement as to a Party is effective in accordance with this Section 12 or Section 16 shall be referred to, with respect to such Party, as a "**PSA Termination Date**." Upon the occurrence of a PSA Termination Date, the applicable Party's obligations (as set forth herein) under this Agreement shall be terminated effective immediately, and such Parties or Party hereto shall be released from all commitments, undertakings, and agreements hereunder, and any vote in favor of the Plan delivered by such Party or Parties shall not be applicable to, or counted for purposes of, the Plan or any other plan or transaction without the consent of the applicable voting Party or Parties; *provided*, any claim for breach of this Agreement that occurs prior to such PSA Termination Date shall survive such termination, and all rights and remedies with respect to such claims shall not be prejudiced in any way. For the avoidance of doubt, the automatic stay arising pursuant to Bankruptcy Code section 362 or the stay of proceedings provided for in the Initial Order in the CCAA Proceedings or in other applicable Canadian laws shall be deemed waived or modified for purposes of providing notice or exercising rights hereunder.

13. **Transfers**.

(a) Each of the Parties other than the Just Energy Entities (the "**Supporting Creditors**"), solely with respect to itself (as expressly identified and limited on its signature page

to this Agreement or Joinder Agreement (as defined below), as applicable), shall not sell, transfer, assign, pledge, hypothecate, participate, donate, or otherwise encumber or dispose of, directly or indirectly (including through derivatives, options, swaps, pledges, forward sales, or other transactions in which any Person receives the right to own or acquire any current or future interest in) (each, a "**Transfer**"), or permit a Transfer of, directly or indirectly, in whole or in part, any of its Claims or, in each case, any option thereon or any right or interest therein or any other claims against the Company (including grant any proxies, deposit any Claims into a voting trust, or enter into a voting agreement with respect to any such Claims), unless the transferee thereof either (i) is a Supporting Creditor or (ii) before or contemporaneously with such Transfer, agrees in writing for the benefit of the Parties to become a Party and to be bound by all of the terms of this Agreement applicable to the Supporting Creditor who is a transferor (such Supporting Creditor, the "**Transferor**"), by executing a joinder agreement substantially in the form attached hereto as **Exhibit E** (a "**Joinder Agreement**"), and delivering an executed copy thereof within two (2) business days after such Transfer to (1) Kirkland & Ellis LLP ("**K&E**") and Osler Hoskin Harcourt LLP ("**Osler**"), counsel to the Just Energy Entities, (2) Akin Gump Strauss Hauer & Feld LLP ("**Akin**") and Cassels Brock & Blackwell LLP ("**Cassels**"), and counsel to the Plan Sponsor, and (3) McCarthy Tétrault LLP ("**McCarthy**") and Chapman & Cutler LLP ("**Chapman**"), counsel to the Supporting Secured CF Lenders and the Credit Facility Agent ((1), (2), and (3) the "**Transfer Notice Parties**") in which event (x) the transferee shall be deemed to be a Party in the same manner as the Transferor to the extent of such transferred rights and obligations and (y) the Transferor shall be deemed to relinquish its rights (and be released from its obligations) under this Agreement to the extent of such transferred rights and obligations; *provided*, that, failure to deliver such Joinder Agreement on a timely basis shall not by itself affect the applicable Transferor's or transferee's obligations under this Agreement with respect to such Claims or render the Transfer *void ab initio* with respect to such Claims; *provided*, that the failure by the Transferor to comply with the procedures set forth in this Section 13(a) with respect to a Transfer to any entity that, as of the date of such Transfer controls, is controlled by, or is under common control with the Transferor shall not, without more, constitute a breach of this Agreement if (i) the transferee provides notice of such Transfer to the Transfer Notice Parties (which may be delivered by email) promptly after such Transfer and (ii) the transferee shall be bound by all terms of this Agreement applicable to the Transferor, and deemed to be the Plan Sponsor, CBHT, Shell, a Supporting Secured CF Lender, or Supporting Unsecured Creditor, as applicable. To the extent that the Tranferor's Claim or other securities issued by the Company may be loaned (and consequently pledged, hypothecated, encumbered, or rehypothecated by) as part of customary securities lending arrangements (each such arrangement, a "**Customary Securities Lending Arrangement**"), and such Customary Securities Lending Arrangement does not adversely affect the Transferor's ability to timely satisfy any of its obligations under this Agreement, such Customary Securities Lending Arrangement shall not be deemed a Transfer hereunder. Each of the Supporting Creditors agrees that any Transfer of any Claims that does not comply with the terms and procedures set forth herein shall be deemed *void ab initio*, and the Just Energy Entities shall have the right to enforce the voiding of such Transfer. This Agreement shall in no way be construed to preclude any of the Supporting Creditors from acquiring additional Claims against the Just Energy Entities; *provided*, that, (i) any such additional Claims automatically shall be subject to all of the terms of this Agreement and (ii) such Supporting Creditor agrees (A) that such additional Claims shall be subject to this Agreement (except as expressly provided below), and (B) to notify the Transfer Notice Parties within three (3) business days following such acquisition of the aggregate amount.

(b) Notwithstanding this Section 13, any Supporting Creditor may Transfer its Claims against the Just Energy Entities to an entity that is acting in its capacity as a Qualified Marketmaker[3] without the requirement that such Qualified Marketmaker execute and deliver a Joinder Agreement in respect of such Claims against the Just Energy Entities or be a Supporting Creditor; *provided*, that such Qualified Marketmaker (i) subsequently Transfers such Claims against the Just Energy Entities to a transferee that is or becomes (by executing and delivering a Joinder Agreement in accordance with this Section 13) a Supporting Creditor at the time of such Transfer within the earlier of (A) ten (10) calendar days of its acquisition of such Claims and (B) if received prior to the deadline to vote on the Plan and such Claims have not yet been and may yet be voted with respect to the Restructuring, at least three (3) calendar days prior to such deadline, and (ii) if such Qualified Marketmaker fails to comply with its obligations in this Section 13, such Qualified Marketmaker shall be required to, and shall be deemed to be without further action, a Supporting Creditor hereunder solely with respect to such Claims and shall be obligated to vote such Claims in favor of the Plan; *provided*, that the Qualified Marketmaker shall automatically, and without further notice or action, no longer be a Supporting Creditor with respect to such Claims at such time that the transferee of such Claims becomes a Supporting Creditor with respect to such Claims. Any Transfer documentation between a transferring Supporting Creditor and the Qualified Marketmaker shall contain a requirement that the Qualified Marketmaker comply with the foregoing, which covenant will be held by the transferor for the benefit of the Just Energy Entities. To the extent any Supporting Creditor is acting in its capacity as a Qualified Marketmaker, it may Transfer any Claims that it acquires from a holder of such Claims that is not a Supporting Creditor without the requirement that the transferee be or become a Supporting Creditor. Notwithstanding anything to the contrary in this Agreement, the restrictions on Transfer in this Section 13 shall not apply to the grant of any liens or encumbrances on any Claims in favor of a bank or broker-dealer holding custody of such Claims in the ordinary course of business and which lien or encumbrance is released upon the Transfer of such Claims (which Transfer shall comply with the requirements of this Section 13).

14. **Definitive Documents; Good Faith Cooperation; Further Assurances**.

Each Party hereby covenants and agrees to cooperate with each other in good faith in connection with, and shall exercise commercially reasonable efforts with respect to, the pursuit, approval, implementation, and consummation of the transactions contemplated by this Agreement and the Plan as well as the negotiation, drafting, execution, and delivery of the Definitive Documents. Furthermore, subject to the terms hereof, each of the Parties shall take such action as may be reasonably necessary or reasonably requested by the other Parties to carry out the purposes and intent of this Agreement, and shall refrain from taking any action that would frustrate the purposes and intent of this Agreement subject in each case to the terms and conditions of the applicable agreements.

Except for such Claims and interests set forth on its signature page, CBHT does not own or, with respect to any beneficial owners thereof, have any voting, investment, or other power, with respect to any other Claims or interests against the Just Energy Entities.

(f) The Just Energy Entities represent and warrant that the only ISO Services Obligations (as defined in the Intercreditor Agreement) that were outstanding as of the Filing Date are: (i) Shell Energy ISO Reimbursement Obligations (as defined in the Intercreditor Agreement) in the aggregate amount of approximately USD$3.3 million, calculated on a gross basis (which was netted against approximately USD$11.1 million of an independent systems operator services receivable owed by Shell to the Just Energy Entities); and (ii) the applicable amount of the BP Commodity / ISO Services Claim.

16. **Amendments**. Except as otherwise expressly set forth herein, this Agreement (including any Exhibits and Schedules) may not be waived, modified, amended, or supplemented except in a writing signed by the Just Energy Entities and the Plan Sponsor; *provided, further* that any waiver, modification, amendment, or supplement that (w) adversely and disproportionately impacts the treatment or rights of any Supporting Secured CF Lender with respect to its Credit Facility Claims, Credit Facility LC Claims, Commodity Supplier Claims or Cash Management Claims or any Supporting Unsecured Creditor with respect to its Term Loan Claims (as applicable) as compared to the treatment or rights of any other Supporting Secured CF Lender or Supporting Unsecured Creditor, as the case may be, shall require the consent of such adversely and disproportionately impacted Supporting Secured CF Lender or Supporting Unsecured Creditor, (x) adversely impacts the treatment, rights, or interests of Shell, CBHT, the Supporting Secured CF Lenders or the Supporting Unsecured Creditors under or as contemplated by this Agreement (including the Exhibits and Schedules) shall require the consent of any such adversely impacted Party, (y) relates to the Plan, the New Credit Agreement or New Intercreditor Agreement shall require the consent of the Supporting Secured CF Lenders, or (z) except as otherwise provided in, or envisioned by, this Agreement as of the PSA Shell Effective Date, the PSA CBHT Effective Date, the PSA Secured CF Effective Date, or the PSA TL Effective Date, as applicable, requires Shell, CBHT, any Supporting Secured CF Lender, the Credit Facility Agent or any Supporting Unsecured Creditor to incur any expenses, liabilities, or other obligations, or agree to any commitments, undertakings, concessions, indemnities, or other arrangements that could result in expenses, liabilities, or other obligations, shall require the consent of the impacted Party; *provided, further* that, in the case of either (x), (y), or (z), in the event that any such Supporting Creditor whose consent is required does not consent to such waiver, change, modification, or amendment (a "**Non-Supporting Creditor**"), this Agreement may be terminated by such Non-Supporting Creditor (as applicable to it) upon written notice to the other Parties, but this Agreement shall continue in full force and effect in respect to all other Supporting Creditors whose consent is not required or whose consent is required and was provided.

17. **Governing Law; Jurisdiction; Waiver of Jury Trial**.

(a) This Agreement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the laws of the Province of Ontario and the federal laws of Canada applicable therein, without giving effect to the conflicts of law principles thereof.

(b) Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Agreement brought by any party or its successors or assigns shall be brought and determined in the CCAA Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the CCAA Court and, if the CCAA Court does not have (or abstains from) jurisdiction, Courts of the Province of Ontario, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Agreement. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim, or otherwise, in any proceeding arising out of or relating to this Agreement, (i) any claim that it is not personally subject to the jurisdiction of the CCAA Court as described herein for any reason, (ii) that it or its property is exempt or immune from jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise), and (iii) that (x) the proceeding in such court is brought in an inconvenient forum, (y) the venue of such proceeding is improper, or (z) this Agreement, or the subject matter hereof, may not be enforced in or by such court.

(c) **EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER THEORY). EACH PARTY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT, OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.**

18. **Specific Performance/Remedies**. The Parties understand and agree that money damages would be an insufficient remedy for any breach of this Agreement by any Party and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief (including attorneys' fees and costs) as a remedy of any such breach, without the necessity of proving the inadequacy of money damages as a remedy. Each Party hereby waives any requirement for the security or posting of any bond in connection with such remedies.

19. **Survival**. Notwithstanding the termination of this Agreement pursuant to Section 12 hereof, Sections 12(h) and 16-30 shall survive such termination and shall continue in

full force and effect in accordance with the terms hereof; *provided*, that any liability of a Party for failure to comply with the terms of this Agreement shall survive such termination.

20. **Headings**. The headings of the sections, paragraphs, and subsections of this Agreement are inserted for convenience only and shall not affect the interpretation hereof or, for any purpose, be deemed a part of this Agreement.

21. **Successors and Assigns; Third Parties**. This Agreement is intended to bind and inure to the benefit of the Parties and their respective successors, permitted assigns, heirs, executors, administrators, and representatives. There are no third-party beneficiaries under this Agreement and, except as set forth in Section 13, the rights or obligations of any Party under this Agreement may not be assigned, delegated, or transferred to any other Person.

22. **Relationship Among Parties**. Notwithstanding anything herein to the contrary, the duties and obligations of the Supporting Creditors under this Agreement shall be several, not joint and several. None of the Supporting Creditors shall have any fiduciary duty, any duty of trust or confidence in any form, or other duties or responsibilities to each other, the Just Energy Entities, or any of the Just Energy Entities' creditors, stockholders, or other stakeholders, and there are no commitments among or between the Supporting Secured CF Lenders, the Supporting Unsecured Creditors, Shell, CBHT, and/or the Plan Sponsor. It is understood and agreed that any Supporting Creditor may trade in any debt or equity securities of the Just Energy Entities without the consent of any other Party, subject to applicable securities laws and the terms of Section 13 of this Agreement. No prior history, pattern, or practice of sharing confidences among or between the Parties shall in any way affect or negate this understanding and agreement. The Parties have no agreement, arrangement, or understanding with respect to acting together for the purpose of acquiring, holding, voting, or disposing of any equity securities of the Just Energy Entities and do not constitute a "group" within the meaning of Rule 13d-5 under the Securities Act of 1933, as amended. The Just Energy Entities understand that each of the Supporting Creditors are engaged in a wide range of financial services and businesses, and, in furtherance of the foregoing, the Just Energy Entities acknowledge and agree that the obligations set forth in this Agreement (including Section 13 hereof) shall only apply to the trading desk(s) and/or business group(s) that principally manage and/or supervise such Supporting Creditor's investment in and relations with the Just Energy Entities and shall not apply to any other trading desk, business group, or affiliate of such Supporting Creditor so long as they are not acting at the direction or for the benefit of such Supporting Creditor and so long as confidentiality is maintained consistent with any applicable confidentiality agreement.

23. **Prior Negotiations; Entire Agreement**. This Agreement, including the Exhibits and Schedules (including the Restructuring Term Sheet), constitutes the entire agreement of the Parties, and supersedes all other prior negotiations, with respect to the subject matter hereof and thereof.

24. **Counterparts**. This Agreement may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. Execution copies of this Agreement delivered by facsimile or PDF shall be deemed to be an original for the purposes of this paragraph.

vote on the Plan have received the required Solicitation Materials. In addition, this Agreement does not constitute an offer to issue or sell securities to any Person, or the solicitation of an offer to acquire or buy securities, in any jurisdiction where such offer or solicitation would be unlawful.

27. **Severability**. If any provision of this Agreement, or the application of any such provision to any Person or circumstance, shall be held invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision hereof and this Agreement shall continue in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party.

28. **Interpretation; Rules of Construction; Representation by Counsel**. The Parties agree that they have been represented by legal counsel during the negotiation and execution of this Agreement and, therefore, waive the application of any law, regulation, holding, or rule of construction providing that ambiguities in an agreement or other document shall be construed against the party drafting such agreement or document.

29. **Reliance and Authority**.

3.10 Transferred Claims

Any General Unsecured Creditor may transfer the whole of its Claim prior to the Meeting for General Unsecured Creditors in accordance with the Subordinated Note Documents, the Claims Procedure Order and the Meetings Order, as applicable; provided that, the Just Energy Entities and the Monitor shall not be obligated to recognize the transferee of such Claim as a General Unsecured Creditor in respect thereof, including allowing such transferee to vote at the Meeting for General Unsecured Creditors, unless a Proof of Assignment has been received by the Just Energy Entities and the Monitor prior to 5:00 p.m. on the day that is at least ten (10) Business Days prior to the date of the Meeting and such transfer has been acknowledged in writing by the Just Energy Entities and the Monitor. Thereafter such transferee shall, for all purposes in accordance with the Claims Procedure Order, the Meetings Order, the CCAA and the Plan, constitute a General Unsecured Creditor and shall be bound by any notices given or steps taken in respect of such Claim in accordance with the Meetings Order and any further Order of the Court in the CCAA Proceeding.

If a General Unsecured Creditor transfers the whole of its Claim to more than one Person or part of such Claim to another Person after the Filing Date, such transfer shall not create a separate Voting Claim and such Claim shall continue to constitute and be dealt with for the purposes hereof as a single Voting Claim. Notwithstanding such transfer, the Just Energy Entities and the Monitor shall not be bound to recognize or acknowledge any such transfer and shall be entitled to give notices to and otherwise deal with such Claim only as a whole and only to and with the Person last holding such Claim in whole as the General Unsecured Creditor in respect of such Claim; provided that, such General Unsecured Creditor may, by notice in writing to the Just Energy Entities and the Monitor in accordance with and subject to the Meetings Order and given prior to 5:00 p.m. on the day that is at least ten (10) Business Days prior to the date of the Meeting, direct the subsequent dealings in respect of such Claim, but only as a whole, shall be with a specified Person and in such event, such transferee of the Claim and the whole of such Claim shall be bound by any notices given or steps taken in respect of such Claim in accordance with the Meetings Order and any further Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding.

No Beneficial Term Loan Claim Holder shall be entitled to transfer its Pro Rata Share of the Term Loan Claim on or following the Term Loan Record Date; provided that the Just Energy Entities shall have the authority, with the consent of the Monitor and the Plan Sponsor (such consent not to be unreasonably withheld, conditioned or delayed), to permit a transfer of a Beneficial Term Loan Claim Holder's Pro Rata Share of the Term Loan Claim following the Term Loan Record Date for distribution purposes under the Plan for the sole purpose of a Beneficial Term Loan Claim Holder transferring the whole of its Pro Rata Share of the Term Loan Claim to a single designee in order for such Beneficial Term Loan Claim Holder to transfer such Pro Rata Share of the Term Loan Claim to a party that can receive the Term Loan Claim Shares in accordance with this Plan and Applicable Laws and so long as such transfer will not result in the Just Energy Entities being unable to satisfy the condition precedent set forth in Section 10.1(l).

On the Effective Date, in accordance with the terms and in the steps and sequences set forth in the Restructuring Steps Supplement and in accordance with the provisions of the Sanction Order, the treatment of all Affected Claims and all Released Claims, in each case as set forth in the Plan, shall be final and binding on the Just Energy Entities, all Creditors, any Person having a Released Claim

and all other Persons named or referred to in or subject to the Plan (and their respective heirs, executors, administrators, legal personal representatives, successors and assigns), and all Affected Claims and all Released Claims shall be fully, finally, irrevocably and forever released, discharged, cancelled and barred except as provided for herein, and the Just Energy Entities and the Released Parties shall thereupon have no further obligation whatsoever in respect of such Affected Claims or the Released Claims, as applicable; provided that, nothing herein releases the Just Energy Entities or any other Person from their obligations to make distributions in the manner and to the extent provided for in the Plan and provided further that, such discharge and release of the Just Energy Entities shall be without prejudice to the right of a Creditor in respect of a Disputed Claim to prove such Disputed Claim in accordance with the Claims Procedure Order so that such Disputed Claim may become an Accepted Claim.

3.12 Guarantees and Similar Covenants

No Person who has a Claim under any guarantee, surety, indemnity or similar covenant in respect of any Claim that is compromised and released under the Plan or who has any right to claim over in respect of or to be subrogated to the rights of any Person in respect of a Claim that is compromised under the Plan shall be entitled to any greater rights than the Person whose Claim is compromised under the Plan.

5.1 Distributions Generally

All distributions to be effected pursuant to the Plan shall be made pursuant to this Article 5 and Article 6 and shall occur in the manner set forth herein and therein. (c) All cash distributions to be made under the Plan to a General Unsecured Creditor shall be made by the Monitor on behalf of the Just Energy Entities by cheque or by wire transfer and (i) in the case of a cheque, will be sent, via regular mail, to such Creditor to the address specified in the Proof of Claim filed by, or Negative Notice Claims Package delivered to, such Creditor or such other address as the Creditor may from time to time notify the Monitor in writing in accordance with Section 11.14, or (ii) in the case of a wire transfer, shall be sent to an account specified by such Creditor to the Monitor in writing to the satisfaction of the Monitor.

(d) The Monitor may, but shall not be obligated to, make any distribution to the General Unsecured Creditors before (i) all Disputed Claims have been finally resolved for distribution purposes in accordance with the Claims Procedure Order or further Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding; and (ii) all expenses have been incurred and paid pursuant to Section

5.2(b), and in doing so the Monitor may reserve such amount as it considers appropriate from the General Unsecured Creditor Cash Pool.

(e) Notwithstanding anything else in the Plan, the aggregate of the distributions provided for in Section 3.4(3) and this Section 5.2 shall not exceed the amount of funds in the General Unsecured Creditor Cash Pool.

5.3 Distributions of the New Shares

(a) All New Shares issued under the Plan shall be deemed to have been issued as fully paid and non-assessable shares of New Just Energy Parent, free and clear of any Encumbrances, except as provided in New Just Energy Parent's New Corporate Governance Documents and arising under applicable securities laws.

(b) Delivery by New Just Energy Parent of the New Shares issued and distributed under the Plan will be made by book-entry positions in the equity records of New Just Energy Parent in the name of the applicable recipient (or such other Person as such recipient directs in writing) (subject to subsequent determination in the discretion of New Just Energy Parent as to the form in which the New Shares will be issued as may be required to implement any provision of the Plan).

(c) On the Effective Date, New Just Energy Parent shall issue New Shares in accordance with the steps and sequences set forth in the Restructuring Steps Supplement (or reserve New Shares for issuance, as applicable, in accordance with Section 5.3(e)).

(d) Notwithstanding anything to the contrary in the Plan, no Person (including, for the avoidance of doubt and if applicable, the Depository Trust Company ("**DTC**")) may require a legal opinion regarding the validity of any transaction contemplated by the Plan, including for the avoidance of doubt, whether the securities to be issued under the Plan are exempt from registration and/or eligible for DTC book entry delivery, settlement and depository services. Any such Person, (including, for the avoidance of doubt and if applicable, DTC), shall be required to accept and conclusively rely upon the Plan and court order related thereto in lieu of any such legal opinion regarding whether the securities to be issued under the Plan are exempt from registration and/or eligible for DTC book entry delivery, settlement, and depository services.

(e) Notwithstanding Section 5.3(c), no Person shall be entitled to the rights associated with the New Shares and all such New Shares shall be reserved for issuance on the books and records of New Just Energy Parent (but, for the avoidance of doubt, not actually issued) until such time as it has delivered a duly executed and completed New Shareholder Information Form to New Just Energy Parent. (g) The Just Energy Entities intend that the issuance and distribution, pursuant to the Plan, of all the New Shares, shall qualify for exemption from the prospectus and registration requirements of Canadian Securities Laws on the basis of the exemption provided in section 2.11 of NI 45-106. The Just Energy Entities also intend that the issuance and distribution, pursuant to the Plan, of all the New Shares, other than as set forth in the next sentence, shall be exempt from the registration requirements of the U.S. Securities Act in reliance upon Section 1145 to the maximum extent permitted under Applicable Law. Notwithstanding anything to the contrary herein, the New Equity Offering Shares to be offered and sold in the New Equity Offering and any New Shares to be offered and sold to the Backstop Parties pursuant to their Backstop Party's Commitments and for which the exemption to registration pursuant to Section 1145 is unavailable are being offered and sold exclusively to the Participating Term Loan Claimants and, if applicable, the Backstop Parties, in reliance on the exemption from registration under the U.S. Securities Act set forth in section 4(a)(2) thereof (such New Equity Offering Shares and New Shares, the "**4(a)(2) Securities**").

(h) Pursuant to Section 1145, the offering, issuance, and distribution of the 1145 Securities shall be exempt from, among other things, the registration and prospectus delivery requirements of section 5 of the U.S. Securities Act and any other applicable U.S. federal, state, local or other law requiring registration prior to the offering, issuance, distribution, or sale of the 1145 Securities. Each of the 1145 Securities, (a) will not be "restricted securities" as defined in rule 144(a)(3) under the U.S. Securities Act; and (b) will be freely tradable and transferable in the United States by each recipient thereof that (i) is an entity that is not an "underwriter" as defined in section 1145(b)(1) of the U.S. Bankruptcy Rules, (ii) is not an "affiliate" of New Just Energy Parent as defined in Rule 144(a)(1) under the U.S. Securities Act, (iii) has not been such an "affiliate" within ninety (90) days of the time of the transfer, and (iv) has not acquired such securities from such an "affiliate" within one year of the time of transfer. Notwithstanding the foregoing, the 1145 Securities remain subject to compliance with applicable securities laws and any rules and regulations of the U.S. Securities and Exchange Commission, if any, applicable at the time of any future transfer of such 1145 Securities and subject to any restrictions in the New Corporate Governance Documents.

(i) The 4(a)(2) Securities will be issued without registration under the U.S. Securities Act in reliance upon the exemption set forth in section 4(a)(2) of the U.S. Securities Act, Regulation D and/or Regulation S (and similar registration exemptions

applicable outside of the United States). Any New Shares issued in reliance on section 4(a)(2) of the U.S. Securities Act, including in compliance with Rule 506 of Regulation D, and/or Regulation S will be "restricted securities" subject to resale restrictions and may be resold, exchanged, assigned or otherwise transferred only pursuant to registration, or an applicable exemption from registration under the U.S. Securities Act and other Applicable Law, including state securities laws and subject to any restrictions in the New Corporate Governance Documents.

Subject to the Support Agreement, the Just Energy Entities reserve the right to revoke or withdraw the Plan at any time prior to the Effective Date. Subject to the Support Agreement, if the Just Energy Entities revoke or withdraw the Plan, or if the Sanction Order is not issued or if the Effective Date does not occur, (a) the Plan shall be null and void in all respects; (b) any settlement or compromise embodied in the Plan or any document or agreement executed pursuant to or in connection with the Plan shall be deemed to be null and void; and (c) nothing contained in the Plan, and no acts taken in preparation for consummation of the Plan, shall (i) constitute or be deemed to constitute a waiver or release of any Claims by or against any of the Just Energy Entities or any other Person, (ii) prejudice in any manner the rights of the Just Energy Entities or any other Person in any further proceedings involving any of the Just Energy Entities, or (iii) constitute an admission of any sort by any of the Just Energy Entities or any other Person.

11.7 Amendments to the Plan Prior to Approval

Subject to the terms and conditions of the Support Agreement, the Just Energy Entities reserve the right to vary, modify, amend, or supplement the Plan by way of a supplementary or amended and restated plan or plans of compromise or arrangement or both filed with the Court at any time or from time to time prior to the commencement of the Meetings; provided that, the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed. Any such supplementary or amended and restated plan or plans of compromise or arrangement or both shall, for all purposes, be deemed to be a part of and incorporated into the Plan. Any such variation, modification, amendment, or supplement shall be posted on the Monitor's Website and e-mail notice will be provided to the CCAA Proceeding service list. Creditors are advised to check the Monitor's Website regularly. Creditors who wish to receive written notice of any variation, modification, amendment, or supplement to the Plan should contact the Monitor in the manner set out in Section 11.14 of the Plan. Creditors in attendance at the Meetings will also be advised of any such variation, modification, amendment or supplement to the Plan.

In addition, the Just Energy Entities may propose a variation or modification of, or amendment, or supplement to, the Plan during the Meetings, provided that the Just Energy Entities obtain the prior consent of the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor to any such variation, modification, amendment, or supplement, which consent shall not be unreasonably withheld, conditioned or delayed, and that notice of such variation, modification, amendment, or supplement is given to all Creditors entitled to vote, present in person or by proxy at the applicable Meeting prior to the vote being taken at such Meeting, in which case any such variation, modification, amendment, or supplement shall, for all purposes, be deemed to be part of and incorporated into the Plan. Any variation, amendment, modification, or supplement at a Meeting will be promptly posted on the Monitor's Website, served by e-mail to the service list in the CCAA Proceeding and filed with the Court as soon as practicable following the applicable Meeting.

11.8 Amendments to the Plan Following Approval

After the Meetings (and both prior to and subsequent to obtaining the Sanction Order), the Just Energy Entities may at any time and from time to time vary, amend, modify, or supplement the Plan without the need for obtaining an Order of the Court or providing notice to the Creditors, if the Just Energy Entities, the Plan Sponsor, the Credit Facility Lenders, Shell and the Monitor, each acting reasonably, determine that such variation, amendment, modification, or supplement would not be materially prejudicial to the interests of any Creditors under the Plan or is necessary in order to give effect to the substance of the Plan or the Sanction Order.

11.9 Paramountcy

From and after the Effective Time on the Effective Date, any conflict between:

(a) the Plan or any Final Order of the Court in the CCAA Proceeding or the U.S. Court in the Chapter 15 Proceeding; and

(b) the covenants, warranties, representations, terms, conditions, provisions or obligations, expressed or implied, of any contract, mortgage, security agreement, indenture, trust indenture, note, loan agreement, commitment letter, agreement for sale, lease or other agreement, written or oral and any and all amendments or supplements thereto existing between any Person and the Just Energy Entities immediately prior to the Effective Date or the notice of articles, articles, bylaws or constating documents of the Just Energy Entities or New Just Energy Parent immediately prior to the Effective Date,

will be deemed to be governed by the terms, conditions and provisions of the Plan or the applicable Final Order, which shall take precedence and priority; provided that, any settlement agreement executed by the Just Energy Entities and any Person asserting a Claim that was entered into from and after the Filing Date shall be read and interpreted in a manner that assumes such settlement agreement is intended to operate congruously with, and not in conflict with, the Plan.

11.10 Severability of Plan Provisions

If any term, section or provision of the Plan is held by the Court or the U.S. Court to be invalid, void or unenforceable, the Court or the U.S. Court, as applicable, at the request of the Just Energy Entities and with the consent of the Monitor, the Credit Facility Lenders and the Plan Sponsor, each acting reasonably, shall have the power to either (a) sever such term, section or provision from the balance of the Plan as approved by the Court or the U.S. Court, as applicable, and provide the Just Energy Entities with the option to proceed with the implementation of the balance of the Plan as of and with effect from the Effective Date; or (b) alter and interpret such term, section or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of such term, section or provision held to be invalid, void or unenforceable, and such term, section or provision shall then be applied as altered or interpreted. Notwithstanding any such holding, alteration or interpretation of the Plan, the remainder of the terms, sections and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation.

11.11 The Monitor

(a) The Monitor is acting and will continue to act in all respects in its capacity as Monitor in the CCAA Proceeding and not in its personal or corporate capacity. The Monitor will not be responsible or liable whatsoever for any obligations of the Just Energy Entities. The Monitor will have the powers and protections granted to it by the Plan, the CCAA and the Orders made by the Court in the CCAA Proceeding. Both prior to and after the Effective Date, the Just Energy Entities shall provide such assistance as reasonably required by the Monitor in connection with the completion of the Monitor's duties and obligations under the Plan.

(b) The Monitor shall not incur any liability whatsoever, including in respect of (i) any amount paid, required to be paid or not paid pursuant to the Plan, (ii) any costs or expenses incurred in connection with, in relation to or as a result of any payment made, required to be made or not made, or (iii) any deficiency in the Plan Implementation Fund or any reserves established pursuant to the Plan. Notwithstanding any other provision of the Plan, and without in any way limiting

the protections for the Monitor set out in the Orders made by the Court in the CCAA Proceeding or the CCAA, the Monitor shall have no obligation to make any payment contemplated under the Plan, and nothing shall be construed as obligating the Monitor to make any such payment, unless and until the Monitor is in receipt of funds adequate to effect any such payment.

11.12 Different Capacities

Persons who are affected by the Plan may be affected in more than one capacity. Unless expressly provided herein to the contrary, a Person will be entitled to participate hereunder in each such capacity. Any action taken by a Person in one capacity will not affect such Person in any other capacity, unless expressly agreed by the Just Energy Entities and the Plan Sponsor, each acting reasonably, and the Person, in writing, or unless its Claims overlap or are otherwise duplicative.

(f) the Backstop Parties, or a matter must be satisfactory or acceptable to the Backstop Parties, such matter shall be decided in accordance with the terms of the Backstop Commitment Letter,

provided that any provision that requires an agreement, waiver, consent or approval from a party in respect of a matter will not limit any agreement, waiver, consent or approval required from a Supporting Party pursuant to the Support Agreement in respect of the same subject matter.

Just Energy Announces Proposed Plan of Compromise and Arrangement and Execution of Support Agreement and Backstop Commitment Letter for Going Concern Restructuring

TORONTO, May 12, 2022 -- Just Energy Group Inc. ("**Just Energy**" or the "**Company**") (TSXV:JE; OTC:JENGQ), a retail energy provider specializing in electricity and natural gas commodities and bringing energy efficient solutions and renewable energy options to customers, today announced that it has entered into a Support Agreement and a Backstop Commitment Letter (each as defined below) with certain of its principal stakeholders, which provides for a comprehensive restructuring and recapitalization transaction that will be implemented pursuant to a plan of compromise and arrangement (the "**Plan**") under the *Companies' Creditors Arrangement Act* (the "**CCAA**"). The proposed Plan is the culmination of extensive negotiations among the Company, its DIP Lenders (as defined below), its credit facility lenders, certain of its secured commodity suppliers and unsecured term loan lenders. If approved, the Plan will result in Just Energy's emergence from CCAA proceedings and cases commenced under Chapter 15 of the United States Bankruptcy Code ("**Chapter 15**") pending in the United States Bankruptcy Court for the Southern District of Texas (the "**U.S. Court**"), preserve the going concern value of the business, maintain customer relationships and retain employment and critical vendor and regulator relationships. The Plan provides that certain creditors will receive cash payments and/or equity in exchange for their debt, and existing equityholders' interests will be cancelled for no consideration.

Just Energy and certain of its affiliates (collectively, the "**Just Energy Entities**") intend to bring motions before the Ontario Superior Court of Justice (Commercial List) (the "**Court**") on May 26, 2022 for: (i) an Order (the "**Meetings Order**") that, among other things, approves of the holding of meetings (the "**Meetings**") of certain secured creditors (the "**Secured Creditor Class**") and unsecured creditors (the "**Unsecured Creditor Class**") to consider and vote on a resolution approving the Plan, and (ii) an Order (the "**Authorization Order**") that, among other things, approves of the execution by the applicable Just Energy Entities of a plan support agreement (the "**Support Agreement**") and backstop commitment letter (the "**Backstop Commitment Letter**"), each of which are described further below. The Just Energy Entities also intend to seek recognition in the U.S. of the Meetings Order and the Authorization Order in their Chapter 15 cases.

Additional information with respect to the Support Agreement, the Backstop Commitment Letter, the Plan and the Meetings, including instructions on how to vote at the Meetings, will be set forth in an information statement of the Just Energy Entities (the "**Information Statement**"), which is expected to be sent within seven days of the granting of the proposed Meetings Order or otherwise made available to creditors entitled to vote at the Meetings as of the applicable record dates. A copy of the Information Statement, Plan, Support Agreement and Backstop Commitment Letter will also be made available on the SEDAR website at www.sedar.com, on the U.S. Securities and Exchange Commission's website at www.sec.gov and on Just Energy's website at www.investors.justenergy.com.

As previously reported, FTI Consulting Canada Inc. (the "**Monitor**") is overseeing the Company's CCAA proceedings as court-appointed Monitor. Copies of the Information Statement, the Plan, certain related material documents and further information regarding the CCAA proceedings is available at the Monitor's website at http://cfcanada.fticonsulting.com/justenergy and at the Omni Agent Solutions case website at https://cases.omniagentsolutions.com/?clientId=3600.

Information about the CCAA proceedings generally can also be obtained by contacting the Monitor by phone at 416-649-8127 or 1-844-669-6340, or by email at justenergy@fticonsulting.com.

RESTRUCTURING & RECAPITALIZATION TRANSACTION

The Plan includes the following key elements:

- A US$192.55 million new equity offering (the "**Equity Offering**") for the purchase of 80% of the new common equity of New Just Energy Parent (as defined below), subject to dilution resulting from equity issued under New Just Energy Parent's new management incentive plan (the "**MIP**") the terms of which are attached to the Support Agreement.

- The repayment in full of amounts owing under the Company's first lien credit facility, other than up to CAD$20 million, which may remain outstanding under an amended and restated credit agreement following implementation of the Plan. The amended and restated credit agreement will provide for a CAD$250 million facility.

- Secured commodity supply claims will be unaffected.

- The pre-filing secured claims of BP Canada Energy Group ULC and BP Energy Company in the aggregate principal amounts of approximately US$229.5 million and CAD$0.2 million, plus accrued and unpaid interest thereon up to the implementation of the Plan (the "**BP Claim**"), which claims have been assigned to an affiliate of the Plan Sponsor (as defined below) will be exchanged for preferred equity of New Just Energy Parent having a redemption amount equal to the BP Claim, and entitling the holder to a 12.50% accreting yield for the first four years, increasing 1% annually thereafter and providing for such other terms as set forth in the term sheet appended to the Support Agreement.

- The claims of creditors ("**Term Loan Claim Holders**") in respect of approximately US$208.6 million principal amount outstanding under the Company's existing unsecured term loan agreement, plus accrued and outstanding pre-filing fees, costs, interest and other amounts owing thereunder, will be settled in exchange for 10% of the new common equity of New Just Energy Parent (subject to dilution from equity issued under the MIP).

- The opportunity for eligible Term Loan Claim Holders to participate in the Equity Offering and the backstop thereof.

- Applicable general unsecured creditors with accepted claims less than or equal to CAD$1,500 ("**Convenience Creditors**"), and other applicable general unsecured creditors who make an election to be treated as Convenience Creditors, will be paid in full up to CAD$1,500.

- Other general unsecured creditors will be entitled to payment in respect of their accepted claims based on their pro rata share of a general unsecured creditor cash pool in the amount of CAD$10 million, less amounts required to fund payments to Convenience Creditors and applicable fees and expenses, including with respect to the administration of the claims process within the CCAA proceedings and resolution of disputed claims.

- A modified corporate structure in which Just Energy (U.S.) Corp. or such other entity organized in the United States and determined in accordance with the Plan ("**New Just Energy Parent**") becomes the new parent company of the Just Energy Entities.

- Just Energy will cease to be a reporting issuer and New Just Energy Parent will be a private company.

The trust indenture dated September 28, 2020 (the "**Subordinated Note Indenture**") governing the subordinated notes issued by the Company (the "**Subordinated Notes**") provides that the Subordinated Notes have been subordinated and postponed and are subject in right of payment to the full and final payment of all existing and future senior indebtedness. Accordingly, the Plan restricts the Monitor from

making any distribution to beneficial holders ("**Beneficial Subordinated Note Claim Holders**") of Subordinated Notes until all persons entitled to turnover of such distributions pursuant to the terms of the Subordinated Note Indenture and the Plan have been paid in full. As a result, Beneficial Subordinated Note Claim Holders are not anticipated to receive any recovery under the Plan and their claims will be cancelled and extinguished without any entitlement to payment.

Further, as the Company's creditors will not be paid in full under the Plan, no value will accrue to the Company's existing equityholders as a result of implementation of the Plan, and the outstanding shares, options and other equity of the Company immediately prior to implementation of the Plan will be transferred to the New Just Energy Parent or cancelled for no consideration and without any vote of the existing shareholders.

Additionally, holders of accepted claims that are less than CAD$10 will not receive any recovery under the Plan and their claims will be cancelled and extinguished without any entitlement to payment.

The implementation of the Plan is conditional upon, among other things: (i) the approval by the required majorities of the Secured Creditor Class and the Unsecured Creditor Class at the Meetings, which Meetings are to be held by August 2, 2022; and (ii) if the Plan is approved at the Meetings, the Court granting an Order that sanctions and approves of the Plan by August 12, 2022 and the recognition of such Order by the U.S. Court under Chapter 15 by September 15, 2022. The Company expects to implement the Plan as soon as reasonably practicable following entry of such Order by the U.S. Court, subject to the satisfaction or waiver of all condition precedent set forth in the Plan.

SUPPORT AGREEMENT

In connection with the Plan, the Just Energy Entities have entered into the Support Agreement with: (a) the lenders under the Company's debtor-in-possession financing facility (the "**DIP Lenders**") and one of their affiliates (collectively, the "**Plan Sponsor**") that are also significant Term Loan Claim Holders, (b) the Company's credit facility lenders, (c) the Company's largest commodity supplier and (d) the holder of the BP Claim. Pursuant to the Support Agreement, among other things, the Just Energy Entities have agreed to use commercially reasonable efforts to complete the transactions as set forth in the Plan, and the Plan Sponsor and other counterparties have agreed to vote in favour of, and take actions to support, the Plan, in each case on the terms and conditions set forth in the Support Agreement.

While the Support Agreement provides that Just Energy shall not solicit the submission of any transaction that is an alternative to or otherwise inconsistent with the restructuring and recapitalization transactions contemplated by the Plan (an "**Alternative Restructuring Proposal**", as such term is defined in the Support Agreement), Just Energy is permitted to consider, respond to and negotiate unsolicited Alternative Restructuring Proposals. The terms of the Support Agreement do not contain a contractual right for any party to match or top any Alternative Restructuring Proposal or Superior Proposal (as defined below).

The Support Agreement may be terminated in certain circumstances, including by any of the Just Energy Entities in the event that the board of directors or similar governing body of such entity (the "**Board**") determines, upon the advice of outside legal counsel and financial advisors, that proceeding with the restructuring contemplated by the Plan would be inconsistent with the exercise of its fiduciary duties or applicable law, or to pursue an Alternative Restructuring Proposal the terms of which are determined by the Board to be more favorable to the Just Energy Entities and their stakeholders (a "**Superior Proposal**", as such term is defined in the Support Agreement) in accordance with the terms of the Support Agreement.

The Plan Sponsor may also terminate the Support Agreement if the Board determines to proceed with and accept a definitive Alternative Restructuring Proposal or a definitive Superior Proposal. In either of the foregoing termination scenarios, the Just Energy Entities would be required to pay a termination fee to the Backstop Parties (as defined below) in the amount of US$15 million under the terms of the Backstop Commitment Letter, subject to the granting of the Authorization Order, which fee would be payable concurrent with the consummation of an Alternative Restructuring Proposal after any such termination.

BACKSTOP COMMITMENT LETTER

Pursuant to the Backstop Commitment Letter, the Equity Offering will be backstopped by the Plan Sponsor and other eligible Term Loan Claim Holders who elect to participate in the backstop (collectively, the "**Backstop Parties**") by providing an executed joinder to the Backstop Commitment Letter and participation form to Just Energy by June 23, 2022. Such forms, together with additional details regarding participation in the backstop, will be provided to applicable Term Loan Claim Holders after the granting of the proposed Meetings Order.

The Backstop Commitment Letter provides for the issuance of 10% of the new common equity of New Just Energy Parent (subject to dilution resulting from equity issued under the MIP) to the Backstop Parties as a fee for their agreement to backstop the Equity Offering.

FURTHER INFORMATION

The Company has been advised by OC II VS XIV LP ("**OC II**"), a Delaware limited partnership, and certain other funds under common management with OC II (collectively, the "**Funds**"), who own approximately 29% of the issued and outstanding common shares of the Company, that OC II has filed an amended early warning report pursuant to Canadian securities laws to provide updated disclosure relating to the Funds' participation in the Plan, which is available at www.sedar.com under the Company's issuer profile.

The above descriptions are summaries only and are subject to the terms of the Plan, the Support Agreement and the Backstop Commitment Letter, copies of which are available on the Monitor's website and will be made available on the SEDAR website at www.sedar.com, on the U.S. Securities and Exchange Commission's website at www.sec.gov and on Just Energy's website at https://investors.justenergy.com/.

No charge shall be made by the Corporation or the Note Trustee to the holders of such interim or temporary Note or interim certificate for the exchange thereof.

2.6 Mutilation, Loss, Theft or Destruction

In case the Note issued hereunder shall become mutilated or be lost, stolen or destroyed, the Corporation, in its discretion, may issue, and thereupon the Note Trustee shall certify and deliver, a new Note upon surrender and cancellation of the mutilated Note, or in the case of a lost, stolen or destroyed Note, in lieu of and in substitution for the same, and the substituted Note shall be in a form approved by the Note Trustee and shall be entitled to the benefits of this Indenture and rank equally in accordance with its terms with the previous Note issued hereunder. The new or substituted Note may have endorsed upon it the fact that it is in replacement of a previous Note. In case of loss, theft or destruction the applicant for a substituted Note shall furnish to the Corporation and to the Note Trustee such evidence of the loss, theft or destruction of the Note and such other documents as shall be satisfactory to them in their discretion and shall also furnish a surety bond and an indemnity satisfactory to them in their discretion. The applicant shall pay all reasonable expenses incidental to the issuance of any substituted Note.

2.7 Concerning Interest

(a) Except as may otherwise be provided in this Indenture or in any supplemental indenture or in a Written Direction of the Corporation in respect of the Note and subject to Section 2.1(a) with respect to the calculation of interest in respect of the initial interest payment to be paid in PIK Interest on the Note, the Note issued hereunder, whether originally or upon exchange or in substitution for previously issued Note which are interest bearing, shall bear interest, in all instances to be PIK Interest, (i) from and including the date hereof, or (ii) from and including the last Interest Payment Date in respect of which interest shall have been paid in PIK Interest on the outstanding Note, whichever shall be the later, in all cases, to but excluding the next Interest Payment Date. All interest shall accrue from day to day and shall be payable in arrears. Interest payable in a calendar year shall be PIK

Interest only, payable semi-annually in arrears. Interest on the Note issued hereunder shall accrue up to the Redemption Date for the Note, but not including the Maturity Date, unless, upon due presentation, payment of principal or delivery of amounts, securities or other property payable or deliverable hereunder and payment of any accrued and unpaid interest or other amounts payable hereunder is improperly withheld or refused.

(b) Unless otherwise specifically provided in the terms of the Note, interest shall be computed on the basis of a 360-day year composed of twelve 30-day months. Subject to Section 2.1(a) in respect of the method for calculating the amount of interest to be paid on the Note on the first Interest Payment Date in respect thereof, with respect to the Note, whenever interest is computed on a basis of a year (the "**deemed year**") which contains fewer days than the actual number of days in the calendar year of calculation, such rate of interest shall be expressed as a yearly rate for purposes of the *Interest Act* (Canada) by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing it by the number of days in the deemed year.

(c) For the purposes solely of disclosure under the *Interest Act* (Canada), whenever interest to be paid on the Note is to be calculated on the basis of a year of 360 days consisting of twelve 30-day months, the yearly rate of interest to which the rate used in such calculation is equivalent during any particular period is the rate so used multiplied by a fraction of which:

(i) the numerator is the product of:

(A) the actual number of days in the calendar year in which such period ends, and

(B) the sum of (I) the product of 30 and the number of complete months elapsed in the relevant period and (II) the number of days elapsed in any incomplete month in the relevant period, and

(ii) the denominator is the product of (i) 360 and (ii) the actual number of days in the relevant period.

2.8 Note to Rank *Pari Passu*

The Note will be direct unsecured senior subordinated obligations of the Corporation. The Note, subject to statutory preferred exceptions, will rank *pari passu* with all other present and future senior subordinated and unsecured indebtedness of the Corporation (other than Senior Indebtedness).

2.9 Payments of Amounts Due on Maturity

Except as may otherwise be provided herein or in any supplemental indenture in respect of the Note, payments of amounts due upon maturity of the Note will be made in the following manner. The Corporation will establish and maintain with the Note Trustee an account for the Note. Each such account shall be maintained by and be subject to the control of the Note Trustee for the purposes of this Indenture. On or before 11:00 a.m. (Toronto time) on the Business Day immediately prior to each maturity date for the Note outstanding from time to time under this Indenture, the Corporation will deposit in the applicable account in Canadian dollars an amount sufficient to pay the cash amount payable in respect of the Note (including the principal amount together with any accrued and unpaid interest thereon less any tax required by law to be deducted or withheld), provided the Corporation may elect to satisfy this requirement by providing the Note Trustee with one or more certified cheques by no later than five (5)

Business Days prior to the applicable maturity date or with funds by electronic transfer, for such amounts required under this Section 2.9 to the applicable maturity date. The Note Trustee, on behalf of the Corporation, will pay to each holder entitled to receive payment the principal amount of and premium (if any) and accrued and unpaid interest on the Note, upon surrender of the Note at any branch of the Note Trustee designated for such purpose from time to time by the Corporation and the Note Trustee. The delivery of such funds to the Note Trustee for deposit to the account will satisfy and discharge the liability of the Corporation for the Note to which the delivery of funds relates to the extent of the amount delivered (plus the amount of any tax deducted as aforesaid and remitted to the appropriate governmental authority) and the Note will thereafter to that extent not be considered as outstanding under this Indenture and such holder will have no other right in regard thereto other than to receive out of the money so deposited or made available the amount to which such holder is entitled.

2.10 Payment of Interest

The following provisions shall apply to the Note, except as otherwise provided in Section 2.1(a) or permitted by Article 5:

(a) PIK Interest shall be payable (i) with respect to the Note represented by a Global Note or Book Entry Only Note registered in the name of, or held by, the Depository or its nominee on the relevant record date, by increasing the principal amount of the outstanding Global Note by an amount equal to the amount of such PIK Interest, or (ii) with respect to the Note in certificated form, by indicating payment thereof and an increase in the principal amount of the Note in the register for the Note and by issuing Note in certificated form in an aggregate principal amount equal to such PIK Interest (rounded down to the nearest whole dollar) and the Note Trustee will, at the written request of the Corporation, certify and deliver the Note in certificated form for original issuance to the Noteholders on the relevant record date, as shown by the records of the register of the Noteholders; provided that a Holder of a Note represented by a physical certificate shall be entitled to PIK Interest so long as the increase in the principal amount of the Note is recorded in the register for the Note, whether or not the Note represented by a physical certificate representing such PIK Interest have been issued to such Holder. Following an increase in the principal amount of the Global Note as a result of a PIK Interest payment, the Global Note will bear interest on such increased principal amount from and after the date of such PIK Interest payment as otherwise set forth in the Global Note. With respect to all payments of PIK Interest, the Corporation will deliver a Written Direction of the Corporation to the Note Trustee, no later than seven (7) Business Days prior to the applicable Interest Payment Date, to adjust the Note by the applicable amount of PIK Interest.

2.11 Withholding Tax

The Corporation will be entitled to deduct and withhold any applicable taxes or similar charges imposed or levied by or on behalf of the Canadian government or of any Province or territory thereof or any authority or agency therein or thereof having power to tax, including pursuant to the Tax Act, from any payment to be made on or in connection with the Note and, provided that the Corporation forthwith remits such withheld amount to such government, authority or agency and files all required forms in respect thereof and, at the same time, provides copies of such remittance and filing to the Note Trustee, for forwarding to the relevant Noteholder, the amount of any such deduction or withholding will be considered an amount paid in satisfaction of the Corporation's obligations under the Note and there is no obligation on the Corporation to gross-up amounts paid to a holder in respect of such deductions or withholdings. The Corporation shall provide the Note Trustee, for forwarding to the relevant Noteholder,

with copies of receipts or other communications relating to the remittance of such withheld amount or the filing of such forms received from such government, authority or agency promptly after receipt thereof.

The Note Trustee shall have no obligation to verify any payments under the Tax Act or any provision of provincial, state, local or foreign tax law. The Note Trustee shall at all times be indemnified and held harmless by the Corporation from and against any personal liabilities of the Note Trustee incurred in connection with the failure of the Corporation or its agents, to report, remit or withhold taxes as required by the Tax Act or otherwise failing to comply with the Tax Act. This indemnification shall survive the resignation or removal of the Note Trustee and the termination of this Indenture solely to the extent that such liabilities have been incurred in connection with taxation years occurring during the term of this Indenture.

ARTICLE 3
REGISTRATION, TRANSFER, EXCHANGE AND OWNERSHIP

3.1 Fully-Registered Note

(a) With respect to the Note issuable as a Fully-Registered Note, the Corporation shall cause to be kept by and at the principal offices of the Note Trustee in Toronto, Ontario and by the Note Trustee or such other registrar as the Corporation, with the approval of the Note Trustee, may appoint at such other place or places, if any, as may be specified in the Note or as the Corporation may designate with the approval of the Note Trustee, a register in which shall be entered the names and addresses of the holders of such Fully-Registered Note and particulars of the Note held by them respectively and of all transfers of Fully-Registered Note. Such registration shall be noted on the Note by the Note Trustee or other registrar unless a new Note shall be issued upon such transfer.

(b) No transfer of a Fully-Registered Note shall be valid unless made on such register referred to in Section 3.1(a) by the registered holder or such holder's executors, administrators or other legal representatives or an attorney duly appointed by an instrument in writing in form and execution satisfactory to the Note Trustee or other registrar upon surrender of the Note together with a duly-executed form of transfer acceptable to the Note Trustee and upon compliance with such other reasonable requirements as the Note Trustee or other registrar may prescribe, nor unless the name of the transferee shall have been noted on the Note by the Note Trustee or other registrar, whereupon a new Note will be issued in the same aggregate principal amount as the Note so transferred, registered in the names of the transferees.

3.2 Global Note, Book Entry Only Note or Book Based Only Note

(a) With respect to the Note issuable in whole or in part as a Global Note, as a Book Entry Only Note or as a Book Based Only Note, the Corporation shall cause to be kept by and at the principal offices of the Note Trustee in Toronto, Ontario and by the Note Trustee or such other registrar as the Corporation, with the approval of the Note Trustee, may appoint at such other place or places, if any, as the Corporation may designate with the approval of the Note Trustee, a register in which shall be entered the name and address of the holder of each such Global Note, Book Entry Only Note or Book Based Only Note (being the Depository, or its nominee, for such Global Note, Book Entry Only Note or Book Based Only Note) as holder thereof and particulars of the Global Note, Book Entry Only Note or Book Based Only Note held by it, and of all transfers thereof. If the Note is at any time not a Global Note, a Book Entry Only Note or a Book Based Only Note, the

provisions of Section 3.1 shall govern with respect to registrations and transfers of the Note.

(b) Notwithstanding any other provision of this Indenture, a Global Note, Book Entry Only Note or Book Based Only Note may not be transferred by the registered holder thereof and accordingly, no definitive certificate shall be issued to Beneficial Holders except in the following circumstances:

(i) A Global Note, Book Entry Only Note or a Book Based Only Note may be transferred by a Depository to a nominee of such Depository or by a nominee of a Depository to such Depository or to another nominee of such Depository or by a Depository or its nominee to a successor Depository or its nominee;

(ii) A Global Note, a Book Entry Only Note or a Book Based Only Note may be transferred at any time after (i) the Depository for such Global Note, Book Entry Only Note or Book Based Only Note, as the case may be, or the Corporation has notified the Note Trustee that the Depository is unwilling or unable to continue as Depository for such Global Note, Book Entry Only Note or Book Based Only Note, or (ii) the Depository ceases to be a clearing agency or otherwise ceases to be eligible to be a Depository under Section 2.2(b), provided in each case that at the time of such transfer the Note Trustee and the Corporation are unable to locate a qualified successor Depository for such Global Note, Book Entry Only Note or Book Based Only Note;

(iii) A Global Note, a Book Entry Only Note or a Book Based Only Note may be transferred at any time after the Corporation has determined, in its sole discretion, with the consent of the Note Trustee to terminate the book-entry only registration system or book based entry, as the case may be, in respect of such Global Note, Book Entry Only Note or Book Based Only Note and has communicated such determination to the Note Trustee in writing;

(iv) A Global Note, a Book Entry Only Note or a Book Based Only Note may be transferred at any time after the Note Trustee has determined that an Event of Default has occurred and is continuing with respect to the Note issued as a Global Note, a Book Entry Only Note or a Book Based Only Note, as the case may be, provided that Beneficial Holders of the Note representing, in the aggregate, more than 25% of the aggregate principal amount of the Note advise the Depository in writing, through the Depository Participants, that the continuation of the book-entry only registration system or book based entry, as applicable, for the Note is no longer in their best interest and also provided that at the time of such transfer the Note Trustee has not waived the Event of Default pursuant to Section 7.3;

(v) A Global Note, a Book Entry Only Note or a Book Based Only Note may be transferred if required by applicable law; or

(vi) A Global Note, a Book Entry Only Note or a Book Based Only Note may be transferred if the book-entry only registration system or book based entry, as applicable, ceases to exist.

(c) With respect to the Global Note, Book Entry Only Note or Book Based Only Note, unless and until definitive certificates have been issued to Beneficial Holders of the Note pursuant to subsection 3.2(b):

(i) the Corporation and the Note Trustee may deal with the Depository for all purposes (including paying interest on the Note) as the sole holder of the Note and the authorized representative of the Beneficial Holders;

(ii) the rights of the Beneficial Holders of the Note shall be exercised only through the Depository and shall be limited to those established by law and agreements between such Beneficial Holders and the Depository or the Depository Participants;

(iii) the Depository will make book-entry or book based, as applicable, transfers among the Depository Participants; and

(iv) whenever this Indenture requires or permits actions to be taken based upon instructions or directions of Noteholders evidencing a specified percentage of the outstanding Note, the Depository shall be deemed to be counted in that percentage only to the extent that it has received instructions to such effect from the Beneficial Holders of the Note or the Depository Participants, and has delivered such instructions to the Note Trustee.

(d) Whenever a notice or other communication is required to be provided to Noteholders, unless and until a definitive certificate has been issued to Beneficial Holders of the Note pursuant to this Section 3.2, the Note Trustee shall provide all such notices and communications to the Depository for forwarding by the Depository to such Beneficial Holders. Upon the termination of the book-entry only registration system or book based entry, as applicable, on the occurrence of one of the conditions specified in Section 3.2(b) with respect to the Note issued hereunder, the Note Trustee shall notify all applicable Depository Participants and Beneficial Holders, through the Depository, of the availability of definitive Note certificates. Upon surrender by the Depository of the certificate representing the Global Note and receipt of new registration instructions from the Depository, the Note Trustee shall deliver the definitive Note certificate for the Note to the holders thereof in accordance with the new registration instructions and thereafter, the registration and transfer of the Note will be governed by Section 3.1 and the remaining Sections of this Article 3, as applicable.

(e) Notwithstanding any other provisions of this Indenture or the Note, transfers and exchanges of Note and beneficial interests in Global Note shall be made in accordance the applicable rules and guidelines of the Securities Transfer Association of Canada.

(f) Notwithstanding any provisions made in this Indenture for the issuance, certification and authentication of Note in physical form as Fully Registered Note or Global Note, the Note issued under the terms of this Indenture may also be issued to the Depository in book based only form, non-certificated and appearing on the register of the Note Trustee as a book based entry. In the absence of any physical securities being created for certification by the Corporation and authentication by the Note Trustee both at the initial issuance of the Note and at the time of any subsequent additional issuance of the Note pursuant to the terms of a supplemental indenture, confirmation of the due issuance and validity of the Note shall be based upon the comparison of the Note in quantity and description appearing under the relevant broker's instant deposit request identification number to the

quantity and description of the Note as detailed in the delivery order of the Corporation addressed to the Note Trustee and to the broker upon whose posting of the Book Based Only Note to the book entry records of the Depository on a non-certificated basis on which both the Corporation and the Note Trustee shall depend. It is the responsibility of the Corporation to make the necessary arrangements with its broker or brokers to obtain, in a timely manner, the necessary instant deposit request identification number to facilitate the issuance of non-certificated Book Based Only Note.

In the establishment and maintenance of a non-certificated Book Based Only Note issue, the Note Trustee shall maintain such a record on its register for the Note in book based form only. Transfer of the Note appearing on the register of the Depository shall otherwise occur as provided for in this Indenture. The parties hereto further recognize that, notwithstanding the issuance of Book Based Only Note, conversions of the Note shall occur as contemplated by the terms of this Indenture but the Note Trustee is permitted to employ whatever reasonable means it may from time to time require in order to guarantee the unhindered (but subject to the terms and conditions hereof) conversion of the Note appearing on the register for the Note in book based only form by making whatever arrangements are deemed necessary by it with the Depository.

At the time of the execution of this Indenture, the parties hereto understand that no declarations or other paper certificates or documentation will be required in order to effect conversions of the Note held by Persons in the United States. If at any time subsequent to the initial issuance of the Note it is determined by the Depository, the Note Trustee, the Corporation or legal counsel that physical declarations or other paper documentation are required for conversions or otherwise, the parties hereto and the Noteholders acknowledge that the Note Trustee may be obliged to require the Note held by such Persons converting their Note to be certificated rather than held in book based form.

3.3 Transferee Entitled to Registration

The transferee of a Note shall be entitled, after the appropriate form of transfer is lodged with the Note Trustee or other registrar and upon compliance with all other conditions in that behalf required by this Indenture or by law, to be entered on the register as the owner of the Note free from all equities or rights of compensation or counterclaim between the Corporation and the transferor or any previous holder of the Note, save in respect of equities of which the Corporation is required to take notice by statute or by order of a court of competent jurisdiction.

3.4 No Notice of Trusts

Neither the Corporation nor the Note Trustee nor any registrar shall be bound to take notice of or see to the execution of any trust whether express, implied or constructive, in respect of any Note, and may transfer the same on the direction of the person registered as the holder thereof, whether named as trustee or otherwise, as though that person were the beneficial owner thereof.

3.5 Registers Open for Inspection

The registers referred to in Sections 3.1 and 3.2 shall, during regular business hours of the Note Trustee, be open for inspection by the Corporation, the Note Trustee or any Noteholder. Every registrar, including the Note Trustee, shall from time to time when requested so to do by the Corporation, the Note Trustee or any Noteholder and upon such person delivering any statutory declaration in the form required by the Indenture Legislation, in writing, furnish within 10 days of the delivery of such statutory declaration to

the Corporation, the Note Trustee or the Noteholder, as the case may be, a list (which shall be current as of the day such statutory declaration is delivered to the Note Trustee) of names and addresses of holders of the registered Note entered on the register kept by them and showing the principal amount and serial numbers of the Note held by each such holder as well as the aggregate principal amount of the Note outstanding, provided the Note Trustee shall be entitled to charge a reasonable fee to provide such a list.

3.6 [Intentionally Deleted]

3.7 Closing of Registers

(a) Neither the Corporation nor the Note Trustee nor any registrar shall be required to:

(i) make transfers or exchanges of a Fully-Registered Note on any Interest Payment Date or during the five preceding Business Days;

(ii) make transfers or exchanges of the Note on the day of any selection by the Note Trustee of the Note to be redeemed or during the five preceding Business Days; or

(iii) make transfers or exchanges of the Note which will have been selected or called for redemption unless upon due presentation thereof for redemption the Note shall not be redeemed.

(b) Subject to any restriction herein provided, the Corporation with the approval of the Note Trustee may at any time close any register for the Note, other than those kept at the principal offices of the Note Trustee in Toronto, Ontario, and transfer the registration of the Note registered thereon to another register (which may be an existing register) and thereafter the Note shall be deemed to be registered on such other register. Notice of such transfer shall be given to the holders of the Note.

3.8 Charges for Registration, Transfer and Exchange

For each Note exchanged, registered, transferred or discharged from registration, the Note Trustee or other registrar, except as otherwise herein provided, may make a reasonable charge for its services and in addition may charge a reasonable sum for each new Note issued (such amounts to be agreed upon from time to time by the Note Trustee and the Corporation), and payment of such charges and reimbursement of the Note Trustee or other registrar for any stamp taxes or governmental or other charges required to be paid shall be made by the party requesting such exchange, registration, transfer or discharge from registration as a condition precedent thereto. Notwithstanding the foregoing provisions, no charge shall be made to a Noteholder hereunder:

(a) for any exchange, registration, transfer or discharge from registration of any Note applied for within a period of two months from the date of the first endorsement of the Note;

(b) for any exchange of any interim or temporary Note or interim certificate that has been issued under Section 2.5 for a definitive Note;

(c) for any exchange of a Global Note as contemplated in Section 3.2;

(d) for any exchange of the Note resulting from a partial redemption under Section 4.2; or

(e) for any exchange of the Note resulting from a partial purchase under Section 2.1(e).

3.9 Ownership of the Note

(a) Unless otherwise required by law, the person in whose name any registered Note is registered shall for all the purposes of this Indenture be and be deemed to be the owner thereof and payment of or on account of the principal of and premium, if any, on the Note and interest thereon shall be made to such registered holder.

(b) Neither the Corporation nor the Note Trustee shall have any liability for:

(i) any aspect of the records relating to the beneficial ownership of the Note held by a Depository or of the payments relating thereto; or

(ii) maintaining, supervising or reviewing any such records relating to the Note.

(c) The registered holder for the time being of any registered Note shall be entitled to the principal, premium, if any, and/or interest evidenced by such instruments, respectively, free from all equities or rights of compensation or counterclaim between the Corporation and the original or any intermediate holder thereof and all persons may act accordingly and the payment to any such registered holder for any such principal, premium or interest shall be a good discharge to the Corporation and/or the Note Trustee for the same and neither the Corporation nor the Note Trustee shall be bound to inquire into the title of any such registered holder.

(d) Where the Note is registered in more than one name, the principal, premium, if any, and interest from time to time payable in respect thereof may be paid to the order of all or any of such holders, failing written instructions from them to the contrary, and the payment to any one of such holders therefore shall be a valid discharge, to the Note Trustee, any registrar and to the Corporation.

(e) In the case of the death of one or more joint holders of the Note the principal, premium, if any, and interest from time to time payable thereon may be paid to the order of the registered holders and the payment to any such registered holder shall be a valid discharge to the Note Trustee and any registrar and to the Corporation.

3.10 [Intentionally deleted]

ARTICLE 4
REDEMPTION AND PURCHASE OF THE NOTE AND CERTAIN PAYMENTS ON MATURITY

4.1 Applicability of Article

Subject to Section 2.1(b), the Corporation shall have the right at its option to redeem, either in whole at any time or in part from time to time before maturity, by payment of money, the Note issued hereunder (subject, however, to any applicable restriction on the redemption of the Note) at such rate or rates of premium, if any, and on such date or dates and in accordance with such other provisions as shall have been determined at the time of issue of the Note and as shall have been expressed in this Indenture, in the Note, in an Officer's Certificate.

Subject to Article 5 hereof, the Corporation shall also have the right at its option to repay, either in whole or in part, on redemption or maturity, by payment of money in accordance with Sections 2.9 and 4.9, the principal amount of the Note issued hereunder (subject however, to any applicable restriction on the repayment of the principal amount of the Note) at such rate or rates of premium, if any, and on such date

or dates and in accordance with such other provisions as shall have been determined at the time of issue of the Note and shall have been expressed in this Indenture, in the Note, in an Officer's Certificate.

4.2 Partial Redemption

If only a partial amount of the outstanding principal owing under the Note is to be redeemed, the portion of the principal amount of the Note shall be selected by the Note Trustee on a *pro rata* basis to the nearest multiple of $1.00 in accordance with the principal amount of the Note registered in the name of each holder or in such other manner as the Note Trustee deems equitable. Unless otherwise specifically provided in the terms of the Note, no Note shall be redeemed in part unless the principal amount redeemed is $1,000 or a multiple thereof. For this purpose, the Note Trustee may make, and from time to time vary, regulations with respect to the manner in which the Note may be drawn for redemption in part or for redemption in cash and regulations so made shall be valid and binding upon all holders of the Note notwithstanding the fact that as a result thereof the Note may become subject to redemption in part only or for cash only. In the event that the Note becomes subject to redemption in part only, upon surrender of the Note for payment of the Redemption Price, together with interest accrued to but excluding the Redemption Date, the Corporation shall execute and the Note Trustee shall certify and deliver without charge to the holder thereof or upon the holder's order the new Note for the unredeemed part of the principal amount of the Note so surrendered or, with respect to a Global Note, the Note Trustee shall make notations on the Global Note of the principal amount thereof so redeemed. Unless the context otherwise requires, the term "Note" as used in this Article 4 shall be deemed to mean or include any part of the principal amount of the Note which in accordance with the foregoing provisions has become subject to redemption.

4.3 Notice of Redemption

Notice of redemption (the "**Redemption Notice**") of the Note shall be given to the holders of the Note so to be redeemed not more than 60 days nor less than 30 days prior to the date fixed for redemption (the "**Redemption Date**") in the manner provided in Section 12.2. Every such notice shall specify the aggregate principal amount of the Note called for redemption, the Redemption Date, the Redemption Price together with accrued and unpaid interest to but excluding the Redemption Date, and, if applicable, the portion to be redeemed for cash and the places of payment and shall state that interest upon the principal amount of the Note called for redemption shall cease to accrue and be payable on and after the Redemption Date. In addition, unless the entire outstanding Note is to be redeemed, the Redemption Notice shall specify:

(a) [intentionally deleted];

(b) [intentionally deleted];

(c) in the case of a Global Note, that the redemption will take place in such manner as may be agreed upon by the Depository, the Note Trustee and the Corporation; and

(d) in all cases, the principal amount of such part of the Note to be redeemed.

4.4 Note Due on Redemption Date

Notice having been given as aforesaid, the Note so called for redemption shall thereupon be and become due and payable at the Redemption Price, together with accrued and unpaid interest to but excluding the Redemption Date, on the Redemption Date specified in such notice, in the same manner and with the same effect as if it were the date of maturity specified in the Note, anything therein or herein to the contrary notwithstanding, and from and after such Redemption Date, if the monies necessary to redeem

the Note shall have been deposited as provided in Section 4.5 and affidavits or other proof satisfactory to the Note Trustee as to the publication and/or mailing of such notices shall have been lodged with it, interest upon the Note shall cease. If any question shall arise as to whether any notice has been given as above provided and such deposit made, such question shall be decided by the Note Trustee whose decision shall be final and binding upon all parties in interest.

4.5 Deposit of Redemption Monies

Redemption of the Note shall be provided for by the Corporation depositing with the Note Trustee or any paying agent to the order of the Note Trustee, on or before 11:00 a.m. (Toronto Time) on the Business Day immediately prior to the Redemption Date specified in such notice, such sums of money, as may be sufficient to pay the Redemption Price of the Note so called for redemption, plus accrued and unpaid interest thereon up to but excluding the Redemption Date, provided the Corporation may elect to satisfy this requirement by providing the Note Trustee with one or more certified cheques by no later than five (5) Business Days prior to the Redemption Date or wire transfers for such amounts required under this Section 4.5 to the Redemption Date or by providing the Note Trustee with such funds through electronic transfer of funds on the Business Day immediately prior to the Redemption Date. The Corporation shall also deposit with the Note Trustee a sum of money sufficient to pay any reasonable charges or expenses which may be incurred by the Note Trustee in connection with such redemption. Every such deposit shall be irrevocable. From the sums so deposited, or certificates so deposited, or both, the Note Trustee shall pay or cause to be paid, or issue or cause to be issued, to the holders of the Note, upon surrender of the Note, the principal, premium (if any) and interest (if any) to which they are respectively entitled on redemption, less applicable withholding taxes, if any.

4.6 Failure to Surrender Note Called for Redemption

In case any holder of the Note so called for redemption shall fail on or before the Redemption Date to so surrender such holder's Note, or shall not within such time accept payment of the Redemption Price payable, or give such receipt therefor, if any, as the Note Trustee may require, such redemption monies may be set aside in trust, without interest, or such certificates may be held in trust, either in the deposit department of the Note Trustee or in a chartered bank, and such setting aside shall for all purposes be deemed a payment to the Noteholder of the sum so set aside and, to that extent, the Note shall thereafter not be considered as outstanding hereunder and the Noteholder shall have no other right except to receive payment out of the monies so paid and deposited upon surrender and delivery up of such holder's Note of the Redemption Price, as the case may be, of the Note plus any accrued and unpaid interest thereon to but excluding the Redemption Date. In the event that any money required to be deposited hereunder with the Note Trustee or any depository or paying agent on account of principal, premium, if any, or interest, if any, on Note issued hereunder shall remain so deposited for a period of six years from the Redemption Date, then such monies, together with any accumulated interest thereon or any distribution paid thereon, shall at the end of such period be paid over or delivered over by the Note Trustee or such depository or paying agent to the Corporation on its demand, and thereupon the Note Trustee shall not be responsible to Noteholders for any amounts owing to them and subject to applicable law, thereafter the holder of a Note in respect of which such money was so repaid to the Corporation shall have no rights in respect thereof except to obtain payment of the money due from the Corporation, subject to any prescription period provided by the laws of the Province of Ontario. Notwithstanding the foregoing, the Note Trustee will pay any remaining funds prior to the expiry of six years after the Redemption Date to the Corporation upon receipt from the Corporation or one of its Subsidiaries of an uncontested letter of credit from a Canadian chartered bank in an amount equal to or in excess of the amount of the remaining funds. If the remaining funds are paid to the Corporation prior to the expiry of six years after the Redemption Date, the Corporation shall, prior to the payment by the Note Trustee, pay the Note Trustee the amounts required to be paid by the Note Trustee to a holder of a Note pursuant to the redemption after the date of such payment of the remaining funds to the Corporation but prior to six years after the redemption.

4.7 Cancellation of Note Redeemed

Subject to the provisions of Sections 4.2 and 4.8 as to the Note redeemed or purchased in part, the Note when redeemed and paid under this Article 4 shall forthwith be delivered to the Note Trustee and cancelled and no Note shall be issued in substitution therefor.

4.8 Purchase of the Note by the Corporation

Unless otherwise specifically provided with respect to the Note and subject to the provisions of Section 10.2, the Corporation and any of its Affiliates may at any time and from time to time, purchase the Note in the market (which shall include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or by private contract, at any price, subject to regulatory requirements; provided, however, that if an Event of Default has occurred and is continuing, the Corporation and its Affiliates will not have the right to so purchase the Note. The Note so purchased shall be delivered to the Note Trustee and cancelled and no Note shall be issued in substitution therefor.

If the Corporation or any of its Affiliates intend to purchase the Note in part, upon an invitation for tenders, more than a portion of the principal amount of the Note that the Corporation or any of its Affiliates intend to purchase is tendered at the same lowest price that the Corporation or an Affiliate is prepared to accept, the portion of the principal amount of the Note to be purchased by the Corporation or by such Affiliate shall be selected by the Note Trustee on a *pro rata* basis. For this purpose, the Note Trustee may make, and from time to time amend, regulations with respect to the manner in which the portion of the Note may be so selected, and regulations so made shall be valid and binding upon all Noteholders, notwithstanding the fact that as a result thereof the Note becomes subject to purchase in part only. With respect to the Global Note that is only partially purchased, the Note Trustee shall make notations on the Global Note of the principal amount thereof so purchased.

4.9 Deposit of Maturity Monies

Payment on maturity of the Note shall be provided for by the Corporation depositing with the Note Trustee or any paying agent to the order of the Note Trustee, on or before 11:00 a.m. (Toronto time) on the Business Day immediately prior to the applicable maturity date such sums of money as may be sufficient to pay the principal amount of the Note, together with a sum of money sufficient to pay all accrued and unpaid interest thereon up to but excluding the maturity date, provided the Corporation may elect to satisfy this requirement by providing the Note Trustee with one or more certified cheques by no later than five (5) Business Days prior to the applicable maturity date or with funds by electronic transfer, for such amounts required under this Section 4.9. The Corporation shall also deposit with the Note Trustee a sum of money sufficient to pay any reasonable charges or expenses which may be incurred by the Note Trustee in connection therewith. Every such deposit shall be irrevocable. From the sums so deposited, the Note Trustee shall pay or cause to be paid to the holders of the Note, upon surrender of the Note, the principal, premium (if any) and interest (if any) to which they are respectively entitled on maturity.

ARTICLE 5
SUBORDINATION OF THE NOTE

5.1 Applicability of Article

The Note Liabilities which by their terms are subordinate, including on account of principal, premium, if any, interest or otherwise, shall be subordinated and postponed and subject in right of payment, to the

extent and in the manner hereinafter set out in the following sections of this Article 5, to the prior full and final payment of all existing and future Senior Indebtedness of the Corporation and each holder of the Note by his acceptance thereof, whether directly or on its behalf, agrees to and shall be bound by the provisions of this Article 5.

5.2 Order of Payment

Upon any distribution of the assets of the Corporation on any dissolution, winding up, total liquidation or reorganization of the Corporation (whether in bankruptcy, insolvency or receivership proceedings, or upon an "assignment for the benefit of creditors" or any other marshalling of the assets, properties and liabilities of the Corporation, or otherwise):

(a) all Senior Indebtedness shall first be paid indefeasibly in full, or provision made for such payment, before any payment is made on account of the Note Liabilities, whether on account of principal, interest or otherwise;

(b) any payment or distribution of assets of the Corporation, whether in cash, property or securities, to which the holders of the Note or the Note Trustee on behalf of such holders would be entitled except for the provisions of this Article 5 shall be paid or delivered by the trustee in bankruptcy, receiver, assignee for the benefit of creditors, or other liquidating agent making such payment or distribution, directly to the holders of such Senior Indebtedness or their representative or representatives, or to the trustee or trustees under any indenture pursuant to which any instruments evidencing any of such Senior Indebtedness may have been issued, to the extent necessary to pay all Senior Indebtedness in full after giving effect to any concurrent payment or distribution, or provision therefor, to the holders of such Senior Indebtedness; and

(c) the Senior Creditors or a receiver or a receiver-manager of the Corporation or of all or part of its assets or any other enforcement agent may sell, mortgage, or otherwise dispose of the Corporation's assets in whole or in part, free and clear of all Note Liabilities and without the approval of the Noteholders or the Note Trustee or any requirement to account to the Note Trustee or the Noteholders.

The rights and priority of the Senior Indebtedness and the subordination pursuant hereto shall not be affected by:

(i) whether or not the Senior Indebtedness is secured;

(ii) the time, sequence or order of creating, granting, executing, delivering of, or registering, perfecting or failing to register or perfect any security notice, caveat, financing statement or other notice in respect of the Senior Security;

(iii) the time or order of the attachment, perfection or crystallization of any security constituted by the Senior Security;

(iv) the taking of any collection, enforcement or realization proceedings pursuant to the Senior Security;

(v) the date of obtaining of any judgment or order of any bankruptcy court or any court administering bankruptcy, insolvency or similar proceedings as to the entitlement of the Senior Creditors, or any of them or the Noteholders or any of them to any money or property of the Corporation;

(vi) the failure to exercise any power or remedy reserved to the Senior Creditors under the Senior Security or to insist upon a strict compliance with any terms thereof;

(vii) whether any Senior Security is now perfected, hereafter ceases to be perfected, is avoidable by any trustee in bankruptcy or like official or is otherwise set aside, invalidated or lapses;

(viii) the date of giving or failing to give notice to or making demand upon the Corporation;

(ix) any amendment, modification, increase, extension, renewal, replacement of any Senior Indebtedness or Senior Security; or

(x) any other matter whatsoever.

5.3 Subrogation to Rights of Senior Creditors

(a) Subject to the prior payment in full of all Senior Indebtedness, the Noteholders shall be subrogated to the rights of the Senior Creditors to receive payments or distributions of assets of the Corporation to the extent of the application thereto of such payments or other assets which would have been received by the Noteholders but for the provisions hereof until the principal of and interest on the Note shall be paid in full, and no such payments or distributions to the Noteholders of cash, property or securities, which otherwise would be payable or distributable to the Senior Creditors, shall, as between the Corporation, its creditors other than the Senior Creditors, and the Noteholders, be deemed to be a payment by the Corporation to the Senior Creditors or on account of the Senior Indebtedness, it being understood that the provisions of this Article 5 are intended solely for the purpose of defining the relative rights of the Noteholders, on the one hand, and the Senior Creditors, on the other hand.

(b) The Note Trustee, for itself and on behalf of each of the Noteholders, hereby waives any and all rights to require a Senior Creditor to pursue or exhaust any rights or remedies with respect to the Corporation or any property and assets subject to the Senior Security or in any other manner to require the marshalling of property, assets or security in connection with the exercise by the Senior Creditors of any rights, remedies or recourses available to them.

5.4 Obligation to Pay Not Impaired

Nothing contained in this Article 5 or elsewhere in this Indenture or in the Note is intended to or shall impair, as between the Corporation, its creditors other than the holders of Senior Indebtedness, and the holders of the Note, the obligation of the Corporation, which is absolute and unconditional, to pay to the holders of the Note the principal, premium, if any, and interest on the Note, as and when the same shall become due and payable in accordance with their terms, or affect the relative rights of the holders of the Note and creditors of the Corporation other than the holders of the Senior Indebtedness, nor shall anything herein or therein prevent the Note Trustee or the holder of any Note from exercising all remedies otherwise permitted by applicable law upon default under this Indenture, subject to the rights, if any, under this Article 5 of the holders of Senior Indebtedness.

5.5 No Payment if Senior Indebtedness in Default

(a) Upon the maturity of any Senior Indebtedness by lapse of time, acceleration or otherwise, or any enforcement of any Senior Indebtedness, then, except as provided in Section 5.8,

all principal of, premium (if any) and interest on all such matured Senior Indebtedness shall first be paid in full, or shall first have been duly provided for, before any payment is made on account of principal of, premium (if any) or interest on the Note.

(b) No payment (by purchase of Note or otherwise) shall be made by the Corporation with respect to the principal of, premium, if any, or interest on the Note:

(i) upon the occurrence of a default, an event of default or an acceleration under any Senior Indebtedness or any swap obligation of any Senior Creditor or its Affiliates;

(ii) upon any default with respect to any Senior Indebtedness permitting the holders thereof to accelerate the maturity thereof; or

(iii) if such payment would result in a default with respect to any Senior Indebtedness permitting the holders thereof to accelerate the maturity thereof;

unless and until such default shall have been cured or waived or shall have ceased to exist, and neither the Note Trustee nor the holders of Note shall be entitled to demand, accelerate, institute proceedings for the collection of, or receive any payment or benefit (including without limitation by set-off, combination of accounts or otherwise in any manner whatsoever) on account of the Note after the happening of such a default (except as provided in Section 5.8), and unless and until such default shall have been cured or waived or shall have ceased to exist, such payments shall be held in trust for the benefit of, and, if and when such Senior Indebtedness shall have become due and payable, shall be paid over to, the holders of the Senior Indebtedness or their representative or representatives or to the trustee or trustees under any indenture under which any instruments evidencing an amount of the Senior Indebtedness remaining unpaid until all such Senior Indebtedness shall have been paid in full, after giving effect to any concurrent payment or distribution to the holders of such Senior Indebtedness; provided, however, that the foregoing shall in no way prohibit, restrict or prevent the Note Trustee from taking such actions as may be necessary to preserve claims of the Note Trustee and/or the holders of the Note under this Indenture in any bankruptcy, reorganization or insolvency proceeding (including, without limitation, the filing of proofs of claim in any such bankruptcy, reorganization or insolvency proceedings by or against the Corporation or its Subsidiaries and exercising its rights to vote as an unsecured creditor under any such bankruptcy, reorganization or insolvency proceedings commenced by or against the Corporation or its Subsidiaries).

(c) The fact that any payment hereunder is prohibited by this Section 5.5 shall not prevent the failure to make such payment from being an Event of Default hereunder.

5.6 Payment on Note Permitted

Nothing contained in this Article 5 or elsewhere in this Indenture, or in the Note, shall affect the obligation of the Corporation to make, or prevent the Corporation from making, at any time except as prohibited by Section 5.2 or 5.5, any payment of principal of or interest on the Note. The fact that any such payment is prohibited by Section 5.2 or 5.5 shall not prevent the failure to make such payment from being an Event of Default hereunder. Nothing contained in this Article 5 or elsewhere in this Indenture, or in the Note, shall prevent, except as prohibited by Section 5.2 or 5.5, the application by the Note Trustee of any moneys deposited with the Note Trustee hereunder for the purpose, to the payment of or on account of the Note Liabilities.

5.7 Confirmation of Subordination

Each holder of Note by his acceptance thereof authorizes and directs the Note Trustee on his behalf to take such action as may be necessary or appropriate to effect the subordination as provided in this Article 5 and appoints the Note Trustee his attorney-in-fact for any and all such purposes. This appointment shall be irrevocable. Upon request of the Corporation, and upon being furnished an Officer's Certificate stating that one or more named persons are Senior Creditors, and specifying the nature of the Senior Indebtedness of such Senior Creditors, the Note Trustee shall enter into a written agreement or agreements with the Corporation and the person or persons named in such Officer's Certificate providing that such person or persons are entitled to all the rights and benefits of this Article 5 as a Senior Creditor specified in such Officer's Certificate and for such other matters as the Senior Creditors and the Corporation may agree upon. Such agreement shall be conclusive evidence that the indebtedness specified therein is Senior Indebtedness. However, nothing herein shall impair the rights of any Senior Creditor who has not entered into such an agreement.

5.8 Knowledge of Note Trustee

Notwithstanding the provisions of this Article 5, the Note Trustee will not be charged with knowledge of the existence of any fact that would prohibit the making of any payment of monies to or by the Note Trustee, or the taking of any other action by the Note Trustee, unless and until the Note Trustee has received written notice thereof from the Corporation, any Noteholder, any Senior Creditor or a trustee on behalf of any one or more of the Senior Creditors, and such notice to the Note Trustee shall be deemed to be notice to holders of the Note. The Note Trustee will notify holders of Note of such notice as soon as reasonably practicable after receipt thereof.

5.9 Note Trustee May Hold Senior Indebtedness

The Note Trustee is entitled to all the rights set out in this Article 5 with respect to any Senior Indebtedness at the time held by it, to the same extent as any other holder of Senior Indebtedness, and nothing in this Indenture deprives the Note Trustee of any of its rights as such holder.

5.10 Rights of Holders of Senior Indebtedness Not Impaired

No right of any present or future holder of any Senior Indebtedness to enforce the subordination herein will at any time or in any way be prejudiced or impaired by any act or failure to act on the part of the Corporation or by any non-compliance by the Corporation with the terms, provisions and covenants of this Indenture, regardless of any knowledge thereof which any such holder may have or be otherwise charged with.

5.11 Altering the Senior Indebtedness

The holders of the Senior Indebtedness have the right to extend, renew, revise, restate, modify or amend the terms of the Senior Indebtedness (including increasing the principal amount of the Senior Indebtedness) or the Senior Security therefor and to release, sell or exchange such security and otherwise to deal freely with the Corporation, all without notice to or consent of the Noteholders or the Note Trustee and without affecting the liabilities and obligations of the parties to this Indenture or the Noteholders or the Note Trustee.

5.12 Additional Indebtedness

This Indenture does not restrict the Corporation or any other entity of the Just Energy Group from incurring additional indebtedness for borrowed money or otherwise or hypothecating, mortgaging,

pledging or charging its real (immoveable) or personal (moveable) property or properties to secure any indebtedness or other financing.

5.13 Invalidated Payments

In the event that any of the Senior Indebtedness shall be paid in full and subsequently, for whatever reason, such formerly paid or satisfied Senior Indebtedness becomes unpaid or unsatisfied, the terms and conditions of this Article 5 shall be reinstated and the provisions of this Article 5 shall again be operative until all Senior Indebtedness is repaid in full, provided that such reinstatement shall not give the Senior Creditors any rights or recourses against the Note Trustee or the Noteholders for amounts paid to the Noteholders or on account of the Note subsequent to such payment or satisfaction in full and prior to such reinstatement.

5.14 Contesting Security

The Note Trustee, for itself and on behalf of the Noteholders, agrees that it shall not contest or bring into question the validity, perfection or enforceability of any of the Senior Security, or the relative priority of the Senior Security.

5.15 Obligations Created by Article 5

The Corporation and the Note Trustee, in its capacity as trustee hereunder and not in its corporate personal capacity, agree, and each holder by its acceptance of a Note likewise agrees, that:

(a) the provisions of this Article 5 are an inducement and consideration to each holder of Senior Indebtedness to give or continue credit to the Corporation, the Corporation's Subsidiaries or others or to acquire Senior Indebtedness;

(b) each holder of Senior Indebtedness may accept the benefit of this Article 5 on the terms and conditions set out in this Article 5 by giving or continuing credit to the Corporation, the Corporation's Subsidiaries or others or by acquiring or having outstanding as of the date hereof Senior Indebtedness, in each case without notice to the Note Trustee and without establishing actual reliance on this Article 5; and

(c) each obligation created by this Article 5 is created for the benefit of the holders of Senior Indebtedness.

5.16 No Set-Off

Each of the Corporation and the Note Trustee (relying on the opinion of Counsel) agrees, and each holder of a Note, by his acceptance thereof, likewise agrees, that it shall have no rights of set-off or counterclaim with respect to the principal of, premium, if any, and interest on the Note at any time when any payment of, or in respect of, such amounts to the Note Trustee or the holder of a Note is prohibited by this Article 5 or is otherwise required to be paid to the Senior Creditors.

5.17 Amendments to Article 5

Each of the Corporation and the Note Trustee (relying on the opinion of Counsel) agrees, and each holder of a Note, by his acceptance thereof, likewise agrees, not to make any changes to this Indenture or the Note, including this Article 5 or the definition of Senior Indebtedness, which prejudice the rights of the holders of Senior Indebtedness under this Article 5 without the consent of the holders of Senior Indebtedness or their representative or the trustee under any indenture under which any instruments evidencing any of such Senior Indebtedness may have been issued.

ARTICLE 6
COVENANTS OF THE CORPORATION

The Corporation hereby covenants and agrees with the Note Trustee for the benefit of the Note Trustee and the Noteholders, that so long as the Note remains outstanding:

6.1 To Pay Principal, Premium (if any) and Interest

The Corporation will duly and punctually pay or cause to be paid to every Noteholder the principal of, premium (if any) and interest accrued on the Note of which it is the holder on the dates, at the places and in the manner mentioned herein and in the Note.

6.2 To Pay Note Trustee's Remuneration

The Corporation will pay the Note Trustee reasonable remuneration for its services as Note Trustee hereunder and will repay to the Note Trustee on demand all reasonable amounts which shall have been paid by the Note Trustee in connection with the execution of the trusts hereby created and such monies including the Note Trustee's remuneration, shall be payable out of any funds coming into the possession of the Note Trustee in priority to payment of the principal of the Note or interest thereon. Any amount due under this Section and unpaid thirty days after written request for such payment shall bear interest from the expiration of such thirty days at a rate per annum equal to the then rate charged by the Note Trustee under similar indentures from time to time, payable on demand. Such remuneration shall continue to be payable until the trusts hereof be finally wound up and whether or not the trusts of this Indenture shall be in the course of administration by or under the direction of a court of competent jurisdiction.

6.3 To Give Notice of Default

The Corporation shall promptly notify the Note Trustee in writing upon obtaining knowledge of any Event of Default hereunder.

6.4 Preservation of Existence, etc.

Subject to the express provisions hereof, the Corporation will carry on and conduct its activities, and cause its Subsidiaries to carry on and conduct their businesses, in a proper, efficient and business-like manner and in accordance with good business practices; and, subject to the express provisions hereof and it will do or cause to be done all things necessary to preserve and keep in full force and effect the existence and right of the Corporation.

6.5 Keeping of Books

The Corporation will keep or cause to be kept proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Corporation in accordance with generally accepted accounting principles.

6.6 Annual Certificate of Compliance

The Corporation shall deliver to the Note Trustee, within 120 days after the end of each calendar year (and at any time upon reasonable demand by the Note Trustee), an Officer's Certificate as to the knowledge of such Director or an Authorized Officer who executes the Officer's Certificate, of the Corporation's compliance with all conditions and covenants of this Indenture certifying that after reasonable investigation and inquiry, the Corporation has complied with all covenants, conditions or other requirements contained in this Indenture, the non-compliance with which could, with the giving of notice, lapse of time or otherwise, constitute an Event of Default hereunder, or if such is not the case, setting

forth with reasonable particulars the circumstances of any failure to comply and any steps taken or proposed to be taken to remedy such Event of Default.

6.7 Performance of Covenants by Note Trustee

If the Corporation shall fail to perform any of its covenants contained in this Indenture, the Note Trustee may notify the Noteholders of such failure on the part of the Corporation or may itself perform any of the covenants capable of being performed by it, but (subject to Sections 7.2 and 13.4) shall be under no obligation to do so or to notify the Noteholders. All reasonable sums so expended or advanced by the Note Trustee shall be repayable as provided in Section 6.2. No such performance, expenditure or advance by the Note Trustee shall be deemed to relieve the Corporation of any default hereunder.

6.8 Maintain Listing

The Corporation shall use commercially reasonably efforts to maintain the Corporation's status as a "reporting issuer" not in material default under Applicable Securities Legislation, in all cases for as long as the Note remains outstanding.

ARTICLE 7
DEFAULT

7.1 Events of Default

Each of the following events constitutes, and is herein sometimes referred to as, an "**Event of Default**":

(a) failure to pay principal together with accrued interest on the Note when due whether at maturity, upon redemption, by declaration or otherwise;

(b) default in the observance or performance of any material covenant or material condition of this Indenture by the Corporation and the failure to cure (or obtain a waiver for) such default for a period of 30 days after notice in writing has been given to the Corporation by the Note Trustee or by the holders of not less than 25% in principal amount of the Note then outstanding specifying such default and requiring the Corporation to remedy such default or obtain a waiver for same;

(c) failure to make a Note Offer as and when required pursuant to this Indenture;

(d) the Corporation defaults in the observance or performance of any agreement, covenant or condition in relation to the Subordinated Term Loan and such default causes such indebtedness to become due prior to its stated maturity date.

(e) if a decree or order of a court having jurisdiction is entered adjudging the Corporation a bankrupt or insolvent under the *Bankruptcy and Insolvency Act* (Canada) or any other bankruptcy, insolvency or similar laws, or if a sequestration or process of execution is issued against, or against any material part of, the property of the Corporation or any Material Subsidiary, or appointing a receiver of, or any substantial part of, the property of the Corporation or any Material Subsidiary or ordering the winding-up or liquidation of its affairs, and any such decree or order continues unstayed and in effect for a period of 60 days or files a petition or otherwise commences any proceeding seeking any reorganization, arrangement, composition or readjustment under any applicable bankruptcy, insolvency, moratorium, reorganization or other similar law affecting creditors' rights or consents to, or acquiesces in, the filing of such a petition;

(f) if the Corporation or any Material Subsidiary institutes proceedings to be adjudicated bankrupt or insolvent, or consents to the institution of bankruptcy or insolvency proceedings against it under the *Bankruptcy and Insolvency Act* (Canada) or any other bankruptcy, insolvency or similar laws, or consents to the filing of any such petition or to the appointment of a receiver of, or any substantial part of, the property of the Corporation or makes a general assignment for the benefit of creditors, or admits in writing its inability to pay its debts generally as they become due;

(g) if a resolution is passed for the winding-up or liquidation of the Corporation except in the course of carrying out or pursuant to a transaction in respect of which the conditions of Section 9.1 are duly observed and performed.

In each and every such Event of Default the Note Trustee may, in its discretion, but subject to the provisions of this Section, and shall, upon receipt of a request in writing signed by the holders of not less than 25% in principal amount of the Note then outstanding, subject to the provisions of Section 7.3, by notice in writing to the Corporation declare the principal of, premium, if any, and interest on the Note then outstanding and all other monies outstanding hereunder to be due and payable and the same shall forthwith become immediately due and payable to the Note Trustee, and the Corporation shall forthwith pay to the Note Trustee for the benefit of the Noteholders such principal (and premium, if any), accrued and unpaid interest and interest on amounts in default on the Note (and, where such a declaration is based upon a voluntary winding-up or liquidation of the Corporation, the premium, if any, on the Note then outstanding which would have been payable upon the redemption thereof by the Corporation on the date of such declaration) and all other monies outstanding hereunder, together with subsequent interest at the rate borne by the Note on such principal (and premium, if any), interest and such other monies from the date of such declaration until payment is received by the Note Trustee, such subsequent interest to be payable at the times and places and in the monies mentioned in and according to the tenor of the Note. Such payment when made shall be deemed to have been made in discharge of the Corporation's obligations hereunder and any monies so received by the Note Trustee shall be applied in the manner provided in Section 7.6.

7.2 Notice of Events of Default

If an Event of Default shall occur and be continuing the Note Trustee shall, within 30 days after it receives written notice or otherwise becomes aware of the occurrence of such Event of Default, give notice of such Event of Default to the Noteholders in the manner provided in Section 12.2, provided that notwithstanding the foregoing, unless the Note Trustee shall have been requested to do so by the holders of at least 25% of the principal amount of the Note then outstanding, the Note Trustee shall not be required to give such notice if the Note Trustee in good faith shall have determined that the withholding of such notice is in the best interests of the Noteholders and shall have so advised the Corporation in writing.

When notice of the occurrence of an Event of Default has been given and the Event of Default is thereafter cured, notice that the Event of Default is no longer continuing shall be given by the Note Trustee to the Noteholders within 15 days after the Note Trustee becomes aware the Event of Default has been cured.

7.3 Waiver of Default

Upon the happening of any Event of Default hereunder:

(a) the holders of the Note shall have the power (in addition to the powers exercisable by Extraordinary Resolution as hereinafter provided) by requisition in writing by the holders

of a majority of the principal amount of Note then outstanding, to instruct the Note Trustee to waive any Event of Default and to cancel any declaration made by the Note Trustee pursuant to Section 7.1 and the Note Trustee shall thereupon waive the Event of Default and cancel such declaration, or either, upon such terms and conditions as shall be prescribed in such requisition; and

(b) the Note Trustee, so long as it has not become bound to declare the principal and interest on the Note then outstanding to be due and payable, or to obtain or enforce payment of the same, shall have power to waive any Event of Default if, in the Note Trustee's opinion, the same shall have been cured or adequate satisfaction made therefor, and in such event to cancel any such declaration theretofore made by the Note Trustee in the exercise of its discretion, upon such terms and conditions as the Note Trustee may deem advisable.

No such act or omission either of the Note Trustee or of the Noteholders shall extend to or be taken in any manner whatsoever to affect any subsequent Event of Default or the rights resulting therefrom.

7.4 Enforcement by the Note Trustee

Subject to the provisions of Section 7.3 and to the provisions of any Extraordinary Resolution that may be passed by the Noteholders and to the provisions of this Section, if the Corporation shall fail to pay to the Note Trustee, forthwith after the same shall have been declared to be due and payable under Section 7.1, the principal of and premium (if any) and interest on the Note then outstanding, together with any other amounts due hereunder, the Note Trustee may in its discretion and shall upon receipt of a request in writing signed by the holders of not less than 25% in principal amount of the Note then outstanding and upon being funded and indemnified to its reasonable satisfaction against all costs, expenses and liabilities to be incurred, proceed in its name as trustee hereunder to obtain or enforce payment of such principal of and premium (if any) and interest on the Note then outstanding together with any other amounts due hereunder by such proceedings authorized by this Indenture or by law as the Note Trustee in such request shall have been directed to take, or if such request contains no such direction, or if the Note Trustee shall act without such request, then by such proceedings authorized by this Indenture or by law as the Note Trustee shall deem expedient.

The Note Trustee shall be entitled and empowered, either in its own name or as trustee, or as attorney for the holders of the Note, or in any one or more of such capacities, to file such proof of debt, amendment of proof of debt, claim, petition or other document as may be necessary or advisable in order to have the claims of the Note Trustee and of the holders of the Note allowed in any insolvency, bankruptcy, liquidation or other judicial proceedings relative to the Corporation or its creditors or relative to or affecting its property. The Note Trustee is hereby irrevocably appointed (and the successive respective holders of the Note by taking and holding the same shall be conclusively deemed to have so appointed the Note Trustee) the true and lawful attorney of the respective holders of the Note with authority to make and file in the respective names of the holders of the Note or on behalf of the holders of the Note as a class, subject to deduction from any such claims of the amounts of any claims filed by any of the holders of the Note themselves, any proof of debt, amendment of proof of debt, claim, petition or other document in any such proceedings and to receive payment of any sums becoming distributable on account thereof, and to execute any such other papers and documents and to do and perform any and all such acts and things for and on behalf of such holders of the Note, as may be necessary or advisable in the opinion of the Note Trustee, in order to have the respective claims of the Note Trustee and of the holders of the Note against the Corporation or its property allowed in any such proceeding, and to receive payment of or on account of such claims; provided, however, that subject to Section 7.3, nothing contained in this Indenture shall be deemed to give to the Note Trustee, unless so authorized by Extraordinary Resolution, any right

to accept or consent to any plan of reorganization or otherwise by action of any character in such proceeding to waive or change in any way any right of any Noteholder.

The Note Trustee shall also have the power at any time and from time to time to institute and to maintain such suits and proceedings as it may be advised shall be necessary or advisable to preserve and protect its interests and the interests of the Noteholders.

All rights of action hereunder may be enforced by the Note Trustee without the possession of the Note or the production thereof at trial or other proceedings relating thereto. Any such suit or proceeding instituted by the Note Trustee shall be brought in the name of the Note Trustee as trustee of an express trust, and any recovery of judgment shall be for the rateable benefit of the holders of the Note subject to the provisions of this Indenture. In any proceeding brought by the Note Trustee (and also any proceeding in which a declaratory judgment of a court may be sought as to the interpretation or construction of any provision of this Indenture, to which the Note Trustee shall be a party) the Note Trustee shall be held to represent all the holders of the Note, and it shall not be necessary to make any holders of the Note parties to any such proceeding.

7.5 No Suits by Noteholders

No holder of any Note shall have any right to institute any action, suit or proceeding for the purpose of enforcing payment of the principal of, or premium (if any), or interest on the Note or for the execution of any trust or power hereunder or for the appointment of a liquidator or receiver or for a receiving order under the *Bankruptcy and Insolvency Act* (Canada) or to have the Corporation wound up or to file or prove a claim in any liquidation or bankruptcy proceeding or for any other remedy hereunder, unless: (a) such holder shall previously have given to the Note Trustee written notice of the happening of an Event of Default hereunder; (b) the Noteholders by Extraordinary Resolution or by written instrument signed by the holders of at least 25% in principal amount of the Note then outstanding shall have made a request to the Note Trustee and the Note Trustee shall have been afforded reasonable opportunity either itself to proceed to exercise the powers hereinbefore granted or to institute an action, suit or proceeding in its name for such purpose; (c) the Noteholders or any of them shall have furnished to the Note Trustee, when so requested by the Note Trustee, sufficient funds and security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby; and (d) the Note Trustee shall have failed to act within a reasonable time after such notification, request and offer of indemnity and such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Note Trustee, to be conditions precedent to any such proceeding or for any other remedy hereunder by or on behalf of the holder of the Note.

7.6 Application of Monies by Note Trustee

(a) Except as herein otherwise expressly provided, any monies received by the Note Trustee from the Corporation pursuant to the foregoing provisions of this Article 7, or as a result of legal or other proceedings or from any trustee in bankruptcy or liquidator of the Corporation, shall be applied, together with any other monies in the hands of the Note Trustee available for such purpose, as follows:

(i) first, in payment or in reimbursement to the Note Trustee of its compensation, and reasonable costs, charges, expenses, borrowings, advances or other monies furnished or provided by or at the instance of the Note Trustee in or about the execution of its trusts under, or otherwise in relation to, this Indenture, with interest thereon as herein provided;

(ii) second, but subject as hereinafter in this Section 7.6 provided, in payment, rateably and proportionately to (and in the case of applicable withholding taxes, if any, on behalf of) the holders of Note, of the principal of and premium (if any) and accrued and unpaid interest and interest on amounts in default on the Note which shall then be outstanding in the priority of principal first and then premium (if any) and then accrued and unpaid interest and interest on amounts in default unless otherwise directed by Extraordinary Resolution and in that case in such order or priority as between principal, premium (if any) and interest as may be directed by such resolution; and

(iii) third, in payment of the surplus, if any, of such monies to the Corporation or its assigns;

(iv) provided, however, that no payment shall be made pursuant to clause (ii) above in respect of the principal, premium (if any) or interest on any Note held, directly or indirectly, by or for the benefit of the Corporation or any Subsidiary (other than any Note pledged for value and in good faith to a person other than the Corporation or any Subsidiary but only to the extent of such person's interest therein) except subject to the prior payment in full of the principal, premium (if any) and interest (if any) on the Note which are not so held.

(b) The Note Trustee shall not be bound to apply or make any partial or interim payment of any monies coming into its hands if the amount so received by it, after reserving therefrom such amount as the Note Trustee may think necessary to provide for the payments mentioned in Section 7.6(a), is insufficient to make a distribution of at least 2% of the aggregate principal amount of the outstanding Note, but it may retain the money so received by it and invest or deposit the same as provided in Section 13.10 until the money or the investments representing the same, with the income derived therefrom, together with any other monies for the time being under its control shall be sufficient for the said purpose or until it shall consider it advisable to apply the same in the manner hereinbefore set out. The foregoing shall, however, not apply to a final payment or distribution hereunder.

7.7 Notice of Payment by Note Trustee

Not less than 15 days' notice shall be given in the manner provided in Section 12.2 by the Note Trustee to the Noteholders of any payment to be made under this Article 7. Such notice shall state the time when and place where such payment is to be made and also the liability under this Indenture to which it is to be applied. After the day so fixed, unless payment shall have been duly demanded and have been refused, the Noteholders will be entitled to interest only on the balance (if any) of the principal monies, premium (if any) and interest due (if any) to them, respectively, on the Note, after deduction of the respective amounts payable in respect thereof on the day so fixed.

7.8 Note Trustee May Demand Production of Note

The Note Trustee shall have the right to demand production of the Note in respect of which any payment of principal, interest or premium (if any) required by this Article 7 is made and may cause to be endorsed on the same a memorandum of the amount so paid and the date of payment, but the Note Trustee may, in its discretion, dispense with such production and endorsement, upon such indemnity being given to it and to the Corporation as the Note Trustee shall deem sufficient.

7.9 Remedies Cumulative

No remedy herein conferred upon or reserved to the Note Trustee, or upon or to the holders of Note is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now existing or hereafter to exist by law or by statute.

7.10 Judgment Against the Corporation

The Corporation covenants and agrees with the Note Trustee that, in case of any judicial or other proceedings to enforce the rights of the Noteholders, judgment may be rendered against it in favour of the Noteholders or in favour of the Note Trustee, as trustee for the Noteholders, for any amount which may remain due in respect of the Note and premium (if any) and the interest thereon and any other monies owing hereunder.

7.11 Immunity of Directors, Officers and Others

The Noteholders and the Note Trustee hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction against any past, present or future officer or director of any entity of the Just Energy Group, any Director or any holder of Shares or of any successor thereto, for the payment of the principal of or premium or interest on the Note or on any covenant, agreement, representation or warranty by the Corporation contained herein or in the Note.

ARTICLE 8
SATISFACTION AND DISCHARGE

The Note shall forthwith after payment thereof be delivered to the Note Trustee and cancelled by it. The Note cancelled or required to be cancelled under this or any other provision of this Indenture shall, if not already cancelled, be cancelled by the Note Trustee and, if required by the Corporation, the Note Trustee shall furnish to it a copy of the cancelled Note.

8.2 Non-Presentation of the Note

In case the holder of any Note shall fail to present the same for payment on the date on which the principal, premium (if any) or the interest thereon or represented thereby becomes payable either at maturity or otherwise or shall not accept payment on account thereof and give such receipt therefor, if any, as the Note Trustee may require:

(a) the Corporation shall be entitled to pay or deliver to the Note Trustee and direct the Note Trustee to set aside;

(b) in respect of monies in the hands of the Note Trustee which may or should be applied to the payment of the Note, the Corporation shall be entitled to direct the Note Trustee to set aside; or

(c) if the redemption was pursuant to notice given by the Note Trustee, the Note Trustee may itself set aside,

the monies in trust to be paid to the holder of the Note upon due presentation or surrender thereof in accordance with the provisions of this Indenture; and thereupon the monies payable on or represented by each Note in respect whereof such monies have been set aside shall be deemed to have been paid and the

holder thereof shall thereafter have no right in respect thereof except that of receiving delivery and payment of the monies (less applicable withholding taxes, if any) so set aside by the Note Trustee upon due presentation and surrender thereof, subject always to the provisions of Section 8.3.

8.3 Repayment of Unclaimed Monies

Subject to applicable law, any monies set aside under Section 8.2 and not claimed by and paid to holders of Note as provided in Section 8.2 within six years after the date of such setting aside shall be repaid and delivered to the Corporation by the Note Trustee and thereupon the Note Trustee shall be released from all further liability with respect to such monies and thereafter the holders of the Note in respect of which such monies were so repaid to the Corporation shall have no rights in respect thereof except to obtain payment and delivery of the monies and without interest, from the Corporation subject to any prescription provided by the laws of the Province of Ontario. Notwithstanding the foregoing, the Note Trustee will pay any remaining funds prior to the expiry of six years after the setting aside described in Section 8.2 to the Corporation upon receipt from the Corporation, or one of its Subsidiaries, of an uncontested letter of credit from a Canadian chartered bank in an amount equal to or in excess of the amount of the remaining funds. If the remaining funds are paid to the Corporation prior to the expiry of six years after such setting aside, the Corporation shall reimburse the Note Trustee for any amounts so set aside which are required to be paid by the Note Trustee to a holder of a Note after the date of such payment of the remaining funds to the Corporation but prior to six years after such setting aside.

8.4 Discharge

The Note Trustee shall at the written request of the Corporation release and discharge this Indenture and execute and deliver such instruments as it shall be advised by Counsel are requisite for that purpose and to release the Corporation from its covenants herein contained (other than the provisions relating to the indemnification of the Note Trustee), upon proof being given to the reasonable satisfaction of the Note Trustee that the principal and premium (if any) of and interest (including interest on amounts in default, if any), on the Note and all other monies payable hereunder have been paid or satisfied or that the Note having matured or having been duly called for redemption, payment of the principal of and interest (including interest on amounts in default, if any) on the Note and of all other monies payable hereunder has been duly and effectually provided for in accordance with the provisions hereof.

8.5 Satisfaction

(a) The Corporation shall be deemed to have fully paid, satisfied and discharged the outstanding Note and the Note Trustee, at the expense of the Corporation, shall execute and deliver proper instruments acknowledging the full payment, satisfaction and discharge of the Note, when, with respect to the outstanding Note, either:

(i) the Corporation has deposited or caused to be deposited with the Note Trustee as trust funds in trust for the purpose of making payment on the Note, an amount in money sufficient to pay, satisfy and discharge the entire amount of principal, premium, if any, and interest, if any, to maturity or any repayment date or Redemption Dates or any Change of Control Purchase Date, as the case may be, of the Note; or

and in either event:

(iii) the Corporation has paid, caused to be paid or made provisions to the satisfaction of the Note Trustee for the payment of all other sums payable or which may be payable with respect to all of the Note (together with all reasonable expenses of the Note Trustee in connection with the payment of the Note);

(iv) the Corporation has delivered to the Note Trustee either (A) an opinion of counsel in Canada reasonably acceptable to the Note Trustee to the effect that, based upon Canadian law then in effect (and also taking into account any proposed amendments to Canadian law which, if enacted in the form proposed, would have retroactive effect), the beneficial owners of the Note will not recognize income, gain or loss for Canadian federal, provincial or territorial or other tax purposes, as a result of the defeasance, as the case may be, and will be subject to Canadian taxes on the same amounts and in the same manner and at the same time as would have been the case if such defeasance had not occurred or (B) a ruling directed to the Note Trustee received from tax authorities of Canada to the same effect as the opinion of counsel described in clause (A) above; and

(v) the Corporation has delivered to the Note Trustee an Officer's Certificate stating that all conditions precedent herein provided relating to the payment, satisfaction and discharge of the Note have been complied with.

Any deposits with the Note Trustee referred to in this Section 8.5 shall be irrevocable, subject to Section 8.6, and shall be made under the terms of an escrow and/or trust agreement in form and substance satisfactory to the Note Trustee and the Corporation and which provides for the due and punctual payment of the principal of, and interest and premium, if any, on the Note being satisfied.

(b) Upon the satisfaction of the conditions set out in this Section 8.5 with respect to the outstanding Note, the terms and conditions of the Note, including the terms and conditions with respect thereto set out in this Indenture (other than those contained in Article 2, Article 4 and Article 6 and Section 7.4 and the provisions of Article 1 pertaining to the foregoing provisions) shall no longer be binding upon or applicable to the Corporation.

(c) Any funds or obligations deposited with the Note Trustee pursuant to this Section 8.5 shall be denominated in the currency or denomination of the Note in respect of which such deposit is made.

(d) If the Note Trustee is unable to apply any money or securities in accordance with this Section 8.5 by reason of any legal proceeding or any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application,

the Corporation's obligations under this Indenture and the affected Note shall be revived and reinstated as though no money had been deposited pursuant to this Section 8.5 until such time as the Note Trustee is permitted to apply all such money in accordance with this Section 8.5, provided that if the Corporation has made any payment in respect of principal, premium or interest on Note or, as applicable, other amounts because of the reinstatement of its obligations, the Corporation shall be subrogated to the rights of the holders of the Note to receive such payment from the money held by the Note Trustee.

8.6 Continuance of Rights, Duties and Obligations

(a) Where trust funds have been deposited pursuant to Section 8.5, the holders of Note and the Corporation shall continue to have and be subject to their respective rights, duties and obligations under Article 2 and Article 4 and the provisions of Article 1 pertaining to the foregoing provisions, as may be applicable.

(b) In the event that, after the deposit of trust funds pursuant to Section 8.5, the Corporation is required to purchase any outstanding Note pursuant to Subsection 2.1(e) in relation to Note or to purchase or make an offer to purchase Note pursuant to any other similar provisions relating to the Note, the Corporation shall be entitled to use any trust money deposited with the Note Trustee pursuant to Section 8.5 for the purpose of paying to any holders of Defeased Note who have accepted any such offer of the Corporation the Offer Price payable to such holders in respect of such offer to purchase the Note. Upon receipt of a Written Direction from the Corporation, the Note Trustee shall be entitled to pay to such holder from such trust money deposited with the Note Trustee pursuant to Section 8.5 in respect of the Defeased Note which is applicable to the Defeased Note held by such holders who have accepted any such offer from the Corporation (which amount shall be based on the applicable principal amount of the Defeased Note held by holders that accept any such offer in relation to the aggregate outstanding principal amount of all the Defeased Note).

ARTICLE 9
SUCCESSORS

9.1 Restrictions on Amalgamation, Merger and Sale of Certain Assets, etc.

Subject to the provisions of Article 10, the Corporation shall not, without the consent of holders of the outstanding Note, consolidate or amalgamate with or merge into any person or sell, convey, transfer or lease all or substantially all of the properties and assets of the Corporation to another person (other than one of the Corporation's direct or indirect wholly-owned Subsidiaries), unless:

(a) prior to or contemporaneously with the consummation of such transaction the Corporation and the resulting, surviving, continuing or transferee person (the "Successor") shall have executed such instruments and done such things as are necessary to ensure that upon the consummation of such transaction:

(b) such transaction, in the opinion of Counsel, shall be on such terms as to substantially preserve and not impair any of the rights and powers of the Noteholders hereunder; and

(c) no condition or event shall exist as to the Corporation (at the time of such transaction) or the Successor (immediately after such transaction) and after giving full effect thereto or immediately after the Successor shall become liable to pay the principal monies, premium, if any, interest and other monies due or which may become due hereunder, which constitutes or would constitute an Event of Default hereunder.

9.2 Vesting of Powers in Successor

Whenever the conditions of Section 9.1 shall have been duly observed and performed, any Successor formed by or resulting from such transaction shall succeed to, and be substituted for, and may exercise every right and power of the Corporation under this Indenture with the same effect as though the Successor had been named as the Corporation herein and thereafter, except in the case of a lease or other similar disposition of property to the Successor, the Corporation shall be relieved of all obligations and covenants under this Indenture and the Note forthwith upon the Corporation delivering to the Note Trustee an opinion of Counsel to the effect that the transaction shall not result in any material adverse tax consequences to the Corporation or the Successor. ARTICLE 11
MEETINGS OF NOTEHOLDERS

11.1 Right to Convene Meeting

The Note Trustee or the Corporation may at any time and from time to time, and the Note Trustee shall, on receipt of a written request of the Corporation or a written request signed by the holders of not less than 25% of the principal amount of the Note then outstanding and upon receiving funding and being indemnified to its reasonable satisfaction by the Corporation or by the Noteholders signing such request against the costs which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Noteholders. In the event of the Note Trustee failing, within 30 days after receipt of any such request and such funding of indemnity, to give notice convening a meeting, the Corporation or the Noteholders, as the case may be, may convene such meeting. Every such meeting shall be held in the city of Toronto or at such other place as may be approved or determined by the Corporation.

11.2 Notice of Meetings

At least 21 days' notice of any meeting shall be given to the Noteholders in the manner provided in Section 12.2 and a copy of such notice shall be sent by post to the Note Trustee, unless the meeting has been called by it. Such notice shall state the time and date when and the place where the meeting is to be held and shall state briefly the general nature of the business to be transacted thereat and it shall not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article. The accidental omission to give notice of a meeting to any holder of Note shall not invalidate any resolution passed at any such meeting. A holder may waive notice of a meeting either before or after the meeting.

11.3 Chairman

Some person, who need not be a Noteholder, nominated in writing by the Corporation (in case it convenes the meeting) or by the Note Trustee (in any other case) shall be chairman of the meeting and if no person is so nominated, or if the person so nominated is not present within 15 minutes from the time fixed for the holding of the meeting, a majority of the Noteholders present in person or by proxy shall choose some person present to be chairman.

11.4 Quorum

Subject to the provisions of Section 11.12, at any meeting of the Noteholders (for clarity, including the Noteholders Meeting) a quorum shall consist of one or more Noteholders present in person or by proxy and representing at least 25% in principal amount of the outstanding Note. If a quorum of the Noteholders shall not be present within 30 minutes from the time fixed for holding any meeting, the meeting, if summoned by the Noteholders or pursuant to a request of the Noteholders, shall be dissolved, but in any other case the meeting shall be adjourned to the same day in the next week (unless such day is not a Business Day in which case it shall be adjourned to the next following Business Day thereafter) at the same time and place and no notice shall be required to be given to any party in respect of such adjourned meeting. At the adjourned meeting, the Noteholders present in person or by proxy shall, subject to the provisions of Section 11.12, constitute a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not represent 25% of the principal amount of the outstanding Note. Any business may be brought before or dealt with at an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same. No business shall be transacted at any meeting unless the required quorum be present at the commencement of business.

11.5 Power to Adjourn

The chairman of any meeting at which a quorum of the Noteholders is present may, with the consent of the holders of a majority in principal amount of the Note represented thereat, adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

11.6 Show of Hands

Every question submitted to a meeting shall, subject to Section 11.7, be decided in the first place by a majority of the votes given on a show of hands except that votes on Extraordinary Resolutions shall be given in the manner hereinafter provided. At any such meeting, unless a poll is duly demanded as herein provided, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact. The chairman of any meeting shall be entitled, both on a show of hands and on a poll, to vote in respect of the Note, if any, held by him.

11.7 Poll

On every Extraordinary Resolution, and on any other question or resolution submitted to a meeting when demanded by the chairman or by one or more Noteholders or proxies for Noteholders, a poll shall be taken in such manner and either at once or after an adjournment as the chairman shall direct. Questions or resolutions other than Extraordinary Resolutions shall, if a poll be taken, be decided or approved (as the case may be) by the votes of the holders of a majority in principal amount of the Note represented at the meeting and voted on the poll.

11.8 Voting

On a show of hands every person who is present and entitled to vote, whether as a Noteholder or as proxy for one or more Noteholders or both, shall have one vote. On a poll each Noteholder present in person or represented by a proxy duly appointed by an instrument in writing shall be entitled to one vote in respect of each $1 principal amount of the Note of which he shall then be the holder. A proxy need not be a Noteholder. In the case of joint holders of a Note, any one of them present in person or by proxy at the meeting may vote in the absence of the other or others but in case more than one of them be present in person or by proxy, they shall vote together in respect of the Note of which they are joint holders.

In the case of a Global Note, a Book Entry Only Note or a Book Based Only Note, the Depository may appoint or cause to be appointed a Person or Persons as proxies and shall designate the number of votes entitled to each such Person, and each such Person shall be entitled to be present at any meeting of Noteholders and shall be the Persons entitled to vote at such meeting in accordance with the number of votes set out in the Depository's designation.

11.9 Proxies

A Noteholder may be present and vote at any meeting of Noteholders by an authorized representative. The Corporation (in case it convenes the meeting) or the Note Trustee (in any other case) for the purpose of enabling the Noteholders to be present and vote at any meeting without producing their Note, and of enabling them to be present and vote at any such meeting by proxy and of lodging instruments appointing such proxies at some place other than the place where the meeting is to be held, may from time to time make and vary such regulations as it shall think fit providing for and governing any or all of the following matters:

(a) voting by proxy by Noteholders, the form of the instrument appointing a proxy, which shall be in writing, and the manner in which the same shall be executed and the production of the authority of any person signing on behalf of a Noteholder;

(b) the deposit of instruments appointing proxies at such place as the Note Trustee, the Corporation or the Noteholder convening the meeting, as the case may be, may, in the notice convening the meeting, direct and the time, if any, before the holding of the meeting or any adjournment thereof by which the same must be deposited; and

(c) the deposit of instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held and enabling particulars of such instruments appointing proxies to be mailed, faxed, or sent by other electronic means before the meeting to the Corporation or to the Note Trustee at the place where the same is to be held and for the voting of proxies so deposited as though the instruments themselves were produced at the meeting.

Any regulations so made shall be binding and effective and the votes given in accordance therewith shall be valid and shall be counted. Save as such regulations may provide, the only persons who shall be recognized at any meeting as the holders of the Note, or as entitled to vote or be present at the meeting in respect thereof, shall be Noteholders and persons whom Noteholders have by instrument in writing duly appointed as their proxies.

11.10 Persons Entitled to Attend Meetings

The Corporation, each other entity of the Just Energy Group and the Note Trustee, by their respective officers, directors, the Auditors of the Corporation and the legal advisers of the Corporation and the Note Trustee may attend any meeting of the Noteholders, but shall have no vote as such.

11.11 Powers Exercisable by Extraordinary Resolution

In addition to the powers conferred upon them by any other provisions of this Indenture or by law, a meeting of the Noteholders shall have the following powers exercisable from time to time by Extraordinary Resolution:

(a) power to sanction any modification, abrogation, alteration, compromise or arrangement of the rights of the Noteholders or the Note Trustee against the Corporation, or against its

property, whether such rights arise under this Indenture or the Note or otherwise provided that such sanctioned actions are not prejudicial to the Note Trustee;

(b) power to assent to any modification of or change in or addition to or omission from the provisions contained in this Indenture or any Note which shall be agreed to by the Corporation and to authorize the Note Trustee to concur in and execute any indenture supplemental hereto embodying any modification, change, addition or omission;

(c) power to sanction any scheme for the reconstruction, reorganization or recapitalization of the Corporation or for the consolidation, amalgamation, arrangement, combination or merger of the Corporation with any other person or for the sale, leasing, transfer or other disposition of all or substantially all of the undertaking, property and assets of the Corporation or any part thereof, provided that no such sanction shall be necessary in respect of any such transaction if the provisions of Section 9.1 shall have been complied with;

(d) power to direct or authorize the Note Trustee to exercise any power, right, remedy or authority given to it by this Indenture in any manner specified in any such Extraordinary Resolution or to refrain from exercising any such power, right, remedy or authority;

(e) power to waive, and direct the Note Trustee to waive, any default hereunder and/or cancel any declaration made by the Note Trustee pursuant to Section 7.1 either unconditionally or upon any condition specified in such Extraordinary Resolution;

(f) power to restrain any Noteholder from taking or instituting any suit, action or proceeding for the purpose of enforcing payment of the principal, premium or interest on the Note, or for the execution of any trust or power hereunder;

(g) power to direct any Noteholder who, as such, has brought any action, suit or proceeding to stay or discontinue or otherwise deal with the same upon payment, if the taking of such suit, action or proceeding shall have been permitted by Section 7.5, of the costs, charges and expenses reasonably and properly incurred by the Noteholder in connection therewith;

(h) power to assent to any compromise or arrangement with any creditor or creditors or any class or classes of creditors, whether secured or otherwise, and with holders of any Shares or other securities of the Corporation;

(i) power to appoint a committee with power and authority (subject to such limitations, if any, as may be prescribed in the resolution) to exercise, and to direct the Note Trustee to exercise, on behalf of the Noteholders, such of the powers of the Noteholders as are exercisable by Extraordinary Resolution or other resolution as shall be included in the resolution appointing the committee. The resolution making such appointment may provide for payment of the expenses and disbursements of and compensation to such committee. Such committee shall consist of such number of persons as shall be prescribed in the resolution appointing it and the members need not be themselves Noteholders. Such regulations may provide that the committee may act at a meeting at which a quorum is present or may act by minutes signed by the number of members thereof necessary to constitute a quorum. All acts of any such committee within the authority delegated to it shall be binding upon all Noteholders. Neither the committee

Notwithstanding the foregoing provisions of this Section 11.11, none of such provisions shall in any manner allow or permit any amendment, modification, abrogation or addition to the provisions of Article 5 which could reasonably be expected to detrimentally affect the rights, remedies or recourse of the priority of the Senior Creditors.

11.12 Meaning of "Extraordinary Resolution"

(a) The expression "**Extraordinary Resolution**" when used in this Indenture means, subject as hereinafter in this Article provided, a resolution proposed to be passed as an Extraordinary Resolution at a meeting of Noteholders (including an adjourned meeting) duly convened for the purpose and held in accordance with the provisions of this Article at which the holders of not less than 25% of the principal amount of the Note then outstanding are present in person or by proxy and passed by the favourable votes of the holders of not less than 66 2/3% of the principal amount of the Note, present or represented by proxy at the meeting and voted upon on a poll on such resolution.

(b) If, at any such meeting, the holders of not less than 25% of the principal amount of the Note then outstanding are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by or on the requisition of Noteholders, shall be dissolved but in any other case it shall stand adjourned to such date, being not less than 14 days nor more than 60 days later, and to such place and time as may be appointed by the chairman. Not less than ten days' notice shall be given of the time and place of such adjourned meeting in the manner provided in Section 12.2. Such notice shall state that at the adjourned meeting the Noteholders present in person or by proxy shall form a quorum. At the adjourned meeting the Noteholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed thereat by the affirmative vote of holders of not less than 66 2/3% of the principal amount of the Note present or represented by proxy at the meeting and voted upon on a poll shall be an Extraordinary Resolution within the meaning of this Indenture, notwithstanding that the holders of not less than 25% in principal amount of the Note then outstanding are not present in person or by proxy at such adjourned meeting.

(c) Votes on an Extraordinary Resolution shall always be given on a poll and no demand for a poll on an Extraordinary Resolution shall be necessary.

11.13 Unanimous Approval by Noteholders

Notwithstanding anything else contained in this Indenture, the power to authorize the Note Trustee (a) to grant amendments or extensions of time for payment of any principal, premium or interest on the Note, whether or not the principal, premium, or interest, the payment of which is extended, is at the time due or

overdue, or (b) to extend the maturity of the Note or to amend the principal amount thereof, the rate of interest or any redemption premium thereon, shall require unanimous approval of the Noteholders.

11.14 Powers Cumulative

Any one or more of the powers in this Indenture stated to be exercisable by the Noteholders by Extraordinary Resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers from time to time shall not be deemed to exhaust the rights of the Noteholders to exercise the same or any other such power or powers thereafter from time to time.

11.15 Minutes

Minutes of all resolutions and proceedings at every meeting as aforesaid shall be made and duly entered in books to be from time to time provided for that purpose by the Note Trustee at the expense of the Corporation, and any such minutes as aforesaid, if signed by the chairman of the meeting at which such resolutions were passed or proceedings had, or by the chairman of the next succeeding meeting of the Noteholders, shall be *prima facie* evidence of the matters therein stated and, until the contrary is proved, every such meeting, in respect of the proceedings of which minutes shall have been made, shall be deemed to have been duly held and convened, and all resolutions passed thereat or proceedings taken thereat to have been duly passed and taken.

11.16 Instruments in Writing

All actions which may be taken and all powers that may be exercised by the Noteholders at a meeting held as hereinbefore in this Article provided may also be taken and exercised by the holders of the requisite principal amount of the outstanding Note by an instrument in writing signed in one or more counterparts and the expression "**Extraordinary Resolution**" when used in this Indenture and references to other resolutions of the Noteholders in this Indenture shall include an instrument so signed.

11.17 Binding Effect of Resolutions

Every resolution and every Extraordinary Resolution passed in accordance with the provisions of this Article at a meeting of Noteholders shall be binding upon all the Noteholders, whether present at or absent from such meeting, and every instrument in writing signed by Noteholders in accordance with Section 11.16 shall be binding upon all the Noteholders, whether signatories thereto or not, and each and every Noteholder and the Note Trustee (subject to the provisions for its indemnity herein contained) shall be bound to give effect accordingly to every such resolution, Extraordinary Resolution and instrument in writing.

11.18 Evidence of Rights of Noteholders

(a) Any request, direction, notice, consent or other instrument which this Indenture may require or permit to be signed or executed by the Noteholders may be in any number of concurrent instruments of similar tenor signed or executed by the Noteholders.

(b) The Note Trustee may, in its discretion, require proof of execution in cases where it deems proof desirable and may accept such proof as it shall consider proper.

11.19 Record Dates

If the Corporation shall solicit from the holders of Note any request, demand, authorization, direction, notice, consent, waiver or other action, the Corporation may, at its option, by or pursuant to a Written Direction of the Corporation, fix in advance a record date for the determination of such holders entitled to

provide such request, demand, authorization, direction, notice, consent, waiver or other action, but the Corporation shall not have the obligation to do so. Any such record date shall be the record date specified in or pursuant to such Written Direction of the Corporation.

If such a record date is fixed, such request, demand, authorization, direction, notice, consent, waiver or other action may be given before or after such record date, but only the holders of record at the close of business on such record date shall be deemed to be holders for the purposes of determining whether holders of the requisite proportion of Note then outstanding have authorized or agreed or consented to such request, demand, authorization, notice, consent, waiver or other act, and for this purpose the Note then outstanding shall be computed as of such record date.

ARTICLE 13
CONCERNING THE NOTE TRUSTEE

13.1 Trust Indenture Legislation

(a) In this Indenture, the term "**Indenture Legislation**" means the provisions, if any, of the *Canada Business Corporations Act* and any other statute of Canada or a province thereof, and of the regulations under any such statute, relating to trust indentures and to the rights, duties and obligations of trustees under trust indentures and of corporations issuing debt obligations under trust indentures, to the extent that such provisions are at the time in force and applicable to this Indenture or the Corporation or the Note Trustee.

(b) If and to the extent that any provision of this Indenture limits, qualifies or conflicts with a mandatory requirement of Indenture Legislation, such mandatory requirement shall prevail.

(c) At all times in relation to this Indenture and any action to be taken hereunder, the Corporation and the Note Trustee each shall observe and comply with Indenture Legislation and the Corporation, the Note Trustee and each Noteholder shall be entitled to the benefits of Indenture Legislation.

13.2 No Conflict of Interest

The Note Trustee represents to the Corporation that, to the best of its knowledge after due inquiry, at the date of execution and delivery by it of this Indenture, there exists no material conflict of interest in the role of the Note Trustee as a fiduciary hereunder but if, notwithstanding the provisions of this Section 13.2, such a material conflict of interest exists, or hereafter arises, the validity and enforceability of this Indenture, and the Note issued hereunder, shall not be affected in any manner whatsoever by reason only that such material conflict of interest exists or arises but the Note Trustee shall, within 30 days after ascertaining that it has a material conflict of interest, either eliminate such material conflict of interest or resign in the manner and with the effect specified in Section 13.3.

13.3 Replacement of Note Trustee

The Note Trustee may resign its trust and be discharged from all further duties and liabilities hereunder by giving to the Corporation 60 days' notice in writing or such shorter notice as the Corporation may accept as sufficient. If at any time a material conflict of interest exists in the Note Trustee's role as a fiduciary hereunder, the Note Trustee shall, within 30 days after ascertaining that such a material conflict of interest exists, either eliminate such material conflict of interest or resign in the manner and with the effect specified in this Section 13.3. The validity and enforceability of this Indenture and of the Note issued hereunder shall not be affected in any manner whatsoever by reason only that such a material conflict of interest exists or existed. In the event of the Note Trustee resigning or being removed or being dissolved, becoming bankrupt, going into liquidation or otherwise becoming incapable of acting hereunder, the Corporation shall forthwith appoint a new Note Trustee unless a new Note Trustee has already been appointed by the Noteholders. Failing such appointment by the Corporation, the retiring Note Trustee or any Noteholder may apply to a Judge of the Ontario Superior Court of Justice, on such notice as such Judge may direct at the Corporation's expense, for the appointment of a new Note Trustee but any new Note Trustee so appointed by the Corporation or by the Court shall be subject to removal as aforesaid by the Noteholders and the appointment of such new Note Trustee shall be effective only upon such new Note Trustee becoming bound by this Indenture. Any new Note Trustee appointed under any provision of this Section 13.3 shall be a corporation authorized to carry on the business of a trust company in all of the provinces and territories of Canada, which for certainty includes in accordance with the Indenture Legislation. On any new appointment the new Note Trustee shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named herein as Note Trustee.

Any company into which the Note Trustee may be merged or, with or to which it may be consolidated, amalgamated or sold, or any company resulting from any merger, consolidation, sale or amalgamation to which the Note Trustee shall be a party, or any company succeeding to the corporate trust business of the Note Trustee shall be the successor Note Trustee under this Indenture without the execution of any instrument or any further act. Nevertheless, upon the written request of the successor Note Trustee or of the Corporation, the Note Trustee ceasing to act shall execute and deliver an instrument assigning and transferring to such successor Note Trustee, upon the terms herein expressed, all the rights, powers and trusts of the Note Trustee so ceasing to act, and shall duly assign, transfer and deliver all property and money held by the Note Trustee to the successor Note Trustee so appointed in its place. Should any deed, conveyance or instrument in writing from the Corporation be required by any new Note Trustee for more fully and certainly vesting in and confirming to it such estates, properties, rights, powers and trusts, then any and all such deeds, conveyances and instruments in writing shall on request of said new Note Trustee, be made, executed, acknowledged and delivered by the Corporation and/or the Note Trustee that is ceasing to act.

13.4 Duties of Note Trustee

In the exercise of the rights, duties and obligations prescribed or conferred by the terms of this Indenture, the Note Trustee shall act honestly and in good faith and in a commercially reasonable manner and exercise that power with the degree of care, diligence and skill of a reasonably prudent trustee and with a view to the best interests of the Noteholders.

13.5 Reliance Upon Declarations, Opinions, etc.

In the exercise of its rights, duties and obligations hereunder the Note Trustee may, if acting in good faith, act and rely, as to the truth of the statements and accuracy of the opinions expressed therein, upon statutory declarations, opinions, reports or certificates furnished pursuant to any covenant, condition or requirement of this Indenture or required by the Note Trustee to be furnished to it in the exercise of its rights and duties hereunder, if the Note Trustee examines such statutory declarations, opinions, reports or

certificates and determines that they comply with Section 13.6, if applicable, and with any other applicable requirements of this Indenture and the Indenture Legislation. The Note Trustee may nevertheless, in its discretion, require further proof in cases where it deems further proof desirable. Without restricting the foregoing, the Note Trustee may act and rely on an opinion of Counsel satisfactory to the Note Trustee notwithstanding that it is delivered by a solicitor or firm which acts as solicitors for the Corporation.

13.6 Evidence and Authority to Note Trustee, Opinions, etc.

The Corporation shall furnish to the Note Trustee evidence of compliance with the conditions precedent provided for in this Indenture relating to any action or step required or permitted to be taken by the Corporation or the Note Trustee under this Indenture or as a result of any obligation imposed under this Indenture or the Indenture Legislation, including without limitation, the certification and delivery of the Note hereunder, the satisfaction and discharge of this Indenture and the taking of any other action to be taken by the Note Trustee at the request of or on the application of the Corporation, forthwith if and when (a) such evidence is required by any other Section of this Indenture to be furnished to the Note Trustee in accordance with the terms of this Section 13.6, or (b) the Note Trustee, in the exercise of its rights and duties under this Indenture, gives the Corporation written notice requiring it to furnish such evidence in relation to any particular action or obligation specified in such notice.

Such evidence shall consist of:

(a) a certificate or, where required by the Indenture Legislation, a statutory declaration made by any one officer or director of the Corporation, stating that any such condition precedent has been complied with in accordance with the terms of this Indenture;

(b) in the case of any such condition precedent compliance with which is subject to review or examination by legal counsel, an opinion of Counsel, whom the Note Trustee for such purposes hereby approves, that such condition precedent has been complied with in accordance with the terms of this Indenture; and

(c) in the case of any such condition precedent compliance with which is subject to review or examination by auditors or accountants, an opinion or report of the auditors of the Corporation, or such other accountant licensed under the *Public Accounting Act, 2004* or comparable legislation of the jurisdiction in which the accountant practises, whom the Note Trustee for such purposes hereby approves, that such condition precedent has been complied with in accordance with the terms of this Indenture.

Whenever such evidence relates to a matter other than the certificates and delivery of the Note and the satisfaction and discharge of this Indenture, and except as otherwise specifically provided herein, such evidence may consist of a report or opinion of any solicitor, auditor, accountant, engineer or appraiser or any other person whose qualifications give authority to a statement made by him, provided that if such report or opinion is furnished by a director or officer or employee of the Corporation, it shall be in the form of a statutory declaration. Such evidence shall be, so far as appropriate, in accordance with the immediately preceding paragraph of this Section 13.6.

Each statutory declaration, certificate, opinion or report with respect to compliance with a condition precedent provided for in the Indenture shall include (a) a statement by the person giving the evidence that he has read and understood and is familiar with those provisions of this Indenture relating to the condition precedent in question, (b) a brief statement describing the nature and scope of the examination or investigation upon which the certificates, statements or opinions contained in such evidence are based, (c) a statement that, in the belief of the person giving such evidence, he has made such examination or

investigation as is necessary to enable him to make the statements or give the opinions contained or expressed therein, and (d) a statement whether in the opinion of such person the conditions precedent in question have been complied with or satisfied; and shall otherwise satisfy any applicable requirement under Indenture Legislation.

The Corporation shall furnish to the Note Trustee at any time if the Note Trustee reasonably so requires, an Officer's Certificate that the Corporation has complied with all covenants, conditions or other requirements contained in this Indenture, the non-compliance with which would, with the giving of notice or the lapse of time, or both, or otherwise, constitute an Event of Default, or if such is not the case, specifying the covenant, condition or other requirement which has not been complied with and giving particulars of such non-compliance. The Corporation shall, whenever the Note Trustee so requires, furnish the Note Trustee with evidence by way of statutory declaration, opinion, report or certificate as specified by the Note Trustee as to any action or step required or permitted to be taken by the Corporation or as a result of any obligation imposed by this Indenture or the Indenture Legislation, such evidence satisfying the requirements of Indenture Legislation, as applicable.

13.7 Officer's Certificates Evidence

Except as otherwise specifically provided or prescribed by this Indenture, whenever in the administration of the provisions of this Indenture the Note Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or omitting any action hereunder, the Note Trustee, if acting in good faith, may act and rely upon an Officer's Certificate.

13.8 Experts, Advisers and Agents

The Note Trustee may:

(a) employ or retain and act and rely on the opinion or advice of or information obtained from any solicitor, auditor, valuator, engineer, surveyor, appraiser or other expert or advisor, whether obtained by the Note Trustee or by the Corporation, or otherwise, and shall not be liable for acting, or refusing to act, in good faith on any such opinion or advice and may pay proper and reasonable compensation for all such legal and other advice or assistance as aforesaid; and

(b) employ such agents and other assistants as it may reasonably require for the proper discharge of its duties hereunder, and may pay reasonable remuneration for all services performed for it (and shall be entitled to receive reasonable remuneration for all services performed by it) in the discharge of the trusts hereof and compensation for all reasonable disbursements, costs and expenses made or incurred by it in the discharge of its duties hereunder and in the management of the trusts hereof and any solicitors employed or consulted by the Note Trustee may, but need not be, solicitors for the Corporation.

13.9 Note Trustee May Deal in Note

Subject to Sections 13.2 and 13.4, the Note Trustee may, in its personal or other capacity, buy, sell, lend upon and deal in the Note and generally contract and enter into financial transactions with the Corporation or otherwise, without being liable to account for any profits made thereby.

13.10 Investment of Monies Held by Note Trustee

Unless otherwise provided in this Indenture, any monies held by the Note Trustee, which, under the trusts of this Indenture, may or ought to be invested or which may be on deposit with the Note Trustee or which may be in the hands of the Note Trustee, may be invested and reinvested in the name or under the control

Any Written Direction must be received prior to 11:00 am (Toronto time) on a Business Day. If received after 11:00 a.m. (Toronto time), the Written Direction will be deemed received on the next following Business Day. Pending the investment of any monies as hereinbefore provided, such monies may be deposited in a segregated interest-bearing account in the name of the Note Trustee in any chartered bank of Canada or, with the consent of the Corporation, in the deposit department of the Note Trustee or any other loan or trust company authorized to accept deposits under the laws of Canada or any province or territory thereof at the rate of interest, if any, then current on similar deposits. The Corporation shall receive such chartered bank's or the Note Trustee's (as the case may be) prevailing rate for all monies held by it, as may change from time to time.

Unless and until the Note Trustee shall have declared the principal of and interest on the Note to be due and payable, the Note Trustee shall pay over to the Corporation all interest received by the Note Trustee in respect of any investments or deposits made pursuant to the provisions of this Section.

13.11 Note Trustee Not Ordinarily Bound

Except as provided in Section 7.2 and as otherwise specifically provided herein, the Note Trustee shall not, subject to Section 13.4, be bound to give notice to any person of the execution hereof, nor to do, observe or perform or see to the observance or performance by the Corporation of any of the obligations herein imposed upon the Corporation or of the covenants on the part of the Corporation herein contained, nor in any way to supervise or interfere with the conduct of the Corporation's business, unless the Note Trustee shall have been required to do so in writing by the holders of not less than 25% of the aggregate principal amount of the Note then outstanding or by any Extraordinary Resolution of the Noteholders passed in accordance with the provisions contained in Article 11, and then only after it shall have been funded and indemnified to its satisfaction against all actions, proceedings, claims and demands to which it may render itself liable and all costs, charges, damages and expenses which it may incur by so doing.

The Note Trustee shall not be required to give any bond or security in respect of the execution of the trusts and powers of this Indenture or otherwise in respect of the premises.

13.13 Note Trustee Not Bound to Act on the Corporation's Request

Except as in this Indenture otherwise specifically provided, the Note Trustee shall not be bound to act in accordance with any direction or request of the Corporation until a duly authenticated copy of the instrument or resolution containing such direction or request shall have been delivered to the Note Trustee, and the Note Trustee shall be empowered to act upon any such copy purporting to be authenticated and believed by the Note Trustee to be genuine.

13.14 Note Trustee Protected in Acting

13.15 Conditions Precedent to Note Trustee's Obligations to Act Hereunder

13.17 Compensation and Indemnity

(a) The Corporation shall pay to the Note Trustee from time to time reasonable compensation for its services hereunder as agreed separately by the Corporation and the Note Trustee, and shall pay or reimburse the Note Trustee upon its request for all reasonable and documented expenses, disbursements and advances incurred or made by the Note Trustee in the administration or execution of its duties under this Indenture (including the reasonable and documented compensation and disbursements of its counsel and all other advisers and assistants not regularly in its employ), both before any default hereunder and thereafter until all duties of the Note Trustee under this Indenture shall be finally and fully performed.

(b) The Corporation hereby indemnifies and saves harmless the Note Trustee and its Affiliates, their successors, assigns and each of their directors, officers, employees and agents from and against any and all loss, damages, charges, costs, expenses, claims, demands, actions, assessments, interest, penalties, suits, proceedings or liability (including expert consultant and legal fees and disbursements on a solicitor and client

This indemnity shall survive the termination or discharge of this Indenture and the resignation or removal of the Note Trustee. The Note Trustee shall notify the Corporation as soon as reasonably practicable of any claim for which it may seek indemnity. The Corporation shall defend the claim and the Note Trustee shall cooperate in the defence. The Note Trustee may, in the event of a conflict of interest, have one firm of separate counsel and the Corporation shall pay the reasonable and documented fees and expenses of such counsel. Further, should the Note Trustee, in its sole judgment and acting reasonably, determine at any time that its acting under this Indenture has resulted in its being in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline, then it shall have the right to resign on ten days' written notice to the Corporation or any shorter period of time as agreed to by the Corporation, provided that:

(a) the Note Trustee's written notice shall describe the circumstances of such noncompliance; and

(b) if such circumstances are rectified to the Note Trustee's satisfaction within such 10 day period, then such resignation shall not be effective.

The Note Trustee hereby accepts the trusts in this Indenture declared and provided for and agrees to perform the same upon the terms and conditions herein set out and to hold all rights, privileges and benefits conferred hereby and by law in trust for the various persons who shall from time to time be Noteholders, subject to all the terms and conditions herein set out.

13.20 Privacy Laws

The parties acknowledge that federal and/or provincial legislation that addresses the protection of individuals' personal information (collectively, "**Privacy Laws**") applies to certain obligations and activities under this Indenture. Notwithstanding any other provision of this Indenture, neither party shall take or direct any action that would contravene, or cause the other to contravene, applicable Privacy Laws. The Corporation shall, prior to transferring or causing to be transferred personal information to the Note Trustee, obtain and retain required consents of the relevant individuals to the collection, use and disclosure of their personal information, or shall have determined that such consents either have previously been given upon which the parties can rely or are not required under the Privacy Laws. The Note Trustee shall use commercially-reasonable efforts to ensure that its services hereunder comply with

Privacy Laws. Specifically, the Note Trustee agrees: (a) to have a designated chief privacy officer; (b) to maintain policies and procedures to protect personal information and to receive and respond to any privacy complaint or inquiry; (c) to use personal information solely for the purposes of providing its services under or ancillary to this Indenture and to comply with applicable laws and not to use it for any other purpose except with the consent of or direction from the Corporation or the individual involved or as permitted by Privacy Laws; (d) not to sell or otherwise improperly disclose personal information to any third party; and (e) to employ administrative, physical and technological safeguards to reasonably secure and protect personal information against loss, theft, or unauthorized access, use or modification.

13.21 Force Majeure

Except for the payment obligations of the Corporation contained herein, neither party shall be liable to the other, or held in breach of this Indenture, if prevented, hindered, or delayed in the performance or observance of any provision contained herein by reason of *force majeure*, such as act of God, riots, terrorism, acts of war, epidemics, governmental action or judicial order, earthquakes, or any other similar causes (including, but not limited to, general mechanical, electronic or communication interruptions, disruptions or failures). Schedule "A"

Calculation For Amount Claimed

The amount claimed including pre-filing interest is **$105,854,794.52**. The calculation for this amount is set out below.

The statement of claim for the Omarali v. Just Energy class action was issued on May 4, 2015. The claim amount is $100,000,000. The applicable pre-judgment interest is 1%, which rate is used for pre-filing interest. Annual pre-judgment interest on the claim amount is therefore $1,000,000 (1% of $100,000,000). Daily interest is $2,739.73 ($1,000,000 divided by 365). The number of days between the class action filing date (May 4, 2015) and the CCAA proceeding filing date (March 9, 2021) is 2,137. Accordingly, the full amount of pre-filing interest is $5,854,794.52 ($2,739.73 X 2,137 days). That interest amount, added to $100,000,000, equals $105,854,794.52.

Schedule "C"

The Basis of the Claim against Directors

1. This claim arises from a class action for unpaid wages brought against Just Energy Group Inc. ("**JE**"), Just Energy Corp. ("**JEC**") and Just Energy Ontario L.P. (collectively the "**Defendants**"), for the period of 2012 to date. The Proof of Claim is filed on behalf of all Class Members by the certified representative plaintiff in the class action (Haidar Omarali, referred to herein as the "**Representative Plaintiff**").

2. JE is a company incorporated under the Canada Business Corporations Act (R.S.C., 1985, c. C-44) ("**CBCA**").

3. JEC is a company incorporated under the Business Corporations Act, R.S.O. 1990, c. B.16 ("**OBCA**").

4. The Defendants misclassified class member employees as independent contractors. All of the Class Members worked for the Defendants in Ontario. As a result of JEC's misclassification, the Class Members were denied minimum protections under the *Employment Standards Act, 2002* ("**ESA**"), including but not limited to minimum wage, overtime, public and holiday pay and vacation pay.

5. The Class Members' employment relationships were with JE, JEC or both. In any event, JE and JEC were common employers of class members, as evidenced by the documentation filed with this Proof of Claim.

6. As set out in the Amended Statement of Claim filed with this Proof of Claim, the Class Members seek recovery from the Defendants for unpaid wages including minimum wage, overtime, holiday and vacation pay, in accordance with the ESA.

7. The Defendants have failed to pay any amounts owing to Class Members.

8. This CCAA proceeding will result in unsatisfied claims of Class Members.

9. In accordance with section 81 of the ESA each of the directors JE and JEC from 2012 onwards are liable for the unpaid wages claimed.

10. In addition, or in the alternative, in accordance with to section 131 of the OBCA, each of the directors of JEC from 2012 onwards are liable for the unpaid wages claimed.

11. In addition, or in the alternative, in accordance with to section 119 of the CBCA, the directors of JE from 2012 onwards are liable for the unpaid wages claimed.

12. The full amount owing by JE and JEC directors, jointly and severally, is **$105,854,794.52**, comprising $100,000,000 for the claim plus pre-judgment interest over a period of 2137 days – commencing May 4, 2015 (claim issuance date) and accruing to March 9, 2021 (CCAA filing

date) – at a rate of 1% (based on the applicable pre-judgment interest rate at the second quarter of 2015).

FTI CONSULTING CANADA INC., solely in its capacity as Court-appointed Monitor of the Just Energy Entities, and not in its personal or corporate capacity

Per:

Senior Managing Director

SCHEDULE A

The Claimant advances a claim against Just Energy Group Inc., Just Energy Corp. and Just Energy Ontario L.P. (the "**Specified JE Entities**") in the amount of $105,854,794.52 based on a certified class action filed in the Ontario Superior Court of Justice on May 4, 2015 (as amended on November 17, 2015), titled *Haidar Omarali v Just Energy Group Inc., Just Energy Corp. and Just Energy Ontario L.P.,* Court File No. CV-15-52749300 CP (the "**Class Action**").

The Just Energy Entities, in consultation with the Monitor, disallow the Claim in its entirety.

Status of Litigation

The Class Action was brought against the Specified JE Entities on behalf of a class of "[a]ny person, since 2012, who worked or continues to work for Just Energy in Ontario as a Sales Agent pursuant to an independent contractor agreement" ("**Class Members**"). The Class Action alleges that the Specified JE Entities misclassified the Class Members as independent contractors and improperly denied them the benefits prescribed in the *Employment Standards Act, 2000* (the "**ESA**") (including minimum wage, overtime pay, vacation pay, and public holiday pay), and contributions on the Class Members' behalf pursuant to the *Canada Pension Plan* and the *Employment Insurance Act*. The Claimant also claims punitive, aggravated and exemplary damages.

On July 27, 2016, the Court certified the Class Action and 13 common issues. On June 12, 2019, the Claimant brought a summary judgement motion, which the Court dismissed on the basis that a full trial was necessary. The Class Action has been stayed pursuant to the Initial Order.

Class Members are Not Employees

The Class Members are in both form and substance independent contractors and not employees.

The relationship was governed by an "Independent Contractor Agreement" freely executed by each Class Member pursuant to which the parties expressly agreed that their relationship was that of an independent contractor relationship and not that of an employment relationship.

Further, the Class Members had a significant degree of control in the performance of their work, including by setting their own days of work, hours of work, time off work, work location, sales methods, and whether or not to engage in several forms of sales. Further, Class Members were compensated solely through commission on sales and were responsible for their own business expenses. As such, their opportunity for profit and their risk of loss depended entirely on their individual efforts and choices.

The alleged control that the Specified JE Entities exercised over the Class Members referenced in the documents filed in support of the Claim was primarily exercised by the applicable regulator, the Ontario Electricity Board (the "OEB"), and not the Specified JE Entities. The OEB required Class Members to wear identification badges; follow prescribed content in sales scripts; conduct verification calls to finalize energy contracts; and comply with requirements regarding interacting with consumers in the course of selling energy. The relationship between the Class Members and the Specified JE Entities was not characterized by the Specified JE Entities' control over the Class

Members, for which reason the Class Members are not "employees" of the Specified JE Entities for the purpose of the ESA, CPP or EI.

Class Members Fall Within "Salesperson" Exemption

In the alternative, even if the Class Members are "employees" pursuant to the ESA, they indisputably fall within the "salesperson" exemption in section (2)(h) of Ontario Regulation 285/01 and are therefore ineligible for minimum wage, overtime, public holiday pay and vacation pay. The exemption applies to individuals who satisfy the following: (1) remuneration takes the form of commissions (in whole or in part); (2) those commissions are calculated on sales (or offers to purchase); (3) the sales relate to goods or services; and (4) the sales are made away from the employer's place of business.

The Claimant does not dispute that the first three criteria are met. The fourth criterion – which the Claimant argues is not met – has clearly been satisfied in the present case. Indeed, this very issue has been considered by courts in the United States relative to an analogous "salesperson" exemption pursuant to the *Fair Labor Standards Act* in respect of the Just Energy entities and the courts have repeatedly found that the salespeople in fact made sales away from the employer's place of business. For example, in *Flood v. Just Energy Mktg. Corp*., 904 F.3d 219 (2d Cir. 2018), the Second Circuit Court of Appeals found that the salespeople for Just Energy were not just promoting the products or advertising them; they were trying to persuade specific customers to sign up then-and-there for an energy plan, which the court found constituted making a sale away from the employer's business. The courts reached the same conclusion in *Dailey v. Just Energy Mktg. Corp,* 2015 U.S. Dist. LEX IS 97103 (N.D. Cal.).

Class Members are Not Route Salespersons

The Class Action alleges that the Class Members do not fall within the "salesperson" exemption because they are "route salespersons", which are exceptions to the "salesperson" exemption. This position is not tenable. It is established law that a route salesperson is a worker who drives an employer-owned vehicle to deliver the employer's products to established customers along a specified route on a prescribed schedule, and the sales function is generally ancillary to the delivery function.[2] Such is clearly not the role of the Class Members: the Class Members' sales function was integral, rather than ancillary, to their function which was directed toward non- established customers and undertaken by the Class Members on their own schedules in the location(s) of their choice.

Additional Bases For Denial of Claim

In addition and in any event, the Claim is too contingent, speculative, and remote to permit recovery. Additional bases militating against any recovery include:

- Significant parts of the Claim are barred by operation of the *Limitations Act, 2002* and the time limits under the ESA. In particular, the Class Action was commenced on May 4, 2015.

[2] See, e.g., *Decision No. 1724/11*, 201 I O.N.W.S.I.A.T.D. 2860.; *Canadian Union of Operating Engineers and General Workers (CUOE) v. Red Cmpef Food Systems lnc*, 200 I CanLII 5016 (O.L.R.B.); and *Chester v. Pepsi-Cola Canada Ltd.,* 2005 SKQB 110.

Therefore, all claims for amounts to be paid prior to May 4, 2013 are precluded by the two year limitation period prescribed in the *Limitations Act, 2002*.

- There is insufficient supporting documentation in support of the quantification of any damages. By definition, the claim of each Class Member must be quantified through individualized assessments based on each worker's individual circumstances and experience, as a precondition for any recovery. The Claimant has failed to adduce any (let alone adequate) evidence of actual losses or damages for any of the Class Members.

Claim is Vastly Overstated

In the further alternative, even if the Claim has some merit (which is denied), the quantum of damages claimed is vastly overstated. Among other issues, (i) the vast majority (approximately 7,000 of the 7,900) Class Members are clearly statute barred from bringing a claim, and (ii) a significant proportion, if not the majority, of the sales agents with a potentially timely claim performed little or no actual work for the Specified JE Entities following their execution of the independent contractor agreement.

SCHEDULE A

Background

This Claim (the "**D&O Claim**") is advanced in connection with a certified class action filed in the Ontario Superior Court of Justice on May 4, 2015 (as amended on November 17, 2015), titled *Haidar Omarali v Just Energy Group Inc., Just Energy Corp. and Just Energy Ontario L.P.*, Court File No. CV-15-52749300 CP (the "**Class Action**"). The representative plaintiff in the Class Action (the "**Claimant**") has also filed an ordinary Proof of Claim in this claims process in respect of the Class Action (the "**Class Action Claim**").

The Class Action was brought against Just Energy Group Inc., Just Energy Corp. and Just Energy Ontario L.P. (the "**Specified JE Entities**") on behalf of a class of "[A]ny person, since 2012, who worked or continues to work for Just Energy in Ontario as a Sales Agent pursuant to an independent contractor agreement" ("**Class Members**"). The Class Action alleges, among other things, that the Specified JE Entities misclassified the Class Members as independent contractors and have improperly denied them the benefits prescribed in the *Employment Standards Act, 2000* (the "**ESA**") (including minimum wage, overtime pay, vacation pay, and public holiday pay), and contributions on the Class Members' behalf pursuant to the *Canada Pension Plan* and the *Employment Insurance Act*. The Class Action also claims punitive, aggravated and exemplary damages. The directors and officers of the Specified JE Entities (listed in Schedule ● to the Proof of Claim) have not been named as defendants in the Class Action.

The D&O Claim alleges that the directors of the Just Energy Entities named in the Proof of Claim (the "**Directors**") are liable to the Class Members for alleged unpaid wages pursuant to section 81 of the ESA; section 131 of the Ontario *Business Corporations Act* (the "**OBCA**"), and/or section 119 of the *Canada Business Corporations Act* (the "**CBCA**").

For the reasons outlined below, the Just Energy Entities, in consultation with the Monitor, disallow the D&O Claim in its entirety.

D&O Claim is Entirely Contingent on Class Action Claim, Which Has Been Disallowed

The D&O Claim is not independent, but rather entirely contingent on the success of the Class Action Claim. The Class Action Claim has been disallowed in its entirety for the reasons set out in the Notice of Revision or Disallowance in respect of such claim (which reasons are fully adopted and referentially incorporated herein). Therefore, there is no basis for recovery as against the Directors.

D&O Claim is Untimely and Statute Barred / JE Entities and Directors are Materially Prejudiced by Delay

The D&O Claim was filed over six (6) years after the Class Action was filed and the D&O Claim does not assert any "new knowledge" relating to the facts giving rise to the Class Action Claim that was not otherwise known to the Claimant at the time the Class Action Claim was commenced. Accordingly, the D&O Claim is barred by operation of the *Limitations Act, 2002* as well as by the limitations in the applicable statutes and by common law doctrines, including laches and abuse of

process. The Claimant made a strategic choice not to pursue the Directors as part of the Class Action, and must be accountable for that choice.

Further, the excessive and undue delay in advancing a claim against the Directors has caused material prejudice to the JE Entities and to the Directors. For example, given that the Class Action, as filed and subsequently certified, did not assert any claims whatsoever against the Directors or otherwise contemplate the personal liability of directors and officers, the Just Energy Entities rightly did not provide a claim or provide notice to the insurer who underwrote the applicable directors' and officers' coverage when the Class Action was issued or certified. The belated attempt to pursue the Directors personally more than six (6) years later has resulted in prejudice to the JE Entities and the Directors, including a likely coverage dispute.

Several of the named Directors ceased to hold office years ago.

D&O Claim Constitutes Improper Attempt to Expand the Class Action

The D&O Claim amounts to an improper expansion of the scope of the Class Action to add new defendants more than six (6) years after the Class Action was filed. The Class Action was certified as against the Specified JE Entities only in relation to the specified common issues and the damages sought in the Class Action. As a matter of law and equity, the Claimant cannot now, more than half a decade later, properly seek to add the Directors as defendants to the Class Action and to seek to recover a "wages" claim as opposed to a "damages" claim. Amongst other things, the Claimant would need to obtain leave from the Court to amend the pleadings and would need to obtain class certification in respect of such amended pleadings.

D&O Claim is An Abuse of Process and Brought in Bad Faith

The D&O Claim improperly and belatedly seeks to add the Directors to a Class Action that was filed more than six (6) years ago in order to gain leverage in respect of the underlying Class Action Claim, which is indisputably a contingent, unsecured, pre-filing liability. The D&O Claim is a transparent and purely tactical attempt to obtain more favourable treatment of a pre-filing claim to the detriment of other creditors and the estate, and thus amounts to an abuse of process.

Directors Are Not Liable For Amounts Claimed

In addition and/or in the alternative, the Directors are not liable for the amounts claimed. As noted, the D&O Claim is entirely contingent on the amounts claimed in the Class Action. However, the amounts claimed in the Class Action are not for unpaid "wages" pursuant to the ESA or "debts for services performed" pursuant to the CBCA and OBCA for which directors can be *per se* personally liable in certain circumstances by virtue of holding office at the relevant time. Rather, the Class Representative seeks <u>damages</u> in the Class Action resulting from alleged misclassification. Indeed, in connection with the Class Action, the Claimant specifically sought to have "damages" awarded on an aggregate basis. The court rejected the Claimant's argument, determining that *damages* needed to be assessed on an individual basis.

Given that director liability for unpaid wages is an exception to the principles of separate corporate personality, provisions imposing personal liability on directors must be interpreted strictly and narrowly. Individuals who have been misclassified are entitled to seek *damages* resulting from

the misclassification as contemplated by the Class Action itself, and not to *wages* or *debts for services performed.*

While directors may be personally liable for unpaid wages to employees in order to ensure that the directors do not permit the company to continue using the employees' services when the corporation is in financial difficulty and no longer able to pay for them, directors' personal liability does not extend to ensuring all workers are properly classified for statutory and common law purposes or to indemnifying those workers for damages if the corporation is later found to have failed to do so.

Preconditions for Director Liability Have Not Been Met

In addition and in the alternative to the above, and in any event, pursuant to the ESA, OBCA and CBCA, personal liability for directors and officers only arises once the company has been sued with judgment obtained and has failed to pay some or all of the amount owing. The precondition has not been satisfied in these circumstances given that the Class Action has been stayed pursuant to the Initial Order of the Ontario Superior Court of Justice (Commercial List) dated March 9, 2021, as amended and restated on March 19, 2021 (the "**Stay**").

Moreover, the alternative preconditions for director and officer liability in the ESA, OBCA and CBCA have plainly not been met in this case, namely:

ESA:

- Section 81(a): the employee must cause a claim for unpaid wages to be filed with the receiver appointed by a court with respect to the employer or with the employer's trustee in bankruptcy and the claim has not been paid. This condition has not been met because the Just Energy Entities have not filed for bankruptcy and there is no appointed receiver or trustee in bankruptcy.
- Section 81(b): an employment standards officer has made an order that the employer is liable for wages. This has condition has not been met.
- Section 81(c): an employment standards officer has made an order that a director is liable for wages. This has condition has not been met.
- Section 81(d): the Ontario Labour Relations Board has issued a prescribed order under section 119. This has condition has not been met.

OBCA:

- Section 131(2): the corporation goes into liquidation, is ordered to be wound up or makes an authorized assignment under the *Bankruptcy and Insolvency Act* (the "BIA"), or a receiving order under the BIA is made against it, and, in any such case, the claim for the debt has been proved. This has condition has not been met.

CBCA:

- Section 119(2)(b): the corporation has commenced liquidation and dissolution proceedings or has been dissolved and a claim for the debt has been proved within six months after the earlier of the date of commencement of the liquidation and dissolution proceedings and the date of dissolution. This has condition has not been met.

- Section 119(2)(c): the corporation has made an assignment or a bankruptcy order has been made against it under the BIA and a claim for the debt has been proved within six months after the date of the assignment or bankruptcy order. This has condition has not been met.

Additional Issues and Limitations

- In the further alternative, the individual Directors, if liable at all in respect of the D&O Claim (which is denied), could only be liable for the prescribed quantum set out in the ESA, OBCA and CBCA, as applicable, and only in relation to amounts that were actually unpaid in relation to specific individuals who were engaged during their tenure as Directors. It is not legally sustainable to simply name all the Directors who ever held office during the certified class period and seek to affix them with joint and several liability for the entire amount potentially owing to the class, which the Claimant has purported to do in the D&O Claim.
- Pursuant to the OBCA and the ESA, the quantum of any potential liability for the Directors (if all the other preconditions are met) is limited to six months' wages and 12 months' accrued vacation pay. Under the CBCA, liability is limited to 6 months' wages.
- Even if any such amount is properly recoverable from the Directors (which is denied), an individual worker would have to first prove his or her entitlement to unpaid wages, based on an individual assessment of hours worked on a week-by-week basis and the resulting wage and related entitlements. If the corporation then does not pay that amount, the individual would have to assert that amount against those individual directors or officers (and only those individuals), who served in that capacity during the period when the individual worked. And the quantum of any amount that could be recovered from those individual directors or officers who held office at the time would be subject to the above statutory quantum limits.
- Additionally, the Specified JE Entities' independent contractor program terminated in 2017. Therefore, only those individual directors or officers serving prior to 2017 can be liable for any unpaid "wages". The D&O Claim improperly names directors and officers specifically in respect of the years 2018, 2019, 2020 and 2021, and is therefore overly broad.
- The D&O Claim is too contingent, speculative and remote to permit recovery; in the alternative, the D&O Claim is so contingent, speculative and remote that it has an effective value of $0.

CLAIM DOCUMENTATION

I. Relevant Background and Summary of Claim Documentation

Claimants Fira Donin, Inna Golovan, and Trevor Jordet have pending proposed class action lawsuits against the Just Energy Entities in two United States Federal District Courts. Claimants Donin's and Golovan's case is captioned *Donin et al. v. Just Energy Group Inc. et al.*, No. 17 Civ. 5787 (WFK) (SJB) (E.D.N.Y.) (hereafter "*Donin* Dkt.") and Claimant Jordet's case is captioned *Jordet v. Just Energy Solutions, Inc.*, No. 18 Civ. 953 (WMS) (W.D.N.Y.) (hereafter "*Jordet* Dkt"). Fira Donin, Inna Golovan, and Trevor Jordet, as well as the other individuals who have retained undersigned Class Counsel to sue the Just Energy Entities on a class-wide basis are referred to hereafter as the "Representative Plaintiffs."[1, 2]

Pursuant to the expert Affidavit of Dr. Serhan Ogur (the "Expert Report"), the Representative Plaintiffs hereby submit a general unsecured claim of **US$3,662,444,442**, which reflects the Just Energy Entities' liability to their U.S. customers for *inter alia* breaching the pricing terms of their residential and commercial contracts to supply electricity and gas. The Representative Plaintiffs' damages calculations are derived from the difference between the prices the Just Energy Entities were contractually bound to charge U.S. customers as compared to the prices ultimately charged. A true and correct copy of the Expert Report is attached hereto as **Exhibit 1**. In support of their calculations, the Representative Plaintiffs provide the following chart summarizing their class-wide damages calculations.

Class-Wide Damages Calculations	
U.S. Residential Electric Damages	$1,144,609,092
U.S. Residential Gas Damages	$717,711,010
U.S. Commercial Electric Damages	$449,392,725
U.S. Commercial Gas Damages	$68,624,767
Total:	**$2,380,337,594**

In addition to damages of US$2,380,337,594, the Representative Plaintiffs calculate that US$**1,282,106,848** is owed to them as pre-judgment interest, which amount has been added to their damages calculation to make up the remainder of their claim.[3]

[1] Those other individuals are: New York resident Todd Orsi; California residents Danielle Greer, Hannad Naveed, and Naveed Yamin; Michigan residents Nicholas Aldridge, Ariel Meserva, Jessica Smith Mixon, and Vernon Van Halm; and Texas residents Kadidja Fofana and Lisa Widner.

[2] Please note that while the Representative Plaintiffs are submitting proofs of claim for each of the two pending proposed class actions (*Donin* and *Jordet*), they are submitting identical claim documentation and amounts for each case.

[3] U.S. state law governs statutory pre-judgment interest. *Schipani v. McLeod*, 541 F.3d 158, 164 (2d Cir. 2008). The class actions challenge the Just Energy Entities' conduct in 11 jurisdictions— California,

Footnote continued on next page.

By way of brief background, on October 3, 2017, Fira Donin and Inna Golovan filed proposed class action lawsuits on behalf of themselves and all other U.S. customers alleging *inter alia* that the Just Energy Entities breached their contractual obligations to base their variable gas and electricity rates on "business and market conditions," breached their contractual obligation to charge a specified energy rate, and breached the implied covenant of duty of good faith and fair dealing. *See, e.g.*, *Donin* Complaint ¶¶ 26-35, attached hereto as **Exhibit 2**. On September 24, 2021, Judge William F. Kuntz of the U.S. District Court for the Eastern District of New York denied the Just Energy Entities' motion to dismiss all of the aforementioned class action claims on behalf of all U.S. customers, ruling *inter alia* that Plaintiffs Donin and Golovan had adequately alleged that the Just Energy Entities breached their contractual obligation to charge market-based rates, breached their contractual obligation to charge a specified energy rate, and breached the implied covenant of good faith and fair dealing. Decision & Order at 3, 12–15, *Donin* Dkt. No. 111 attached hereto as **Exhibit 3.**

Similarly, on April 6, 2018, Trevor Jordet filed class action claims on behalf of himself and all other U.S. customers alleging *inter alia* that the Just Energy Entities breached their contractual obligations to base their variable gas rates on "business and market conditions." *See, e.g.*, *Jordet* Complaint ¶¶ 19-37 attached hereto as **Exhibit 4**. On December 7, 2020, Judge William M. Skrenty of the U.S. District Court for the Western District of New York denied the Just Energy Entities' motion to dismiss the aforementioned class action breach of contract claim on behalf of all U.S. customers, holding that "'business and market conditions' has some standard that [the Just Energy Entities] had to apply in setting [their] variable pricing but apparently failed to adhere to in [their] pricing." *See* Decision & Order at 18, *Jordet* Dkt. No. 43, attached hereto as **Exhibit 5.**

As set forth on pp. 18-19 below, the Representative Plaintiffs' claims encompass the damages of **millions** of U.S. Just Energy customers. These claims are founded in well-established principals of contract, are buttressed by a legion of U.S. case law, regulation, and statue. The claims also represent paradigmatic class action claims that are readily certifiable (and have been certified on four separate occasions), are pleaded in tandem with increasing regulatory scrutiny (including outright bans) of the exact practices the Just Energy Entities employed throughout the U.S., and follow in the footsteps of at least **six** regulatory actions against the Just Energy Entities.

Delaware, Illinois, Massachusetts, Maryland, Michigan, New Jersey, New York, Ohio, Pennsylvania, and Texas. Each of these jurisdictions award pre-judgment interest as a matter of right. *See generally Allapattah Servs., Inc. v. Exxon Corp.*, 157 F. Supp. 2d 1291, 1311–12 (S.D. Fla. 2001), *aff'd*, 333 F.3d 1248 (11th Cir. 2003). The Representative Plaintiffs here have applied the forum state's (New York) pre-judgment interest rate (9% per annum) as well as the forum law on the date from which to calculate interest. New York courts usually pick the midpoint of the class period as the period from which to calculate pre-judgment interest, or any other reasonable date as "[t]he choice of the date from which to compute prejudgment interest is left to the discretion of the court." *Chuchuca v. Creative Customs Cabinets Inc.*, No. 13 Civ. 2506 (RLM), 2014 WL 6674583, at *16 (E.D.N.Y. Nov. 25, 2014)(collecting cases); *see also Marfia v. T.C. Ziraat Bankasi*, 147 F.3d 83, 91 (2d Cir. 1998) ("New York law leaves to the discretion of the court the choice of whether to calculate prejudgment interest based upon the date when damages were incurred or 'a single reasonable intermediate date,' which can be used to simplify the calculation.").

II. The Class Action Claims Are Strong and Supported by Ample Precedent

A. U.S. Courts Regularly Hold That ESCOs like Just Energy Are Liable When They Promise to Charge Market-Based Rates but Actually Charge Rates That Are Much Higher

As a result of deregulation in states across the United States, consumers and businesses can purchase natural gas and electricity through third-party suppliers while continuing to receive delivery of the energy from their existing public utilities. These third-party energy suppliers are known as energy service companies, or "ESCOs."

ESCOs like the Just Energy Entities play a middleman role: they purchase energy directly or indirectly from energy producers and then sell that energy to end-user consumers. However, ESCOs do not deliver energy to consumers. Rather, the companies that produce energy deliver it to consumers' utility companies, which in turn deliver it to the end-user. ESCOs merely buy gas and electricity and then sell that energy to end-users with a mark-up. Thus, ESCOs are essentially brokers and traders: they neither make nor deliver gas or electricity, but merely buy energy from a producer and re-sell it.

If a customer switches to an ESCO, the customer's existing utility continues to bill the customer for both the energy supply and delivery costs. The only difference to the customer is whether the customer's energy supply rate is set by the ESCO or the utility.

Numerous courts have held that consumers may recover against ESCOs like Just Energy who promise to base their rates on business and market conditions when plaintiffs show that the defendant ESCO's rate is higher than that of public utilities or where they show that rates do not otherwise change in a manner commensurate with market conditions. *See, e.g.*, *Burger v. Spark Energy Gas, LLC*, 507 F. Supp. 3d 982, 990 (N.D. Ill. 2020) ("Burger[] . . . alleg[es] that the Terms of Service provided that the variable rate 'may vary based on market conditions' and that [the ESCO] exercised its discretion contrary to consumers' reasonable expectations by setting a variable rate that did not fluctuate in connection with market conditions. Therefore . . . Burger can proceed on her contract claim concerning the variable rate based on a breach of the implied duty of good faith and fair dealing."); *Mirkin v. Viridian Energy, Inc.*, No. 15-1057, 2016 WL 3661106, at *8 (D. Conn. July 5, 2016) (holding that the plaintiffs plausibly alleged breach of contract where the contract provided that variable rates will be "based on wholesale market conditions" and variable rate failed to track wholesale market rates) (citing *Sanborn v. Viridian Energy, Inc.*, No. 14-1731, and *Steketee v. Viridian Energy, Inc.*, No. 15-585); *Melville v. Spark Energy, Inc.*, No. 15-8706 (RBK/JS), 2016 WL 6775635, at *3 (D.N.J. Nov. 15, 2016) ("Here, the [contract] states that the flex-rate plan uses a rate that 'may vary according to market conditions.' Plaintiffs argue that rates charged . . . were not market-based and, in support, list the rates charged by Spark in comparison to [the utility] during several months from 2013 to 2014. . . . [T]he Court finds that Plaintiffs have proffered sufficient evidence to state a claim for relief . . . Plaintiffs provided comparisons of rates offered by Spark to those of a competing energy provider. Such evidence supports the allegation that Spark's prices were untethered to those of the market at large."); *Oladapo v. Smart One Energy, LLC*, No. 14-7117, 2016 WL 344976, at

*4 (S.D.N.Y. Jan. 27, 2016) (holding that "the fact that Smart One's rates consistently rose over time, while those set by [the local utility] fluctuated, indicates that Smart One was not setting its rates in response to 'changing gas market conditions,' as it represented[.]"); *Landau v. Viridian Energy PA LLC*, 223 F. Supp. 3d 401, 408-09 (E.D. Pa. 2016) (holding that where a plaintiff introduces evidence demonstrating that "[an ESCO's] rates increased or stayed the same even when the average wholesale market price for the region decreased[,]" the plaintiff has sufficiently alleged a breach of contract claim); *Stanley v. Direct Energy Servs., LLC*, 466 F. Supp. 3d 415, 426 (S.D.N.Y. 2020) (holding that "there is a reasonable contract interpretation that 'Market' meant that Defendant's variable rate would be tethered to some degree to supply costs or to competitors' rates . . . upward variation from local utility rates may also demonstrate how Defendant's consumer rates are materially disconnected from their supply costs."); *Edwards v. N. Am. Power & Gas, LLC*, 120 F. Supp. 3d 132, 42-43 (D. Conn. 2015) (sustaining claim where contract promised "[t]he variable rate may increase or decrease to reflect the changes in the wholesale power market" and the plaintiff alleged that "the rates [the ESCO] charged were significantly higher than the wholesale market rate and did not always increase or decrease when the wholesale market rates did."); *Chen v. Hiko Energy, LLC*, No. 14-1771, 2014 WL 7389011, at *6 (S.D.N.Y. Dec. 29, 2014) (where contract provided that variable rate would be based on wholesale costs and other market-related conditions, plaintiffs plausibly alleged that the ESCO "breached . . . by charging them 'a rate that was not based on the factors upon which the parties agreed the rate would be based'" and noting the same disconnect between the ESCO's rates and utility rates alleged here).

In both pending class actions, the Representative Plaintiffs can prove that Just Energy's rates were substantially higher than utility rates and not commensurate with market conditions. *See* Compl. at 44-47, *Donin* Dkt. No. 17 (showing Just Energy's rate was typically between 30% and 50% higher than the utility rate); Compl. at 6-8, *Jordet* Dkt. No. 1 (showing Just Energy's rate was frequently more than double the utility rate and that its rate increased when wholesale costs declined).

B. Courts Regularly Certify Classes of Consumers Against ESCOs That Charge Rates Higher Than Allowed under the ESCOs' Customer Contracts

Four courts have addressed a contested motion to certify a class of customers of ESCOs like Just Energy who were overcharged under the terms of their written customer agreements, and each held that certification was appropriate. *See Bell v. Gateway Energy Services Corp.*, No. 31168/2018 (Rockland Cnty. Super. Ct. Jan. 8, 2021), NYSCEF Doc. No. 152; *BLT Steak LLC v. Liberty Power Corp, L.L.C.*, No. 151293/2013 (N.Y. Cnty., Super. Ct Aug. 14, 2020), NYSCEF Doc. No. 376 (a case in which the plaintiff was represented by FBFG, one of the law firms representing the Representative Plaintiffs); *Claridge v. N. Am. Power & Gas, LLC*, No. 15-1261, 2016 WL 7009062 (S.D.N.Y. Nov. 30, 2016) (a case in which the plaintiff was represented by FBFG); *Roberts v. Verde Energy, USA, Inc.*, No. X07HHDCV156060160S, 2017 WL 6601993 (Conn. Super. Ct. Dec. 6, 2017), *aff'd*, 2019 WL 1276501 (Conn. Super. Ct. Feb. 1, 2019).[4]

[4] Numerous other courts have followed suit in the settlement context. *See, e.g.*, *Edwards v. N. Am. Power & Gas, LLC*, 2018 WL 3715273, at *6–8 (D. Conn. Aug. 3, 2018) (granting final approval of settlement class, finding the requirements for class certification satisfied); *Silvis v. Ambit Energy L.P.*, 326 F.R.D. 419, 428–29 (E.D. Pa. 2018) (same); *Hamlen v. Gateway Energy Services Corp*., Case No. 16-3526, ECF

Footnote continued on next page.

Indeed, there are few cases better suited for class certification than the instant actions. The Representative Plaintiffs' claims, like those of each Class Member, arise out of uniform misrepresentations regarding the pricing methodology for Just Energy's variable rate made in its standard customer agreements. Additionally, not only are the misrepresentations concerning Just Energy's variable rate uniform, but the resultant injury to Class Members is also uniform because when Just Energy sets its variable rates each month, it uses standardized procedures within each utility region. Thus, the proposed Class is easily amenable to certification.

III. The Increasing Regulatory Denunciation of Just Energy's Pricing Practices Strongly Supports the Class Action Claims

Almost all of the states in the U.S. that deregulated their energy markets did so in the mid-to-late 1990s. This wave of deregulation was pushed by then-corporate superstar Enron. For example, in December 1996 when energy deregulation was being considered in Connecticut, Enron CEO Jeffrey Skilling, dubbed "[t]he most aggressive proponent" of deregulation, said:

> Every day we delay [deregulation], we're costing consumers a lot of money . . . . It can be done quickly. The key is to get the legislation done fast.[5]

Operating under this concocted sense of urgency, states in the U.S. that deregulated suffered serious consumer harm. For example, in 2001, forty-two states had started the deregulation process or were considering deregulation. Today the number of full or partially deregulated U.S. states has dwindled to only seventeen and the District of Columbia. Even within those states, several have recognized deregulation's potential harm to everyday consumers and thus only allow large-scale consumers to purchase from ESCOs.

Responding to shocking energy prices, many key players that supported deregulation now regret the role they played. For example, reflecting on Maryland's deregulation experience, a Maryland Senator commented that "[d]eregulation has failed. We are not going to give up on re-regulation till it is done."[6]

A Connecticut leader who participated in that state's foray into energy deregulation was similarly regretful:

> Probably six out of the 187 legislators understood it at the time, because it is so incredibly complex . . . . If somebody says, no, we didn't screw up, then I don't know what world we are living in. We did.[7]

As a result of the widespread improper pricing practices by ESCOs like Just Energy, more than a decade ago states like New York began enacting remedial legislation meant to "establish[] important consumer safeguards in the marketing and offering of contracts for energy services to residential and small business customers."[8] As the drafters of this legislation noted, New York's ESCO Consumers Bill of Rights, codified as G.B.L. Section 349-d, in 2010 sought to end the exact type of conduct that harmed the Just Energy Entities' U.S. customers:

> Over the past decade, New York has promoted a competitive retail model for the provision of electricity and natural gas. Consumers have been encouraged to switch service providers from traditional utilities to energy services companies. Unfortunately, consumer protection appears to have taken a back seat in this process.
>
> * * *
>
> High-pressure and misleading sales tactics, onerous contracts with unfathomable fine print, short-term "teaser" rates followed by skyrocketing variable prices—many of the problems recently seen with subprime mortgages are being repeated in energy competition.[9]

State regulators have for years also denounced predatory pricing practices like those challenged in the class actions. For example, in 2014 the New York's Public Service Commission (the "NYPSC") declared that New York's retail energy markets were plagued with "marketing behavior that creates and too often relies on customer confusion."[10] The NYPSC further noted "it is extremely difficult for mass market retail energy customers to access pricing information relevant to their decision to commence, continue or terminate service through an ESCO."[11] The NYPSC concluded as follows:

> [A]s currently structured, the retail energy commodity markets for residential and small nonresidential customers cannot be considered

> to be workably competitive. Although there are a large number of suppliers and buyers, and suppliers can readily enter and exit the market, the general absence of information on market conditions, particularly the price charged by competitors, is an impediment to effective competition . . . . [12]

The NYPSC's consumer complaint data confirms this. The number of deceptive marketing allegations against ESCOs far exceed the combined number of complaints submitted regarding all other utilities in New York, including the lightly regulated telecommunications industry.

Many NYPSC complaints concern variable rate pricing like that practiced by the Just Energy Entities. Under this pricing practice, during an initial teaser or fixed rate period, the customer's energy supply costs are more or less as advertised, but after the initial period expires, instead of switching the consumer back to the utility, the ESCO uses customer inaction to substantially increase the price without further notice or explanation as to how the new rate is determined.

The conduct of ESCOs like the Just Energy Entities has been devastating to consumers across the United States. For example, "[a]ccording to the data provided by [New York's] utilities, the approximately two million New York State residential utility customers who took commodity service from an ESCO collectively paid almost $1.2 billion more than they would have paid if they purchased commodity from their distribution utility during the 36-months ending December 31, 2016."[13] "Additionally, small commercial customers paid $136 million more than they would have paid if they instead simply remained with their default utilities for commodity supply for the same 36-month period."[14] Combining these two groups, New York consumers have been "'overcharged' by over $1.3 billion dollars over this time period."[15]

Based on the flood of consumer complaints, negative media reports, and data demonstrating massive overcharges, the NYPSC announced in December 2016 an evidentiary hearing to consider primarily whether ESCOs should be "completely prohibited from serving their current products" to New York residential consumers.[16] Then, on December 16, 2016, the NYPSC permanently prohibited ESCOs from serving low-income customers, because of "the persistent ESCO failure to address (or even apparently to acknowledge) the problem of overcharges to [low income] customers . . . ."[17]

Following the first part of the evidentiary hearing announced in December 2016, on March 30, 2018, NYPSC staff announced the following conclusions about ESCOs:

> [A]s the current retail access mass markets are structured, customers simply cannot make fully informed and fact-based choices on price . . . since the terms and pricing of the ESCO product offerings are not transparent to customers. For variable rate products this is due, in large part, to the fact that ESCOs often offer "teaser rates" to start, and after expiration of the teaser rate, the rate is changed to what is called a "market rate" that is not transparent to the customer, and the contract signed by the customer does not provide information on how that "market rate" is calculated.[18]
>
> * * *
>
> ESCOs take advantage of the mass market customers' lack of knowledge and understanding of, among other issues, the electric and gas commodity markets, commodity pricing, and contract terms (which often extend to three full pages), and in particular, the ESCOs' use of teaser rates and "market based rate" mechanisms that customers are charged after the teaser rate expires. In fact, ESCOs appear to be unwilling to provide the necessary product pricing details as to how those "market based rates" are derived to mass market customers in a manner that is transparent so as to enable an open and competitive marketplace where customers can participate fairly and with the necessary knowledge to make rational and fully informed decisions on whether it is in their best interest to take commodity service from their default utility, or from a particular ESCO among competing but equally opaque choices.[19]

In response to these criticisms, the ESCOs claimed that their marketing and overhead costs explain the overcharges, but NYPSC staff found that these costs do "not justify the significant overcharges."[20] Likewise, when the ESCOs claimed that their provision to consumers of so-called value-added products such as light bulbs and thermostats contributed to their excessive rates, NYPSC staff found that "these sorts of value-added products is at best de minimis and does not explain away the significantly higher commodity costs charged by so many ESCOs."[21]

Similarly, the NYPSC staff found that the "claim that at least a portion of the significant delta between ESCO and utility charges is explained by ESCOs offering renewable energy is disingenuous at best. ESCOs may be charging a premium for green energy, but they are not actually providing a significant amount of added renewable energy to customers in New York."[22]

Instead, NYPSC staff reached the following conclusion:

> The massive $1.3 billion in overcharges is the result of higher, and more often than not, significantly higher, commodity costs imposed by the ESCOs on unsuspecting residential and other mass market customers. These overcharges are simply due to (1) the lack of transparency and greed in the market, which prevents customers from making rational economic choices based on facts rather than the promises of the ESCO representative, and (2) obvious efforts by the ESCOs to prevent, or at least limit, the transparency of the market. These obvious efforts include the lack of a definition for "market rate" in their contracts, resulting in the fattening of ESCOs' retained earnings.[23]

Following these conclusions, in December 2019 the NYPSC **banned** the exact same variable rate pricing practices the Representative Plaintiffs challenge in the class actions. The NYPSC's press release announcing the ban on variable energy rates does not mince words, stressing that it was intended to "prevent[] bad actors among ESCOs from overcharging New York consumers" and that the regulations only went forward after "the state's highest court definitively halted ESCOs' attempts to use litigation to evade and/or delay consumer-protection regulation."[24] The regulations themselves likewise condemn ESCOs' conduct and declare that "avoiding accountability" has become a "business model" in the deregulated energy market:

> Based upon the number of customer complaints that continue to be made against ESCOs, and the likely need for increased enforcement activities, the large number of ESCO customers that pay significant premiums for products with little or no apparent added benefit, . . . it appears that a material level of misleading marketing practices continues to plague the retail access market.

> The persistence of complaints related to ESCO marketing practices is indicative of some ESCOs continuing to skirt rules and attempting to avoid accountability as part of their business model.[25]

The NYPSC's variable rate ban followed a two-year investigation of ESCO practices that culminated in a 10-day evidentiary hearing to examine evidence submitted by 19 parties and to hear the testimony and cross-examination of 22 witnesses and witness panels.[26]

The NYPSC prefaced the ban with the observation that variable energy rates—like those the Just Energy Entities charged the Representative Plaintiffs and the Class—are "[t]he most commonly offered ESCO product" and that this popular product is frequently provided at "a higher price than charged by the utilities."[27] The absurdity of consumers paying ESCOs more for the exact same energy offered by regulated utilities was not lost on the NYPSC:

> If market participants are unwilling, or unable, to provide material benefits to consumers beyond those provided by utilities in exchange for a regulated, just and reasonable rate, the market serves no proper purpose and should be ended.[28]

In fact, the NYPSC found it "troubling" that even after considering reams of evidence "neither ESCOs nor any other party have shown . . . that ESCO charges above utility rates were generally – or in any specific instances – justified."[29] This fact only highlighted the NYPSC's "long-held concern that many customers may only be taking ESCO service due to their misunderstanding of [ESCOs'] products and/or prices."[30]

Accordingly, and on this record, the NYPSC banned variable energy rates like those the Just Energy Entities charged to the Representative Plaintiffs and the Class.[31] In place of these floating variable rates, the NYPSC required ESCOs to guarantee that their variable rates would save customers money compared to what the utility would have charged.[32] Under the new regulations, if the ESCO charges the consumer more than the utility, the consumer is owed a

refund for the difference.[33] In the Representative Plaintiffs' class actions, the difference between what the Just Energy Entities charged consumers for the exact same energy that Class Members' utilities would have charged is more than US$2 billion. The NYPSC's regulations took effect in April 2021. Around the same time, the Just Energy Entities ceased offering service in New York and attempted to reframe the state's ban on the Just Energy Entities' core business practice as "regulatory constraints . . . requiring certain variable rate customers to be dropped to the utility."[34]

IV. Just Energy's Damning Public Dossier Further Supports the Class Actions

The Just Energy Entities have amassed a damning public dossier that includes at least **six** regulatory enforcement actions, reams of investigative journalism exposing Just Energy's deceptive practices, and countless negative customer reviews.

For example, on December 31, 2014, Just Energy agreed to settle claims brought by the Massachusetts Attorney General that are strikingly similar to those of the Representative Plaintiffs', making various concessions related to its deceptive energy sales and billing practices in Massachusetts.[35]

The Massachusetts Attorney General alleged that Just Energy made misleading, false, and unlawful representations and omissions concerning its energy, including that:

> Just Energy represented to consumers that purchasing residential gas and/or electricity from Just Energy will save customers money;
>
> Just Energy failed to disclose complete and accurate pricing information; and
>
> Just Energy failed to disclose to consumers that its rates following any introductory period may be higher than the rates charged by consumers' traditional utilities.[36]

In response to the Massachusetts Attorney General's allegations, Just Energy agreed to refund a total of US$4,000,000 to Massachusetts customers along with implementing several key changes to its marketing and sales practices, as follows:

> Just Energy must cease making representations, either directly or by implication, about savings that consumers may realize by switching to Just Energy, unless Just Energy contractually obligates itself to provide such savings to consumers.[37]
>
> Where Just Energy quotes introductory teaser rates in its marketing material or in any verbal representation, the rate quote must be accompanied by a statement informing consumers that the quoted rate is an introductory rate and state when the rate will expire.[38]

Just Energy was banned for three years from enrolling Massachusetts consumers into variable rate energy products unless it complied with the following requirements:

> Within 30 days of a customer enrolling in a variable energy rate product, Just Energy must provide the customer with written notice of the date on which the introductory rate will expire.
>
> Any new contracts for variable rate products shall either (i) include the calculation that will be used to set monthly rates under the contract such that the customer can calculate the cost of Just Energy's residential energy, or (ii) make the rates available 60 days in advance via phone and the internet.[39]

Additionally, for three years Just Energy was banned from charging Massachusetts consumers variable electricity rates in excess of 14.25¢ per kWh.[40, 41] The settlement further provided that:

> For current Just Energy variable rate customers, the company is required to clearly and conspicuously post its current variable rates and post subsequent variable rates with at least 45 days advance notice.[42] Just Energy is also required to mail notice to all existing Massachusetts variable rate customers alerting them to the fact that advance pricing information is now available via phone and on Just

> Just Energy must distribute a copy of the Assurance of Discontinuance to current and future (for three years) principals, officers, directors, and supervisory personnel responsible for the Massachusetts market.[45] Just Energy must also secure and maintain these individuals' signed acknowledgement of receipt of the Assurance of Discontinuance.

The Massachusetts Attorney General's sweeping action was far from the first time the Just Energy Entities had been targeted by regulators.

For example, in June 2003, the *Toronto Star* reported that Just Energy (then operating under the name Ontario Energy Savings Corp.) was fined for violating the Ontario Energy Board's code of conduct by fraudulently enrolling customers.[46]

In 2008, the Illinois Attorney General sued U.S. Energy Savings Corp. (whose name was changed to Just Energy in 2012), alleging violations of Illinois' consumer fraud laws. The May 2009 Press Release announcing a US$1 million settlement noted that the Illinois Attorney General had "received a nearly unprecedented number of calls from consumers who were deceived by false assurances that they would receive significant savings by switching to this alternative gas supplier."[47] According to the Attorney General's complaint, among other deceptive conduct "consumers were led to believe that they would automatically save money by enrolling in the U.S. Energy Savings program."[48]

During this same period, the Citizens Utility Board (the "CUB") and AARP filed a formal complaint with the Illinois Commerce Commission (the "ICC") alleging, *inter alia*, that Just Energy told customers they would "save money" by signing up, that consumers would not see
