AFFIDAVIT OF BRYN JONES
SWORN ON THE 7th DAY OF APRIL 2025

I, Bryn Jones, of the City of Edmonton, in the Province of Alberta, SWEAR AND SAY THAT:

1. I am the Chief Financial Officer of KMC Mining Corporation ("**KMC**" or the "**Applicant**"), and as such, have personal knowledge of the matters hereinafter deposed to save where:
 - a) stated to be based upon information and belief and where so stated I do believe the information to be true; or
 - b) I have informed myself from books or records maintained by KMC, and where I have done so, these books or records were part of KMC's ordinary books or records and any entries in these books or records were made in the usual and ordinary course of KMC's business.
2. I am authorized to make this Affidavit on behalf of KMC.

3. Unless otherwise stated, all monetary references in this Affidavit are references to Canadian dollars.

A. Relief Sought and Introduction

4. I swear this Affidavit in support of an application by KMC for:
- a) a Sale Approval and Vesting Order ("**SAVO**") approving a sale of substantially all of the assets of the Applicant (as more specifically described within the Transaction) to 2122256 Alberta Ltd. o/a Heavy Metal Equipment & Rentals (the "**Purchaser**") (and the sale herein referred to as the "**Transaction**") arising out of the Sales and Investment Solicitation Process ("**SISP**") previously approved by the Court with the SAVO specifically including:
 - i. assignment of certain contracts to which the Applicant is a party to with Syncrude Canada Ltd., Suncor Energy Inc. ("**Suncor**") and the Government of Alberta - Forestry and Parks ("**Assumed Contracts**"); and
 - ii. authorizing the sale of assets which the Applicant leased from certain equipment lessors;
 - b) an Order modifying the key employee retention plan ("**KERP**") to provide for certain adjustments as to whom would be entitled to certain payments in respect of the KERP without modification to the total amounts payable thereunder;
 - c) an Order affirming the continued applicability of the *Wage Earner Protection Program Act* (Canada) SC 2005, c. 47 ("**WEPPA**") to KMC;
 - d) an Order authorizing an interim distribution of up to 50% net sale proceeds to secured creditors and equipment lessors ("**Interim Distribution**"); and
 - e) such further relief as set forth in the Application.
5. This Affidavit should be read in conjunction with my affidavits sworn previously in these proceedings on December 31, 2024 ("**Jones Affidavit #1**") and January 14, 2025 ("**Jones Affidavit #2**").
6. Unless otherwise defined herein, capitalized terms used in this Affidavit shall have the meanings ascribed to them in Jones Affidavit #1.

B. Background

7. On January 10, 2025, Justice Lema granted KMC's requested relief, in all respects, to have its Notice of Intention of Proceedings under the provisions of the *Bankruptcy and Insolvency*

Act, RSC 1985, c B-3 ("**BIA**") taken up and continued under the provisions of the *Companies Creditors Arrangement Act*, RSC 1985, c-36 as amended ("**CCAA**") (the "**Initial Order**").

8. Concurrently with the granting of the Initial Order, Justice Lema granted an Order approving the SISP ("**Order – Approve SISP**").
9. On January 20, 2025, Justice Neilson granted KMC's application for an Amended and Restated Initial Order ("**ARIO**"), which included a provision approving the KERP and a charge against the assets of KMC to secure the payments pursuant to it.
10. The ARIO also extended the stay of proceedings until and including June 16, 2025.
11. Concurrent with the granting of the ARIO, Justice Neilson granted KMC's requested relief for a Lease Equipment Sales and Return Process ("**Lease Equipment Return Order**").

C. Activities of KMC during the Proceedings

12. KMC has continued to operate its business as has been set forth in my previous Affidavits.
13. The primary operations consist of an ongoing bare rental agreement with Suncor Energy Inc. ("**Suncor**") pursuant to a Letter of Intent/ Purchase Order issued under KMC's existing multiple use agreement ("**MUA**") with Suncor (the "**Truck Rental Agreement**").
14. Since the Initial Order, the Truck Rental Agreement was expanded to include the bare rental of five or more additional Komatsu 930-4E's until the end of March 2025. That additional rental arrangement has concluded. However, the revenue was of great assistance to KMC during these proceedings.
15. In addition to the Truck Rental Agreement, KMC has in place a purchase order with Hudbay Minerals at its copper mountain mine in British Columbia to supply equipment operators to the site. That purchase order commenced at or around the date of the Initial Order and is for a term which expires on May 31, 2025 however there is work remaining which could result in an extension of the work into June.
16. The cash flow from this work has eliminated the need for KMC to draw down further on its interim lending facility originally approved during the NOI proceedings and affirmed in the Initial Order and in the ARIO. The amount drawn under the interim lending facility was \$3,000,000.

The interim lending facility by its terms matures and expires on April 9, 2025. The principal amount plus accrued interest and the balance of the Interim Lender's fee, in the amount of \$150,000, were paid in full from cash on hand on April 4, 2025.

D. Lease Returns and Use Payments

17. Under the terms and conditions of the Lease Equipment Return Order, KMC has taken steps to return assets which were secured to:
 - a) Mitsubishi HC Capital Canada Leasing Inc.;
 - b) Daimler Truck Financial;
 - c) Jim Pattison Industries Ltd. ("**JPI**"); and
 - d) Deutsche Leasing Canada Corp. ("**Deutsche**").
18. Pursuant to the Lease Equipment Return Order, the Monitor has provided each of the affected lessors with information respecting the costs payable by them in relation to their collateral, as a contribution towards the cost of these CCAA proceedings. The lessors have either paid those costs or are in the process of making arrangements to pay, prior to release of their equipment.
19. KMC is also in the process of initiating returns of certain equipment to Meridian OneCap Credit Corp. and The Driving Force Inc. pursuant to the same Lease Equipment Return Order.
20. Except for payments to Komatsu International (Canada) Inc. ("**Komatsu**"), KMC has continued to make payments on leases for equipment which it continued to utilize during the SISP.
21. The payments to Komatsu were set out in KMC's cash flows and were forecast at \$668,000 per month, approximately \$3.88 Million over the forecast period. At the request of the Syndicate, and in consultation with the Monitor and Komatsu, it was determined that payments of that magnitude would cease during the SISP so payments were not made to Komatsu.

E. Disclaimer of Shop Lease

22. KMC leased a shop in Edmonton located at 5809 – 98 Street Edmonton, Alberta ("**Shop Lease**").
23. The shop was no longer needed for KMC's ongoing business operations and was not included as part of the assets to be addressed in the SISP.

24. As a result, on March 24, 2025, KMC sent a Notice to Disclaim or Resiliate to the landlord a copy of which is attached and marked as **Exhibit "A"**.
25. The Notice to Disclaim was delivered on March 24, 2025 and the landlord's in-house legal counsel confirmed receipt on March 25, 2025.
26. To date, no application has been filed to challenge the Disclaimer of the Shop Lease and if no application is filed that will become effective as of April 23, 2025.

F. Employees

27. As of April 4th, 2025, the Company employed 92 full-time employees or subcontractors, of which 14 are located at its head office in Edmonton, Alberta, 40 on a labour supply project in British Columbia, and 38 field employees working in Fort McMurray or a field office location maintained there.

G. Sales Process

28. Pursuant to the SISP as approved by the Court on January 10, 2025, the marketing period was launched by the sales agent, Ernst & Young Orenda Corporate Finance Inc and Ernst & Young Corporate Finance (Canada) Inc. (the "**Sales Agent**").
29. A teaser and draft non-disclosure agreements ("**NDAs**") were sent to 2,391 individuals and 923 companies originally. Approximately 550 bounce backs were received to emails.
30. In addition, all individuals, companies or brokers which KMC had previously been in contact with respecting potential asset sales were contacted.
31. A press release was issued on January 15, 2025, a copy of which is attached and marked as **Exhibit "B"**, and the information was posted to both the website of KMC and the Monitor's website.
32. A virtual data room was opened on January 17, 2025 ("**VDR**"). Every party who executed an NDA was given access to the VDR.
33. The SISP was phased:
 - a) Phase I was to seek interest and to determine if bidders were qualified; and

- b) once a bidder became a Phase I Qualified Bidder, they were then able to proceed to Phase II in the process.
34. Phase I of the SISP was completed on February 28, 2025, at 12:00 p.m. Mountain Time. By that time, broad market coverage had been effected. 2,600 individuals and a total of 1,088 companies had received the information, 58 NDAs were executed and all parties executing NDAs were given access to the VDR.
35. The two-phase process enabled KMC to maintain competitive tension.
36. In addition, the Order – Approve SISP allowed pre-emptive transactions to be completed if circumstances warranted it.
37. A total of 16 proposals were received in Phase I including *en bloc* and individual asset purchase proposals.
38. Bidders who were qualified as Phase I Bidders were then given an opportunity to conduct physical due diligence on the KMC assets and several visited the Suncor mining site at which the majority of the assets were located.
39. The Phase II bid deadline was March 28, 2025, at 12:00 p.m. Mountain Time. A total of nine proposals were received and are summarized as follows:
- a) one (1) unconditional Phase II proposal for substantially all of the assets;
 - b) one (1) unconditional proposal for the acquisition of the Syncrude shop;
 - c) three (3) conditional proposals for individual or smaller blocks of assets; and
 - d) four (4) liquidation or auction proposals.
40. The only party providing a deposit in accordance with the requirements of the SISP was the Purchaser, who made the *en bloc* offer for substantially all of the assets and executed an Asset Purchase Agreement (“**APA**”) in respect of same. Attached and marked as **Exhibit “C”** is a copy of the APA with redactions to the purchase price and the allocation of that purchase price as set forth in schedules. An unredacted version of the APA is exhibited to the Confidential Supplementary Affidavit sworn concurrently with this Affidavit.
41. An analysis of the proposals has been undertaken by the Sales Agent in conjunction with the Monitor and has been reviewed with the Syndicate, KMC’s primary secured creditor. An

analysis was also provided to and reviewed with Komatsu and discussions were held by the Sales Agent with each of Caterpillar Financial Services Limited ("**CAT**") and John Deere Canada ULC ("**John Deere**").

42. While the purchase price of the assets is insufficient to retire the indebtedness to the Syndicate or repay in full the amounts owing to equipment lessors, KMC has determined that the Purchaser's offer represents the greatest return for stakeholders at the present time. Continuing to operate the business on the revenue being generated at this time is not in the longer-term interests of the enterprise nor will it generate sufficient income to make material payments to retire the debt if further sales efforts were undertaken.
43. The assets and the process have been marketed on a world-wide basis with interest expressed, and due diligence undertaken, by parties from as far away as Australia.

H. Transaction Particulars and Requirements

i. Sale of Leased Assets

44. The APA contemplates a sale of owned assets of KMC which are secured to the Syndicate.
45. The APA also contemplates the sale of leased assets subject to leases of several equipment lessors. Those lessors are as follows:
 - a) CAT;
 - b) Komatsu;
 - c) John Deere;
 - d) Deutsche;
 - e) PNC Vendor Finance Corporation Canada;
 - f) Dynamic Capital Equipment Finance Inc; and
 - g) Brandt Tractor Ltd ("**Brandt**").
46. Of these leases, KMC's legal counsel has opined that only John Deere are what I am informed of and do verily believe are capital or true leases. KMC's legal counsel is also of the opinion that JPI has capital or true leases, though no JPI financed assets are expected to be included as part of the Transaction.

47. KMC understands that Komatsu, CAT and John Deere will allow its assets to be sold to the Purchaser as part of this Transaction, while Deutsche and Brandt only have one asset currently included in the Transaction.
48. The remaining lessors have been notified of the intended sale and the gross proceeds allocated to the assets as part of the sale to the Purchaser.
49. If any assets are removed from the Transaction, then there is a corresponding reduction in the purchase price. However, as per the Lease Equipment Return Order, each lessor will be required to pay a pro rata portion of proceeding costs prior to release, will be responsible for demobilization from site and will be required to account to KMC and the Monitor.

ii. Assignment of Contracts

50. As part of the Transaction, there are four contracts (the Assumed Contracts) that are to be assigned to the Purchaser:
 - a) the Syncrude Canada Ltd. ("**Syncrude**") shop lease on the Syncrude site;
 - b) the Truck Rental Agreement with Suncor which is effectively a purchase order under KMC's existing MUA with Suncor; and
 - c) a lease of land with the Government of Alberta - Forestry and Parks.
51. In respect of each of these agreements:
 - a) there are no monetary defaults;
 - b) the Purchaser has informed KMC, and KMC does believe, that it has an existing MUA with Suncor and is therefore an approved supplier to Suncor;
 - c) in the circumstances, the agreements in question are part of the purchase price and are integral to the Transaction and must be assigned to the Purchaser as part of the Transaction;
 - d) to the extent that any assets are not so transferred in accordance with the terms of the SAVO which KMC seeks, the purchase price is reduced by the value attributed to each respective agreement; and
 - e) copies of each of the foregoing agreements will be attached as exhibits to a Confidential Supplementary Affidavit which will be sworn and submitted concurrently.

52. There are a number of drivers which have impacted interest in and value of the assets offered for sale through the SISP. Those include the imposition and threat of further tariffs by the United States Government, Suncor's contracting strategy, cost implications of selling now versus holding the assets for longer term, and as noted in the preamble to the APA, the cost of demobilizing the assets from the Suncor site which, given the nature of the assets and their location, is an expensive process.
53. While the recovery is not sufficient to retire all KMC's obligations, after a thorough canvas of a worldwide market, the Transaction represents the best value for the KMC assets in the circumstances at the present time.
54. KMC therefore requests the Court approve the Transaction and the APA as presented.

I. Employees

55. If the Transaction is approved and the sale closes, there will be a significant reduction in KMC staffing.
56. As outlined in my earlier affidavits, unionized employee lay-offs are addressed through the Collective Agreement.
57. For non-unionized employees, KMC has in place for certain non-unionized employees a variable compensation or bonus plan which forms part of their remuneration under the terms and conditions of their employment.
58. Any financial obligations to laid off non-unionized employees are expected to be administered through WEPPA.

J. Adjustments to the KERP

59. The complete KERP is subject to a Sealing Order of the Court and will be provided to the Court for consideration of this adjustment.
60. Two of the employees that would be entitled to phase one or phase two payments under the KERP have ceased to be employed by KMC of their own accord.

61. The total amount that would otherwise be payable to those employees is \$30,000.
62. Daniel Klemke, the President and CEO of KMC is a beneficiary of the KERP but would not be receiving any payment unless and until a Plan of Arrangement is made to creditors.
63. Mr. Klemke has played an integral role in the SISP. In the circumstances of this matter, while KMC has not ruled out anything on a go forward basis, and therefore has not ruled out the prospect of a Plan of Arrangement, the prospect for a Plan of Arrangement being made are remote.
64. KMC is therefore proposing that funds which might otherwise be directed to be paid to the two individuals who have now departed be paid to Mr. Klemke at the same times and on the same basis as those for the departed employees. Doing so will not impact the overall KERP.

K. Interim Distribution to Creditors

65. If the Transaction is approved, the SAVO granted and the Transaction closes, there will be net proceeds held in an amount in excess of \$100 Million. I am informed by legal counsel for KMC, and do verily believe, that the Monitor and its counsel are in the process of finalizing their review of the security held by the Syndicate and the various lessors whose assets are being sold as part of the Transaction with the intention of having that review completed before the date scheduled for the hearing of this application.
66. In the circumstances, KMC does not see a need to retain the full amount of the net sale proceeds pending a determination of cost allocations for these proceedings amongst the various assets and creditors. Accordingly, KMC is proposing an interim distribution of up to 50% of the net sale proceed to those creditors whose collateral is sold as part of the Transaction as may be recommended by the Monitor.

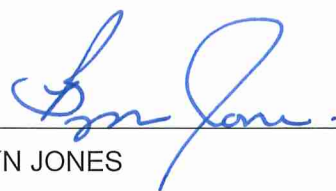

L. Conclusion

67. KMC continues to, as it has throughout these entire proceedings, act in good faith and with due diligence, and to seek to maximize value for all stakeholders. The relief sought by KMC is in furtherance of those goals and appropriate in the present circumstances.
