

EXHIBIT D-5

Date: 19 March 2012

To: Steve Hankirk
VP Canadian North Airlines

Steve,

This will confirm our discussion that in light of the uncertainties resulting from the insolvency of Aveos and the recent filing by Aveos for creditor protection in Canada under the provisions of the Companies Creditors Arrangement Act and the desire of Aveos to assist Canadian North with securing alternative fleet maintenance services and in the interim, ensuring the ongoing integrity of their flight operations, Canadian North has the express permission of Aveos to continue to utilize Aveos owned or supplied vehicles, parts, tools and other equipment located at the Canadian North facilities in Edmonton, Calgary and Ottawa.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dale Hyrve', written over a horizontal line.
