Particulars and Basis of Claim(s)

Claim for OPEBs (Post-employment benefits). Mr. Button has been employed in Scully since 1976. He was injured at work as a production truck driver in 1988. He has been on Workers compensation since that day, as he was permanently unable to work. Under the insurance agreement, Mr. Button was entitled to maintain insurance coverage and employment relationship with Wabush Mines with he continued to receive Workers compensation. Mr. Button had to retire at the age of 65, as per the terms of the Workplace, Health, Safety and Compensation Act. At the date of retirement, his insurance coverage was to be automatically converted to post-employment Life and Health insurance, just like all other OPEBs beneficiaries. Therefore, his claim should be treated as all the other OPEBs claims were. Claim amount was calculated by Segal using the same methodology.
