## MEMORANDUM

Reference: 11573/371

Date: February 18, 2015

To: File

Re: **Mining Searches – Bloom Lake General Partner Limited**

We have conducted the searches hereinafter described in respect of the mining titles listed under the heading “Mining Titles” in Appendix “A” hereto, which comprises 114 active map designated claims (the “**Claims**”) and 1 mining lease BM 877 (the “**Mining Lease BM 877**” or “**Mining Lease**”, and, together with the Claims, the “**Mining Titles**”).

For the purposes hereof, we have conducted the searches hereinafter described in respect of the Mining Titles. In conducting our searches, we have assumed the accuracy of the mining title identification numbers of the Mining Titles. We have not conducted any investigations as to the accuracy of the mining titles identification numbers of the Mining Titles, nor conducted any searches other than those identified in this opinion.

### I. **Public register of real and immovable mining rights**

We have reviewed the computerized printouts (fiches) of mining titles obtained electronically on February 16, 2015 at 7:42 p.m. (the “**PRRIMR Effective Date**”) from the on-line public register of real and immovable mining rights granted under the Mining Act (as defined below) (the “**PRRIMR**”) (via the Gestim Plus title management system) in respect of the Mining Titles (the “**PRRIMR Records**”). The PRRIMR is maintained by the Ministère de l'Énergie et des Ressources naturelles (Québec) (the Quebec Ministry of Energy and Natural Resources) (“**MERN**”) pursuant to the *Mining Act* (Quebec) (R.S.Q. c M-13.1) (the “**Mining Act**”) to record the mining titles issued pursuant to the Mining Act. For greater certainty, we have not reviewed any maps or NTS sheets or any other information available in the GESTIM Plus in respect of the Mining Titles other than the PRRIMR Records and the deeds, agreements and instruments specifically referred to under the heading “Transfers” and “Instruments or Other Related Documents” in such PRRIMR Records.

#### A. **Mining Lease BM 877**

The PRRIMR Records for the Mining Lease BM 877 reveal, in particular, the following, as of the PRRIMR Effective Date:

1. **Bloom Lake General Partner Limited (titleholder No. 84111)** is shown in the PRRIMR as the registered holder of 100% interest in the Mining Lease BM 877.

The Mining Lease BM 877 was granted by le *Ministre des Ressources Naturelles et de la Faune* (now known as le *Ministre de l'Énergie et des Ressources Naturelles*) of the Province of Québec, as lessor, in favour of Consolidated Thompson Iron Mines Limited, as lessee, on April 14, 2009, for a period of 20 years beginning on April 14, 2009 and ending on **April 13, 2029**. The land leased by *Ministre des Ressources Naturelles et de la Faune* to Consolidated Thompson Iron Mines Limited pursuant to the Mining Lease consists of Lots 2 to 8 of the cadastre of the township of Normanville and lot 9 of the cadastre of the township of Lislois, as well as 15 lakes and watercourses in the townships of Normanville and Lislois, Registration Division of Saguenay, as more fully described in the Mining Lease.

Pursuant to a mining rights transfer executed on July 20, 2009 by Consolidated Thompson Iron Mines Limited, as grantor, and by Bloom Lake General Partner Limited, in its capacity as general partner of the Bloom Lake Iron Ore Limited Partnership, as buyer, and registered at the PRRIMR on July 30, 2009 under number 53137, Consolidated Thompson Iron Mines Limited transferred to Bloom Lake General Partner Limited, in its capacity as general partner of the Bloom Lake Iron Ore Limited Partnership, 100% of its rights in, inter alia, the Mining Lease BM 877.

2. There are no hypothecs or other security documents registered in the PRRIMR against the Mining Lease BM 877 that remain undischarged, other than the following:

- a. A Prior Notice of Exercise of a Hypothecary Recourse registered on February 2, 2011, under number 53 787 pursuant to a Notice of Legal Hypothec registered on July 12, 2010 under number 53 504, by Constructions E.D.B. Inc. against, *inter alios*, Bloom Lake General Partner Limited, in its quality of general partner of The Bloom Lake Iron Ore Mine Limited Partnership and affecting the Mining Lease BM 877 for a claim of \$7,133,030.47.

**Note:** The Notice of Legal Hypothec in favor of persons having taken part in the construction or renovation of an immovable, registered on July 12, 2012 under number 53 504, was discharged by Mainlevée registered on January 24, 2013 under number 54 966.

- b. A Notice of Legal Hypothec in favor of persons having taken part in the construction or renovation of an immovable, registered on August 6, 2013 under number 55 250, given by Beumer Corporation to The Bloom Lake Iron Ore Mine Limited Partnership, and affecting *inter alia*, all the constructions, structures, improvements, additions and immovable appurtenances on Lots 2 to 8 of the cadastre of the township of Normanville and lot 9 of the cadastre of the township of Lislois, registration division of Saguenay (the "**Constructions**") and the Mining Lease BM 877 for a claim in the amount of \$7,362,438.71. A Prior Notice of Exercise of Hypothecary Recourse

concerning what appears to be the same legal hypothec but registered at the RRRSRD (See Section II. 2. A. 1. below) has also been registered on December 3, 2013 under number 55 389.

**Note:** The Prior Notice of Exercise of Hypothecary Recourse registered on December 3, 2013 does not mention the Legal Hypothec in favor of persons having taken part in the construction or renovation of an immovable, registered on August 6, 2013 under number 55 250, but refers to a legal hypothec by the same beneficiary and for the same debt, but registered in respect of the Constructions and the Mining Lease BM 877 at RRRSRD under number 20 134 490 (See Section II. 2. A. 1. below).

- c. A Notice of a Legal Hypothec in favor of persons having taken part in the construction or renovation of an immovable, registered on December 8, 2014 under number 55 771, given by GROUPE UNNU-EBC S.E.N.C. to Ministère de l'Énergie et des Ressources Naturelles, The Bloom Lake Iron Ore Mine Limited Partnership and to Bloom Lake General Partner Limited, as general partner of The Bloom Lake Iron Ore Mine Limited Partnership, and affecting *inter alia*, the Constructions and the Mining Lease BM 877 for a claim in the amount of \$33,651,366.39. A Notice of a address of GROUPE UNNU-EBC S.E.N.C. in relation to the foregoing Notice of Legal Hypothec was also registered on December 8, 2014 under number 55 772.

3. The Mining Lease BM 877 has active status.

## **B. The Claims**

The PRRIMR Records for the Claims reveal, in particular, as of the PRRIMR Effective Date, the following:

1. **Bloom Lake General Partner Limited (titleholder No. 84111)** is shown in the PRRIMR as the registered holder of 100% interest in the Claims.

Pursuant to a mining rights transfer executed on July 20, 2009 by Consolidated Thompson Iron Mines Limited, as grantor, and by Bloom Lake General Partner Limited, in its capacity as general partner of the Bloom Lake Iron Ore Limited Partnership, as buyer, and registered at the PRRIMR on July 30, 2009 under number 53137, Consolidated Thompson Iron Mines Limited transferred to Bloom Lake General Partner Limited, in its capacity as general partner of the Bloom Lake Iron Ore Limited Partnership, 100% of its rights in, *inter alia*, the Mining Lease BM 877. We noted that there is a clerical error in the name of the limited partnership as indicated on the foregoing mining rights transfer (the word "Mine" is missing in the name of the limited partnership).

2. All Claims have an active status.

3. There are no hypothecs or other security documents registered in the PRRIMR against the Claims that remain undischarged or not terminated.
4. The expiry date of each Claim is set out in the column "Expiry Date" in Appendix "A". The earliest expiry date is **January 9, 2017**. The term of the Claims may be renewed, prior to the expiry thereof, for periods of two years, subject to compliance with the provisions set forth in the Mining Act. Each Claim will automatically expire on the expiry dates of such Claim set forth in Appendix "A", unless renewed prior to the expiry thereof in accordance with the Mining Act.

In addition to the information summarised above, the PRRIMR Records contain information such as, but not limited to, the location of the claims, the surface area of the claims, the amount of work required for the renewal of the term of the claims and other information. For the purposes of this search report, we have not reviewed such information, but would be pleased to provide it upon request.

Please note that the recording of deeds in the PRRIMR is not necessarily up to date. Moreover, the GESTIM Plus title management system website does not indicate the date to which the recording of deeds thereon is current. According to information received recently from MERN, the current approximate processing time for registration in the PRRIMR of transfers, security and other instruments relating to mining titles is 21 days. Please also note that the PRRIMR does not disclose rights that have been received by MERN for registration in the PRRIMR but have not been processed yet.

## II. Land Register

The Register of Real Rights of State Resource Development is a sub-division of the Land Register. Please note that before December 10, 2013, pursuant to the *Mining Act* (Quebec), mining claims were exempt from registration in the Land Register, although claims could be registered at such register. Effective December 10, 2013 the foregoing exemption was abolished.

### 1. Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay

We have examined on February 16, 2015 the Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay for land files listed under the names "BLOOM LAKE GENERAL PARTNER LIMITED/COMMANDITE BLOOM LAKE LIMITÉE" and "BLOOM LAKE GENERAL PARTNER LIMITED". Such search revealed the existence of the land file 97-A-821 opened in respect of the Mining Lease BM-877 (such land file, the "**BM-877 Land File**") and the files opened in respect of the Claims as set out in Appendix "B", namely 79 land files opened in respect of 79 out of 114 Claims (such land files, the "**Claims Land Files**").

### 2. Register of Real Rights of State Resource Development for the Registration Division of Saguenay

#### A. Mining Lease BM 877

We have examined the online BM-877 Land File and the Claims Land Files at the Register of Real Rights of State Resource Development for the Registration Division of Saguenay (the “RRRSRD”), current as to rights as at February 16, 2015 at 11:33 a.m. (the “**BM-877 RRRSRD Effective Date**”), and current as to discharges as at February 4, 2015 at 4:00 p.m., for the period from April 28, 2009, being the date of the registration of the opening of the BM-877 Land File, to the BM-877 RRRSRD Effective Date. #### IV. General

This search memorandum does not constitute a title opinion in regard to the Mining Titles listed in Appendix "A". No opinion whatsoever is expressed in respect of the hypothecs, transfer documents or any other agreements summarized in this search memorandum.

Please also note that our searches do not disclose:

1. any statutory, legal or conventional hypothecs or other liens to which the Mining Titles may be subject and which are not registered in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof or which are exempt from registration in such registers; in this regard, please be advised that further to the adoption of the *Act to Amend the Mining Act* (S.Q. 2013, c.32) (the "**Mining Act Amendment**") and the changes brought therewith to Article 13 of the Mining Act in force prior to the Mining Act Amendment, effective December 10, 2013 the registrar of the PRRIMR does not accept for registration at said PRRIMR deeds of hypothec or any other "Instruments or Other Related Documents" in respect of mining claims any longer.
2. any personal unregistered rights such as royalties;
3. the rights granted under the Mining Act to third parties which do not require publication or registration in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof;

4. the surface rights to the parcels of land subject to the Mining Titles. Under Quebec law, land surface rights are distinct property from the mining rights (i.e. the rights to mineral substances beneath the soil) and complex land title searches must be conducted to determine the holder of the rights to the parcels that are the subject of mining rights;
5. the existence of any rights of third parties to bring forth a motion for recognition of ownership based on prescription nor on the existence of any claim which may be brought by third parties for invalidity of the Mining Titles based on no-existent or incorrect staking;
6. any litigation that may exist in respect of the Mining Titles;
7. the aboriginal title or rights that may exist or claimed in respect of the Mining Titles or the parcels of land subject to the Mining Titles.

The information for our searches was obtained through public office records and the searches were conducted by registry employees and /or by using computer systems and we do not warrant the accuracy of the data generated by the computer systems or received from registry employees. MERN is unable to guarantee the complete accuracy or precision of data made available in the on-line PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted, or the access to all data contained in such registers. MERN disclaims any responsibility for any loss or prejudice that may result from decisions made, interpretation of the data, or any action or failure to act as a result of using the online PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted.

If you would like to discuss the results summarised in this report or if you require further searches, please do not hesitate to contact us.

## MEMORANDUM

Reference: 11573/371

Date: February 18, 2015

To: File

Re: **Mining Searches – Cliffs Québec Mine de Fer Limitée**

We have conducted the searches hereinafter described in respect of the mining titles listed under the heading “Mining Titles” in Appendix “A” hereto, which comprises 466 active map designated claims (the “**Claims**”).

For the purposes hereof, we have conducted the searches hereinafter described in respect of the Claims. In conducting our searches, we have assumed the accuracy of the mining title identification numbers of the Claims. We have not conducted any investigations as to the accuracy of the mining titles identification numbers of the Claims, nor conducted any searches other than those identified in this opinion.

### **I. Public register of real and immovable mining rights**

We have reviewed the computerized printouts (fiches) of mining titles obtained electronically on February 16, 2015 at 5:29 p.m. (the “**PRRIMR Effective Date**”) from the on-line public register of real and immovable mining rights granted under the Mining Act (as defined below) (the “**PRRIMR**”) (via the Gestim Plus title management system) in respect of the Claims (the “**PRRIMR Records**”). The PRRIMR is maintained by the Ministère de l’Énergie et des Ressources naturelles (Québec) (the Quebec Ministry of Energy and Natural Resources) (“**MERN**”) pursuant to the *Mining Act* (Quebec) (R.S.Q. c M-13.1) (the “**Mining Act**”) to record the mining titles issued pursuant to the Mining Act. For greater certainty, we have not reviewed any maps or NTS sheets or any other information available in the GESTIM Plus in respect of the Claims other than the PRRIMR Records and the deeds, agreements and instruments specifically referred to under the heading “Transfers” and “Instruments or Other Related Documents” in such PRRIMR Records.

The PRRIMR Records reveal, in particular, the following, as of the PRRIMR Effective Date:

1. **Cliffs Québec Mine de Fer Limitée (titleholder No. 88332)** is shown in the PRRIMR as registered holder of 1% interest in 272 of the Claims defined as “**QMC/CQIM Claims**” in Appendix “A” hereof. **Quinto Mining Corporation (titleholder No. 95800)** is shown in the PRRIMR as the holder of the remaining 99% interest in the QMC/CQIM Claims.

2. **Cliffs Québec Mine de Fer Limitée (titleholder No. 88332)** is shown as registered holder of 100% interest in 194 Claims defined as “CQIM Claims” in Appendix “A” hereof.
3. All Claims have active status.
4. The expiry date of each Claim is set out in the column “Expiry Date” in Appendix “A”, and the earliest expiry date is **March 26, 2015**. The term of the Claims may be renewed, prior to the expiry thereof, for periods of two years, subject to compliance with the provisions set forth in the Mining Act. Each Claim will automatically expire on the expiry date of such Claim set forth in Appendix “A”, unless renewed prior to the expiry thereof in accordance with the Mining Act.
5. No “Instruments or Other Documents” (for example, hypothecs or other security documents, discharges, royalty and other commercial agreements) are registered in the PRRIMR in respect of the Claims that remain undischarged or not terminated.

In addition to the information summarised above, the PRRIMR Records contain information such as, but not limited to, the location of the claims, the surface area of the claims, the amount of work required for the renewal of the term of the claims and other information. For the purposes of this search report, we have not reviewed such information, but would be pleased to provide it upon request.

Please note that the recording of deeds in the PRRIMR is not necessarily up to date. Moreover, the GESTIM Plus title management system website does not indicate the date to which the recording of deeds thereon is current. According to information received recently from MERN, the current approximate processing time for registration in the PRRIMR of transfers, security and other instruments relating to mining titles is 21 days. Please also note that the PRRIMR does not disclose rights that have been received by MERN for registration in the PRRIMR but have not been processed yet.

## II. Land Register

The Register of Real Rights of State Resource Development is a sub-division of the Land Register. Please note that before December 10, 2013, pursuant to the *Mining Act* (Quebec), mining claims were exempt from registration in the Land Register, although claims could be registered at such register. Effective December 10, 2013 the foregoing exemption was abolished.

### 1. Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay

We have examined on February 16, 2015 the Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay for land files listed under the names “CONSOLIDATED THOMPSON IRON MINES LIMITED” and “QUINTO MINING CORPORATION/LA CORPORATION QUINTO MINING”. Such search revealed the existence of the land files opened in respect of the Claims as set out in Appendix “B”, namely 194 land files opened in respect of the CQIM Claims (such land files, the “**CQIM Claims Land Files**”) and 272 land files opened in respect of

the QMC/CQIM Claims (such land files, the “**QMC/CQIM Land Files**”, and collectively with the CQIM Claims Land Files, the “**Land Files**”).

2. **Register of Real Rights of State Resource Development for the Registration Division of Saguenay**

We have examined the online Land Files at the Register of Real Rights of State Resource Development for the Registration Division of Saguenay (the “**RRRSRD**”), current as to rights as at February 16, 2015, at 11:33 a.m. (the “**RRRSRD Effective Date**”), and current as to discharges as at February 4, 2015, at 4:00 p.m., for the period from January 26, 2010, being the date of the registration of the opening of the Land Files, to the RRRSRD Effective Date. Such searches revealed that, as of the RRRSRD Effective Date:

1. There are no hypothecs or other charges registered against such Land Files that remain undischarged or not terminated.

**Note:** A renewal of a mining lease for surface mineral substances no. 155 (BEX 155) issued by MERN to Carrières Polycor Inc. on May 3, 2013 was registered against Land File 97-A-872 on August 26, 2013 under number 20 212 557 and on July 09, 2014 under 20 900 839. Such registration is erroneous and is due to an error in the designation of the land file opened at RRRSRD with respect to BEX 155, namely the foregoing registered renewal mistakenly references Land File 97-A-872 (instead of the correct land file 97-A-782) as having been opened for BEX 155.

2. The CQIM Claims Land Files show Consolidated Thompson Iron Mines Limited as holder of the CQIM Claims.
3. The QMC/CQIM Claims Land Files show Quinto Mining Corporation as sole holder of the QMC/CQIM Claims.

Please note that we have conducted a visual search of the Land Files and have not extensively reviewed the deeds referred to thereat.

### III. General

This search memorandum does not constitute a title opinion in regard to the Claims listed in Appendix “A”. No opinion whatsoever is expressed in respect of the hypothecs, transfer documents or any other agreements summarized in this search memorandum.

Please also note that our searches do not disclose:

1. any statutory, legal or conventional hypothecs or other liens to which the Claims may be subject and which are not registered in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof or which are exempt from registration in such registers; in

this regard, please be advised that further to the adoption of the *Act to Amend the Mining Act* (S.Q. 2013, c.32) (the “**Mining Act Amendment**”) and the changes brought therewith to Article 13 of the Mining Act in force prior to the Mining Act Amendment, effective December 10, 2013 the registrar of the PRRIMR does not accept for registration at said PRRIMR deeds of hypothec or any other “Instruments or Other Related Documents” in respect of mining claims any longer.

2. any personal unregistered rights such as royalties;
3. the rights granted under the Mining Act to third parties which do not require publication or registration in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof;
4. the surface rights to the parcels of land subject to the Claims. Under Quebec law, land surface rights are distinct property from the mining rights (i.e. the rights to mineral substances beneath the soil) and complex land title searches must be conducted to determine the holder of the rights to the parcels that are the subject of mining rights;
5. the existence of any rights of third parties to bring forth a motion for recognition of ownership based on prescription nor on the existence of any claim which may be brought by third parties for invalidity of the Claims based on no-existent or incorrect staking;
6. any litigation that may exist in respect of the Claims;
7. the aboriginal title or rights that may exist or claimed in respect of the Claims or the parcels of land subject to the Claims.

The information for our searches was obtained through public office records and the searches were conducted by registry employees and /or by using computer systems and we do not warrant the accuracy of the data generated by the computer systems or received from registry employees. MERN is unable to guarantee the complete accuracy or precision of data made available in the on-line PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted, or the access to all data contained in such registers. MERN disclaims any responsibility for any loss or prejudice that may result from decisions made, interpretation of the data, or any action or failure to act as a result of using the online PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted.

If you would like to discuss the results summarised in this report or if you require further searches, please do not hesitate to contact us.

## MEMORANDUM

Reference: 11573/371

Date: February 18, 2015

To: File

Re: **Mining Searches – Quinto Mining Corporation**

We have conducted the searches hereinafter described in respect of the mining titles listed under the heading “Mining Titles” in Appendix “A” hereto, which comprises 342 active map designated claims (the “**Claims**”).

For the purposes hereof, we have conducted the searches hereinafter described in respect of the Claims. In conducting our searches, we have assumed the accuracy of the mining title identification numbers of the Claims. We have not conducted any investigations as to the accuracy of the mining titles identification numbers of the Claims, nor conducted any searches other than those identified in this opinion.

### I. **Public register of real and immovable mining rights**

We have reviewed the computerized printouts (fiches) of mining titles obtained electronically on February 16, 2015 at 3:31 p.m. (the “**PRRIMR Effective Date**”) from the on-line public register of real and immovable mining rights granted under the Mining Act (as defined below) (the “**PRRIMR**”) (via the Gestim Plus title management system) in respect of the Claims (the “**PRRIMR Records**”). The PRRIMR is maintained by the Ministère de l’Énergie et des Ressources naturelles (Québec) (the Quebec Ministry of Energy and Natural Resources) (“**MERN**”) pursuant to the *Mining Act* (Quebec) (R.S.Q. c M-13.1) (the “**Mining Act**”) to record the mining titles issued pursuant to the Mining Act. For greater certainty, we have not reviewed any maps or NTS sheets or any other information available in the GESTIM Plus in respect of the Claims other than the PRRIMR Records and the deeds, agreements and instruments specifically referred to under the heading “Transfers” and “Instruments or Other Related Documents” in such PRRIMR Records.

The PRRIMR Records reveal, in particular, the following, as of the PRRIMR Effective Date:

1. **Quinto Mining Corporation (titleholder No. 95800)** is shown in the PRRIMR as holder of 99% interest in the 272 of the Claims defined as “**QMC/CQIM Claims**” in Appendix “A” hereof. **Cliffs Québec Mine de Fer Limitée (titleholder No. 88332)** is shown in the PRRIMR as the registered holder of the remaining 1% interest in the QMC/CQIM Claims.

2. **Quinto Mining Corporation** (titleholder 95800) is shown as registered holder of 100% interest in 70 Claims defined as “QMC Claims” in Appendix “A” hereof.
3. All Claims have active status.
4. The expiry date of each Claim is set out in the column “Expiry Date” in Appendix “A”, and the earliest expiry date is **March 26, 2015**. The term of the Claims may be renewed, prior to the expiry thereof, for periods of two years, subject to compliance with the provisions set forth in the Mining Act. Each Claim will automatically expire on the expiry date of such Claim set forth in Appendix “A”, unless renewed prior to the expiry thereof in accordance with the Mining Act.
5. No “Instruments or Other Documents” (for example, hypothecs or other security documents, discharges, royalty and other commercial agreements) are registered in the PRRIMR in respect of the Claims that remain undischarged or not terminated.

In addition to the information summarised above, the PRRIMR Records contain information such as, but not limited to, the location of the claims, the surface area of the claims, the amount of work required for the renewal of the term of the claims and other information. For the purposes of this search report, we have not reviewed such information, but would be pleased to provide it upon request.

Please note that the recording of deeds in the PRRIMR is not necessarily up to date. Moreover, the GESTIM Plus title management system website does not indicate the date to which the recording of deeds thereon is current. According to information received recently from MERN, the current approximate processing time for registration in the PRRIMR of transfers, security and other instruments relating to mining titles is 21 days. Please also note that the PRRIMR does not disclose rights that have been received by MERN for registration in the PRRIMR but have not been processed yet.

## II. Land Register

The Register of Real Rights of State Resource Development is a sub-division of the Land Register. Please note that before December 10, 2013, pursuant to the *Mining Act* (Quebec), mining claims were exempt from registration in the Land Register, although claims could be registered at such register. Effective December 10, 2013 the foregoing exemption was abolished.

### 1. Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay

We have examined on February 16, 2015 the Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay for land files listed under the names “CONSOLIDATED THOMPSON IRON MINES LIMITED” and “QUINTO MINING CORPORATION/LA CORPORATION QUINTO MINING”. Such search revealed the existence of the land files opened in respect of the Claims as set out in Appendix “B”, namely 70 land files opened in respect of the QMC Claims (such land files, the “**QMC Claims Land Files**”) and 272 land files opened in respect of the

QMC/CQIM Claims (such land files, the “**QMC/CQIM Land Files**”, and collectively with the QMC Claims Land Files, the “**Land Files**”).

2. **Register of Real Rights of State Resource Development for the Registration Division of Saguenay**

We have examined the online Land Files at the Register of Real Rights of State Resource Development for the Registration Division of Saguenay (the “**RRRSRD**”), current as to rights as at February 16, 2015, at 11:33 a.m. (the “**RRRSRD Effective Date**”), and current as to discharges as at February 4, 2015, at 4:00 p.m., for the period from January 26, 2010, being the date of the registration of the opening of the Land Files, to the RRRSRD Effective Date. Such searches revealed that, as of the RRRSRD Effective Date:

1. There are no hypothecs or other charges registered against such Land Files that remain undischarged or not terminated.
2. The QMC/CQIM Claims Land Files show Quinto Mining Corporation as sole holder of the QMC/CQIM Claims.

Please note that we have conducted a visual search of the Land Files and have not extensively reviewed the deeds recorded thereat.

Our searches at the Directory of Real Rights Holders of the Register of Real Rights of State Resource Development for the Registration Division of Saguenay and at the RRRSRD under the name QUINTO MINING CORPORATION on January 30, 2015 also disclosed that land files have been opened in the name of QUINTO MINING CORPORATION in respect of 215 additional mining claims which have been sold by Quinto Mining Corporation, as seller, to Mason Graphite Corp., as purchaser, pursuant to a deed of sale registered at the RRRSRD under number 18 955 913 on April 10, 2012 (the “**Deed of Sale**”). Please note that the Deed of Sale contains a right of resolution of the sale and a hypothec by Mason Graphite Corp. in favour of Quinto Mining Corporation securing the payment of the balance of the purchase price. Please note that the mining claims listed in the Deed of Sale do not appear in the list of Claims as disclosed at the PRRIMR, and hence are not the subject matter of this report.

### III. General

This search memorandum does not constitute a title opinion in regard to the Claims listed in Appendix “A”. No opinion whatsoever is expressed in respect of the hypothecs, transfer documents or any other agreements summarized in this search memorandum.

Please also note that our searches do not disclose:

1. any statutory, legal or conventional hypothecs or other liens to which the Claims may be subject and which are not registered in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof or which are exempt from registration in such registers; in

this regard, please be advised that further to the adoption of the *Act to Amend the Mining Act* (S.Q. 2013, c.32) (the “**Mining Act Amendment**”) and the changes brought therewith to Article 13 of the Mining Act in force prior to the Mining Act Amendment, effective December 10, 2013 the registrar of the PRRIMR does not accept for registration at said PRRIMR deeds of hypothec or any other “Instruments or Other Related Documents” in respect of mining claims any longer.

2. any personal unregistered rights such as royalties;
3. the rights granted under the Mining Act to third parties which do not require publication or registration in the PRRIMR, the RRRSRD or in any other register searched for the purposes hereof;
4. the surface rights to the parcels of land subject to the Claims. Under Quebec law, land surface rights are distinct property from the mining rights (i.e. the rights to mineral substances beneath the soil) and complex land title searches must be conducted to determine the holder of the rights to the parcels that are the subject of mining rights;
5. the existence of any rights of third parties to bring forth a motion for recognition of ownership based on prescription nor on the existence of any claim which may be brought by third parties for invalidity of the Claims based on no-existent or incorrect staking;
6. any litigation that may exist in respect of the Claims;
7. the aboriginal title or rights that may exist or claimed in respect of the Claims or the parcels of land subject to the Claims.

The information for our searches was obtained through public office records and the searches were conducted by registry employees and /or by using computer systems and we do not warrant the accuracy of the data generated by the computer systems or received from registry employees. MERN is unable to guarantee the complete accuracy or precision of data made available in the on-line PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted, or the access to all data contained in such registers. MERN disclaims any responsibility for any loss or prejudice that may result from decisions made, interpretation of the data, or any action or failure to act as a result of using the online PRRIMR, the online directory of real rights holders (holders of mining rights) and the online register of real rights of State resource development of the Land Register we consulted.

If you would like to discuss the results summarised in this report or if you require further searches, please do not hesitate to contact us.
