**AFFIDAVIT OF JERRY SHANKOWSKI SWORN NOVEMBER 6, 2020**

I, JERRY SHANKOWSKI, Businessman, of the City of Edmonton, Alberta, SWEAR AND SAY THAT:

1. I am a personal claimant against JMB CRUSHING SYSTEMS INC. ("JMB"), and the President and sole director of 945441 ALBERTA LTD. ("945441"), another claimant, and as such I have personal knowledge of the matters hereinafter deposed to, except where stated to be based upon information and belief. I and 945411 are sometimes collectively referred to in this Affidavit as the "Applicants".

2. Other capitalized terms in this Affidavit have the meanings ascribed in the Order granted in this Action on May 20, 2020, by the Honourable Justice K.M. Eidsvik ("Eidsvik J."), staying builders' lien claims under the *Builders' Lien Act (Alberta)* ("BLA") regarding the "Contract" between JMB and the Municipal District of Bonnyville No. 87 ("MD of Bonnyville") and establishing a separate protocol for the determination of such Lien Claims (the "Eidsvik May 20 Order"). A true copy of the Eidsvik May 20 Order is attached as Exhibit "B" to my Affidavit sworn August 10, 2020, filed in this Action. I continue to rely on my said Affidavit sworn August 10, 2020, and my Affidavit sworn May 29, 2020 attached to my said Affidavit sworn August 10, 2020 as part of Exhibit "C" except to the extent such earlier Affidavits are corrected, supplemented or contradicted by this Affidavit.
3. I and 945411 are seeking to set aside 2 Orders granted by the Honourable Madam Justice K.M. Eidsvik on October 16, 2020 being the Order (Amended and Restated Mantle Sale Approval and Vesting Order) ("Mantle Order") and the Order (Reverse Vesting Order) ("Reverse Vesting Order") in Action No. 2001-05482 pursuant to the *Companies' Creditors Arrangement Act (Canada)* ("CCAA"). A true copy of the Mantle Order is attached and marked **Exhibit "A"** to this my Affidavit and a true copy of the Reverse Vesting Order is attached and marked **Exhibit "B"** to this my Affidavit.
4. I am advised by my lead lawyer, Richard B. Hajduk ("Hajduk"), and do verily believe that:
  - a. the first time that JMB, the Counsel for JMB, the Monitor or Counsel for the Monitor or any other person disclosed a copy of the Contract between JMB and the MD of Bonnyville referred to in the Eidsvik May 20 Order was when an unfiled copy of the Affidavit of Jason Panter ("Panter") was provided to Hajduk on October 9, 2020, and that he did not read and review the Contract until the evening of October 17, 2020 when Hajduk was preparing for Questioning on Affidavit of Panter and for the Special Chambers Application then scheduled for October 22, 2020 for the consideration of challenges to the Determinations of the Monitor of the Lien Claims of the Applicants and of RBEE Aggregates Consulting Ltd. ("RBEE");
  - b. Hajduk then discovered paragraph 26 of the Contract provided for a Trust and established JMB as a Trustee of all sums paid by the MD of Bonnyville to JMB;
  - c. neither JMB, nor Counsel for JMB (nor the Monitor, nor Counsel for the Monitor), disclosed the complete terms of the Contract, nor the existence of paragraph 26 thereof and the Trust established thereby, to either the Court or to the Applicants or any other Lien Claimant pursuant to the *Builders' Lien Act* ("BLA") at any time or pursuant to the Lien Claims process established by the Eidsvik May 20 Order prior to the provision of the Affidavit of Panter on or about October 9 2020;
  - d. Neither JMB, nor Counsel for JMB, nor the Monitor, nor Counsel for the Monitor, disclosed to either the Court or to the Applicants or any other Lien Claimant pursuant to the *Builders' Lien Act* ("BLA") at any time or pursuant to the Lien Claims

process established by the Eidsvik May 20 Order the fact that the only purpose for which the Aggregate provided to the MD of Bonnyville pursuant to the Contract was put or intended to be put was for use in construction of or repairs to public highways such that no Builders' Lien could arise in any such public highways or at all in connection with the provision of the Product (usable crushed aggregate) by JMB to the MD of Bonnyville or in connection with the provision of any materials or services to or at the request of JMB or the MD of Bonnyville in connection with the Contract;

- e. The Applicants acted to their prejudice in not opposing the Order (Amended and Restated Mantle Sale Approval and Vesting Order) and the Reverse Vesting Order based on the non-disclosure of the Contract and of paragraph 26 thereof and the breach of the duty of full and frank disclosure by JMB and its Counsel;
  - f. The Applicants are or may be beneficiaries of the Trust established by paragraph 26 of the Contract and JMB had a duty to take all reasonable steps to disclose the existence of the Trust to all of the beneficiaries or potential beneficiaries of the Trust.
5. No copy of the Contract had previously been provided to myself or 945411 and the Applicants had not previously had a reason to request a copy of the Contract as the Applicants were not parties to the Contract and had no reason to believe that they had any right to enforce any provision of the Contract. I am advised by Hajduk and do verily believe that a beneficiary of a Trust has a right to enforce the terms of the Trust, even if the Trust is established by a contract to which the beneficiary is not a party. I am advised by Hajduk and do verily believe that the first time that Hajduk received a copy of the Contract was by service of an unfiled copy of the Affidavit of Jason Panter sworn October 9, 2020, in relation to the applications to discharge builders' liens from the lands of myself and 945411, but Hajduk did not notice the terms of the Contract at that time and particularly paragraph 26 and the definitions of "Product" and "Services" until the night of October 16, 2020 after Court had already ended, and when he was preparing for the next Court application scheduled for October 22, 2020, and by reference to the Affidavit of Blake Elyea sworn October 16, 2020, which was provided at 11:51 P.M. on October 16, 2020. And the Monitor only provided its Brief and the 8<sup>th</sup> Monitor's Report at 5:41 AM on October 17, 2020, as a result of which Hajduk realized the significance of both paragraph 26 of the Contract and the sole use to which the aggregate was being put being road repair or construction for which no builders' lien can arise.
6. I am further advised by Hajduk and do verily believe that the existence of the Trust may mean that the Applicants have enforceable rights against JMB and a claim to the Holdback Amount and the other monies paid or payable by the MD of Bonnyville to JMB pursuant to the Contract, even if they might not have a valid builders' lien in the Lands of the MD of Bonnyville or any other lands of the MD of Bonnyville.

7. Hajduk has also recently obtained from Counsel for JMB copies of numerous additional Statements of Account between JMB and 945411 for 2019 and 2020 and such proof of payment as I have been able to locate and has discovered and realized that JMB owes 945411 and myself \$588,457.61 in respect of aggregate ("Product" as defined in the Eidsvik May 20 Order), instead of the amount previously submitted as a Lien Claim of \$424,674.05, as I did not realize that amounts removed in December, 2019 by JMB and provided to the MD of Bonnyville of 26,747.13 tonnes of Des 4 Class 20, at \$4.00 / tonne, for a total of \$106,988.52, plus GST of \$5,349.43 = \$112,337.95, and I did not realize that certain of the aggregates in the March and April, 2020 Statements provided by JMB had ascribed the wrong price to certain of the aggregates. Attached and marked **Exhibit "C"** to this my Affidavit is a true copy of a Statement of Account and attached tickets summaries provided by JMB to 945411 for December 2019.
8. Attached and marked **Exhibit "D"** to this my affidavit is a true copy of the Affidavit of Jason Panter sworn October 9, 2020, which attaches a copy of the Contract as Exhibit "C" to that Affidavit.
9. Attached and marked **Exhibit "E"** to this my Affidavit is a true copy of the Affidavit of Blake Elyea sworn October 16, 2020.
10. Attached and marked **Exhibit "F"** to this my Affidavit is a true copy of the email from Counsel for the Monitor serving the said Affidavit.
11. Attached and marked **Exhibit "G"** to this my Affidavit is a true copy of the email from Counsel for the Monitor of October 17, 2020 attaching the Monitor's Brief and the 8<sup>th</sup> Report of the Monitor.
12. Attached and marked **Exhibit "H"** to this my Affidavit is a true copy of the body of the Monitor's Brief served at 5:41 AM on October 17, 2020.
13. Attached and marked **Exhibit "I"** to this my Affidavit is a true copy of the body of the 8<sup>th</sup> Report of the Monitor served at 5:41 AM on October 17, 2020.
14. Attached and marked **Exhibit "J"** to this my Affidavit is a true copy of correspondence received by Hajduk from Counsel for JMB dated November 1, 2020, as a result of which he discovered that JMB had ascribed the wrong price to certain of the aggregate removed from the lands of the Applicants and provided to the MD of Bonnyville pursuant to the Aggregates Royalty Agreement between myself and 945411 and JMB Crushing Systems ULC, the predecessor of JMB.
15. Attached and marked **Exhibit "K"** to this my Affidavit are a true copy of an email string ending with an email from Hajduk to Counsel for JMB on October 15, 2020 by which Hajduk agreed to an Agreement Amending the Aggregates Royalty Agreement, and attached and marked **Exhibit "L"** is a true copy of the Agreement Amending the Aggregates Royalty Agreement attached to the said email string.

16. Attached and marked **Exhibit "M"** to this my Affidavit is a true copy of the Aggregates Royalty Agreement ("Royalty Agreement"). Pursuant to the Royalty Agreement, I and 945411 are entitled to \$5.00 / tonne for aggregate used for asphalt, instead of \$4.00 / tonne, and Hajduk has just discovered pursuant to documents received from Counsel for JMB on November 1, 2020, that some of the aggregates removed were to be used for asphalt, and therefore the amount owing by JMB would be higher.
17. I am further advised by Hajduk and do verily believe that during a telephone conversation he had with Mr. Tom Cummings of Gowlings LLP ("Cummings") on October 30, 2020, Cummings first disclosed that there was an issue with under-allocation to 945411 regarding the royalty rate charged for gravel designated as "12.5", as that gravel was used for "asphalt", and also required prior consent from 945411, and if consent was given, then 945411 would have received an extra \$1.00 per tonne of product.
18. I was advised today by Mr. J. R. Paine of J.R. Paine & Associates (who performed the quality control on the rock supplied from the "Shankowski pit" to the MD of Bonnyville No. 87 in 2020), and do verily believe, that any gravel that is designated "Class 1" is for use as asphalt. Prior to today, I was not aware that gravel with the designation of "Class 1" was higher quality gravel used for asphalt.
19. Under the terms of the Royalty Agreement entered into between JMB Crushing Systems ULC (the predecessor to JMB) and dated October 29, 2018 (the "Royalty Agreement"), Article VIII states:
- ARTICLE VIII ADDITIONAL CONDITIONS*  
*[...]*
- *JMB will only sell asphalt or rock products from this pit with the prior consent of the owner. Royalty base rate for asphalt and rock products would be \$5.00/tonne for 2019 and be subject to the same royalty increase in 2020 and review every two years thereafter.*
20. The Royalty Agreement was prepared by JMB.
21. Attached hereto as **Exhibit "N"** are copies of the Statements of Account from JMB to 945411 for the period from and including December 1, 2019 to and including April 30, 2020 (the "945 Statements of Account"). The 945 Statements of Account were prepared by JMB with no input or involvement by 945. The statements of account that relate to the processing of rock and gravel from the Shankowski Pit constituting Designation 1 Class 12.5 rock (and forming part of the 945 Statements of Account), are constituted by the statement of account for the period for April 1 – 30 2020, appearing at pages 5 - 15 of Exhibit "N" (the "April Account").

22. I am further advised by Hajduk and do verily believe that the issue of under allocation of payment for the gravel used as asphalt from the Shankowski Pit, relates to the April Account and the "Material" described therein (at page 5 of Exhibit "N") as, Des 1 Class 12.5 with a quantity of 48,997.62 tonnes and charged out at a rate of \$4.00 per tonne for a total amount owing to 945411 of \$195,990.48. If I had provided prior consent, then the charge out rate would not have been less than \$5.00 per tonne. Payment out at \$5.00/tonne would have required an extra payment allocation on the April Account of \$48,997.62 for a revised total amount of \$244,9808.10 for any rock designated as 1 Class 12.5.
23. 945411 has not been paid for any of the amounts owing to it under the 945 Statements of Account.
24. Under the terms of the Royalty Agreement, I did not consent to any gravel being processed in 2020 for the purposes of sale as "asphalt". At no time did anyone from JMB request consent from myself as the representative of 945411 to process or sell any gravel for asphalt in 2020. The reason for the requirement of my prior consent was to control the amount of loss in revenue that would result to 945, from the wastage that is produced from such processing for the higher quality product required for asphalt, which wastage correlates into lost revenue for 945, as prior to any such processing the wastage could have been sold as gravel, but after processing the wastage has no value.
25. I would not have provided my prior consent to process the quantity of 48,997.62 tonnes of gravel to be sold for asphalt as provided in the April Account. I verily believe that Mr. Jeff Buck of JMB, who was the representative of JMB that I dealt with, was very aware of my proclivities in this regard, and that he intentionally failed to request my prior consent for such processing and sale knowing that I would withhold consent for same. 945411 would have either outright denied consent or commanded an amount higher than \$5.00/tonne for the processing of such volume of gravel to be used as asphalt, after making determinations as to the wasted product volumes and lost revenue resulting therefrom. I verily believe that the price designation of \$4.00 per tonne of the 48,997.62 was intentionally reflected to hide and coverup the true nature of the gravel sold so as to avoid any objection from 945411 and the issues that would have resulted if the April Account would have reflected \$5.00/tonne.
26. Attached as **Exhibit "O"** are true copies of the invoices (without tickets) that JMB provided to the MD of Bonnyville in 2020 (the "2020 Bonnyville Invoices"). Attached as **Exhibit "P"** are true copies of the invoices (without tickets) that JMB provided to the MD of Bonnyville in December of 2019 (the "2019 Bonnyville Invoices").
27. I am further advised by Hajduk and do verily believe that all aggregate supplied to the MD of Bonnyville originated from the Shankowski Pit. Invoice #'s 10845, 10851, 10855, 10861 and 10864.01 of the 2020 Bonnyville Invoices (and pages 11, 13, 15 - 16, 17 and 20 - 23 thereof respectively), pertain to gravel Designated 1 Class 12.5 that originated from the Shankowski Pit. I am further advised by Hajduk and do verily

believe that the first time Hajduk was provided the Bonnyville Invoices from JMB was on November 4, 2020.

28. JMB received the increased rate and payment of \$33.28 per tonne from the MD of Bonnyville with respect to the sale to them of the 48,997.62 tonnes of Designated 1 Class 12.5 gravel from the Shankowski Pit as evidenced by Invoices No. 10845, 10851 and 10861 forming part of the 2020 Bonnyville Invoices (and pages 11, 13 and 17 thereof respectively)(the "Asphalt Gravel").
29. Prior to October 16, 2020, I did not believe that 945411 had any possibility of recourse, as an unsecured creditor, to any arrear's amounts owing to it other than as a potential claimant under the lien hold back fund established pursuant to the Eidsvik May Order. Had the existence of the trust created under paragraph 26 of the Contract been disclosed to me by JMB, I would not have entered into the Amended Assignment Agreement, unless all of the arrears had been cured including the issue of the damages resulting from the processing of the 48,997.62 tonnes of gravel for asphalt. Further, had the existence of the issues relating to the failure to obtain the required prior consent of 945411 for the processing of the Asphalt Gravel been disclosed prior to the October 15, 2020, I would not have entered into the Amending Assignment Agreement due to the trust issues I already had with JMB, and including what I understood was simply a restructuring into the new corporate vehicle of "Mantel". In this regard, I refused to agree to the insertion of a renewal agreement provision in the Amending Assignment Agreement, as was being requested by JMB/Mantel, on the specific basis of issues of trust from my historical dealings with JMB.
30. I am further advised by Hajduk and do verily believe, that 945411 only provided its consent to the form of Amended Assignment Agreement at 10:50 pm on October 15, 2020 as evidenced by the emails from Hajduk to Cumming dated October 15, 2020 at 10:50 pm and the further email from Hajduk to Cumming dated October 16, 2020 at 3:42 am, attached respectively as **Exhibit "Q"** and **Exhibit "R"**.
31. I am further advised by Hajduk and do verily believe that he received the following documents, including emails as follows:
  - a. The email Hajduk received from Caireen Hanert of Gowlings dated November 5, 2020 at 3:16:03 pm, a true copy of which is attached hereto as **Exhibit "S"**;
  - b. The documents received and being attached to the email of Lauren Pearson of Bishop & McKenzie LLP dated November 5, 2020 at 6:22 pm, and specifically the documents identified as being schedules A and B forming part of the Subcontractor Services Agreement between JMB Crushing Systems Inc and RBEE Aggregate Consulting Ltd., which agreement is attached as Exhibit "A" to the Affidavit of David Howells (a director and Vice President of RBEE Aggregate Consulting Ltd.) sworn November 5, 2020, and constituting the crushing services for the rock and gravel from the Shankowski Pit for 2020, and which Schedules A and B are attached hereto as **Exhibit "T"**;

32. I also rely on my Affidavit filed in the Court of Queen's Bench of Alberta sworn August 10, 2020.

33. I make this Affidavit in support of an application for an Order for the following Relief:

- a. An Order setting aside the Orders granted by the Honourable Madam Justice K.M Eidsvik ("Eidsvik J.") on October 16, 2020, being the Order (Amended and Restated Mantle Sale Approval and Vesting Order) and the Reverse Vesting Order;
- b. An Order declaring JMB Crushing Systems Inc. ("JMB") a Trustee by virtue of paragraph 26 of the Contract between JMB Crushing Systems ULC, the predecessor of JMB, and the Municipal District of Bonnyville No. 87 ("MD of Bonnyville") dated effective November 1, 2013, as amended (the "Contract"), of the "Funds" less the "CRA Amount" each as defined by the Order granted by Eidsvik J. on May 20, 2020 (the "Eidsvik May 20 Order") establishing a Builders' Lien Claim process in respect of the sums owing by the MD of Bonnyville to JMB pursuant to the Contract, in the sum \$3,327,768.40, or such other sums as may be proven and as this Honourable Court deems appropriate and just in favour of all unpaid suppliers of materials, labour or other services in relation to the Contract;
- c. An Order requiring JMB to deposit sufficient additional funds with the Clerk of the Court or with the Monitor which will be sufficient when added to the Holdback Amount as defined by the Eidsvik May 20 Order to equal the sum set out in paragraph 2 hereof;
- d. An order setting aside the Amended Royalty Aggregates Agreement agreed to between Counsel for JMB and Counsel for the Applicants on October 15, 2020 by email;
- e. Directing that notice be provided to all actual or potential beneficiaries of the Trust of the complete terms of the Contract and of their right to claim to be a beneficiary of the Trust and for payment out of their claims from the Holdback Amount and the additional funds contemplated by subparagraph c. hereof in accordance with their entitlements;
- f. Directing payment to Jerry Shankowski and 945411 Alberta Ltd. (the "Applicants") in care of their solicitors, Hajduk LLP, of the sum of \$588,457.61, or such other sums as may be proven and as this Honourable Court deems appropriate and just, from the Holdback Amount and the additional funds contemplated by paragraph 3 hereof;
- g. An Order requiring indemnification by JMB, Counsel for JMB, the Monitor and Counsel for the Monitor in favour of the Applicants and the other actual or potential beneficiaries of the Trust constituted by paragraph 26 of the Contract to the extent

of any monies unrecoverable from the "Funds" as defined by the Eidsvik May 20 Order;

- h. Such other and further relief as may be required and as this Honourable Court deems appropriate and just; and,
- i. Costs of this Application in any event of the cause, payable forthwith by JMB, Counsel for JMB, the Monitor and Counsel for the Monitor, on a scale as between a solicitor and own client (full indemnity) or on such other scale or in such other amounts as this Honourable Court deems appropriate and just.

(d) the Registrar of the Alberta Personal Property Registry (the "PPR Registrar") shall and is hereby directed to forthwith cancel and discharge any registrations at the Alberta Personal Property Registry (whether made before or after the date of this Order) claiming security interests (other than Permitted Encumbrances) in the estate or interest of the Applicants in any of the Transferred Acquired Assets which are of a kind prescribed by applicable regulations as serial-number goods, including, but not limited to, those set out in Schedule "B" hereto.

6. In order to effect the transfers and discharges described above, this Court directs each of the Governmental Authorities to take such steps as are necessary to give effect to the terms of this Order and the APA. Presentment of this Order and the Monitor's Certificate shall be the sole and sufficient authority for the Governmental Authorities to make and register transfers of title or interest and cancel and discharge registrations against any of the Transferred Acquired Assets of any Claims including the Encumbrances but excluding the Permitted Encumbrances.

7. The Monitor is authorized and directed to undertake and perform such activities and obligations as are contemplated to be undertaken or performed by the Monitor pursuant to this Order, the SISP, the APA, or any ancillary documents related thereto, and shall incur no liability, whatsoever, in connection therewith, save and except for any liability arising due to gross negligence or wilful misconduct on its part.

8. 9. Upon delivery of the Monitor's Certificate together with a certified copy of this Order, this Order shall be immediately registered by the Land Titles Registrar notwithstanding the requirements of section 191(1) of the *Land Titles Act*, RSA 2000, c.L-7 and notwithstanding that the appeal period in respect of this Order has not elapsed. The Land Titles Registrar is hereby directed to accept all Affidavits of Corporate Signing Authority submitted by the Applicants.

10. For the purposes of determining the nature and priority of Claims, the net proceeds from the sale of the Acquired Assets shall stand in the place and stead of the Acquired Assets from and after delivery of the Monitor's Certificate and all Claims including the Encumbrances (but excluding the Permitted Encumbrances) shall not attach to, encumber, or otherwise form a

charge, security interest, lien, or other Claim against the Acquired Assets and may be asserted against the net proceeds from sale of the Acquired Assets with the same priority as they had with respect to the Acquired Assets immediately prior to the sale, as if the Acquired Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale.

11. Upon completion of the Transaction, the Applicants and all persons who claim by, through or under the Applicants in respect of the Transferred Acquired Assets, and all persons or entities having any Claims of any kind whatsoever in respect of the Transferred Acquired Assets, save and except for persons entitled to the benefit of the Permitted Encumbrances, shall stand absolutely and forever barred, estopped, and foreclosed from and permanently enjoined from pursuing, asserting, or claiming any and all right, title, estate, interest, royalty, rental, equity of redemption or other Claim whatsoever in respect of or to the Transferred Acquired Assets, and to the extent that any such persons or entities remain in the possession or control of any of the Transferred Acquired Assets, or any artifacts, certificates, instruments or other indicia of title representing or evidencing any right, title, estate, or interest in and to the Transferred Acquired Assets, they shall forthwith deliver possession thereof to the Purchaser (or its nominee).

12. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Transferred Acquired Assets for its own use and benefit without any interference of or by the Applicants, or any person claiming by, through or against the Applicants.

13. Pursuant to clause 7(3)(c) of the *Personal Information Protection and Electronic Documents Act* (Canada) and section 20(e) of the *Alberta Personal Information Protection Act*, the Applicants and the Monitor are authorized and permitted to disclose and transfer to the Purchaser (or its nominee) all human resources and payroll information in the Applicants' records pertaining to the Applicants' past and current employees. The Purchaser (or its nominee) shall maintain and protect the privacy of such information and shall be entitled to use the personal information provided to it in a manner which is in all material respects identical to the prior use (of such information) to which the Applicants were entitled.

14. Immediately upon closing of the Transaction, holders of Permitted Encumbrances shall have no claim whatsoever against the Applicants or the Monitor.

15. The Monitor is directed to file with the Court a copy of the Monitor's Certificate forthwith after delivery thereof to the Purchaser (or its nominee).

16. The Monitor may rely on written notice or correspondence from the Applicants and the Purchaser or their respective counsel regarding the fulfillment of conditions to closing under the APA and shall incur no liability, whatsoever, with respect to the delivery of the Monitor's Certificate.

**AFFIDAVIT OF JASON PANTER**  
sworn October \_\_, 2020

I, Jason Panter, of the Hamlet of Ardrossan, in the Province of Alberta, **MAKE OATH AND SAY THAT:**

- 1. I am a Project Manager/Estimator at the Applicant JMB Crushing Systems Inc. ("JMB"). As such, I have personal knowledge of the matters herein deposed to, except where stated to be based upon information and belief, in which case I verily believe same to be true.

81

2. In preparing this Affidavit, I reviewed the business records of JMB relevant to this Application and have satisfied myself that I am possessed of sufficient information and knowledge to swear this Affidavit.
3. I am authorized to swear this Affidavit as corporate representative of JMB.

### Background

4. JMB's business is the extraction, processing, transportation and sale of gravel, sand and other aggregates in the Province of Alberta. JMB either directly or through its subsidiary 2161889 Alberta Ltd., has rights of access to over 50 aggregate pits in Alberta through surface material leases with the Province of Alberta and royalty agreements with private individuals or companies, and has freehold title to one aggregate pit. The aggregates are produced to customer specifications and delivery services are provided to various locations in northeastern Alberta.
5. JMB, through its predecessor company JMB Crushing Systems ULC ("JMB ULC"), entered into an Aggregates Royalty Agreement (the "Shankowski Royalty Agreement") with Jerry Shankowski ("Shankowski"). Shankowski is the owner of lands located at SW-21-56-7-W4 (the "Shankowski Land").
6. Pursuant to the Shankowski Royalty Agreement, JMB was granted the exclusive right to access the Shankowski Land to explore, prospect for, test, get, process and dispose of aggregates contained in the Shankowski Land. Attached hereto as Exhibit "A" is a copy of the Shankowski Royalty Agreement.
7. In exchange for the exclusive rights granted to JMB, JMB was to pay royalties to Shankowski at differing rates depending upon the type and size of the aggregate removed from the Shankowski Land. The royalties were payable 90 days after the aggregate was removed from the Shankowski Land. In the aggregate industry it is common for land owners to grant licenses to aggregate companies in exchange for the payment of royalties on the volume of aggregate extracted from the land.

8. JMB ULC also entered into an Aggregates Royalty Agreement dated November 8, 2018 with Helen and Gail Havener (the "**Havener Royalty Agreement**"). The Estate of Helen Havener and Gail Havener own the land described as NW-16-56-7-W4M (the "**Havener Land**").
9. Pursuant to the Havener Royalty Agreement, JMB was granted the exclusive right to access the Havener Land to explore, prospect for, test, get, process and dispose of aggregates contained in the Havener Land. JMB was also granted the right of first refusal to match any offer to purchase made on the Havener Land. Attached hereto as **Exhibit "B"** is a copy of the Havener Royalty Agreement.
10. In exchange for the exclusive rights granted to JMB, JMB was to pay royalties to the Haveners at differing rates depending upon the type and size of the aggregate removed from the Havener Land. The royalties were payable 90 days after the monthly report of aggregate removed from the Havener Land was produced.

#### **Bonnyville Project**

11. On or about November 1, 2013, JMB ULC contracted with the Municipal District of Bonnyville No. 87 (the "**MD of Bonnyville**") for the production, hauling and stockpiling of crushed aggregate materials for use in road construction (the "**Bonnyville Contract**"). Attached hereto as **Exhibit "C"** is a copy of the Bonnyville Contract, as amended.
12. In order to complete the 2020 supply for the Bonnyville Contract, JMB:
  - (a) Extracted aggregate from the Shankowski Land. In the aggregates industry, the removal of top soil and overburden to expose the raw aggregate pit run is also often referred to as "stripping". The exposed raw aggregate pit run is then kept in what is referred to as a gravel bank;
  - (b) Entered into a Subcontractor Services Agreement with RBEE Aggregate Consulting Ltd. ("**RBEE**"), on or around February 25, 2020, pursuant to which RBEE agreed to provide crushing services to produce gravel from the raw

aggregate pit run. RBEE was to provide crushing services in respect of the Bonnyville Contract;

- (c) Between approximately February 25, 2020 and April 8, 2020, RBEE crushed the raw aggregate pit run that was extracted from the Shankowski Land. To do so, RBEE would move the raw aggregate pit run from the gravel bank (also referred to in the industry as "gravel marshalling") to RBEE's mobile crushing unit. This mobile crushing unit was brought onto the Shankowski Land by RBEE to perform the crushing services. Once the crushing services were complete, the mobile crushing unit would be removed from the Shankowski Land and returned to RBEE's premises. Attached hereto as Exhibit "D" is a AbaData map of the Shankowski Land and the Havener Land, showing the approximate RBEE crushing footprint;
- (d) Asked RBEE to perform some stripping on the Shankowski Land. While JMB did the vast majority of stripping on the Shankowski Land for the Bonnyville Contract, RBEE did perform a small amount of stripping, as JMB did not strip and expose enough raw aggregate pit run to complete the volume of crushing for the 2020 supply for the Bonnyville Contract. RBEE invoiced JMB \$7,500 in stripping costs. Attached hereto as Exhibit "E" is a copy of the April 16, 2020 invoice from RBEE to JMB;
- (e) Engaged J.R. Paine on or about April 1, 2020, to perform aggregate testing services in respect of the Bonnyville Contract. As part of the aggregate testing services provided, J.R. Paine tested the crushed aggregate from the Shankowski Land to ensure it complied with the specifications in the Bonnyville Contract. J.R. Paine's testing services were completed by April 8, 2020. J.R. Paine did not perform any testing services on the Havener Land or of aggregate from the Havener Land in respect of the Bonnyville Contract. Attached hereto as Exhibits "F" and "G" are copies of the Purchase Order dated April 1, 2020 and the invoices submitted by J.R. Paine to JMB for testing services performed from February 25 to April 8, 2020; and

- (f) After the raw aggregate pit run was crushed to contract specifications, stockpiled the aggregate on the Shankowski Land until transported to the MD of Bonnyville yard, where I understand it was stored until needed.
13. RBEE did not crush or extract any raw aggregate pit run from the Havener Land, and no aggregate testing was done by J.R. Paine of aggregate from the Havener Land, in respect of the Bonnyville Contract. Had aggregate been extracted from the Havener Land and supplied to the MD of Bonnyville, JMB would have paid royalties to the Haveners, which it did not. Attached hereto as Exhibits "H" and "I" are copies of the Havener Royalty Statements for February to April, 2020, and the ticket data showing aggregate hauled by JMB for the supply of the Bonnyville Contract was hauled from the Shankowski Land, which information was used to calculate royalties owing to Shankowski.

**The Liens**

13. On May 13 and May 15, 2020 respectively, J.R. Paine and RBEE registered liens pursuant to the *Builders Lien Act*, RSA 2000, c B-7, being instrument numbers 202 104 972 (J.R. Paine) and 202 106 449 (RBEE) on title to the Havener Land (the "**Havener Liens**"), which is legally described as:

Attached hereto as **Exhibit "K"** is a copy of the Certificate of Title to the Shankowski Land.

14. RBEE also asserts a builder's lien claim against JMB's registered interest in the Havener Land, which interest is evidenced by a caveat registered as 002 170 374 on June 20, 2000 (the "**Additional RBEE Lien Claim**").

15. I swear this Affidavit in support of an Application to declare the Havener Liens, Shankowski Liens and the Additional RBEE Lien Claim invalid and to have the Havener Liens and Shankowski Liens discharged from the Havener Land.

**AFFIDAVIT OF BLAKE ELYEA**  
**sworn October 16, 2020**

I, **BLAKE ELYEA**, of the City of Burnaby, in the Province of British Columbia, **MAKE OATH AND SAY THAT:**

1. I am the Chief Restructuring Advisor for JMB Crushing Systems Inc. ("JMB"), and as such, and have personal knowledge of the matters herein deposed to, except where stated to be based upon information and belief, in which case I verily believe same to be true.
2. I have been the Chief Restructuring Advisor of JMB since May 4, 2020. In that capacity, I have reviewed the business records of JMB relevant to the within proceedings and have satisfied myself that I am possessed of sufficient information and knowledge to swear this Affidavit.

3. I am authorized to swear this Affidavit as corporate representative of the Applicants.
4. This Affidavit is supplemental to the Affidavit of Jason Panter sworn October 9, 2020 and filed in these proceedings (the "**Panter Affidavit**").
5. Pursuant to the Order granted by Justice K.M. Eidsvik on May 20, 2020, a lien determination process was set out. Each of RBEE Aggregate Consulting Ltd. ("**RBEE**") and Jerry Shankowski and 945441 Alberta Ltd. (collectively, "**Shankowski**") delivered lien claims (collectively, the "**Lien Claims**") to FTI Consulting Canada Inc. in its capacity as the Monitor of JMB (the "**Monitor**"). This Affidavit responds to the applications of each of RBEE and Shankowski to have the determinations of their respective Lien Claims made by the Monitor set aside and their Lien Claims upheld.
6. The agreement between the Municipal District of Bonnyville No. 87 (the "**MD**") and JMB Crushing Systems ULC dated November 1, 2013 (the "**Bonnyville Contract**") is attached as Exhibit "C" to the Panter Affidavit. JMB Crushing Systems ULC is the predecessor by amalgamation to JMB. The terms of the Bonnyville Contract include the following:
  - (a) JMB is the prime contractor for the MD in specific areas and geographic locations where crushed rock/aggregate (the "**Product**") and Services (as defined in the Bonnyville Contract) are provided;
  - (b) JMB is to provide a minimum of 200,000 tonnes of Product each year, with such Product to be delivered and stockpiled at designated locations within the MD as determined by the MD from time to time;
  - (c) JMB is to produce the Product to the specifications stipulated by the MD;
  - (d) JMB is to invoice the MD for 50% of the price per tonne on a bi-weekly basis as the Product to be supplied has been crushed, with the remaining 50% of the price to be paid upon delivery and stockpiling of the Product; and
  - (e) The Bonnyville Contract is the entire agreement as between the parties.

7. The most recent stockpile site was 61330, Range Rd, 455, Bonnyville, AB T2N 2J7 (the "MD Yard"). The MD Yard is located on lands legally described as:

MERIDIAN 4 RANGE 5 TOWNSHIP 61  
SECTION 19  
QUARTER NORTH EAST  
CONTAINING 64.7 HECTARES (160 ACRES) MORE OR LESS  
EXCEPTING THEREOUT:

PLAN 0928625	SUBDIVISION	20.22	49.96

EXCEPTING THEREOUT ALL MINES AND MINERALS

(the "Lands").

8. During the period covered by the Lien Claims, JMB delivered the Product only to the MD Yard.
9. All Product provided under the Bonnyville Contract was intended and stockpiled for the MD's general use. The MD retained discretion to use the Product as it wished. It was JMB's understanding that the MD mainly used the Product for the construction and maintenance of MD roads, generally and throughout the year. However, no specific projects were stipulated by the MD, and JMB had no involvement in specific construction or maintenance projects for the MD.
10. Once JMB had delivered and stockpiled the required amount of Product at the MD Yard (or any other property designated by the MD), JMB's obligations under the Bonnyville Contract were complete for that year.
11. JMB did not affix the Product to the MD Yard, and to the best of JMB's knowledge, the Product was not intended to be or become part of the MD Yard.
12. Attached hereto as **Exhibit "A"** is a summary of the job tickets showing delivery of the aggregate excavated from the Shankowski Land (as defined in the Panter Affidavit) to the MD Yard. The reference to "Bonnyville Yard" in the summary is the MD Yard.

W

13. JMB entered into the Shankowski Royalty Agreement to ensure that it had access to aggregate to be used for various contracts. As set out in the Panter Affidavit, JMB has access to aggregate from multiple pits through a variety of arrangements (ownership, contractual, or otherwise) to ensure that it has the ability to supply its customers. There is no direct connection between the Shankowski Royalty Agreement (as defined in the Panter Affidavit) and the Bonnyville Contract. Specifically, the Shankowski Royalty Agreement makes no reference to the Bonnyville Contract, the MD Yard, the Lands or any lands owned by the MD, or any particular project in which extracted material is to be used.
14. I was not physically present before the commissioner taking this affidavit, but was linked with the commissioner utilizing video technology, and the process described in the notice from the court dated March 27, 2020 for remote commissioning of affidavits was utilized.

## I. INTRODUCTION

1. This bench brief of FTI Consulting Canada Inc., in its capacity as the court-appointed monitor (the "**Monitor**") of JMB Crushing Systems Inc. ("**JMB**") and 2161889 Alberta Ltd. ("**216**", JMB and 216 are collectively referred to as, the "**Companies**"), is submitted in respect of two (2) applications contesting the Monitor's determination of the validity of the builders' lien claims (collectively, the "**Disputed Lien Claims**") submitted by Jerry Shankowski and 945441 Alberta Ltd. ("**945**", Jerry Shankowski and 945 are collectively referred to as, "**Shankowski**") and by RBEE Aggregate Consulting Ltd. ("**RBEE**") pursuant to the Order – Lien Claims – MD of Bonnyville, granted May 20, 2020, by the Honourable Justice K.M. Eidsvik (the "**Bonnyville Lien Process Order**"), in the within proceedings (the "**CCAA Proceedings**"). Capitalized terms used herein and not otherwise defined shall have the same meaning ascribed to such terms in the Bonnyville Lien Process Order.

2. The Disputed Lien Claims arise in connection with services provided or materials furnished in connection with the Terms and Conditions Agreement, dated effective November 1, 2013, between JMB Crushing Systems ULC ("**JMB ULC**"), the amalgamation predecessor of JMB, and the Municipal District of Bonnyville No. 87 (the "**MD of Bonnyville**"), as subsequently amended from time to time (collectively, the "**Bonnyville Contract**").<sup>1</sup> The Bonnyville Contract is the "prime contract"; the agreement between the contractor and the owner.

3. In addition to certain technical requirements not being met, as detailed below, the Monitor's determination that the Disputed Lien Claims do not constitute valid Lien Claims is premised on the fact that: (i) the general and temporary stockpiling of gravel; (ii) that is neither affixed to the Lands or the Excepted Title Lands (both as defined in Schedule "A" hereto) nor intended to be or become part of the Lands or the Excepted Title Lands; (iii) under a "prime contract" which has no specific identifiable projects, progress payments, completion milestones, or purpose, beyond the general supply, delivery, and stockpiling of the Product, at a recurring annual amount (200,000 tonnes / year); (iv) all in a situation, where such Product's ultimate use remains at the general discretion of the owner (the MD of Bonnyville) who can use, not use, transform, or sell the Product as they see fit, does not constitute an improvement to the Lands or the Excepted Title Lands, as contemplated under the BLA (as defined below).

3

4. Overall, the nature of the Bonnyville Contract and therefore the "overall project" is the ongoing supply of Product for the MD of Bonnyville's general discretionary use and not a construction contract which would give rise to lien rights under the *Builders' Lien Act*, RSA 2000, c. B-7 (the "BLA").

**II. STATEMENT OF FACTS**

**A. The Bonnyville Contract**

5. In accordance with the Bonnyville Contract, JMB was required to supply, haul, and stockpile, on an ongoing basis, 200,000 tones of crushed rock/gravel aggregate (the "Product"), per year, to various stockpile sites, as designated from time to time by the MD of Bonnyville. The most recent stockpile site was 61330, Range Rd, 455, Bonnyville, T2N 2J7 (the "MD Yard").<sup>2</sup> The MD Yard is located on lands legally described as:<sup>3</sup>

MERIDIAN 4 RANGE 5 TOWNSHIP 61  
SECTION 19  
QUARTER NORTH EAST  
CONTAINING 64.7 HECTARES (160 ACRES) MORE OR LESS  
EXCEPTING THEREOUT:

(the "Lands").

6. The Bonnyville Contract is the prime contract in this arrangement.<sup>4</sup> The material provisions of the Bonnyville Contract, as amended, are as follows:

1. In this Agreement, capitalized words will have the following meanings:

...

(e) "Product" means the production by JMB of the aggregate described in this Agreement which includes the crushing and cleaning of rock/gravel,

and all related services whereby rock/gravel is made into useable crushed aggregate for the MD in accordance with the required specifications set out in this Agreement;

(f) "Services" means the hauling and stockpiling of crushed aggregate by JMB as set out in this Agreement and anything else which is required to be done to give effect to this Agreement;<sup>5</sup>

...

10. JMB will be the prime contractor in the specific areas and geographic locations where the Product and Services are provided, including the pit where the Product is made and for all areas related to providing the Services.<sup>6</sup>
- 11(c) **A minimum of 200,000 (two-hundred-thousand) tonnes of Product per year, shall be supplied and/or stockpiled at designated locations within the geographic boundaries of the MD**, mutually agreed upon by both parties. Should the Product be stockpiled in one of the designated pits both quantities and quality of Product shall be monitored and any shortfall shall be supplied in the same year as hauled.<sup>7</sup> ...
- 11(e) ... The annual quantities shall not be less than 200,000 (two-hundred-thousand) tonnes of **Product delivered and stockpiled** for the MD by JMB.<sup>8</sup>
12. JMB shall deliver the Product to 61330, Range Rd. 455, Bonnyville, T9N 2J7 (the "MD Yard"), and in cooperation with the MD staff, stockpile the Product in a continuous cone to a minimum height of 10 (ten) meters. JMB shall supply all equipment and labour for delivering and stockpiling the Product, including trucks, a stacking conveyor(s), bulldozer(s) and any other equipment.<sup>9</sup>
14. The MD will own the Product after the Product has been crushed and the MD has paid the related invoices issued pursuant to Section 19 of the Agreement. Any Product owned by the MD and in the possession of JMB shall be held in trust in the custody of JMB as bailee for the benefit of the MD in accordance with the provisions of the Agreement.<sup>10</sup>
15. The Term of this Agreement shall be ten (10) years, commencing on November 1, 2013.<sup>11</sup>

7. The nature of the work performed under the Bonnyville Contract was as follows:
- (a) all Product provided under the Bonnyville Contract was intended and stockpiled for the MD of Bonnyville's use, which occurred at the MD of Bonnyville's discretion and mainly related to the construction and maintenance of the MD of Bonnyville's roads, generally and throughout the year;<sup>12</sup>
  - (b) the scope of the Services and Product provided under the Bonnyville Contract ended upon the temporary stockpiling of such Product at the Lands or any other property designated by the MD of Bonnyville; no further acts, construction, or services were completed;<sup>13</sup>
  - (c) the Product was never affixed to the Lands nor intended to be or become part of the Lands;<sup>14</sup> it was a general temporary stockpile;
  - (d) the Bonnyville Contract has no identifiable projects, progress payments, completion milestones, or purpose, beyond the general supply, delivery, and stockpiling of the Product at various sites, which the MD of Bonnyville can then utilize at its discretion; and,
  - (e) the Bonnyville Contract does not mention or provide for any rights in favour of the MD of Bonnyville concerning subcontractors, lien claims, holdbacks, or other standard provisions typically found in prime construction contracts.
8. After entering into the Bonnyville Contract, but prior to the commencement of these CCAA Proceedings, JMB retained subcontractors, including RBEE,<sup>15</sup> to perform certain services in connection with the Bonnyville Contract, including testing, crushing, hauling, and surveying of the Product at the Lands or as required under the Bonnyville Contract.<sup>16</sup> Unrelated to the Bonnyville Contract,<sup>17</sup> JMB and Shankowski entered into the ARA (as defined below), which is not part of the chain of contracts concerning the Bonnyville Contract.

**B. The Bonnyville Lien Process Order and Claims Process**

9. On May 20, 2020, the Bonnyville Lien Process Order was granted and provided, *inter alia*, that:

(a) the MD of Bonnyville would pay \$3,563,768.40 to the Monitor, being the funds payable to JMB pursuant to the Bonnyville Contract;<sup>18</sup> and,

(b) of the \$3,563,768.40 paid by the MD of Bonnyville to the Monitor, the Monitor would retain a holdback of \$1,850,000 ("**Holdback Amount**") as security for the various Lien Claims to be established, proven, and determined, in accordance with the process (the "**Lien Process**") set out in the Bonnyville Lien Process Order, which requires the Monitor to review all Lien Claims and issue corresponding lien determinations (collectively, the "**Lien Determinations**").<sup>19</sup>

10. Pursuant to the Bonnyville Lien Process Order, the Holdback Amount stands in place of the Lands, as security for all Lien Claims, pursuant to section 48(2) of the BLA.<sup>20</sup>

11. The relevant terms of the Bonnyville Lien Process Order are as follows:

"3. For the purpose of the within Order, the following terms shall have the following meanings: [...]

(e) "**Determination Notice**" means written notice of a Lien Determination.

[...]

(l) "**Lien**" means a lien registered *under the BLA* against the Lands in respect of the Work or the Contract;

(m) "**Lien Claim**" means a claim of any Lien Claimant to the extent of such Lien Claimant's entitlement to receive payment from the major lien fund, as defined in the BLA, as it relates to the Work performed by the Lien Claimant or a subrogated claim for such Work;

(n) "**Lien Claimant**" means a claimant who: (i) has registered a Lien for its Work against the Lands; or (ii) has a Lien Claim and has provided a Lien Notice to the Monitor as described herein;

<sup>20</sup> Bonnyville Lien Process Order, *supra* at para. 8.

- (o) "Lien Determination" means a determination of the validity of a Lien, a Lien Claim and the quantum thereof, whether by the Monitor or this Court;
- (p) "Lien Notice" means the form attached as Schedule "A" hereto;

[...]

- (t) "Work" means work done or materials furnished with respect to the Contract or the Lands.<sup>21</sup>

"7. Any person who wishes to assert a Lien Claim against the Lands and who has not yet registered a Lien against the Lands shall deliver a Lien Notice by email to the Monitor's attention within the time frame prescribed by the BLA in order to preserve and perfect their Lien Claim."<sup>22</sup>

12. In addition to the various requirements set out therein, the Lien Notices also required:

- 4. Attached hereto as Schedule "A" is an affidavit setting out the full particulars of the Claimant's builders' lien claim or subrogated claim, including all applicable contracts, sub-contracts, the nature of the work completed or materials furnished, the last day on which any work was completed or materials were furnished, any payments received by the Claimant, all invoices issued by the Claimant, and all written notices of a lien served by the Claimant.<sup>23</sup>

13. The Monitor received six (6) Lien Notices in connection with the Bonnyville Lien Process Order, including those submitted by RBEE and Shankowski.<sup>24</sup>

### C. The Monitor's Lien Determinations

14. The Monitor reviewed the Lien Notices and on or around July 27, 2020, issued Determination Notices in respect of the information and evidence contained therein. Details of such Determination Notices are set out in the Eighth Report of the Monitor, dated October 16, 2020 (the "**Eighth Monitor's Report**").<sup>25</sup>

15. Only RBEE and Shankowski have contested the Monitor's Determination Notices, which were as follows: (i) to RBEE, declaring the quantum to be \$1,270,791.91 and determining that

RBEE's Lien Claim is invalid; and, (ii) to Shankowski, declaring the quantum to be \$424,674.05 and determining that Shankowski's Lien Claim is invalid.

#### D. The Shankowski Lien Notice

16. On May 29, 2020, Shankowski submitted a Lien Notice (the "**Shankowski Lien Notice**"), to the Monitor asserting a builders' lien claim in the amount of \$424,674.05 (the "**Shankowski Lien Claim**"). The Shankowski Lien Notice includes, at Schedule A, the affidavit of Jerry Shankowski, sworn May 29, 2020 (the "**May 19 Shankowski Affidavit**"). The Shankowski Lien Notice is attached, in full, as Appendix "D" to the Eighth Monitor's Report.

17. The Shankowski Lien Notice provides that Jerry and his holding company, 945, were parties to an "Aggregates Royalty Agreement" with JMB ULC (as predecessor in interest to JMB), dated October 29, 2018 (the "**ARA**"),<sup>26</sup> pursuant to which, in exchange for JMB paying Shankowski a corresponding royalty on all extracted material, JMB was granted the exclusive right to extract sand, gravel, and other aggregates from the Shankowski Pit (as identified and defined in Schedule "**A**" hereto).<sup>27</sup>

18. The ARA makes no reference to the Bonnyville Contract, the Lands, or any lands owned by the MD of Bonnyville, or any particular project in which extracted material is to be used.<sup>28</sup> There is no direct connection between the Bonnyville Contract and the ARA.<sup>29</sup>

19. In addition to the ARA, the following provisions of the Shankowski Lien Notice are relevant:

- 7 Out of the aggregates that were removed from the Shankowski Pit in March, 2020, all of them went to the project of the Municipal District of Bonnyville No. 87 ("MD of Bonnyville")... pursuant to the Aggregates Royalty Agreement...
- 8 Out of the aggregates that were removed from the Shankowski Pit in April, 2020, certain of them went to the project of the MD of Bonnyville... pursuant to the Aggregates Royalty Agreement...

<sup>28</sup> ARA, *supra*; Elyea Affidavit, *supra* at para. 13.

<sup>29</sup> Elyea Affidavit, *supra* at para. 13.

10 I and 945441 claim a builders' lien in that sum [\$424,674.05] in the Lands of the MD of Bonnyville or the money paid by the MD of Bonnyville standing in place of the Lands...<sup>30</sup>

20. The Shankowski Lien Notice contains no explicit legal description of the lands over which the Shankowski Lien Claim is asserted.

#### E. The RBEE Lien Notice

21. On May 29, 2020, RBEE submitted a Lien Notice (the "**RBEE Lien Notice**") to the Monitor, asserting a builders' lien claim in the amount of \$1,270,791.71 (the "**RBEE Lien Claim**"). The RBEE Lien Notice includes, at Schedule A, the affidavit of David Howells, sworn May 29, 2020 (the "**May 29 Howells Affidavit**"). The RBEE Lien Notice is attached, in full, as Appendix "B" to the Monitor's Eight Report.

22. The RBEE Lien Notice provides that RBEE and JMB are parties to a subcontractor services agreement, dated February 25, 2020 (the "**RBEE Agreement**"),<sup>31</sup> pursuant to which RBEE provided rock and gravel crushing services in respect of the Shankowski Pit on the Shankowski Lands and the Havener Lands (as such terms are defined in Schedule "**A**" hereto)<sup>32</sup> and that such rock and gravel excavated by RBEE was deposited upon either, or both, of the Lands and the Excepted Title Lands (as defined in Schedule "**A**" hereto),<sup>33</sup> which consist of title to one registered plan excepted from the title to the Lands.

23. RBEE last provided services with respect to the Shankowski Pit on April 6, 2020.<sup>34</sup>

24. On May 15, 2020, RBEE registered liens, pursuant to the BLA, against title to the Shankowski Lands, the Havener Lands, and the Excepted Title Lands. RBEE did not register any lien against title to the Lands.<sup>35</sup>

25. RBEE submitted the RBEE Lien Notice to the Monitor asserting, for the first time, a Lien Claim over the Lands on May 29, 2020, 53 days after RBEE last provided any services.<sup>36</sup>

**F. Additional Submissions by Shankowski and RBEE**

26. In support of their respective applications to contest the Monitor's Determination Notices, both Shankowski and RBEE have filed new evidence supplementing the information provided to the Monitor in their Lien Notices. Specifically: (i) Shankowski has submitted, the supplemental affidavit of Jerry Shankowski, sworn August 10, 2020 (the "**Shankowski Supplemental Affidavit**"); and, (ii) RBEE has submitted, the supplemental affidavit of David Howells, sworn October 9, 2020 (the "**Howells Supplemental Affidavit**").

27. The Shankowski Supplemental Affidavit asserts, for the first time, *inter alia*, the following:

14(f) The aggregate extracted from the lands of the Applicants were intended for and supplied to the MD of Bonnyville for the purposes of incorporation into an improvement on the Lands or other lands of the MD of Bonnyville...;

...

14(l) [Shankowski] contracted with JMB to furnish materials for an improvement on the Lands or other lands of the MD of Bonnyville, and in that regard JMB was the agent of the MD of Bonnyville in obtaining the aggregate from the lands of the Applicants pursuant to JMB's contract with the Applicants; ...<sup>37</sup>

28. The Howells Supplemental Affidavit asserts, for the first time, *inter alia*, the following:

4(a) The Municipality entered into a contract with a third party at the end of February, 2020 to mix a compound known as MC-250 for pathing material using the 112.5 from the 112.5 pile (the "Patching Material"). The Patching Material was mixed between May 15, 2020 and June 20, 2020 and it was **added to the Municipality's already existing stockpile**. The Patching Material is used on **various municipality roads on an as-needed basis**;

4(b) The Municipality entered into a contract with a third party at the end of February, 2020 to mix a compound known as HF500 using the 216 from the 216 Pile ("Cold Mix"). The Cold Mix was mixed between May 15, 2020 and June 20, 2020. The Cold mix was then used for the following projects around the Municipality for repairs of soft spot sections on each road with various lengths:

- i. RR 443 from HWY 28 to TWP RD 614
- ii. RR 485 from HWY 28 to TWP RD 610;
- iii. RR 483 from HWY 660 to TWP RD 611;
- iv. RR 482 from TWP RD 594 to TWP RD 593A;
- v. RR 470 from TWP RD 630 to HWY 55;
- vi. TWP RD 610 from RR 483 to RR 484;
- vii. RR 411 from TWP RD 630 to CHERRY RIDGE;

<sup>37</sup> Supplemental Affidavit of Jerry Shankowski, sworn August 10, 2020 at paras. 14(f), (l).

viii. RR 484 from HWY 28 TWP RD 594; and

4(c) The 216 from the 216 Pile is also used by the Municipality on various Municipality roads on an as-needed basis to reduce dust.<sup>38</sup>

### III. ISSUES

29. The primary issue for determination by this Honourable Court is whether the Shankowski Lien Claim and the RBEE Lien Claim: (i) give rise to lien rights under the BLA and relate to work done or materials supplied in respect of an "improvement"; and, (ii) are valid Lien Claims under the BLA and the Bonnyville Lien Process Order.

### IV. LAW

#### A. Review of a Claim Determination

30. The issue concerning the conflicting authorities regarding the approach to be taken during the appeal of a Trustee's determination was recently set out by Justice Eamon in *Aronson v Whozagood Inc*, as follows:

29 There is conflicting authority in Alberta over which approach should be taken. Following the decision in *Galaxy Sports Inc., Re*, 2004 BCCA 284 (B.C. C.A.), the Alberta Courts have mainly adopted the hybrid approach (*San Juan Resources Inc., Re*, 2009 ABQB 55 (Alta. Q.B.); *Transglobal Communications Group Inc., Re*, 2009 ABQB 195 (Alta. Q.B.); *Sapient Grid*). This approach requires claimants to put their best foot forward with their proof of claim to ensure efficient and expeditious claims determinations, while ensuring that the process is fair to all concerned. The Court has discretion to admit fresh evidence where the interests of justice require it. The test for admitting fresh evidence is not limited to the stringent test which applies to appeals from trials conducted in a Court as set out in *R. v. Palmer* (1979), [1980] 1 S.C.R. 759 (S.C.C.) at p 775, 1979 CanLII 8.<sup>39</sup>

...

34 I prefer the hybrid approach in *San Juan* and the cases that followed it.

(a) Parliament assigned the roles of investigating and disallowing claims to the bankruptcy trustee (BIA, s 135). Creditors must "specify the vouchers or other evidence, if any, by which [the claim] can be substantiated" and the trustee may require further evidence (BIA, ss 124(4), 135(1)).

<sup>38</sup> Supplemental Affidavit of David Howells, sworn October 9, 2020 at paras. 4(a)-(c) ["**Supplemental Howells Affidavit**"] [emphasis added].

<sup>39</sup> *Aronson v Whozagood Inc*, 2019 ABQB 656 at para. 29 ["*Whozagood*"] [TAB 2].

(b) The de novo approach would seriously undercut a bankruptcy trustee's authorities and functions.

(c) The Court can ensure fairness and encourage diligence by creditors in submitting claims to the bankruptcy trustee by allowing fresh evidence in appropriate cases.<sup>40</sup>

## B. The *Builders' Lien Act* (Alberta)

### a. Statutory Interpretation of the BLA

31. The general approach to the consideration of the validity of lien claims is well established in Alberta, and has been summarized by the Alberta Court of Appeal as follows:

[5] Section 6 of the *Builders' Lien Act* provides that a person **who improves land has a lien on the land**. Section 10 confirms that the lien arises when the work is first done. ... As a result, **the Act provides some strict rules about the registration and enforcement of the lien**. It is well established that a liberal approach may be taken to determining the scope of the lien right, but a strict interpretation is placed on the procedure that is required to enforce a lien: *Clarkson Co. v Ace Lumber Ltd.*, 1963 CanLII 4 (SCC), [1963] SCR 110 at pp. 114, 36 DLR (2d) 554.

...

[8] The *Builders' Lien Act* creates an extraordinary statutory remedy. The **lien rights under the Act must be given a practical interpretation, so as not to unduly prejudice the rights of owners and third parties**: *Canbar West Projects Ltd. v Sure Shot Sandblasting & Painting Ltd.*, 2011 ABCA 107 at para. 14, 39 Alta LR (5th) 38, 502 AR 235 [...] <sup>41</sup>

### b. Applicable Statutory Provisions of the BLA

32. A lien is created under section 6(1) of the BLA, which states:

6(1) Subject to subsection (2), a person who

(a) does or causes to be done any work **on or in respect of an improvement**, or

(b) furnishes any material to be used **in or in respect of an improvement**,

<sup>40</sup> *Whozagood*, *supra* at paras. 34-35 [TAB 2]. Regarding the standard of review, see *Whozagood*, *supra* at para. 33 [TAB 2]; *8640025 Canada Inc. (Re)*, 2018 BCCA 93 at paras. 64-65 [TAB 9].

<sup>41</sup> *Tervita Corporation v ConCreate USL (GP) Inc.*, 2015 ABCA 80 at paras. 5, 8 ["*Tervita*"] [TAB 3] [emphasis added].

for an owner, contractor or subcontractor has, for so much of the price of the work or material as remains due to the person, a lien on the estate or interest of the owner in the land in respect of which the improvement is being made.<sup>42</sup>

33. The term "improvement" is defined in section 1 of the BLA as:

1(d) "improvement" means anything constructed, erected, built, placed, dug or drilled, or intended to be constructed, erected, built, placed, dug or drilled, on or in land except a thing that is neither affixed to the land nor intended to be or become part of the land.<sup>43</sup>

## V. ARGUMENT

### A. RBEE's Lien Claim With Respect to the Lands Was Not Submitted in Time

34. RBEE's Lien Claim with respect to the Lands, as submitted under RBEE's Lien Notice is out of time. RBEE's Lien Claim, as against the Lands, was not registered with Land Titles and no corresponding Lien Notice was submitted within the statutory time frame provided by the BLA. The Bonnyville Lien Process Order requires Lien Claimants to submit a Lien Notice to the Monitor "within the time frame prescribed by the BLA",<sup>44</sup> being 45 days from the date the Lien Claimant last performed services or furnished materials.<sup>45</sup> The May 29 Howells Affidavit states that RBEE last provided services, in respect of the Shankowski Pit, on April 6, 2020.<sup>46</sup> RBEE first made a Lien Claim against the Lands pursuant to its Lien Notice. The RBEE Lien Notice was submitted on May 29, 2020, being 53 days after RBEE last performed any services. As a result, the RBEE Lien Notice is invalid in respect of the Lands, as it fails to comply with the technical requirements of the BLA.

### B. The Shankowski Lien Notice Fails to Identify the Lands and the ARA Does Not Pertain to the Bonnyville Contract

35. The Shankowski Lien Notice fails to identify the lands against which it applies. The Shankowski Lien Notice does not include any legal description identifying lands over which the Shankowski Lien Claim is asserted other than a reference to the "Lands" (and such term is also

used in the May 29 Shankowski Affidavit to refer to the Shankowski Pit).<sup>47</sup> The Bonnyville Lien Process Orders requires all Lien Claimants to “set out the full particulars of the builders’ lien claim”.<sup>48</sup> Section 34(2) of the BLA sets out the registration requirements for a builders’ lien, requiring Lien Claimants to set out a “description, sufficient for registration, of the land and estate or interest in the land to be charged”.<sup>49</sup> Alberta Courts strictly interpret the procedure that is required to enforce a lien, including so that the rights of owners and third parties are not unduly prejudiced.<sup>50</sup>

36. Additionally, the ARA does not pertain to or form any part of the contractual chain associated with the Bonnyville Contract.<sup>51</sup> As set out in the Affidavit of Blake Elyea, sworn October 16, 2020:

***JMB entered into the Shankowski Royalty Agreement to ensure that it had access to aggregate to be used for various contracts.*** As set out in the Panter Affidavit, JMB has access to aggregate from multiple pits through a variety of arrangements (ownership, contractual, or otherwise) to ensure that it has the ability to supply its customers. **There is no direct connection between the Shankowski Royalty Agreement (as defined in the Panter Affidavit) and the Bonnyville Contract.** Specifically, the Shankowski Royalty Agreement makes no reference to the Bonnyville Contract, the MD Yard, the Lands or any lands owned by the MD, or any particular project in which extracted material is to be used.<sup>52</sup>

37. The ARA is a free-standing royalty agreement and is not connected to any one contractor, the Bonnyville Contract, or the Lands.<sup>53</sup> The ARA is not a sub-contract, and Shankowski is not a typical supplier of materials or labour, but rather a royalty beneficiary.

### **C. The General Stockpiling of Product Under the Bonnyville Contract Does Not Give Rise to A Valid Lien Claim**

#### **a. The Bonnyville Contract Has No “Overall Project” Other Than The General Stockpiling of Product**

<sup>47</sup> May 29 Shankowski Affidavit, *supra* at para. 2: “... removing and selling aggregates, including gravel and sand from the Pit on my Lands referred to in the Aggregates Royalty Agreement on SW-21-56-7-W4 (the “Shankowski Pit”).”

38. The "overall project" contemplated by the Bonnyville Contract is the general temporary stockpiling of the Product. In determining the validity of the Disputed Lien Claims, the correct method is the "overall project" approach, which requires assessing first what the "improvement" to the land was, and then determining whether the Lien Claimant provided "services" which had a proximate connection with the improvement. Specifically, in *Davidson Well Drilling Limited (Re)*, Justice Ross summarized the approach, as follows:

I conclude that both the Alberta Court of Appeal and the Saskatchewan Court of Appeal consider "improvement" **from the perspective of the "overall project" involved**. In other words:

- (i) the "overall project" is the "improvement";
- (ii) the "overall project" constitutes the "thing constructed, erected, built, placed, altered, repaired, improved, added to, dug or drilled or intended to be constructed, erected, built, placed, altered, repaired, improved, added to, dug or drilled on or into, land"; and
- (iii) the "overall project" would also be the thing that is "affixed to the land or intended to become part of the land."<sup>54</sup>

39. There is no dispute that the Bonnyville Contract is the "prime contract". The overall project is therefore determined in reference to the Bonnyville Contract. Pursuant to the explicit terms of the Bonnyville Contract, its purpose and scope is the ongoing "deliver[y] and stockpil[ing] of the Product"<sup>55</sup> in various stockpile locations, designated by the MD of Bonnyville; recently, the Lands. The Bonnyville Contract's only "overall project" is therefore the general stockpiling of Product, as, the Bonnyville Contract: (i) is the prime contract; (ii) its scope and the Company's duties thereunder end with the stockpiling of the Product; (iii) makes **no reference** to any: (a) identifiable or specific project in which the Product is to be used, (b) specific details concerning planned work which will incorporate the Product, or (c) intended or actual use of the Product beyond a reference to specifications for "Alberta Transportation"; (iv) is an **ongoing** contract for the annual supply of a fixed amount of Product; and, (v) contains **no reference** to any project completion milestones or progress requirements. Furthermore, the Howells Supplemental Affidavit explicitly states that the Product was intended for **the general use of the MD of Bonnyville**.<sup>56</sup>

40. Finally, the Bonnyville Contract does not mention or provide for any rights in favour of the MD of Bonnyville concerning subcontractors and lien claims, and contains no holdback provisions.

**b. The General Stockpiling of Product Does Not Constitute an Improvement**

41. The general stockpiling of Product does not give rise to an improvement under the BLA. Similar to the current circumstances, Master Summers in *Sustainable Developments Commercial Services Inc. v Budget Landscaping & Contracting Ltd*<sup>57</sup> ("*Sustainable Developments*") considered whether the loading and hauling of aggregate to a temporary stockpile, ostensibly to be utilized for road graveling over the course of the following year, gave rise to a lien.

42. In *Sustainable Developments*, the Court considered a number of factors in determining that "[c]learly, the aggregate delivered by Budget to the lands at the request of the County of Vermilion was not an improvement to the Kochan lands",<sup>58</sup> all of which factors share a common thread; demonstrating that the gravel stockpile at issue was **not a permanent improvement**.<sup>59</sup> The factors considered by the Court included that: (i) the contract contemplated that the gravel would be added to and removed from the site during the term of the lease;<sup>60</sup> (ii) the site would be reclaimed subsequently<sup>61</sup> (*i.e.* the gravel would be removed); and, (iii) the owner of the pile was not the same person as the owner of the lands.<sup>62</sup> While the last factor is not present in this case, there is **no factual dispute** that the gravel pile on the Lands was placed there only temporarily and was to be used at and for whatever purposes determined by the MD of Bonnyville.

43. Similar to the situation in *Sustainable Developments*, the stockpiling of Product under the Bonnyville Contract does not constitute an improvement to the Lands or the Excepted Title Lands, as:

- (a) the Bonnyville Contract is a long term supply contract, with a fixed amount of Product to be delivered annually to designated stockpile locations (including the Lands) at which point the Product may be used (or not used), sold, altered, disposed of, or abandoned by the MD of Bonnyville at its sole discretion;
- (b) there is no evidence that the Lands or the Excepted Title Lands are anything other than a stockpile location for the Product;
- (c) the stockpile of the Product is not affixed to the Lands or the Excepted Title Lands and is in no way intended to become affixed to the Lands or the Excepted Title Lands, but rather, temporarily stored until utilized by the MD of Bonnyville, at its discretion at some future point in the year; and,
- (d) temporary gravel stockpiles do not fall within the BLA's definition of "improvement", which excepts out "a thing that is neither affixed to the land nor intended to be or become part of the land".

44. Stockpiles of gravel have only been determined to give rise to an improvement and corresponding lien rights where such stockpiles are to be used for a specific and identifiable project. Specifically, in:

- (a) *Hansen et al v Canadian National Railway et al*,<sup>63</sup> the Court validated a lien claim where gravel was supplied and stockpiled on lands but was intended, by all parties, to be (and was) incorporated into the rail line being reconstructed on the lands.<sup>64</sup>
- (b) *Northern Dynasty Ventures Inc v Japan Canada Oil Sands Limited*,<sup>65</sup> the Court validated a lien claim where rented equipment was used to crush and screen sand and gravel at the gravel pit, before being provided to the owner for use in an oil sands expansion project (the "Hangingstone Project") at another site.<sup>66</sup> The Court found that while **the gravel pit itself was not improved**, the work performed resulted in gravel "**that was used in constructing the Hangingstone Project, and *directly contributed to the***

45. The majority of the cases cited by Shankowski and RBEE concern circumstances where the "prime contract" had a specific, identifiable project. For example, in: (i) *Grey Owl Engineering Ltd. v Propak Systems Ltd.*, the prime contract contemplated the construction of a modular oil extraction facility;<sup>69</sup> (ii) *Pritchard Engineering Company v Coronach*, the prime contract contemplated the construction of a water supply line and other renovations at a water treatment plant;<sup>70</sup> (iii) *BW Investments Ltd v Saskferco Products Inc.*, the prime contract contemplated the construction of a fertilizer plant;<sup>71</sup> (iv) *Royal Bank of Canada v Saskatchewan Power Corporation*, the prime contract contemplated the construction of two electrical transmission lines;<sup>72</sup> (v) *Davidson Well Drilling Limited (Re)*, the prime contract contemplated the drilling of exploratory oil and gas wells;<sup>73</sup> (vi) *Trotter and Morton Building Technologies Inc v Stealth Acoustical & Emission Control Inc (Stealth Energy Services)*, the prime contract contemplated the construction of four pumphouse buildings for use on an oil sands project;<sup>74</sup> (vii) *MJ Limited (MJ Trucking) v Prairie Mountain Construction (2010) Inc*, the prime contract contemplated the construction of an administration building for the City of Calgary;<sup>75</sup> and, (viii) *Neptune Coring (Western) Ltd v Sprague-Rosser Contracting Co*, the prime contract contemplated the construction of a sanitary sewer system.<sup>76</sup>

## INTRODUCTION

1. On May 1, 2020, JMB Crushing Systems Inc. (“**JMB**”) and 2161889 Alberta Ltd. (“**216**” and together with JMB, the “**Applicants**”) commenced proceedings (the “**CCAA Proceedings**”) under the *Companies’ Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the “**CCAA**”) pursuant to an order granted by this Honourable Court which was subsequently amended and restated on May 11, 2020 (the “**ARIO**”). The ARIO provides for, among other things, the appointment of FTI Consulting Canada Inc. as Monitor in the CCAA Proceedings (the “**Monitor**”).
2. On May 20, 2020, this Honourable Court granted an order (the “**MD Lien Order**”) which provides for a process to address the validity of any builders’ lien claims associated with any work done of materials furnished with respect to:
  - a. the agreement between the Municipal District of Bonnyville No. 87 (the “**MD**”) and JMB, dated November 1, 2013, as subsequently amended (collectively, the “**MD Contract**”), and attached as Appendix “**A**”, pursuant to which JMB provided certain aggregate (the “**Product**”) to the MD and hauled the Product for stockpiling at the MD Lands (as defined below); and,
  - b. the MD Lands.
3. On May 29, 2020, this Honourable Court granted an order (the “**ED Lien Order**” and together with the MD Lien Order, the “**Lien Orders**”) which set out a similar process but with respect to a project involving 1598313 Alberta Ltd. and Kuwait Petrochemical Limited Partnership as owner and EllisDon Industrial Inc. (“**ED**”) as contractor (the “**ED Project**”). The processes set out in the Liens Orders are collectively referred to as the “**Builders’ Lien Protocol**”.
4. The purpose of this report to provide this Honourable Court and the Applicants’ stakeholders with information with respect to:

- a. the Builders' Lien Protocol established by the Lien Orders;
- b. a summary of the lien claims received by the Monitor ("**Lien Notices**") and the Monitor's determinations thereon (the "**Lien Determinations**"); and
- c. the two contested Lien Determinations filed by RBEE Aggregate Consulting Ltd. ("**RBEE**") and Jerry Shankowski and 945441 Alberta Ltd. ("**Shankowski**").

#### **TERMS OF REFERENCE**

5. In preparing this report, the Monitor has relied upon certain information (the "**Information**") including information provided by JMB concerning the various assets subject to the various transactions and JMB's unaudited financial information, books and records and discussions with senior management and the Chief Restructuring Advisor (collectively, "**Management**").
6. Except as described in this report, the Monitor has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would comply with Generally Accepted Assurance Standards pursuant to the Chartered Professional Accountants of Canada Handbook.
7. The Monitor has not examined or reviewed financial forecasts and projections referred to in this report in a manner that would comply with the procedures described in the Chartered Professional Accountants of Canada Handbook.
8. Future oriented financial information reported to be relied on in preparing this report is based on Management's assumptions regarding future events. Actual results may vary from forecast and such variations may be material.
9. Unless otherwise stated, all monetary amounts contained herein are expressed in Canadian dollars.

## BUILDERS' LIEN PROTOCOL

10. As described in the Affidavit of Jeff Buck, sworn May 20, 2020 and the First Report of the Monitor, dated May 8, 2020, JMB engaged subcontractors to perform certain services or furnish materials in respect of the corresponding contracts between JMB and either the MD or ED (the "**Work**"). The Applicants were unable to make payment in full for the services performed or materials furnished. As a result of this non-payment, a number of the subcontractors registered or claimed builders' liens (each, a "**Lien Claimant**") under the *Builders' Lien Act* ("**BLA**") in connection with the unpaid portions of the Work that was performed.
11. Both the MD and ED advised JMB that they would not pay any amounts owing to JMB until the liens registered against their respective lands had been discharged and a process for addressing such claims was established.
12. The Builders Lien Protocol was established to provide for the orderly determination of the Lien Claimants builders' liens claims under the BLA (the "**Lien Claims**"), remove the liens registered against the corresponding lands and facilitate timely collection of the outstanding accounts receivable from MD and ED.
13. Key components of the Builders' Lien Protocol were conducted as follows:
  - a. the MD and ED remitted to the Monitor the amount owing to JMB in respect of Work performed with certain amounts being held back in trust in exchange for the discharge of the Lien Claims (the "**Holdback Amount**") while the balance was remitted to JMB;
  - b. Lien Notices were submitted to the Monitor by each applicable Lien Claimant and the Monitor, in consultation with its legal counsel, following additional enquiries and information being received from JMB concerning the various Lien Claims, reviewed the validity and quantum of each of the Lien Claims submitted, in order to make a Lien Determination;

- c. following the issuance of the Monitor's Lien Determinations and the expiry of any corresponding period within which any parties could object to such Lien Determinations, all in accordance with the provisions and process set out in the Lien Orders:
- i. if Lien Claims were determined to be valid, the Monitor paid the Lien Claimant the validated Lien Claim out of the Holdback Amount;
  - ii. if the Lien Claims were determined not to be valid, the Monitor paid such portion of the Holdback Amount to JMB; and
- d. if a Lien Determination was disputed by the Lien Claimant, as done by RBEE and Shankowski, the Monitor continues to hold such portions of the Holdback Amount, as security for such claims.

#### SUMMARY OF LIEN CLAIMS

14. The Monitor received ten Lien Claims under the Builders' Lien Protocol which are summarized in the table below:

#	Claimant	Lien Amount (\$000s)	Date of Last Service	Date of Registration or Lien Notice	Monitor's Determination	Contested (Yes/No)
1	RBEE Aggregate Consulting Ltd.	\$ 1,271	6-Apr-20	15-May-20	Invalid	Yes
2	Jerry Shankowski and 945441 Alberta Ltd.	425	30-Apr-20	25-May-20	Invalid	Yes

4	Shamrock Valley Enterprises Ltd.	19	21-Mar-20	25-May-20	Invalid	No
5	Matt Silver Trucking Ltd.	16	20-Mar-20	22-Apr-20	Invalid	No

10	Matt Silver Trucking Ltd.	34	6-Mar-20	5-May-20	Invalid	No
<b>Total ED</b>		<b>242</b>				
<b>Total</b>		<b>\$ 2,041</b>				

15. Six Lien Claims were received as a result of the MD Lien Order, all of which were determined to be invalid due to the nature of the MD Contract and the Work performed thereunder, as discussed in more detail below.
16. Four Lien Claims were received with respect to the ED Project, of which the Monitor determined three to be valid and one to be invalid. The Lien Claim determined as invalid related to Matt Silver Trucking Ltd. which failed to register its lien within the 45 day window allowed since the date of the last service pursuant to the BLA.

### **CONTESTED LIEN DETERMINATIONS**

17. Two of the Lien Claimants contested the Lien Determination in respect of their Lien Claim, both of which relate to the MD Contract:
  - a. RBEE contested the Lien Determination with respect to its Lien Claim in the amount of approximately \$1.3 million. The RBEE Lien Claim and Lien Determination are attached to this report as Appendices B and C, respectively; and
  - b. Shankowski contested the Lien Determination with respect to its Lien Claim in the amount of approximately \$425,000. The Shankowski Lien Claim and Lien Determination are attached to this report as Appendices D and E, respectively.
18. Select background with respect to the MD Contract and details and each of the contested Lien Claims are set out below.

### **MD Contract**

19. JMB, through its amalgamation predecessor JMB Crushing Systems ULC, and the MD are parties to the MD Contract. Pursuant to the terms of the MD Contract, JMB was required to supply, haul, and stockpile 200,000 tonnes of aggregate, per year, to various stockpile sites, as designated from time to time by the MD. The stockpile site designated

by the MD for JMB to supply and stockpile crushed gravel, most recently, were the lands (the “MD Lands”) legally described as:

MERIDIAN 4 RANGE 5 TOWNSHIP 61  
SECTION 19  
QUARTER NORTH EAST  
CONTAINING 64.7 HECTARES (160 ACRES) MORE OR LESS

EXCEPTING THEREOUT:

	HECTARES	(ACRES) MORE OR LESS
A) PLAN 8622670 ROAD	0.416	1.03
B) PLAN 0023231 DESCRIPTIVE	2.02	4.99
C) PLAN 0928625 SUBDIVISION	20.22	49.96

EXCEPTING THEREOUT ALL MINES AND MINERALS

20. The Monitor is not aware of any construction projects taking place on, adjacent to, or in connection with, the MD Lands. The MD Contract is not based on any individual project, completion milestones, or specific Work.

**RBEE Lien Claim**

21. Although RBEE registered liens pursuant to the BLA on May 15, 2020, it was not until the RBEE Lien Notice was submitted to the Monitor on May 29, 2020 that a Lien Claim over all parcels of the MD Lands was asserted, 53 days after the date of last service. The RBEE Lien Claim is supported by the affidavit of David Howells (the “**Howells Affidavit**”). The Howells Affidavit asserts that rock and gravel excavated by RBEE was delivered to the MD Lands.
22. The purpose of the MD Contract was for the temporary stockpiling of Product for the MD’s future and general use. As such, with respect to the portion of the Lien Claim that was registered in time, it was determined by the Monitor that the RBEE Lien Claim does not constitute an “improvement” under the BLA which would give rise to corresponding lien rights as the Product was neither affixed to the MD Lands nor intended to be or

become part of the MD Lands and there was no specific project for which the Product was supplied. As a result, the Monitor determined the RBEE Lien Claim to be invalid.

23. Subsequent to the receipt of the RBEE Lien Claim, and in respect of its application to contest the Monitor's Lien Determination, RBEE filed new evidence through a supplemental affidavit of David Howells, sworn October 9, 2020 (the "**Supplemental Howells Affidavit**"). The Supplemental Howells Affidavit was not provided as part of RBEE's original Lien Notice.

#### **Shankowski Lien Claim**

24. The Shankowski Lien Claim is supported by an affidavit from Jerry Shankowski (the "**Shankowski Affidavit**") which discloses that Shankowski was party to an Aggregates Royalty Agreement where JMB was granted a license to extract sand, gravel and other aggregates from Jerry Shankowski's gravel pit (the "**Shankowski Pit**"). The Shankowski Affidavit asserts that certain of the material extracted from the Shankowski Pit ultimately was stockpiled at the MD Lands.
25. While the lands affected by the Shankowski lien Claim were not explicit, similar to its evaluation of the RBEE Lien Claim, the Monitor determined that the stockpiling of Product for the MD's future and general use does not constitute an "improvement" under the BLA which would give rise to corresponding lien rights. As a result, the Monitor determined the Shankowski Lien Claim to be invalid.
26. Subsequent to the receipt of the Shankowski Lien Claim, and in respect of its application to contest the Monitor's Lien Determination, Shankowski filed new evidence through a supplemental affidavit of Jerry Shankowski sworn October 10, 2020 (the "**Supplemental Shankowski Affidavit**"). The Supplemental Shankowski Affidavit was not provided as part of Shankowski's original Lien Notice.
27. Despite the new evidence filed in the Supplemental Howells Affidavit and the Supplemental Shankowski Affidavit, the Monitor's views on the validity and

enforceability of the Contested Lien Claims remain consistent with the original Lien Determinations.

**Re: In the Matter of JMB Crushing Systems Inc. ("JMB") and 2161889 Alberta Ltd., Court File No. 2001-05482  
Information request by 945441 Alberta Ltd. and Jerry Shankowski (collectively, "945")**

We have reviewed your request for information and have the following responses:

1. Please confirm if the Holdback Amount (as that term is defined in the Order of Madame Justice K.M. Eidsvik dated May 20, 2020, the "Order"), remains fully constituted in the amount of \$1,850,000.00 ("original amount").

Response provided by counsel for the Monitor.

2. If the Holdback Amount has been reduced from its original amount, then kindly advise as to the current balance of same, the date that any payment(s) out were made, as well as confirm in each case the amount paid and the payee.

Response provided by counsel for the Monitor.

3. If the Holdback Amount has been reduced from its original amount without formal order of the Court, then kindly advise as to the authority for same given paragraph 15 (c) of the Order states: "... and upon the Lien Determinations becoming final in respect of all the Liens, the Monitor shall pay the remaining Holdback Amount to JMB."

Response provided by counsel for the Monitor.

4. With respect to the amounts invoiced by JMB to MD of Bonnyville for the period up to and including April 30, 2020, and constituting the Funds (as that term is defined in the Order) please provide copies of each invoice of JMB that was provided to MD of Bonnyville as well as any supporting documentation that would have been provided by JMB to support entitlement for payment under the Terms and Conditions Agreement entered into between the MD of Bonnyville and JMB made and effective the 1st day of November, 2013 (the "Bonnyville Contract"). In addition, please confirm the exact billing period (and specifically the start date and end date for the entire billing period) that would correspond to the said invoices in respect to the Funds (the "Billing Capture Period"). I further require the dates of such rendered invoices, and if not dated then the date that they were first sent by JMB to the MD of Bonnyville.

8. Please provide copies of any further Statements of Account (including statement of materials removed from the pit) that JMB would have issued to 945441 Alberta Ltd., and relating to the calendar year 2019, (together with any attached ticket confirmation sheets), and corresponding to the Billing Capture Period, and confirm if any of those amounts stated as being payable to 945441 Alberta Ltd., were in fact paid, and if so then provide evidence of payment respecting same.

See above response to #7.

9. In the event that any Sealing Order of the Court in these proceedings captured and or contained documents which included the Bonnyville Contract, or portions thereof, then kindly identify those specific sealing orders and provide the referenced documents on the appropriate undertaking.

JMB has not sought any sealing orders in these proceedings in relation to the Bonnyville Contract.

10. Paragraph 21 of the Affidavit of Jeff Buck sworn May 8, 2020 states: "As a result of this non-payment, a number of the Subcontractors have registered liens under the Builders' Lien Act, RSA 2000, c B-7 against the Projects (the "Liens"). Copies of the Certificates of Title for the Projects against which the Liens have been registered are attached as Exhibit "A". Please confirm that Exhibit "A" referenced above only contained one (1) registered Lien against the lands of MD of Bonnyville, being the Lien in the amount of \$15,569.00 registered by Matt Silver Trucking Ltd., on April 24, 2020.

That is correct.

Sincerely,

Gowling WLG (Canada) LLP

Caireen E. Hanert

CEH

See attached under Tab 4 for the invoices provided by JMB to the MD of Bonnyville, along with supporting documentation. The period for which the Funds were captured is March 19 to April 30, 2020.

5. Please advise if MD of Bonnyville required from JMB any form of confirmation, declaration, affirmation, acknowledgment or other form of attestation in writing or otherwise from JMB in respect of JMB's trust obligations under paragraph 26 of the Bonnyville Contract, including as a condition or qualification of receiving payment from MD Bonnyville for any invoices from JMB rendered between November 1, 2013 and April 31, 2020. If so, please provide all copies of same.

See attached under Tab 5. To the best of JMB's knowledge, the only holdbacks with respect to the Bonnyville Contract were in 2018 and 2019.

In 2018, the holdback related only to hauling, as the hauling was done by subcontractors and JMB performed the crushing.

In 2019, the holdback related to the first crushing invoice for 75,000MT and all hauling, with the exception of hauling for December 2019, which was done by JMB instead of subcontractors. It is unclear why there was a holdback with respect to crushing, as all crushing for 2019 was done by JMB. To the best of JMB's knowledge, there was no statutory declaration provided to the MD of Bonnyville to release the payment.

There was no MD holdback in 2020.

Representatives from the MD of Bonnyville frequently visited the Shankowski pit during March and April 2020 when RBee Aggregate was crushing the extracted aggregate.

6. Please provide copies of all communications including correspondence, memoranda, letters, emails (and attached pdf's thereto), which fully disclose the complete chain and history of communications, discussions and negotiations between JMB (and including as represented by its legal counsel) and or the court appointed Monitor on the one hand, and the MD of Bonnyville (and including as represented by its legal counsel) on the other hand, respecting the payment by MD of Bonnyville of the amounts constituting the Funds (or any portion thereof), including without restriction any indemnity, undertaking and or release provided by either JMB or the court-appointed Monitor respecting any such payment(s).

See attached under Tab 6. The majority of the communications between counsel for the MD of Bonnyville with respect to the Order granted May 20, 2020 were by phone.

7. Please provide copies of the Statements of Account (including statement of materials removed from the pit) that JMB would have issued to 945441 Alberta Ltd (any reference in this document to 945441 Ltd., includes any such statements rendered to Jerry Shankowski), and relating to the months of January and February 2020 (together with any attached ticket confirmation sheets), and confirm if any of those amounts stated as being payable to 945441 Alberta Ltd., were in fact paid, and if so then provide evidence of payment respecting same.

See attached under Tab 7 for copies of the Statements of Account issued to 945 by JMB that relate to unpaid amounts. No royalties were due to 945 by JMB for January and February 2020.

Hi Tom, I have reviewed the revised agreement and the form is acceptable subject to: paragraph 5(c) wherein the reference to the word "paragraph" should be pluralized; and, obtaining the approval of my client. I have not been able to get a hold of Jerry this evening and I suspect he is working late in the fields. I will advise as soon as I am able.

**Re: Proceedings of JMB Crushing Systems Inc. ("JMB") and 2161889 Alberta Ltd. ("216", and together with JMB, the "Companies") under the Companies' Creditors Arrangement Act (the "CCAA")**

Reference is made to the following:

1. the proceedings of JMB and 216 under the CCAA (the "**CCAA Proceedings**") commenced on May 1, 2020 by an initial order of the Honourable Madam Justice K.M. Eidsvik of the Court of Queen's Bench of Alberta (the "**Court**") made on May 1, 2020, which Order was amended and restated by an Order made on May 11, 2020;
2. an asset purchase agreement dated as of September 28, 2020 (the "**APA**") between JMB and 216 as vendors and Mantle Materials Group, Ltd. ("**Mantle**") as purchaser, under which Mantle has agreed to purchase all of the right, title and interest of the Companies in certain core properties and assets of the Companies (the "**Property**", and such transaction, the "**Transaction**"), including the Royalty Agreement;
3. the Aggregates Royalty Agreement dated October 29, 2018 (the "**Royalty Agreement**") between JMB and Jerry Shankowski (945441 Alberta Ltd.) (the "**Royalty Holder**") in respect of the lands legally described as the North West and South West Quarters of Meridian 4, Range 7, Township 56, Section 21, County of St. Paul No. 19, Title Number 172 269 783 +5 (the "**Royalty Lands**");
4. JMB owes significant arrears to the Royalty Holder under the Royalty Agreement (the "**Monetary Arrears**"); and
5. builder's liens that have been registered against title to the Royalty Lands by J.R. Paine & Associates Ltd. on May 13, 2020 as Instrument No. 202 104 972 and by R Bee Aggregate Consulting Ltd. on May 15, 2020 as Instrument No. 202 106 447 (collectively, the "**Liens**").

The Transaction will be completed when all of the conditions precedent contained in the APA have been satisfied or waived, including the issuance by the Court of Orders approving the Sale Agreement and vesting the Property in Mantle free and clear of all claims, security and encumbrances (the "**Vesting Order**"), vesting all remaining assets and liabilities of JMB in 216 (the "**Reverse Vesting Order**"), assigning to Mantle the right, title and interest of JMB and 216 in certain contracts, and sanctioning a plan of arrangement of JMB and Mantle under the CCAA and *Business Corporations Act* (British Columbia) (collectively, the "**Orders**").

Mantle and the Royalty Holder wish to enter into an agreement amending certain provisions of the Royalty Agreement and setting out the basis on which the Royalty Holder is willing to consent to the vesting of the Royalty Agreement in Mantle.

Now therefore, for good and valuable consideration, Mantle and the Royalty Holder agree as follows:

- (a) The Royalty Holder consents to the vesting of the right, title and interest of JMB in and to the Royalty Agreement in Mantle pursuant to the Vesting Order.
- (b) Mantle will pay \$50,000 to the Royalty Holder on account of the Monetary Arrears and the Royalty Holder agreeing to the vesting of the right, title and interest of JMB in and to the Royalty Agreement in Mantle without requiring full payment from Mantle of the Monetary Arrears (the "**Mantle Payment**"), but without prejudice to any claim or entitlement of the Royalty Holder to the Monetary Arrears (less the Mantle Payment) as against JMB, or against 216 as a result of all liabilities of JMB being vested in 216, including the remaining Monetary Arrears. Mantle shall pay the Mantle Payment to the Royalty Holder promptly following the completion of the Transaction by wire transfer in accordance with wire transfer instructions provided by the Royalty Holder to Mantle.
- (c) Subject to paragraphs 5(b) to (e), the Royalty Holder shall have no claims against Mantle for the Monetary Arrears and as between Mantle and the Royalty Holder, the Royalty Agreement shall be deemed to be in good standing.
- (d) Mantle confirms that in accordance with Article VII of the Royalty Agreement, it will be solely responsible, including in its capacity as a registration holder, for all conservation and reclamation of the Royalty Lands, and that the obligations regarding conservation and reclamation do not constitute Monetary Arrears.
- (e) Mantle confirms that it will provide notice of change of corporate status (s. 2.1.6 of the *Code of Practice for Pits*) and become a *registered holder* in accordance with the provisions of the following: *Environmental Protection and Enhancement Act* R.S.A. 2000, c. E-12; *Conservation and Reclamation Regulation* Alberta Regulation 115/1993 as amended; *Activities Designation Regulation* Alberta Regulation 276/2003 as amended; *Approval and Registration Procedures Regulations* Alberta Regulation 113/93 as amended; and the *Code of Practice for Pits* (collectively the "**Reclamation Legislation**"), as applicable.
- (f) Paragraphs 5(a) to (e) of this amending agreement shall become effective upon the satisfaction or waiver (evidenced by written agreement of Mantle and the Royalty Holder) of the following conditions precedent, which shall be for the mutual benefit of both Mantle and the Royalty Holder:
  - (i) the Court shall have pronounced the Orders, which Orders shall not have been appealed, modified or set aside;
  - (ii) the Transaction shall have been completed;

- (iii) the Royalty Holder and Mantle shall have executed this amending agreement;
  - (iv) the Liens shall have been discharged from title to the Royalty Lands; and
  - (v) Mantle shall have become a "registered holder" in accordance with the Reclamation Legislation.
- (g) All of the terms and provisions of the Royalty Agreement, as amended by this amending agreement, remain valid, enforceable and in full force and effect, unamended except as provided by this amending agreement.
- (h) This amending agreement may be signed by the parties in counterpart, and electronic copies of signatures shall be treated as originals for all purposes.

The parties hereby agree to the forgoing.

Hi Tom, I have reviewed the revised agreement and the form is acceptable subject to: paragraph 5(c) wherein the reference to the word "paragraph" should be pluralized; and, obtaining the approval of my client. I have not been able to get a hold of Jerry this evening and I suspect he is working late in the fields. I will advise as soon as I am able.

Thank you.

Richard:

Tom had previously sent to you the Statements of Account for 2019 and 2020. I have uploaded to TitanFile the payable report for your client.

With respect to the \$1.00/MT issue:

- The aggregate supplied to the MD for 2020 was to be what it termed "modified" Dec 1 Class 12.5;
- The specifications for the "modified" Dec 1 Class 12.5 are identical to Des 2 Class 16, except the aggregate is 1/8" smaller than Des 2 Class 16 – the product supplied fits the specifications for Des 2 Class 16 pursuant to Alberta Transportation;
- Specifically, the "modified" Dec 1 Class 12.5 does not have the same specifications as Des 1 Class 12.5 as specified by Alberta Transportation;
- There was only one month where the "modified" Dec 1 Class 12.5 product was supplied to the MD – April 2020; and
- MD Invoices 10855 and 10864.01 list these amounts, which total 48,997.62 MT.

Hi Tom,

I also required a response to the question posed in my email below of Wednesday October 21, 2020. I have the amounts of the arrears but I do not have the amounts of any arrears for

7

the period of January 1, 2019 to November 30, 2019. Additionally, I require the amount that was underpaid to my client (\$1.00 per tonne) for the entire period of January 1, 2019 to August 31, 2020, and the break down of how that amount would relate to each of the monthly statements for the foregoing period. If it all possible could you provide that information to me asap and before noon. I wish to have a discussion with you regarding possible resolution but I need this information asap and time is of the essence.

Thank you.

Yours sincerely,
