# AFFIDAVIT OF: GAOYONG ZHANG (also known as FRANK ZHANG)

# AFFIRMED ON:

SEPTEMBER 13<sup>th</sup>, 2024

I, GAOYONG ZHANG (also known as FRANK ZHANG), of Calgary, Alberta, SOLEMNLY AFFIRM and DECLARE:

### Overview

1. I am the President of the Plaintiff, Henenghaixin Corp. ("**H Corp**"). As such, I have personal knowledge of the matters deposed to herein, except where I state that my evidence is based on information, in which case I believe such matters to be true.

Clerk's Stamp

2. I make this Affidavit in support of H Corp's opposition to any order approving a compromise, arrangement or transaction in respect of Long Run Exploration Ltd (the "Long Run") and Calgary Sinoenergy Investment Corp. ("Calgary Sinoenergy") (Long Run and Calgary Sinoenergy collectively, "CCAA Debtors") that shall divest or effectively extinguish the claims against those entitles by H Corp as set out in a Statement of Claim filed on February 28, 2020 in Court of King's Bench of Alberta Action No. 2001-03353 (the "Action"). H Corp also seeks leave to take procedural steps to prove it claim against the CCAA Debtors.

# Claims set out in the Action

- 3. Attached as **Exhibit** "1" is a copy of the Statement of Claim ("**SOC**") of H Corp that initiated the Action on February 28, 2020.
- 4. Besides the CCAA Debtors, the SOC lists as Defendants Tianzhou Deng ("**Mr. Deng**"), Xiaobo Deng Aka Lake Deng ("**Ms. Deng**"), and Michael Lam ("**Mr. Lam**").
- 5. H Corp claims that from approximately January to September 2017, while Mr. Deng was simultaneously a director of H Corp. and controlling mind and director of the CCAA Debtors, approximately \$44 million of the investment funds (the "**Diverted Funds**") received by H Corp were wrongfully diverted to the CCAA Debtors. The transfer of the Diverted Funds occurred at the direction of the Deng as assisted by the other personal Defendants.
- 6. The SOC sets out as causes of action breach of fiduciary duty, fraud, misrepresentation, knowing receipt and knowing assistance, conversion, conspiracy, fraudulent conveyance and unjust enrichment. It claims that Calgary Sinoenergy and Long Run have been unjustly enriched at H Corp's expense because of the receipt of the Diverted Funds and seeks, among other things, the declaration that funds and benefits received by the CCAA Debtors from H Corp are held on trust for its benefit and that H Corp. is entitled to trace the Diverted Funds into the accounts and assets of the CCAA Debtors.
- 7. Thus long before the CCAA process was initiated, indeed before China Construction Bank Toronto registered security against Long Run, H Corp had filed trust claims against the property of both CCAA Debtors. The claim against Calgary Sinoenergy would include trust claims in relation to its secured position in Long Run dating from 2016.
- 8. A number of steps have been taken in the Action and considerable evidence supporting these claims has been filed.<sup>1</sup> H Corp does not plan to file all this material in the present proceeding, but will refer to some of it and any affidavit can be provided as this Court wishes.

<sup>&</sup>lt;sup>1</sup> Affidavit of Gaoyong Zhang affirmed November 20, 2019 and filed April 3, 2020 (the "November 2019 Affidavit"); Affidavit of Gaoyong Zhang affirmed March 30, 2020 and filed April 3, 2020 (the "March 2020 Affidavit"); Affidavit of Gaoyong Zhang affirmed April 13, 2020 and filed April 14, 2020 (the "April 2020 Affidavit"); Affidavit of Mr. Steven Neu ("Mr. Neu") sworn May 21, 2021 and filed May 26, 2021 (the "May 2021 Affidavit of Mr. Neu"); Affidavit of David Middleton ("Mr. Middleton") sworn May 21, 2021 and filed May 26, 2021 (the "May 2021 Affidavit of Mr. Middleton"), Amended Affidavit affirmed October 15, 2021 and filed

### **Investment into H Corp**

- 9. As I stated in paragraph 4 of my November 2019 Affidavit, at least CAD\$43,765,699 of the funds provided to H Corp for investment purposes described below were misdirected from H Corp to the CCAA Debtors. The misappropriation appears to have been orchestrated by Mr. Deng with the assistance of Mr. Deng's daughter, Ms. Deng, and Mr. Deng's associate, Mr. Lam.
- 10. As set out below, the Diverted Funds had been provided by investor entities to fund H Corp's acquisition of distressed assets of Twin Butte Energy Ltd ("**Twin Butte**") and to fund the operation of an entity making use of those assets. The background to this investment is briefly set out below.
- 11. Pursuant to an Order of the Court of Queen's Bench of Alberta granted September 1, 2016, FTI Consulting Canada Inc. ("**FTI**") was appointed the receiver (the "**Receiver**") of Twin Butte.
- 12. On December 23, 2016, FTI, acting in its capacity as the Receiver Twin Butte, entered into a Purchase and Sale Agreement as Vendor respecting the assets of Twin Butte (the "**PSA**"). The Purchaser was Henenghaixin Operation Corp. ("**HOC**"), a wholly owned subsidiary of H Corp. HOC later changed its name to West Lake Energy Corp. ("**West Lake**").
- 13. Pursuant to the PSA, the purchase price payable by HOC/West Lake for the Assets (as defined in the PSA) was CAD \$266,000,000.00, plus GST and/or Sales Taxes, plus or minus any adjustments as provided for in the PSA. A copy of the PSA is attached to this affidavit as **Exhibit "2"**.
- 14. A PricewaterhouseCoopers ("**PwC**") Report dated November 18, 2019 (the "**PwC Forensic Report**", discussed in more detail below) describes the corporate structures and transactions that facilitated this acquisition. It does so in Appendix C and Appendix F, which are separately attached as **Exhibit "3"** and **Exhibit "4"**.
- 15. To summarize these transactions very briefly, limited partnerships formed under the law of the People's Republic of China, JiangYin Henenghaixin Investment Partnership ("JiangYin LP") and Wuhan Changxin Hesheng Industrial Investment Fund Partnership ("Wuhan LP") (collectively the "Limited Partnerships"), contributed funds towards the acquisition and capitalization of West Lake assets via H Corp. (the "H Corp Investment Purpose").
- 16. JiangYin LP contributed RMB \$850 million (RMB being Renminbi, the official currency of the PRC) and Wuhan Changxin LP contributed RMB \$950 million. The total amount of investment of

August 4, 2023 (the "October 2021 Amended Affidavit"); Affidavit of Record of Henenghaixin Corp sworn by Gaoyong Zhang July 14, 2021 and served on defendants July 14, 2021, (the "AOR of H Corp"); Affidavit of Gaoyong Zhang affirmed September 22, 2022 and filed September 23, 2022 (the "September 2022 Affidavit"); Affidavit of Gaoyong Zhang both affirmed and filed November 8, 2022 (the "November 2022 Affidavit"); and Affidavit of Gaoyong Zhang affirmed April 18, 2023 and filed April 20, 2023 (the "April 2023 Affidavit").

Jiangyin LP and Wuhan LP is RBM\$1.8 billion and was converted into CAD \$352.2 million (the "Investment Fund of H Corp").

- 17. In order to comply with Chinese currency control laws, banks were involved in providing funds to a British Virgin Islands entity named York City Enterprise Inc. ("**York City**"). York City then advanced the Investment Funds of H Corp to H Corp. York City had originally been owned by a Deng-controlled entities, but as part of the arrangement with the Limited Partnerships its parent company, because indirectly owned by the Limited Partnerships. See Exhibit 3.
- 18. Contracts entitled Agreement on Investment in Twin Butte Energy Ltd. are attached as Exhibit "5" and Exhibit "6". As Deng had promoted this investment, he was a party to these agreements. It is clear that under these Agreements that the goal of the investment was the H Corp. Investment Purpose (acquisition and capitalization of the Twin Butte assets), not any other endeavour or operation, certainly not the creation of some kind of credit facility for Deng's other businesses.
- 19. The definition of "This Transaction" in both Agreements was the:

...proposed indirect investment in all the assets held by TB (i.e. Twin Butte), including the rights of petroleum and natural gas, tangible assets and other interests.

- 20. In order to make the assets of Twin Butte productive, West Lake needed operation funds. The Limited Partnerships needed to contribute about \$80 million of the Investment Fund of H Corp to West Lake to operate and develop the assets of Twin Butte ("West Lake Operation Investment Funds").
- 21. Unfortunately, not all of H Corp.'s West Lake Operation Investment Funds made it to West Lake, but were diverted to Long Run, an entity that was not tied to the Limited Partnerships or the H Corp Investment Purpose.

#### **False Bank Statement**

- 22. As stated in Affidavits filed in the Action, the discovery of the diversion of funds occurred as follows:
  - (a) in October 2018, Wuhan LP and JiangYin LP sent representatives to Calgary, Alberta to ensure that H Corp and West Lake were being operated properly, with the West Lake Operation Investment Funds left after the acquisition of Twin Butte assets applied to operations, and to ensure the value of the investment into West Lake.

I was one of those representatives. I was to examine the cash flow and net profit of West Lake and otherwise ensure that West Lake was being run appropriately, to give assurances to Wuhan LP and Jiangyin LP that their investment in H Corp and West Lake was safe.

- (b) during the week of October 15, 2018, the other representatives and I met with Mr. Lam and Ms. Deng several times at the office of the law firm Borden Ladner Gervais LLP ("BLG") and at the offices of Long Run. BLG was counsel to West Lake and H Corp.
- (c) during one of the meetings, Mr. Lam and Ms. Deng showed the other representatives and I what they asserted were West Lake's audited financial statements for the period ending December 31, 2017 the ("False Financial Statements") attached as Exhibit "7" as well as two boxes of bank account statements for the period ending October 2018 for West Lake ("False Bank Statements"). We were not allowed to take the False Bank Account Statements; however, one of the representatives took pictures of them and provided copies.
- (d) during this period of time, Mr. Lam, Ms. Deng, Mr. Kevin Kang Liu ("Mr. Liu"), a representative of Wuhan LP, Qi Guo ("Mr. Guo"), a representative of JiangYin LP and I corresponded frequently over WeChat. As reflected in the WeChat communications:
  - Mr. Lam and Ms. Deng asked Mr. Liu, Mr. Guo and I not to mention the False Bank Statements during a meeting scheduled with West Lake's management; and
  - Mr. Liu and Mr. Guo also asked about the West Lake Operation Investment Funds, i.e. the approximately CAD \$81 million of working capital that was to be invested in West Lake.
  - (iii) The account statement of West Lake as provided by Mr. Deng and Mr. Lam showed the balance of \$81 million. (Exhibit "8" pp. 2, 4, 8 and 9)
- (e) based on our review of the False Bank Statements provided to us by Mr. Lam, Mr. Liu, Mr. Guo and I understood that West Lake had approximately CAD \$80 million in assets to operate the Twin Butte assets through West Lake.
- (f) after reviewing the False Bank Statements, Mr. Liu, Mr. Guo and I were satisfied that West Lake was being operated properly and left Calgary on October 23, 2018.
- (g) we then returned to Calgary on January 16, 2019, and attended a meeting at West Lake's office on January 18, 2019, with David Middleton ("Mr. Middleton"), CEO of West Lake, Alan Steele ("Mr. Steele"), CFO of West Lake and Mr. Neu, a director of West Lake to review West Lake's operations and cash flow.
- (h) we learned in the January 18, 2019, meeting that West Lake had only received approximately CAD \$42 million of the Operating Funds. West Lake should have received the entirety of the West Lake Operating Funds pursuant to the Investment Agreements. Mr. Liu, Mr. Guo and I showed Mr. Middleton, Mr. Steele and Mr. Neu the False Bank Statements that were previously provided to us by Mr. Lam.

- Mr. Middleton, Mr. Steele and Mr. Neu then provided us copies of West Lake's actual audited financial statements ("Real Financial Statements") attached to the affidavit as Exhibit "9".
- (j) the Real Financial Statements showed that the False Financial Statement of West Lake as provided by the team of Mr. Deng had been falsified. The Real Financial Statements showed lower values than the False Financial Statements for cash, exploration and evaluation, and for the share capital portion of shareholder's equity. During the meeting, we checked the Real Financial Statements against the Fake Financial Statements, and also reviewed the False Bank Statements

### **Fraudulent Transfer of Funds**

- 23. Investors in H Corp. began to make inquiries about the missing funds. One of the individuals who provided information was Mr. Neu. In May 2021, Mr. Steven Neu sworn an Affidavit in the Action. I attach a copy of his May 2021 Affidavit as Exhibit "10" to show the Court the quality of the evidence H Corp can present at trial. I am not attaching all of the exhibits, although these can be provided as requested.
- 24. Mr. Neu indicated he was a Calgary Sinoenergy employee who, at the direction of a cousin of Mr. Deng, accepted a role as a director of H Corp and was then appointed President and CEO. Further, at the direction of Mr. Lam, he stated he would confirm, if asked by the bank, transfers from H Corp to West Lake that Mr. Lam initiated via ATB. He assumed H Corp was one of the corporations controlled by Deng and that Mr. Lam had authority to initiate such transfers.
- 25. Mr. Neu stated that between April 13, 2017 and September 5, 2017 Mr. Lam instructed ATB through email to transfer funds totalling CAD\$93,356,491 from H Corp to Calgary Sinoenergy. Mr. Lam set Mr. Neu up as a co-signer for H Corp's bank account with ATB. He copied Mr. Neu on emails he sent to ATB instructing them to transfer funds from H Corp to Calgary Sinoenergy. Mr. Lam instructed ATB to make the following transfers from H Corp to Calgary Sinoenergy:
  - (a) \$15,000,000.00 on April 13, 2017;
  - (b) \$10,000,000.00 on April 18, 2017;
  - (c) \$22,000,000.00 on June 2, 2017;
  - (d) \$500,000.00 on June 2, 2017;
  - (e) \$11,150,000.00 on July 5, 2017;
  - (f) \$31,000,000.00 on July 12, 2017;
  - (g) \$3,596,491.00 on July 13, 2017; and
  - (h) \$110,000.00 on September 5, 2017

- 26. When issues regarding the transfers original came to light, the Limited Partnerships engaged Bennett Jones LLP to assist with recovering funds originally invested through H Corp. (Bennet Jones is now counsel to FTI in its current role of court-appointed Monitor (with enhanced powers) of the CCAA Debtors ("Monitor of CCAA Debtors")). As noted above, Bennett Jones in turn retained PwC to provide forensic assistance with respect to alleged diversion of funds to unrelated entities from H Corp.
- 27. As I stated in paragraph 5 of my March 2020 Affidavit, PwC conducted a forensic analysis of the financial transactions surrounding the investment of over \$350,000,000 CAD into H Corp, and a flow of funds analysis of H Corp.'s bank account. The full PwC Forensic Report dated November 18, 2019, is attached to this my current affidavit as **Exhibit "11"**.
- 28. As the Table 2 of PwC Forensic Report (*Henenghaixin's Transactions with Calgary Sinoenergy*) indicates, during the period April 12, 2017, to September 5, 2017, 8 transactions transferring funds were made from the bank account of H Corp to Calgary Sinoenergy in a total amount of \$93,356,491. Calgary Sinoenergy received *net* payments of \$76,956,491 CAD from H Corp. taking into consideration transfers back from Calgary Sinoenergy.
- 29. In the PwC Forensic Report, PwC made the following findings in its Executive Summary among others:
  - (a) CAD\$77,006,491 in net payment from H Corp's bank accounts which were paid to the entities unrelated to Wuhan LP and JiangYin LP but connected to Deng, that is Calgary Sinoenergy, Long Run and Alberta Sinoenergy Petroleum Corporation (the "Unrelated Entities"), for the purposes unrelated to the Investment of H Corp, including
    - (i) CAD\$76,956,491 in net payment from H Corp's bank account to Calgary Sinoenergy; and
    - (ii) CAD\$150,000 from H Corp's bank account to Long Run.
  - (b) Further, CAD\$33,240,792 in payments were made by the Unrelated Entities in relation to toward the investment purpose of H Corp.
- 30. The payments by the Unrelated Entities consisted of Calgary Sinoenergy paying a deposit to FTI in relation to the acquisition of Twin Butte and New Star Energy Ltd. ("**New Star**") making a payment at the closing of that transaction.
- 31. As well, Calgary Sinoenergy and Long Run made payments to York City in relation to its loans that were to facilitate the acquisition of Twin Butte. See PwC Forensic Report, see **Exhibit 11** at pp. 12-13.
- 32. The result of these transfers in and out of H Corp is a net outflow from H Corp of \$43,765,669 CAD to Unrelated Entities for purposes unconnected to the H Corp Investment Purpose.

### Acknowledgement of Receipt of Diverted Funds and Transfer to Long Run

- 33. The Shanghai Stock Exchange made inquires of the parent company of Calgary Sinoenergy, Changchun Sinoenergy Corporation ("Sinoenergy"), regarding matters raised in the Action. That entity responded in an announcement dated June 5, 2020 (the "Sinoenergy Announcement of June 2020") on the "Inquiry Letter on Litigation Matters Concerning the Overseas Holding Subsidiary of Changchun Sinoenergy Corporation" from the Shanghai Stock Exchange on May 8, 2020".
- 34. A copy of the Sinoenergy Announcement of June 2020 with a certified translation is attached to this affidavit as **Exhibit "12"**.
- 35. In the Sinoenergy Announcement of June 2020 Sinoenergy admitted as follows:
  - that Calgary Sinoenergy received \$93,356,491.00 from H Corp during the period April 12, 2017, to September 5, 2017.
  - (b) after Calgary Sinoenergy received the funds from H Corp, it transferred \$92,150,000.00 from Calgary Sinoenergy to Long Run.
  - (c) The bank ending balance of Long Run on September 30, 2017 was \$45,415,338.31.

### Purported Shareholder Declaration of H Corp and Purported York City Loan Agreement

- 36. In the course of the Action, no party has produced an agreement between *H Corp* and the CCAA Debtors justifying the transfers described above. Documents involving York City have been introduced.
- 37. In an affidavit of August 6, 2020, Mr. Lam provided a copy of a Shareholder's Declaration of H Corp. dated April 10, 2017 (the "**Purported Shareholder Declaration of H Corp**") and a copy of a purported York City Loan Agreement (the "**Purported York City Loan Agreement**"). These are attached as **Exhibit "13"** and **Exhibit "14"**.
- 38. When directors of H Corp. and West Lake, York City, Wuhan LP, and JiangYin LP, Mr. Liu, Mr. Guo and I learned of the Purported Shareholder Declaration of H Corp. and the Purported York City Loan Agreement in June 2020 or August 2020, we were shocked and began an investigation. The following facts raised suspicious:
  - (a) the fact that H Corp was not a party to Loan Agreement, though it was being held up as a reason for H Corp to transfer millions of dollars;
  - (b) the Purported York City Loan Agreement lacked commercial terms a party would expect for such a large loan, particularly regarding collateral security and interest, and from that point of view the purported "loan" made no commercial sense;
  - (c) there was no documentation provided surrounding its drafting or execution;

- (d) York City never request H Corp to perform the Purported York City Loan Agreement on its behalf;
- (e) no original copy of the Signed Shareholder Declaration of H Corp and Purported York City Loan Agreement could be provided by Calgary Sinoenergy or Long Run upon request of H Corp's counsel; and
- (f) our inquiries with the Limited Partnerships indicated that they were unaware of its existence and had not approved of it.
- 39. Below we briefly describe evidence gathered regarding the Purported Shareholder Declaration of H Corp. and the Purported York City Loan Agreement.
- 40. The Sinoenergy Announcement of June 2020 admits that, because the debt relating to these transfers was above RMB 10 million (roughly \$2 million CND), the listed parent of Calgary Sinoenergy and Long failed in its obligations both to disclose publicly the transactions and to submit them to the Board for approval, as require by Chinese securities law. See Exhibit 12 at page 4. I believe this failure to seek Board approval and disclose to the market these transfers occurred because the Purported York City Loan Agreement was fabricated and Deng did not want the transfers to be known by the Limited Partners or the directors of H Corp.
- **41.** The Form 14 Statutory Declaration (the "**Statutory Declaration of Calgary Sinoenergy**") provided by Calgary Sinoenergy, as ordered by the Alberta Court of Queen's Bench, lists York City owing \$5,091,608.48 to Calgary Sinoenergy as of March 31, 2020, is attached as **Exhibit "15"**.
- 42. All current directors of H Corp as of June 2020, including Mr. Jun Xiong ("Mr. Xiong"), Mr. Deshuang Yu ("Mr. Yu"), Mr. Neu and Mr. Haipeng Tu ("Mr. Tu"), confirmed in writing to H Corp that none of them nor the Wuhan LP nor JiangYin LP were aware of the existence of the Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement until June 2020. The statements are attached as Exhibit "16".
- 43. In the course of the Action, H Corp learned that the signature appearing on the Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement was supposedly that of Ms. Xu Bo Wang. She was sole director of York City from January 6, 2017, until August 8, 2018, and otherwise worked for Deng at the time. Deng had apparently appointed her director before Chaungchun Sinoenergy lost its majority ownership of York City as part of the transactions described above and in the PWC Forensic Report.
- 44. In or around August 5, 2020, Xu Bo Wang was interviewed by Qi Guo, a representative of Jiangyin LP, about this signature. She indicated that: she acted as a director of York City at Deng's direction; she would not have known the "real situations" involving any York City Loan Agreement had she signed at Deng's direction; Deng may have "cut and pasted" her signatures; the signatures on the documents looked identical and smaller than her handwriting so it is unlikely she signed. A copy of her interview transcript is attached as **Exhibit "17**".

- 45. H Corp, through legal counsel, retained Samiah Ibrahim ("Ms. Ibrahim") to assist in determining the authenticity of the signature on the Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement. See Exhibit 13 and Exhibit 14. Ms. Ibrahim stated in her Forensic Report of September 7, 2021 (the "Forensic Report on Signatures") attached as Exhibit "18" that the signature of Ms. Wang on both the Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement share near identical form. This would suggest that Ms. Wang did not physically sign the documents, a point H Corp would like to establish at trial.
- 46. The party who supposedly signed the signed Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement on behalf of Calgary Sinoenergy was Mr. Yingchun Wu, a director of Calgary Sinoenergy at the time. I met with him in Red Deer in 2021 to discuss the matter. He could not recall that these documents were ever discussed with him or that he signed them. He had been a classmate of Mr. Deng brought over to assist with Calgary Sinoengery as an engineer. What he told me is consistent with his Defence to Third Party Notice attached as Exbibit "19".
- 47. I further confirm that we have learn in the course of investigation and the Action that:
  - (a) In its Statement of Defense filed February 11, 2021, Calgary Sinoenergy denied the existence of the Purported York City Loan Agreement.
  - (b) No one from the defendants ever provided any record of emails, correspondence, notes, minutes, drafts in connection with any discussion, negotiation or execution of the Purported Shareholder Declaration of H Corp and the Purported York City Loan Agreement.
  - (c) Neither H Corp nor York City ever received any interest payment by Calgary Sinoenergy under the Purported York City Loan Agreement as is clear from the PWC Report.
  - (d) Neither the Purported Shareholder Declaration of H Corp nor the York City Loan Agreement was ever found in H Corp's minute book.
- 48. Current counsel for H Corp. is of the view that any issues relating to the Purported Shareholder Declaration of H Corp. and the Purported York City Loan Agreement should be dealt with at trial as soon as possible.

### Misconduct by Deng and other Defendants

- 49. Based on the foregoing and in relation to the current CCAA proceeding, an issue is whether misconduct by Deng and others has led to unjust enrichment by Long Run and Calgary Sinoenergy to the detriment of H Corp.
- 50. In that regard, we note Long Run has claimed in its Third-Party Notice to Deng that he authorized an inappropriate transfer and breached fiduciary duties to Long Run. It also makes claims against Lam and seeks trust remedies. That Third-party Notice is attached as **Exbibit "20"**.
- 51. Further, in the wake of Sinoenergy going into receivership and being delisted from Shanghai Stock Exchange ("SSE"), Deng has been found liable for regulatory misconduct in the area of financial

disclosure. Attached to my affidavit are the decisions of the SSE as **Exhibit "21"**, the CSRC Beijing Bureau Decision as **Exhibit "22"** and the CSRC Jilin Bureau Decision as **Exhibit "23"**.

### **Procedural History**

- 52. The Action has proceeded through a number of applications. In those proceedings, a considerable amount of affidavit material has been filed and cross-examinations have taken place. This may reduce the number of pre-trial steps left for the parties to take.
- 53. On April 23, 2020, H Corp applied *ex parte* for an attachment order/Mareva injunction/disclosure order (the "Attachment Order") against Mr. Deng, Ms. Deng, Mr. Lam and the CCAA Debtors. The order was granted by Justice B. E. Romaine on April 24, 2020.
- 54. The defendants of the Fraud Claim of H Corp subsequently sought to set aside the Attachment Order. On March 3, 2021, Justice B. E. Romaine decided:
  - (a) on the application of Mr. Deng, Ms. Deng and Mr. Lam:
    - (i) the *ex parte* order is confirmed as it relates to Mr. Deng, Ms. Deng and Mr. Lam.
    - (ii) the order will terminate three months from the date of the decision unless H Corp provides affidavits from Mr. Neu and Mr. Middleton.
  - (b) on the application of the CCAA Debtors, the pre-trial attachment order against the CCAA Debtors must be set aside.
- 55. A copy of the Decision of Justice Romaine of March 3, 2021, is attached to this affidavit as **Exhibit** "24".
- 56. H Corp provided the May 2021 Affidavit of Mr. Neu and the May 2021 Affidavit of Mr. Middleton in compliance with the order of Justice B. E. Romaine of March 3, 2021.
- 57. Mr. Deng, Ms. Deng and Mr. Lam appealed to the Court of Appeal of Alberta from the order of Justice Romaine of March 3, 2021.
- 58. The Court of Appeal of Alberta allowed the appeal and set aside the Attachment Order/Mareva granted with respect to Mr. Deng, Ms. Deng and Mr. Lam. A copy of Memorandum of Judgment by Justice Marina Paperny, Justice Peter Martin, and Justice Jo' Anne Strekaf of August 22, 2022, is attached to this affidavit as **Exhibit "25"**. The primary concern of the court of Appeal appears to have been the lack of direct evidence from individuals such as Mr. Neu and Mr. Middleton at the time of Justice Romaine's Decision, although H Corp did provide affidavits from those individuals after the fact.

# **Rule 7.1 Application**

- 59. H Corp filed an application (the "**Rule 7.1 Application**") on October 18, 2021, and sought an Order including:
  - (a) Directing that the following issue be determined before trial, pursuant to Rule 7.1 of the Alberta, Rules of Court Alta Reg 124/2010:

(i) Whether the Purported Shareholder Declaration and the Purported Loan Agreement are false or forged documents, or authentic documents;

(b) Following trial of this issue, granting H Corp a declaration that the Purported Shareholder Declaration and the Purported Loan Agreement are false or forged documents.

- 60. There was some hope that this application would shorten the proceedings. Considerable affidavit material was filed by H Corp, Lam, Deng and Lake Deng in the motion and cross-examination took place.
- 61. It proved difficult to obtain a full day special from the Court and a hearing did not take place until September 23, 2023.
- 62. On January 24, 2024, Justice Gaston rendered her decision and denied the Rule 7.1 Application. She determined that issues raised by the Plaintiff should proceed to trial with all other issues.

### Third Party Claim by Mr. Deng, Ms. Deng and Mr. Lam against Mr. Xiong and Mr. Yu.

- 63. On December 13, 2022, third party defendants Mr. Xiong and Mr. Yu filed application for an Order:
  - (i) Setting aside the *ex parte* service *ex juris* Order of Applications Judge Farrington granted October 7, 2021, filed October 15, 2021 (the Service Order), on the basis that the Third Party Claim of Michael Lam (Lam), filed May 3, 2021, (the TPC) does not establish a good arguable case against the Mr. Xiong and Mr. Yu or a real and substantial connection between Alberta and the facts on which the claims advanced against the Mr. Xiong and Mr. Yu are based; and
  - (ii) Setting aside service of the TPC ex juris on Mr. Xiong and Mr. Yu in the People's Republic of China (PRC);
- 64. On April 15, 2024, Justice J. R. Ashcroft pronounced her order that, among others:
  - (a) the Lam Service Ex Juris Order is set aside
  - (b) the Deng Service Ex Juris Order permitting Ms. Deng to serve ex juris Mr. Yu and Mr. Xiong is set aside.
  - (c) the Deng Service Ex Juris Order permitting Mr. Deng to serve ex juris Mr. Yu and Mr. Xiong is varied to allow only service ex juris of those Third Party claims by Mr. Deng against Mr. Yu and Mr. Xiong for contribution or indemnity that arise from alleged

breaches of any duties Mr. Yu and Mr. Xiong owed to H Corp in their respective roles as directors of H Corp. or that arise from Mr. Yu and Mr. Xiong being liable for insufficient oversight or insufficient internal control at H Corp.

65. A copy of the order of Justice J. R. Ashcroft of April 15, 2024 is attached to this affidavit as **Exhibit** "26".

### Difficulties and Delays with the AOR and Undertakings of the CCAA Debtors

- 66. As I stated in my April 2023 Affidavit,
  - (a) the Affidavit of Records of H Corp was sworn and served on July 14, 2021, and H Corp has produced 3,172 records.
  - (b) H Corp obtained an order on March 3, 2022 compelling the CCAA Debtors to serve their Affidavit of Records no later than April 1, 2022.
  - (c) The CCAA Debtors served their Affidavit of Records on H Corp on April 14, 2022.
  - (d) The CCAA Debtors listed (and produced) only 26 records in Schedule 1 to their Affidavit of Records. The Affiant of the AOR of the CCAA Debtors was Jie Huang.
  - (e) On December 13, 2022, counsel for H Corp served counsel for the CCAA Debtors a Notice of Appointment for Questioning and sought to question the CCAA Debtors on their Affidavit of Records.
  - (f) Despite several requests, by April 18, 2023, the CCAA Debtors had failed to provide a corporate representative to be questioned on the AOR of the CCAA Debtors.
- 67. On May 8, 2023, Judge Farrington pronounced an order that required the CCAA Debtors to produce a Supplemental Affidavit of Records on or before June 15, 2023 and to produce the Corporate Representative for cross-examination on the CCAA Debtors' Affidavit of Records by July 7th, 2023.
- 68. A copy of the order of Judge Farrington of May 8, 2023 is attached to this affidavit as Exhibit "27".
- 69. A supplemental Affidavit of Records was sworn on or about June 15, 2023, a copy of which is attached as **Exhibit "28"**. A representative of the CCAA Debtors was questioned by counsel for H Corp on or about August 21, 2023.
- 70. In the course of questioning on their Affidavits of Record, the CCAA Debtors gave a series of 29 undertakings, the last of which was taken under advisement. Several of the undertakings relate to production of financial information relevant to the transfers and use of the funds that H Corp claims were fraudulently transferred to the CCAA Debtors. A list of the undertakings provided is attached hereto as **Exhibit "29"**.

71. H Corp's former counsel followed up repeatedly regarding these undertaking. Attached to the affidavit as **Exhibit "30"** is redacted email from JSS to Caron Partners, dated March 27, 2024. To my knowledge, none of the undertakings have been answered. It is important to have answers to these questions in relation to the tracing of the Diverted Funds.

## Stalking Horse Bid of the CCAA Debtors

- 72. On July 23, 2024, H Corp received a copy of the Application of the Monitor of the CCAA Debtors with the proposed form of Second Amended and Restated Initial Order attached thereto, a document of 199 pages, only 5 business days before the hearing on July 30, 2024.
- 73. On July 28, 2024, Andrew Wilson KC ("**Mr. Wilson**"), counsel for H Corp sent an email to Kelsey Meyer ("**Ms. Meyer**"), counsel for the Monitor of the CCAA Debtors and raised objection to the following relief sought in the Application returnable July 30, 2024:

"approving the terms of a stalking horse subscription agreement between the Debtor, Long Run Exploration Ltd. ("LRE") and Hiking Group Shandong Jinyue Int't Trading Corporation or its nominee (the "Stalking Horse Bidder") dated July 23, 2024 (the "Stalking Horse Bid")."

- 74. A copy of the email of Mr. Wilson to Ms. Meyer of July 28, 2024, is attached to the affidavit as **Exhibit 31**".
- 75. On July 30, 2024, Mr. Wilson sent a letter to Justice Little and informed the court that H Corp intended to object to the proposed relief sought at the hearing set for July 30, 2024.
- 76. A copy of the letter of Mr. Wilson to Justice Little of July 30, 2024, is attached to my affidavit as **Exhibit "32"**.
- 77. H Corp then engaged Douglas Nishimura of Field LLP to deal with matters directly relating to the CCAA proceedings. He has written to counsel for the Stalking Horse Bid setting out his concerns about the Stalking Horse Bid, which correspondence is attached to my affidavit as **Exhibit "33"**.

### Next steps in the Action

- 78. On August 26, 2024, H Corp. filed a Notice of Change of Solicitors naming Robert Stack of Wilson Laycraft as its counsel in the Action. On around the same time, H Corp retained Douglas Nishimura of Field LLP to assist it with the CCAA process.
- 79. Mr. Stack plans to propose that:
  - (a) H Corp apply for the setting of trial dates by order pursuant to the pilot project announced by the Court in April 2024.
  - (b) H Corp apply to compel production of documents and completion of undertakings by Long Run, particularly in relation to the use of the H Corp funds it admittedly received.

- (c) H Corp apply for a procedural order directing that pre-trial questioning occur on an expedited basis considering the urgency of this matter and the fact that considerable crossexamination has already occurred.
- 80. Attached is a draft procedural order formulated by Wilson Laycraft. Exhibit "34".
- 81. Mr. Stack advises that for these applications to take place in a manner that affects the CCAA Debtors, the stay of proceedings protecting the CCAA Debtors needs to be lifted for the purposes of the Action. As H Corp is not seeking to collect immediate damages from Long Run, but rather the declaration of constructive trust over a portion of its property, we do not think that the continuation of the Action to trial would endanger the operations of Long Run as it otherwise proceeds through restructuring.

#### Concerns about the Stalking Horse Bid

82. A review of the Subscription Agreement and Reverse Vesting Order proposed by the Stalking Horse bidder indicates the proposed transaction would transfer H Corp's claim to a Newco which has no assets, which would therefore extinguish H Corp's claim without any compensation. In fact, no creditors aside from certain tax authorities will be paid under the transaction.

### **NOTICE TO DEFENDANT(S)**

You are being sued. You are a Defendant.

Go to the end of this document to see what you can do and when you must do it.

#### Note: State below only facts and not evidence (Rule 13.6)

### Statement of facts relied on:

 The Plaintiff, Henenghaixin Corp. ("H Corp."), is a corporation incorporated pursuant to the laws of Alberta. H Corp. is an indirectly wholly owned subsidiary of two limited partnerships located in the People's Republic of China ("PRC"): Jiangyin Henenghaixin Investment Partnership ("Jiangyin LP") and Wuhan Changxin Hesheng Industrial Investment Fund Partnership ("Wuhan LP"). H Corp. is the sole shareholder of West Lake Energy Corporation ("West Lake"), a corporation incorporated pursuant to the laws of Alberta.

- 2. The Defendant, Calgary Sinoenergy Investment Corporation ("**Calgary Sinoenergy**"), is a corporation incorporated pursuant to the laws of Alberta.
- 3. The Defendant, Long Run Exploration ("Long Run"), is a corporation incorporated pursuant to the laws of Alberta. Long Run is a wholly-owned subsidiary of Calgary Sinoenergy.
- 4. The Defendant, Tianzhou Deng, is an individual ordinarily resident in Beijing, in the PRC. Mr. Deng is a well-known businessman in the PRC. Mr. Deng is a former director of the Plaintiff, H Corp., having served as a director of H Corp. from November 23, 2016 to September 21, 2017. Mr. Deng is also a director of Calgary Sinoenergy, a director of Long Run, and a director of West Lake.
- 5. The Defendant, Xiaobo Deng, also known as Lake Deng, is an individual ordinarily resident in Calgary, Alberta. Ms. Deng is Mr. Deng's daughter. Ms. Deng is a former director of West Lake, having served as a director of West Lake from April 2, 2017 to April 19, 2018. Ms. Deng is also a director of Long Run.
- 6. The Defendant, Michael Lam, is an individual ordinarily resident in Calgary, Alberta. Mr. Lam is a trusted advisor of Mr. Deng and a business associate of Ms. Deng.
- 7. Both Ms. Deng and Mr. Lam represented themselves as having authority to direct the affairs of H Corp. and West Lake as delegates of Mr. Deng. They held out Mr. Deng as being the ultimate owner of controller of H Corp. As outlined below, they had no such authority. However, under the pretenses of having such authority, Ms. Deng, Mr. Lam, and Mr. Deng wrongfully removed tens of millions of dollars from H Corp., as detailed below.
- 8. The Defendants John Doe and ABC Corporation are individuals and corporations who participated in the acts described below, or have received some or all of the funds so misappropriated, the identity of which is currently only known to the other Defendants.

### Background

- 9. Through a series of subsidiaries, Jiangyin LP and Wuhan LP contributed a combined CAD\$352.5 million to H Corp. for the purpose of (i) acquiring the assets of Twin Butte Energy Ltd. ("Twin Butte"), an Alberta-based oil and gas firm, out of receivership, and (ii) providing the working capital required to operate the assets once purchased (the "Investment Funds").
- 10. In March 2017, the Twin Butte assets were ultimately acquired by West Lake, a whollyowned subsidiary of H Corp., for a purchase price of CAD\$266,000,000.00, less adjustments of CAD\$3,194,245.56.

11. H Corp. believed that the Investment Funds, less the purchase price for the Twin Butte assets net of adjustments, would be available for West Lake to operate the Twin Butte assets. Those remaining funds were not to be used for any other purpose.

### The Misappropriation and Diversion of Funds from H Corp.

- 12. Ms. Deng advised a consultant in her employ that her father, Mr. Deng, was acquiring the assets of Twin Butte out of receivership. She arranged for the consultant to become a director of H Corp. and an officer of West Lake.
- 13. Mr. Lam represented to individuals at H Corp. that he had full financial authority over the financial affairs of H Corp., which he described as a holding company of "Sinoenergy" (Mr. Deng is the founder and major shareholder of Changchun Sinoenergy Corp., an entity publically traded on the Shanghai Stock Exchange).
- 14. In this way, Ms. Deng and Mr. Lam represented that Mr. Deng owned and controlled H Corp., and that they had authority to direct the affairs of H Corp on his behalf.
- 15. None of this was true.
- 16. From approximately January to September 2017, or such other time as may be determined through oral and documentary discovery in the within Action and be proven at trial, while Mr. Deng was simultaneously a director of H Corp. and controlling shareholder and director of Calgary Sinoenergy and Long Run, approximately \$44 million of the Investment Funds received by H Corp. were diverted to Calgary Sinoenergy and Long Run (the "**Diverted Funds**").
- 17. These transfers occurred at the behest of Mr. Deng, Ms. Deng, and Mr. Lam.
- 18. It is expected that Calgary Sinoenergy and Long Run thereafter provided the Diverted Funds to others, the identities of which include Ms. Deng, Mr. Deng, Mr. Lam, John Doe and ABC Corporation.
- 19. There was no legitimate reason for the diversions.
- 20. The improper diversion of the "Diverted Funds" was unknown, and unknowable to H Corp. until January, 2019 at the earliest.

### Breach of Director's Duties

- 21. As a director of H Corp., Mr. Deng owed a duty to H Corp. to act in its best interests.
- 22. Mr. Deng breached these duties by either actively arranging for the transfer of the Diverted Funds, or, alternatively, by allowing the Diverted Funds to be transferred as a result of insufficient oversight or insufficient internal controls.

23. As a result of the breach of his duties, H Corp. suffered damages and loss in the amount of \$44 million, or such other amount as may be proved at the trial of this Action.

### Knowing Assistance and Knowing Receipt

- 24. Calgary Sinoenergy and Long Run knew or were recklessly or willfully blind to the fact that either or all of Mr. Deng, Ms. Deng, and Mr. Lam were fraudulently misappropriating the Diverted Funds from H Corp. to the detriment of H Corp. and that Mr. Deng was in breach of his fiduciary obligations to H Corp. Calgary Sinoenergy and Long Run received and accepted, for their own benefit, the Diverted Funds when each knew or ought to have known that their receipt of any portion of the Diverted Funds arose from, and were made to each of them through, fraudulent misappropriation and in breach of the fiduciary duties owed by Mr. Deng.
- 25. Calgary Sinoenergy and Long Run's receipt and acceptance of the Diverted Funds in these circumstances constituted a knowing receipt of the Diverted Funds, which had been fraudulently misappropriated from H Corp. As such, Calgary Sinoenergy and Long Run hold the Diverted Funds as constructive trustees of H Corp.
- 26. Calgary Sinoenergy and Long Run have misused and converted the Diverted Funds to their own use such that H Corp. is unable to determine what entity or individual is currently in possession of the Diverted Funds, or a portion thereof.
- H Corp. claims return of the Diverted Funds in whatever form to which they can be traced.
   H Corp. also claims damages to the extent such funds have been dissipated or to the extent such assets purchased from the funds have decreased in value.

### **Misrepresentation**

- 28. The Defendants Mr. Deng, Ms. Deng, and Mr. Lam made representations to officers of H Corp. that they had authority to direct the diversion of funds from H Corp. These representations were made with the intent that directors and officers of H Corp. would rely on them, and the Defendants Mr. Deng, Ms. Deng, and Mr. Lam knew or ought to have known that they would in fact be relied upon. These representations were in fact false.
- 29. On the basis of these representations, funds were wrongfully diverted out of H Corp. But for the misrepresentations, the funds would not have been wrongfully diverted.
- 30. As a result of these misrepresentations and H Corp.'s reliance on them, H Corp. has suffered damage in the amount of \$44 million or such other amount as shall be proved at the trial of this Action.

### **Conversion**

- 31. By means of the Diverted Funds, the Defendants have converted the Plaintiff's funds to their own use and thereby deprived the Plaintiff of the benefit of those funds.
- 32. The Plaintiff is entitled to restitution of the entire amounts so fraudulently converted. Unjust Enrichment
- 33. The Defendants Sinoenergy Canada and Long Run have been enriched in the amount of the Diverted Funds, the Plaintiff has been deprived by a like amount, and there is no juristic reason for either the enrichment or the deprivation.

#### **Conspiracy**

- 34. The Defendants had an agreement pursuant to which they acted in concert and engaged in all of the foregoing conduct with the predominate purpose of causing injury to the Plaintiff. Alternatively, the Defendants had an agreement pursuant to which they acted both in concert and unlawfully, and the Defendants knew or ought to have known that the Plaintiffs would suffer harm as a result of the Defendants' actions.
- 35. By virtue of the Defendants' conspiracy, the Plaintiffs have suffered losses including the loss of the Diverted Funds. Further, by conspiring in the manner they have, the Defendants are jointly and severally liable to the Plaintiff for the entirety of the Plaintiff's loss notwithstanding that a particular Defendant may not have conducted a particular act alleged above.

#### Fraudulent Conveyances

- 36. At various times, the full particulars of which are only known to the Defendants, the Defendants have transferred assets from themselves to others in order to avoid creditors, including the Plaintiff, or alternatively to payees in preference to other creditors, including the Plaintiff (the "Fraudulent Conveyances"). The Fraudulent Conveyances were done at such a time as the Defendants knew they were insolvent or knew that in light of the claims against them, including the potential claim of the Plaintiff, they were on the eve of insolvency. All such Fraudulent Conveyances were illegal and contrary to the Statue of Elizabeth and the *Fraudulent Preferences Act*, RSA 2000, c F-24.
- 37. The Plaintiff seeks that the Fraudulent Conveyances be set aside and any assets so transferred made available to the Plaintiff to satisfy the judgment given to the Plaintiff in this Action.
- 38. As a result of the Fraudulent Conveyances, the Plaintiff expressly claims the right to constructive trusts and equitable liens in and against the assets so fraudulently conveyed.

### Tracing, Freezing Assets, Accounting, and Disgorgement

- 39. As a result of the Defendants' wrongful conduct as set out above, the Plaintiff is entitled to trace all amounts received or disbursed by the Defendants as part of or as a result of the conduct outlined above. The Plaintiff is also entitled to an accounting of the monies belonging to the Plaintiff that have come into the possession of the Defendants and to an accounting of any benefit received by the Defendants as a result of the Diverted Funds.
- 40. The Plaintiff is also entitled to interlocutory and permanent injunctions restraining the Defendants from disposing of any of their assets wheresoever located and an accounting of all of the Defendants' assets, effects, and property, including any trust account or jointly held assets, any improper disposition thereof, and all money had or received by the Defendants or anyone on their behalf.
- 41. The Defendants are liable to make restitution to the Plaintiff and to disgorge any benefit they have received from the Diverted Funds to the Plaintiff.
- 42. The Plaintiff has also suffered significant out of pocket expenses and special damages in its detection, investigation, and quantification of the fraud and losses suffered and the attempt to recover the Diverted Funds, in an amount to be proven at trial.

### Technical Matters

- 43. The Plaintiff believes it is unlikely that the Trial in this Action will exceed 25 days
- 44. The Plaintiff proposes that the Trial of this Action be held at the Calgary Courts Centre, in the City of Calgary, in the Province of Alberta.

#### Service Ex Juris on Mr. Deng

- 45. There is a real and substantial connection between Alberta and the facts on which the claims in this Action are based, including that:
  - (a) Mr. Deng was a director of relevant Alberta-based corporations and the claim is governed by the laws of Alberta;
  - (b) The claim relates to torts committed in Alberta;
  - (c) The claim related to the removal of assets from an Alberta-based corporation;
  - (d) The defendant, Mr. Deng, although outside Alberta, is a necessary or proper party to the action brought by others who are resident in Alberta;
  - (e) The Action relates to a breach of an equitable duty in Alberta.

### Remedy sought:

46.	The Plaintiff seeks against the Defendants	jointly and severally:
-----	--	------------------------

- (a) An Order for service *ex juris* permitting service of the documents in this Action on Mr. Deng in the PRC;
- (b) An Order freezing the assets of all the defendants named in this Statement of Claim or granting other interim relief as may be sought;
- (c) A Norwich Order for the disclosure of records and information relating to the bank accounts of each of the Defendants;
- Judgment, or in the alternative damages, for the fraudulent taking of the Diverted Funds in the amount of \$44 million and such further amounts as will be discovered through the oral and documentary discovery process in the within Action and proven at Trial;
- (e) An Order declaring that any funds or benefits received by Mr. Deng, Ms. Deng, or Mr. Lam from the Diverted Funds are held in trust for H Corp. and that H Corp. is permitted to trace the Diverted Funds that Mr. Deng, Ms. Deng, and Mr. Lam fraudulently obtained from H Corp. into and through any financial institution accounts or deposit facilities in the names of Mr. Deng, Ms. Deng, or Mr. Lam and into or through any assets purchased by Mr. Deng, Ms. Deng, or Mr. Lam;
- (f) An Order declaring that Mr. Deng, Ms. Deng, and Mr. Lam must account to H Corp. for all monies taken from H Corp. as the Diverted Funds;
- (g) An Order declaring that any funds or benefits received by Calgary Sinoenergy and Long Run from the Diverted Funds are held in trust for H Corp. and that H Corp. is permitted to trace as follows the Diverted Funds that Calgary Sinoenergy and Long Run fraudulently obtained from H Corp. into and through any financial institution accounts or deposit facilities in the names of Calgary Sinoenergy or Long Run and into or through any assets purchased by Calgary Sinoenergy or Long Run or into the hands of any person or entity;
- (h) An Order declaring that Calgary Sinoenergy and Long Run must account to H Corp. for all monies taken from H Corp. as the Diverted Funds and disgorge same;
- (i) Setting aside the Fraudulent Conveyances and granting constructive trusts or equitable liens over any assets so fraudulently conveyed;
- (j) Special damages and out of pocket expenses arising out of the detection, investigation, quantification, and recovery of the fraud, losses and consequential losses suffered by H Corp. in the amount to be proven at the Trial of this Action;

- (k) Interest in accordance with the *Judgment Interest Act*, RSA 2000, c J-1, as amended;
- (I) Costs of this Action on a full indemnity solicitor and own client basis; and
- (m) Such further and other relief as this Honourable Court may deem just.

### NOTICE TO THE DEFENDANT(S)

You only have a short time to do something to defend yourself against this Claim:

20 days if you are served in Alberta 1 month if you are served outside Alberta but in Canada 2 months if you are served outside Canada.

You can respond by filing a Statement of Defence or a Demand for Notice in the office of the clerk of the Court of Queen's Bench at Calgary, Alberta, AND serving your Statement of Defence or a Demand for Notice on the Plaintiff's(s') address for service.

#### WARNING

If you do not file and serve a Statement of Defence or a Demand for Notice within your time period, you risk losing the law suit automatically. If you do not file, or do not serve, or are late in doing either of these things, a Court may give a judgment to the Plaintiff(s) against you.

### PURCHASE AND SALE AGREEMENT

THIS AGREEMENT made as of the 23rd day of December, 2016.

### BETWEEN:

FTI CONSULTING CANADA INC., solely in its capacity as the receiver and manager of TWIN BUTTE ENERGY LTD., and not in its personal or corporate capacity (hereinafter referred to as "Vendor")

- and -

HENENGHAIXIN OPERATING CORP., a corporation incorporated under the laws of Alberta (hereinafter referred to as "Purchaser")

WHEREAS pursuant to an order of the Honourable Madam Justice B.E.C. Romaine of the Alberta Court of Queen's Bench (the "Court") dated September 1, 2016 (the "Appointment Order"), FTI Consulting Canada Inc. ("Receiver") was appointed receiver and manager of Twin Butte Energy Ltd. ("Twin Butte");

AND WHEREAS Vendor wishes to sell, and Purchaser wishes to purchase, all of the interest of Vendor in and to the Assets, subject to and in accordance with the terms and conditions hereof;

**NOW THEREFORE, THIS AGREEMENT WITNESSETH** that in consideration of the premises and the mutual covenants and agreements hereinafter set forth, the Parties have agreed as follows:

### ARTICLE 1 INTERPRETATION

### 1.1 Definitions

In this Agreement, unless the context otherwise requires:

- (a) "Abandonment and Reclamation Obligations" means all past, present and future obligations to:
  - abandon, shut-down, close, decommission, dismantle or remove any and all Wells and Tangibles, including all structures, foundations, buildings, pipelines, equipment and other facilities located on the Lands or used or previously used in respect of Petroleum Substances produced or previously produced from the Lands; and
  - (ii) restore, remediate and reclaim the surface and subsurface locations of the Wells and the Tangibles and any lands used to gain access thereto, including such obligations relating to wells, pipelines and facilities which were abandoned or decommissioned prior to the Effective Time that were located on the Lands or that were located on other lands and used in respect of Petroleum Substances produced or previously produced from the Lands, and including the remediation, restoration and reclamation of any other surface and sub-surface lands affected by any environmental damage, contamination or other environmental issues emanating from or relating to the sites for the Wells or the Tangibles;

all in accordance with generally accepted oil and gas industry practices and in compliance with all Applicable Laws, provided however that such obligations and liabilities do not include obligations and liabilities solely associated with the Excluded Contracts;

- (b) "Affiliate" means, with respect to any Person, any other Person or group of Persons acting in concert, directly or indirectly, that controls, is controlled by or is under common control with such Person. The term "control" as used in the preceding sentence means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a Person whether through ownership or more than fifty percent (50%) of the voting securities of such Person, by contract or otherwise;
- (c) "Applicable Law" means, in relation to any person, property or circumstance, all laws, statutes, rules, regulations, official directives and orders of Governmental Authorities (whether administrative, legislative, executive or otherwise), including judgments, orders and decrees of courts, commissions or bodies exercising similar functions, as amended, and includes the provisions and conditions of any permit, license or other governmental or regulatory authorization, that are in effect as at the relevant time and are applicable to such person, property or circumstance;
- (d) "Assets" means the Petroleum and Natural Gas Rights, the Tangibles, and the Miscellaneous Interests;
- (e) "Assumed Corporate Contracts" means those contracts specified in Schedule "H" hereto;
- "Business Day" means a day other than a Saturday, a Sunday or a statutory holiday in Calgary, Alberta;
- (g) "Closing" means the transfer of possession, beneficial ownership and risks of the Assets from Vendor to Purchaser, the exchange of Specific Conveyances and payment of the Purchase Price by Purchaser to Vendor, and all other items and considerations required to be delivered on the Closing Date pursuant hereto;
- (h) "Closing Date" means 10:00 a.m. (Calgary time) on the later of:
  - (i) January 31, 2017;
  - (ii) the day that is three (3) Business Days after receipt of the Court Order;
  - the day that is three (3) Business Days after waiver, expiry or satisfaction of all Rights of First Refusal; or
  - the day that is three (3) Business Days after the date upon which the last Regulatory Approval has been received;

or such other time and date as may be agreed upon in writing by the Parties;

- "Closing Place" means the offices of Norton Rose Fulbright Canada LLP, Suite 3700, 400 3<sup>rd</sup> Ave SW, Calgary, AB or such other place as may be agreed upon in writing by the Parties;
- (j) **"Commissioner**" means the Commissioner of Competition appointed pursuant to subsection 7(1) of the *Competition Act* or his designee;
- (k) "Competition Act" means the Competition Act, R.S.C. 1985, c.C-34, as amended;
- (I) "Competition Act Approval" means the occurrence of one or more of the following:

- (i) an advance ruling certificate pursuant to section 102 of the Competition Act shall have been issued by the Commissioner in respect of the transactions contemplated by this Agreement;
- (ii) the Commissioner shall have waived the obligation to notify and supply information under Part IX of the Competition Act pursuant to subsection 113(c) of the Competition Act and confirmed, in writing, that he does not, at that time, intend to make an application under section 92 of the Competition Act; or
- the Parties shall have notified the Commissioner under section 114 of the Competition Act and the relevant waiting period under section 123 of the Competition Act shall have expired or been terminated;
- (m) "Court Order" means an order to be granted by the Court, in a form and substance similar to that attached in Schedule "F", as may be further amended by the mutual agreement of the Parties hereto, which: (i) authorizes, approves and confirms this Agreement and the sale of the Assets by Vendor to Purchaser in accordance with the terms and conditions contained herein; (ii) vests beneficial title to the Assets in Purchaser free and clear of all encumbrances, liens, security interests or claims, other than Permitted Encumbrances; and, (iii) seals this Agreement and any and all other filed confidential documents or information pertaining thereto or to the Transactions until three (3) months after Closing;
- (n) "Data Room Information" means all information provided or made available to Purchaser in hard copy or electronic form in relation to Twin Butte and/or the Assets;
- (o) "Date of Appointment" means September 1, 2016;
- (p) "Effective Date" means December 1, 2016;
- (q) "Environmental Liabilities" means all liabilities in respect of the environment which relate to the Assets or which arise in connection with the ownership thereof or operations pertaining thereto, including without limitation, liabilities related to or arising from:
  - transportation, storage, use or disposal of toxic or hazardous substances;
  - (ii) release, spill, escape, emission, leak, discharge, migration or dispersal of toxic or hazardous substances; or
  - (iii) pollution or contamination of or damage to the environment;

including, without limitation, liabilities to compensate Third Parties for damages and Losses resulting from the items described in items (i), (ii) and (iii) above (including, without limitation, damage to property, personal injury and death) and obligations to take action to prevent or rectify damage to or otherwise protect the environment and, for purposes of this Agreement, "the environment" includes, without limitation, the air, the surface and subsurface of the earth, bodies of water (including, without limitation, rivers, streams, lakes and aquifers) and plant and animal life (including humans);

- (r) "Excluded Contracts" means those agreements, contracts and arrangements set forth in Schedule "G".

### 1.2 Headings

The expressions "Article", "section", "subsection", "clause", "subclause", "paragraph" and "Schedule" followed by a number or letter or combination thereof mean and refer to the specified article, section, subsection, clause, subclause, paragraph and schedule of or to this Agreement.

#### 1.3 Interpretation Not Affected by Headings

The division of this Agreement into Articles, sections, subsections, clauses, subclauses and paragraphs and the provision of headings for all or any thereof are for convenience and reference only and shall not affect the construction or interpretation of this Agreement.

#### 1.4 Included Words

When the context reasonably permits, words suggesting the singular shall be construed as suggesting the plural and *vice versa*, and words suggesting gender or gender neutrality shall be construed as suggesting the masculine, feminine and neutral genders.

#### 1.5 Schedules

There are appended to this Agreement the following schedules pertaining to the following matters:

Schedule "A"	-	Lands and Petroleum and Natural Gas Rights
Schedule "B"	÷.	Facilities
Schedule "C"		Rights of First Refusal
Schedule "D"	-	General Conveyance
Schedule "E"	-	Form of Officer's Certificate
Schedule "F"	-	Form of Court Order
Schedule "G"	-	Excluded Contracts
Schedule "H"	-	Assumed Corporate Contracts
Schedule "I"	-	Included Seismic

Such schedules are incorporated herein by reference as though contained in the body hereof. Wherever any term or condition of such schedules conflicts or is at variance with any term or condition in the body of this Agreement, such term or condition in the body of this Agreement shall prevail.

#### 1.6 Damages

All losses, costs, claims, damages, expenses and liabilities in respect of which a Party has a claim pursuant to this Agreement include, without limitation, reasonable legal fees and disbursements on a solicitor and client basis.

#### 1.7 Derivatives

Where a term is defined herein, a capitalized derivative of such term shall have a corresponding meaning unless the context otherwise requires.

### 1.8 Interpretation if Closing Does Not Occur

In the event that Closing does not occur, each provision of this Agreement which presumes that Purchaser has acquired the Assets hereunder shall be construed as having been contingent upon Closing having occurred.

#### 1.9 Conflicts

If there is any conflict or inconsistency between a provision of the body of this Agreement and that of a schedule or a Specific Conveyance, the provision of the body of this Agreement shall prevail. If any term or condition of this Agreement conflicts with a term or condition of a Title Document or any Applicable Law, the term or condition of such Title Document or the Applicable Law shall prevail, and this Agreement shall be deemed to be amended to the extent required to eliminate any such conflict.

#### 1.10 Currency

All dollar (\$) amounts referenced in this Agreement are expressed in the lawful currency of Canada.

#### ARTICLE 2 PURCHASE AND SALE AND CLOSING

#### 2.1 Purchase and Sale

Vendor, exercising the powers of sale granted pursuant to the Appointment Order, hereby agrees to sell, assign, transfer, convey and set over to Purchaser, and Purchaser hereby agrees to purchase from Vendor, all of the right, title, estate and interest of Vendor (whether absolute or contingent, legal or beneficial) in and to the Assets, subject to and in accordance with the terms of this Agreement.

#### 2.2 Purchase Price

The aggregate consideration to be paid by Purchaser to Vendor for Vendor's interest in and to the Assets shall be Two Hundred and Sixty-Six Million Dollars (\$266,000,000.00) (the "**Purchase Price**") plus applicable GST and/or Sales Taxes, plus or minus (as applicable) the net amount of the adjustments made pursuant to Article 7, and shall be satisfied by Purchaser in cash paid to Vendor at Closing.

#### 2.3 Allocation of Purchase Price

The Parties shall allocate the Purchase Price as follows:

Petroleum and Natural Gas Rights	80%
Tangibles	20% less \$10.00
Miscellaneous Interests	\$10.00

#### 2.4 Assumption of Abandonment and Reclamation Obligations

In determining the Purchase Price, the Parties have taken into account Purchaser's assumption of responsibility for the payment of all costs for existing or future Abandonment and Reclamation Obligations associated with the Assets, as set forth in this Agreement, and the absolute release of Twin Butte and Vendor of all and any responsibility or liability therefor.

#### 2.5 Closing

Closing shall take place at the Closing Place on the Closing Date if there has been satisfaction or waiver of the conditions of Closing herein contained. Subject to all other provisions of this Agreement, possession, risk and beneficial ownership of Vendor's interest in and to the Assets shall pass from Vendor to Purchaser on the Closing Date.

- (a) On the Closing Date, Vendor shall deliver to Purchaser:
  - the General Conveyance in the form attached as Schedule "D", duly executed by Vendor;
  - the Officer's Certificate substantially in the form attached as Schedule "E", duly executed by Vendor;
  - (iii) a receipt for the Purchase Price as adjusted herein plus applicable GST and/or Sales Taxes;
  - (iv) the tax elections as contemplated by this Agreement, duly executed by Vendor;
  - (v) a certified filed copy of the Court Order; and
  - (vi) such other items as may be specifically required hereunder.

- (b) On the Closing Date, Purchaser shall deliver to Vendor:
  - the General Conveyance in the form attached as Schedule "D", duly executed by Purchaser;
  - (ii) the Officer's Certificate substantially in the form attached as Schedule "E", duly executed by Purchaser;
  - (iii) the Purchase Price, as adjusted herein, less the Deposit, plus applicable GST and/or Sales Taxes;
  - the tax elections as contemplated by this Agreement, duly executed by Purchaser; and
  - (v) such other items as may be specifically required hereunder.

#### 2.6 Specific Conveyances

The Parties shall cooperate in the preparation of the Specific Conveyances. At a reasonable time prior to Closing, Vendor shall use reasonable efforts to prepare and provide for Purchaser's review all Specific Conveyances at Vendor's own cost and expense, provided that Purchaser shall be responsible for any and all disbursements or fees payable to any Governmental Authority in connection therewith. The Parties shall execute such Specific Conveyances at Closing. None of the Specific Conveyances shall confer or impose upon either Party any greater right or obligation than as contemplated in this Agreement. Promptly after Closing, Purchaser shall register and/or distribute (as applicable) all such Specific Conveyances and shall bear all costs incurred therewith and in preparing and registering any further assurances required to convey the Assets to Purchaser.

#### 2.7 Title Documents, Included Seismic and Miscellaneous Interests

As soon as practicable following Closing, Vendor shall deliver to Purchaser such original copies of the Title Documents, the Included Seismic, and any other agreements and documents to which the Assets are subject and such original copies of contracts, agreements, records, books, documents, licenses, reports and data comprising Miscellaneous Interests which are now in the possession of Vendor or of which Vendor gains possession of prior to Closing.

#### 2.8 Form of Payment

All payments to be made pursuant to this Agreement shall be in Canadian funds. All payments to be made pursuant to this Agreement shall be made by certified cheque, bank draft or wire transfer.

#### 2.9 Deposit

The Parties acknowledge that a deposit in the amount of Twenty Million United States dollars (USD\$20,000,000.00), which is approximately equivalent to Twenty Six Million Six Hundred Thousand Canadian dollars (\$26,600,000.00), as of the date hereof, representing approximately ten percent (10%) of the Purchase Price, has been provided by Purchaser to Receiver concurrent with the execution of this Agreement, to be held in trust in an interest-bearing trust account and released only in accordance with the provisions of this section 2.9 (the "**Deposit**"), which shall include any additional deposit payments provided for hereunder and all interest thereon.

The Deposit shall be held in trust by Receiver until one of the following events occur:

 (a) if Closing occurs, the Deposit shall be paid to Purchaser for the account of Purchaser absolutely;

- (b) if Closing does not occur due to a material breach of this Agreement by Purchaser or by failure of Purchaser to fulfill the conditions, for any reason whatsoever, set forth in subsections 3.4(a), 3.4(b), 3.4(c), 3.4(d) or 3.4(e) the Deposit shall be forfeited to Vendor for the account of Vendor absolutely; and
- (c) if Closing does not occur due to any reason other than as addressed by section 2.9(b), the Deposit shall be paid to Purchaser for the account of Purchaser absolutely.

#### 2.10 Damages

The Parties agree that the amount of the Deposit constitutes their genuine estimate of all damages that will be suffered by Vendor as a result of Closing not occurring and that Vendor's retention thereof shall constitute liquidated damages to, and be the sole remedy of, Vendor as a result of Closing not occurring.

#### 2.11 Taxes

(a) Joint Election

The Parties agree to make a joint successor election under section 66.7 of the *Income Tax Act* (Canada) in respect of all of the cumulative resource tax accounts of Twin Butte to the extent permitted thereunder. Purchaser, acting reasonably, shall prepare, and each Party agrees to execute and file, such elections in the form and within the time periods prescribed or specified under such Act so as to transfer such cumulative resources tax pools from Twin Butte to Purchaser to the maximum extent permitted under such Act.

#### (b) GST

Vendor is a registrant for GST purposes and will continue to be a registrant at the Closing Date in accordance with the provisions of the GST Legislation. Purchaser is in the process of becoming a registrant for GST purposes and when registered will continue to be a registrant at the Closing Date in accordance with the provisions of the GST Legislation. The GST registration number of Vendor is 88525 7741 RT0002. Purchaser shall provide notice to Vendor of its GST registration number of number promptly upon receipt thereof. If available under Applicable Law, Parties agree to make an election under subsection 167(1) of the GST Legislation in respect of the GST payable as a result of the transaction contemplated herein. Purchaser, acting reasonably, shall prepare, and each Party agrees to execute and file, such elections in the form and within the time periods prescribed or specified under Applicable Law. Purchaser shall be responsible for the payment of any amount of GST payable in respect of such additional GST and shall indemnify and save harmless Vendor in respect thereof.

#### (c) Sales Taxes Generally

The Parties acknowledge that the Purchase Price is exclusive of all Sales Taxes. Purchaser shall be solely responsible for all Sales Taxes which may be imposed by any Governmental Authority and which pertain to Purchaser's acquisition of the Assets or to the registration of any Specific Conveyances necessitated hereby. Except where Vendor is required under Applicable Law to collect or pay such Sales Taxes, Purchaser shall pay such Sales Taxes directly to the appropriate Governmental Authority or other entity within the required time period and shall file all necessary documentation with respect to such Sales Taxes when due. Vendor will do and cause to be done such things as are reasonably requested to enable Purchaser to comply with such obligation in a timely manner. If Vendor is required under Applicable Law to pay any such Sales Taxes, Purchaser shall promptly reimburse Vendor the full amount of such Sales Taxes upon delivery to Purchaser of copies of receipts showing payment of such Sales Taxes. Purchaser shall be responsible for the payment of any amount of Sales Taxes payable in respect of its purchase of the Assets pursuant hereto and any interest and penalties payable in respect thereto and shall indemnify and save harmless Vendor in respect thereof.

#### (d) Additional Elections

The Parties agree to make such other elections (including, without limitation, with respect to GST or Sales Tax) as prudent and available to minimize taxes payable as a result of the transaction contemplated herein. Purchaser, acting reasonably, shall prepare, and each Party agrees to execute and file, such elections in the form and within the time periods prescribed or specified under Applicable Law.

#### ARTICLE 3 CONDITIONS OF CLOSING

#### 3.1 Required Consents

Both before and after Closing, each of the Parties shall use all reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit the Transaction. The Parties acknowledge that, with the exception of the Regulatory Approvals, the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of Purchaser, at Purchaser's sole cost and expense, to provide any and all financial assurances, remedial work or other documentation required by Governmental Authorities to permit the transfer to Purchaser, and registration of Purchaser as owner and/or operator, of any of the Assets including, but not limited to, the Facilities and the Wells.

#### 3.2 Mutual Conditions

The obligation of Purchaser to purchase Vendor's interest in and to the Assets, and of Vendor to sell its interest in and to the Assets to Purchaser, is subject to the following conditions precedent:

- (a) Vendor obtaining the Court Order; and
- (b) there shall not have been instituted any legal proceedings to obtain, and no court or Governmental Authority of competent jurisdiction shall have issued, promulgated, enforced or entered any judgment, decree, injunction or other order, whether temporary, preliminary or permanent, that restrains, enjoins or otherwise prohibits consummation of the Transaction.

Unless otherwise agreed to by the Parties, if the conditions contained in this section 3.2 have not been performed or satisfied on or before the Outside Date, this Agreement and the obligations of Vendor and Purchaser under this Agreement shall automatically terminate without any further action on the part of either Vendor or Purchaser.

#### 3.3 Purchaser's Conditions

The obligation of Purchaser to purchase Vendor's interest in and to the Assets is subject to the following conditions precedent, which are inserted herein and made part hereof for the exclusive benefit of Purchaser and may be waived by Purchaser in whole or in part:

- the representations and warranties of Vendor herein contained shall be true in all material respects when made and as of the Closing Date;
- (b) all obligations of Vendor contained in this Agreement to be performed prior to or at Closing shall have been timely performed in all material respects; and
- (c) the Regulatory Approvals shall have been obtained.

If any one or more of the foregoing conditions precedent has or have not been satisfied, complied with, or waived by Purchaser, at or before the Outside Date, Purchaser may terminate this Agreement by written

notice to Vendor. If Purchaser terminates this Agreement, Vendor and Purchaser shall be released and discharged from all obligations hereunder except as provided in sections 2.9 and 13.13.

#### 3.4 Vendor's Conditions

The obligation of Vendor to sell its interest in and to the Assets to Purchaser is subject to the following conditions precedent, which are inserted herein and made part hereof for the exclusive benefit of Vendor and may be waived by Vendor in whole or in part:

- the representations and warranties of Purchaser herein contained shall be true in all material respects when made and as of the Closing Date;
- (b) all obligations of Purchaser contained in this Agreement to be performed prior to or at Closing shall have been timely performed in all material respects;
- (c) all amounts to be paid by Purchaser to Vendor at Closing, including, without limitation, the Purchase Price, shall have been paid to Vendor in the form stipulated in this Agreement;
- (d) Purchaser shall have obtained the PRC Regulatory Approvals;
- (e) Purchaser shall have taken all steps as are necessary for Purchaser to be able to, and to be eligible under Applicable Law to, receive and be specifically conveyed the Assets including becoming registered as a licensed operator with each of the AER, BCOGC and ECON; and
- (f) the Competition Act Approval shall have been obtained;

If any one or more of the foregoing conditions precedent has or have not been satisfied, complied with, or waived by Vendor, at or before the Outside Date, Vendor may terminate this Agreement by written notice to Purchaser. If Vendor terminates this Agreement, Vendor and Purchaser shall be released and discharged from all obligations hereunder except as provided in sections 2.9 and 13.13.

#### 3.5 Efforts to Fulfil Conditions Precedent

Purchaser and Vendor shall proceed diligently and in good faith and use all reasonable efforts to satisfy and comply with and assist in the satisfaction and compliance with the foregoing conditions precedent.

#### ARTICLE 4 REPRESENTATIONS AND WARRANTIES

#### 4.1 Representations and Warranties of Vendor and Receiver

Vendor makes only the following representations to Purchaser, no claim in respect of which shall be made or be enforceable by Purchaser unless written notice of such claim, with reasonable particulars, is given by Purchaser to Vendor within a period of six (6) months following the Closing Date:

- (a) Receiver has been appointed by the Court as receiver and manager of Twin Butte and such appointment is valid and subsisting;
- (b) subject to obtaining the Court Order, Vendor has the right to enter into this Agreement and, subject to obtaining the Competition Act Approval, to complete the Transaction; and
- (c) Vendor is not a non-resident of Canada for the purposes of the Income Tax Act (Canada).

#### 4.2 Representations and Warranties of Purchaser

Purchaser makes the following representations and warranties to Vendor, no claim in respect of which shall be made or be enforceable by Vendor unless written notice of such claim, with reasonable particulars, is given by Vendor to Purchaser within a period of six (6) months following the Closing Date:

- (a) Purchaser is a corporation duly organized, validly existing and is authorized to carry on business in the provinces in which the Lands are located;
- (b) Purchaser has good right, full power and absolute authority to purchase and acquire the interest of Vendor in and to the Assets according to the true intent and meaning of this Agreement;
- (c) except for obtaining the Court Order, the execution, delivery and performance of this Agreement has been duly and validly authorized by any and all requisite corporate, shareholders', directors' or equivalent actions and will not result in any violation of, be in conflict with, or constitute a default under, any articles, charter, bylaw or other governing document to which Purchaser is bound;
- (d) the execution, delivery and performance of this Agreement will not result in any violation of, be in conflict with, or constitute a default under, any term or provision of any agreement or document to which Purchaser is party or by which Purchaser is bound, nor under any judgement, decree, order, statute, regulation, rule or license applicable to Purchaser, subject to obtaining the Regulatory Approvals;
- (e) provided the Court Order is obtained, this Agreement and any other agreements delivered in connection herewith constitute valid and binding obligations of Purchaser enforceable against Purchaser in accordance with their terms;
- (f) except for the Regulatory Approvals, no authorization or approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body exercising jurisdiction over the Assets is required for the due execution, delivery and performance by Purchaser of this Agreement, other than authorizations, approvals or exemptions from requirement therefor previously obtained and currently in force or to be obtained prior to or after Closing;
- (g) Purchaser has adequate funds available in an aggregate amount sufficient to pay: (i) all amounts required to be paid by Purchaser under this Agreement when due; and (ii) all expenses which have been or will be incurred by Purchaser in connection with this Agreement and the Transaction when due;
- (h) Purchaser has not incurred any obligation or liability, contingent or otherwise, for brokers' or finders' fees in respect of this Agreement or the Transaction for which Vendor shall have any obligation or liability;
- (i) Purchaser is not a non-resident of Canada within the Income Tax Act (Canada); and
- (j) Purchaser is a WTO investor for the purposes of the Investment Canada Act (Canada).

#### 4.3 Limitation of Representations by Vendor

(a) Subject to section 4.1, Vendor expressly negates any representations or warranties, whether written or verbal, made by Vendor or its Representatives and in particular, without limiting the generality of the foregoing, Vendor disclaims all liability and responsibility for any such representation, warranty, statement or information made or communicated, whether verbal or in writing, to Purchaser or any of its Representatives. Vendor's interest in and to the Assets shall be purchased on a strictly "as is, where is" basis and there are no collateral agreements, conditions, representations or warranties of any nature whatsoever made by Vendor, express or implied, arising at law, by statute, in equity or otherwise, with respect to the Assets and in particular, without limiting the generality of the foregoing, there are no collateral agreements, conditions, representations or warranties made by Vendor, express or implied, arising at law, by statute, in equity or otherwise with respect to:

- any engineering, geological or other interpretation or economic evaluations respecting the Assets;
- (ii) the quality, quantity or recoverability of Petroleum Substances within or under the Lands or any lands pooled or unitized therewith;
- (iii) any estimates of the value of the Assets or the revenues or cash flows from future production from the Lands;
- (iv) the rates of production of Petroleum Substances from the Lands;
- the quality, condition, fitness or merchantability of any tangible depreciable equipment or property interests which comprise the Assets (including the Tangibles);
- (vi) the accuracy or completeness of the Data Room Information or any other data or information supplied by Vendor or any of its Representatives in connection with the Assets;
- (vii) the suitability of the Assets for any purpose;
- (viii) compliance with Applicable Laws; or
- (ix) the title and interest of Vendor in and to the Assets.
- (b) Without restricting the generality of the foregoing, Purchaser acknowledges that it has made its own independent investigation, analysis, evaluation and inspection of Vendor's interests in the Assets and the state and condition thereof and that it is satisfied with, and has relied solely on, such investigation, analysis, evaluation and inspection as to its assessment of the condition, quantum and value of the Assets.
- (c) Except with respect to the representations and warranties in section 4.1 or in the event of fraud, Purchaser forever releases and discharges Vendor and its Representatives from any claims and all liability to Purchaser or Purchaser's assigns and successors, as a result of the use or reliance upon advice, information or materials pertaining to the Assets which was delivered or made available to Purchaser by Vendor or its Representatives prior to or pursuant to this Agreement, including, without limitation, any evaluations, projections, reports and interpretive or non-factual materials prepared by or for Vendor, or otherwise in Vendor's possession.

#### ARTICLE 5 INDEMNITIES FOR REPRESENTATIONS AND WARRANTIES

#### 5.1 Vendor's Indemnities for Representations and Warranties

Vendor shall be liable to Purchaser for and shall, in addition, indemnify Purchaser from and against, all Losses suffered, sustained, paid or incurred by Purchaser which would not have been suffered, sustained, paid or incurred had all of the representations and warranties contained in section 4.1 been accurate and truthful; provided, that nothing in this section 5.1 shall be construed so as to cause Vendor

to be liable to or indemnify Purchaser in connection with any representation or warranty contained in section 4.1 if and to the extent that Purchaser did not rely upon such representation or warranty.

#### 5.2 Purchaser's Indemnities for Representations and Warranties

Purchaser shall be liable to Vendor for and shall, in addition, indemnify Vendor from and against, all Losses suffered, sustained, paid or incurred by Vendor which would not have been suffered, sustained, paid or incurred had all of the representations and warranties contained in section 4.2 been accurate and truthful; provided, that nothing in this section 5.2 shall be construed so as to cause Purchaser to be liable to or indemnify Vendor in connection with any representation or warranty contained in section 4.2 if and to the extent that Vendor did not rely upon such representation or warranty.

#### 5.3 Survival of Representations and Warranties

Each Party acknowledges that the other may rely on the representations and warranties made by such Party pursuant to section 4.1 or 4.2, as the case may be. The representations and warranties in sections 4.1 and 4.2 shall be true as of the date hereof and on the Closing Date, and such representations and warranties shall continue in full force and effect and shall survive the Closing Date for a period of six (6) months, for the benefit of the Party to which such representations and warranties were made. In the absence of fraud, however, no claim or action shall be commenced with respect to a breach of any such representation and warranty, unless, within such period, written notice specifying such breach in reasonable detail has been provided to the Party which made such representation or warranty.

## ARTICLE 6

#### 6.1 Post-Closing Date Indemnity

Provided that Closing has occurred, Purchaser shall:

- (a) be solely liable and responsible for any and all Losses which Vendor may suffer, sustain, pay or incur; and
- (b) indemnify, release and save harmless Vendor and its Representatives from any and all Losses, actions, proceedings and demands, whatsoever which may be brought against or suffered by Vendor or which it may sustain, pay or incur,

as a result of any matter or thing resulting from, attributable to or connected with the Assets and arising or accruing after the Closing Date.

#### 6.2 Environmental Matters and Abandonment and Reclamation Obligations

Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that Vendor has provided Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of Purchaser (insofar as Vendor could reasonably provide such access) and that Purchaser is not relying upon any representation or warranty of Vendor as to the environmental condition of the Assets, Environmental Liabilities or Abandonment and Reclamation Obligations. Provided that Closing has occurred, Purchaser shall:

 be solely liable and responsible for any and all Losses which Vendor may suffer, sustain, pay or incur; and (b) indemnify, release and save harmless Vendor from any and all Losses, actions, proceedings and demands, whatsoever which may be brought against or suffered by Vendor or which it may sustain, pay or incur,

as a result of any matter or thing arising out of, resulting from, attributable to or connected with any Environmental Liabilities or any Abandonment and Reclamation Obligations. Once Closing has occurred, Purchaser shall be solely responsible for all Environmental Liabilities and all Abandonment and Reclamation Obligations as between Vendor and Purchaser (including, without limitation, whether occurring or accruing prior to, on or after the Closing Date), and hereby releases Vendor from any claims Purchaser may have against Vendor with respect to all such liabilities and responsibilities. Without restricting the generality of the foregoing, Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including, without limitation, whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Facilities.

#### 6.3 Third Party Claims

The following procedures shall be applicable to any claim by a Party (the "Indemnitee") for indemnification pursuant to this Agreement from another Party (the "Indemnitor") in respect of any Losses in relation to a Third Party (a "Third Party Claim"):

- (a) upon the Third Party Claim being made against or commenced against the Indemnitee, the Indemnitee shall within ten (10) Business Days of notice thereof provide written notice thereof to the Indemnitor. The notice shall describe the Third Party Claim in reasonable detail and indicate the estimated amount, if practicable, of the indemnifiable Losses that have been or may be sustained by the Indemnitee in respect thereof. If the Indemnitee does not provide notice to the Indemnitor within such ten (10) Business Day period, then such failure shall only lessen or limit the Indemnitee's rights to indemnity hereunder to the extent that the defence of the Third Party Claim was prejudiced by such lack of timely notice;
- (b) if the Indemnitor acknowledges to the Indemnitee in writing that the Indemnitor is responsible to indemnify the Indemnitee in respect of the Third Party Claim pursuant hereto, the Indemnitor shall have the right to do either or both of the following:
  - assume carriage of the defence of the Third Party Claim using legal counsel of its choice and at its sole cost; and/or
  - settle the Third Party Claim, provided the Indemnitor pays the full monetary amount of the settlement and the settlement does not impose any restrictions or obligations on the Indemnitee;
- (c) each Party shall co-operate with the other Party in the defence of the Third Party Claim, including making available to the other Party and its Representatives whose assistance, testimony or presence is of material assistance in evaluating and defending the Third Party Claim;
- (d) the Indemnitee shall not enter into any settlement, consent order or other compromise with respect to the Third Party Claim without the prior written consent of the Indemnitor (which consent shall not be unreasonably withheld or delayed), unless the Indemnitee waives its rights to indemnification in respect of the Third Party Claim;
- (e) upon payment of the Third Party Claim, the Indemnitor shall be subrogated to all claims the Indemnitee may have relating thereto. The Indemnitee shall give such further assurances and co-operate with the Indemnitor to permit the Indemnitor to pursue such subrogated claims as reasonably requested by it; and

(f) if the Indemnitor has paid an amount pursuant to the indemnification obligations herein and the Indemnitee shall subsequently be reimbursed from any source in respect of the Third Party Claim from any Third Party, the Indemnitee shall promptly pay the amount of the reimbursement (including interest actually received) to the Indemnitor, net of taxes required to be paid by the Indemnitee as a result of any such receipt.

#### ARTICLE 7 ADJUSTMENTS

#### 7.1 Costs and Revenues to be Apportioned

- (a) Subject to paragraph 7.1(b) below and except as otherwise provided in this Agreement, all costs and expenses relating to the Assets (including, without limitation, maintenance, development, capital and operating costs) and all revenues relating to the Assets (including, without limitation, proceeds from the sale of production and fees from processing, treating or transporting Petroleum Substances on behalf of Third Parties) shall be apportioned as of the Effective Date between Vendor and Purchaser on an accrual basis in accordance with generally accepted accounting principles, provided that:
  - advances made by Vendor in respect of the costs of operations on Lands or lands pooled or unitized therewith or facilities interests included in the Assets which have not been applied to the payment of costs prior to the Closing Date and stand to the credit of Twin Butte or Vendor will be transferred to Purchaser and an adjustment will be made in favour of Vendor equal to the amount of the advance transferred;
  - deposits made by Twin Butte or Vendor relative to operations on the Lands shall be returned to Vendor;
  - costs and expenses of work done, services provided and goods supplied shall be deemed to accrue for the purposes of this Article when the work is done or the goods or services are provided, regardless of when such costs and expenses become payable;
  - (iv) no adjustments shall be made in respect of Twin Butte's or Vendor's income taxes;
  - (v) revenues from the sale of Petroleum Substances will be deemed to accrue when the Petroleum Substances are produced;
  - (vi) all rentals and similar payments in respect of the Leased Substances or surface rights comprised in the Assets and all taxes (other than income taxes) levied with respect to the Assets or operations in respect thereof shall be apportioned between Vendor and Purchaser on a per diem basis as of the Closing Date; and
  - (vii) any and all unpaid rentals and royalties which accrue to the Assets and are not a corporate debt (including without limitation, unpaid surface lease rentals, mineral lease rentals, Crown royalties and municipal taxes for surface sites) which are identified by Purchaser prior to the preparation of the Final Statement of Adjustments shall be credited to Purchaser.
- (b) Vendor and its Representatives shall not be liable to make any adjustment in favour of, or make any payment to, Purchaser pursuant hereto in respect of any liability which relates to the period which arose prior to the Date of Appointment and which will not constitute a liability to Purchaser.

(c) Petroleum Substances which were produced, but not sold, as of the Closing Date shall be retained by Vendor and Vendor shall be responsible for all royalties or other encumbrances thereon and all processing, treating and transportation expenses pertaining thereto. Petroleum Substances will be deemed to be sold on a first in, first out basis.

#### 7.2 Adjustments to Account

- (a) An interim accounting of the adjustments pursuant to section 7.1 shall be made at Closing, based on Vendor's and Purchaser's good faith estimate of the costs and expenses paid by Vendor prior to Closing and the revenues received by Vendor prior to Closing. Vendor and Purchaser shall cooperate in preparing such interim accounting and Vendor shall provide a statement setting forth the adjustments to be made at Closing not later than three (3) Business Days prior to Closing and shall assist Purchaser in verifying the amounts set forth in such statement. A final accounting of the adjustments pursuant to section 7.1 shall be conducted within thirty (30) days following the Closing Date (the "Final Statement of Adjustments"), and no further or other adjustments whatsoever will be made thereafter. All adjustments after Closing shall be settled by payment by the Party required to make payment to the other Party hereunder within fifteen (15) Business Days of being notified of the determination of the amount owing.
- (b) All adjustments provided for in this Article shall be adjustments to the Purchase Price. An adjustment payable by a Party after Closing pursuant to this section 7.2 which is not paid within fifteen (15) Business Days of a written request for payment from the other Party, shall bear interest at the Prime Rate plus three percent (3%) per annum payable by the paying Party to the other Party from the end of such fifteen (15) Business Day period until the adjustment is paid.

#### ARTICLE 8 MAINTENANCE OF ASSETS

#### 8.1 Maintenance of Assets

From the date hereof until the Closing Date, Vendor shall, to the extent that the nature of its interest permits, and subject to the Title Documents and any other agreements and documents to which the Assets are subject:

- (a) maintain the Assets in a proper and prudent manner in material compliance with all Applicable Laws and directions of Governmental Authorities; and
- (b) pay or cause to be paid all costs and expenses relating to the Assets which become due from the date hereof to the Closing Date.

#### 8.2 Consent of Purchaser

Notwithstanding section 8.1, Vendor shall not from the date hereof to the Closing Date, without the written consent of Purchaser, which consent shall not be unreasonably withheld by Purchaser and which, if provided, shall be provided in a timely manner:

(a) make any commitment or propose, initiate or authorize any capital expenditure with respect to the Assets of which Vendor's share is in excess of \$25,000.00, except in case of an emergency or in respect of amounts which Vendor may be committed to expend or be deemed to authorize for expenditure without its consent; provided, however, that should Purchaser withhold its consent or fail to provide its consent in a timely manner and a reduction in the value of the Assets results, there shall be no abatement or reduction in the Purchase Price;

- (b) surrender or abandon any of the Assets, unless an expenditure of money is required to avoid the surrender or abandonment and Purchaser does not provide same in a timely fashion, in which event the Assets in question shall be surrendered or abandoned without abatement or reduction in the Purchase Price;
- (c) amend or terminate any Title Document or enter into any new agreement or commitment relating to the Assets; or
- (d) sell, encumber or otherwise dispose of any of the Assets or any part or portion thereof excepting sales of the Leased Substances in the normal course of business.

#### 8.3 Proposed Actions

If an operation or the exercise of any right or option respecting the Assets is proposed in circumstances in which such operation or the exercise of such right or option would result in Purchaser incurring an obligation pursuant to section 8.2, the following shall apply to such operation or the exercise of such right or option (hereinafter referred to as the "**Proposal**"):

- Vendor shall promptly give Purchaser notice of the Proposal, describing the particulars in reasonable detail;
- (b) Purchaser shall, not later than twenty four (24) hours prior to the time Vendor is required to make its election with respect to the Proposal, advise Vendor, by notice, whether Purchaser wishes Vendor to exercise Vendor's rights with respect to the Proposal on Purchaser's behalf, provided that Purchaser's failure to make such election within such period shall be deemed to be Purchaser's election to participate in the Proposal;
- (c) Vendor shall make the election authorized (or deemed to be authorized) by Purchaser with respect to the Proposal within the period during which Vendor may respond to the Proposal; and
- (d) Purchaser's election (including, its deemed election) to not participate in any Proposal required to preserve the existence of any of the Assets shall not entitle Purchaser to any reduction of the Purchase Price if Vendor's interest therein is terminated as a result of such election, and such termination shall not constitute a failure of Vendor's representations and warranties pertaining to such Assets, notwithstanding section 5.3.

#### 8.4 Post-Closing Transition

Following Closing and to the extent to which Purchaser must be novated into operating agreements and other agreements or documents to which the Assets are subject, until the novation has been effected:

- (a) Vendor shall not initiate any operation with respect to the Assets, except upon receiving Purchaser's written instructions, or if Vendor reasonably determines that such operation is required for the protection of life or property, in which case Vendor may take such actions as it reasonably determines are required, without Purchaser's written instructions, and shall promptly notify Purchaser of such intention or actions and of Vendor's estimate of the costs and expenses therewith associated;
- (b) Vendor shall forthwith deliver to Purchaser all revenues, proceeds and other benefits received by Vendor with respect to the Assets, provided that Vendor shall not be permitted to deduct from such revenues, proceeds and other benefits, any other costs and expenses which it incurs as a result of such delivery to Purchaser;
- (c) Vendor shall, in a timely manner, deliver to Purchaser all Third Party notices and communications, including authorizations for expenditures and mail ballots and all notices and communications received in respect of the Assets or events and occurrences

affecting the Assets, and Vendor shall respond to such notices pursuant to Purchaser's written instructions, if received on a timely basis, provided that Vendor may refuse to follow any instructions which it reasonably believes to be unlawful, unethical or in conflict with any applicable agreement or contract, and provided that nothing shall preclude Vendor from taking such actions as Vendor reasonably determines are necessary for the protection of life or property, or as are required by all Applicable Laws, rules, regulations, orders and directions of Governmental Authorities and other competent authorities; and

(d) Vendor shall, in a timely manner, deliver to Third Parties all such notices and communications which Purchaser may reasonably request and all such monies and other items as Purchaser may reasonably provide in respect of the Assets, provided that Vendor may (but shall not be obligated to) refuse to follow instructions which it reasonably believes to be unlawful, unethical or in conflict with any applicable agreement or contract.

#### 8.5 Licence Transfers

- (a) To the extent applicable, within two (2) Business Days following Closing, Vendor shall prepare and, where applicable, electronically submit, an application to the applicable Governmental Authorities for Licence Transfers and Purchaser or its nominee shall, where applicable, electronically ratify and sign such application.
- (b) If a Governmental Authority denies a Licence Transfer because of misdescription or other minor deficiencies in the application, Vendor shall, within two (2) Business Days of such denial, correct the application and amend and re-submit the application for the Licence Transfer and Purchaser or its nominee shall, where applicable, electronically ratify and sign such application.
- (c) If, for any reason, a Governmental Authority requires a Party or its nominee to:
  - make a deposit or furnish any other form of security; or
  - (ii) undertake any corrective action or remedial work including, without limitation, inspections, tests or engineering assessments,

to approve a Licence Transfer, Purchaser shall make such deposit, furnish such other form of security or undertake such corrective or remedial work as may be required, at Purchaser's sole expense, provided that if the requirement to make such deposit or furnish such other form of security arises as a result of Alberta Energy Regulator (the "AER") Bulletin 2016-21, the Purchaser may, at its election, make such application to the AER requesting that such License Transfer be considered pursuant to AER Directive 006. For greater clarity, the making of any such application does not diminish the Purchaser's obligation to make a deposit or furnish any other form of security as may be required hereunder.

#### 8.6 Vendor Deemed Purchaser's Agent

- (a) Insofar as Vendor maintains the Assets and takes actions in relation thereto on Purchaser's behalf pursuant to this Article 8, Vendor shall be deemed to have been Purchaser's agent hereunder. Purchaser ratifies all actions taken by Vendor or refrained from being taken by Vendor pursuant to this Article 8 in such capacity during such period, with the intention that all such actions shall be deemed to be Purchaser's actions.
- (b) Insofar as Vendor participates in either operations or the exercise of rights or options as Purchaser's agent pursuant to this Article 8, Vendor may require Purchaser to secure costs to be incurred by Vendor on Purchaser's behalf pursuant to such election in such manner as may be reasonably appropriate in the circumstances.

(c) Purchaser shall indemnify Vendor and its Representatives against all Losses which Vendor or its Representatives may suffer or incur as a result of Vendor maintaining the Assets as Purchaser's agent pursuant to this Article 8, insofar as such Losses are not a direct result of the gross negligence or wilful misconduct of Vendor or its Representatives. An action or omission of Vendor or of its Representatives shall not be regarded as gross negligence or wilful misconduct to the extent to which it was done or omitted from being done in accordance with Purchaser's instructions (including any election deemed pursuant to section 8.3(b)) or concurrence.

#### 8.7 Transfer of Operatorship

Insofar as Vendor operates any of the Assets, Purchaser acknowledges that Vendor may not be able to transfer operatorship of some or all of such Assets to Purchaser at or after Closing. Vendor covenants with Purchaser that Vendor shall reasonably cooperate with Purchaser to obtain appropriate consents and approvals for the assignment and transfer to Purchaser of operatorship of those of the Assets of which Vendor is currently the operator.

#### ARTICLE 9 RIGHTS OF FIRST REFUSAL

#### 9.1 Rights of First Refusal

- (a) Within ten (10) Business Days from the date hereof, Purchaser, acting reasonably and in good faith, shall provide Vendor with: (i) its allocated values for the Assets which are subject to Rights of First Refusal as identified in Schedule "C"; and (ii) the FLERC Offer. Promptly after such allocations are provided to Vendor, it shall: (i) send notices to the Persons (including Purchaser, if applicable) holding such Rights of First Refusal in accordance with the terms of the Title Documents creating them, using such values provided by Purchaser; and (ii) send the FLERC Offer to FLERC. Purchaser shall be liable for and indemnify and save Vendor harmless from and against all Losses which Vendor may suffer, sustain, pay or incur as a result of utilizing any value allocations supplied by Purchaser, including that contained in the FLERC Offer.
- (b) If any Third Party elects to exercise any Rights of First Refusal, the portion of the Assets subject to such Rights of First Refusal (the "Affected Asset") shall not be sold pursuant hereto, and the definitions of "Assets", "Lands", "Leases", "Miscellaneous Interests", "Petroleum and Natural Gas Rights", "Facilities", "Tangibles" and "Wells" shall not include the Affected Asset. The Purchase Price and any applicable GST and/or Sales Taxes shall be reduced accordingly.
- (c) If the FLERC Offer is accepted, Purchaser shall pay the amount offered in the FLERC Offer to FLERC separate and apart from the Purchase Price and payment of same shall not amount to any adjustment in the Purchase Price. Should the FLERC Offer be accepted, negotiation and completion of the transaction contemplated in the FLERC offer shall be concluded between Purchaser and FLERC directly.

#### ARTICLE 10 COMPETITION ACT APPROVAL

#### 10.1 Competition Act Approval

(a) As soon as practicable, and in any event no later than ten (10) Business Days from the date of this Agreement, Purchaser shall file with the Commissioner a submission in support of a request for an advance ruling certificate under section 102 of the Competition Act or, in the event that the Commissioner will not issue an advance ruling certificate, a waiver of the obligation to notify and supply information under Part IX of the Competition Act pursuant to subsection 113(c) of the Competition Act and confirmation that the Commissioner does not, at that time, intend to make an application under section 92 of the Competition Act. Purchaser shall pay the applicable filing fee in respect of the Competition Act Approval. Purchaser and Vendor will co-operate with each other and use their commercially reasonable efforts to take such action as may be required, to secure the Competition Act Approval.

- (b) Purchaser and Vendor will co-operate with each other and use their commercially reasonable efforts to take such action as may be required, to secure the Competition Act Approval.
- (c) Each Party will:
  - keep the other Party promptly informed of the status of discussions relating to obtaining the Competition Act Approval and promptly inform the other Party of any communication received by that Party from the Commissioner or representatives of the Competition Bureau in connection with obtaining the Competition Act Approval;
  - use commercially reasonable efforts to respond promptly to any request or notice from any Government Authority requiring the Parties, or any one of them, to supply additional information in respect of obtaining the Competition Act Approval;
  - (iii) permit the other Party to review in advance any proposed applications, notices, filings, submissions, correspondence and communications of any nature (including responses to requests for information and inquiries from any Government Authority) in respect of obtaining the Competition Act Approval, and will provide the other Party a reasonable opportunity to comment thereon and will consider those comments in good faith;
  - (iv) promptly provide the other Party with any applications, notices, filings, submissions, correspondence and communications of any nature (including responses to requests for information and inquiries from any Government Authority) that were submitted to a Government Authority in respect of obtaining the Competition Act Approval; and
  - (v) not participate in any substantive meeting or discussion (whether in person, by telephone or otherwise) with the Commissioner or any of his representatives in respect of obtaining or concluding the Competition Act Approval unless it consults with the other Party in advance and gives the other Party the opportunity to attend and participate thereat unless the Commissioner or his representative requests otherwise.
- (d) Notwithstanding any requirement in this Section 10.1 in connection with obtaining the Competition Act Approval, submissions, filings or other written communications with any Government Authority containing information which a Party, acting reasonably, considers to be confidential or sensitive may be redacted as necessary before sharing with the other Party, provided that the disclosing Party must provide external legal counsel to the other Party non-redacted versions of drafts and final submissions, filings or other written communications with any Government Authority on the basis that the redacted information will not be shared with its client.

## ARTICLE 11

#### EMPLOYEE AND CONTRACTOR MATTERS

#### 11.1 Employee Matters

- (a) Concurrently herewith, Vendor has delivered to Purchaser a complete list containing the names, positions, service length and current compensation of all employees of Vendor ("Vendor Employees") for the purposes of Vendor determining whether it may wish to make offers of employment to Vendor Employees.
- (b) Once Vendor has disclosed the Transaction and the identity of Purchaser to Vendor Employees, Purchaser may, in its sole and unfettered discretion and in as many separate instances as it may require, notify Vendor that Purchaser wishes to:
  - (i) receive additional information with respect to any Vendor Employee; or
  - (ii) interview any Vendor Employee.
- (c) Upon receipt of a request for additional information pursuant to Section 11.1(b)(i), Vendor will deliver to Purchaser, within five (5) Business Days of such request, a copy of the following in respect of such requested Vendor Employee (the "Employee Disclosure Letter"):
  - (i) copies of all performance reviews;
  - (ii) copies of all documents relating to discipline imposed on the employee;
  - (iii) copies of the hiring letter and/or employment agreement applicable to the employee; and
  - (iv) copies of all documentation relating to changes to the employee's position and compensation,
- (d) Upon receipt of a request for interviews pursuant to Section 11.1(b)(ii), Vendor will use all reasonable efforts to facilitate such interviews as soon as possible and in any event within ten (10) days of receipt of such notification.
- (e) Purchaser may offer continued employment to such Vendor Employees and on such terms as it may determine in its absolute and sole discretion.
- (f) Notwithstanding any other provision of this Agreement, Purchaser has no obligation to offer employment to any Vendor Employee.
- (g) Under no circumstances will Purchaser have any liability or obligation to Vendor in respect of any liabilities or obligations that it has or may have to any Vendor Employees, whether or not such Vendor Employees are offered employment by Purchaser pursuant to this Agreement or otherwise.
- (h) Purchaser acknowledges and agrees that the information received pursuant to 11.1(a) and 11.1(c) is confidential information and,
  - shall hold and use such information in compliance with all Applicable Laws and without limiting the generality of the foregoing, all Applicable Laws relating to privacy which govern the collection, use or disclosure of such information; and

 shall not use or disclose such information for any purpose other than that contemplated in this ArticleARTICLE 11.

#### ARTICLE 12 PURCHASER'S REVIEW AND ACCESS TO BOOKS AND RECORDS

#### 12.1 Vendor to Provide Access

Prior to Closing, Vendor shall, subject to all contractual and fiduciary obligations, at the Calgary offices of Vendor during normal business hours, provide reasonable access for Purchaser and its Representatives to Vendor's records, books, accounts, documents, files, reports, information, materials, filings, and data, to the extent they relate directly to the Assets, as well as physical access to the Assets (insofar as Vendor can reasonably provide such access) for the purpose of Purchaser's review of the Assets and title thereto.

#### 12.2 Access to Information

After Closing and subject to contractual restrictions in favour of Third Parties relative to disclosure, Purchaser shall, on request from Vendor, provide reasonable access to Vendor at Purchaser's offices, during its normal business hours, to the agreements and documents to which the Assets are subject and the contracts, agreements, records, books, documents, licenses, reports and data included in the Miscellaneous Interests and the Title Documents which are then in the possession or control of Purchaser and to make copies thereof, as Vendor may reasonably require, including, but not limited to, for purposes relating to:

- (a) Twin Butte's or Vendor's ownership of the Assets (including taxation matters and liabilities and claims that arise from or relate to acts, omissions, events, circumstances or operations on or before the Closing Date);
- (b) enforcing its rights under this Agreement;
- (c) compliance with Applicable Law; or
- (d) any claim commenced or threatened by any Third Party against Twin Butte or Vendor.

#### 12.3 Maintenance of Information

All of the information, materials and other records delivered to Purchaser pursuant to the terms hereof shall be maintained in good order and good condition and kept in a reasonably accessible location by Purchaser for a period of two (2) years from the Closing Date.

#### 12.4 Financial Information

For the period commencing on the execution and delivery hereof and ending the earlier of: (i) six (6) months after the Closing Date; or (ii) the date which Receiver ceases to be the receiver of Twin Butte; Vendor shall:

(a) use commercially reasonable efforts to make available to Purchaser or its auditors, counsel or engineers all financial, operating and other information for the Assets that is in Vendor's possession or control and is available and as may be reasonably required by Purchaser in order for Purchaser to comply with Applicable Laws in respect of any prospectus, business acquisition report, press release or other disclosure document filed or to be filed in connection with the Transaction, the form and content of which are subject to or prescribed by Applicable Laws (collectively, the "Disclosure Documents");

- (b) permit Purchaser to file any Disclosure Documents required under Applicable Laws in connection with the Transaction, including with Canadian securities regulatory authorities under the System for Electronic Document Analysis and Retrieval (SEDAR) and foreign securities regulatory authorities, subject to Vendor's reasonable requests for redaction; and
- (c) provide reasonable access during normal business hours at Purchaser's sole cost and expense to personnel of Vendor, its related persons or their auditors, counsel or engineers who are responsible for such financial, operating and reserves evaluation information.

#### 12.5 Posts Incurred for Financial Information

(a) Purchaser shall be solely responsible for and shall pay and, in addition and as an independent covenant, shall defend, indemnify and save harmless Vendor and each of Vendor's related persons from and against, all Third Party costs incurred by Vendor in connection with Vendor's compliance with its obligations under Section 12.4.

#### ARTICLE 13 GENERAL

#### 13.1 Further Assurances

Each Party will, from time to time and at all times after Closing, without further consideration, do such further acts and deliver all such further assurances, deeds and documents as shall be reasonably required to fully perform and carry out the terms of this Agreement.

#### 13.2 No Merger

The covenants, representations, warranties and indemnities contained in this Agreement shall be deemed to be restated in any and all assignments, conveyances, transfers and other documents conveying the interests of Vendor in and to the Assets to Purchaser, subject to any and all time and other limitations contained in this Agreement. There shall not be any merger of any covenant, representation, warranty or indemnity in such assignments, conveyances, transfers and other documents notwithstanding any rule of law, equity or statute to the contrary and such rules are hereby waived.

#### 13.3 Receiver

Purchaser acknowledges that Receiver is acting solely in its capacity as the Court-appointed receiver and manager of Twin Butte, and not in its personal or corporate capacity. Under no circumstances shall Receiver or any of its Representatives have any liability pursuant to this Agreement, or in relation to the Transaction, in its or their personal or corporate capacity, whether such liability be in contract, tort or otherwise.

#### 13.4 Entire Agreement

The provisions contained in any and all documents and agreements collateral hereto shall at all times be read subject to the provisions of this Agreement and, in the event of conflict, the provisions of this Agreement shall prevail. This Agreement supersedes all other agreements (other than the Confidentiality Agreement dated October 17, 2016 between Vendor and a related party of the Purchaser), documents, writings and verbal understandings between the Parties relating to the subject matter hereof and expresses the entire agreement of the Parties with respect to the subject matter hereof.

#### 13.5 Governing Law

This Agreement shall, in all respects, be subject to, interpreted, construed and enforced in accordance with and under the laws of the Province of Alberta and the laws of Canada applicable therein and shall, in every regard, be treated as a contract made in the Province of Alberta. The Parties irrevocably attorn and submit to the jurisdiction of the courts of the Province of Alberta and courts of appeal therefrom in respect of all matters arising out of this Agreement.

#### 13.6 Signs and Notifications

Within sixty (60) days following Closing, Purchaser shall remove any signage which indicates Twin Butte's ownership or operation of the Assets. It shall be the responsibility of Purchaser to erect or install any signage required by applicable Governmental Authorities indicating Purchaser to be the owner or operator of the Assets.

## A. JiangYin and Wuhan's Investment in Henenghaixin

- 1. The Partnerships' Investment in Henenghaixin was transferred through several entities prior to ultimately being received into Henenghaixin's Accounts. Refer to *Appendix C* for a diagram of the ownership structures of the entities involved in the transfers. Our findings in this Appendix make references, denoted as "(G#)", to the corresponding section of the flow of funds diagram set out in *Appendix G*.
- JiangYin and Wuhan each made their own investments in Henenghaixin. The structure and transactions related to each of their respective investments are detailed in agreements (collectively, the "Investment Agreements") between:
  - a. JiangYin<sup>47</sup> and QingDao Zhongtian Capital Management Co. ("QingDao Capital"), Mr. Tianzhou Deng, Mr. Bo Huang, and their spouses dated February 2017<sup>48</sup>; and
  - b. Wuhan and QingDao Capital, Mr. Tianzhou Deng, Mr. Bo Huang, and their spouses dated March 2017<sup>49</sup>.
- Outlined in the sections below is a summary of the transactions between the Partnerships and Henenghaixin.

## 1. JiangYin/Wuhan to JingZhou

- JingZhou HePing Energy Limited ("JingZhou") is an entity residing in China, jointly owned by JiangYin (47.22%) and Wuhan (52.78%), as a result of their respective investments in JingZhou outlined in paragraph 5 below.
- 5. JiangYin's and Wuhan's respective ownership in JingZhou were derived from the the following investments in JingZhou (as set out in the Investment Agreements noted above):
  - a. JiangYin RMB ¥850,000,000; transferred in two amounts, RMB ¥400,000,000 and RMB ¥450,000,000, via JiangYin's general partner Heyuan Capital<sup>50</sup> and received in JingZhou's CCB bank account<sup>51</sup> on February 14, 2017 and March 14, 2017, respectively (G1).
  - b. Wuhan RMB ¥950,000,000; transferred via Beijing YingShi ChuangXin Investment Consulting Ltd. ("YingShi"), on March 28, 2017<sup>52</sup>. As noted in an investment agreement between Wuhan and QingDao Capital, YingShi's ownership of 52.78% derived from this transfer was subsequently transferred to Wuhan. The structure of the transactions, as explained in the investment agreement was as follows:

<sup>&</sup>lt;sup>47</sup> The investment agreement is between Heyuan Capital Management Co. Ltd. ("Heyuan Capital") and QingDao Capital. Mr. Zhang confirmed that Heyuan Capital is the general partner of JiangYin. As such, the agreement is effectively between JiangYin and QingDao Capital, as we've referred to it above.

<sup>48</sup> DocRef\_22

<sup>49</sup> DocRef\_23

<sup>51</sup> DocRef\_24, 25 52 DocRef\_26

- i. Wuhan loaned RMB ¥950,000,000 to YingShi53;
- ii. YingShi transferred RMB ¥950,000,000 to JingZhou as noted above54 (G2); and
- iii. YingShi subsequently transferred their 52.78% ownership in JingZhou to Wuhan (G3). PwC research corroborated the transfer of ownership<sup>55</sup>. The research was conducted via a third-party enterprise information searching platform in China, which comprises data from websites such as government corporation registries, amongst other sources.

## 2. JingZhou to QingDao Energy

- QingDao ZhongTian YuHeng Energy Co. Ltd. ("QingDao Energy") is a subsidiary of JingZhou<sup>56</sup>, residing in China.
- JingZhou transferred the sum of RMB ¥1,800,000,000 (G4) received from JiangYin and Wuhan to QingDao Energy in three transactions as follows:
  - a. RMB ¥400,000,000 on February 15, 201757;
  - b. RMB ¥450,000,000 on March 15, 201758; and
  - c. RMB ¥950,000,000 on March 28, 201759.

## 3. QingDao Energy to CCB/ICBC and Foreign Loans to York City

8. We understand from Mr. Zhang that due to China's foreign currency controls, QingDao Energy was unable to transfer funds outside of China to their subsidiary, York City located in the British Virgin Islands, for ultimate investment into Henenghaixin. For this reason, QingDao Energy entered into agreements with both the Industrial and Commercial Bank of China, Wuhan Jianghan Branch<sup>60</sup> ("ICBC China") and China Construction Bank Co., Ltd. QingDao Sifang Branch<sup>61</sup> ("CCB China") to facilitate transfers outside of China. Both agreements were structured to require a deposit/guarantee from QingDao Energy to each of ICBC China and CCB China, for the RMB amounts to then be transferred. We understand from Mr. Zhang that each of ICBC China and CCB China then set up agreements with their respective foreign branches, who ultimately loaned the CAD equivalent of the RMB deposits/guarantees (less bank fees and other charges) to York City. A summary of these agreements is set out below.

#### i. QingDao Energy - CCB - York City

9. QingDao Energy entered into 6 Capital Warrant Contracts with CCB China<sup>62</sup>, whereby the debtor (QingDao Energy) was required to deposit a specified amount into a guarantee account held by CCB China, which was not to be used or transferred without the creditor's (CCB China) approval. <sup>&</sup>lt;sup>33</sup> PwC has not been provided the bank statements of Wuhan or YingShi to confirm this transaction, however as noted in paragraph 5.b above, we have confirmed YingShi's ownership in JingZhou (as a result of their ¥950,000,000 transfer) was subsequently transferred to Wuhan. <sup>54</sup> DocRef 26

<sup>59</sup> DocRef\_26

recalculated total amount deposited into the guarantee account per the Capital Warrant Contracts was RMB ¥938,828,227<sup>63</sup> (G5).

- 10. It should be noted that an additional RMB ¥88,828,227, beyond JiangYin's investment of ¥850,000,000 comprises the balance of total receipts in the guarantee account of QingDao Energy (i.e. RMB ¥88,828,227 + RMB ¥850,000,000 = RMB ¥938,828,227). We understand from Mr. Zhang that these additional funds (RMB ¥88,828,227), representing 4.70% of the total receipts in QingDao Energy (RMB ¥1,888,828,227) do not belong to the Partnerships. As instructed by you, PwC has not analyzed QingDao Energy's bank accounts further to attempt to identify the source of these funds.
- As a result of QingDao Energy's 6 deposits totalling RMB ¥938,828,227 into the CCB China guarantee account<sup>64</sup>, China Construction Bank Co., Ltd. Seoul Branch ("CCB South Korea") entered into 6 corresponding loan contracts with York City<sup>65</sup>. Funds were withdrawn by York City in 6 transactions totalling CAD \$174,800,000 (G6) between March 23, 2017 and July 12, 2017<sup>66</sup>.
- 12. Refer to Section B below for a summary of interest payments on these loans to York City.

#### ii. QingDao Energy – ICBC – York City.

- QingDao Energy entered into a guarantee/standby letter of credit agreement with ICBC China<sup>67</sup>. Although this credit agreement did not state the amount of the guarantee, we understand from Mr. Zhang the guarantee amount was RMB ¥950,000,000. PwC confirmed a transfer of RMB ¥950,000,000 (G7) from QingDao Energy's Ping An bank account to their ICBC China account on March 28, 2017<sup>68</sup>.
- As a result of this guarantee, Industrial and Commercial Bank of China (Canada), Industrial and Commercial Bank of China (Macau) Limited and Industrial and Commercial Bank of China Limited, Seoul Branch (collectively, the "ICBC Group") entered into a loan agreement with York City<sup>69</sup>. CAD \$177,734,700 (G8) in loan proceeds were withdrawn by York City on March 29, 2017<sup>70</sup>.
- 15. Refer to Section B below for a summary of interest payments on these loans to York City.

## 4. York City to Henenghaixin

- 16. As noted previously, Henenghaixin is a Canadian corporation, wholly owned by York City.
- York City transferred CAD \$353,978,331 (G9) to Henenghaixin, which includes the total loan proceeds of CAD \$352,534,700 received from CCB South Korea and ICBC Group (G6 and G8) and an additional CAD \$1,443,631 (G9) from York City as discussed in Section V, paragraph 22.

## **B.** Interest Payments on York City Loans

- 18. As noted previously, York City had loans with CCB South Korea and ICBC Group. PwC identified the following interest payments made by Unrelated Entities from documentation provided, unless otherwise stated:
  - CAD \$1,593,525 (G10) was paid by CSIC to CCB South Korea for interest on the CCB South Korea loan<sup>71</sup>; and
  - b. CAD \$1,512,973 (G11) was paid by CSIC to York City for interest on the ICBC Group loan72; and
  - c. CAD \$1,462,294 was apparently paid by Long Run to York City (G12) for interest on the ICBC Group loan<sup>73</sup>. We were unable to determine the payor of the interest payments from the documents provided, and have therefore relied on information provided by Mr. Zhang.
- 19. As of the date of this report, we have not been provided sufficient documentation to identify all interest payments, including whether any additional interest (beyond that noted above) was paid by the entities above, or any other Unrelated Entities.

#### Article II Structure of the Transaction

#### 2.1 Structure of the Transaction

2.1.1 Summary of the Overall Plan

As of the date of the execution of this Agreement, (1) Heping Energy has registered capital in the amount of 1,800,000,000 Yuan, and Beijing Inshine Investment holds 100%

shares of Heping Energy, Beijing Inshine Investment has not made actual investment. The aforementioned capital investment and shareholders information has been registered with the Industry and Trade authority; (2) Qingdao Yuheng Industry and Trade capital 1,810,000, 000 Yuan, and Heping Energy holds 99.4475% of the shares of Qingdao Yuheng, Heping Energy has not made actual investment. The above capital investment and shareholders information has been registered with the Industry and Trade authority.

Source Capital Co., Ltd. proposed to invest in the assets held by TB in the name of HENENGHAIXIN incorporated in partnership between Source Capital Co., Ltd., and Zhongtian Capital Management Co., Ltd.

HENENGHAIXIN and Beijing Inshine Investment signs a share assignment agreement, accepting the 22.2222% of Heping Energy's shares held by Beijing Inshine Investment at a consideration of zero, corresponding to registered capital of 400,000,000 Yuan (in words: Four hundred million Yuan), meanwhile, HENENGHAIXIN has the right to accept another 25% of shares of Heping Energy held by Beijing Inshine Investment at a consideration of zero, corresponding to registered capital of 450,000,000 Yuan (in words: Four hundred and fifty million Yuan) within thirty-six months. After HENENGHAIXIN fulfills its funding obligation of 400,000,000 Yuan (in words: Four hundred million Yuan) to Heping Energy, Heping Energy will fund 400,000,000 Yuan (in words: Four hundred million Yuan) to Qingdao Yuheng. After Qingdao Yuheng completes the ODI process, and on such basis, Qingdao Yuheng will proceed with the onshore guarantees for offshore loans process, a domestic bank being the onshore guarantor and York City being the debtor; and after York City receives such funding, Beijing Inshine Investment, Heping Energy will assist in the change of the registration with the Industry and Trade authority, completing the registration of HENENGHAIXIN as a shareholder of Heping Energy based on the number of shares accepted by HENENGHAIXIN.

Within five Business Days after the ODI process is completed and after the onshore guarantees for offshore loans process is completed but before the overseas bank issues funding to York City, Source Capital Co., Ltd./Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING have the obligation to bring about Qingdao Yuheng's acceptance of York City's shares, meaning that Qingdao Yuheng will hold 100% of York City's shares and will enjoy all the benefits as a shareholder. Five Business Days after York City receives the funding through the onshore guarantees for offshore loans process, Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING have the obligation to bring about the share transfer, payment of considerations, closing of transaction by York City, the overseas HENENGHAIXIN Holding Company, and HENENGHAIXIN according to the structure of this Transaction, so Qingdao Yuheng is able to own the TB interests fully through holding shares indirectly.

The structure of this Transaction is illustrated in the Appendix I, the Transaction Structure Diagram.

Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall bring about the following: 1) While Qingdao Yuheng implements the effective measures to complete the funding process, it appoints the persons assigned by Source Capital Co., Ltd. to be directors and advisors of Qingdao Yuheng, and to issue effective decisions/resolutions to Source Capital Co., Ltd.; 2) Within three Business Days after Heping Energy receives the first payment from HENEGHAIXIN in the amount of 400,000,000 (in words: four hundred million Yuan), it will pay 400,000,000 (in words: four hundred million Yuan) to Qingdao Yuheng; 3) If HENENGHAIXIN later accepts the 25% shares of Heping Energy held by Beijing Inshine Investment, corresponding to registered investment of 450,000,000 (in words: four hundred and fifty million Yuan), Heping Energy will pay Qingdao Yuheng 450,000,000 (in words: four hundred and fifty million Yuan) within three days after Heping Energy receives 450,000,000 (in words: four hundred and fifty million Yuan) payment from HENENGHAIXIN.

2.1.2 Withdrawal arrangement

Source Capital proposes to withdraw its investment by transferring all the shares of Heping Energy HENENGHAIXIN holds when the term of the Partnership Agreement expires or even though the term of the Partnership Agreement has not expired, the scenario described in 2.1.2, 1) occurs.

 During the term of the Partnership Agreement, Source Capital has the right to demand Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally or jointly purchase all the shares of Heping Energy HENENGHAIXIN holds within ten days from the date the following scenarios occur: The closing date specified under the *PURCHASE AND SALE AGREEMENT* executed between *FTI CONSULTING CANADA INC*. and *HENENGHAIXIN* is not realized within 45 Business Days after the registration of the change with Industry and Trade authority for HENENGHAIXIN investing in HEPING Energy is completed, or when Source Capital has reasons to believe that the closing date specified under the *PURCHASE AND SALE AGREEMENT* cannot be realized, or within 45 Business Days after the registration of the change with Industry and Trade authority for HENENGHAIXIN investing in HEPING Energy is completed, the transaction structure arrangement specified under 2.1.1 of this Agreement is not fully completed, Qingdao Yuheng, *York City*, Overseas HENENGHAIXIN Holding Company, HENENGHAIXIN have not completed the respective share transfers, payments of considerations, or closing procedures, as a result, Qingdao Yuheng fails to fully own TB's interest through indirectly holding shares;

b) During the term of the Partnership Agreement, significant issues are identified for any of the companies - Source Capital, Zhongtian Yuheng, York City, HENENGHAIXIN - and such issues were not identified before HENENGHAIXIN pays capital into Heping Energy (including but not limited to significant legal flaws that hinder such company to participate in this Transaction; such company being subject to any litigations, arbitration, or administrative penalties and such litigations, arbitration, or administrative penalties may cause significant adverse impact to such

a)

company; such company has a debt in excess of 10,000,000 Yuan; significant flaws in compliance in the operation of such company; there is false, misleading information or material omission in the disclosure made by Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING, which will impact Source Capital's decision to participate in this Transaction), and the issues cannot be resolved by the parties;

- c) When something happens that results in the significant adverse impact on the performance capability, ability to pay, or the effectiveness and enforceability of the payment of Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING, including but not limited to share reduction actions that result in their loss of the third party controlling shareholder position/actual controlling party position, or they are investigated by the Securities Supervision Bodies, or subject to significant litigations;
- d) After HENENGHAIXIN becomes Heping Energy's shareholder, if any of the net profit projections of HENENGHAIXIN (net profit is calculated as the lower of the two before and after deducting extraordinary items, prepared and calculated as per the Chinese Business Accounting Standards) is not met, i.e., from the year 2017, the net profit of any year (net profit is calculated as the lower of the two before and after deducting extraordinary items) is lower than RMB four hundred million Yuan;

When Heping Energy, Qingdao Yuheng, York City, Overseas
HENENGHAIXIN Holding Company, HENENGHAIXIN cannot
normally operate for 6 consecutive months, caused by reasons including
but not limited to Board of Directors disputes, government's order to cease
operation due to labour, environmental, or safety concerns, or order to
cease operation for rectification, or broken cash flow chain, etc.
f) After the closing of HENENGHAIXIN's investment in Heping Energy
transaction, HENENGHAIXIN's average daily production output is less
than 10,000 barrels (or equivalent) for 90 days consecutively;
g) When Party A deems necessary before the term of the Partnership
Agreement expires.

2) Within ten days after the duration of the Partnership Agreement is expired, the related third party appointed by Zhongtian Capital/Tianzhou DENG/Bo HUANG shall purchase all the Heping Energy shares held by HENENGHAIXIN. If Zhongtian Capital/Tianzhou DENG/Bo HUANG has not duly appointed the related third party for the purchase or the appointed related third party refuses the purchase, HENENGHAIXIN has the right to transfer all the Heping Energy shares it holds to Zhongtian Capital/Tianzhou DENG/Bo HUANG or a third party.

3) Price and payment for transfer

The total price of the transfer of shares specified in Article 2.1.2, 1), 2) under this Agreement shall not be lower than the result of the formula below: The lowest transfer price = Fund Size \* (1+10%\*Fund Closing Period +365)

e)

"Fund size" means the total actual amount paid to HENENGHAIXIN by all partners according to the Partnership Agreement and all subsequent supplementary agreements;

"Fund closing period" means the period from the date when the initial fund closes under the Partnership Agreement (inclusive) to the date when the related third party appointed by Zhongtian Capital/Tianzhou DENG/Bo HUANG pays the full price for the share transfer under this agreement (exclusive).

To avoid disputes, all the interest and dividend received by HENENGHAIXIN from Heping Energy before the transfer of shares will not constitute part of the share transfer price to be deducted.

third party refuses the purchase or does not purchase all the Heping Energy shares held by HENENGHAIXIN under the Agreement, HENENGHAIXIN has the right to transfer all the Heping Energy shares held by HENENGHAIXIN to Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly, Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall purchase the aforementioned shares at a price no lower than the lowest transfer price specified in 2.1.2, 3) as per the requirement of HENENGHAIXIN.

3) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that, if HENENGHAIXIN chooses to transfer all the Heping Energy shares held by HENENGHAIXIN under 2.1.2, 3) of this Agreement to a third party, and the transfer price is lower than the lowest transfer price specified in 2.1.2, 3) under this Agreement, Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING (the five parties are jointly responsible) will pay HENENGHAIXIN the difference.

4) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that if there is a difference between the amount of return all the partners actually receive for a period and the amount specified in the Partnership Agreement, i.e., return calculated according to their actual investment in HENENGHAIXIN, and the annual 7.2% for the Preferred Class Partners and 9% for the Intermediate Class Partners for the period, they have the obligation to pay the difference to all the partners; Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall pay such difference within ten Business Days from the last date of distribution for the period specified under the Partnership Agreement;

- 5) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that HENENGHAIXIN's preferred class and Intermediate Class Partners will eventually receive an amount no less than their actual investment amount plus annual projected return of 7.2%, 10% calculated from the date when the actual investment is made to the date when the aforementioned actual investment and projected return is all paid back. If there is any difference, Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall jointly pay such difference. Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall pay such difference in cash into the account designated by HENENGHAIXIN 30 days upon receiving HENENGHAIXIN's written notice;
- 6) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall urge Hepping Energy to use the 46.9613% of Qingdao Yuheng's shares it holds as a pledge to guarantee the performance of Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING under this Agreement;
- Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall urge Beijing Inshine to use the 25% of shares that

have not been transferred to HENENGHAIXIN as a pledge to HENENGHAIXIN according to "Jinzhou City Heping Energy Co., Ltd. Share Transfer Agreement";

- 8) HENENGHAIXIN has the right to appoint a director to sit on the Boards or similar bodies of *York City*, Overseas HENENGHAIXIN Holding Company, *HENENGHAIXIN* as per the laws where York City is located and this director has the veto power by casting one vote on material matters, including but not limited to capital increase, reduction, the purchase and disposal of significant assets, mortgaging or pledging company's assets, or adding encumbrance to the company's assets, borrowing from outside parties, providing guarantee to outside parties, and so on, *York City*, Overseas HENENGHAIXIN Holding Company, *HENENGHAIXIN* shall incorporate the above-mentioned rights of HENENGHAIXIN into the Articles of Incorporation or similar legal documents;
- 9) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that they will not impair the overseas interest indirectly owned by HENENGHAIXIN through the multilayer structure, and will not add any encumbrance to such interest, including but not limited to such that without the written consent of Source Capital Co., Ltd., they shall not transfer the Qingdao Yuheng shares owned by Heping Energy, York City shares or similar interest owned by Qingdao Yuheng, the Overseas HENENGHAIXIN Holding Company shares or similar interest owned by York City, HENENGHAIXIN shares or similar interest owned by the Overseas HENENGHAIXIN Holding Company, and shall not add any encumbrance on the above mentioned interests.

2.1.4 The method to transfer funds overseas

Various parties agree that the funds will be transferred overseas through the process of onshore guarantees for offshore loans. Qingdao Yuheng will deposit security into a domestic commercial bank as counter-guarantee, the domestic commercial bank will provide an overseas bank with a Bank Letter of Guarantee, the overseas bank will then issue a foreign currency loan to York City, the debtor.

### 2.1.5 Account supervision

Various parties agree that a Heping Energy bank account and Qingdao Yuheng bank account approved in writing by Source Capital Co., Ltd. will be jointly supervised accounts, any funds related to the funding, payments, increase of funding under this Agreement shall go through such accounts, the seals of Source Capital Co., Ltd. and the account holder shall be kept with the bank, any ins and outs of funds of such accounts shall be approved in writing by both Source Capital Co., Ltd. and the account holder.

### 2.1 Structure of the Transaction

### 2.1.1 Summary of the Overall Plan

The Industry Fund proposes to invest in all the assets held by TB.

Given the current regulatory environment in China regarding overseas investment and foreign currency control, it is proposed that the Industry Fund will provide 950,000,000 Yuan (in words: nine hundred and fifty million Yuan) loan to Beijing Inshine Investment, Beijing Inshine Investment will use the total loan mentioned above to invest capital into its wholly owned subsidiary, Heping Energy, then Heping Energy will invest capital of 1,800,000,000 Yuan to Qingdao Yuheng (in words: one point eight billion Yuan). After Qingdao Yuheng completes the filing procedures with the Development and Reform Commission, Ministry of Commerce for overseas investment, Qingdao Yuheng will complete the process of onshore guarantees for offshore loans process, a domestic bank being the onshore guarantor and York City being the debtor, and ensure that York City receives such loan.

As a condition for the Industry Fund provides the aforementioned 950 million Yuan loan to Beijing Inshine, Beijing Inshine undertakes that at any time after Beijing Inshine completes the investment in Heping Energy, if Beijing Inshine receives a notice from the Industry Fund for share transfer, Beijing Inshine agrees to transfer the 52.7778% of Heping Energy's shares to the Industry Fund, as the consideration for the principal of the aforementioned 950 million Yuan loan. After Beijing Inshine receives the aforementioned notice, it shall complete the execution of the relevant share transfer agreements (including but not limited to the Share Transfer Agreement), shareholders' decision on share transfer in the time period specified in the notice of the Industry Fund, and shall complete the registration of the shareholding change with the Industry and Trade authority, and file with the relevant government authorities for record or approval. After the share transfer is completed, the Industry Fund will directly own 52.7778% of Heping Energy's shares.

Within three (3) Business Days after Qingdao Yuheng completes the procedures with the Development and Reform Commission, Ministry of Commerce for overseas investment, and after the onshore guarantees for offshore loans process is completed but before the overseas bank issues funding to York City, Zhongtian Capital, Tianzhou DENG and spouse Fang CHEN, Bo Huang and spouse Xiaoyan NING have the obligation to bring about Qingdao Yuheng's acceptance of York City's shares, meaning that Qingdao Yuheng will hold 100% of York City's shares and will enjoy all the benefits as a shareholder. Five Business Days after York City receives the funding through the onshore guarantees for offshore loans process, Zhongtian Capital, Tianzhou DENG and spouse Fang CHEN, Bo Huang and spouse Xiaoyan NING have the obligation to urge and ensure that York City, the overseas HENENGHAIXIN Holding Company, and HENENGHAIXIN will complete the share transfer, payment of considerations as per the structure of this Transaction under this Agreement, so Qingdao Yuheng is able to own the TB interests fully through holding shares indirectly.

The structure of this Transaction is illustrated in the Appendix I, the Transaction Structure Diagram.

Zhongtian Capital, Tianzhou DENG and spouse Fang CHEN, Bo Huang and spouse Xiaoyan NING shall urge and ensure the following: 1) While Qingdao Yuheng implements the effective measures to complete the funding process, it appoints the person appointed by the Industry Fund to be the legal representative of Qingdao Yuheng, and to issue effective decisions/resolutions to the Industry Fund, and to submit the official seal of Qingdao Yuheng to the Industry Fund for safekeeping; 2) Within three (3) Business Days after Beijing Inshine receives the loan, it shall pay the capital into Heping Energy; 3) Within three (3) Business Days after Heping Energy receives the 950 million (in words: nine hundred and fifty million Yuan) investment fund from Beijing Inshine, it shall pay the 950 million (in words: nine hundred and fifty million Yuan) investment into Qingdao Yuheng.

- 2.1.2 Withdrawal arrangement
- Within the Four-Year Period, Zhongtian Capital/Tianzhou DENG/Bo HUANG shall appoint a related third party to purchase Heping Energy shares held by the Industry Fund.
- 2) Notwithstanding the provisions of the preceding paragraph, within the Four-Year Period, the Industry Fund has the right to demand Zhongtian Capital, Tianzhou DENG and spouse, Fang CHEN, Bo HUANG and spouse severally or jointly purchase all the Heping Energy shares held by the Industry Fund within ten (10) days should the following occur:
  - a) The closing date specified under the PURCHASE AND SALE
     AGREEMENT executed between FTI CONSULTING CANADA INC. and
     HENENGHALXIN is not realized within 10 Business Days after the

registration of the change with Industry and Trade authority for the Industry Fund's acceptance of the 52.7778% of Heping Energy's shares, or when the Industry Fund has reasonable reasons to believe that the closing date specified under the *PURCHASE AND SALE AGREEMENT* cannot be realized, or within 10 Business Days after the registration of the change with Industry and Trade authority for the Industry Fund's acceptance of the 52.7778% of Heping Energy's shares, the transaction structure arrangement specified under 2.1.1 of this Agreement is not fully completed, any of the parties in the Transaction - Qingdao Yuheng, *York City*, Overseas HENENGHAIXIN Holding Company, *HENENGHAIXIN* have not completed the respective share transfers, payments of considerations, or closing procedures, as a result, Qingdao Yuheng fails to fully own TB's interest through indirectly holding shares;

b) Significant issues are identified by the Industry Fund for any of the companies – Heping Energy, Qingdao Yuheng, York City, HENENGHAIXIN - and such issues were not identified before the execution of the Agreement (including but not limited to significant legal flaws that hinder such company to participate in this Transaction; such company being subject to any litigations, arbitration, or administrative penalties and such litigations, arbitration, or administrative penalties may cause significant adverse impact to such company; such company has a debt in excess of 50,000,000 Yuan; significant flaws in compliance in the operation of such company; there is false, misleading information or

material omission in the disclosure made by Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING, which will impact the Industry Fund's decision to participate in this Transaction), and the issues cannot be resolved by the parties;

- c) When something happens that results in the significant adverse impact on the performance capability, ability to pay, or the effectiveness and enforceability of the payment of Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING, including but not limited to share reduction actions that result in their loss of the third party controlling shareholder position/actual controlling party position, or they are investigated by the Securities Supervision Bodies, or subject to significant litigations;
- d) After the Industry Fund becomes Heping Energy's shareholder, if any of the net profit projections of HENENGHAIXIN (net profit is calculated as the lower of the two before and after deducting extraordinary items, prepared and calculated as per the Chinese Business Accounting Standards) is not met, i.e., from the year 2017, the net profit of any year (net profit is calculated as the lower of the two before and after deducting extraordinary items)is lower than RMB four hundred million Yuan;
  - e) When Heping Energy, Qingdao Yuheng, York City, Overseas
     HENENGHAIXIN Holding Company, HENENGHAIXIN cannot
     normally operate continuously for 6 months, caused by reasons including
     but not limited to Board of Directors disputes, government's order to cease

operation due to labour, environmental, or safety concerns, or order to cease operation for rectification, or broken cash flow chain, etc.

- f) After the Industry Fund accepts the 52.7778% of Heping Energy's shares and completes the registration of the shareholding change with the Industry and Trade authority, *HENENGHAIXIN*'s average daily output is less than 10,000 barrels (or equivalent) for 60 days consecutively;
- g) When the Industry Fund deems necessary.
- 3) After the Four-Year Period expires, the Industry Fund will withdraw as specified in 2.1.2, 1), or if the Industry Fund does not withdraw as specified in 2.1.2, 2), the Industry Fund has the right to choose to transfer all the Heping Energy shares it holds to Zhongtian Capital/Tianzhou DENG and spouse/Bo HUANG and spouse, or to a third party. If the Industry Fund Zhongtian demands Zhongtian Capital/Tianzhou DENG and spouse/Bo HUANG and spouse to purchase all the Heping Energy shares it holds, Zhongtian Capital/Tianzhou DENG and spouse/Bo HUANG and spouse shall complete the purchase within one (1) year from the date the Four-Year Period expires.

# Price and payment for transfer

The total price of the transfer of shares specified in Article 2.1.2, 1), 2), 3) under this Agreement shall not be lower than the result of the formula below:

The lowest transfer price = Fund Size \* (1+15%\*Fund Closing Period  $\div$ 365)

"Fund size" means the total actual amount paid to the Industry Fund by all partners according to the Partnership Agreement.

"Fund closing period" means the period from the date when the Industry Fund partners make initial successful investment (inclusive) confirmed by the Executive Partner (Chang Tou Ping An Fund Management Company) to the date when Zhongtian Capital/Tianzhou DENG and spouse/Bo HUANG and spouse or the related third party they appointed pay the full price for the share transfer under this Agreement (exclusive).

To avoid disputes, all the interest and dividend received by the Industry Fund from Heping Energy before the transfer of shares will not constitute part of the share transfer price to be deducted.

# 2.1.3 Prepayments

The Industry Fund has the right to terminate this Agreement if, within 60 Business Days after Beijing Inshine receives the loan of 950,000,000 Yuan (in words: nine hundred and fifty million Yuan) from the Industry Fund, Qingdao Yuheng fails to complete the filing procedures with the Development and Reform Commission, Ministry of Commerce for overseas investment, or Qingdao Yuheng fails to complete the process of onshore guarantees for offshore loans to have a domestic bank being the onshore guarantor and York City being the debtor, and York City fails to receive such loan; and the Industry Fund will demand Beijing Inshine to pay back the loan of 950,000,000 Yuan (in words: nine hundred and fifty million Yuan) and interests, and default damages (if any) to the Industry Fund as specified in the Loan Agreement.

- 2.1.4 Credit enhancement arrangement
  - Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that should the scenario described in 2.1.3 occurs, or when the term of the Loan Agreement expires and the Industry Fund does not demand Beijing Inshine to transfer the 52.7778% of Heping Energy shares to the Industry Fund, they should assume the joint and several liability guarantee for Beijing Inshine's obligation to pay the Industry Fund the loan principal and interest and default damages (if any).
  - 2) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that if, within the Four-Year Period, the Industry Fund fails to withdraw as specified in 2.1.2, a, and 2.2.2, 2), the Industry Fund has the right to transfer all the Heping Energy shares held by the Industry Fund to Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly, and Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall purchase the aforementioned shares at a price no lower than the lowest transfer price specified in 2.1.2, 4) within one (1) year upon the expiry of the Four-Year Period as required by the Industry Fund.
  - 3) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that, if the Industry Fund chooses to transfer all the Heping Energy shares held by the Industry Fund to a

third party under 2.1.2, 4) of this Agreement, and the transfer price is lower than the lowest transfer price specified in 2.1.2, 4) under this Agreement, Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING (the five parties are jointly responsible) will pay the Industry Fund the difference.

- 4) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING severally and jointly undertake that they will be jointly obliged to pay the difference between the amount to be received by all the partners of the Fund in terms of their investment principals and the return calculated based on the annual rate of return of 6% and 15% for LP2 and LP1 under the Agreement and the actual amount they receive (the five parties have joint responsibilities).
- 5) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall urge and ensure that all the shareholders of Beijing Inshine Investment will pledge all their shares in Beijing Inshine within ten (10) days after the Loan Agreement is executed as a guarantee that Beijing Inshine Investment will pay back the investment loan and interest (when the scenario described in 2.1.3 in this Agreement occurs, or upon the term of the Loan Agreement expires, the Industry Fund does not demand Beijing Inshine Investment to transfer the 52.7778% of the Heping Energy Shares to the Industry Fund) and the obligation to pay default damage (if any), and also guarantee the performance of Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING under this Agreement;

- Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall urge and ensure that Beijing Inshine Investment will pledge all the 52.7778% of Heping Energy Shares within ten (10) days after the Loan Agreement is executed as a guarantee that Beijing Inshine Investment will pay back the investment Ioan and interest (when the scenario described in 2.1.3 in this Agreement occurs, or upon the term of the Loan Agreement expires, the Industry Fund does not demand Beijing Inshine Investment to transfer the 52.7778% of the Heping Energy Shares to the Industry Fund) and the obligation to pay default damage (if any), if the Industry Fund demands Beijing Inshine Investment to transfer the 52.7778% of the Heping Energy Shares to the Industry Fund as specified in 2.1.1 of this Agreement, the Industry Fund and Beijing Inshine will process the registration of the cancellation of the aforementioned share pledge together;
- 7) Zhongtian Capital/Tianzhou DENG and spouse Fang CHEN/Bo Huang and spouse Xiaoyan NING shall urge and ensure that Heping Energy will pledge the 52.49% of Qingdao Yuheng's shares within ten (10) days after the Loan Agreement is executed as a guarantee that Beijing Inshine Investment will pay back the investment loan and interest (when the scenario described in 2.1.3 in this Agreement occurs, or upon the term of the Loan Agreement expires, the Industry Fund does not demand Beijing Inshine Investment to transfer the 52.7778% of the Heping Energy Shares to the Industry Fund) and the obligation to pay default damage (if any), and also guarantee the performance of Zhongtian

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement,

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the balance sheet of West Lake Energy Corp. as at December 31, 2017, and its financial performance and its cash flows for the period from incorporation on December 13, 2016 to December 31, 2017, in accordance with International Financial Reporting Standards.

# Notes to Financial Statements

For the period from incorporation on December 13, 2016 to December 31, 2017 All tabular amounts are in thousands of Canadian dollars except as otherwise indicated.

#### 1. BUSINESS AND STRUCTURE OF WEST LAKE

West Lake Energy Corp. ("West Lake" or "the Company") is an oil and natural gas exploration, development and production company with properties located in Western Canada. West Lake is domiciled in Canada and was incorporated on December 13, 2016 under the Business Corporations Act (Alberta). West Lake's head office address is 700, 600 – 3rd Avenue SW, Calgary, Alberta, Canada.

#### 2. BASIS OF PRESENTATION AND GOING CONCERN

The Company prepares its financial statements in accordance with International Financial Reporting Standards ("IFRS"). These financial statements cover the period from incorporation on December 13, 2016 to December 31, 2017. The Company has applied the same accounting policies throughout the entire period presented. These financial statements have been prepared on the historical cost basis, except as identified in Note 3, Significant Accounting Policies. They are presented in Canadian dollars, which is the Company's functional currency.

These financial statements were approved and authorized for issue by the Board of Directors on April 18, 2018.

#### Going Concern

These financial statements are prepared on a going concern basis. The going concern basis of presentation assumes that the Company will continue in operations for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

#### **3. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies used in the preparation of these financial statements are as follows:

#### (a) Cash and cash equivalents

Cash and cash equivalents consists of balances held with banks, and other short-term highly liquid investments with original maturities of three months or less from inception.

#### (b) Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates in effect at the balance sheet date. Gains and or losses on these items are included in the statement of income (loss).

#### (c) Financial Instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the rights to receive cash flows from the assets have been expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Financial liabilities are derecognized when the obligation specified in the contract is discharged, cancelled or expires.

All financial instruments are initially recognized at fair value on the balance sheet. Measurement of financial instruments subsequent to the initial recognition, as well as resulting gains and losses, are based on how each financial instrument was initially classified. The Company has classified each identified financial instrument into the following categories; fair value through profit or loss, loans and receivables, held-to-maturity investments, available for sale financial assets, and financial liabilities at amortized cost. Fair value through profit or loss financial instruments are measured at fair value with gains and losses recognized in income immediately. Available for sale financial assets are measured at fair value with gains and losses, other than impairment losses, recognized in other comprehensive income and transferred to income when the asset is derecognized. Loans and receivables, held-to-maturity investments and financial liabilities at amortized cost are recognized at amortized cost using the effective interest method and impairment losses are recorded in income when incurred.

and the second second

- -----

Derivative instruments executed by the Company to manage market risk associated with volatile commodity prices are classified as held for trading within fair value through profit or loss and recorded on the balance sheet at fair value as derivative assets and liabilities. Gains and losses on these derivative instruments are recorded as gains and losses in the statement of income (loss) in the period they occur.

Gains and losses on derivative instruments are comprised of cash receipts and payments associated with periodic settlement that occurs over the life of the instrument (realized gains/losses), and non-cash gains and losses associated with changes in the fair values of the instruments which are remeasured at each reporting date and recorded on the balance sheet (unrealized gains/losses). Transaction costs attributed to the acquisition or issue of a derivative instrument are expensed immediately. For other financial instruments, transaction costs are added to the fair value initially recognized for a financial asset or liability.

#### (d) Share capital

Equity instruments issued by the Company are recorded at the proceeds received, with direct issue costs as a deduction there from, net of any associated tax benefit.

#### (e) Joint arrangements

A portion of the Company's oil and natural gas activities involve joint arrangements classified as joint operations. The Company's share of these joint operations and a proportionate share of the relevant revenue and costs are reflected in the financial statements. Joint control exists for contractual arrangements governing West Lake's assets where all partners collectively control the arrangement and share the associated risks, West Lake has less than 100 percent working interest, all of the partners have control of the arrangement collectively and spending on the project requires unanimous consent of all parties. West Lake does not have any joint arrangements that are material to the Company or that are structured through joint venture arrangements.

#### (f) Property and equipment and exploration and evaluation assets

#### I) Exploration and evaluation (E&E) expenditures

Pre-license costs are recognized in the statement of income (loss) as incurred. All exploratory costs incurred subsequent to acquiring the right to explore for oil and natural gas and before technical feasibility and commercial viability of the area have been established are capitalized as E&E assets. Such costs can typically include costs to acquire land rights in areas with no proved or probable reserves assigned, geological and geophysical costs, and exploration wells.

Exploration and evaluation costs initially are capitalized as either tangible or intangible according to the nature of the assets acquired. The costs are accumulated in areas by well, field or exploration area pending determination of technical feasibility and commercial viability.

Exploration and evaluation assets are not depreciated and are assessed for impairment if facts and circumstances suggest that the carrying amount exceeds the recoverable amount. If an impairment indicator for E&E assets is noted, for purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units.

The technical feasibility and commercial viability of extracting a mineral resource from exploration and evaluation assets is considered when proved and probable reserves are determined to exist. A review of each exploration license or field is carried out, at least annually, to ascertain whether proved and probable reserves have been discovered. Upon determination of proved and probable reserves, exploration and evaluation assets attributable to those reserves are first tested for impairment and then reclassified from exploration and evaluation assets to development and production assets within property and equipment. If the well or exploration project did not encounter potentially economic oil and gas quantities, the unrecoverable costs are expensed and reported in exploration and evaluation expense in the period incurred.

#### ii) Development and production expenditures

Items of property and equipment, which include petroleum and natural gas development and production assets, are measured at cost less accumulated depletion and depreciation and accumulated impairment losses. Costs include E&E expenditures incurred in finding commercial reserves transferred from E&E assets, drilling and completion, production facilities, decommissioning costs, geological and geophysical costs and directly attributable costs related to development and production activities, net of any government incentive programs, and for qualifying assets, borrowing costs The

purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

When significant parts of an item of property and equipment, including oil and natural gas properties, have different useful lives, they are accounted for as separate items (major components). Gains and losses on disposal of an item of property and equipment, including oil and natural gas properties and E&E assets, are determined by comparing the proceeds from disposal with the carrying amount of property and equipment and are recognized within the statement of income (loss).

#### (iii) Subsequent costs

Costs incurred subsequent to commencement of production that are significant are recognized as oil and gas assets only when they increase the future economic benefits embodied in the specific asset to which they relate. Such capitalized oil and natural gas interests generally represent costs incurred in developing proved and probable reserves and bringing in or enhancing production from such reserves and are accumulated on a field or area basis. The carrying amount of any replaced or sold component is derecognized. The costs of the day-to-day servicing of property and equipment are recognized against income as incurred.

#### (iv) Depletion and depreciation

The net carrying value of oil and gas properties is depleted using the unit of production method by reference to the ratio of production in the period to the related proved and probable reserves, taking into account estimated future development costs necessary to bring those reserves into production. Future development costs are estimated taking into account the level of development required to produce the reserves. These estimates are reviewed by independent reserve engineers at least annually. Major development projects are not depleted until production commences.

The Company records furniture and equipment at cost and provides depreciation on the declining balance method at a rate of 20% per annum which is designed to amortize the cost of the assets over their estimated useful lives. The Company records leasehold improvements at cost and provides depreciation on the straight-line method over the term of the lease. Leased assets are depreciated over the shorter of the lease term and their useful lives. Depreciation methods, useful lives and residual values are reviewed at each financial year end, and, if necessary, changes in useful lives are accounted for prospectively.

#### (g) Asset swaps

Exchanges of development and production assets are measured at fair value unless the exchange transaction lacks commercial substance or the fair value of neither the asset received nor the asset given up is reliably measurable. The cost of the acquired asset is measured at the fair value of the asset given up, unless the fair value of the asset received is more clearly evident. Where fair value is not used, the cost of the acquired asset is measured at the carrying amount of the amount given up. Any gain or loss on derecognition of the asset given up is recognized in statement of income (loss). For exchanges or parts of exchanges that involve only exploration and evaluation assets, the exchange is accounted for at carrying value.

#### (h) Leased assets

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under the operating leases are charged to income on a straight-line basis over the period of the lease.

#### (i) Impairment

#### (I) Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics. All impairment losses are recognized in income in the period incurred. An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost the reversal is recognized in the statement of income (loss).

#### (ii) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Exploration and evaluation assets are assessed for impairment when they are reclassified to property and equipment, as oil and natural gas interests, and also if facts and circumstances suggest that the carrying amount exceeds the recoverable amount.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit" or "CGU"). The recoverable amount of an asset or a CGU is the greater of its value in use and its fair value less cost of disposal.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Value in use is generally computed by reference to the present value of the future cash flows expected to be derived from production of proved and probable reserves. Fair value less cost of disposal is assessed utilizing market valuation based on an arm's length transaction between active participants. In the absence of any such transactions, fair value less costs of disposal is estimated by discounting the expected after-tax cash flows of the cash generating unit at an after-tax discount rate that reflects the risk of the properties in the cash generating unit. The discounted cash flow calculation is then increased by a tax-shield calculation, which is an estimate of the amount that a prospective buyer of the cash generating unit would be entitled. The carrying value of the cash generating unit is reduced by the deferred tax liability associated with its property and equipment.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses recognized in prior years are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been objective change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or depletion, if no impairment loss had been recognized.

#### (j) Decommissioning provision

A decommissioning ilability is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Decommissioning liabilities are determined by discounting the expected future cash flows at a risk-free rate. A corresponding asset equal to the initial estimated liability is capitalized as part of the long-lived asset. The increase in the provision due to the passage of time is recognized as a finance cost in the statement of income (loss). Actual expenditures incurred are charged against the accumulated liability. Revisions to the estimated amount and timing of the obligations are reflected as increases or decreases to the decommissioning liability with corresponding asset retirement costs capitalized as part of the long-lived asset.

#### (k) Revenue

Revenue from the sale of oil and natural gas is recorded when the significant risks and rewards of ownership of the product is transferred to the buyer, which is usually when legal title passes to the external party, sales prices and costs can be reasonably measured, and it is probable that future economic benefits will flow to the entity. For natural gas, this is generally at the time product enters the pipeline. For crude oil, this is generally at the time the product reaches a trucking terminal or pipeline. For natural gas liquids, this is generally at the time the product is processed through a gas plant. Revenue is measured net of discounts and customs duties.

Royalty income is recognized as it accrues in accordance with the terms of the overriding royalty agreements,

#### (I) Finance expense

Finance expense comprises interest expense on borrowings, interest on convertible debentures, accretion of the discount on convertible debentures and accretion of the discount on the decommissioning provision.

#### (m) Borrowing costs

n con a concerno a concerno

Borrowing costs incurred for the construction of qualifying assets are capitalized during the period of time that is required to complete and prepare the assets for their intended use or sale. The Company considers a qualifying asset to 27 | 2017 Annual Report - West Lake Energy Corp.

be any significant construction project expected to take more than twelve months to complete. The capitalization rate used to determine the amount of borrowing costs to be capitalized is the weighted average interest rate applicable to the Company's outstanding general and specific borrowings during the period.

#### (n) Income tax

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the statement of income (loss) except to the extent that it relates to items recognized directly in shareholders' equity.

Current income tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to income tax payable in respect of previous years. Deferred income tax is recognized using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred income tax is not recognized on the initial recognition of assets or liabilities in a transaction that is not a business combination, and at the time of the transaction, affects neither accounting income nor taxable income. Deferred income tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred income tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred income tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred income tax assets and liabilities are only offset when they arise within the same tax jurisdiction. Deferred income tax assets and liabilities are presented as non-current.

#### (o) Dividends

Dividends are accrued when declared by the Board of Directors.

#### (p) Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method of accounting in which the identifiable assets acquired, liabilities assumed and any non-controlling interest are recognized and measured at their fair value at the date of acquisition. Any excess of the purchase price plus any non-controlling interest over the fair value of the net assets acquired is recognized as goodwill. Any deficiency of the purchase price over the fair value of the net assets acquired is credited to net income as negative goodwill. At acquisition, goodwill is allocated to each of the CGUs to which it relates. Subsequent measurement of goodwill is at cost less any accumulated impairment losses.

#### (q) New standards and interpretations not yet adopted

During the period ended December 31, 2017, the Company did not adopt any new or revised standards. New accounting standards, amendments to accounting standards and interpretations effective for annual periods beginning on or after January 1, 2018 are as follows:

#### Leases

On January 13, 2016, the IASB issued IFRS 16 - *Leases*, which requires entities to recognize lease assets and lease obligations on the balance sheet. For lessees, IFRS 16 removes the classification of leases as either operating leases or finance leases, effectively treating all leases as finance leases. Certain short-term leases (less than 12 months) and leases of low-value assets are exempt from the requirements and may continue to be treated as operating leases. IFRS 16 is effective for years beginning on or after January 1, 2019. The standard may be applied retrospectively or using a modified retrospective approach. The Company has identified a number of contracts that may be classified as leases and is evaluating the impact of the standard on the financial statements.

#### **Revenue Recognition**

On September 11, 2015 the IASB published an amendment to IFRS 15 - Revenue from Contracts with Customers, deferring the effective date of the standard by one year to annual periods beginning on or after January 1, 2018. IFRS 15, replaces IAS 11 - Construction Contracts, IAS 18 - Revenue and several revenue-related interpretations, establishing a single revenue recognition framework that applies to contracts with customers. The standard requires an entity to recognize revenue to reflect the transfer of goods and services for the amount it expects to receive, when control is transferred to the purchaser. Disclosure requirements have also been expanded. The Company continues to evaluate the impact of this standard on the financial statements.

#### **Financial Instruments**

EL--

IFRS 9 - *Financial Instruments* was issued in 2014 and is effective for years beginning on or after January 1, 2018 with earlier adoption permitted. The standard introduces multiple changes from IAS 39 – *Financial Instruments: Recognition and Measurement*, including introducing a principle-based approach for classification and measurement of financial assets, a single expected loss impairment model and a substantially-reformed approach to hedge accounting. The Company continues to evaluate the impact of this standard on the financial statements.

#### 4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates, and differences could be material. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

#### **Estimates and assumptions**

Information about significant areas of estimation uncertainty in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- Note 5 valuation of financial instruments;
- Note 6 valuation of assets acquired through a business combination;
- Note 8 valuation of property and equipment;
- Note 10 measurement of decommissioning provision; and
- Note 15 income tax expense.

#### Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, apart from those involving estimates, which may have the most significant effect on the amounts recognized in the financial statements.

#### (a) Exploration and evaluation assets

The decision to transfer assets from exploration and evaluation to property and equipment is based on the estimated proved and probable reserves used in the determination of an area's technical feasibility and commercial viability (Note 7).

#### (b) Reserves base

The oil and gas development and production properties are depreciated on a unit of production ("UOP") basis at a rate calculated by reference to proved and probable reserves determined in accordance with National Instrument 51-101 "Standards of Disclosure for Oil and Gas Activities" and incorporate the estimated future cost of developing and extracting those reserves. Proved plus probable reserves are determined using estimates of oil and natural gas in place, recovery factors and future prices. Future development costs are estimated using assumptions as to number of wells required to produce the reserves, the cost of such wells and associated production facilities and other capital costs (Note 8).

Proved and probable reserves are estimated using independent reserve engineer reports and represent the estimated quantities of oil, natural gas and natural gas liquids which geological, geophysical and engineering data demonstrate with a specified degree of certainty to be recoverable in future years from known reservoirs and which are considered commercially producible. Proved reserves are those reserves that can be estimated with a high degree of certainty to be recoverable. It is highly likely that the actual remaining quantities recovered will exceed the estimated proved reserves. Probable reserves are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved and probable reserves.

#### (c) Depletion of oil and gas assets

Oil and gas properties are depleted using the UOP method over proved plus probable reserves. The calculation of the UOP rate of depletion could be impacted to the extent that actual production in the future is different from current

forecast production based on proved plus probable reserves. This would generally result from significant changes in any of the factors or assumptions used in estimating reserves (Note 8).

#### (d) Determination of cash generating units

Oil and gas properties are grouped into cash generating units for purposes of impairment testing. Management has evaluated the oil and gas properties of the Company and grouped the properties into cash generating units on the basis of their ability to generate independent cash inflows, similar reserve characteristics, geographical location, and shared infrastructure (Note 8).

#### (e) Impairment indicators and calculation of impairment

At each reporting date, West Lake assesses whether or not there are circumstances that indicate a possibility that the carrying values of exploration and evaluation assets and property and equipment are not recoverable, or impaired. Such circumstances include incidents of deterioration of commodity prices, changes in the regulatory environment, or a reduction in estimates of proved and probable reserves. At December 31, 2017, Management exercised judgement and determined that there were impairment indicators present for the Non-Core CGU (Note 8). When management judges that circumstances clearly indicate impairment, property and equipment and exploration and evaluation assets are tested for impairment by comparing the carrying values to their recoverable amounts. The recoverable amounts of cash generating units are determined based on the higher of value in use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions that are subject to changes as new information becomes available including information on future commodity prices, expected production volumes, quantity of reserves, discount rates, decommissioning liabilities as well as future development and operating costs.

#### (f) Going concern

These financial statements have been prepared on a going concern' basis, which assumes the realization of assets and discharge of liabilities in the normal course of business within the foreseeable future. Management uses judgment to assess the Company's ability to continue as a going concern and the conditions that cast doubt upon the going concern assumption (Note 2).

#### 5. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial instruments of the Company include cash and cash equivalents, accounts receivable, deposits, accounts payable and accrued liabilities, and derivative assets and liabilities.

30 | 2017 Annual Report - West Lake Energy Corp.

····

5

Fair value is determined following a three-level hierarchy:

Level 1: Quoted prices in active markets for identical assets and liabilities. The Company includes cash under this category.

Level 2: Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly. Such inputs can be corroborated with other observable inputs for substantially the complete term of the contract. West Lake uses Level 2 inputs in the determination of the fair value of oil and gas derivative assets and liabilities, accounts receivable, deposits and accounts payable.

Level 3: Fair value is determined using inputs that are not observable. West Lake uses Level 3 inputs in the determination of the fair value less costs of disposal used in determining the recoverable amount of a Cash Generating Unit (CGU) for the purpose of impairment testing for PP&E and E&E assets.

Derivative assets and liabilities are carried at fair value and are measured on a recurring basis. The fair values of oil and gas commodity derivatives are determined using a Level 2 valuation model and inputs include quoted forward prices for commodities, foreign exchange rates, volatility and discounting, all of which can be observed or corroborated in the marketplace. In testing for impairment of property and equipment, a Level 3 valuation model is used to determine the recoverable amount of a CGU. The fair value less costs of disposal model used contains inputs that are not readily observable or corroborated, such as forecasted cash flows over the estimated life of reserves.

The Company's policy is to recognize transfers into and out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. During the period ended December 31, 2017, there were no transfers between levels 1, 2 or 3.

#### (b) Risks Associated with Financial Assets and Liabilities

The Company's activities expose it to a variety of financial risks that arise as a result of its exploration, development, production, and financing activities such as: credit risk; liquidity risk; and price and currency risk.

#### Price and currency risk

Commodity price risk arises from the effect that fluctuations of future commodity prices may have on the fair value or future cash flows of financial assets and liabilities. West Lake monitors and, when appropriate, utilizes financial derivative contracts or physical delivery contracts to manage the risk associated with changes in commodity prices and foreign exchange rates. The use of derivative instruments is governed under formal policies and is subject to limits established by the Board of Directors of West Lake. Under the Company's risk management policy, financial derivatives are not to be used for speculative purposes.

Crude OII – The Company has used fixed price swaps to partially mitigate its exposure to the commodity price risk on its heavy and medium crude oil sales. This includes swaps to help protect against widening light/heavy crude oil price differentials. When assessing the potential impact of oil price changes on the financial derivative contracts outstanding as at December 31, 2017, a 10% increase in pricing would decrease net income for the period ended December 31, 2017 by \$8.2 million, excluding the corresponding impact on sales revenues, while a 10% decrease would increase net income for the period ended December 31, 2017 by \$8.2 million.

Natural Gas – To partially mitigate the natural gas commodity price risk, the Company may from time to time utilize swaps, which fix the AECO price. As at December 31, 2017, the Company does not have natural gas hedges outstanding.

Currency – North American oil and natural gas prices are based upon US dollar denominated commodity prices. As a result, although receivables are denominated in Canadian dollars, the price received by Canadian producers is affected by the Cdn\$/US\$ foreign exchange rate that may fluctuate over time. To minimize this risk, fixed price swaps for crude oil and natural gas are contracted in Canadian dollars, where available.

#### Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from joint venture partners and oil and natural gas marketers. The maximum exposure to credit risk is as follows:

\$000's	December 31, 2017	
Cash and cash equivalents	31,491	
Accounts receivable	20,786	
Deposits	53	
Derivative assets	680	
	53,010	

Cash and cash equivalents, accounts receivable, deposits, and derivative assets are subject to credit risk exposure and the carrying values reflect management's assessment of the associated maximum exposure to such credit risk. The Company's cash and cash equivalents are held within a top tier national bank. Substantially all of the Company's accounts receivables are due from customers and partners concentrated in the Canadian oil and gas industry. The Company generally extends unsecured credit to these customers and therefore the collection of accounts receivable may be affected by changes in economic conditions. Management aims to mitigate this risk by dealing with a broad selection of reputable partners within the sector, by reviewing credit ratings of counterparties and partners, and through closely monitoring significant balances. When necessary, the Company requires cash calls from its partners on capital projects before they commence, and with certain counterparties, has the ability to withhold production or offset payables.

Receivables related to the sale of the Company's petroleum and natural gas production are normally collected on the 25th day of the month following delivery. As at December 31, 2017, \$6.7 million or 32% of accounts receivable are outstanding for 90 days or more. Of the total over 90 days, \$6.2 million is related to one vendor that has since been collected. The Company has provided an allowance for doubtful accounts of \$0.1 million at December 31, 2017 and believes that the remaining accounts receivable balance, net of this allowance, is collectible.

32 | 2017 Annual Report - West Lake Energy Corp.

• \*,

The Company's deposit is due from the Alberta Provincial governments and is viewed by Management as having minimal credit risk. To the extent that West Lake enters into derivatives to manage commodity price risk, the Company is exposed to credit risk associated with counterparties. The Company enters into derivative contracts with major national banks to mitigate this credit risk.

#### Liquidity risk

The timing of cash outflows relating to financial liabilities as at December 31, 2017 are as follows:

	Less than one	One to three	
December 31, 2017	year	years	Total
Trade and accrued liabilities	38,285		38,285
Derivative liability	5,873	1,389	7,262
Total	44,158	1,389	45,547

Liquidity risk is the risk that West Lake will not be able to meet all of its financial obligations when they become due. The Company does not have debt obligations outside of trade and accrued liabilities, and the derivative liability.

To the extent that West Lake enters derivatives to manage commodity price risk, it may be subject to liquidity risk as derivative liabilities become due. Derivative instruments are not entered for speculative purposes and management closely monitors commodity risk exposure in comparison to forecasted sales volumes. Liquidity risk is partially mitigated as losses realized on derivative contracts due to high commodity prices are generally matched by increased cash flows from sales in a high commodity price environment. Conversely, when commodity prices are low, gains realized on derivative contracts can partially offset reduced cash flow.

#### 6. ACQUISITION OF TWIN BUTTE ENERGY LTD. ASSETS

On March 31 2017, West Lake completed the acquisition of Twin Butte Energy Ltd.'s ("Twin Butte") assets for cash consideration of \$262.8 million. This property acquisition was recognized as a business combination in accordance with IFRS 3 Business Combinations, as the assets and liabilities acquired met the definition of a business. The acquisition has been accounted for using the acquisition method, and the recognized amounts of identifiable asset acquired and liabilities assumed at fair value are as follows:

T - 4 - 1

		Total
Petroleum and natural gas properties		279,895
Exploration and evaluation assets		23,817
Net working capital		(97)
Deferred income tax asset		34,000
Decommissioning obligation		(74,850)
Total net assets acquired	Ş	262,765
The net working capital asset consists of the following:	. <u>9 59.</u>	Total
Accounts receivable	·	<b>4</b> 1
Deposits and prepaid expenses		2,603
Accounts payable and accrued liabilities		(2,741)
Net working capital	\$	(97)
Consideration	6.49 at 10 mar 1044 -	Total
Gash	Ś.	262.765

The purpose of the acquisition was to gain a presence in the business of oil and gas production. Management estimates that West Lake's revenue would have increased by \$39.7 million and the net loss would have decreased by \$1.7 million, had this transaction been completed on January 1, 2017. This pro-forma information would not necessarily be indicative of results had the acquisition occurred on January 1, 2017.

The recognized identifiable assets and liabilities assumed were based on best estimates by West Lake's management and were based on valuations prepared by external engineers. The consideration paid is equal to the fair value of net assets acquired. The decommissioning obligation was fair valued using the credit-adjusted rate of 12%.

The Company capitalized \$3.1 million of general and administrative expenses directly related to development and production activities for the period ended December 31, 2017. Future development costs on proved plus probable undeveloped reserves of \$186 million as at December 31, 2017 are included in the calculation of depletion.

#### **Dispositions & Acquisitions**

During the period ended December 31, 2017, West Lake completed several minor PP&E asset dispositions for net proceeds of \$0.03 million. The assets included in these transactions were \$nil value PP&E assets with decommissioning liabilities attached. A \$0.4 million gain was recognized on these transactions.

#### Assets held for sale

During the third quarter of 2017, the Company signed an agreement to sell properties in the Pincher Creek area with a fair value of approximately \$nil. The agreement has closed, and payments received for interim operating losses are non-refundable, but the agreement contains a clause that would allow the purchaser to revert the properties back to West Lake until operatorship has transferred with AER approval. At December 31, 2017, West Lake retained operatorship, and as such they continue to be classified as held for sale. Management concludes it is highly probable that within one year

from when the sales process commenced that the carrying value will be received through a sales transaction rather than through continued use.

Assets classified as held for sale are measured at the lower of the carrying amount and fair value less costs of disposal. The fair value less costs of disposal of the assets held for sale was determined using third party information including potential estimated future cash flows and bids received from the purchaser and is equivalent to the carrying value. The carrying value of \$6.5 million associated with these properties was reclassified from property and equipment to assets held for sale and the associated decommissioning obligation of \$6.5 million was reclassified from decommissioning provision to liabilities held for sale on the Balance Sheet.

#### Impairment test of property and equipment

At December 31, 2017, the Company assessed for indicators of impairment for all of its CGUs. Significant revisions to the estimates to abandon 17 wells in Birch area of the Non-Core CGU were noted. For the purposes of determining whether impairment of assets has occurred, and the extent of any impairment or its reversal, management exercises their judgment in estimating future cash flows for the recoverable amount, being the higher of fair value less costs of disposal and value in use. These key judgments include estimates about recoverable reserves, forecast benchmark commodity prices, royalties, operating costs, decommissioning liabilities and discount rates.

West Lake estimated the recoverable amount for the Non-Core CGU based on the fair value less costs of disposal, determined with an after-tax discount rate of 10 percent, forecasted cash flows over the estimated life of reserves, an independent industry reserve engineer price forecast, and forecasted decommissioning liabilities. The discount rate represents the rate of return that a market participant would require for assets with similar composition and risk. The forecasted cash flows and decommissioning liabilities are prepared over the estimated life of the reserves in the CGU, which range from 0 to 27 years. The primary source of cash flow information was derived from the Company's oil and gas reserves, as prepared by an independent qualified reserve evaluator as at December 31, 2017.

Based on the assessment, the after-tax recoverable amount of negative \$15.3 million did not exceed the carrying value of the Non-Core CGU and the impairment charged at December 31, 2017 was \$15.6 million.

The forecasted commodity prices used in the impairment test at December 31, 2017 were as follows:

	2018	2019	2020	2021	2023		2026	2027
WTI Crude oil (US\$/bbl)				69.00				

The following table indicates the sensitivity of the December 31, 2017 impairment to changes in the discount rate and forecasted commodity prices:

	Increase in rate	Decrease in rate	
(\$000s)	or price	or price	
Discount rate, 1% change	852	(869)	
WTI, \$5 US change	(5,586)	5,242	

#### 9. BANK FACILITY

As at December 31, 2017, the Company has a \$10 million demand bank facility. This facility is revolving, with a semiannual borrowing base review, and the bank tetains the right to demand payment in full at any time without notice. The facility is utilized for \$4.3 million of Letters of Credit and the remaining \$5.7 million was not drawn as of December 31, 2017.

Interest rates are based on the Bank of Canada prime rate, plus 1% to 2.5% as determined by a pricing grid using the Company's net debt to earnings before interest, taxes, depreciation, and amortization (EBITDA) ratio for the preceding four quarters. Interest paid during the year was in relation to outstanding Letters of Credit.

The Company's demand facility contains standard commercial covenants for facilities of this nature, including a requirement for West Lake to maintain an adjusted working capital ratio of not less than 1.0:1.0, which includes the undrawn portion of the credit facility as a current asset. The facility also contains a covenant that limits financial commodity agreements to less than 75% of the average daily production of the prior quarter at the time the commodity agreement is signed. As commodity agreements extend beyond 12 months, the maximum percentage decreases to 60%,

and then to 50% for those agreements with terms greater than 24 months. At December 31, 2017, the Company is in , compliance with all debt covenants.

#### 10. DECOMMISSIONING PROVISION

Decommissioning obligations are based on the Company's net ownership in wells and facilities, and management's best estimate of future costs to abandon and reclaim those wells and facilities as well as an estimate of the future timing of the costs to be incurred.

The Company has estimated the present value of its total decommissioning provision to be \$183.7 million at December 31, 2017; based on a total future liability of \$239.8 million. Payments to settle the obligations occur over the operating lives of the underlying assets and are estimated to be from 1 to 32 years, with the majority of costs to be incurred after 2030. As at December 31, 2017, the estimated risk-free discount rate is set at 2.25%, and the estimated inflation rate is 2.0%.

Changes to the decommissioning provision are as follows:

(000's)	
Decommissioning provision, December 13, 2016	•
Liabilities Incurred	2,789
Liabilities settled	(4,159)

Michael Lam:	Okay.	2018-10-18 11:45:38
Lake Deng:	4. Had a meeting with the West Lake management team until 6 o'clock yesterday. Please find the following progress: (1) Since the sales contracts contain confidentially clauses and the buyers are all large companies, the management team did not agree to provide the contracts. After we insisted, the team agreed to provide us with hard copies, but we can't take them away. (2) AP and AR are updated at any time. Since the information is dynamic, only the latest record can be provided. The past records have been erased, so they are no longer available. (3) The account statement contains a lot of content; there are 100 pages to be printed out for each month, so the team is still working on it.	2018-10-18 11:45:57
Lake Deng:	@Michael Lam Can you provide the bank statements for just a few months first?	2018-10-18 11:46:20
Michael Lam:	The colleagues are working on it, because we have the operation conference all day today as well, you can also participate if interested; therefore, they will probably handle the matter as soon as they finish the operation work.	2018-10-18 11:47:53
Lake Deng:	Also, West Lake requires anyone other than its board members to sign a confidentiality agreement before they can view the documents (both Michael and I have signed it). They indeed have very strict requirements in this area. I'd like to ask whether your companies have signed similar agreements before? Then, you won't need to sign personally.	2018-10-18 11:48:17

# MANAGEMENT'S DISCUSSION AND ANALYSIS

Dated as of April 18, 2018.

# INTRODUCTION

The following Management Discussion and Analysis ("MD&A") is management's assessment of West Lake Energy Corp.'s ("West Lake" or the "Company") financial and operating results and should be read in conjunction with the audited financial statements of the Company for the period ended December 31, 2017. This MD&A is presented in Canadian dollars (except where otherwise noted).

The Company's principal activity is the acquisition of, exploration for and the development and production of petroleum and natural gas properties in Western Canada.

Basis of Presentation - The reporting and measurement currency is the Canadian dollar.

**boe Presentation** – Barrels of oil equivalent ("boe") may be misleading, particularly if used in isolation. A boe conversion rate of 6 Mcf to 1 boe is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. All boe conversions in the report are derived by converting gas to oll equivalent barrels at the ratio of six thousand cubic feet of gas to one barrel of oil.

**Non-GAAP Financial Measures** – Certain measures in this document do not have a standardized meaning as prescribed by IFRS and therefore are considered non-GAAP measures. These measures may not be comparable to similar measures presented by other issuers. These measures have been described and presented in this document in order to provide shareholders and potential investors with additional information regarding the Company's liquidity and its ability to generate funds to finance its operations. Management's reasoning to use the measures, as well as reconciliation to the closest comparable GAAP measure, is detailed in the section entitled, "Non-GAAP Financial Measures".

#### FORWARD-LOOKING STATEMENTS

Certain statements contained in this MD&A constitute forward-looking information within the meaning of securities laws. Forward-looking information may relate to our future outlook and anticipated events or results and may include statements regarding the future financial position, business strategy, budgets, projected costs, capital expenditures, financial results, taxes and plans and objectives of or involving West Lake. Particularly, statements regarding our future operating results and economic performance are forward-looking statements. In some cases, forward-looking information can be identified by terms such as "may", "will", "should", "expect", "plan", "anticipate", "believe", "intend", "estimate", "predict", "potential", "continue" or other similar expressions concerning matters that are not historical facts.

These statements are based on certain factors and assumptions regarding expected growth, results of operations, performance and business prospects and opportunities. While we consider these assumptions to be reasonable based on information currently available to us, they may prove to be incorrect.

Forward looking-information is also subject to certain factors, including risks and uncertainties that could cause actual results to differ materially from what we currently expect. These factors include risk associated with oil and gas exploration, production, marketing, and transportation such as loss of market, volatility of commodity prices, currency fluctuations, imprecision of reserve estimates, environmental risk, and competition from other producers and ability to access sufficient capital from internal and external resources. Other than as required under securities laws, we do not undertake to update this information at any particular time.

All statements, other than statements of historical fact, which address activities, events, or developments that West Lake expects or anticipates will or may occur in the future, are forward-looking statements within the meaning of applicable securities laws. These statements are subject to certain risks and uncertainties and may be based on estimates or assumptions that could cause actual results to differ materially from those anticipated or implied.

Further, the forward-looking statements contained in this MD&A are made as of the date hereof, and the Company does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, as a result of new information, future events or otherwise, except as may be required by applicable securities laws. The Company's **3** J 2017 Annual Report - West Lake Energy Corp.

JIA000105.03

forward-looking statements are expressly qualified in their entirety by this cautionary statement. Certain risk factors associated with these forward-looking statements include, but are not limited to, the following:

- Fluctuations in natural gas, condensate, NGL's, and crude oil production levels;
- West Lake's inability to successfully market its natural gas, condensate, NGL's, and crude oil;
- Lower than expected market prices for natural gas, condensate, NGL's, and crude oil;
- Adverse changes in foreign currency exchange rates and/or interest rates;
- Uncertainties associated with estimating reserves;
- Competition for capital, asset acquisitions, undeveloped lands, and skilled personnel;

•Operational hazards characteristic of the oil and gas industry such as: geological and drilling problems; and well production, pipeline, and mechanical difficulties;

- Lower than envisaged success in the finding and development of reserves and/or higher than expected costs;
- Changes to dividend payment policy or amounts;

• Adverse changes in general economic conditions in Western Canada, Canada more generally, North America or globally;

- Adverse weather conditions;
- The inability of West Lake to obtain financing on favorable terms, or at all;
- Adverse impacts from the actions of competitors;
- Adverse impacts of actions taken and/or policies established by governments or regulatory authorities including changes to tax laws, incentive programs, royalty calculations, and environmental laws and regulations; and
- Reliance on natural gas and NGL processing, pipeline, and storage infrastructure not operated by West Lake, the availability of which is essential to West Lake's sales and marketing activities.

# PERIODS PRESENTED IN THIS MD&A

While the Company was incorporated on December 13, 2016, the Company acquired its properties through the acquisition of Twin Butte's assets on March 30, 2017. Prior to this date, the Company had no assets, liabilities, income or expenses, and has not previously prepared annual financial statements. As such, there are no prior year comparative periods for this MD&A, or the Financial Statements for the period ended December 31, 2017. Within this MD&A, The Company has chosen to compare the three months ended December 31, 2017 to the three months ended September 30, 2017, as well as to present the nine months ended December 31, 2017, as this is the period that the Company was operational.

# PETROLEUM AND NATURAL GAS SALES

<sup>(2)</sup> The AECO natural gas price reported is the average daily spot price.

Sales for the three months ended December 31, 2017 were \$50.1 million, as compared to \$44.8 million for the three months ended September 30, 2017 representing an increase of \$5.3 million or 12%. Both sales volumes and the average realized commodity price increased from the prior quarter, resulting in increased sales. Excluding the impact of derivative instruments, the average realized commodity price increased from \$42.21 in the third quarter of 2017 to \$47.10 during the fourth quarter of 2017. The WCS benchmark increased 15% from the prior quarter, due to an increase in the WTI benchmark (US\$) and a weaker Canadian Dollar but was partially offset by wider WTI to WCS differentials, which widened 25%.

Sales volumes increased from 11,547 boe/d in the third quarter of 2017 to 11,558 boe/d in fourth quarter of 2017. This increase of 11 boe/d is due to a 103 bbl/d increase in oil sales volumes, which exceeded the decrease in natural gas sales volumes. Expected declines and successful drilling resulted in the increased oil sales, while natural gas sales volumes declined due to economically driven shut-ins.

Revenues for the period ended December 31, 2017 were \$133.0 million, as sales volumes of 10,950 bbl/d were realized at an average corporate price of \$44.18/boe.

# Cash Gain (Loss) and Proceeds on Derivatives

	Three mont	Nine months ended	
(000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017
Realized gain (loss) on derivatives	(1,979)	184	(1,795)
Realized gain (loss) on derivatives per boe	(1.86)	0,17	(0.60)

The Company realized a cash loss on financial derivatives of \$2.0 million (\$1.86 per boe) for the three months ended December 31, 2017, compared to a cash gain of \$0.2 million (\$0.17 per boe) for the prior quarter. During the quarter, the cash loss was due to fixed price oil swaps, which settled at losses in the increased price environment.

The Company realized a cash loss on financial derivatives of \$1.8 million (\$0.60 per boe) for the period ended December 31, 2017. The cash loss was due to fixed price oil swaps, which were entered into in Q3 2017 as part of the risk management program.

# **Royalties**

	Three mont	Nine months ended		
(\$ 000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017

Total royalties per boe	4.92	4.54	4.84	
% of P&NG Sales	10%	11%	11%	

Royalties for the three months ended December 31, 2017 were \$5.2 million, as compared to \$4.8 million for the three months ended September 30, 2017. As a percentage of sales, the average royalty rate for the fourth quarter of 2017 decreased to 10%, compared to 11% in the prior quarter. Royalty rates decreased from the prior quarter due to provincial royalty calculation input prices and lower rates on new drills. In Q4 2017, medium & light oil royalty rates averaged 10%, and heavy oil averaged 11%.

Royalties for the period ended December 31, 2017 were \$14.6 million. As a percentage of revenues, the average royalty rate was 11%, with medium & light oil royalties averaging 10% and heavy oil royalties averaging 12%.

# **Operating & Transportation Expense**

	Three mont	Nine months ended		
(\$ 000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017	
Operating expense	21,955	20,927	62,713	
Transportation expense	1,325	1,169	3,314	
Total operating & transportation expense	23,280	22,096	66,027	
Operating expense per boe	20.65	19.70	20.83	
Transportation expense per boe	1.25	1,10	1.10	
Total per boe	21.90	20,80	21.93	

Operating expenses were \$22.0 million or \$20.65 per boe for the three months ended December 31, 2017 as compared to \$20.9 million or \$19.70 per boe for the three months ended September 30, 2017. The increase on an absolute dollar basis is attributable to higher per boe operating costs in such areas as well servicing, maintenance and environmental spills and cleanups during the quarter. These increases in costs from the prior quarter translated to an increase on a per

boe basis of \$0.95. Although the Company continues to focus on cost reductions, quarterly savings were offset by the challenges mentioned above.

Operating expenses were \$62.7 million or \$20.83 per boe for the period ended December 31, 2017.

Transportation expenses for the three months ended December 31, 2017 were \$1.3 million or \$1.25 per boe, up from \$1.2 million or \$1.10 per boe in the third quarter of 2017. Transportation expenses for the period ended December 31, 2017 were \$3.3 million or \$1.10 per boe.

The Company has combined operating and transportation costs of \$21.90 per boe for the quarter, an increase from \$20.80 per boe in the third quarter of 2017.

# General and Administrative ("G&A") Expenses

	Three month	Nine months ended	
(\$ 000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017
G&A expense	3,208	3,595	11,680

Total net G&A expense per boe	1.62	1.77	2.32
Transaction expense		-	153
Transaction expense per boe			0.02

General and administrative expenses, net of recoveries and capitalized G&A, were \$1.7 million or \$1.62 per boe for the three months ended December 31, 2017 as compared to \$1.9 million or \$1.77 per boe in the prior comparative guarter. G&A expense was reduced in the fourth guarter due to a lower bonus expectation.

Net G&A expense for the period ended December 31, 2017 was \$7.0 million or \$2.32 per boe. Transaction expense relates to costs associated with the acquisition of the Twin Butte assets.

# Finance Expense

	Three mon	Nine months ended	
(000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017
Interest and bank charges		73	105
Marketing 3rd party finance revenue	(59)	-	(59)
Accretion on decommissioning provision	927	977	2,871
Total finance expense	868	1,050	2,917
Total Interest per boe	(0.06)	0.07	0.02
Total accretion per boe	0.88	0.92	0.95
Total finance expense per boe	0.82	0.99	0.97

For the three months ended December 31, 2017, finance charges were 0.9 million as compared to 1.1 million in the three months ended September 30, 2017. This decrease is due to Marketing  $3^{rd}$  party financing revenues which only occurred in the fourth quarter, and non-recurring Letter of Credit expenses primarily occurring in the third quarter.

For the year ended December 31, 2017, finance charges totaled \$2.9 million primarily related to accretion on the decommissioning liability. The company did not have any debt outstanding during the period ended December 31, 2017.

# Netbacks (1)

The following table summarizes netbacks for the past operational quarters on a barrel of oil equivalent basis:

(\$ per boe)	Q4 2017	Q3 2017	Q2 2017
Petroleum and natural gas sales <sup>(2)</sup>	47.10	42,21	43.03
Cash gain (loss) on financial derivatives	(1.86)	0.17	-
Royalties	(4.92)	(4.54)	(5.11)
Operating expense	(20.65)	(19.70)	(22.26)
Transportation expense <sup>(2)</sup>	(1.25)	(1.10)	(0.93)
Operating netback <sup>(1)</sup>	18.42	17.04	14.73
General and administrative expense	(1.62)	(1.77)	(2.72)
Transaction costs	-	-	-
Interest and bank charges	0.06	(0.07)	(0.04)
Funds flow netback <sup>(1)</sup>	16,86	15.20	11.97

(1) Operating netback and Funds flow netback are non-GAAP measures. Refer to "Non-GAAP Measures" in this MD&A for further discussion and reconciliation to GAAP measures if applicable.

Higher sales prices in the fourth quarter drove an increase in both the operating netback and the funds flow netback over the previous two operational quarters.

# **Unrealized Derivative Activities**

	Three month	Nine months ended	
(000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017
Unrealized gain (loss) on derivatives	(2,939)	(3,642)	(6,582)
Unrealized gain (loss) on derivatives per boe	(2.76)	(3.43)	(2.19)

As part of the financial management strategy to protect cash flows to plan capital expenditures, the Company has adopted a commodity price risk management program. The purpose of the program is to stabilize and hedge future cash flow against the unpredictable commodity price environment, with an emphasis on protecting downside risk.

With derivative instruments there is a risk that the counterparty could become illiquid or that West Lake may not have the actual sales volumes to offset the hedge position. To manage risk, the Company's counterparties on derivative instruments are major Canadian banks and the Company limits the maximum volumes hedged in relation to expected production.

#### Unrealized derivative assets and liabilities

As at December 31, 2017, the Company has a net unrealized financial derivative liability in the amount of \$6.6 million. This net unrealized liability position reflects a strengthened WTI (\$USD) forward pricing for 2018. If WTI and WCS prices meet the current forecasted benchmarks, this loss position would be realized alongside partially increased sales due to the strong WTI (\$USD) commodity pricing.

During the quarter, the net unrealized liability increased, resulting in a loss of \$2.9 million for the three months ended December 31, 2017 as compared to a \$3.6 million unrealized loss for the prior quarter. As the net unrealized financial derivative liability has also increased throughout the period, the Company has recognized an unrealized loss for the period ended December 31, 2017 of \$6.6 million.

The following is a summary of derivatives as at December 31, 2017 and their related fair market values (unrealized gain (loss) positions):

# Depletion, Depreciation & Impairment

	Nine months ended
(\$ 000's except per boe amounts)	December 31, 2017
Depletion & Depreciation	46,071
Depletion & Depreciation per boe	15.30

For the period ended December 31, 2017, depletion and depreciation of capital assets was \$46.0 million, or \$15.30 per boe.

At December 31, 2017, the Company assessed for indicators of impairment for all of its CGUs. Significant revisions to the estimates to abandon 17 wells in the Non-Core CGU were noted. For the purposes of determining whether impairment of assets has occurred, and the extent of any impairment or its reversal, management exercises their judgment in estimating future cash flows for the recoverable amount, being the higher of fair value less costs of disposal and value in use. These key judgments include estimates about recoverable reserves, forecast benchmark commodity prices, royalties, operating costs, decommissioning liabilities and discount rates.

West Lake estimated the recoverable amount for the Non-Core CGU based on the fair value less costs of disposal, determined with an after-tax discount rate of 10 percent, forecasted cash flows over the estimated life of reserves, an independent industry reserve engineer price forecast, and forecasted decommissioning liabilities. The discount rate represents the rate of return that a market participant would require for assets with similar composition and risk. The forecasted cash flows and decommissioning liabilities are prepared over the estimated life of the reserves in the CGU, which ranged from 0 to 27 years. The primary source of cash flow information was derived from the Company's oil and gas reserves, as prepared by an independent qualified reserve evaluator as at December 31, 2017.

Based on the assessment, the after-tax recoverable amount of negative \$15.3 million did not exceed the carrying value of the Non-Core CGU and the impairment charged at December 31, 2017 was \$15.6 million.

# Gain on Dispositions and Assets Held for Sale

During the period ended December 31, 2017, West Lake completed several minor swaps and dispositions. The transacted assets were primarily non-producing \$nil value P&E assets with decommissioning liabilities attached. The Company received total cash proceeds of \$0.03 million, resulting in a gain of \$0.4 million.

#### Assets held for sale

During the third quarter of 2017, the Company signed an agreement to sell gas properties in the Pincher Creek area with a fair value of approximately \$nil. The agreement has closed, and payments received for interim operating losses are non-refundable, but the agreement contains a clause that would allow the purchaser to revert the properties back to West Lake until operatorship has transferred with Alberta Energy Regulator (AER) approval. At December 31, 2017, West Lake retained operatorship, and as such they continue to be classified as held for sale. Management concludes it is highly probable that within one year from when the sales process commenced that the carrying value will be received through a sales transaction rather than through continued use.

Assets classified as held for sale are measured at the lower of the carrying amount and fair value less costs of disposal. The fair value less costs of disposal of the assets held for sale was determined using third party information including potential estimated future cash flows and bids received from the purchaser and is equivalent to the carrying value. The carrying value of \$6.5 million associated with these properties was reclassified from property and equipment to assets held for sale and the associated decommissioning obligation of \$6.5 million was reclassified from decommissioning provision to liabilities held for sale on the Balance Sheet.

#### **Income Taxes**

Deferred tax amounted to \$nil for the period ended December 31, 2017. Due to uncertainty as to whether the total taxable benefit will be utilized in the future, the Company maintains an allowance on the net deferred tax asset, reducing the carrying value to \$34 million.

# Net Income (Loss) and Comprehensive Income (Loss)

	Three mon	Nine months ended		
(\$000's except per share amounts)	December 31, 2017	December 31, 2017 September 30, 2017		
Net Income (loss)	(19,075)	(2,872)	(27,669)	

Net and comprehensive income for the three months ended December 31, 2017 was a loss of \$19.1 million, compared to net and comprehensive loss of \$2.9 million in the three months ended September 30, 2017. The increase in net loss for the current guarter is due to an impairment loss on the non-core CGU.

Net and comprehensive income for the period ended December 31, 2017 was a loss of \$27.7 million. The net loss in the current year related to the impairment and unrealized mark to market losses on derivatives.

# **Quarterly Financial Summary**

The following table highlights West Lake's performance for each of the three operational quarters:

	Q4 2017	Q3 2017	Q2 2017
(\$ 000, except per share amounts)			
Average production (boe/d)	11,556	11,547	9,731
Petroleum and natural gas sales	50,075	44,839	38,109
Operating netback (per boe) <sup>(1)</sup>	18,42	17.04	14.73

Total assets	506,349	541,468	517,649
Net (cash) or debt <sup>(1)</sup>	(2,403)	(3,417)	0

(1) Operating netback, Funds flow, Capital expenditures and Net (cash) or debt are non-GAAP measures. Refer to "Non-GAAP Measures" in this MD&A for further discussion and reconciliation to GAAP measures if applicable.

Quarterly variances in sales are connected to changes in production volumes and prices. Both pricing and the average production increased from Q2 2017 to Q4 2017, resulting in the 31% increase in petroleum and natural gas sales from Q2 2017 to Q4 2017. Funds flow increased over this time period due to the same factors.

Quarterly variances in net income, however, are largely driven by non-cash items, such as impairments, unrealized gains or losses on derivatives, and gains or losses on asset acquisitions and dispositions. Minimal non-cash items occurred in Q2 2017 and Q3 2017, but the impairment of \$13 million reduced net income in Q4 2017.

# Funds Flow from Operations and Free Funds flow<sup>(1)</sup>

Funds flow from operations ("Funds Flow") and Free funds flow are non-GAAP measures. Refer to "Non-GAAP Measures" in this MD&A for further discussion and reconciliation to GAAP measures. West Lake considers these to be key measures of performance as they demonstrate the Company's ability to generate the cash flow necessary to fund capital investment and ultimately, satisfy corporate strategy.

(1) Funds flow, Capital expenditures, and Free funds flow are non-GAAP measures. Refer to "Non-GAAP Measures" in this MD&A for further discussion and reconciliation to GAAP measures if applicable,

The Company uses the Free Funds Flow calculation to monitor performance and adjusts capital expenditures to ensure that the total annual cash outflows do not exceed cash inflow, unless additional debt or capital funding is planned. For the period ended December 31, 2017, Free Funds Flow was \$2.5 Million, as Funds Flow and the parent equity investment exceeded total expenditures.

Funds flow from operations for the three months ended December 31, 2017 was \$17.9 million, an increase from the third quarter 2017 funds flow of \$16.1 million, due to an improving commodity price environment and consistent sales volumes.

Funds flow from operations for the period ended December 31, 2017 were \$43.4 million, as results from Q2 2017 and Q3 2017 were lower than Q4 2017, which had the highest pricing and sales volumes of the period.

(1) Development capital and Capital expenditures are non-GAAP measures, Refer to "Non-GAAP Measures" in this MD&A for further discussion and reconciliation to GAAP measures if applicable.

During the fourth quarter of 2017, the Company invested \$17.3 million on development capital, a decrease from \$32.6 million in development capital invested in the third quarter of 2017. The Company's development capital expenditures for the quarter consisted of successful drilling of 13 (11.2 net) oil wells in the Provost and Heavy Oil regions.

For the period ended December 31, 2017, the Company invested \$78.8 million on development capital, with \$53.2 million directly attributable to drilling, completions, equipping and tie-in of the 50 (47.3 net) new wells drilled during the period.

# Liquidity and Capital Resources

# **Net Working Capital Surplus**

At December 31, 2017, the Company's had a net working capital surplus of \$2.4 million.

#### **Credit Facility**

As at December 31, 2017, the Company has a \$10 million demand bank facility. This facility is revolving, with a semiannual borrowing base review, and the bank retains the right to demand payment in full at any time without notice. The facility is utilized for \$4.3 million of Letters of Credit and the remaining \$5.7 million was not drawn as of December 31, 2017.

Interest rates are based on the Bank of Canada prime rate, plus 1% to 2.5% as determined by a pricing grid using the Company's net debt to earnings before interest, taxes, depreciation, and amortization (EBITDA) ratio for the preceding four quarters. Interest paid during the year was in relation to outstanding Letters of Credit.

The Company's demand facility contains standard commercial covenants for facilities of this nature, including a requirement for West Lake to maintain an adjusted working capital ratio of not less than 1.0:1.0, which includes the undrawn portion of the credit facility as a current asset. The facility also contains a covenant that limits financial commodity agreements to less than 75% of the average daily production of the prior quarter at the time the commodity

agreement is signed. As commodity agreements extend beyond 12 months, the maximum percentage decreases to 60%, and then to 50% for those agreements with terms greater than 24 months. At December 31, 2017, the Company is in compliance with all debt covenants.

# Share Capital

In 2017, 305 million shares were issued for cash proceeds of \$305 million. The Company currently has 304,765,000 shares outstanding.

# **Contractual Obligations and Contingencies**

The Company enters into short term contractual obligations in the normal course of business, including purchase of assets and services, operating agreements, transportation commitments, sales commitments, royalty obligations, lease rental obligations and employee agreements. These obligations are of a recurring, consistent nature and impact cash flows in an ongoing manner.

Contractual obligations and commitments are as follows:

	Less than	One to three	
As at December 31, 2017	one year	years	Total
Derivative liability	5,873	1,389	7,262
Other <sup>(1)</sup>	1,465	2,442	3,907
	7,338	3,831	11,169

(1) Other includes contractual obligations and commitments for office rent and equipment.

West Lake also has long-term contractual obligations and commitments. The Company is responsible for the retirement of long-lived assets related to its oil and gas properties at the end of their useful lives. West Lake has recognized a liability of \$177.2 million based on current legislation and estimated costs. Actual costs may differ from those estimated due to changes in legislation or actual costs.

# **Related Party Transactions**

During the period ended December 31, 2017, the Company incurred related party costs totaling \$0.1 million for asset operational services rendered and office rent to one company under common control. These costs were incurred in the normal course of business and were recorded at the amount exchanged between the parties. As at December 31, 2017, the Company had \$nil included in accounts payable and accrued liabilities related to these transactions.

During the period, the Company also signed an office lease with this related party, for a term of 10 years with a penaltyfree termination after 3 years. The cost of the office lease is equivalent to the cost to the related party.

# **Subsequent Events**

Following the period ended December 31, 2017, the Company entered into the following crude oil sales price derivatives:

Daily barrel (bbl) quantity	Term of contract		 <sup>(1)</sup> Fixed e per bbl
4,500	May 1, 2018 to June 30, 2018	\$CAD	\$ 59.72

# **Non-GAAP Financial Measures**

Certain measures in this document do not have a standardized meaning as prescribed by IFRS and therefore are considered non-GAAP measures. These measures may not be comparable to similar measures presented by other issuers. These measures have been described and presented in this document in order to provide shareholders and potential investors with additional information regarding the Company's liquidity and its ability to generate funds to 13 | 2017 Annual Report - West Lake Energy Corp.

finance its operations. Management's reasoning to use the measures, as well as reconciliation to the closest comparable GAAP measure, is detailed below.

#### Funds Flow, Funds Flow Netback and Funds Flow - Annualized

West Lake uses the term "Funds Flow" and its derivatives, "Funds Flow Netback" and "Funds flow – Annualized" as indicators of financial performance, but the terms should not be considered an alternative to, or more meaningful than the closest comparable GAAP measure, "Cash provided by (used in) Operating Activities" as disclosed on the Statement of Cash Flows in the attached financial statements. Funds flow is presented in the Company's MD&A to assist management and investors in analyzing operating performance in the stated period. A reconciliation of Funds Flow to the Cash provided by (used in) Operating Activities is as follows:

	Three mont	Three months ended	
(000's except per boe amounts)	December 31, 2017	September 30, 2017	December 31, 2017
Cash provided by (used in) Operating Activities	15,233	15,185	39,537
Expenditures on decommissioning provision	1,647	1,647	4,159
Change in non-cash operating working capital	1,045	(706)	(266)
Funds flow	17,925	16,126	43,430
Total boe in the period (000's)	1,063	1,062	3,011
Funds flow netback (\$/boe)	16.86	15.18	14.42
Annualizing factor	4.0	4.0	1.3
Funds flow - Annualized	71,700	64,504	57,907

#### Free funds flow

Management uses the Non-GAAP measure "Free funds flow" as an indicator of financial performance and sustainability. A positive free funds flow value indicates that the company has generated the cash flow necessary, when combined with debt undertaken or shares issued to fund capital investment. Free funds flow is defined as the non-GAAP measure, Funds flow, plus cash received for shares issued, minus non-GAAP measure Capital expenditures.

#### Net Cash or Debt

West Lake uses the term "Net Cash or Net Debt" as an indicator of financial performance and it is presented in the Company's MD&A and Financial Statements to assist management and investors in analyzing total cash-based obligations in the stated period. A reconciliation of Net Debt to the Balance Sheet is as follows:

(000's except per share amounts)	December 31, 2017
Bank Indebtedness	-
Working Capital Surplus	(2,403)
Net Debt or (Cash)	(2,403)

#### Working Capital Surplus

West Lake uses the term "Working Capital Surplus" as an indicator of financial performance. This term is presented in the Company's MD&A and Financial Statements to assist management and investors in analyzing net working capital amounts in the stated period. A reconciliation of Working Capital Deficit to the Balance Sheet is as follows:

(000's except per share amounts)	December 31, 2017
Cash	(18,491)
Accounts receivable	(20,786)
Deposits and prepaid expenses	(1,411)
Accounts payable and accrued liabilities	38,285
Working capital deficit (surplus)	(2,403)

Operating netback, Field netback and Funds flow netback

"Operating netback", "Field netback" and "Funds flow netback" are common metrics used in the oil and gas industry and are presented in the Company's MD&A to assist management and investors to evaluate oil and gas operating performance in the stated period. As they are industry specific terms, there is no comparable GAAP measure.

Operating Netback is determined as the sum of Petroleum and natural gas sales, Royalties, Operating Expense, and Transportation Expense as defined on the Statement of Income (Loss) and Comprehensive Income (Loss), and the Realized Gain (Loss) on financial instruments per note 5 to the financial statements, all on a per unit basis. Field netback is the operating netback, excluding the realized gain (loss) on financial instruments on a per-unit basis. Funds flow netback is the operating netback, plus general and administrative expense and transaction costs per the Statement of Income (Loss) and Comprehensive Income (Loss), and interest paid per the Statement of Cash Flows on a per-unit basis. Total units (boe) and each of the per-unit line items referenced above are also defined in the related sections of this MD&A.

#### Capital Expenditures and Development Capital

Management uses the Non-GAAP measures "Capital expenditures" and "Development Capital" in its analysis of cash used in investing activities. Capital expenditures and Development Capital are reconciled to GAAP measures, as defined on the Statement of Cash flows in the attached financial statements, below:

	Three mont	Three months ended		
(000's)	December 31, 2017	September 30, 2017	December 31, 2017	
Expenditures on property and equipment	(16,318)	(28,224)	(64,452)	
Expenditures on exploration and evaluation assets	(996)	(4,374)	(14,346)	
Development capital	(17,314)	(32,598)	(78,798)	
Expenditures on Twin Butte Energy Assets	-	•	(262,765)	
Proceeds on disposition of property and equipment	22	5	27	
Proceeds on disposition of exploration and evaluation assets	-	-	-	
Capital expenditures	(17,292)	(32,593)	(341,536)	

# **Critical Accounting Estimates**

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates, and differences could be material. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

#### **Estimates and assumptions**

Information about significant areas of estimation uncertainty in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- Note 5 valuation of financial instruments;
- Note 6 valuation of assets acquired through a business combination;
- Note 8 valuation of property and equipment;
- Note 10 measurement of decommissioning provision; and
- Note 15 income tax expense.

#### Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, apart from those involving estimates, which may have the most significant effect on the amounts recognized in the financial statements.

#### (a) Exploration and evaluation assets

The decision to transfer assets from exploration and evaluation to property and equipment is based on the estimated proved and probable reserves used in the determination of an area's technical feasibility and commercial viability (Note 7).

#### (b) Reserves base

The oil and gas development and production properties are depreciated on a unit of production ("UOP") basis at a rate calculated by reference to proved and probable reserves determined in accordance with National Instrument 51-101 "Standards of Disclosure for Oil and Gas Activities" and incorporate the estimated future cost of developing and extracting those reserves. Proved plus probable reserves are determined using estimates of oil and natural gas in place, recovery factors and future prices. Future development costs are estimated using assumptions as to number of wells required to produce the reserves, the cost of such wells and associated production facilities and other capital costs (Note 8).

Proved and probable reserves are estimated using independent reserve engineer reports and represent the estimated quantities of oil, natural gas and natural gas liquids which geological, geophysical and engineering data demonstrate with a specified degree of certainty to be recoverable in future years from known reservoirs and which are considered commercially producible. Proved reserves are those reserves that can be estimated with a high degree of certainty to be recoverable. It is highly likely that the actual remaining quantities recovered will exceed the estimated proved reserves. Probable reserves are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved and probable reserves.

#### (c) Depletion of oil and gas assets

Oil and gas properties are depleted using the UOP method over proved plus probable reserves. The calculation of the UOP rate of depletion could be impacted to the extent that actual production in the future is different from current forecast production based on proved plus probable reserves. This would generally result from significant changes in any of the factors or assumptions used in estimating reserves (Note 8).

#### (d) Determination of cash generating units

Oil and gas properties are grouped into cash generating units for purposes of impairment testing. Management has evaluated the oil and gas properties of the Company and grouped the properties into cash generating units on the basis of their ability to generate independent cash inflows, similar reserve characteristics, geographical location, and shared infrastructure (Note 8).

#### (e) Impairment indicators and calculation of impairment

At each reporting date, West Lake assesses whether or not there are circumstances that indicate a possibility that the carrying values of exploration and evaluation assets and property and equipment are not recoverable, or impaired. Such circumstances include incidents of deterioration of commodity prices, changes in the regulatory environment, or a reduction in estimates of proved and probable reserves. At December 31, 2017, Management exercised judgement and determined that there were impairment indicators present for the Non-Core CGU (Note 8). When management judges that circumstances clearly indicate impairment, property and equipment and exploration and evaluation assets are tested for impairment by comparing the carrying values to their recoverable amounts. The recoverable amounts of cash generating units are determined based on the higher of value in use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions that are subject to changes as new information becomes available including information on future commodity prices, expected production volumes, quantity of reserves, discount rates, decommissioning liabilities as well as future development and operating costs.

# (f) Going concern

These financial statements have been prepared on a going concern basis, which assumes the realization of assets and discharge of liabilities in the normal course of business within the foreseeable future. Management uses judgment to assess the Company's ability to continue as a going concern and the conditions that cast doubt upon the going concern assumption (Note 2).

#### Significant Accounting Policies

During the period ended December 31, 2017, the Company did not adopt any new or revised standards. New accounting standards, amendments to accounting standards and interpretations effective for annual periods beginning on or after January 1, 2018 are as follows:

#### Leases

On January 13, 2016, the IASB issued IFRS 16 - *Leases*, which requires entities to recognize lease assets and lease obligations on the balance sheet. For lessees, IFRS 16 removes the classification of leases as either operating leases or finance leases, effectively treating all leases as finance leases. Certain short-term leases (less than 12 months) and leases of low-value assets are exempt from the requirements and may continue to be treated as operating leases. IFRS 16 is effective for years beginning on or after January 1, 2019. The standard may be applied retrospectively or using a modified retrospective approach. The Company has identified a number of contracts that may be classified as leases and is evaluating the impact of the standard on the financial statements.

#### **Revenue Recognition**

On September 11, 2015 the IASB published an amendment to IFRS 15 - *Revenue from Contracts with Customers*, deferring the effective date of the standard by one year to annual periods beginning on or after January 1, 2018. IFRS 15, replaces IAS 11 - *Construction Contracts*, IAS 18 - *Revenue* and several revenue-related interpretations, establishing a single revenue recognition framework that applies to contracts with customers. The standard requires an entity to recognize revenue to reflect the transfer of goods and services for the amount it expects to receive, when control is transferred to the purchaser. Disclosure requirements have also been expanded. The Company continues to evaluate the impact of this standard on the financial statements.

#### **Financial Instruments**

IFRS 9 - *Financial Instruments* was issued in 2014 and is effective for years beginning on or after January 1, 2018 with earlier adoption permitted. The standard introduces multiple changes from IAS 39 – *Financial Instruments: Recognition and Measurement*, including introducing a principle-based approach for classification and measurement of financial assets, a single expected loss impairment model and a substantially-reformed approach to hedge accounting. The Company continues to evaluate the impact of this standard on the financial statements.

# **Assessment of Business Risks**

The following are the primary risks associated with the business of West Lake. These risks are similar to those affecting other companies competing in the conventional oil and natural gas sector. West Lake's financial position and results of operations are directly impacted by these factors and include:

Operational risk associated with the production of oil and natural gas:

- Reserve risk in respect to the quantity and quality of recoverable reserves;
- Exploration and development risk of being able to add new reserves economically;
- Market risk relating to the availability of transportation systems to move the product to market;
- Commodity risk as crude oil and natural gas prices fluctuate due to market forces;
- Financial risk such as volatility of the Canadian/US dollar exchange rate, interest rates and debt service obligations;
- Environmental and safety risk associated with well operations and production facilities;
- Changing government regulations relating to royalty legislation, income tax laws, incentive programs, operating practices and environmental protection relating to the oil and natural gas industry; and
- Continued participation of West Lake's lenders.

West Lake seeks to mitigate these risks where possible by:

- Acquiring properties with established production trends to reduce technical uncertainty as well as undeveloped land with development potential;
- Maintaining a low-cost structure to maximize product netbacks and reduce impact of commodity price cycles;
- Diversifying properties to mitigate individual property and well risk;
- Maintaining product mix to balance exposure to commodity prices;
- Conducting rigorous reviews of all property acquisitions;

- Monitoring pricing trends and developing a mix of contractual arrangements for the marketing of products with creditworthy counterparties;
- Maintaining a hedging program to hedge commodity prices with creditworthy counterparties;
- Adhering to the Company's safety program and adhering to current operating best practices;
- Keeping informed of proposed changes in regulations and laws to properly respond to and plan for the effects that these changes may have on our operations;
- Carrying industry standard insurance;
- Establishing and maintaining adequate resources to fund future abandonment and site restoration costs; and
- Monitoring our joint venture partners' obligations to us and cash calling for capital projects to limit the Company's credit risk.

#### INDEPENDENT AUDITOR'S REPORT

To the Shareholders of West Lake Energy Corp.

We have audited the accompanying financial statements of West Lake Energy Corp., which comprise the balance sheet as at December 31, 2017, and the statement of income (loss) and comprehensive income (loss), statement of changes in shareholders' equity and statement of cash flows for the period from incorporation on December 13, 2016 to December 31, 2017, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the balance sheet of West Lake Energy Corp. as at December 31, 2017, and its financial performance and its cash flows for the period from incorporation on December 13, 2016 to December 31, 2017, in accordance with International Financial Reporting Standards.

# Notes to Financial Statements

For the period from incorporation on December 13, 2016 to December 31, 2017 All tabular amounts are in thousands of Canadian dollars except as otherwise indicated.

# **1. BUSINESS AND STRUCTURE OF WEST LAKE**

West Lake Energy Corp. ("West Lake" or "the Company") is an oil and natural gas exploration, development and production company with properties located in Western Canada. West Lake is domiciled in Canada and was incorporated on December 13, 2016 under the Business Corporations Act (Alberta). West Lake's head office address is 700, 600 – 3rd Avenue SW, Calgary, Alberta, Canada.

# 2. BASIS OF PRESENTATION AND GOING CONCERN

The Company prepares its financial statements in accordance with International Financial Reporting Standards ("IFRS"). These financial statements cover the period from incorporation on December 13, 2016 to December 31, 2017. The Company has applied the same accounting policies throughout the entire period presented. These financial statements have been prepared on the historical cost basis, except as identified in Note 3, Significant Accounting Policies. They are presented in Canadian dollars, which is the Company's functional currency.

These financial statements were approved and authorized for issue by the Board of Directors on April 18, 2018.

# Going Concern

These financial statements are prepared on a going concern basis. The going concern basis of presentation assumes that the Company will continue in operations for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

# **3. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies used in the preparation of these financial statements are as follows:

# (a) Cash and cash equivalents

Cash and cash equivalents consists of balances held with banks, and other short-term highly liquid investments with original maturities of three months or less from inception.

# (b) Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates in effect at the balance sheet date. Gains and or losses on these items are included in the statement of income (loss).

# (c) Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the rights to receive cash flows from the assets have been expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Financial liabilities are derecognized when the obligation specified in the contract is discharged, cancelled or expires.

All financial instruments are initially recognized at fair value on the balance sheet. Measurement of financial instruments subsequent to the initial recognition, as well as resulting gains and losses, are based on how each financial instrument was initially classified. The Company has classified each identified financial instrument into the following categories: fair value through profit or loss, loans and receivables, held-to-maturity investments, available for sale financial assets, and financial liabilities at amortized cost. Fair value through profit or loss financial instruments are measured at fair value with gains and losses, other than impairment losses, recognized in other comprehensive income and transferred to income when the asset is derecognized. Loans and receivables, held-to-maturity investments and financial liabilities at amortized cost using the effective interest method and impairment losses are recorded in income when incurred.

Derivative instruments executed by the Company to manage market risk associated with volatile commodity prices are classified as held for trading within fair value through profit or loss and recorded on the balance sheet at fair value as derivative assets and liabilities. Gains and losses on these derivative instruments are recorded as gains and losses in the statement of income (loss) in the period they occur.

Gains and losses on derivative instruments are comprised of cash receipts and payments associated with periodic settlement that occurs over the life of the instrument (realized gains/losses), and non-cash gains and losses associated with changes in the fair values of the instruments which are remeasured at each reporting date and recorded on the balance sheet (unrealized gains/losses). Transaction costs attributed to the acquisition or issue of a derivative instrument are expensed immediately. For other financial instruments, transaction costs are added to the fair value initially recognized for a financial asset or liability.

#### (d) Share capital

Equity instruments issued by the Company are recorded at the proceeds received, with direct issue costs as a deduction there from, net of any associated tax benefit.

#### (e) Joint arrangements

A portion of the Company's oil and natural gas activities involve joint arrangements classified as joint operations. The Company's share of these joint operations and a proportionate share of the relevant revenue and costs are reflected in the financial statements. Joint control exists for contractual arrangements governing West Lake's assets where all partners collectively control the arrangement and share the associated risks, West Lake has less than 100 percent working interest, all of the partners have control of the arrangement collectively and spending on the project requires unanimous consent of all parties. West Lake does not have any joint arrangements that are material to the Company or that are structured through joint venture arrangements.

#### (f) Property and equipment and exploration and evaluation assets

#### i) Exploration and evaluation (E&E) expenditures

Pre-license costs are recognized in the statement of income (loss) as incurred. All exploratory costs incurred subsequent to acquiring the right to explore for oil and natural gas and before technical feasibility and commercial viability of the area have been established are capitalized as E&E assets. Such costs can typically include costs to acquire land rights in areas with no proved or probable reserves assigned, geological and geophysical costs, and exploration wells.

Exploration and evaluation costs initially are capitalized as either tangible or intangible according to the nature of the assets acquired. The costs are accumulated in areas by well, field or exploration area pending determination of technical feasibility and commercial viability.

Exploration and evaluation assets are not depreciated and are assessed for impairment if facts and circumstances suggest that the carrying amount exceeds the recoverable amount. If an impairment indicator for E&E assets is noted, for purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units.

The technical feasibility and commercial viability of extracting a mineral resource from exploration and evaluation assets is considered when proved and probable reserves are determined to exist. A review of each exploration license or field is carried out, at least annually, to ascertain whether proved and probable reserves have been discovered. Upon determination of proved and probable reserves, exploration and evaluation assets attributable to those reserves are first tested for impairment and then reclassified from exploration and evaluation assets to development and production assets within property and equipment. If the well or exploration project did not encounter potentially economic oil and gas quantities, the unrecoverable costs are expensed and reported in exploration and evaluation expense in the period incurred.

#### ii) Development and production expenditures

Items of property and equipment, which include petroleum and natural gas development and production assets, are measured at cost less accumulated depletion and depreciation and accumulated impairment losses. Costs include E&E expenditures incurred in finding commercial reserves transferred from E&E assets, drilling and completion, production facilities, decommissioning costs, geological and geophysical costs and directly attributable costs related to development and production activities, net of any government incentive programs, and for qualifying assets, borrowing costs.

purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

When significant parts of an item of property and equipment, including oil and natural gas properties, have different useful lives, they are accounted for as separate items (major components). Gains and losses on disposal of an item of property and equipment, including oil and natural gas properties and E&E assets, are determined by comparing the proceeds from disposal with the carrying amount of property and equipment and are recognized within the statement of income (loss).

#### (iii) Subsequent costs

Costs incurred subsequent to commencement of production that are significant are recognized as oil and gas assets only when they increase the future economic benefits embodied in the specific asset to which they relate. Such capitalized oil and natural gas interests generally represent costs incurred in developing proved and probable reserves and bringing in or enhancing production from such reserves and are accumulated on a field or area basis. The carrying amount of any replaced or sold component is derecognized. The costs of the day-to-day servicing of property and equipment are recognized against income as incurred.

#### (iv) Depletion and depreciation

The net carrying value of oil and gas properties is depleted using the unit of production method by reference to the ratio of production in the period to the related proved and probable reserves, taking into account estimated future development costs necessary to bring those reserves into production. Future development costs are estimated taking into account the level of development required to produce the reserves. These estimates are reviewed by independent reserve engineers at least annually. Major development projects are not depleted until production commences.

The Company records furniture and equipment at cost and provides depreciation on the declining balance method at a rate of 20% per annum which is designed to amortize the cost of the assets over their estimated useful lives. The Company records leasehold improvements at cost and provides depreciation on the straight-line method over the term of the lease. Leased assets are depreciated over the shorter of the lease term and their useful lives. Depreciation methods, useful lives and residual values are reviewed at each financial year end, and, if necessary, changes in useful lives are accounted for prospectively.

#### (g) Asset swaps

Exchanges of development and production assets are measured at fair value unless the exchange transaction lacks commercial substance or the fair value of neither the asset received nor the asset given up is reliably measurable. The cost of the acquired asset is measured at the fair value of the asset given up, unless the fair value of the asset received is more clearly evident. Where fair value is not used, the cost of the acquired asset is measured at the carrying amount of the amount given up. Any gain or loss on derecognition of the asset given up is recognized in statement of income (loss). For exchanges or parts of exchanges that involve only exploration and evaluation assets, the exchange is accounted for at carrying value.

#### (h) Leased assets

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under the operating leases are charged to income on a straight-line basis over the period of the lease.

#### (i) Impairment

#### (i) Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics. All impairment losses are recognized in income in the period incurred. An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost the reversal is recognized in the statement of income (loss).

#### (ii) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Exploration and evaluation assets are assessed for impairment when they are reclassified to property and equipment, as oil and natural gas interests, and also if facts and circumstances suggest that the carrying amount exceeds the recoverable amount.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit" or "CGU"). The recoverable amount of an asset or a CGU is the greater of its value in use and its fair value less cost of disposal.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Value in use is generally computed by reference to the present value of the future cash flows expected to be derived from production of proved and probable reserves. Fair value less cost of disposal is assessed utilizing market valuation based on an arm's length transaction between active participants. In the absence of any such transactions, fair value less costs of disposal is estimated by discounting the expected after-tax cash flows of the cash generating unit at an after-tax discount rate that reflects the risk of the properties in the cash generating unit. The discounted cash flow calculation is then increased by a tax-shield calculation, which is an estimate of the amount that a prospective buyer of the cash generating unit would be entitled. The carrying value of the cash generating unit is reduced by the deferred tax liability associated with its property and equipment.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses recognized in prior years are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been objective change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or depletion, if no impairment loss had been recognized.

#### (j) Decommissioning provision

A decommissioning liability is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Decommissioning liabilities are determined by discounting the expected future cash flows at a risk-free rate. A corresponding asset equal to the initial estimated liability is capitalized as part of the long-lived asset. The increase in the provision due to the passage of time is recognized as a finance cost in the statement of income (loss). Actual expenditures incurred are charged against the accumulated liability. Revisions to the estimated amount and timing of the obligations are reflected as increases or decreases to the decommissioning liability with corresponding asset retirement costs capitalized as part of the long-lived asset.

#### (k) Revenue

Revenue from the sale of oil and natural gas is recorded when the significant risks and rewards of ownership of the product is transferred to the buyer, which is usually when legal title passes to the external party, sales prices and costs can be reasonably measured, and it is probable that future economic benefits will flow to the entity. For natural gas, this is generally at the time product enters the pipeline. For crude oil, this is generally at the time the product reaches a trucking terminal or pipeline. For natural gas liquids, this is generally at the time the product is processed through a gas plant. Revenue is measured net of discounts and customs duties.

Royalty income is recognized as it accrues in accordance with the terms of the overriding royalty agreements.

#### (I) Finance expense

Finance expense comprises interest expense on borrowings, interest on convertible debentures, accretion of the discount on convertible debentures and accretion of the discount on the decommissioning provision.

#### (m) Borrowing costs

Borrowing costs incurred for the construction of qualifying assets are capitalized during the period of time that is required to complete and prepare the assets for their intended use or sale. The Company considers a qualifying asset to **27** J 2017 Annual Report - West Lake Energy Corp.

be any significant construction project expected to take more than twelve months to complete. The capitalization rate used to determine the amount of borrowing costs to be capitalized is the weighted average interest rate applicable to the Company's outstanding general and specific borrowings during the period.

#### (n) Income tax

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the statement of income (loss) except to the extent that it relates to items recognized directly in shareholders' equity.

Current income tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to income tax payable in respect of previous years. Deferred income tax is recognized using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred income tax is not recognized on the initial recognition of assets or liabilities in a transaction that is not a business combination, and at the time of the transaction, affects neither accounting income nor taxable income. Deferred income tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred income tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred income tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred income tax assets and liabilities are only offset when they arise within the same tax jurisdiction. Deferred income tax assets and liabilities are presented as non-current.

#### (o) Dividends

Dividends are accrued when declared by the Board of Directors.

#### (p) Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method of accounting in which the identifiable assets acquired, liabilities assumed and any non-controlling interest are recognized and measured at their fair value at the date of acquisition. Any excess of the purchase price plus any non-controlling interest over the fair value of the net assets acquired is recognized as goodwill. Any deficiency of the purchase price over the fair value of the net assets acquired to net income as negative goodwill. At acquisition, goodwill is allocated to each of the CGUs to which it relates. Subsequent measurement of goodwill is at cost less any accumulated impairment losses.

#### (q) New standards and interpretations not yet adopted

During the period ended December 31, 2017, the Company did not adopt any new or revised standards. New accounting standards, amendments to accounting standards and interpretations effective for annual periods beginning on or after January 1, 2018 are as follows:

#### Leases

On January 13, 2016, the IASB issued IFRS 16 - *Leases*, which requires entities to recognize lease assets and lease obligations on the balance sheet. For lessees, IFRS 16 removes the classification of leases as either operating leases or finance leases, effectively treating all leases as finance leases. Certain short-term leases (less than 12 months) and leases of low-value assets are exempt from the requirements and may continue to be treated as operating leases. IFRS 16 is effective for years beginning on or after January 1, 2019. The standard may be applied retrospectively or using a modified retrospective approach. The Company has identified a number of contracts that may be classified as leases and is evaluating the impact of the standard on the financial statements.

#### **Revenue Recognition**

On September 11, 2015 the IASB published an amendment to IFRS 15 - *Revenue from Contracts with Customers*, deferring the effective date of the standard by one year to annual periods beginning on or after January 1, 2018. IFRS 15, replaces IAS 11 - *Construction Contracts*, IAS 18 - *Revenue* and several revenue-related interpretations, establishing a single revenue recognition framework that applies to contracts with customers. The standard requires an entity to recognize revenue to reflect the transfer of goods and services for the amount it expects to receive, when control is transferred to the purchaser. Disclosure requirements have also been expanded. The Company continues to evaluate the impact of this standard on the financial statements.

#### **Financial Instruments**

IFRS 9 - *Financial Instruments* was issued in 2014 and is effective for years beginning on or after January 1, 2018 with earlier adoption permitted. The standard introduces multiple changes from IAS 39 – *Financial Instruments: Recognition and Measurement*, including introducing a principle-based approach for classification and measurement of financial assets, a single expected loss impairment model and a substantially-reformed approach to hedge accounting. The Company continues to evaluate the impact of this standard on the financial statements.

# 4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates, and differences could be material. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

#### **Estimates and assumptions**

Information about significant areas of estimation uncertainty in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- Note 5 valuation of financial instruments;
- Note 6 valuation of assets acquired through a business combination;
- Note 8 valuation of property and equipment;
- Note 10 measurement of decommissioning provision; and
- Note 15 income tax expense.

#### Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, apart from those involving estimates, which may have the most significant effect on the amounts recognized in the financial statements.

#### (a) Exploration and evaluation assets

The decision to transfer assets from exploration and evaluation to property and equipment is based on the estimated proved and probable reserves used in the determination of an area's technical feasibility and commercial viability (Note 7).

# (b) Reserves base

The oil and gas development and production properties are depreciated on a unit of production ("UOP") basis at a rate calculated by reference to proved and probable reserves determined in accordance with National Instrument 51-101 "Standards of Disclosure for Oil and Gas Activities" and incorporate the estimated future cost of developing and extracting those reserves. Proved plus probable reserves are determined using estimates of oil and natural gas in place, recovery factors and future prices. Future development costs are estimated using assumptions as to number of wells required to produce the reserves, the cost of such wells and associated production facilities and other capital costs (Note 8).

Proved and probable reserves are estimated using independent reserve engineer reports and represent the estimated quantities of oil, natural gas and natural gas liquids which geological, geophysical and engineering data demonstrate with a specified degree of certainty to be recoverable in future years from known reservoirs and which are considered commercially producible. Proved reserves are those reserves that can be estimated with a high degree of certainty to be recoverable. It is highly likely that the actual remaining quantities recovered will exceed the estimated proved reserves. Probable reserves are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved and probable reserves.

# (c) Depletion of oil and gas assets

Oil and gas properties are depleted using the UOP method over proved plus probable reserves. The calculation of the UOP rate of depletion could be impacted to the extent that actual production in the future is different from current

forecast production based on proved plus probable reserves. This would generally result from significant changes in any of the factors or assumptions used in estimating reserves (Note 8).

#### (d) Determination of cash generating units

Oil and gas properties are grouped into cash generating units for purposes of impairment testing. Management has evaluated the oil and gas properties of the Company and grouped the properties into cash generating units on the basis of their ability to generate independent cash inflows, similar reserve characteristics, geographical location, and shared infrastructure (Note 8).

#### (e) Impairment indicators and calculation of impairment

At each reporting date, West Lake assesses whether or not there are circumstances that indicate a possibility that the carrying values of exploration and evaluation assets and property and equipment are not recoverable, or impaired. Such circumstances include incidents of deterioration of commodity prices, changes in the regulatory environment, or a reduction in estimates of proved and probable reserves. At December 31, 2017, Management exercised judgement and determined that there were impairment indicators present for the Non-Core CGU (Note 8). When management judges that circumstances clearly indicate impairment, property and equipment and exploration and evaluation assets are tested for impairment by comparing the carrying values to their recoverable amounts. The recoverable amounts of cash generating units are determined based on the higher of value in use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions that are subject to changes as new information becomes available including information on future commodity prices, expected production volumes, quantity of reserves, discount rates, decommissioning liabilities as well as future development and operating costs.

#### (f) Going concern

f

These financial statements have been prepared on a going concern basis, which assumes the realization of assets and discharge of liabilities in the normal course of business within the foreseeable future. Management uses judgment to assess the Company's ability to continue as a going concern and the conditions that cast doubt upon the going concern assumption (Note 2).

#### 5. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial instruments of the Company include cash and cash equivalents, accounts receivable, deposits, accounts payable and accrued liabilities, and derivative assets and liabilities.

(\$000's)	Level in fair value hierarchy	As At Decen Carrying Amount	nber 31, 2017 Estimated Fair Value
Financial Assets			
Cash and cash equivalents	Level 1	18,491	18,491
Held For trading			
Derivative assets - oil and gas	Level 2	680	680
Loans and receivables			
Accounts receivable	Level 2	20,786	20,786
Deposits	Level 1	1,411	1,411
Financial Liabilities			
Held for trading			
Derivative liabilities - oil and gas	Level 2	7,262	7,262
Financial liabilities at amortized cost			
Accounts payable and accrued liabilities	Level 2	38,285	38,285

As at December 31, 2017, the carrying amounts reported on the Balance Sheet approximated the estimated fair values of financial instruments due to the short terms to maturity or are carried at fair value.

Fair value is determined following a three-level hierarchy:

Level 1: Quoted prices in active markets for identical assets and liabilities. The Company includes cash under this category.

Level 2: Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly. Such inputs can be corroborated with other observable inputs for substantially the complete term of the contract. West Lake uses Level 2 inputs in the determination of the fair value of oil and gas derivative assets and liabilities, accounts receivable, deposits and accounts payable.

Level 3: Fair value is determined using inputs that are not observable. West Lake uses Level 3 inputs in the determination of the fair value less costs of disposal used in determining the recoverable amount of a Cash Generating Unit (CGU) for the purpose of impairment testing for PP&E and E&E assets.

Derivative assets and liabilities are carried at fair value and are measured on a recurring basis. The fair values of oil and gas commodity derivatives are determined using a Level 2 valuation model and inputs include quoted forward prices for commodities, foreign exchange rates, volatility and discounting, all of which can be observed or corroborated in the marketplace. In testing for impairment of property and equipment, a Level 3 valuation model is used to determine the recoverable amount of a CGU. The fair value less costs of disposal model used contains inputs that are not readily observable or corroborated, such as forecasted cash flows over the estimated life of reserves.

The Company's policy is to recognize transfers into and out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. During the period ended December 31, 2017, there were no transfers between levels 1, 2 or 3.

#### (b) Risks Associated with Financial Assets and Liabilities

The Company's activities expose it to a variety of financial risks that arise as a result of its exploration, development, production, and financing activities such as: credit risk; liquidity risk; and price and currency risk.

#### Price and currency risk

Commodity price risk arises from the effect that fluctuations of future commodity prices may have on the fair value or future cash flows of financial assets and liabilities. West Lake monitors and, when appropriate, utilizes financial derivative contracts or physical delivery contracts to manage the risk associated with changes in commodity prices and foreign exchange rates. The use of derivative instruments is governed under formal policies and is subject to limits established by the Board of Directors of West Lake. Under the Company's risk management policy, financial derivatives are not to be used for speculative purposes.

Crude Oil – The Company has used fixed price swaps to partially mitigate its exposure to the commodity price risk on its heavy and medium crude oil sales. This includes swaps to help protect against widening light/heavy crude oil price differentials. When assessing the potential impact of oil price changes on the financial derivative contracts outstanding as at December 31, 2017, a 10% increase in pricing would decrease net income for the period ended December 31, 2017 by \$8.2 million, excluding the corresponding impact on sales revenues, while a 10% decrease would increase net income for the period ended December 31, 2017 by \$8.2 million.

Natural Gas – To partially mitigate the natural gas commodity price risk, the Company may from time to time utilize swaps, which fix the AECO price. As at December 31, 2017, the Company does not have natural gas hedges outstanding.

Currency – North American oil and natural gas prices are based upon US dollar denominated commodity prices. As a result, although receivables are denominated in Canadian dollars, the price received by Canadian producers is affected by the Cdn\$/US\$ foreign exchange rate that may fluctuate over time. To minimize this risk, fixed price swaps for crude oil and natural gas are contracted in Canadian dollars, where available.

#### Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from joint venture partners and oil and natural gas marketers. The maximum exposure to credit risk is as follows:

\$000's	December 31, 2017
Cash and cash equivalents	18,491
Accounts receivable	20,786
Deposits	53
Derivative assets	680
	40,010

Cash and cash equivalents, accounts receivable, deposits, and derivative assets are subject to credit risk exposure and the carrying values reflect management's assessment of the associated maximum exposure to such credit risk. The Company's cash and cash equivalents are held within a top tier national bank. Substantially all of the Company's accounts receivables are due from customers and partners concentrated in the Canadian oil and gas industry. The Company generally extends unsecured credit to these customers and therefore the collection of accounts receivable may be affected by changes in economic conditions. Management aims to mitigate this risk by dealing with a broad selection of reputable partners within the sector, by reviewing credit ratings of counterparties and partners, and through closely monitoring significant balances. When necessary, the Company requires cash calls from its partners on capital projects before they commence, and with certain counterparties, has the ability to withhold production or offset payables.

Receivables related to the sale of the Company's petroleum and natural gas production are normally collected on the 25th day of the month following delivery. As at December 31, 2017, \$6.7 million or 32% of accounts receivable are outstanding for 90 days or more. Of the total over 90 days, \$6.2 million is related to one vendor that has since been collected. The Company has provided an allowance for doubtful accounts of \$0.1 million at December 31, 2017 and believes that the remaining accounts receivable balance, net of this allowance, is collectible.

The Company's deposit is due from the Alberta Provincial governments and is viewed by Management as having minimal credit risk. To the extent that West Lake enters into derivatives to manage commodity price risk, the Company is exposed to credit risk associated with counterparties. The Company enters into derivative contracts with major national banks to mitigate this credit risk.

#### Liquidity risk

The timing of cash outflows relating to financial liabilities as at December 31, 2017 are as follows:

	Less than one	One to three	
December 31, 2017	year	years	Total
Trade and accrued liabilities	38,285	-	38,285
Derivative liability	5,873	1,389	7,262
Total	44,158	1,389	45,547

Liquidity risk is the risk that West Lake will not be able to meet all of its financial obligations when they become due. The Company does not have debt obligations outside of trade and accrued liabilities, and the derivative liability.

To the extent that West Lake enters derivatives to manage commodity price risk, it may be subject to liquidity risk as derivative liabilities become due. Derivative instruments are not entered for speculative purposes and management closely monitors commodity risk exposure in comparison to forecasted sales volumes. Liquidity risk is partially mitigated as losses realized on derivative contracts due to high commodity prices are generally matched by increased cash flows from sales in a high commodity price environment. Conversely, when commodity prices are low, gains realized on derivative contracts can partially offset reduced cash flow.

#### 6. ACQUISITION OF TWIN BUTTE ENERGY LTD. ASSETS

On March 31 2017, West Lake completed the acquisition of Twin Butte Energy Ltd.'s ("Twin Butte") assets for cash consideration of \$262.8 million. This property acquisition was recognized as a business combination in accordance with IFRS 3 Business Combinations, as the assets and liabilities acquired met the definition of a business. The acquisition has been accounted for using the acquisition method, and the recognized amounts of identifiable asset acquired and liabilities assumed at fair value are as follows:

	Total
Petroleum and natural gas properties	279,895
Exploration and evaluation assets	23,817
Net working capital	(97)
Deferred income tax asset	34,000
Decommissioning obligation	(74,850)
Total net assets acquired	\$ 262,765
The net working capital asset consists of the following:	Total
Accounts receivable	41
Deposits and prepaid expenses	2,603
Accounts payable and accrued liabilities	(2,741)
Net working capital	\$ (97)
	<b>T</b> . 1
Consideration	 Total
Cash	\$ 262,765

The purpose of the acquisition was to gain a presence in the business of oil and gas production. Management estimates that West Lake's revenue would have increased by \$39.7 million and the net loss would have decreased by \$1.7 million, had this transaction been completed on January 1, 2017. This pro-forma information would not necessarily be indicative of results had the acquisition occurred on January 1, 2017.

The recognized identifiable assets and liabilities assumed were based on best estimates by West Lake's management and were based on valuations prepared by external engineers. The consideration paid is equal to the fair value of net assets acquired. The decommissioning obligation was fair valued using the credit-adjusted rate of 12%.

#### 7. EXPLORATION AND EVALUATION ASSETS

Balance at December 31, 2017	\$ 36,231
Exploration and evaluation expense	 (398)
Dispositions (note 8)	(3)
Transferred to property, plant and equipment (note 8)	(1,593)
Acquisitions and purchases	14,408
Twin Butte asset acquisition	\$ 23,817
Balance at December 13, 2016	\$ -

Exploration and evaluation ("E&E") assets consist of the Company's land and seismic exploration projects which are pending the determination of technical feasibility and commercial viability. In the period ended December 31, 2017, expense of \$0.4 million was recognized for current and future land expiries for which management has neither budgeted nor planned further exploration.

There were no impairment indicators for E&E assets as at December 31, 2017.

#### 8. PROPERTY AND EQUIPMENT

Cost:	
Balance at December 13, 2016	\$ -
Twin Butte asset acquisition	279,895
Additions	64,452
Changes in decommissioning provision	110,482
Transfers from E&E assets (note 7)	1,593
Balance at December 31, 2017	\$ 456,422
Accumulated depletion, depreciation and impairment losses: Balance at December 13, 2016	\$ 
Depletion and depreciation expense	46,072
Impairment expense	 15,600
Balance at December 31, 2017	\$ 61,672
Net Carrying Value:	
Current assets held for sale	6,468
Long-term assets	 388,282
December 31, 2017	\$ 394,750

The Company capitalized \$3.1 million of general and administrative expenses directly related to development and production activities for the period ended December 31, 2017. Future development costs on proved plus probable undeveloped reserves of \$186 million as at December 31, 2017 are included in the calculation of depletion.

#### **Dispositions & Acquisitions**

During the period ended December 31, 2017, West Lake completed several minor PP&E asset dispositions for net proceeds of \$0.03 million. The assets included in these transactions were \$nil value PP&E assets with decommissioning liabilities attached. A \$0.4 million gain was recognized on these transactions.

#### Assets held for sale

During the third quarter of 2017, the Company signed an agreement to sell properties in the Pincher Creek area with a fair value of approximately \$nil. The agreement has closed, and payments received for interim operating losses are non-refundable, but the agreement contains a clause that would allow the purchaser to revert the properties back to West Lake until operatorship has transferred with AER approval. At December 31, 2017, West Lake retained operatorship, and as such they continue to be classified as held for sale. Management concludes it is highly probable that within one year

from when the sales process commenced that the carrying value will be received through a sales transaction rather than through continued use.

Assets classified as held for sale are measured at the lower of the carrying amount and fair value less costs of disposal. The fair value less costs of disposal of the assets held for sale was determined using third party information including potential estimated future cash flows and bids received from the purchaser and is equivalent to the carrying value. The carrying value of \$6.5 million associated with these properties was reclassified from property and equipment to assets held for sale and the associated decommissioning obligation of \$6.5 million was reclassified from decommissioning provision to liabilities held for sale on the Balance Sheet.

#### Impairment test of property and equipment

At December 31, 2017, the Company assessed for indicators of impairment for all of its CGUs. Significant revisions to the estimates to abandon 17 wells in Birch area of the Non-Core CGU were noted. For the purposes of determining whether impairment of assets has occurred, and the extent of any impairment or its reversal, management exercises their judgment in estimating future cash flows for the recoverable amount, being the higher of fair value less costs of disposal and value in use. These key judgments include estimates about recoverable reserves, forecast benchmark commodity prices, royalties, operating costs, decommissioning liabilities and discount rates.

West Lake estimated the recoverable amount for the Non-Core CGU based on the fair value less costs of disposal, determined with an after-tax discount rate of 10 percent, forecasted cash flows over the estimated life of reserves, an independent industry reserve engineer price forecast, and forecasted decommissioning liabilities. The discount rate represents the rate of return that a market participant would require for assets with similar composition and risk. The forecasted cash flows and decommissioning liabilities are prepared over the estimated life of the reserves in the CGU, which range from 0 to 27 years. The primary source of cash flow information was derived from the Company's oil and gas reserves, as prepared by an independent qualified reserve evaluator as at December 31, 2017.

Based on the assessment, the after-tax recoverable amount of negative \$15.3 million did not exceed the carrying value of the Non-Core CGU and the impairment charged at December 31, 2017 was \$15.6 million.

The forecasted commodity prices used in the impairment test at December 31, 2017 were as follows:

	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027
WTI Crude oil (US\$/bbl)	58.50	58.70	62.40	69.00	73.10	74.50	76.00	77.50	79.10	80.70

The following table indicates the sensitivity of the December 31, 2017 impairment to changes in the discount rate and forecasted commodity prices:

	Increase in rate	Decrease in rate
(\$000s)	or price	or price
Discount rate, 1% change	852	(869)
WTI, \$5 US change	(5,586)	5,242

#### 9. BANK FACILITY

As at December 31, 2017, the Company has a \$10 million demand bank facility. This facility is revolving, with a semiannual borrowing base review, and the bank retains the right to demand payment in full at any time without notice. The facility is utilized for \$4.3 million of Letters of Credit and the remaining \$5.7 million was not drawn as of December 31, 2017.

Interest rates are based on the Bank of Canada prime rate, plus 1% to 2.5% as determined by a pricing grid using the Company's net debt to earnings before interest, taxes, depreciation, and amortization (EBITDA) ratio for the preceding four quarters. Interest paid during the year was in relation to outstanding Letters of Credit.

The Company's demand facility contains standard commercial covenants for facilities of this nature, including a requirement for West Lake to maintain an adjusted working capital ratio of not less than 1.0:1.0, which includes the undrawn portion of the credit facility as a current asset. The facility also contains a covenant that I imits financial commodity agreements to less than 75% of the average daily production of the prior quarter at the time the commodity agreement is signed. As commodity agreements extend beyond 12 months, the maximum percentage decureases to 60%,

and then to 50% for those agreements with terms greater than 24 months. At December 31, 2017, the Company is in compliance with all debt covenants.

#### **10. DECOMMISSIONING PROVISION**

Decommissioning obligations are based on the Company's net ownership in wells and facilities, and management's best estimate of future costs to abandon and reclaim those wells and facilities as well as an estimate of the future timing of the costs to be incurred.

The Company has estimated the present value of its total decommissioning provision to be \$183.7 million at December 31, 2017, based on a total future liability of \$239.8 million. Payments to settle the obligations occur over the operating lives of the underlying assets and are estimated to be from 1 to 32 years, with the majority of costs to be incurred after 2030. As at December 31, 2017, the estimated risk-free discount rate is set at 2.25%, and the estimated inflation rate is 2.0%.

Changes to the	decommissioning	provision are as	follows:
----------------	-----------------	------------------	----------

(000's)	
Decommissioning provision, December 13, 2016	-
Liabilities incurred	2,789
Liabilities settled	(4,159)
Liabilities acquired in Twin Butte acquisition	74,850
Liabilities acquired from other acquisitions	61
Liabilities reduced from dispositions	(399)
Effect of change in risk free rate <sup>(1)</sup>	(5,142)
Effect of change in risk free rate <sup>(2)</sup>	119,165
Revisions in estimated cash outflows	(6,330)
Accretion of decommissioning provision	2,871
Decommissioning provision, end of period	183,706
Current liability held for sale	6,463
Long-term portion	177,243

(1) At December 31, 2017, the risk-free rate was changed from 2% to 2.25%.

(2) Decommissioning Liabilities acquired with the Twin Butte assets were valued at a risk-adjusted rate of 12% upon acquisition. Following acquisition, the assets were revalued at a risk-free rate of 2%.

#### **15. INCOME TAX EXPENSE**

#### a) Deferred income tax expense (recovery):

The provision for income taxes reflects an effective tax rate which differs from Federal and Provincial statutory tax rates. The main differences are as follows:

For the period ended (\$000s)	2017
Income (loss) before taxes	 (27,669)
Statutory income tax rate	27.0%
Expected income taxes	(7,471)
Deferred tax asset not recognized	7,471
Deferred income tax expense / (recovery)	\$ -
Effective Tax rate	0.0%

The Canadian statutory tax rate per the reconciliation above represents the combined federal and provincial corporate tax rate. The federal corporate tax rate is 15% and the average provincial tax rate is 12% for the period ended December 31, 2017.

# b) Deferred income tax asset (liability):

At December 31, 2017, the calculated deferred tax asset has been recognized at \$34 million.

	Period ended
(\$000s)	December 31, 2017
Property & equipment	23,591
Decommissioning liabilities	49,601
Commodity derivatives	1,777
Derecognized deferred tax assets <sup>(1)</sup>	(40,969)
Deferred income tax asset	34,000

(1) The derecognition is due to resource tax pools where there is uncertainty as to whether a taxable benefit will be available in the future.

# c) Components of the net deferred income tax asset (liability):

As at (\$000s)	December 31, 2017
Deferred tax assets	
Deferred tax assets to be recovered after more than 12 months	32,596
Deferred tax assets to be recovered within 12 months	1,404
	34,000
Deferred tax liabilities	
Deferred tax liabilities to be recovered after more than 12 months	-
Deferred tax liabilities to be recovered within 12 months	-

West Lake's capital structure as at December 31, 2017 is as follows:

(\$000's)	December 31, 2017
Working capital surplus <sup>(1)</sup>	2,403
Net cash (debt) <sup>(2)</sup>	2,403
Shareholders' Equity	267,325

1) Working capital deficit (surplus) includes cash, accounts receivables, deposits and prepaid expenses, accounts payable and accrued liabilities.

2) Net cash (debt) is defined as the total of bank indebtedness, accounts payable and accrued liabilities, less cash, accounts receivable, deposits and prepaids.

As at December 31, 2017, the Company had not drawn on the demand credit facility. Net cash consists of the working capital surplus of \$2.4 million.

#### **20. RELATED PARTY TRANSACTIONS**

During the period ended December 31, 2017, the Company incurred related party costs totaling \$0.1 million for asset operational services rendered and office rent to one company under common control. These costs were incurred in the normal course of business and were recorded at the amount exchanged between the parties. As at December 31, 2017, the Company had \$nil included in accounts payable and accrued liabilities related to these transactions.

During the period, the Company also signed an office lease with this related party, for a term of 10 years with a penalty-free termination after 3 years. The cost of the office lease is equivalent to the cost to the related party.

I, STEVEN NEU, of the City of Calgary, Alberta, AFFIRM AND SAY THAT:

- 1. I am a director of the Plaintiff, Henenghaixin Corp. ("H Corp"). As such, I have personal knowledge of the matters deposed to herein, excepted where stated to be based on information, In which case I believe such matters to be true.
- 2. I have read certain Affidavits that have been filed in this Action. In particular, I have read the affidavit of Gaoyong Zhang, affirmed November 20, 2019 ("First Zhang Affidavit") and the the affidavit of Gaoyong Zhang, affirmed on March 31, 2020 ("Second Zhang Affidavit"). This Affidavit contains specific comments in response to the matters he speaks to which involve me.

#### Summary

- 3. I was engaged by Calgary Sinoenergy Investment Corp. ("**Calgary Sino**") as an independent engineering consultant through my consulting company Eileen Corp between July 18, 2016 and September 1, 2018. Calgary Sino is the parent company of Long Run Exploration Ltd. ("Long Run").
- 4. My consulting contract with Calgary Sino was signed by Mr. Harold Wang ("Harold") and Ms. Xiao Bo ("Lake") Deng ("Ms. Deng"). During this period, my invoices to Calgary Sino were initially approved by Mr. Steven Sun ("Mr. Sun"), and then subsequently by Mr. Michael Lam ("Mr. Lam"). Mr. Lam was the CFO of Calgary Sino and of H Corp. My consulting cheques from Calgary Sino were signed by Mr. Sun at the beginning and then by Mr. Lam.
- 5. After I was hired by Calgary Sino as a consultant, I worked mostly in the field and spent some time in the offices for Long Run, New Star Energy ("**New Star**") and West Lake Energy Corp. ("**West Lake**", formerly "Henenghaixin Operating Corp.") which I understood to be a group of companies under the Sinoenergy umbrella. Through my consulting services I saved millions of dollars in engineering operating costs for Sinoenergy.
- 6. I sent my last invoice to Calgary Sino on August 31, 2018. That invoice was approved by Mr. Lam. I was paid by way of a New Star cheque signed by Mr. Lam as opposed to a Calgary Sino cheque. Mr. Lam told me Calgary Sino account was tight on capital. There was no consulting agreement between New Star and me. I believed they both were under the Sinoenergy umbrella. I now understand that New Star is a wholly owned subsidiary of Alberta Sinoenergy Petroleum Corporation ("Alberta Sinoenergy").
- 7. On September 1, 2018, Ms. Deng asked me to sign an independent engineering consultant contract with West Lake. Thereafter I was paid by West Lake, even though the majority of my work was for a Long Run project. During the month of September 2018, I was organizing and supervising an \$8 million engineering project for Long Run. This project started in December 2017 and was successfully finished at \$5 million in costs, saving around \$3 million through my efficient management. I continued to believe that both West Lake and Long Run were under the Sinoenergy umbrella in September 2018.
- In summary, I worked for different companies under Sinoenergy either in the field or in offices and was paid as an engineering consultant by Calgary Sino from July 2016 to July 2018, by New Star in August 2018 and by West Lake from September 2018 to April 2019.
- 9. Calgary Sino, Alberta Sinoenergy, H Corp, Long Run, New Star, West Lake, and Canadian Advantage Petroleum Corporation ("**CAPC**") were regularly mentioned and discussed

by the Sinoenergy team in their working reports which were regularly sent to Mr. Tianzhou Deng ("**Mr. Deng**"). Mr. Deng would provide comments and give instructions to the team. I believed all the companies were affiliated, managed and controlled under the Sinoenergy umbrella by Mr. Deng while I worked with Mr. Lam, Ms. Deng and Mr. Deng.

- 10. From January to March 2017, Calgary Sino, CAPC and New Star transferred \$7.42 million in total to H Corp, as per Mr. Deng's instructions.
- 11. Between April 13, 2017 and September 5, 2017 Mr. Lam instructed ATB through emails to transfer funds totalling CAD\$93,356,491 from H Corp to Calgary Sino. Mr. Lam set me up as a co-signer for H Corp's bank account with ATB. He copied me on all the of emails he sent to ATB instructing them to transfer funds from H Corp to Calgary Sino. Mr. Lam instructed ATB to make the following transfers from H Corp to Calgary Sino:
  - (a) \$15,000,000.00 on April 13, 2017;
  - (b) \$10,000.000.00 on April 18, 2017;
  - (c) \$22,000,000.00 on June 2, 2017;
  - (d) \$500,000.00 on June 2, 2017;
  - (e) \$11,150,000.00 on July 5, 2017;
  - (f) \$31,000,000.00 on July 12, 2017;
  - (g) \$3,596,491.00 on July 13, 2017; and
  - (h) \$110,000.00 on September 5, 2017.
- 12. During this same period Mr. Lam instructed ATB through emails to transfer funds totalling CAD\$42,000,000 from H Corp to West Lake. Mr. Lam instructed ATB to make the following transfers from H Corp to West Lake:
  - (a) \$4,500,000.00 on April 1, 2017;
  - (b) \$3,000.000.00 on April 13, 2017;
  - (c) \$2,000,000.00 on April 21, 2017;
  - (d) \$1,000,000.00 on May 4, 2017;
  - (e) \$10,000,000.00 on June 2, 2017;
  - (f) \$5,000,000.00 on July 14, 2017;

- (g) \$1,500,000.00 on August 4, 2017; and
- (h) \$15,000,000.00 on September 7, 2017.
- 13. In January 2019, H Corp's Board of Directors requested that Mr. Lam be removed as a signing authority for H Corp's bank account with ATB. After this, ATB provided a fulsome bank statement for H Corp's account. I noticed I was not copied by Mr. Lam on two transfers from Calgary Sino to H Corp of CAD\$1,200,000.00 on August 3, 2017, and CAD\$15,000,000 on September 7, 2017.
- 14. Mr. Lam did not need my approval for any transfer, nor did he ever explain to me the reasons for any transfer of funds from H Corp to Calgary Sino or vice versa. When I saw Mr. Lam instructing ATB by emails to transfer funds from H Corp to Calgary Sino or West Lake, what was in my mind was that Mr. Lam was in charge of the financial matters of a group companies under the Sinoenergy umbrella controlled by Mr. Deng, and transfers of funds among H Corp, Calgary Sino and West Lake were not something that was alarming to me or that I should be concerned with.
- 15. Many of the times the above listed transfers took place, I was working in the field on various engineering projects for Long Run. Mr. Lam copied me and other people such as Ms. Deng, Dave Middleton, former President and a director of West Lake ("**Mr. Middleton**"), and Alan Steele, former CFO of West Lake ("**Mr. Steele**") on each of his email instructions to ATB depending upon where the funds were to go. Sometimes ATB asked for my confirmation, and sometimes they did not. I simply confirmed with Mr. Lam and then replied to the email from ATB if they asked me to confirm the transfer instructions from Mr. Lam. As I saw Mr. Lam from time to time also transfer funds from other companies of the Sinoenergy group (Calgary Sino, CAPC and New Star) to H Corp, I believed the funds transferred from H Corp to Calgary Sino or West Lake were intercompany transfers among companies that were affiliated, managed and controlled under the Sinoenergy umbrella by Mr. Deng.
- 16. Mr. Lam never asked for, nor did I believe, that he would need my approval before instructing ATB to transfer funds to or from H Corp. Whenever ATB requested my confirmation for Mr. Lam's instructions to transfer funds from H Corp to Calgary Sino, I simply provided my confirmation to ATB because the instructions originated from Mr. Lam who was the CFO of both H Corp and Calgary Sino at all relevant times.
- 17. When Mr. Lam instructed ATB to transfer funds from H Corp to Calgary Sino in 2017, he was the CFO of both H Corp and Calgary Sino, reviewed the invoices my consulting company issued to Calgary Sino, and signed the paychecks from Calgary Sino to my consulting company. All these facts made me believe that both H Corp and Calgary Sino were affiliated companies under Sinoenergy.

#### My Background

- 18. From 1991 to 2000, I worked as an engineer for China National Petroleum Corporation (CNPC) and Chevron overseas. In 2001, I moved to Canada and worked as an engineer for Chevron Canada, Encana, and CNRL under various consultant or employment contracts. My career consisted of engineering or technical roles and I had never been in any officer or director position before July 18, 2016 when I started working for a group of Chinese companies which I understood were under the control of Mr. Deng who was the Chairman of Changchun Sinoenergy Corp ("Changchun Sinoenergy") in China.
- 19. In April 2016 the Canadian oil and gas industry was in downturn. I started to look for engineering work opportunities. Changchun Sinoenergy was purchasing assets in Canada. I contacted Wen Tao Yang who worked for New Star and he made me a connection.
- 20. I was hired as an engineering consultant by Calgary Sino on July 18, 2016.
- 21. Attached as **Exhibit "1"** is a copy of the consulting agreement between Eileen Corp and Calgary Sino dated July 18, 2016 (the "**2016 Consulting Agreement**"). Ms. Deng signed the 2016 Consulting Agreement on behalf of Calgary Sino.
- Ms. Deng was a director of Long Run, was a director of West Lake beginning on April 2, 2017, and is Mr. Deng's daughter and a close associate of Mr. Lam, as I explained to Mr. Zhang as reflected in the First Zhang Affidavit at paragraphs 54(f) and (h).
- 23. Harold also signed the same 2016 Consulting Agreement on behalf of Calgary Sino. Harold was a director of both Long Run and Calgary Sino. He is Ms. Deng's cousin, and I understood that he was assisting Calgary Sino with the Twin Butte acquisition and that he also helped to manage Long Run, as I advised Mr. Zhang as is reflected at paragraph 64(b)(i) of the First Zhang Affidavit. Attached as **Exhibit "2"** is a copy of the consulting agreement signed by Harold.
- 24. On September 1, 2018, Ms. Deng asked me to sign an Engineering Consulting Agreement with West Lake signed by President Mr. Middleton. Attached as **Exhibit "3"** is a copy of the consulting agreement with West Lake.
- 25. Under the 2016 Consulting Agreement, I held the title of manager, Drilling Operations and was to provide the consulting services as requested by the President, Chief Executive Officer, Chief Financial Officer, or the Board of Directors of Calgary Sino. Under the 2016 Consulting Agreement, it was necessary for me to follow instructions from Ms. Deng, Harold and Mr. Lam.

# How did I become the sole shareholder of H Corp and a director & officer of H Corp and West Lake?

- 26. On March 3, 2017, Harold sent me an email attaching the following documents:
  - (a) Declarations and Consents dated December 13, 2016 which were already signed by Mr. Deng, Deshuang Yu ("Mr. Yu") and Jun Xiong ("Mr. Xiong") to act as a director of Henenghaixin Operating Corp. (West Lake) and H Corp;
  - (b) Board resolutions of Henenghaixin Operating Corp (West Lake) dated December 13, 2016 which were already signed by Mr. Deng, Mr. Yu and Mr. Xiong;
  - (c) Board resolutions of H Corp dated November 23, 2016 which were already signed by Mr. Deng, Mr. Yu and Mr. Xiong.
- 27. In his email, Harold asked me to sign the documents that Mr. Deng had signed as follows:
  - (a) the Declarations and Consent to act as director of H Corp and West Lake;
  - (b) the board resolutions of West Lake dated December 13, 2016 that the three other directors had already signed;
  - (c) the board resolutions of H Corp dated November 23, 2016 that the three other directors had already signed.
- 28. Attached as **Exhibit** "4" is a copy of the email of March 3, 2017 from Harold to me.
- 29. I signed the above documents as Harold requested.
- 30. Under the board resolutions of H Corp dated November 23, 2016, I was appointed as the President and CEO of H Corp and issued a certificate in respect of 100 class "A" common shares of H Corp upon payment of \$1.00 for subscription of the common shares of H Corp at the subscription price of \$0.01 per share.
- 31. There was no executive contract or agreement for my President and CEO position in H Corp and I have never been paid for holding this title.
- 32. Attached as **Exhibit** "**5**" is a copy of the board resolutions of H Corp dated November 23, 2016.
- 33. Under the board resolutions of West Lake dated December 13, 2016, I was appointed as the President and CEO of West Lake. Yingchun Wu (who was a director of Long Run, Calgary Sino, New Star and Alberta Sino) was appointed as Chief Operating Officer and Jason Ge (who was CFO of Long Run; "Mr. Ge") as CFO of West Lake.

.

- 34. There was no executive contract or agreement for my President and CEO position in West Lake and I have never been paid for holding this title.
- 35. Attached as **Exhibit "6**" is a copy of the board resolutions of West Lake dated December 13, 2016.
- 36. I understood that Ms. Deng arranged for me to be appointed as President of West Lake, as I conveyed to Mr. Zhang as reflected at paragraph 54(d) of the First Zhang Affidavit.
- 37. Under the resolutions in writing of the sole shareholder of H Corp dated November 23, 2016, Mr. Yu, Mr. Xiong, Mr. Deng, and I were elected directors of H Corp. Mr. Xiaodi Jin ("**Mr. Jin**"), a lawyer at BLG hired by Mr. Deng as counsel to H Corp on the acquisition of Twin Butte assets, asked me to sign this documentation, which was one of many files he asked me to sign.
- 38. With reference to paragraph 54(c) of the First Zhang Affidavit, to clarify, as I mentioned in paragraphs 27 and 28, Harold, by way of his email of March 3, 2017, sent me and asked me to sign the board resolutions of H Corp dated November 23, 2016, whereby I was appointed as a director of H Corp.
- 39. Attached as **Exhibit "7"** is a copy of the resolutions in writing of the sole shareholder of H Corp dated November 23, 2016.
- 40. On March 10, 2017, Mr. Jin sent me an email with a copy to Harold suggesting that I would sign all the documents related to the purchase of the Twin Butte assets by using the title of President of West Lake. He explained that after the closing of the purchase, Sinoenergy would remove my title as a CEO of West Lake but continue to keep the President title until these transaction steps would be completed, and then remove my President title.
- 41. I sent an email to Mr. Deng on the same day and explained the proposal of Mr. Jin to him in Chinese that, after the closing of the acquisition of the Twin Butte assets, I would continue to use the title of the President of West Lake to sign all the documents that would need to be signed and then return the President title to someone in the Twin Butte management team. Mr. Deng replied by email of March 13, 2017 with a copy to Ms. Deng and approved the proposal of Mr. Jin that I would temporarily use the title of President of West Lake to sign the closing documents for the purchase of the Twin Butte assets.
- 42. When Harold sent me the email of March 3, 2017 and asked me to sign the board resolutions of West Lake dated December 13, 2016 appointing me as the President of West Lake, I believed that I was appointed to only serve the purpose of signing legal documents under the direction of management of Calgary Sino and my appointment was only a temporary and nominal one. To verify my understanding, I wrote to Mr. Deng on March 10, 2017 and told him the proposal of Mr. Jin regarding the

arrangement of having me sign the closing documents under the title of the president of West Lake.

- 43. Attached as **Exhibit "8**" is a copy of the email chain from Mr. Jin to me, me to Mr. Deng and Mr. Deng to me during the period of March 10, 2017 to March 13, 2017.
- 44. On March 23, 2017, Harold sent an email to Mr. Deng, and informed him that I would need to sign many documents on behalf of the board of H Corp. He estimated that the documents that I would need to sign would be more than 1000. He asked Mr. Deng to sign an indemnity agreement for and on behalf of the board in the form that the lawyer of H Corp prepared for me to do my job.
- 45. On the same day of March 23, 2017, Mr. Deng said "Okay" in his email to Harold with a copy to Mr. Zhuo Wang (Sinoenergy staff), Rui Chen, Ms. Deng, and me.
- 46. Attached as **Exhibit "9**" is a copy of the email chain between Harold and Mr. Deng on March 23, 2017 in Chinese.
- 47. On May 10, 2017, Mr. Jin bought a dinner for the celebration of the closing of the acquisition of the Twin Butte assets. After dinner Harold told me that his job in Canada was done and he would leave Canada very soon. He told me that Ms. Deng and Mr. Lam would oversee all Sinoenergy business on behalf of the Chairman (i.e. Mr. Deng) in Canada. He also told me that my President & CEO title was not for real, only for signature purpose. They would need me to use my Canadian citizenship and serve as the resident director of H Corp and West Lake to comply with Canadian Corporation regulations.
- 48. Attached as **Exhibit "10**" is a copy of the email of May 8, 2017 sent by Mr. Jin.
- 49. In my email of January 25, 2019 to Mr. Zhang, Mr. Yu and Mr. Xiong, I told them that Harold was a cousin of Ms. Deng and he was the agent of Mr. Deng on the purchase of Long Run and Twin Butte. After the closing of the purchase of Long Run and Twin Butte, Harold left Canada and Ms. Deng took over the role of Harold. I also told Mr. Zhang, Mr. Yu and Mr. Xiong that when I was working as an engineering consultant for the projects of Long Run, I was directed to serve as a director of Twin Butte (i.e. meaning West Lake, which purchased assets from Twin Butte) for the purpose of signing all the legal documents under the purchase agreement as a Canadian citizen to meet the legal requirement of closing the purchase.
- 50. Attached as **Exhibit "11**" is a copy of my email of January 25, 2019 to Mr. Zhang, Mr. Yu and Mr. Xiong in Chinese.

#### How did I cease to be the sole shareholder of H Corp?

51. On March 29, 2017, Mr. Jin sent an email to Harold, attached as **Exhibit "12**". I was requested to cease to be a shareholder of H Corp effective on March 1, 2017. Mr. Jin

requested me to sign a share repurchase agreement (the "Share Repurchase Agreement of January 1, 2017") with H Corp dated January 1, 2017, an Acknowledgement and Authorization dated January 1, 2017 (the "Acknowledgement of January 1, 2017"), and an Instrument of Transfer effective March 1, 2017 (the "Instrument of Transfer Effective March 1, 2017"). I signed these documents as per the request of Mr. Jin. As a result, I transferred 100 class "A" common shares of H Corp back to H Corp at \$1.00 effective March 1, 2017.

- 52. Attached as **Exhibit "13**" is a copy of the Share Purchase Agreement of January 1, 2017.
- 53. Attached as **Exhibit "14**" is a copy of the Acknowledgement of January 1, 2017.
- 54. Attached as **Exhibit "15**" is a copy of the Instrument of Transfer Effective March 1, 2017.
- 55. As per request of Mr. Jin, I also signed the resolutions of the directors of H Corp (the "**Board Resolutions of H Corp of March 1, 2017**") to issue 100 Common Shares to York City effective March 1, 2017, which was signed by Mr. Deng, Mr. Yu and Mr. Xiong.
- 56. Attached as **Exhibit "16**" is a copy of the Board Resolutions of H Corp of March 1, 2017.

# My understanding of the control and ownership of Twin Butte Assets

- 57. During my working as an engineering consultant of Calgary Sino, I got the impression that the companies including H Corp, West Lake, Calgary Sino, Long Run, New Star, Alberta Sino, and CAPC were a group of companies that Sinoenergy and Mr. Deng managed, controlled or owned. Ms. Deng and Mr. Lam had superior power in these Sinoenergy Canadian companies, and they directly talked to or reported to Mr. Deng.
- 58. I mainly worked in the Long Run field for the engineering projects after I was hired by Ms. Deng and Harold on behalf of Calgary Sino.
- 59. In response to paragraph 54(b) of the First Zhang Affidavit, to clarify, in early December 2016, Ms. Deng called me while I was in the field. She told me that Sinoenergy was purchasing Twin Butte and the Chairman (i.e. Mr. Deng) would visit Twin Butte field. The next day, Harold, Kevin Zhou, Mr. Deng, and some other people flew to the Provost field of Twin Butte. I drove from the Red Water field of Long Run to Provost. It was late night and dark. I only got the chance to talk to Mr. Deng briefly. In a facility plant, Mr. Deng confirmed to me that Sinoenergy was buying Twin Butte and he said I should spend more time in the office to help Ms. Deng for Twin Butte business instead of just working in the field. They left the same night. I drove back to Long Run field.
- 60. In January 2017 during the purchasing process, Ms. Deng modified and gave comments on the Twin Butte Executive Employment Agreement and she said she would send the Agreement to her father for approval. That left me with the impression that she could

make the decision about who to hire and how much to pay for these key positions like CEO, COO and CFO of Twin Butte.

- 61. Attached as **Exhibit "17**" is a copy of Twin Butte Executive Employment Agreement that was modified by Ms. Deng.
- 62. On February 10, 2017, Ms. Deng sent Mr. Ge an email with a copy to Mr. Deng, Mr. Lam and me. In the email, she summarized her target working plan of February 2017 including:
  - (a) for Long Run, the management team would be restructured;
  - (b) for Twin Butte, Mr. Ge would participate with the Twin Butte Board in charge of setting up internal policy and help to move the authority of human resource and finance from the management team to the Board;
  - (c) for the holding companies, Jason, Steven Sun and Mr. Lam would coordinate the audit from China.
- 63. Attached as **Exhibit "18"** is the copy of the email of Ms. Deng of February 10, 2017.
- 64. On March 2, 2017, Mr. Deng sent an email to Mr. Ge with a copy to people including Hunter Hu, Mr. Yingchun Wu, Ms. Deng, Mr. Lam and me. In his email, he said that to save Long Run costs, West Lake should share the office rental cost together with Long Run. He talked about this in a way that indicated that West Lake and Long Run were Sinoenergy companies.
- 65. Attached as **Exhibit "19"** is the copy of the email of Mr. Deng of March 2, 2017.
- 66. During the period of August 2016 to March 2017, like other team members of Sinoenergy in Canada, I wrote regular working reports and sent them to Ms. Deng. I understood that these reports were reviewed by her and then sent to Mr. Deng who would give his comments or instruction on the report in red and send it back. The topics of the reports would normally include various matters of the business of Sinoenergy in Canada including items related to Long Run, New Star, Twin Butte (West Lake), H Corp, Calgary Sino, Alberta Sino, and CAPC. These working reports that I prepared were mainly focused on my engineering works. Lots of my reports were written while I was working in the field.
- 67. In the working report on September 9, 2016, I reported that, in Red Water area, through my engineering bidding process and negotiations, around \$30k per well operating cost would be reduced comparing with the previous year. 120 wells were drilled in 2016 winter in the area, and about \$3.6 million in costs were saved. Mr. Deng gave his appreciation on my work. He wrote back in Chinese: "Good outcome!"; "Cost dropped!"; "This bidding work is remarkably effective, which would win Long Run management's respect for us."

- 68. Attached as **Exhibit "20"** is a copy of the working report of September 9, 2016 in Chinese.
- 69. Mr. Lam started to send his weekly reports on February 24, 2017, but as his second affidavit of September 11, 2020 ("Second Lam Affidavit") said, he joined Sinoenergy in June 2015 which was much earlier than the time that most of Sinoenergy Calgary team members joined Sinoenergy.
- 70. Attached as **Exhibit "21**" is a copy of working report of Mr. Lam dated February 24, 2017 in Chinese.
- 71. In the working report of February 24, 2017, Mr. Lam reported that:
  - (a) he met with the responsible persons on the matters of finance of Long Run, Twin Butte and New Star, and relayed the expectations of the Sinoenergy headquarters on the finance management and report of each company;
  - (b) He temporarily took over the accounting works of Steven Sun;
  - (c) He suggested all holding companies (including CAPC holding company Green Energy) should set up two signers;
  - (d) He found out that the accounting books of both Calgary Sino and Alberta Sinoenergy were not very well taken care of over the past several months.
- 72. In his working report of March 24, 2017, Mr. Lam reported that:
  - (a) For New Star, he would co-ordinate an audit from China and then study about how to reduce operating and G & A;
  - (b) For all Sino holding companies, he would co-ordinate an audit from China;
  - (c) For CAPC, he would help to finish a business plan and communicate with BP about crude oil trading plan;
  - (d) For Twin Butte (West Lake), he had several meetings with the management team to ensure a smooth transition.
- 73. In his comments on the working report of Mr. Lam of March 24, 2017, Mr. Deng requested Harold, Ms. Deng, Mr. Jason Ge, Mr. Yingchun Wu, Mr. Lam and me to prepare an outline of report on the works that each of us was assigned, and report to him the next week when he arrived in Calgary.
- 74. Attached as **Exhibit "22**" is a copy of the working report of the Sinoenergy team of March 24, 2017, annotated with comments of Mr. Deng in red in Chinese.

- 75. Attached as **Exhibit "23**" is a copy of the email of March 28, 2017 from Zhuo Wang (Sinoenergy staff) to the Sinoenergy team attaching the working report of March 24, 2017, that contained comments and instructions of Mr. Deng in Chinese.
- 76. On April 5, 2017, Mr. Middleton asked Ms. Deng for the approval of land sale posting bid. The same day, Ms. Deng replied: "Hello Dave, I appreciate your request on that. It seems to work with our plan in Rosenheim. Your request is approved." Ms. Deng had authority to control or manage West Lake after the Twin Butte deal was closed, and the management team reported to her for getting approvals. Attached as **Exhibit "24"** is a copy of the email chain between Mr. Middleton and Ms. Deng of April 5, 2017.
- 77. On May 23, 2017, I reported to Ms. Deng regarding the West Lake AFE. She instructed me to: "investigate if a land application from AER is complicated. Can a Chinese service company do this?" Attached **Exhibit "25"** is a copy of the email chain beginning May 23, 2017 between me and Ms. Deng.
- 78. March 13, 2017, Mr. Deng sent an email to Harold with a copy to the Sinoenergy team. In his email of March 13, 2017, Mr. Deng asked the Calgary Sinoenergy team to speed up and instructed that four companies - New Star, Long Run, Twin Butte and Shanghai Energy should conduct work simultaneously and each responsible person was to provide a timely update to him on the work situations.
- 79. Attached as **Exhibit "26**" is a copy of the email of March 13, 2017 from Mr. Deng to Harold in Chinese.
- 80. In the working reports of Sinoenergy, the project of Twin Butte was always discussed and treated like any project that Sinoenergy owned or controlled, the business of H Corp, West Lake (Twin Butte), Calgary Sino and Long Run were always discussed like the business of affiliate companies under the control and ownership of Sinoenergy. When Twin Butte needed capital, as per Mr. Deng's order, CAPC, Calgary Sino and New Star would transfer millions of funds into Twin Butte or H Corp account. As a result, I was made to believe Mr. Deng had the power to control Twin Butte business affairs like any other affiliated companies.
- 81. After the closing of the purchase of Twin Butte assets at the end of March 2017, no one within Calgary Sino or Sinoenergy informed me that Sinoenergy or Mr. Deng no longer controlled or managed H Corp or West Lake. On the contrary, just like before, I continually sent my working reports to Ms. Deng and Mr. Deng and mainly focused on technical topics. From time to time, they would give me comments and instructions for my work like they always did before.
- 82. On April 11, 2017, Ms. Deng told Mr. Jin that she did not think I would remain CEO for West Lake and I would be a director of the new board at West Lake. In response, Mr. Jin told Ms. Deng that West Lake would need me to sign some documents at closing, effective March 30, 2017, so they would prefer to make my resignation as CEO some

date in April instead. My resignation from the office of President was required on the 30th so that West Lake could appoint Mr. Middleton into that role as of the date. I was copied on all these correspondences.

- 83. On March 30, 2017, Ms. Deng informed Mr. Middleton by an email that he would be appointed as the president of West Lake and said in her email that "hello, Dave, it is confirmed we will get the board resolution for your appointment as President within a week."
- 84. Attached as **Exhibit "27**" is a copy of the email of Ms. Deng of March 30, 2017.
- 85. Attached as **Exhibit "28**" is a copy of the office resignation of letter that I signed to resign as the President of West Lake as per direction of Mr. Jin.
- 86. Attached as **Exhibit "29"** is a copy of the email chain between Ms. Deng and Mr. Jin on April 11, 2017.
- 87. On April 4, 2017, in West Lake board meeting room and in front of the management team and some Sinoenergy staff, Mr. Deng wrote on a white board requesting West Lake to achieve the target of \$70 million cash flow in 2017. He also requested West Lake to drill as many wells as possible.
- 88. Attached as **Exhibit "30"** is a copy of the photo of the operation target of West Lake for 2017 that Mr. Deng wrote in Chinese on a white board on April 4, 2017.
- 89. Ms. Deng asked me to keep on tracking West Lake AFE. Attached as **Exhibit "31**" is a copy of the email from Ms. Deng to me of April 20, 2017.
- 90. In an email respecting my West Lake working report on April 25, 2017, Mr. Deng made comments in Chinese: "Steven and Lake, I have reviewed Steven's work report. West Lake monthly cash flow was only \$3-4 million, far away from the target of \$8 million. More hard works should be done on hedging, drilling and operating cost reduction."
- 91. Attached as **Exhibit "32**" is a copy of the email of Mr. Deng of April 25, 2017.
- 92. After reviewing my working report of April 30, 2017, both Mr. Deng and Ms. Deng replied to me and asked me to watch the new drill production closely, and Mr. Deng said he would talk to the management further by himself regarding the oil price differential. He said my work in West Lake was "very meaningful" and "helpful".
- 93. Attached as **Exhibit "33"** is a copy of the email of Mr. Deng of May 1, 2017.
- 94. Attached as **Exhibit "34**" is a copy of the email of Ms. Deng of May 1, 2017.
- 95. Attached as **Exhibit "35**" is a copy of my working report of April 30, 2017.

- 96. In her email to Mr. Deng with a copy to Mr. Lam and me on May 10, 2017, Ms. Deng asked Mr. Lam to oversee the working reports of West Lake, prepare West Lake's incentive plan and study the capitalized cost of West Lake. Attached as **Exhibit "36"** is a copy of the email of Ms. Deng of May 10, 2017.
- 97. In his email of July 21, 2017, Mr. Deng told me that he came to Calgary several times while I was working in the field. He asked me to update him a new technology applied in West Lake. Attached as **Exhibit "37"** is a copy of the email of Mr. Deng of July 21, 2017.
- 98. In August 2017, CAPC had a plan to let West Lake process the crude oil so they could ship to China. In his email of September 2, 2017 to Mr. Lam with a copy to me and other people including Ms. Deng, Mr. Deng said he had instructed West Lake management team to expand their Lashburn facility capacity up to 20,000bbl/day. Attached as **Exhibit "38"** is a copy of the email of Mr. Deng of September 2, 2017.
- 99. On November 2, 2017, I reported to Mr. Deng and Ms. Deng about the production situation from the Lithic type reservoir, he asked to do an analysis report to him regarding how to improve the production. Attached as **Exhibit "39"** is a copy of the email from Mr. Deng to me on November 3, 2017.
- 100. On November 16, 2017, Ms. Deng and Mr. Lam asked me to guide a group from China to visit the fields of Long Run, New Star and West Lake. I planned a trip that was approved by Mr. Deng. Mr. Deng said: "you guys should visit the big wellsite with 12 wells in production...". Later, I guided the group to the field and introduced them the facilities and well locations of Long Run, New Star and West Lake. Attached as **Exhibit** "40" is a copy of the email of November 16, 2017 from Mr. Deng to me with a copy to other people including Mr. Lam and Ms. Deng.
- 101. Ms. Deng acted as the chairman of West Lake Reserves Committee. As the chairman, she made the decision to approve McDaniel's reserve report which is the most important evaluation report for an oil and gas company regarding the company market value. Attached as Exhibit "41" is a copy of the reserve committee meeting of March 1, 2018.
- 102. On January 7, 2018, almost a year after the Twin Butte acquisition, Ms. Deng asked me to be in charge of a Long Run abandonment program. She asked Mr. Ge to send out an email: "As LR has a large program this year and so the Board would like to start with LR as the first step, and then extend to all companies under Sino later on. Therefore, the Board has made the decision to have Steven Neu and one other staff from Sino to lead the 2018 D13 program. Steven will report to Lake Deng directly...". Attached as Exhibit "42" is a copy of the email of January 7, 2018 from Mr. Ge to me with a copy to Ms. Deng.

- 103. In her email of November 7, 2017 to Long Run Calgary, Ms. Deng announced on behalf of the Long Run Board that Mr. Ge would act president of Long Run. It appeared to me that Ms. Deng had authority and power to appoint a top management member in all the companies under Sinoenergy including West Lake, Long Run and New Star.
- 104. Attached as **Exhibit "43**" is a copy of the email of Ms. Deng of November 7, 2017.
- 105. In summary, I got the impression and understanding when I worked for Calgary Sino as an engineering consultant that: New Star, Alberta Sino, H Corp, West Lake, Calgary Sino, Long Run and CAPC were all under control of, or managed, or owned by the Sinonergy group and Mr. Deng. I further understood that Ms. Deng acted on behalf her father for the Sinoenergy business in Canada as Ms. Deng made many decisions including about when I should quit the officer title. I conveyed this to Mr. Zhang, as reflected in paragraph 54(e) of the First Zhang Affidavit.

# Certificate of Officer on the ownership organization diagram of West Lake dated April 4, 2017.

- 106. After Mr. Deng approved my acting as the temporary President and CEO of West Lake in his email of March 13, 2017, for the purpose of signing all the documents related to the closing and post closing matters of the purchase of the Twin Butte assets, I signed over a thousand documents that Mr. Jin asked me to sign, including various legal declarations, assignment of freehold and Crown leases on mineral rights, assignments of joint production, agreements on novation of various market contracts, and transfer of lands etc.
- 107. In the working report of the Sinoenergy team of March 28, 2017, I reported that I had started signing these documents. Mr. Deng commented on the working report related to my part of report by saying "This temporary President is very functional."
- 108. Attached as **Exhibit "44**" is a photo of part of the closing documents that Mr. Jin directed me to sign.
- 109. Attached as **Exhibit "45"** is an email of April 7,2017 that Gord Howe, West Lake Vice President Land, asked Mr. Jin to arrange for the "pile of documents" that "required Steven Neu's original signature."
- 110. Mr. Jin was the corporate counsel of H Corp hired by Mr. Deng. At the working report of the Sinoenergy team of March 3, 2017, Harold reported that Mr. Jin, the responsible lawyer for the project of Twin Butte recently joined BLG from McCarthy, and Sinoenergy had chosen to use both BLG and McCarthy on the closing of the project. Mr. Deng reviewed and provided comments and instructions.
- 111. Attached as **Exhibit "46**" is an email of March 9, 2017 from Zhuo Wang to the Sinoenergy Team.

- 112. Attached as **Exhibit "47**" is a copy of the working report of the Sinoenergy team dated March 3, 2017, annotated with Mr. Deng's comments and instruction in Chinese and attached to the email of Zhuo Wang of March 9, 2017 in Chinese.
- 113. Attached as **Exhibit "48"** is a copy of the BLG Engagement Agreement of February 28, 2017 with H Corp signed by Mr. Deng for and on behalf of H Corp.
- 114. In the BLG Engagement Agreement, my name was printed as the person who should sign for and on behalf of H Corp. However, Mr. Deng just signed the Engagement Agreement above my name for and on behalf of H Corp without telling me.
- 115. I relied on the professional advice and instructions of Mr. Jin, who was the corporate counsel of H Corp, and trusted that all the documents he directed me to sign were all duly drafted, reviewed and in good order. As such, I simply signed all the closing documents under my title as the President or director of West Lake that Mr. Jin directed me to sign. When I signed these documents, I did not take the time and effort to review, understand and remember in detail the contents of these documents, but simply signed my name at the place designated by Mr. Jin.
- 116. At paragraph 46 of the Second Lam Affidavit, Mr. Lam introduced a certificate of officer dated April 4, 2017 (the "**Certificate of Officer of April 4, 2017**") that has my signature and attached an organizational diagram of West Lake. I signed this certificate during the period when Mr. Jin directed me to sign more than thousand closing documents around the closing of Twin Butte occurred.
- 117. On April 3, 2017, Patricia Munro of West Lake (who used to work for Twin Butte) told Mr. Jin that Shell had requested corporate structure documentation for West Lake in a certified form. Mr. Jin told Mr. Lam that he could produce the documents and asked Mr. Lam who within the organization of West Lake would be able to certify the same as an officer of H Corp or West Lake. Mr. Lam told Mr. Jin that I would be the best candidate. On April 4, 2017, Mr. Jin sent Mr. Lam and me the certificate that Shell requested, and asked us to confirm it was correct, execute it and return it to him. On April 5, 2017, Mr. Lam told me that he believed the information was "factual" to his knowledge and instructed me to sign it and return to Mr. Jin. I trusted the advice and instructed.
- 118. However, after reviewing the organizational diagram produced from the Second Lam Affidavit, Mr. Zhang told me the information in the diagram was incorrect.
- 119. Attached as **Exhibit "49"** is a copy of the email chain from Patricia Munro to Mr. Jin, from Mr. Jin to Mr. Lam, and finally from Mr. Lam to me during the period April 3 to 5, 2017.

#### My knowledge of the authority and responsibilities of Mr. Lam within Sinoenergy

- 120. In his email of February 14, 2017 to Mr. Lam with a copy to others, Mr. Deng complained that he was waiting for the materials from Mr. Lam since the last meeting in Canada and said that he hoped to receive the statement of income and statement of cash flow of Long Run, New Star and Twin Butte for December 2016 and January 2017 by close of business Thursday Calgary time in the week of February 14, 2017. He indicated that the annual meeting of Sinoenergy for 2017 would be held in Qingdao City on Friday and he would need these materials for discussion of the operation situation of these three companies.
- 121. Attached as **Exhibit "50"** is a copy of the email from Mr. Deng to Mr. Lam of February 14, 2017 in Chinese.
- 122. On March 1, 2017, Mr. Lam sent an email to the Sinoenergy team including Harold, Yingchun Wu, Ms. Deng, Thomas Kim (Lake Deng's assistant), Kevin Zhou (Michael Lam's assistant), me, Ming Yin Duan (CAPC staff), Hunter Woo (CAPC President & CEO), Kris (CAPC staff) and Wade Chen (CAPC staff) and confirmed that he would assume the responsibility of Steven Sun and take care the finances for all holding corps of Sinoenergy and requested everyone to come and chat with him on finance related questions. I provided this email to Mr. Zhang, as reflected in paragraph 54(g) of the First Zhang Affidavit.
- 123. Attached as **Exhibit "51"** is a copy of the email from Mr. Lam to the Sinoenergy team of March 1, 2017.
- 124. In the Second Lam Affidavit, Mr. Lam stated in paragraph 9 that Mr. Sun's responsibilities and authority did not include Mr. Neu regarding H Corp's operation and he did not assume or gain this authority when he replaced Mr. Sun or any other time.
- 125. Mr. Lam used the title of Vice President and CFO of H Corp to set up the ATB bank account and give instructions to banks. He identified himself as the CFO of H Corp on the form of verification of identity, and the Vice President of H Corp on the form of the CFS Signature Card he sent to ATB for opening bank accounts of H Corp.
- 126. Attached as **Exhibit "52"** is an email of March 16, 2017 from Mr. Lam to Derek Zhao of ATB attaching the forms of ATB for opening bank accounts of H Corp.
- 127. Mr. Lam set himself as the administrator for H Corp ATB Online Business and set up the challenge questions and answers. I did not have the access for the online banking.
- 128. Attached as **Exhibit "53"** is a copy of the forms of ATB for opening bank accounts of H Corp attached to the email of Mr. Lam of March 17, 2017.

- 129. Attached as **Exhibit "54"** is the form of "CFS Administrator Challenge Question and Answer for Verification of Identity" whereby Mr. Lam set himself as the online bank administrator.
- 130. Mr. Lam signed a letter to ATB on May 26, 2017 as CFO of H Corp to confirm the intention of H Corp to inject capital to support the cash flow generating drilling program for West Lake in a total amount of \$75,000,000.00 during the period April 17 to November 2017 "on behalf of Henenghaixin Corp".
- 131. Attached as **Exhibit "55"** is a copy of the letter of H Corp of May 26, 2017 signed by Mr. Lam as CFO of H Corp regarding the capital injection for West Lake.
- 132. I acted on the instructions of the CFO of Calgary Sino under Section 2.1 of the 2016 Consulting Agreement. Mr. Lam acted as CFO of both Calgary Sino and H Corp. I never instructed Mr. Lam to transfer any funds from H Corp to Calgary Sino. He never sought my approval before sending any instructions to ATB to transfer any funds from H Corp to Calgary Sino or transfer funds to H Corp from somewhere else.
- 133. On April 1, 2017, Mr. Lam emailed to ATB to instruct them to set Mr. Steele, as a cosigner for all cheques of West Lake.
- 134. Attached as **Exhibit "56"** is a copy of the email of April 1, 2017 from Mr. Lam to ATB and me.
- 135. Within Sinoenergy, Mr. Lam never reported to me on any corporate finance related matters. Under the 2016 Consulting Agreement, I worked as an engineering consultant and was to report to him when he acted as the CFO of Calgary Sino. As indicated above, during the period July 31, 2016 to July 31, 2018, I issued invoices for consulting services to Calgary Sino under Eileen Corp as my consulting company and received pay cheques from Calgary Sino or New Star for the payment of the invoices from September 2016 to August 2018. These pay cheques from Calgary Sino and New Star were all approved and signed by Mr. Lam.
- 136. Attached as **Exhibit "57"** is a copy of a sample invoice for \$19,845.00 from Eileen Corp to Calgary Sino dated June 30, 2017.
- 137. Attached as **Exhibit "58"** is a copy of a sample pay cheque from Calgary Sino in \$19,845.00 signed by Mr. Lam dated July 1, 2017 for payment of the invoice of June 30, 2017.
- 138. Attached as **Exhibit "59"** is copy of my invoice to Calgary Sino of August 31, 2018.
- 139. Attached as **Exhibit "60**" is copy of a check from October 11, 2018 from New Star signed by Mr. Lam.

- 140. I advised Mr. Zhang of the fact that, despite being hired as a consultant for Sinoenergy, I received payment from various entities, as described in paragraph 54(a) of the First Zhang Affidavit.
- 141. In addition, during the period when I worked for Calgary Sino as an engineering consultant, from time to time Mr. Lam instructed me to do certain jobs related to finance matters.
- 142. For example, on March 23, 2017, Mr. Lam sent me an email instructing me to write a cheque of \$1,000.00 from H Corp's Bank of China account to H Corp's ATB account to meet the cash flow requirement of West Lake.
- 143. Attached as **Exhibit "61"** is a copy of the email of Mr. Lam to me of March 23, 2017.
- 144. On April 6, 2017, Mr. Lam instructed me to investigate the approval process for the expenses of West Lake.
- 145. Attached as **Exhibit "62"** is a copy of the email of Mr. Lam to me of April 6, 2017.
- 146. On May 17, 2017, Mr. Lam instructed me to provide training on cost control to a staff member who was sent to West Lake by him and Ms. Deng.
- 147. Attached as **Exhibit "63"** is a copy of the email of Mr. Lam to me of May 17, 2017.
- 148. I called ATB bank director Derek Zhao to make inquiries on the account of H Corp. Instead of talking to me, Derek forwarded my inquiry to Mr. Lam. On June 14, 2017, Mr. Lam told me that, if I wanted to know something about the bank account of both H Corp and West Lake, he could provide it to me.
- 149. Attached as **Exhibit "64"** is a copy of the email of Mr. Lam to me of June 14, 2017 in Chinese.
- 150. On July 18, 2017, Mr. Lam sent an email to West Lake accounting supervisor Federica Petraschuk about invoice approval and said: "Hello, I have approved most of it. Steven, would you mind taking a look at the drilling related one?"
- 151. Attached as **Exhibit "65"** is a copy of the email of Mr. Lam of July 18, 2017.
- 152. West Lake management received the instructions from Mr. Deng, Ms. Deng and Mr. Lam and followed these instructions. A translation agreement of May 1, 2018 was put in place after Ms. Deng resigned from the board of West Lake so that her directions were still deemed to be coming from Mr. Deng.
- 153. I got the impression and understanding that Mr. Lam was part of the professional accounting staff of the group companies responsible for all matters of finance and accounting of the Sinoenergy group in Canada, as well as other matters as requested

by Mr. Deng and Ms. Deng. From the working reports of the Sinoenergy team and what he did in H Corp and West Lake, Mr. Lam was involved in almost all of the business of New Star, Alberta Sino, H Corp, West Lake, Calgary Sino, Long Run, CAPC and its holding company Green Energy. He directly reported to or get orders from Ms. Deng and Mr. Deng.

154. I further understood that, despite the fact that neither Mr. Lam nor Ms. Deng had formal titles at H Corp, they nonetheless had full authority to act on behalf Mr. Deng, as I conveyed to Mr. Zhang as reflected in paragraph 54(i) of the First Zhang Affidavit.

#### Transfer of Funds to H Corp in 2017

- 155. In the email of January 5, 2017, Harold reported to Mr. Deng that Twin Butte (West Lake) project needed some capital. He suggested to transfer \$100,000 CAD either from Calgary Sino (Long Run holding company) or from Alberta Sino (New Star holding company) to H Corp. Mr. Deng Approved the suggestion.
- 156. Attached as **Exhibit "66"** is a copy of the email chain of January 5, 2017 from Harold to Mr. Deng.
- 157. In the working report of February 17, 2017, I mentioned that Harold asked for \$5 million for payment to the receiver of Twin Butte if the deal of Twin Butte could not be closed on time. Mr. Deng instructed in his comments on the working report of February 17, 2017 to borrow some funds from CAPC. In the working report of March 17, 2017, Mr. Deng made comments on Harold's work report: "Good idea. There will be \$50 million coming next week. Return to CAPC \$4 million USD once it arrives. The balance should be left in Twin Butte account."
- 158. Attached as **Exhibit "67"** is a copy of the working report of February 17, 2017 with instructions of Mr. Deng.
- 159. Attached as **Exhibit** "**68**" is a copy of the working report of March 17, 2017 with instructions of Mr. Deng.
- 160. On March 30, 2017 Mr. Lam sent an email to Mr. Jin: "Please find the confirmation for the executed payment, CAD \$2 million, from New Star to BLG, for acquisition of Twin Butte Assets on behalf Henenghaixin Corp (443818-1)"
- 161. Attached as **Exhibit "69"** is a copy of the email of Mr. Lam of March 30, 2017.
- 162. Attached as **Exhibit "70"** is a copy of the record of the Internet Banking Payments of CAD \$2 million made by Mr. Lam from New Star to the trust account of BLG for H Corp dated March 30, 2017.
- 163. I am aware that, on March 31, 2017, H Corp. received CAD \$100,000 from Alberta Sinoenergy, as referenced in the Report prepared by PricewaterhouseCoopers ("**PwC**

**Final Report**"), which is attached as Exhibit "A" to the Second Zhang Affidavit. I confirmed with the Bank of China Calgary branch that the receipt was from an account ending in 1869 which belonged to Alberta Sinoenergy, as set out in paragraph 64(b)(ii) of the First Zhang Affidavit and as referenced in the PwC Final Report.

164. I also confirmed with the Bank of China that an account ending in 7707 from which H Corp received deposits in early 2017 belonged to Calgary Sino, as reflected in paragraph 64(b)(iii) of the First Zhang Affidavit.

#### Transfer of Funds out of H Corp in 2017

- 165. In paragraph 12 of the Affidavit of Mr. Lam sworn on August 5, 2020 ("First Lam Affidavit"), Mr. Lam stated that I approved the transfers of funds out of H Corp with reference to a chart he created. This is false in the sense that Mr. Lam never requested me to approve any transfer of funds from H Corp to Calgary Sino before instructing ATB to execute the transfer of funds. I did give my confirmation to ATB on certain transfers of funds from H Corp to Calgary Sino if ATB asked for. However, I granted my confirmation because the request for transfer of funds originated from Mr. Lam who was the CFO of H Corp and Calgary Sino, and Mr. Lam set up me as one of the two signers for the account of H Corp at ATB. I granted my confirmation to ATB as well when Mr. Lam transferred funds from H Corp to West Lake and ATB asked for my confirmation.
- 166. I never received any request from Mr. Lam for approval of any transfer of funds from H Corp to Calgary Sino. As I mentioned earlier, in fact, Mr. Lam did not report to me on any matter of finance within H Corp, West Lake, Calgary Sino and Long Run when I worked as the engineering consultant of Calgary Sino during the period July 31, 2016 to September 1, 2018. Within the management organization at H Corp or West Lake, I was not responsible for approving any transfer of funds out of H Corp or West Lake. As a result, Mr. Lam never asked for nor did he need any approval from me for instructing ATB to transfer any of these funds out of H Corp.
- 167. In his email of March 16, 2017 to Derek Zhao of ATB, attached as **Exhibit "52"** above, Mr. Lam said, "Hello, Derek, please find the attached form for Henenghaixin Corp. Steven will send over his signature card later."
- 168. Upon receiving the email from Mr. Lam on March 16, 2017, Derek Zhao of ATB emailed to Angela Seulean of ATB on the same day, as indicated in **Exhibit "52"** above, and said, "Hi Angela, Attached please find the forms corrected and initialed by Michael Lam. The original copies will be delivered to us later. There will be two signers. Before Steven Neu sends his signature form, we will add Michael as the signer for the time being."
- 169. Subsequently on March 16, 2017, Angela Seulean of ATB emailed to Mr. Lam as indicated in **Exhibit "52"** above, and said, "Hi, Michael, we have opened the new accounts. Here is the information: CAD chequing account: Transit 07609 Account

00762433600. USD chequing account: Transit 07609 Account 00762514600. We will have Juan Carlos sending the forms for Online banking set up. I am also attaching the wire instructions. Please let me know if you have any questions or if you would need assistance with completing the wire instruction form."

- 170. As I will explain in detail below, for each transfer of funds from H Corp to Calgary Sino, Mr. Lam's practice was to send an instruction directly to ATB by email to instruct ATB to transfer certain funds from H Corp to Calgary Sino with a copy to me. In his instructions to ATB, Mr. Lam did not make any note on the purpose of the payment from H Corp to Calgary Sino; however, he gave specific explanations respecting th purpose of the payment when he transferred CAD \$2 million from New Star to the trust account of BLG on March 30, 2017, as indicated in **Exhibit "70"** above.
- 171. When I received any request from ATB to confirm the instruction for transfer of funds from H Corp to Calgary Sino that Mr. Lam sent to ATB (ATB did not do this every time. They did it once a while), I simply confirmed the instruction on the transfers of funds. Because the instructions on the transfer of funds originated from Mr. Lam who was the CFO of both H Corp and Calgary Sino.
- 172. I did not receive any compensation for being the officer and director of H Corp and West Lake when I worked as an engineering consultant of Calgary Sino during the period July 31, 2016 to September 1, 2018. Under the 2016 Consulting Agreement, I simply followed the instructions of Harold and Mr. Jin to sign various corporate documents or followed the request of Mr. Lam, the CFO of H Corp and Calgary Sino to confirm to ATB on the transfers of funds from H Corp to Calgary Sino.

# Transfer of \$5,366,000 CAD (\$4,000,000 USD) from H Corp to CAPC

- 173. On March 24, 2017, Mr. Lam sent an email to Zeb Ammad of ATB with a copy to me and Hunter Hu of CAPC and instructed that H Corp would like to wire USD \$4,000,000 from H Corp to CAPC.
- 174. Attached as **Exhibit "71**" is a copy of the email of March 24, 2017 from Mr. Lam to Zeb Ammad of ATB.
- 175. Mr. Lam stated in paragraph 23 of the Second Lam Affidavit that the February 2017 portion of the Deposit of the purchase price of the Assets of Twin Butte was paid by H Corp but facilitated by a loan from CAPC to H Corp on January 26, 2017 in the amount of USD\$3,999,985.00. From the comments of Mr. Deng on the working report of February 17, 2017, as indicated in **Exhibit "67"** above, Mr. Deng approved the borrowing of funds from CAPC by H Corp.
- 176. In the working report on March 17, 2017, Harold reported that the balance of the bank account of West Lake was less then USD\$180,000.00 and asked if there would be an injection of \$1 million into the account of West Lake. In his comments on the report,

Mr. Deng wrote that "CAD\$50 million would hit the account of West Lake next week. This fund should be applied to repay USD\$4,000,000 to CAPC with the balance being used for Twin Butte."

- 177. In the working report on March 17, 2017, I mentioned West Lake needed \$2 millions of funds for the request of BC government line of credit. Mr. Deng's instruction was "After the new funds are coming in the next week, Mr. Lam will handle this."
- 178. Attached as **Exhibit "72**" is a copy of the working report of the Sinoenergy team of March 17, 2017 annotated with comments of Mr. Deng in red color in Chinese.
- 179. Attached as **Exhibit "73"** is a copy of the email of March 20, 2017 from Zhuo Wang to the Sinoenergy team attaching the working report of March 17, 2017 annotated with comments and instructions of Mr. Deng in Chinese.

#### Transfer of \$15,000,000 CAD from H Corp to Calgary Sino on April 12, 2017

- 180. On April 12, 2017, Mr. Lam sent an email to Andrew Wagstaff, Dereck Zhao and Vanessa Loh of ATB with a copy to me and said, "Can you please help me transfer CAD\$15,000,000 from Henenghaixin Corp (760-00762433600) to Calgary Sinoenergy Investment (760-00548654800). Both of them are ATB account."
- 181. On April 13, 2017, Andrew Wagstaff emailed to Mr. Lam and said, "Michael, this is done. Cheers." Mr. Lam copied my on his email to ATB but did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. No one from ATB asked for my confirmation on this transfer.
- 182. Attached as **Exhibit "74**" is a copy of the chain of emails between Mr. Lam and Andrew Wagstaff of ATB during April 12, 2017 and April 13, 2017.

# Transfer of \$10,000,000 CAD from H Corp to Calgary Sino on April 18, 2017

- 183. On April 18, 2017, Mr. Lam sent an email to ATB team, and said, "Can you please help me transfer CAD\$10,000,000 from Henenghaixin Corp's chequing account to Calgary Sinoenergy Investment's chequing account?".
- 184. Subsequently on April 18, 2017, Zeb R. Ammad of ATB emailed back to Mr. Lam and said, "Hi Michael, this transfer has been completed." Mr. Lam copied me on the email but did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. No one from ATB asked for my confirmation on this transfer.

185. Attached as **Exhibit "75**" is a copy of the email of April 18, 2017 from Mr. Lam to the ATB Team.

#### Transfer of \$22,000,000 CAD from H Corp to Calgary Sino on June 2, 2017

- 186. On June 2, 2017, Mr. Lam sent an email to ATB, and said, "I would like to transfer CAD\$22,000,000 to Calgary Sinoenergy Investment Corporation from Henenghaixin's account." Subsequently on the same day, Mr. Lam sent another email to himself with a copy to Derek Zhao, Zeb Ammad, Stephanie Aiello, Rizwan Hassanaly all of ATB and me, and said, "I should be more specific, I would like to transfer to Calgary Sinoenergy's ATB CAD Chequing Dollar account."
- 187. On June 2, 2017, Rizwan Hassanaly of ATB emailed to Mr. Lam and said, "The transfer has been processed." Mr. Lam copied me on the email but did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. No one from ATB asked for my confirmation on this transfer.
- 188. Attached as **Exhibit "76**" is a copy of the email of June 2, 2017 from Mr. Lam to the ATB team on transfer of Twenty-two million dollars.

# Transfer of \$500,000 CAD from H Corp to Calgary Sino on June 2, 2017

- 189. On the same day of June 2, 2017, Mr. Lam sent another email to Rizwan Hassanaly of ATB with a copy to Derek Zhao, Aeb Ammad, Stephanie Aiello, Brayden Eurich all of ATB and me, and said, "Thanks Riz, Can you also help us transfer another CAD\$500,000 to Calgary Sinoenergy's account please."
- 190. On June 2, 2017, Rizwan Hassanaly of ATB emailed to Mr. Lam and said, "Michael, this has been completed." Mr. Lam copied me on the email but did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. No one from ATB asked for my confirmation on this transfer.
- 191. Attached as **Exhibit "77**" is a copy of the emails of June 2, 2017 from Mr. Lam to the ATB team on the transfer of \$500,000.00.

# Transfer of \$11,150,000 CAD from H Corp to Calgary Sino on July 5, 2017

192. On July 5, 2017, Mr. Lam told Brayden Eurich of ATB that he was expecting CAD\$11,150,000 incoming and instructed ATB to transfer CAD\$11,150,000.00 from H Corp to Calgary Sino and then from Calgary Sino to Long Run once ATB received the incoming funds. Mr. Lam copied me on the instruction email to ATB but did not tell me where H Corp got the funds from, how he knew the funds were coming, and why

H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before instructing ATB.

- 193. On the same day of July 5, 2017, Brayden Eurich told Mr. Lam by email that "we have received the wire. Henenghaixin is currently a two to sign account. If Steven can respond to this email approving the transaction, then I can go ahead and transfer the money over to Calgary Sinoenergy and wire the money out." Mr. Lam emailed back to Brayden Eurich with a copy to me on the same day and said, "To speed it up faster, would you minding giving him Steven Neu a call at 403 660 1211 to confirm?"
- 194. After receiving the email of Mr. Lam, I sent an email to Brayden Eurich on July 5, 2017, and said "please go ahead for the transfer." Mr. Lam then sent an email to me with a copy to Brayden Eurich and said "Perfect! Thanks guys!"
- 195. On the same day of July 5, 2017, Brayden Eurich sent an email to Mr. Lam and confirmed that "the funds have been transferred to Calgary Sinoenergy and wired out as per your instructions. Confirmation number 59573559."
- 196. I confirmed to ATB on this transfer because Mr. Lam set me up as the co-signer for the account of H Corp at ATB as I mentioned in previous paragraphs and the transfer instruction originated from him. My understanding at the time was that he was responsible for the finances of both H Corp and Calgary Sino.
- 197. Attached as **Exhibit "78**" is a copy of the email chain from Mr. Lam to Brayden Eurich, from Brayden Eurich to Mr. Lam, and from me to Brayden Eurich all of July 5, 2017.
- 198. I should also note that there was another payment that was sent from H Corp to Long Run on October 12, 2018, in the amount of CAD\$150,000, as addressed in the PwC Final Report attached as Exhibit "A" to the Second Zhang Affidavit. I confirmed with the Bank of China that the payment went to an account ending in 5611 which belonged to Long Run. I have no explanation for this payment. I conveyed this information to Mr. Zhang, as reflected in paragraph 64(b)(iv) of the First Zhang Affidavit and the PwC Final Report.

# Transfer of \$31,000,000 CAD from H Corp to Calgary Sino on July 12, 2017

199. On July 12, 2017, Mr. Lam told Brayden Eurich of ATB that he was expecting a large capital coming into H Corp and instructed ATB to transfer CAD\$31,000,000.00 from H Corp to Calgary Sino once the "capital shows up". Mr. Lam copied me on the instruction email to ATB but did not tell me where H Corp got the funds from, how he knew the funds were coming, and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB.

- 200. Subsequently on July 12, 2017, Brayden Eurich emailed back to Mr. Lam and me and said "Steven, if you could reply to this email confirming the wire, I will execute the wire once I have confirmation."
- 201. Subsequently on July 12, 2017, I emailed back to Brayden Eurich, and said "Talked to Michael. Please go ahead Brayden." Again, I relied upon and trusted what Mr. Lam told me.
- 202. Subsequently on July 12, 2017, Brayden Eurich emailed to me with a copy to Mr. Lam and said "Michael, we have just received the incoming wire, and I have transferred \$31,000,000 over to Calgary Sinoenergy account #00548654800. The confirmation number of the transfer is 654473327."
- 203. Attached as **Exhibit "79**" is a copy of the chain of emails of July 12, 2017 among, Mr. Lam, Brayden Eurich of ATB and me.

# Transfer of \$3,596,491 CAD from H Corp to Calgary Sino on July 13, 2017

- 204. On July 13, 2017, Mr. Lam emailed to Brayden of ATB and said, "Morning Brayden, can you please transfer \$3,596,491 from Henenghaixin to Calgary SinoEnergy please?"
- 205. Upon receiving the copy of the email from Mr. Lam to Brayden of ATB, I emailed to Mr. Lam and Brayden and said, "Please do. Thanks Michael and Brayden."
- 206. Subsequently on July 13, 2017, Brayden Eurich of ATB emailed to me with a copy to Mr. Lam and said, "Hello Michael and Steven, I have completed the transfer to Calgary SinoEnergy. The confirmation number is 654692901." Mr. Lam copied me on the instruction email to ATB but did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. I confirmed to Brayden Eurich of ATB on the transfer because of the same reason as I explain on the transfer of CAD\$11,150,000.00 from H Corp to Calgary Sino on July 5, 2017.
- 207. Attached as **Exhibit "80**" is a copy of the emails of July 13, 2017 from Mr. Lam to Brayden Eurich of ATB.

# Transfer of \$110,000 CAD from H Corp to Calgary Sino on September 5, 2017

- 208. On September 5, 2017, Mr. Lam emailed to Brayden of ATB, and said that, "I would like to transfer CAD\$100,000 from Henenghaixin to Calgary Sinoenergy. Can you please proceed with the transfer?"
- 209. Subsequently on the same day, Brayden Eurich of ATB emailed to me and said "Steven, if you can please confirm the transfer I can go ahead and move the funds over."

.

- 210. Subsequently on September 5, 2017, Mr. Lam sent another email to Brayden Eurich and said "Hello, Brayden, Actually, can you please make it to CAD\$110,000 please?"
- 211. After receiving my confirmation, Brayden Eurich emailed to Mr. Lam with a copy to me and Derek Zhao and said, "Thanks Steven. I have transferred the funds over." Mr. Lam did not tell me where H Corp got the funds from and why H Corp would need to transfer the funds to Calgary Sino, nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB. I confirmed to Brayden Eurich of ATB on the transfer because of the same reason as I explained on the transfer of CAD\$11,150,000.00 from H Corp to Calgary Sino on July 5, 2017.
- 212. Attached as **Exhibit "81**" is a copy of the emails of September 5, 2017 from Mr. Lam to Brayden Eurich of ATB.
- 213. The total amount of funds that Mr. Lam instructed ATB to transfer from H Corp to Calgary Sino during the period April 11, 2017 to September 5, 2017 was CAD\$93,356,491.
- 214. As I stated above, when Mr. Lam instructed ATB to transfer the total of CAD\$93,356,491 from H Corp to Calgary Sino during the period April 11, 2017 to September 5, 2017, he never asked for my approval before instructing ATB on the transfers. Likewise, when he transferred funds from Calgary Sino to H Corp or from H Corp to West Lake, he never asked for my prior approval before giving the instructions of transfer to ATB.
- 215. During the period of April 13, 2017 to September 5, 2017, in addition to acting as CFO of H Corp while instructing ATB to transfer a total amount of \$93,356,491 to Calgary Sino by 8 instalments as summarized, Mr. Lam continued to act as the CFO of Calgary Sino. As confirmed by the emails from ATB to Mr. Lam, ATB completed each of the 8 installments of transfer as Mr. Lam instructed.

# Transfer of Funds out of H Corp to West Lake in 2017

- 216. For the transfers of funds either into or out of the bank account of West Lake, Mr. Lam would follow the same practice as for the account of H Corp, and directly sent out instruction emails to ATB to instruct them where to transfer and the amount of transfer.
- 217. Mr. Lam copied me and other people such Ms. Deng, Mr. Steele and Mr. Middleton on the instruction email to ATB. He did not tell me where H Corp got the funds from and nor did he ask for any approval from me on this transfer before sending the transfer instruction to ATB.
- 218. On March 31, 2017, Mr. Lam sent Zeb Ammad an email with a copy to Derek Zhao, Vanessa Loh, Mr. Middleton, Mr. Steele and me: "Hello Zeb, can you please transfer

CAD \$4,500,000 from Henenghaixin's deposit account 760-00762433600 to West Lake's deposit account 760-00756643300". On April 1, 2017, Zeb Ammad replied: "Hi Michael, this has been completed." Attached as **Exhibit "82"** is a copy of the email chain of March 31, 2017 between Mr. Lam and Zeb Ammad.

- 219. On April 12, 2017, Mr. Lam sent an email to Andrew Wagstaff, Derek Zhao, Vanessa Loh email with a copy to Mr. Steele and me: "Hello ATB team, can you please help me transfer CAD \$3,000,000 from Henenghaixin Corp (760-00762433600) to West Lake Energy?" On April 13, 2017, Andrew Wagstaff replied: "Hi Michael, this transfer is completed." Attached as **Exhibit "83"** is a copy of the email chain of April 12, 2017 to April 13, 2017.
- 220. On April 21, 2017, Mr. Lam sent an email to Andrew Wagstaff, Zeb Ammad, Vanessa Loh with a copy to Mr. Steele, Derek Zhao, Mr. Middleton, and me: "Hello ATB team, can you please help me transfer CAD \$2 million from Henenghaixin Corp's chequing account to West Lake's chequing account?". On April 21, 2017, Zeb Ammad replied: "Hi Michael, this transfer is completed." Attached to this my Affidavit as **Exhibit "84"** is a copy of the email chain of April 21, 2017.
- 221. On May 3, 2017, Mr. Lam sent an email to Zeb Ammad with a copy to Mr. Steele, Derek Zhao, Mr. Middleton, Ms. Deng and me: "Morning Zeb, we would like to transfer CAD \$1 million from Henenghaixin Corp's chequing account to West Lake's chequing account." On May 4, 2017, Zeb Ammad replied: "Hi Michael, this transfer has been processed as per your request." Attached as **Exhibit "85"** is a copy of the email chain of May 3, 2017 and May 4, 2017.
- 222. On June 2, 2017, Mr. Lam sent an email to Derek Zhao, Zeb Ammad with a copy to Mr. Steele, Mr. Middleton, Ms. Deng, Stephanie Aiello, Rizwan Hassanaly, and me: "Morning, I would like to transfer CAD \$10,000,000 to West Lake Energy's ATB chequing account from Henenghaixin Corp's account." On June 2, 2017, Rizwan Hassanaly replied: "Good morning Michael, this transfer has been processed." Attached as **Exhibit "86"** is a copy of the email chain of June 2, 2017.
- 223. On July 14, 2017, Mr. Lam sent an email to ATB: "Morning ATB team, I would like to transfer CAD \$5 million from Henenghaixin Corp's chequing account to West Lake Energy please?" On July 14, 2017, Brayden Eurich replied: "Michael, I have completed the transfer, with the confirmation number 655113153." Attached as **Exhibit "87"** is a copy of the email chain of July 14, 2017.
- 224. On August 3, 2017, Mr. Lam sent an email to Brayden Eurich with a copy to Derek Zhao, Mr. Middleton, and me: "Hello Brayden, I would like to move CAD \$1,500,000 from Henenghaixin Corp's account to West Lake Energy. Steven N: can you please confirm the transfer?" I replied:" Confirmed. Thanks. Steven." On August 4, 2017, Brayden Enrich replied: "Good morning Michael, I have completed the transfer into West Lake

Energy chequing account." Attached as **Exhibit "88"** is a copy of the email chain of August 3, 2017 and August 14, 2017.

225. On September 7, 2017, Mr. Lam sent an email to Brayden Eurich and me with a copy to Derek Zhao and Mr. Steele: "Hello Brayden, When CAD \$15 mm is in, should be in matters of hours, can you transfer the full amount to Wet Lake Energy please. Steven: would you mind confirming the transfer?" I replied:" Confirmed. Thanks. Steven." On September 7, 2017, Brayden Enrich replied: "Michael and Steven, I have completed the transfer to West Lake Energy's account." Attached as **Exhibit "89"** is a copy of the email chain of September 7, 2017.

#### H Corp and West Lake Chinese ownership structure

- 226. On November 25, 2018, Mr. Zhang got my contact info and asked me to meet him at a hotel in Calgary. He told me that Mr. Yu and Mr. Xiong had some concerns and worried about their West Lake property not being safe. He said Mr. Deng would not have the ability to pay back what the investors invested in West Lake basing upon the investing agreement they have signed with Mr. Deng.
- 227. I told Mr. Zhang that I did not quite understand what he said to me regarding the relationship of these investors and the agreements they have signed in China with Mr. Deng. But I would respect whoever would be the real owners of the West Lake or manage and control H Corp or West Lake on behalf the investors. Mr. Zhang then taught me how to find the investor ownership structure of H Corp and West Lake from a Chinese website. I checked it out and found the ownership structure extremely complicated. Except for Mr. Tu, Mr. Yu, Mr. Xiong, Mr. Deng and Mr. Huang Bo (Sinoenergy President), some other Sinoenergy staff working in the Calgary group, including CAPC president & CEO Hunter Hu, Harold, Ms. Cherie Duan (who worked for both Long Run and CAPC), Mr. Rui Chen (whose name appeared quite a lot among the emails between Calgary Sinoenergy team and Mr. Deng), they all had some more or less shares in the ownership structures.
- 228. I showed Mr. Zhang a chart of ownership structure of H Corp and West Lake that I drew based on my research from the Chinese website. Through his explanation, I began to understand about Mr. Deng's relationship with the investors including Wuhan LLP and Jiangyin LLP and in particular that as per agreements, Mr. Deng would manage the investment in the assets of Twin Butte in Canada on behalf of these investors from China.
- 229. Attached as **Exhibit "90**" is a copy of the ownership structure about the investment in H Corp and West Lake that I prepared.

#### Shareholder Declaration of Henenghaixin Corp.

- 230. I never saw a copy of any Shareholder Declaration of H Corp (the "Alleged Shareholder Declaration") and the Loan Agreement (the "Alleged Loan Agreement") between York City Enterprises Ltd (the "York City") and Calgary Sino both of April 10, 2017 until Mr. Lam provided a copy of the Shareholder Declaration and the Loan Agreement in the First Lam Affidavit.
- 231. Before this Action, I had never seen a copy of nor was I aware the existence of the Alleged Shareholder Declaration and the Alleged Loan Agreement.
- 232. Mr. Lam never told me that any of the transfer of the funds from H Corp to Calgary Sino was made under the Alleged Loan Agreement or the Alleged Shareholder Declaration when he instructed ATB to transfer a total amount of CAD\$93,356,491 from H Corp to Calgary Sino during the period April 11, 2017 and September 5, 2017.
- 233. Under the Alleged Shareholder Declaration, York City appointed Mr. Lam as a special representative of H Corporation: "Mr. Shing Tak (Michael) Lam be appointed as a special representative of the H Corporation, authorized to handle banking matters and all actions taken by Mr. Lam in such capacity be approved and ratified, and Mr. Lam be specifically directed and authorized to carry our such actions as may be necessary or desirable in furtherance and pursuant of the performance of the transactions under the Loan Agreement."
- 234. From the Alleged Shareholder Declaration, Mr. Lam would have full power and authority to do banking and transactions as the "special representative" of H Corp in connection with the performance of the transactions under the loan agreement between York City and Calgary Sino. He did not need any of my "approval" at all as he announced in the First Lam Affidavit.
- 235. From April 10, 2017 to September 5, 2017, the directors of H Corp were Mr. Deng, Mr. Yu, Mr. Xiong and me. Mr. Deng stepped down from the board after the fund transactions were done.
- 236. Attached as **Exhibit "91**" is a copy of the Register of Directors and Officers of the minute book of H Corp.

#### Henenghaixin Corp minute book

237. I had never seen the H Corp minute book until January 2019. On December 4, 2018, a few days after I met Mr. Zhang, I asked Mr. Jin that I would like to have "ALL Henenghaixin files you have in your hand", I told him "please make me a copy of all Henenghaixin files you have." Mr. Jin replied "will do. It is just the minute book and not much else since HNHX is just the holdco. West Lake materials are held by BDP."

- 238. On January 4, 2019, Mr. Jin replied me that he "provided the physical minute book to Michael actually as he wanted to review a few items and he said that he would provide to you directly as the physical copy."
- 239. Attached as **Exhibit "92**" is a copy of email chain between me and Mr. Jin of December 4, 2018 to January 4, 2019.
- 240. Mr. Lam stated in the First Lam Affidavit that at a meeting in or about April 2017, he advised me and other representatives of the Wuhan LP and Jiangyin LP of the Alleged Shareholder Declaration and the Alleged Loan Agreement, and he filed a copy in the H Corp minute book. Mr. Lam never advised me anything like that. I did not see the Alleged Shareholder Declaration and the Alleged Loan Agreement in the minute book after he passed it to me in January 2019.
- 241. On January 4, 2019, Mr. Lam sent me an email that he put the minute book of H Corp in my 5<sup>th</sup> floor office, which was my Long Run office. He said "Xiaodi wants me to remind you that only Director and officer of HNHX (not shareholder or aides of shareholder) have the privilege to the MB; and we all have the fiduciary duty to keep confidential to any third party."
- 242. Attached as **Exhibit "93**" is a copy of the email of January 4, 2019 from Mr. Lam.
- 243. After I received the minute book of H Corp from Mr. Lam on January 4, 2019, I had kept the minute book in my office until October 6, 2020 when I transferred the minute book to Roger Song of Song & Howard Law Office. Neither the Alleged Shareholder Declaration nor the Alleged Loan Agreement was in the minute book of H Corp that Mr. Lam passed on to me on January 4, 2019.
- 244. Attached as **Exhibit "94**" is a copy of the list of the documents that both I and Roger Song verified as being kept in the minute book of H Corp which I received from Mr. Lam on January 4, 2019 and handed over to Mr. Roger Song on October 6, 2020.

# Authorization letter and Indemnity Agreement with H Corp and York City requested for Mr. Lam, Ms. Deng and Mr. Deng in December 2018

- 245. On December 2, 2018, Mr. Lam came to my Long Run office (I was in charge of a \$8 million project in Long Run by then) and requested me to sign on behalf of H Corp the following indemnity agreements:
  - (a) Representative Indemnity Agreement between H Corp, York City and Mr. Lam effective as of March 1, 2017 (the "Indemnity Agreement for Mr. Lam").
  - (b) Representative Indemnity Agreement between H Corp, York City and Ms. Deng effective as of March 1, 2017 (the "Indemnity Agreement for Ms. Deng").

- (c) Representative Indemnity Agreement between H Corp, York City and Mr. Deng effective as of September 21, 2017 (the "Indemnity Agreement for Mr. Deng").
- 246. Attached as **Exhibit "95**" is a copy of the Indemnity Agreement for Mr. Lam.
- 247. Attached as **Exhibit "96**" is a copy of the Indemnity Agreement for Ms. Deng.
- 248. Attached as **Exhibit "97**" is a copy of the Indemnity Agreement for Mr. Deng.
- 249. Mr. Lam signed for himself the Indemnity Agreement for Mr. Lam, and signed as witness on the Indemnity Agreement for Ms. Deng and the Indemnity Agreement for Mr. Deng. Meng Tang signed the Indemnity Agreement for Mr. Lam, the Indemnity Agreement for Ms. Deng and the Indemnity Agreement for Mr. Deng as director of York City.
- 250. I noted that although the documents of indemnity agreements were sent to me for signature in December 2018, the Indemnity Agreement for Mr. Lam and the Indemnity Agreement for Ms. Deng were back dated to be effective from March 1, 2017, and the Indemnity Agreement for Mr. Deng was back dated to be effective from September 21, 2017.
- 251. I noticed that the signature of Meng Tang, signing as the sole director of York City, looked like a signature created by "copy & paste" instead of the original signature. I did not sign these indemnity agreements. Mr. Zhang had told me that the investors had concerns about their property safety in Canada, which caused my alert.
- 252. On the same day of December 2, 2018, together with the Indemnity Agreements, Mr. Lam also requested me to sign an authorization letter to confirm that Mr. Lam and Ms. Deng were authorized to give instructions to Mr. Jin for and on behalf of H Corp under the engagement letter between H Corp and BLG signed by Mr. Deng. I did not sign it because I had never authorized Mr. Lam and Ms. Deng to act on behalf of H Corp. I also never had such authority to do so. In fact, I worked under both Mr. Lam and Ms. Deng under the 2016 Consulting Agreement. Another major reason I did not sign it was the alert from Mr. Zhang in November 2018 which made me cautious about what Mr. Lam and Ms. Deng would ask me to sign.
- 253. Both Ms. Deng and Mr. Lam said I wrote this authorization letter. I did not write the authorization letter and nor did I ask anyone to write the letter for me. As per my request, Mr. Jin forwarded me a copy of his email to Mr. Lam of December 2, 2018. In his email, Mr. Jin wrote: "Hi Michael, per the engagement letter I am entitled to rely on instructions from Steven Neu and other members of the Henenghaixin team, which include yourself and Lake Deng. I would like to have this confirmed in writing by Mr. Neu in order to clarify my engagements files." Basing upon this email, I assumed either Mr. Lam or Mr. Jin wrote the authorization letter and tried to have me sign it.

- 254. Attached as **Exhibit "98**" is the email chain from Mr. Jin to Mr. Lam of December 2, 2018 and from Mr. Jin to me of January 7, 2020.
- 255. Attached as **Exhibit "99**" is a copy of the form of letter dated December 3, 2018 on clarification of instructing individuals.
- 256. On January 4, 2019, Mr. Lam sent me an email and asked: "Steven, any updates on those indemnities" and indicated that Ms. Deng and himself "can't, won't, and not allowed to do anything without these standard indemnities."
- 257. Attached as **Exhibit "100**" is a copy of the email of January 4, 2019 from Mr. Lam to me.
- 258. On December 5, 2018, Mr. Lam again sent me a message to push me signing these files. I told him there were two workers injured and I was working in the field handling the issue. He asked me "sign the files ASAP, don't delay, they are pretty straightforward files, don't make things complicated."
- 259. Attached as **Exhibit "101**" is a copy of the text message of Mr. Lam of December 6, 2018 in Chinese.
- 260. On January 15, 2019, Ms. Deng sent me an email with two documents attached. One is a resignation of director of H Corp and the other one is a resignation of director of West Lake. She asked me to sign them right away and return the signed copy to her. She said I should listen to her and her father, not other investors. She told me this was also the order of Chairman (i.e. Mr. Deng). Mr. Deng later confirmed to me what Ms. Lake said to me. He said it was his order that I should quit director from both H Corp and West Lake.
- 261. At the time of giving the order to resign from the board of H Corp and West Lake, Ms. Deng was a director of neither H Corp nor West Lake and Mr. Deng was not a director of H Corp.
- 262. I talked to Mr. Xiong and Mr. Yu about this. They suggested I should stay in the board of H Corp and West Lake to help them. They said they trusted me. So I did not sign the resignation letters as Ms. Deng and Mr. Deng ordered.
- 263. Attached as **Exhibit** "**102**" is a copy of the email of Ms. Deng of January 15, 2019.
- 264. Attached as **Exhibit "103"** is a copy of the resignation from the board of H Corp attached to the email of Ms. Deng of January 15, 2019.
- 265. Attached as **Exhibit "104**" is a copy of the resignation from the board of West Lake attached to the email of Ms. Deng of January 15, 2019.

#### Meetings with Mr. Zhang of January 2019

- 266. In paragraphs 42-45 of the First Zhang Affidavit, Mr. Zhang describes events at a meeting on January 18, 2019. I was at that meeting, and the events occurred as Mr. Zhang described in the First Zhang Affidavit.
- 267. Mr. Zhang showed me, Mr. Middleton and Mr. Steele what Mr. Zhang described as the "Fake Financial Statements" in the First Zhang Affidavit (attached to his Affidavit as Exhibit 25). As far as I was aware, these were not the actual financial statements for West Lake. While the "Fake Financial Statements" appear to contain the signatures of Mr. Middleton and myself, I did not sign them. As best as I can tell, someone altered a document that Mr. Middleton and I did sign.
- 268. Mr. Middleton, Mr. Steele and I provided Mr. Zhang, Mr. Liu and Mr. Guo with the actual West Lake financial statements. Those are attached as Exhibit 27 to the First Zhang Affidavit).
- 269. In paragraph 53 of the First Zhang Affidavit, Mr. Zhang references a further meeting he attended that took place on January 22, 2019, involving me, Mr. Yu, Mr. Middleton, Mr. Xiong and Mr. Tu in Calgary. During the course of this meeting, as set out in the First Zhang Affidavit, I indicated that the transfers at issue took place. I further advised that Mr. Lam directed the transfers and that I did not deal directly with Mr. Deng, but instead Mr. Lam advised me that Mr. Deng wanted the transfers done.
- 270. In paragraphs 32, 57-60, 63 and 67 of the First Zhang Affidavit, Mr. Zhang references various documents, correspondence and emails that I provided to him. I confirm that I provided those materials to Mr. Zhang as he sets out.

## SERVICES AGREEMENT FOR ENGINEERING CONSULTING SERVICES

THIS AGREEMENT made effective this 1<sup>st</sup> day of September 2018,

#### BETWEEN:

**WEST LAKE ENERGY CORP.**, a body corporate, with offices in the City of Calgary in the Province of Alberta, (the "**OWNER**")

and

# **EILEEN CORP,** a body corporate with office at 424, 3130 66 Ave SW CALGARY, AB, (the "**CONTRACTOR**")

WHEREAS **OWNER** desires to enter into an Agreement with **CONTRACTOR** for the purposes of providing services as described in this Agreement and in accordance with the terms and conditions of this Agreement;

AND WHEREAS **CONTRACTOR** accepts the offer to enter into an Agreement with **OWNER** in accordance with the terms and conditions described in this Agreement;

AND WHEREAS **OWNER** and **CONTRACTOR** are separate entities and wish to identify their respective obligations and responsibilities;

NOW THEREFORE, THIS AGREEMENT WITNESSES THAT in consideration of the premises and provisions herein stated, **OWNER** and **CONTRACTOR** mutually covenant and agree as follows:

## ARTICLE 1 INTERPRETATION

#### Index and Headings

The division of this Agreement into articles, paragraphs, clauses or other subdivisions, and the insertion of headings are for convenience of reference only.

#### 1.1 **Definitions**

(a) <u>"Affiliate"</u> and <u>"Affiliates"</u> mean any company, partnership or legal entity which (a) controls either directly or indirectly a party, or (b) which is controlled directly or indirectly by such party, or (c) is directly or indirectly controlled by a company, partnership or entity which directly or indirectly controls such party. For the purposes of this definition "control" means the right to exercise fifty (50%) percent or more of the voting rights in the appointment of the directors of such company or ownership rights in such other entity, and in the case of a partnership, "control" means the ownership of fifty (50%) percent or more of the partnership of fifty (50%) percent or more of the partnership interest;

- (b) "Confidential Information" means all information (regardless of format) received or acquired by CONTRACTOR during the course of, or incidental to, the performance of CONTRACTOR'S Services and which in any way concerns or is related to the property, business, undertakings or affairs of OWNER, its Affiliates, or its successors, with the exception only of information which is public or becomes public information through no action of CONTRACTOR and information which is received or acquired from another entity lawfully in possession of the information and under no obligation to keep the information confidential;
- (c) "<u>CONTRACTOR Responsibilities</u>" means those responsibilities that the CONTRACTOR undertakes to comply with as specified in the attached Schedule "A";
- (d) "Policies" means the **OWNER'S** policies as listed in Schedule "C".
- (e) <u>"Services</u>" means those services that the **CONTRACTOR** is engaged to perform as specified in the attached Schedule "A";
- (f) "<u>Term</u>" means the period of time identified in Clause 3.1 during which the Services are to be performed by **CONTRACTOR**;

## ARTICLE 2 CONTRACT FOR SERVICES

## 2.1 <u>Requirements of Service</u>

**OWNER** engages **CONTRACTOR** to perform the Services as stated in this Agreement and **CONTRACTOR** agrees to perform the Services in accordance with the terms and conditions stated in this Agreement.

## 2.2 Subcontracting

**CONTRACTOR** shall not subcontract all or any portion of the Services without the prior written approval of **OWNER**.

## 2.3 Independent CONTRACTOR

- (a) **Contractor** shall be an independent **CONTRACTOR** with respect to the performance of all Services hereunder and **OWNER** shall have no direction or control of **CONTRACTOR** or its employees, agents and approved subcontractors except as set out herein. Nothing herein shall be construed to create an employer-employee, principle and agent, partnership or master and servant relationship between the **OWNER** and the **CONTRACTOR**.
- (b) The **CONTRACTOR** shall, in the performance of the Services, be an independent contractor. The Services shall be performed by the **CONSULTANT** under its own superintendence and at its own risk.
- (c) The **CONTRACTOR**'s employees are not eligible for any of the benefits the **OWNER** provides to its own employees, including but not limited to, vacation and

general holiday pay, sick leave and employer Canada Pension Plan and employment insurance contributions.

## ARTICLE 3 TERM

## 3.1 Defined

The Term of this Agreement shall commence on the 1st day of September, 2018 and ends in accordance with the termination provisions set forth herein.

## 3.2 Termination and Suspension

- (a) Either OWNER or CONTRACTOR can terminate the Agreement at any time by giving fourteen (14) days written notice in advance of the effective date of termination to the other party. Upon such termination notice being issued, CONTRACTOR shall only be entitled to invoice OWNER for the cost of Services performed and not paid for up to the date of termination;
- (b) OWNER can terminate the Agreement at any time with immediate effect if CONTRACTOR: acts in a manner that demonstrates wilful misconduct; is grossly negligent; fails to comply with any laws, rules and regulations prescribed by any government or body having jurisdiction over the Services; fails to comply with OWNER'S Policies; becomes insolvent; makes an assignment for the benefit of creditors; is adjudicated as bankrupt; admits in writing its inability to pay its debts generally as the same come due; institutes procedures under any law for relief of debtors or for the appointment of a receiver, monitor, trustee or liquidator of CONTRACTOR.

## ARTICLE 4 COMPENSATION

## 4.1 <u>Compensation Rate</u>

**OWNER** shall pay **CONTRACTOR** on performance of the Services pursuant to Schedule "B" attached hereto.

#### 4.2 Invoices

**CONTRACTOR** shall submit invoices pursuant to Schedule "B" attached hereto.

#### 4.3 Expenses

**OWNER** shall pay the reasonable and pre-approved disbursements of **CONTRACTOR** for expenses within thirty (30) days of receipt of invoice from **CONTRACTOR** that are in accordance with the guidelines as outlined in Schedule "B".

## **ARTICLE 5**

## **RESPONSIBILITIES OF CONTRACTOR**

## 5.1 Services and Specific Responsibilities

**CONTRACTOR** shall complete the Services as set forth in Schedule "A" attached hereto, and at all times during the Term of this Agreement comply with the **CONTRACTOR** Responsibilities set forth in Schedule "A" attached hereto.

## 5.2 <u>Performance Standard</u>

In the performance of any Service hereunder, CONTRACTOR:

- a) shall, to the extent applicable to the Services being provided, abide by all laws, rules and regulations prescribed by any government or body having jurisdiction over the Services, including the obtaining and maintaining of all permits and licenses required to perform the Services; and
- b) shall read, understand and abide by all **OWNER'S** Policies.

## 5.3 <u>Confidential Information</u>

**CONTRACTOR** covenants and agrees that it shall not at any time during or after the termination of **CONTRACTOR**'s engagement by **OWNER**, reveal, divulge, or otherwise make known to any person or use for its own account, any Confidential Information, unless such Confidential Information becomes part of the public domain through no breach of this Agreement by **CONTRACTOR**.

#### 5.4 Property

Any and all inventions, developments and improvements upon or to the property of **OWNER** that **CONTRACTOR** may conceive of or make during the Term, and any entitlement to service marks, trade names, trademarks, or patents (whether domestic or foreign) arising during the Term related to such inventions, developments and improvements, shall be the sole and exclusive property of **OWNER**. Whenever requested by **OWNER, CONTRACTOR** shall execute any, and all, applications, assignments and other instruments which **OWNER** may require to apply for and obtain, assign or convey the sole and exclusive right, title and interest in and to any such inventions, developments, improvements, applications and/or patents.

#### 5.5 Return of Property

Upon completion of the Term or termination of the Agreement, for any reason, **CONTRACTOR** shall immediately return all Confidential Information to **OWNER** and shall not copy and retain by any means or media any Confidential Information.

## 5.6 Responsibility for CONTRACTOR'S Income and Employees

**CONTRACTOR'S** relationship with **OWNER** is one of an independent **CONTRACTOR** and, consequently, no deductions shall be made from fees payable to **CONTRACTOR** or any employee of **CONTRACTOR** nor shall **OWNER** be in any way responsible hereunder for any applicable employment insurance contributions, workers' compensation contributions, pension plan contributions, income tax or any other responsibilities or payments required by applicable government authorities. All such amounts shall be the responsibility of **CONTRACTOR** and shall be forwarded, as appropriate, directly to the government authorities involved and proof of compliance by **CONTRACTOR** with these requirements shall be made available to **OWNER** upon request. This Agreement shall in no way restrict **CONTRACTOR'S** right to perform services or solicit contracts with other Companies. However, no such contract or employment shall conflict with the Services hereunder or the **CONTRACTOR'S** requirement to comply with the obligations and covenants contained in this Agreement.

## 5.7 <u>Taxes and Holdback</u>

ï

- (a) Except for the Goods and Services Tax ("GST"), any applicable Provincial Sales Tax ("PST") or any harmonized sales tax ("HST"), the rates stated herein are inclusive of all taxes, fees, duties or charges imposed by any governmental authority upon or resulting from the Services. If, by reason of CONTRACTOR'S failure to pay any such taxes, fees, duties or charges imposed by any governmental authority upon or resulting from the Services, OWNER is obligated by virtue of legislation to make such payments on behalf of CONTRACTOR, then CONTRACTOR shall reimburse OWNER for such tax, fee, duty or charge; and
- (b) OWNER shall have the right to withhold any payments that are authorized to be withheld by any laws or regulations. Additionally, OWNER shall have the right to withhold any payments to CONTRACTOR if OWNER has notice of any unsatisfied claims or liabilities against CONTRACTOR with respect to any of the Services performed under this Agreement.

## 5.8 Workers' Compensation Coverage

- (a) During the Term of this Agreement, **CONTRACTOR** shall comply with all requirements of applicable workers' compensation legislation in any jurisdiction in which the Services shall be performed;
- (b) **CONTRACTOR** shall provide its employees with workers' compensation coverage and shall require that each of its **OWNER** approved subcontractors provide workers' compensation coverage for any person performing the Services. Additionally, if a partner, director, officer, or owner of **CONTRACTOR** is involved in the performance of any of the Services, such individual must have obtained workers' compensation coverage on an individual basis. If workers' compensation coverage is not available to the **CONTRACTOR** under the provincial workers' compensation scheme for the province in which the Services are being performed, then the **CONTRACTOR** must cooperate with the **OWNER** to provide all information required to ensure that the **CONTRACTOR** and the individuals performing the Services are covered under the **OWNER**'s workers'

compensation registration in accordance with provincial legislation or as otherwise required by the **OWNER**;

(c) Notwithstanding any of the foregoing, if for any reason CONTRACTOR does not have the workers' compensation coverage in place for any person providing the Services during the Term of this Agreement, CONTRACTOR shall indemnify OWNER and save OWNER harmless from and against any and all actions, causes of action, suits, proceedings, liabilities, claims, demands, losses, damages and expenses, of any kind and nature whatsoever which may be brought against, suffered, sustained, paid or incurred by OWNER and its Affiliates as a result of CONTRACTOR not having such workers' compensation coverage.

#### 5.9 Indemnity

- (a) If **CONTRACTOR** breaches this Contract, or if **CONTRACTOR** or its officers, employees, agents or subcontractors commit an act of gross negligence or other wrongful act or error or omission, **CONTRACTOR** agrees to and shall:
  - Indemnify OWNER from all losses, costs, damages, fines, penalties, assessments and expenses whatsoever (whether statutory, criminal, quasi-criminal, regulatory, contractual, equitable or tortious) which OWNER may suffer, sustain, pay or incur; and
  - (ii) Be liable for all legal proceedings or losses of any nature whatsoever, which may be brought against, suffered, sustained, paid or incurred by **OWNER** and its affiliates and its or their directors, officers, employees, contractors or agents.

Notwithstanding the foregoing, the **CONTRACTOR** shall not be responsible for any losses, costs, damages and expenses suffered by **OWNER** and its affiliates and its or their directors, officers, employees, contractors or agents to the extent such losses, costs, damages or expenses are caused by the negligence of **OWNER**, its employees, agents or contractors.

In no event shall the maximum liability hereunder exceed the amount actually paid to the Contractor under this contract.

(b) Neither **CONTRACTOR** nor **OWNER** shall be liable in an action initiated by one against the other for indirect or consequential damages resulting from or arising out of this Agreement.

## ARTICLE 6 MISCELLANEOUS

#### 6.1 <u>Promotional Material</u>

**CONTRACTOR** shall not use **OWNER'S** name or any of its Affiliates in any advertising or promotional material, written or otherwise unless authorized in writing by **OWNER**.

## 6.2 Force Majeure

- (a) Either party shall be excused from performance of this Agreement when and to the extent that performance is delayed or prevented by any cause, except lack of finances, beyond its reasonable control ("force majeure"). The party wishing to invoke this Article shall promptly notify the other in writing of the cause upon which it relies, including reasonably full particulars in respect thereof.
- (b) **CONTRACTOR** shall give **OWNER** written notice if the provision of any Services are, or will likely be, delayed for more than seven days due to force majeure, in which case **OWNER** may either cancel all or a portion of the Services or authorize any necessary delays and adjustments without incurring any liability for any direct or indirect resulting costs.

## 6.3 <u>Notices</u>

Notices and any other communications permitted or required under this Agreement shall be in writing and shall be delivered personally or by courier to:

OWNER	WEST LAKE ENERGY CORP. Suite 700, 600 3 <sup>rd</sup> Avenue S.W. Calgary, Alberta T2P 0G5
CONTRACTOR	EILEEN CORP 424, 3130 66 Ave SW Calgary, AB

## 6.4 <u>Amendment</u>

This document constitutes the whole Agreement between the parties and can only be amended by written agreement executed by both parties.

## 6.5 <u>Severance</u>

If any part of this Agreement is held by a Court of competent jurisdiction to be invalid or unenforceable, then such ruling shall in no way affect the validity or enforceability of the balance of the Agreement, it being the intent of the parties that the invalid or unenforceable portions are severable.

## 6.6 <u>Waiver</u>

No previous waiver or course of dealing shall affect either party's right to restrict performance of other future obligations.

## 6.7 <u>Assignment</u>

**CONTRACTOR** may not assign this Agreement, or any part thereof, without the written consent of **OWNER**, which consent may be unreasonably withheld. The assignment of this Agreement, or the subcontracting of any work to be performed hereunder if so approved by **OWNER** pursuant to Clause 2.2, shall not relieve **CONTRACTOR** of its obligations hereunder. **OWNER** may assign this Agreement to a third party upon giving the **CONTRACTOR** written notice of such assignment.

## 6.8 <u>Conflict</u>

In the event of a conflict between the terms of this Agreement and the Schedules attached hereto, the Agreement shall prevail over the Schedules.

## 6.9 <u>Proper Law</u>

This Agreement shall be interpreted and construed in accordance with the laws of Alberta, Canada, and the parties hereby attorn to the exclusive jurisdiction of the courts in Alberta and the applicable courts of appeal.

## 6.10 Audits

**OWNER** shall have the right, upon reasonable notice, to audit the books, accounts and records of **CONTRACTOR** relating to all Services provided hereunder to **OWNER**, in addition to the right to audit the books, accounts and records relating to the provision of any gifts or gratuities furnished by **CONTRACTOR** to any employees, agents or other contractors of **OWNER**. This audit right shall extend from the date hereof until twenty-four (24) months following the completion of the Services.

## 6.11 Prior Agreements

This Agreement supersedes and replaces any and all prior representations, proposals, negotiations, letters of understanding, agreements, contracts, or amendments thereto or any other communications, verbal or written between the parties hereto relating to the subject matter of this Agreement.

## 6.12 <u>Survivorship</u>

Upon termination of this Agreement, neither party shall be relieved of its respective obligations and liabilities arising hereunder prior to termination, and Clauses 6.3, 6.4, 6.5, 6.6, 6.7, 7.10 and 7.11 shall survive termination, suspension or expiry of this Agreement.

## 6.13 Counterpart Execution

This Agreement may be executed in counterpart with the same effect as if both parties had signed the same document. Both counterparts shall be construed together and shall constitute one and the same original Agreement.

**IN WITNESS WHEREOF** the parties have executed this Agreement as of the date and year first above written.

Hi Steven,

So, again this would depend on how comfortable we are with the employment negotiations.

These would be on thousands of documents so I don't think we want to change these after we've made a decision.

I think the best proposal is to have you, Steven, sign as President.

We would move the CEO title on closing but keep President title on you until these transaction steps are completed, then move the President title.

If this works, I'll communicate the same to Alan.

Thanks,

Gord is wondering whose name to put on the bottom of all the assignment documents. Normally this would be an officer of West Lake and as this will happen right after close can we assume that Rob, myself, Dave, Gord and Jackson will be made officers of West Lake at closing and we can have Gord as signing officer on the assignment documents or will you be signing them all?

Lots of moving parts to get our hands around that will be coming quickly once we get to closing

Steven,

Not sure if you are making any progress on the West Lake directors names and addresses as we need them for BC property transfers at closing as well as the D&O insurance. See below from our surface land group.

As well any update on the bank account as we will have many accounts for land such as BC, Alberta and Saskatchewan crown that all require we have auto debit set up along with Alberta and Saskatchewan land titles and registry. As well we will need to get our banking info to all product purchasers so that payments will come to West Lake (instead of FTI). As well we will need all of our contract operators set up for electronic transfer for their monthly payment and we had electronic transfers set up with many of our other vendors such as Enmax, Ceridian, Telus etc. that we need to set up.

Please let me know if there is anything you would like me to take care of to move this ahead.

Good Evening all,

Please find the attached wiring instruction from Henenghaixin to BLG; I left to wiring amount blank simply because I want to leave enough money for Dave and Alan's special payment and I need to check the balance with the bank to avoid bouncing or any delay.

Our intent is to wire out CAD \$231 mil first thing in the morning.

Also please find this screen shot from New Star's bank account; I added BLG as a biller; and I have queued a transfer of CAD \$2million to BLG's account to go out first thing in the morning.

Please help me double check all account details!

Cheers and thanks!

## Harold,

We have a few outstanding documents which require signatures from China (some of which were from a while back but we just didn't receive the final signatures):

- 1. Organizational matters resolution
- 2. Share repurchase agreement (which was signed by Steven but should also be signed by Mr. Deng for HNHX)
- 3. Resolution to issue new shares to York City and to return and cancel the shares issued to Steven
- 4. Resolutions to appoint the new officers at closing

Also, we need a signatory for York City to sign the subscription for shares.

The rest of the documents are Canadian and can be signed by Steven.

Let me know if you have any questions.

### SHARE REPURCHASE AGREEMENT

THIS AGREEMENT made as of January <u>1</u>, 2017 (the "Agreement")

BETWEEN:

STEVEN Y. NEU, an individual residing in the City of 400-4 in the Province of Alberta

(the "Shareholder")

- and -

**HENENGHAIXIN CORP.** a corporation incorporated under the laws of the Province of Alberta

(the "Corporation")

### **RECITALS:**

- A. The Shareholder is the registered owner of 100 class "A" common shares of the Corporation ("**Repurchasable Shares**");
- B. The Corporation desires to repurchase the Repurchasable Shares for cancellation upon and subject to the terms and conditions hereinafter set forth.

**NOW THEREFORE THIS AGREEMENT WITNESSES** that in consideration of the premises and the covenants and agreements herein contained the parties hereto agree as follows:

### ARTICLE 1 REPURCHASE AND SALE

1.1

## Share Certificate in Trust and Instruments of Transfer

- (a) The Corporation will hold in trust the share certificate evidencing the Repurchasable Shares.
- (b) The Shareholder will execute and deliver the Acknowledgement and Authorization and Instrument of Transfer in substantially the form set out in Schedule "A" of this Agreement.

### 1.2 Repurchase and Sale and Purchase Price

- (a) The Corporation has the right, but not the obligation, to purchase from the Shareholder, and the Shareholder shall, where and when the Corporation exercises such right, sell to the Corporation, the Repurchasable Shares at a price of \$0.01 per Repurchasable Share.
- (b) The Corporation may, in its sole and absolute discretion, determine the date on which the purchase will take place (the "Closing Date").

DOCS 16262748v1

- (c) On the Closing Date, the Corporation, on behalf of the Shareholder, will effect delivery to the Corporation of all share certificates for the Repurchasable Shares to be purchased against delivery, mail or personal delivery to the Shareholder (at the last known address of the Shareholder) of cash or a cheque in the amount of the purchase price for the Repurchasable Shares.
- (d) In the event of a repurchase of Repurchasable Shares pursuant to this Agreement, the Shareholder releases the Corporation and each of its shareholders, directors, officers and partners, as the case may be, (collectively, the "Releasees") from all actions, causes of action, liabilities (whether accrued, actual, contingent or otherwise), claims, obligations, covenants and demands that the Shareholder now has or at any time had for or by reason of or in any way arising out of any cause, matter or thing whatsoever in relation to this Agreement and the Repurchasable Shares. The Shareholder covenants and agrees not to make any claim or take any proceedings with respect to any such matter that may result in any claim arising against any of the Releasees for contribution, indemnity or other relief.

### 1.3 Adjustments

If the Corporation subdivides, redivides, reduces, combines, consolidates or otherwise changes the outstanding common shares into a greater or lesser number or different kind of shares (collectively, an "Adjustment"), all references to "Repurchasable Shares" in this Agreement will account for such Adjustment and the rights and obligations of the parties under this Agreement will account for the Adjustment such that the parties are treated as being in the same position they would otherwise have been in had an Adjustment not occurred.

1.4

### No Fractional Shares

No fractional common shares may be repurchased pursuant to this Agreement.

#### ARTICLE 2 REPRESENTATIONS AND WARRANTIES

### 2.1 Shareholder's Representations and Warranties

The Shareholder represents and warrants to the Corporation that the Shareholder is the beneficial owner of the Repurchasable Shares and has good and sufficient power, authority and right to enter into and deliver this Agreement and to transfer the legal and beneficial title and ownership of the Repurchasable Shares to the Corporation free and clear of all liens, charges, hypothecs, encumbrances and any other rights of others.

### 2.2 Corporation's Representations and Warranties

The Corporation represents and warrants to the Shareholder that the Corporation has good and sufficient power, authority and right to enter into and deliver this Agreement and to complete the transactions to be completed by the Corporation contemplated hereby.

## ARTICLE 3 GENERAL

- 3 -

## 3.1 Further Assurances

Each of the Shareholder and the Corporation will from time to time execute and deliver all such further documents and instruments and do all acts and things as the other party may reasonably require to effectively carry out or better evidence or perfect the full intent and meaning of this Agreement.

## 3.2 Entire Agreement

This Agreement contains the entire understanding between the parties as to the subject matter contained in it and all previous agreements, representations, warranties, explanations and commitments, expressed or implied, affecting this subject matter are superseded by this Agreement and have no effect.

## 3.3 Benefit of the Agreement

This Agreement will enure to the benefit of and be binding upon the respective successors of the Shareholder and of the Corporation, but cannot be assigned by either party.

## 3.4 Amendment

This Agreement may only be amended, varied or replaced by a document duly executed by all the parties to this Agreement.

## 3.5 Currency

All references to currency herein are to lawful money of Canada.

## 3.6 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein.

# 3.7 Survival

Sections 1.2(d) of this Agreement will survive the termination or expiry of this Agreement and may be enforced at any time.

## 3.8 Counterparts

This Agreement may be executed in counterparts, each of which will be deemed to be an original and both of which taken together will be deemed to constitute one and the same instrument.

## 3.9 Electronic Transmission

Delivery of an executed signature page to this Agreement by either party by electronic transmission will be as effective as delivery of a manually executed copy of the Agreement by such party.

## 3.10 Independent Legal Advice

### SHARE REPURCHASE AGREEMENT

THIS AGREEMENT made as of January <u>1</u>, 2017 (the "Agreement")

**BETWEEN:** 

STEVEN Y. NEU, an individual residing in the City of 40-7 in the Province of Alberta

(the "Shareholder")

- and -

**HENENGHAIXIN CORP.** a corporation incorporated under the laws of the Province of Alberta

(the "Corporation")

### **RECITALS:**

- A. The Shareholder is the registered owner of 100 class "A" common shares of the Corporation ("**Repurchasable Shares**");
- B. The Corporation desires to repurchase the Repurchasable Shares for cancellation upon and subject to the terms and conditions hereinafter set forth.

**NOW THEREFORE THIS AGREEMENT WITNESSES** that in consideration of the premises and the covenants and agreements herein contained the parties hereto agree as follows:

### ARTICLE 1 REPURCHASE AND SALE

1.1

## Share Certificate in Trust and Instruments of Transfer

- (a) The Corporation will hold in trust the share certificate evidencing the Repurchasable Shares.
- (b) The Shareholder will execute and deliver the Acknowledgement and Authorization and Instrument of Transfer in substantially the form set out in Schedule "A" of this Agreement.

## 1.2 Repurchase and Sale and Purchase Price

- (a) The Corporation has the right, but not the obligation, to purchase from the Shareholder, and the Shareholder shall, where and when the Corporation exercises such right, sell to the Corporation, the Repurchasable Shares at a price of \$0.01 per Repurchasable Share.
- (b) The Corporation may, in its sole and absolute discretion, determine the date on which the purchase will take place (the "Closing Date").

DOCS 16262748v1

- (c) On the Closing Date, the Corporation, on behalf of the Shareholder, will effect delivery to the Corporation of all share certificates for the Repurchasable Shares to be purchased against delivery, mail or personal delivery to the Shareholder (at the last known address of the Shareholder) of cash or a cheque in the amount of the purchase price for the Repurchasable Shares.
- (d) In the event of a repurchase of Repurchasable Shares pursuant to this Agreement, the Shareholder releases the Corporation and each of its shareholders, directors, officers and partners, as the case may be, (collectively, the "Releasees") from all actions, causes of action, liabilities (whether accrued, actual, contingent or otherwise), claims, obligations, covenants and demands that the Shareholder now has or at any time had for or by reason of or in any way arising out of any cause, matter or thing whatsoever in relation to this Agreement and the Repurchasable Shares. The Shareholder covenants and agrees not to make any claim or take any proceedings with respect to any such matter that may result in any claim arising against any of the Releasees for contribution, indemnity or other relief.

### 1.3 Adjustments

If the Corporation subdivides, redivides, reduces, combines, consolidates or otherwise changes the outstanding common shares into a greater or lesser number or different kind of shares (collectively, an "Adjustment"), all references to "Repurchasable Shares" in this Agreement will account for such Adjustment and the rights and obligations of the parties under this Agreement will account for the Adjustment such that the parties are treated as being in the same position they would otherwise have been in had an Adjustment not occurred.

1.4

#### No Fractional Shares

No fractional common shares may be repurchased pursuant to this Agreement.

#### ARTICLE 2 REPRESENTATIONS AND WARRANTIES

### 2.1 Shareholder's Representations and Warranties

The Shareholder represents and warrants to the Corporation that the Shareholder is the beneficial owner of the Repurchasable Shares and has good and sufficient power, authority and right to enter into and deliver this Agreement and to transfer the legal and beneficial title and ownership of the Repurchasable Shares to the Corporation free and clear of all liens, charges, hypothecs, encumbrances and any other rights of others.

### 2.2 Corporation's Representations and Warranties

The Corporation represents and warrants to the Shareholder that the Corporation has good and sufficient power, authority and right to enter into and deliver this Agreement and to complete the transactions to be completed by the Corporation contemplated hereby.

### ARTICLE 3 GENERAL

- 3 -

### 3.1 Further Assurances

Each of the Shareholder and the Corporation will from time to time execute and deliver all such further documents and instruments and do all acts and things as the other party may reasonably require to effectively carry out or better evidence or perfect the full intent and meaning of this Agreement.

### 3.2 Entire Agreement

This Agreement contains the entire understanding between the parties as to the subject matter contained in it and all previous agreements, representations, warranties, explanations and commitments, expressed or implied, affecting this subject matter are superseded by this Agreement and have no effect.

### 3.3 Benefit of the Agreement

This Agreement will enure to the benefit of and be binding upon the respective successors of the Shareholder and of the Corporation, but cannot be assigned by either party.

### 3.4 Amendment

This Agreement may only be amended, varied or replaced by a document duly executed by all the parties to this Agreement.

### 3.5 Currency

1

:: 146<sub>00</sub> All references to currency herein are to lawful money of Canada.

### 3.6 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein.

# 3.7 Survival

Sections 1.2(d) of this Agreement will survive the termination or expiry of this Agreement and may be enforced at any time.

### 3.8 Counterparts

This Agreement may be executed in counterparts, each of which will be deemed to be an original and both of which taken together will be deemed to constitute one and the same instrument.

### 3.9 Electronic Transmission

Delivery of an executed signature page to this Agreement by either party by electronic transmission will be as effective as delivery of a manually executed copy of the Agreement by such party.

# 3.10 Independent Legal Advice

The Shareholder confirms that the Shareholder has executed this Agreement voluntarily after having had the opportunity to seek independent legal advice and that the Shareholder fully appreciates the nature, extent and consequences of this Agreement. If the Shareholder did not seek independent legal advice before signing this Agreement, the Shareholder did so voluntarily without any undue pressure and agrees that such failure to obtain independent legal advice will not be used by the Shareholder as a defence to the enforcement of the Shareholder's obligations under this Agreement.

4.6 The Executive shall be reimbursed for all reasonable out-of-pocket expenses actually and properly incurred by the Executive in connection with the Executive's duties hereunder. For all such expenses the Executive shall furnish to the Corporation statements and vouchers as and when required by it, and in accordance with any policy adopted by the Corporation from time to time concerning expenses.

公司报销管理层因执行义务而产生的所有合理的付现费用。管理层应根据公司有关 支出的政策,向公司提交发票及收据。

4.7 The Executive will participate in the Company's Long Term Incentive plan (needs finalization).

管理层将参与公司长期奖励计划(需最终确认)。

#### ARTICLE 5 TERMINATION OF THIS AGREEMENT

条款 5 本协议的终止

The Corporation shall terminate the Executive's employment and this Agreement for Just

7549771.2

5.1

Commented [a6]: 奖金过高且要连续发 3 年且不包括长 期奖金? 与 4.3 (a) 全体员工福利计划矛盾 Cause at any time without notice and without any payment to the Executive whatsoever, save and except only for payment of the pro-rata Annual Base Salary earned but unpaid for services rendered up to and including the Termination Date, plus any accrued and unused vacation pay, and reimbursable expenses.

出于正当理由,公司可在任何时候终止管理层的雇佣关系及终止本协议,且无需预 先通知并向管理层支付任何费用,支付管理层应得但并未向其付的年度基本工资除外(包括终止 日,加上任何应计的且未使用的假日工资及报销费用。)

5.2 The employment of the Executive, this Agreement, and the Corporation's obligation to compensate the Executive with respect to employment, will terminate:

在本协议中,若发生以下情况,管理层的雇佣及公司补偿管理层的责任将终止:

(i) upon mutual written agreement of the parties; or

一旦经双方书面同意;或

(ii) upon the death of the Executive.

一旦管理层人员死亡。

5.3 The Executive may resign from his employment with the Corporation by providing the Corporation with one (1) month's advance written notice of the resignation date. The Corporation's obligation to compensate the Executive shall cease upon the Termination Date, save and except for payment of the pro-rata Annual Base Salary earned but unpaid for services rendered up to and including the Termination Date, plus any accrued and unused vacation pay, and reimbursable expenses.

管理层可向公司辞职,辞职应提前一(1)个月向公司提出书面申请。一旦终止, 公司应停止对该管理层人员的补偿义务。

5.4 The Corporation may immediately terminate (including Constructive Dismissal) the Executive's employment and this Agreement at any time, for any reason other than the reasons in sub-Articles 5.1 and 5.2, and the Corporation shall pay the Executive, within five (5) business days of the Termination Date, the following:

除了副条款 5.1 及 5.2 外,公司可出于任何原因,在任何时候立即终止(包括推定 解雇)管理层雇佣及本协议,且在终止日后五(5)个工作日内,公司应支付该管理人员,如下:

 (a) the pro-rata Annual Base Salary earned but unpaid for services rendered up to and including the Termination Date;

已得但未付的按比例计算的年度基本工资,包括终止日;

(b) all accrued and unused vacation pay, and reimbursable expenses;

所有应计且未使用的假日工资及补偿费用;

(c) a retiring allowance capped at the higher of 1 times the Executive's then Annual Base Salary plus
 20% in lieu of lost benefits and unvested LTIP;

离职津贴的支付: 12个月基本工资加 20%未得到的福利,或是未兑现的长期激励计划。

If the employee is terminated, other than for just cause, within the first 12 months of service the Company agrees to pay the prorated share of the guaranteed 12 month after closing bonus.

如果雇员解雇,除非出于正当理由,在任职第一个 12 月内,公司同意在停止支付奖金之后,支付 固定 12 月的分摊份额。

Commented [a7]: 如果是第 14 个月呢?

The above payments shall be subject to required withholdings. In exchange for the retiring allowance amounts the Executive agrees to sign and provide to the Corporation a full and final Release in a form satisfactory to the Corporation, acting reasonably.

5.5 The parties agree that because there can be no exact measure of the damages that the Executive would incur as a result of the termination of this Agreement and employment, the retiring allowance payments contemplated in sub-Article 5.4 would be deemed to constitute liquidated damages and not a penalty, and the Corporation agrees that the Executive will not be required to mitigate the Executive's damages.

双方同意,因公司无法对管理层雇佣合同的终止及雇佣关系的结束而对其造成的损 失进行明确衡量,副条款 5.4 中离职津贴支付将被视为违约赔偿金,而非罚金。公司同意将不会 要求管理层减轻其损失。

5.6 Notwithstanding the cessation of the Executive's employment, or the manner of or reason for cessation, the provisions of Articles 7, 8, 9 and 11 of this Agreement and the Executive's fiduciary obligations survive such cessation.

### 不论管理层人员因何辞职,本协议中条款7、8、9及11及管理层人员的诚信义务

仍然有效。

#### ARTICLE 6 CHANGE OF CONTROL AND GOOD REASON

#### 条款 6 控制权变更

Should there be a Change of Control and an event or events that constitute Good Reason within one (1) year of the Change of Control, the Executive shall have the right, for a period of ninety (90) days following the Change of Control and event constituting Good Reason to elect to terminate this Agreement and employment with the Corporation upon providing the Corporation with two (2) weeks advance written notice.

若存在控制权变更的情况及在变更后的一(1)年内构成其充分理由的事件,管理 层应在控制权变更后的九十(90)天内,在提交书面申请之前的两(2)周内,有权选举终止本协 议及与公司的雇佣关系。

6.1 If the Executive elects pursuant to sub-Article 6.1 to terminate this Agreement and employment with the Corporation, the Corporation shall pay the Executive within five (5) business days of the Termination Date the payments and retiring allowances provided for in sub-Article 5.4, in exchange for the Executive signing and providing to the Corporation a full and final Release in a form satisfactory to the Corporation, acting reasonably.

若管理层根据副条款 6.1 选举终止本协议及与公司的雇佣关系,公司应在终止后的 五(5)个工作日内,向管理层人员支付副条款 5.4 中所提到的离职津贴作为管理层人员签署并向 公司提供完整离职满意表格文件的交换。

#### ARTICLE 7 RESIGNATION AS A DIRECTOR OR OFFICER

#### 条款 7 董事或高级职员的辞任

7.1 If, upon or after termination of this Agreement and the Executive's employment, and regardless of the reason for cessation of employment or termination of this Agreement, the Executive is a director or officer of the Corporation, the Executive agrees to immediately resign as a director and officer if requested to do so by the Board of Directors.

descriptive matter containing Confidential Information.

管理层将有权参与机密信息,包括但不限于与财务事项、个人事项、钻探和开采计 划及活动和交易计划和活动相关的信息和数据。管理层人员同意接受并保证机密信息的机密性, 无论在职还是辞任,不论出于何种目的都不会向其他方披露或泄露信息和数据,经过公司授权的 信息及数据除外。在终止期或按要求更早期内,管理层将立即向公司移交所有书面或包含机密信 息的描述性问题。

8.3 The Executive agrees that as a result of the Executive's position the Executive has confidential information with respect to other employees and consultants of the Corporation. The Executive agrees that for a period of one (1) year after the Termination Date, regardless of the reason for cessation of employment, that the Executive shall not, directly or indirectly solicit, induce, encourage or facilitate employees or consultants of the Corporation to leave the employment of, or consulting relationship with the Corporation.

管理层同意由于管理层职位所需,管理层拥有有关其他雇员及公司顾问的机密信息。管理层同意在终止期后的一(1)年内,不论出于何种原因辞职,都不会直接或间接招揽、引导、鼓励或帮助公司雇员或顾问离开公司或与其他公司建立咨询关系。

8.4 All reports, computer programs, manuals, tapes, card decks, listings, and any other documentation or data furnished to or prepared by the Executive in connection with the Executive's employment shall be the property of the Corporation.

所有提供给或由管理层准备的有关管理层雇佣的报告、电脑程序、手册、磁带、清 单及任何文件或数据皆为公司财产。

### ARTICLE 9 PERSONAL DATA AND PRIVACY

#### 条款 9 个人数据及隐私

9.1 The Executive consents that the personal data relating to the Executive may be maintained and stored by the Corporation electronically or in any other form.

管理层同意与管理层相关的个人数据由公司保存电子版或其他版本。

9.2 The Executive acknowledges and agrees that the Corporation has the right to collect, use

and disclose the Executive's personal information for purposes relating to the Executive's employment with the Corporation, including:

管理层人员承认并同意公司有权出于某种目收集、使用并披露管理层人员的个人信息,包括:

(a) ensuring that the Executive is paid for the services performed for the Corporation;

确保管理层人员执行的工作得到相应报酬;

(b) administering any benefits to which the Executive is or may become entitled to, including medical, dental, disability and life insurance benefits and/or share awards. This shall include the disclosure of the Executive's personal information to any insurance company and/or broker or to any entity that manages or administers the Corporation's benefits on behalf of the Corporation;

管理任何管理层被赋予的或可能被赋予的福利,包括医疗保险、牙医保险、残障保险及人 寿保险及或/份额奖励。此应包括向任何保险公司和/或经纪人或任何管理或代表公司管理 公司福利的主体披露管理层的个人信息;

 (c) compliance with any regulatory reporting and withholding requirements relating to the Executive's employment, including required disclosure to shareholders;

遵守任何管理层雇佣相关的规则和要求,包括向股东的必要披露;

 (d) maintaining and monitoring the employment relationship, and reviewing the performance of the Executive;

维护并监管雇佣关系,并审核管理层业绩;

(e) enforcing the Corporation's policies including those relating to the proper use of the electronic communications network and to comply with applicable laws; and

执行公司政策,包括与电子通讯网络的适当使用相关的政策并遵守使用法律;且

(f) in the event of a potential sale or transfer of all or part of the Shares or assets of the Corporation, disclosing to any potential acquiring organization the Executive's personal information solely for the purpose of determining the value of the Corporation and its assets and liabilities and to

Any such notice shall be deemed to have been given on the date it is delivered if personally delivered or, if mailed or sent by facsimile on the third business day following the mailing thereof. Either party may change its address for service by giving written notice in accordance with this Agreement.

#### ARTICLE 11 GENERAL PROVISIONS

#### 11.1 Independent Legal Advice

The Executive acknowledges the Executive has had the opportunity to obtain independent legal advice with respect to the execution of this Agreement, or has waived that opportunity, and that the Executive has read, understands and agrees with all of the terms and conditions contained in this Agreement.

### 11.2 Waiver or Amendment

Any waiver by a party of any breach of any provision of this Agreement by the other party shall not be binding unless in writing, and shall not operate or be construed as a waiver of any other or subsequent breach by the Executive. Any amendment of this Agreement shall not be valid and enforceable unless recorded in writing and executed by the parties to this Agreement.

#### 11.3 Headings

The headings used in this Agreement are for convenience only and are not to be construed in any way as additions to or limitations of the covenants and agreements contained in it.

#### 11.4 Enurement

The provisions of this Agreement shall enure to the benefit of and shall be binding upon the parties hereto and their respective heirs, executors, administrators, other legal personal representatives, successors and permitted assigns.

#### 11.5 Assignment

This Agreement may not be assigned by either party hereto, without the express written consent of the other party.

#### 11.6 Governing Law and Attornment

This Agreement shall be governed by and construed in accordance with the laws in force in the Province of Alberta. The parties hereby attorn to the jurisdiction of the courts of the Province of Alberta.

Jason将于明天回到Calgary开始工作。2月的核心工作计划如下,如有遗漏请补充:

Long Run:

目前LR的主要工作有一是保证redwater打井和平稳生产同时对现有资产可能的产油区进行研究,二是尽快开展小的土地收购和剥离非核心资产。土地收购和研究现有资产产油可能性的核心都在于地质师,目前LR最资深的地质师刚跳槽去了Peyto,地质队伍十分薄弱,急需增强相关力量,建议尽快聘请一个地质经理(已有人选)。

1. 督促HR尽快就年终奖和长期激励机制向董事会做出提案,为裁员后吸引优秀人才加入LR,但此举可能导致裁员时 公司要付更多的遣散费

2. 明确在裁员完成前不发放留任奖金

3. 处理大D和LR的内部结构调整:鉴于需要尽快聘请地质师确定34季度的井位,而miller很可能会全力反对(撤掉地质经理是他的主意),可以借机告知miller,董事会决定不设COO,由CEO直接领导运营vp(miller)、生产vp

(wes)、CFO(jason)、勘探开发vp(待定),miller如果接受可以继续留任,他的权力会被分散许多,如果不接受就走人,由alex过来接替,这样也可以控制alex避免他的权力过大

4. Jason尽快确认和建行的合同并且抓hedge(可以考虑指定lr的alex),保证我们能够尽快做financial hedge,锁定 更多现金流

<u>TB:</u>

我们目前在TB没有管理层,tb的铁三角一旦形成并与我们对抗,董事会管理公司日常事务有相当的难度,因此要严格限制tb管理层的权力

1. Jason参与董事会, 主抓TB的内部制度设定

2、财务和人事权力(经理级)交由董事会

3. TB目前人员太多,管理层态度强硬,将来的裁员问题会比较麻烦,需要做好准备

4. TB管理层缺乏大局意识, 在办公室IT这些事情上不愿让步, 董事会在交割初期的态度需要更强硬

<u>控股公司:</u>

Jason Steven Sun和Michael要尽快就协调国内on site审计进行沟通

### 各位领导:

感谢胡总做工作!

如果汪总决定用8楼(我之前觉得他不会同意用的),一旦确认,就定下来给他。

我的建议是7楼已有设计并有装修许可,马上开工可否?同时马上抓紧6楼的设计方案和办理许可,或许7楼没有施工完,6楼什么都解决了,可以接着施工?LR不能再增加成本了,这次硬塞给TB和汪总了,就为一层楼的设计和许可, 再租老办公室2个月。一定不可以。

CAPC我当初是想放在老楼的14层的,这个再说。只要把这天价的4层楼解决掉,就算去掉一块心病了。 谢谢大家!

指示收悉! 我会尽量协调LR去满足汪总需要8楼的要求。由于这个改变,LR这边需要尽快和现在的楼主商量看能否 延期几个月搬离现在的办公室,如果现在楼主不同意,我们再想其它的应急方案。同时要和聘请的工程公司协商改 变装修计划。至于TB和LR使用办公室分配问题,应该没有什么大问题,因为这两个公司装修风格相似,都是上游 公司。到时根据各自公司的人数情况做调整是完全可行的。原则就是LR和TB合计使用5、6、7层。

在 2017-03-01 10:01:14, "邓董事长" <<u>deng.tz@snencn.cn</u>> 写道: | 葛总、吴总: 汪总原来是中联油加拿大公司的总经理,他们的办公室在20层上下,出于心理上的原因,我想他不会愿意用8层 以下这么低的层位。

我在卡尔加里时和大D谈过办公室的事,我的要求是LR用一个整层和另一层的70%,TB用一个整层和LR另一层的30%。请不要把两层都安排给LR。大D当场是答应了的。无论大D留不留,办公室的安排就这个思路,这么高的租金,本身就是LR的错,我们把别的公司拉进来分担,就要尽可能满足别人的诉求。

请胡总帮我问下汪总,8层他愿不愿意用?如果他很勉强就算了。胡总再了解一下Altex有多少总部人员,现在的 办公室租约到什么时候?一层够不够他们用?暂别提让他们搬过来的事。

葛总,如果汪总真不愿意用低层,就按原计划装修6、7、8层;如果汪总能接受8层,我们就应该把8层给人家,

没办法,我们是在替LR擦屁股。那么装修计划就得改了。一年上千万加元的费用,弄的我很头疼。老办公室还有一层半呢。

请葛总、牛总、胡总、吴总分别做一下工作,谢谢!

在 2017-03-01 08:08:41, "Jason" <jasonge@snencn.cn> 写道: 董事长:

我就吴总的邮件做一下澄清:

1. LR目前的3、4楼租约在今年6月底到期,LR必须在6月底前搬到新办公室。今天我和公司行政团队及我们聘 请的建设公司一起到新办公楼查看了各楼层情况,签署了接收文件。此文件签署就意味着我们可以进场施工 了。考虑到时间紧,已经要求工程公司在3月中开始进场施工。本周完成所有小施工合同及材料供应商的选 择。施工顺序将是先7、8楼(LR和中天员工),确保LR6月底前搬入;下来是6楼(TB),最后是5楼(贸易 公司)。

2. 考虑到汪总的贸易公司的特殊要求,我建议汪总尽快和此项目管理团队见面协商其具体要求,这样项目经理 就可以做出一个成本估算和可能的搬入时间。这件事越早定下来,就越节约成本和时间。

3. 现在没法在将汪总的楼层从5楼调整到8楼,因为施工许可由于之前的TB对楼面设计要求的变动,现在拿到 的是7、8楼的许可,TB的6楼许可正在办理中。一旦汪总的楼面设计定下来,我们就要开始申请5楼的施工许 可。如果现在把汪总换到8楼,施工许可要重新申请,6月底前肯定LR搬不过去。

4. 施工成本最终我们是可以由楼主返还给我们的。(目前预算施工成本4层楼合计近800万,完工后楼主会全部 返还给我们),汪总公司租金由董事长确定是否按目前市场价还是按LR签署的价格。

如有问题,请来电。

主题:卡尔加里新办公室

邓总,

新办公室在5,6,7,8层.5层要出租.这层楼7月中安装办公室.其他层在6月初安装.

5层和8层没大不同. 但汪总喜欢高点的. 汪总清楚卡尔加里办公室空置率是25%. 我向汪总说这应该是双赢. 定价应有北京定. 整个租金一年4百5十万, 还有些回扣.

## 杨文涛和陆蓉:

## 一. 完成事项

- 见附件
- 二. 下周展望事项
  - 见附件

(杨总发来的本周情况和下周工作安排计划我读过了。看来 NS 是基本控制住了,管理层和各部门都在按计划按指令工作。也希望 LR 能尽快做到这一步,能让 LR 高管、各部门主动、正常配合工作。)

## <u>王好:</u>

## 一. 完成事项

- 套保事项
  - 1. 由于银行限制我们 2016 年不能将产量套期保值 75%以上,我们就此和交易商 Mercuria 就套保问题进行了接洽,看看能不能让 Long Run 把剩下 25%的产量转 给 Calgary Sinoenergy 然后通过母公司 Calgary Sinoenergy 套期保值。
  - Long Run 内部的意见是卡尔加里中天被视作承运商,需要向泛加拿大管道公司将 支付一定份额的押金,经过内部及 Mercuria 的沟通,这笔押金可以不用支付。
  - 3. 所有的文件手续需要三天,将在下周完成
  - 目前市场上的天然气价格偏低,比我们2周前进行套保的价格低了6-7分。我们可以先把文件都拟好,等到一个好的时机再进行套保项目。
  - (工作做的很到位,我希望尽早实现天然气的100%套保。)
- 安全生产及环境工作预算回顾
  - 2016 年上半年由于 Long Run 公司缺乏资金,并没有多少的投入,下半年安全管理 费用初期预算大约在 600 万加元。通过和管理层和安全部门的沟通,部分费用可 以推迟到明年及后年,这样今年的费用将会减少至 500 万加元左右。需要总部进 行审批(请参照附件)
  - Kaybob 区块由于硫化氢高达 17%,环境风险高,2018 年需要投入 500-600 万加元 参与当地天然气处理厂的维修才能维持正常生产。否则将必须在 2017 年底把所有 高硫井全部关掉,并在 1-5 年内把这些井全部废弃处理,HSE 的花费将达到几千 万加元,成本巨大,每口井的废弃还原费用从 25 万到 2 百万不等,根据井管腐蚀 程度。
  - 3. 我们现在也正在寻求买家,可以将 Kaybob 区块转卖出去,但具有难度。该区块唯 一的优势在于 Long Run 具有该区域天然气处理厂 5%的权益。
  - 4. 我们正在制作一个关于 Kaybob 的报告,下周会更详细的呈现给总部。

(一旦井管腐蚀穿孔,会不会造成天然气外泄,将是重大事故,我个人倾向于关闭该 区块所有井。如果能找到买家,可以降价出售,是最好方案。)

- 和管理层就新楼的方案进行沟通(年租金七百万)
  - 1. 原定 2017 年 7 月 1 号将搬入新楼
  - 按照合约,Long Run 在新楼拥有 4 层楼的租约,共 10 年,近期将展开对其中两个 楼面的规划和设计,施工长度约为半年。其余的 2 个楼面我们正在考虑转租给其 他公司
  - 为了优化 2017 年的现金流以及财务数据,Long Run 团队积极的和地产公司进行了 接洽。由于新楼的租约比市场价格要高,为了降低明年租金,我们计划和地产公 司友好协商,把现有的租约从 10 年延长到 12 年,但是免掉前半年租金,预计在 2017 年可以减少 350 万的费用支出。下周将就这个方案和地产公司进行进一步的 谈判
  - 4. 我们也正在积极的寻找租户
  - (很好的措施。是不是把 NS、上海能源、Petrox、CAPC 迁到一块? 一是方便管理, 二是节约成本)
- 财务模型已经根据招标的钻井成本进行了更新,下周将和海玲总还有崔总进行沟通。
- 二. 下周展望事项
  - 与管理层敲定薪酬计划
    - (抓紧)
  - 完成套保所需的文件
  - (抓紧)
  - 完成下半年安全生产预算的确定
     (可否与中石油工程公司聂总合作?)
  - 详细研究 Peace River 的注水增产计划 (期待)
  - 与管理层讨论能否用其他储量评估师,以及 2016 年年末储量评估的预期制定 (期待)
  - 与国内中天确认 2016 年下半年的现金流和盈利预测
     (我也希望早点看到这个预测,并将其与管理层薪酬对接)

### <u>邓小泊:</u>

- 一. 完成事项
  - 和管理层进行了薪酬谈判
    - 1. Dale Miller 表示基本愿意接受,配合度有所提高。然而对于我们自己派人 参与招标和注水评估私下向我表示很不满

(下周一告诉他,公司就得有创新,做为总裁他应该为此感到高兴。)

- 另外两个 D 问题较多,并且表示薪酬谈下来之前不远动手裁员,这一点计划 董事会下裁员的决议强制执行
- 我们计划逐个击破,预计2周内确定管理层人员和薪酬 (有担当!我就希望这样。九月底!)
- 董事会章程
  - 重新拟定了董事会章程。董事会收回所有权力,包括打井计划,管理层的任 免,薪酬方案和年终奖的方法(有其他细节请指示) (先就这样,保留修改董事会章程的余地。)
- 裁员方案
  - 财务部和行政部的裁员名单已经全部敲定,人力预计在9月20号开始施行 (太好了!)
  - 下周一将和 Dale Miller 进行一次沟通,让他逼 2D 拟出裁员名单,不合作就 用董事会决议执行。9 月底将完成所有的裁员 (同意! 有时需要铁腕!)
- 关于 Peaceriver bluesky 的两口井,今年可能来不及申请 license,希望能够在 12 月准备好 (可以的,一月份钻也可以。)
- 二. 下周展望事项
  - 就裁员事宜和 Corine 还有第三方人员进行一次确认 (好。)
  - 和王好总一起研究 Kaybob 区块,并向总部提交总结 (我对 Kaybob 有担忧,请加强关注)
  - 审阅 HSE 费用详细报告并上报总部 (能不能就废井处理与中石油工程公司合作?)
  - 完成注水增产总结 (期待)
  - 协助王好总完成套保项目事宜
     (抓紧,以卡尔加里中天做余下25%套保要抓紧。)
  - 请 Steven Neu 帮助和设备部一起完成 LR 之前采购的所有库存设备清点 (好,牛总工作很有条理。)

## <u> 孙毅:</u>

- 一. 完成事项
  - New Star Energy Ltd.
    - 1. 本周经过新星团队的努力对部分旧井进行了修复,产量上升了几十桶,目前 新星的产量在 3000 桶以上。

(NS产量今年一直较稳定,请总结一下供LR参考。)

 任命了新来的负责生产的副总裁 Shawn, 但有一个现任副总裁对此感到不满,我们正在与其进行沟通 (为什么?招聘高管是必要的啊?)

 3. 就漏油事件,和保险公司进行了进一步的沟通。保险公司要求我们出具一些 相关文件以便于他们进行审核,我们正在积极的准备,预计在第四季度可以 申请到保费。目前预计的费用在 200 万加元,但我们只需要付 50 万,剩余 部分都由保险公司承担。50 万的费用会被资本化

(上周我有批阅,关井的利弊?)

- 4. 就 2016 下半年至 2017 年上半年的现金流预测和财务部分进行了沟通. Long Run 的在周末发给崔总和海玲总,新星的预计下周可以完成 (对今年的情况早做预测,以便采取措施。)
- Alberta Sinoenergy Petroleum Corp. & Calgary Sinoenergy Investment Corp.
  - 1. 审查发票、费用报销和一些会计工作,以保证能够符合国税局的要求
- Long Run Exploration Ltd.
  - 1. 和 Long Run 财务部门进行了接洽,预计在未来的 2-3 周内, 拟出月末结账 (好。)
  - 跟由 Scotia 银行进行了沟通,及时的更新了我们信息,并向他们解释了签 约仪式推迟的原因,以及下一步的安排 (好。)
  - 跟律师和银行就 Long Run 签字权的事宜进行了沟通,下周将完成签字权的 变更。前任财务总监 Corine 在 9 月 15 号离职的时候,她的签字权将被移除 (好。)
  - 和 Deloitte 会计事务所进行了会面,向他们阐明了我们招标审计的目的和 Long Run 以及新星的基本情况。我们预计在 9 月 31 号拿到各大会计事务所 的投标文件,并在 10 月初做出我们的决定。对两家公司的审计事宜将在 11 月中旬进行。

(很好)

5. 和 IT 部门的负责人 Bonnie 就结构方式进行了沟通。目前拟定两个结构方式, 第一为成立一家服务公司对新星和 Long Run 提供管理服务,第二为维持现 有的 Long Run IT 部门,由 Long Run 的 IT 部门对新星进行服务。我们就 这两个方案还在进一步的商榷中。需要从一些供应商处获得反馈,以知道哪 种结构可以为其接受和更有效益

(从未来融资看,以第一方案为好。我们最近正在策划从香港金融机构融资, 需要一个统一平台。)

- 二. 下周展望事项
  - 完成新星的月结帐;

- 完成两家控股公司的月结帐;
- 和 LR 现任财务总监明确 9 月财务部的裁员行动的细节。裁员工作的展开将有助 于节省管理费用和重新恢复 LR 员工的工作节奏和落实新的任务。
- 配合我方全面展开各项采购的竞标工作,以进一步节省费用。
   (掌握节奏,尽快实施)

# <u>吴迎春:</u>

- 一. 完成工作
  - 第一次参加钻井周会
     1. 20 分钟的会议,每人对钻井项目都很高兴,Dale Miller 更是笑话不断。与成本控制会议形成了对比
    - (有人投资给他钻井,他自然高兴,不过我要求的是100%的钻井成功率)
    - 已经让 Jeff 在市场上寻找二手的压缩机用于替代租赁的。我们内部也有一些,还 得考虑是否和我们现有的设备能够匹配
      - (尽快落实)
    - 好消息
      - 周末 Cherhill 开始了第三方气加工,周三达 1.8 百万方尺/天,对方即将支 付 80 万的投资费,每月底将付加工费 (很好!)
      - 2. 压缩机和其他设备均是内部调配的
    - 成本综合报告已经提交
    - 参加了 HSE 的会议,封井实在 HSE 之下(?),感觉不管从安全管理还是从封井 施工上,我们都应该慎重考虑 (我在前面已有两处意见)
- 二. 下周展望事项
  - 就新星化学助剂高的问题展开一次会议,新的生产副总裁 Shawn 也会参加,会议 将讨论 2 个内容,第一为化学助剂的优化,第二为漏油管线分析及化学助剂的使用。他们已经提供了报告,算出的流速为 0.2m/s,腐蚀速度为 15.8mpy.他们建 议正常 pigging,这与管线化验者的观点不同,管线化验者认为 pigging 加速了腐 蚀速度
  - 计划周末提交 Kaybob 气田的现状及可能出路报告,其一就是卖给 Semcons (目前为 Long Run 加工气体)
     (吴总现在已在生产运营方面发挥积极作用,还望继续深入进去)

## Steven Neu:

- 一. 完成工作
  - 参与红水、静河和 Kakwa 区域的招、评标工作,125 家不同类型的服务公司对井场建设、钻井、完井和地面设施各个工艺环节的不同施工作业和工具设备租赁项目进行了

竞标,根据目前整理的投标情况来看,与 2015 年相比,各个服务项目费用均有不同 程度下降,比如,3 个区域的定向井施工费用平均降低约 2 千加币每天,红水和 Kakwa 地区固井费用降低约 1−1.5 万加币每口井,压裂作业红水区域预计可降低 3 万 加币每口井。

(也就是说红水地区平均每井降低超过5万加元,效果不错!)

 钻机日费,尽管依据合同我们必须使用 Bonanza 公司钻机,但是通过谈判,每台钻机 平均作业日费降低近4千元每天。

(相当于十几,二十几万加元/井,降下来了!)

- Trinidad 钻机承包商推荐了一部钻机,据调查已经闲置两年,重新启动并募集新钻工,需要磨合期,磨合期内一般作业效率会比较低下,目前正在与对方协商,要求提供一部已经开始运转的钻机为我们服务,这样可以进一步降低实际作业费用。我们对该钻机承包商尚有 166 天的承诺工作量没有完成。
   (希望尽快谈定!)
- 红水区域由于竞标引进新的压裂服务公司,其压裂液体系需要送往化验室进行技术验证,在化验结果出来之前,不能完成最后的评标程序。
- 钻机搬迁服务竞标将在钻机型号和数目确定后开始进行,计划安排每个区域3家运输 公司参与竞标。
- 红水区域井场建设已经开始启动,静河和 KAKWA 视当地天气情况,预计下星期早些时候可以开始动工。

(此次招标活动很有成效,也会影响 DM 等高管对我方的关注,甚至敬意,各分管领导都应采取相应方式。比如财务孙总在选择审计师方面也用了招标、竞标方式。很好啊!)

- 二. 下周展望事项
  - 继续完成评标工作。
  - 计划现场考察红水井场建设的进展情况。
  - 完成多分支水平井调研报告。
     (期待结果)

## 邹骏昊:

- 一. 完成事项
  - 协助孙总完成 Mercuria 提供的基本信息调查表格
  - 参与了和 Deloitte 会计事务所的会议
  - 参与了 Long Run 新楼方案设计的会议
  - 协助王好总和 Lake 总完成安全管理预算分析,并给予了翻译
  - 和孙总一起去了中国银行,未来将负责存取两家控股公司的支票
- 二. 下周展望事项

- 协助王总还有 Lake 总完成并翻译 Kaybob 区块的分析报告
- 协助孙总完成新星的月结账
- 努力配合各位老总的工作,并有效完成各位老总所分配的任务
   (希望更进一步的配合各位领导工作,总结规律性的东西,提高自我能力和素质)

# 段玥佁:

- 一. 完成工作
  - 参与了和 Deloitte 会计事务所的会议
  - 参与了 Long Run 新楼方案设计的会议
  - 协助王好总和 Lake 总完成安全管理预算分析,并给予了翻译
- 二. 下周展望事项
  - 协助王总还有 Lake 总完成并翻译 Kaybob 区块的分析报告
  - 努力完成各位老总所分配的任务
    - (感觉在迅速提高的过程中)

This is Exhibit "21" referred to in the Affidavit of Steven Neu, sworn before me on May 21, 2021

<u>王好:</u>

─. Long Run

- 资产买卖
  - 1. Kaybob 交割预计在买方获得阿尔伯塔能源局的经营资质批复后 2 日之内完成 或者 2 月 28 日
- 生产
  - 现产量为 24,584 日桶当量,产量较上周增加了 1234 桶当量,主要来自于 Boyer 天然气产量增加等。红水则增加了 260 日桶 (红水的产量一直上升缓慢,应该分析一下原因。我总觉得花了 2 亿加元打井, 不应该是这个结果!)
  - 2. 下周预计日产量到达 24,635 桶
- 天然气套期
  - 天然气现价近一两周暴跌,与美国天气逐渐变暖和做空行为导致,现在现货价格在 2.3-2.5/mcf 之间,夏天的远期价格则更低。我们会加强对期货市场的关注,争取在 2.7/mcf 以上继续套期保值行为 (天然气套期是我们保证收益的最重要手段(我们的天然气产量占 65%以上),去年冬天的犹豫使我们现在很被动。)
- 后续融资
  - 希望总部在确定另外7亿融资后,能够尽早通知加拿大团队,以便展开和加拿 大建行的贷款合同修正工作
    - (国内方面的融资最近有些拖延,还请黄总就此与银行沟通再强推一下。)
- 储量报告
  - 现在开来预计 2P 储量在 1.5 亿至 1.6 亿桶当量之间,比原来计划的要多出 20-25%

(LR 2014年的 2P 储量报告就是 1.7 亿桶(我的记忆),我是希望 2017年在 打了那么多井后能达到 2 亿桶上下的。)

- 钻井
  - 16年4季度和17年1季度已批准原计划钻井115口,现在由于减少了 Northpine的钻井和两口静河的钻井,但是加上了13口红水钻井,总钻井数 达到121口,成本还是控制在2.06亿加元

(花了这么多钱,产量增加缓慢(尤其是红水)、含油量也无明显提升,我 的压力很大呀。)

- $\equiv$ . Twin Butte
  - 交割时间

- 在总部确认了交割时间的延误后,我们与托管人确认了在2月28日前交付382 万美元(约500万加元)额外保证金,使得交割时间延迟到3月底
- TB 团队则修改钻井计划,在春休后开工 (我们刚拿到发改委批文,在等商务局的批准证书。这两周我们争取把相关 程序走完,尽早安排 TB 的交割。)

葛总(Jason):

 听取了生产部门对第四季度生产情况的汇报。产量和三季度相比,下降了 1691 桶当量每天, 其中主要原因是老井递减和新大部分新井未投产所致。12 月份的严寒天气造成产量下降了 400 桶当量每天。和同期预算产量相比,基本持平。四季度实际平均产量为每天 21456 桶当 量,预算产量为每天 21350 桶当量。但整个 2016 年产量中油液含量过低(38%),预计红水 新井全部投产后,全年的油液产量能接近 50%。生产操作费用居高不下,同三季度相比,第 四季度生产作业费用增加了 240 万,详细真实原因需要进一步分析。下步已经安排和生产部门 有关负责人专题讨论如何降低操作费用。

(要高度关注运营费用的增加!按说新井投产其每桶运营成本只是老井的三分之一。另外不要 把固定资产投资费用计入到运营费用中。)

 由于钻井账单积压严重,给我们做压裂的公司 Canyon 给我们提出了威胁撤出压裂队伍的邮件,大D将此事移交处理。我及时和和对方公司的 CFO 等人紧急开会见面沟通了两次,有理 有据的解除了此次危机。也建立了双方高层互动的渠道,以防止未来类似危机发生。同时已安 排财务梳理逾期账单,按优先顺序一旦后续资金到位逐步安排付款。

(好的!我们加快融资进度,力争尽早解决问题。)

安排公司人力资源经理重新对公司目前的薪酬体系做评估,参考专业人力咨询公司的最新数据,做出测算。结论是:我们将要择机推出的薪酬长短期激励机制是有一定竞争力的,大部分员工薪酬能达到当地油气市场 50% (P50)的公司标准,而非以前他们讲的只能达到25%(25%)的公司标准。但我们目前的体系只有高级管理层相比市场薪酬明显偏低(只有市场同等岗位平均薪酬的 45%左右),可能对下一步引进其他高管难度较大。经过这次仔细的测算,给我们增加了很大的信心,员工未来的流动性和不稳定性不会像以前想象的那么大。这对中天未来完全掌控公司决策帮助很大。

(我与潜在 COO 应聘者谈过,进入 LR 他的基薪会增加 30%左右,按说 LR 的薪酬还是有竞争力的。)

 希望总部能及时在月底前到位 2000 万资金。在 3 月中以前建行后续资金到位以支付庞大的积 压账单。

(黄总、陈总一直在安排办理外汇贷款,今天应该解决。)

林总(Michael):

1) 和三家公司的财务负责人进行了面谈, 传达了总部对各公司在财务管理和报告的期望。在每月结算

日(25号)十天内把财务报告合并后发给总部,并关注各公司的套保,生产,收入以及开支。

这是三家公司提供及整理过后的 2016 年 12 月營運報表,三家公司在營運的角度上也是盈利的。

(这比你上次发给我的资料缺了产量、单价,反而无法进行比较了。你还是多给我们一些数据。) 2)新星内部:

- 暂时接手了 Steven Sun 的会计工作,开始准备下月从中国来的审计师以及四月份加拿大的审 计;也开始物色适合的会计人员,初步定为有会计执照并有三年左右会计经验。
- 加强内部开销审批程序,从以往的单签改变成为现在 CAD \$ 1 万以上的支出需要双签(我和 Bill Andrew)
- 为了弥补人员流失以及配合打井计划, Bill 新请了一位工程经理, 一位地质技术员以及一位 land man。
- 为了更有效的管理新星,杨总召开一个会议;讨论并确认总部的指令应由现有董事(吴总)传递,并由牛总和我在新星内部配合执行。

(就按杨总的安排执行吧。)

- 3) 各控股公司
  - 各控股公司也达到双签(绿能下周办手续);发现卡尔加里 sinoenergy 和 Alberta Sinoenergy 的会计账目近几个月欠缺打理(但银行现金没有发现问题)因为 Steven Sun 走得比较急,没有太多时间交接,所需要一点时间理顺帐目

(抓紧理顺。)

4) 优士石油

- 协和胡总(和 PwC)策划原油贸易以及码头建设的商业计画书
- 协助胡总向银行申请 LC
- 协助胡总与 MEG Energy 谈判,成功推掉 4 月份的那一艘船以及讨论以后的合作

<u>Steven Neu (牛总)</u>:\_\_\_

• TB: 马蹄湖区块土地资源权限即将到期,这是一块被较为看好的中质油区域,TB 不想 失去它,由托管人同意以及阿尔伯塔能源局特批,他们决定抓紧时间在春季休整期来 临之前完成一口评价井(最低工作量)以保住这个区块不被政府收回。

(这个安排很好。)

- NS:初步预计第一批钻井需要套管总长度约 56 千米,考虑到目前套管供应紧张,价格 上扬,计划把这批套管和 Long Run 下一步打井所需套管捆绑在一起向供应商询价, 以期得到相对较低的优惠价格。
   (好主意!我们手里的几家公司就应该选择联合采购,工程施工(钻井、压裂、地面 设施)也应是统一安排,既可提高效率,又能降低成本。)
- NS:为了把钻井计划往前赶,在等待 NS 地质人员(bill 跟我说他们已经物色到了合适的地质师)具体落实井位的过程中,提前提供给长城钻井公司大致的钻井区域,让他们事先熟悉该地区的钻井情况以及地质资料,以便准备初步的钻井设计和投标文件。这样一旦井位确定,气候允许,就可以很快组织钻井施工。

14 号,9 号,24 号以及 8 号钻机已经全部撤离,目前只剩下 4 号和 5 号钻机在红水地区。4 号钻机还有最后一个井场 3 口井,预计 10 天可以完成,然后撤离。5 号钻机钻完目前 2 口井后,将搬迁至 11-11 井场继续钻进(13 口井)。

吴迎春:

一. 完成工作

- <u>优势</u>:油样己到 Edmonton 化验室. (不知为何 Lloydminster 的 6 个区油样是分批分人送到 Edmonton 的,耗时)
- <u>NS</u>: 一周生产均值 2,765 boe/d. 稍高于上周的.

杨总周四召开会议,牛总,小林总参加.杨总说他现在只是个顾问(Consultant),不再 主导,而我应起 Director 的作用.请总部明示. (按杨总安排办。)

- 向汪总提供了新办公室 5-6 楼布局图(暂不让进去看,里面也是全空的). 汪总表示他更喜欢高层点的. 再一个,他要 open,敞开式,不是每个人一个办公室. 因此要尽快定下来. 不然改造成本在增加.
   (LR 租的层位有比较高的吗? 汪总要用的肯定是敞开式的。吴总马上告我 LR 订的是哪些层。)
- <u>LR</u>: 63 口新井共生产 4,770 boe/d(一周均产. 井数统计: 无产量不算投产, 以计算单井均 产).

在 Redwater 地区, Redwater 北部油田, 33 口井投产. 单井均产 55 boe/d, 接近预估值. 有一井场 8 个井, 刚投产, 暂无产量数据.

Redwater 中部油田, 仍是 4 口井投产. 单井均产 61 boe/d, 达预估值.

Brudheim 北部油田, 8 口井投产. 单井均产 40 boe/d, 暂低于预估值. 仍有背压高而限产问题.

(红水已打井101口,只有45口井投产,这是目前最大的问题!请你们认真研究一次,把 原因和措施告我。) This is Exhibit "22" referred to in the Affidavit of Steven Neu, sworn before me on May 21, 2021

-. Twin Butte:

- 与托管人确认交割时的金额调整数额。
- 与国内确认汇款的时间和金额。
- 与管理层确认交割时需要支付的款项和交割后2周至1个月的资金需求。TB在交割后资金需求比较大,需要总部进一步支持。
- 与律所敲定管理层合同、员工合同及零时工合同,并在周一把合 同定稿发出。
- 与管理层确认员工的薪水调整已经 10 月份奖金的分发情况。经 比较,除管理层外,TB员工的底薪比 Long Run 的底 20-30%左右。
- 起草三月底四月初打井的相关文件。
- 商议了让 Rob 来代替大 D 管 Long Run 的方案,并在周五约谈, 初步沟通效果还行。

(如果能说服 Rob 到 LR 任 CEO, 留 COO 和 CFO 在 TB, 是一个很好的安排。)

<u>牛总(Steven):</u>

  - 开始以西湖公司临时 president 和董事身份陆续签署上千份交割 文件,包括各项法律声明、国有以及私有土地矿产资源权和作业 权移交、联合作业项目转换、更新各种市场合同、土地继承权交割 等等。

(这个临时总裁很起作用啊。)

- 托管人将在交割之日宣布解除和 TB 的托管关系,为保证公司平稳过渡(尤其现场生产),我们需要提前签署雇佣合同将 TB 员工转为西湖公司员工。TB 管理层提出的工资方案,基本原则是除了个别技术骨干需要增加 2-5%之外,其余维持现有工资水平。出于全局和长远考量(下一步 TB 和 LR 的合并),我把两个公司所有员工从级别、职能以及业务等几个方面做了详细分析和对比,以下是结果。注意,TB 工程及地质物探技术人员平均行业经验要比 LR 高出 39%。
  - 1. 高管工资: LR 比 TB 平均高出 13%
  - 2. VP 工资: LR 比 TB 平均高出 34%
  - 3. 经理工资: LR 比 TB 平均高出 23%
  - 4. 财务人员: LR 比 TB 平均高出 46%
  - 5. 工程技术人员: LR 低于 TB 12%
  - 6. 地质物探师: LR 低于 TB 4%
  - 7. 土地、安保、市场人员: LR 比 TB 平均高出 11%

- 8. 采油生产人员: LR 低于 TB 15%
- 9. 另外, TB 没有 IT 部门, LR 专职 IT 人员年工资总计 62 万加 币。

从工资布局结构可以看出,LR 薪酬体系倾向"后勤"人员,TB 倾向"前线"生产技术人员。另外,LR 部门结构相对队臃肿,在LR 专门设置的一些部门经理职位,在TB 由经验丰富的 lead 员工担任。

(同意对 TB 员工薪酬调整方案。如果 Rob 能到 LR 就职,对其人员调整、内部管理是很有价值的。)

- $\equiv$ . New Star:

Hi Lake,

There is a Alberta crown land sale posting in the Rosenheim area (the Rosenheim area was included in the presentation –  $2^{nd}$  last page). It's for 64 ha the NE-26-38-2W4 and is within an area we are consolidating through the land acquisition with Heritage Lands. The play is the Sparky zone. The remainder of the section is owned by Apache and we have talked with them already and they would be willing to do a deal such that we could acquire the whole section. This would fall into a 2018 drilling program.

We were planning on submitting a bid of \$13,400 or  $\sim$  \$190/ha for the 64 ha.

I am asking for approval for this bid.

Thank you,

Dave

The HRP and Prairiesky acquisitions will have AFE's raised for them separately as they are material.考虑是否给管理层一个建议,只要是我们已经批准的LAND费用,不要等到DEAL CLOSE再录入,能不能像其他 program一样,批准后立即进入AFE系统?这样便于我们keep on tracking 究竟已经批准多少LAND费用了,至于最后结果land没有买下来,可以另外记录。

His resignation from the office of President is required on the 30<sup>th</sup> so that we can appoint Dave Middleton into that role as of that date.

我正要安排做一个每周会上的通过的AFE(比如clean up, recompletion这些),方便以后追踪完成情况。每周往里面添加,两个月review一次。这个就由steven来完成。你们觉得如何?

Steven, 你列出的是AFE吧? Budget是全年的总预算, budget的每口井cost会低于AFE一点。

在 2017-04-20 01:52:40, "steven neu" <<u>steven.n@snencn.cn</u>> 写道: Lake, 目前WL等待批准的BUDGET近1500万, 我梳理了一下组成内容, 如下:

| recompletion | \$473,665    |
| Seismic      | \$1,934,995  |
| total        | \$14,704,140 |

以后随着工作进展,这个数值以及各个BUDGET项目内容是不停变化的。每周一次管理会,各个部门负责人简 单介绍一下项目,我们批准了,以后再来一些新项目,再批准,如此一年累积下来,比较难追踪,执行到最后,还 是难以控制成本花销。针对这个情况,我设计了一个可以随时更新的成本追踪表格。在这个表格里,每个项目总b udget多少,我们已经批了多少,还有多少余额,清清楚楚,一目了然。这是一个动态控制过程,一旦批准项 目的BUDGET已经接近总预算额,但还有相关项目陆续等待批准,我们可以提前警觉亮红灯。有什么想法,请 让我知道。

牛总: 您做的工作很有意义。 我对WL的产量一直有担心,您帮我解决了这个问题。也请您届时紧盯钻井效果,及时调整。 对于每桶成本,您也仔细想想有什么办法可以控制并有效降低。 油价问题,我一直以为WL的重质油卖价是WTI美元价减17美元,实际上是WTI美元价减20·8美元,这有点出乎我的意料。为什么差距这 么大我还要进一步和WL管理层讨论。 请小泊总也关注上述问题。

董事长、泊总:

西湖公司管理层先后提交了两次2017年产量计划,总的来说变化不大,预计年底可以达到15,000桶日产量。我根据 现有资料,把2017年17个地区的75口井,每口井都过了一遍,整理出9条不同类型的生产曲线,又自己算了一遍,结 果相似,详细计算过程和结果请见附件。

2017年生产产量目标能否顺利实现,主要取决于两个因素,钻井计划的执行情况和新投产井产量预估的准确度。关于 钻井计划的实施,由于人为可控因素要多些,通过有效的组织和技术上的管理,具体操作起来,把握性相对大些。产 量预估这部分,西湖公司从来没有大规模在不同区域、不同生产层位尝试过多分支水平井,其标准生产曲线数据不是 来源于周围井实际生产数据,模拟计算的比例成分比较重些,关于钻井类型和具体油藏类型能否匹配,产生多好的效 果,有待实际结果验证,所以地下不可控因素相对要大一些。针对这个情况,我们提出要有备用计划,盯紧每一口新 投产井的生产情况,并据此来调整下一步钻井计划,发现苗头不对,及时调头,要有灵活性,避免出现年底总结,无 法补救的被动局面。

祝好 Steven

同意。LR最近开始冬季钻井回顾,我也在peaceriver的会上问了同样的问题:为什么发现油层比预计的薄还要一直打下去?为什么14口井都是infill(两口现有在产井之间的井)?发现前几口压力不够就应该停下来更改钻井计划打redwater了,为什么还闭着眼睛往下打?为什么没有其他方案?Rob也批评了他们这种做法。为了避免这种情况的发生,请Steven密切关注WL每一口井的投产情况。

目前WL的评价井(35%)产量是按照53%、60%的标准曲线产量计算的,在定位是评价井还是开发井的判断上,他 们是给自己留了一些空间的。负责开发的VP是个偏于谨慎的人,我认为他们提的产量要求是非常可行的(年平均 11900桶,年终15000桶),并且已经同意他们把这个作为目标向员工公布了。因为地下因素的不可控,还是要适当 的给他们团队一些信任,观察一旦有情况不如预期的井,他们的反应速度和处理方式,我们再决定要怎么参与他们的 工作。

### 钻井动态

由于政府春季封路,第一台钻机原地等待搬迁,一旦天气好转,立即移动。目前正在讨论第二台 钻机迁入计划。

### 2017 年产量预算

WL管理层前后提供了两次数据,第一次是年底达 14947 桶/天,平均年产 11311 桶/天。第二次是 年底达 15404 桶/天,平均年产 11912 桶/天,差别不大。我根据目前掌握的数据自己测算了一下 (见附件),年底可达 15459 桶每天,平均年产 11695 桶每天。这个产量预算能否实现,主要取 决于下面两个条件:1,目前的钻井计划能否顺利实施。2,目前产量标准曲线的准确程度。具体 应对措施是:1,如果春季由于天气不配合而导致钻井施工延误,那么以后要动员更多钻机加大钻 井力度,这样做不利的一面就是会提高钻井成本。2,地质、油藏部门要有备用方案,盯紧每一 口新投产井的产量结果,一旦有偏差,及时调整现有钻井方案,不能等到一批井打完,发现效果 不理想,但资金已经投入,为时已晚,无法补救。

#### 2017 年现金流预算

如果上述的产量预算能够实现,财务方面提供了三种可能出现的情况,按6月到12月,若以WCS 46.55 加币预计,年底现金流总计约6300万。WCS 50.57 加币预计,年底现金流总计约7100万。WCS 54.42 加币预计,年底现金流总计约8000万。

### 增加产量和提高现金流具体措施

钻完井:

1, 取消春季整修,钻井计划往前推移。5月初迁入第二部钻机。5月底或6月初搬迁第三部钻机。 具体实施能否顺利,主要取决于天气情况。2,动员一部小型钻机为所有大型钻机预设一开井口, 从整体上提高钻井作业施工效率和进度,并平均使每口井提前1到2天进入投产。按初期投产平均120桶每天每口井,72口井,平均25元每桶现金回流,每早投产一天,每天可多获现金流逾 22万加币。3,把两口单水平段压裂井设计成一口多分枝无压裂井(前期资金投入相当),这样 钻完井后不需要等待压裂,可以较快投产。4,由于多分枝井平均日产量高出单井 60%左右,在钻井计划排列中,条件允许,尽可能把多分枝井往前排,早打早产早获现金流。

二次完井:

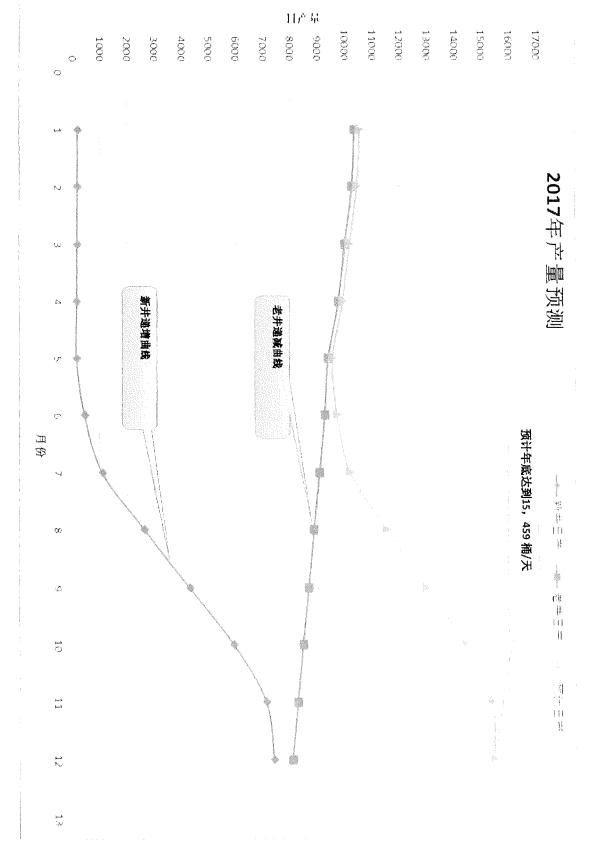

在不同地区筛选一批老井进行重新完井,包括洗井、再次射孔、换泵等作业,其中一部分费用可以转入资本性支出。

弃井:

三个主要弃井区域, Provost、Frog Lake 和 Neerlandia, 估算费用约 5 百万加币, 其中 Neerlandia 区域与 Long Run 重油区域邻近, 两家可以商量共同使用当地施工队伍以降低作业费用。

采油:

通过对不同生产区域的生产用工、现场服务商、化学药剂使用、防腐维护、油水处理和原油运输 等成本构成项目的梳理,在目前操作成本上,争取每桶再降低1加币。

谢谢牛总。Longrun的一周生产情况报告也在整理,预计今晚可以发出。往后三个公司会形成固定的周 报生产汇报模式,LR由我发出, NS由michael发出,TB由Michael发出。 其他人补充。

Steven请注意TB的AER要求的9月前废弃的150口井执行计划,确保按照最经济的模式运行。去年12月打的上周压裂开始生产的那口井请关注产量。

Michael继续和国内研究可资本化的费用, 定稿TB的奖金机制细节。

这次在油田工作一个星期,参与了整个施工过程。

AICD堵水技术主要适用于中质油DINA和CUMMING底水驱油藏。这类油藏,以ROSENHEIM NORTH区域为例,投产后平均两个月出水达50%,100天后可以高达80%,半年后可以上90%。另外一个区域CADOGAN出水情况更为严重些。每天几千方的产水不得不回注,花费颇大。如果测试成功,西湖公司目前在这些地区约有100多口井有潜在的可能性应用这项新技术。该技术在挪威北海油田应用比较成功。在中海油渤海湾油田也测试过,后来发现专利被拷贝,项目暂停。

AICD技术的核心是下图这个5mm 专利限流孔阀,油和水同时流向这个孔阀时,由于黏度的不同,稠油更容易流进孔阀而将水阻挡在外。

限流孔阀上方是防纱筛管,用来阻挡颗粒比较大的沙子以防止堵塞孔阀。

下图是安装完毕的准备入井的套管。限流孔阀已经被短箍保护住。

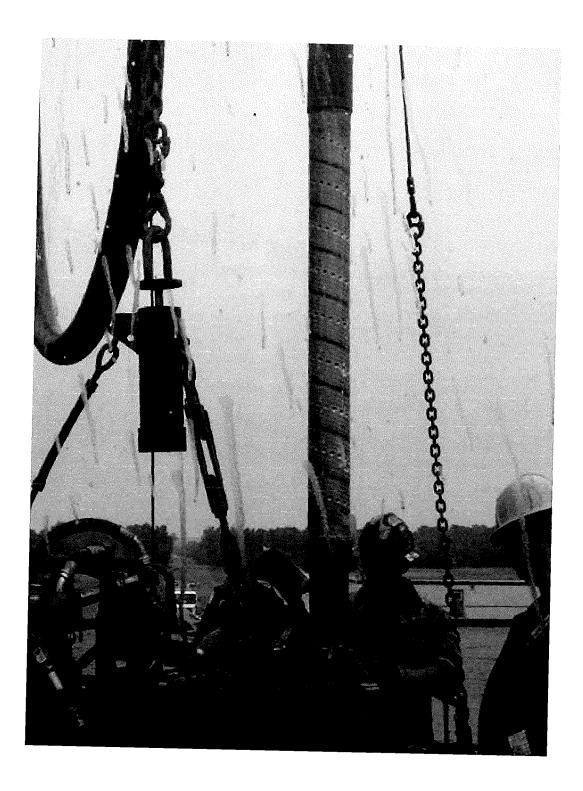

下图是膨胀式封隔器,遇油水后自动膨胀,将油水一段一段分割开,避免相互串通影响。

管柱入井。

我已和West Lake管理层开会做了安排,原油处理设施由WL公司组织施工,处理能力最好能达到2万桶 / 日,CAPC由 吴迎春总负责跟踪协调。建议吴总经与小林总一起与WL高管商议再到现场指导,免得造成WL方面的误解。

这9口LITHIC井中: 一口是3腿井,产量最高时只有30桶左右,目前只有11桶,远远低于90桶的预期值。 一口6腿井效果也很差,目前产量只有10左右桶。 4腿井中,有四口井平均产量也比预期值低50桶左右。 不过,有一口5腿井16-28,其产量过200桶,一口4腿井10-22产量过250桶,再加上这口4 00桶的10腿"功勋井",其总的平均值还是会稍高于平均曲线的,具体数值我会在下一步的专题报告中详 细给出。 实际上,统计井的腿数多少其意义并不很大,关键看井眼通过油藏的进尺数以及相关优质油藏的比例高低。

这9口井平均产量能够达到标准曲线吗?

昨天去了红水现场 今年年初完钻一直未能压裂的16口井压裂进行到了第8口 跟现场压裂队伍交流是情况不乐观 有可能 是井放了太久过了冬 水泥发生了变化 也可能是真的打到红水油藏的西北边缘了。请关注一下压裂的情况。

第一口四腿井(红水中部)已经投产,第二口四腿井(红水西北)目前还在swobbing,泥非常大。相关钻井事故分析 报告预计本月完成。

在 2017-10-25 06:47:15, "Steven Neu" <<u>sneu@westlakeenergy.ca</u>> 写道:

我们上次所钻的10腿井,投产3个星期以来,日产量已上窜到411桶每天,与此同时液面并没有呈下降 趋势,表明尚有潜能。 这是TB有史以来所钻最高产量的油井。这口井所在油田ROSENHEIM NORTH目前总 产量830桶,这一口井的产量就占了一半以上,奉献蛮高,可谓名副其实的"功勋井"。

不过,这里也泼点儿凉水。该井打在GP LITHIC沙河道油藏上,这种LITHIC油藏一个 重要特点是岩性变质,产层变化多端,很难有复制性,也就是说,同一个地区,周围再布置一口井, 结果就很有可能迥然不同。我们今年完成的38口井中,有9口井是被布置在这样的油藏中的,大部 分没有达到预计生产曲线,所以这口井虽然让人皆大欢喜,但也确实出乎意料。我计划稍后专门做一 个这方面专题的产量分析报告。

明天我将去油田工作几天,先去看看我们有可能改造的LASHBURN处理厂(最终目标是提升原油处理能力到2万桶每天)和附近的ALTEX的原油装卸站。然后从生产操作成本角度考察几个中质油田的油气处理厂和污水回注厂。最后去我们新开钻的PD148钻机。

—. Long Run

- 资产买卖
  - 1. Kaybob 交割继续因为买方还未获得阿尔伯塔能源局的经营资质而继续延迟。买方的申请已经有一个多月之久,久久未能获得还是相当担心
  - 除了 Kaybob 之外,不建议今年再卖出任何资产。我们的储量报告相对市场而言是较高的,尤其今年的储量增量有很大一部分是 Boyer 贡献的,如果出售不但卖不到任何价钱,反而会造成当年财报亏损(我主要是担心 Boyer 的存量低产井的废弃计提是个天文数字,请葛总和Lake 及有关部门研究一下这事,给我一个邮件。)
- 天然气套期
  - 天然气这周尾声稍微回暖,对冲今年的气价可以锁定在 2.47/mcf 左右, 我们会继续加强对期货市场的关注。油价则相对稳定 (气价实在偏低。往年冬季还没这么冷,什么原因?对全年的气价走势杨 总、葛总、王好总怎么看?)
- 后续融资
  - 跟葛总沟通后,我们觉得另外7亿融资非常紧急,希望国内能够尽早通知 加拿大团队最新进度,以便展开和加拿大建行的贷款合同修正工作 (这件事还是请黄总召开一个电话会,向国内外团队通报一下进度并确定 基本时间表。)
- 储量报告
  - 2P 储量最后锁定为 1.61 亿桶当量,最终的报告则还需要 2 周完成 (不理想。按当初预计值增加 20%折旧计提。)
- 二.Twin Butte
  - 交割
    - 由于 TB 的 Alberta LMR (计算方式包含过去 12 个月的平均产量) 在二月 跌至 1.95。根据 AER 的最新规定,凡是在 2.0 以下的交易都需要向 AER 额外申请审批,否则必须要向 AER 交保证金。所以我们还要向 AER 申请 豁免方能完成交割。这个工作已经和 TB 管理层沟通,预计周一递上豁免 申请,预计问题不大
      - (一季度未能打井的后果开始呈现。)
    - 2. TB的管理层在和董事长沟通之后,理解了我们想多购买周围的土地增加井 位,并采取了一下措施:i)管理层与周边的数家公司签署了土地购买协议, 在 TB最后交割的时候生效,总共花费约110万加元,预计能增加等同11 口四条腿的水平井。ii)管理层已经向省里申请购买一些土地,按照程序省 里相关部门应要求将在6月对该土地展开拍卖。为了迷惑其他竞争对手,

王好:

TB 管理层建议把我们最好的四条腿井(现日产 170 桶)给减产至 35 桶, 好让其他竟标者困惑。代价是在此期间销售收入会减少 50-60 万加元,对 全年的财报有小小影响。希望总部对这两件事发表看法。

(同意购买小区块,比青蛙湖原住民手里拿权益合算。如果短期减少点产 量是可以接受的。)

- 3. 在 ATB 银行开户一事牛总正在推进
- 4. 由于之前负责 TB 的律师 Xiaodi 从 McCarthy 跳槽到 BLG,为了节省成本和保持持续性(如果换新律师接手熟悉所有的进度则成本更高),我们选择了由 BLG 和 McCarthy 共同管理直到项目交割结束。BLG 提出了在购买完所有 TB 资产后再以 1 加元购买 TB 的公司壳的想法,这样可能可以节省三维地震资料的转让费用,并增加 5000 万至 8000 万加元的税池(加拿大税池分 5 大种不同的性质,原交易能够保留大部分税池,还有一些是跟着公司壳走的)。由于购买公司壳的索赔程序也需要有一定的程序成本(约20-30 万),我们和 TB 管理层也在计算到底此举是否划算。以上这一想法丝毫不影响 TB 的交割进度,如果进行也在 TB 资产交割后进行。(该思路可行。壳公司买回后还是把资产注回去,留下 TB 让她焕发青春,把West Lake 名给母公司作为控股公司?)
- 托管人告知由于托管人和 TB 现办公室的房东有些法律程序上的纠纷,建 议我们去和现房东洽谈,以成本价把租约延期到 7 月 1 日。下周我们会让 TB 团队开始此工作

(就按这个建议谈吧。)

 青蛙湖的 Joe 在知道了我们在加拿大的其他业务后忽然推翻我们之前的方 案开始纠缠不清,通过胡总了解到他们是想从我们这边索取更多的钱。他 们的无理取闹完全不符合法律程序,托管人和律师建议我们置之不理,说 一切等到交割完之后再去搭理他们。青蛙湖的行为丝毫不会影响我们交割 的进度

(我也是这个想法,不理他们。甚至交割完后也不去搭理他们,我们下半年打新井不必在那 30 平方公里上下功夫。让他们泄气了再说。)

葛总(Jason):

 本周我和大 D 及生产副总裁去了红水的油田现场,去看了剩余两台钻机的钻 并现场、压裂现场及一些新投产的油井生产现场。总的觉得现场钻井及压裂 工作组织有序,安全生产隐患较少。我们也去看了一下北部新建成的油气处 理厂和 Opal 的气体处理厂,这些新老处理厂都运行正常。并和现场服务公司 和 LR 的员工进行了交流,稳定现场员工,让现场员工理解公司的变化对他们 没有什么影响。建议以后高级管理层要时常去现场看看,多掌握一手资料。 从财务经济角度看,红水地区的地面设施及井口设施多(井数多),过去的 投资都比较大,导致现在固定资产折旧大,未来的弃置及恢复地表成本也不 会小。

(对 CFO 主动去油田现场表示赞赏。但红水区块新井投产进度过慢的原因是 什么? 葛总在现场有无交流?)

- 人事情况:本周有3名员工辞职,包括勘探开发经理。建议解决完大D问题 后,尽快公布新的薪酬体系和公司的未来中期计划,以稳定队伍。公司未来 的不确定性是导致员工辞职的主要原因。
   (赞同。)
- 财务方面:作为加强财务管理的一个举措,从本周起,支票的双人签署金额 由10万加元调整为5万加元,加强资金支付安全。积极准备国内审计资料。
   本周末完成大部分审计资料的上传至共享文件库。
   (同意。)
- 4. 按董事长指示,我们紧急和新办公室装修公司和设计公司开会讨论了装修计 划变更所带来的对项目进度和成本的影响,以及在不增加很大成本下的应对 措施。下步重新申请施工许可、争取将时间抢回来,确保 LR 6 月底能搬过 去;另外,要尽快和贸易公司签署合约,讨论 8 楼的装修计划,以便尽早提 供施工许可。

(贸易公司注册可能还需要时间,其国内母公司还有些程序。可通过胡总请 汪总提出其装修要求或者留待后面装修?)

资金需求: 请总部加快剩余7亿建行贷款到位事情。将到账的2000万付出后,本月底还有4200万到期账单需要支付,因此希望7亿的贷款能在20日左右到位。

(同上, 黄总正在推进中。尽快开一个会沟通一下吧。)

<u>Steven Neu (牛总)</u>:

- TB: West Lake Energy Crop 公司徽标最后定稿。TB开始着手准备印刷公司招牌、文件、信封等办公用品。
   (在前面王好总那个信息基础上,我的新建议是,实体仍叫TB,控股公司用West Lake,麻烦不麻烦?)
- TB: 青蛙湖 50% 权益购买协议搁浅,我和 COO Dave 商讨此事,认为如果一时解决不 了,可以考虑延迟今年该地区打井计划,转而在其他区域安排井位弥补相应损失产 量。我们越急于打井,对方要挟我们的价码就会越高。 (和我前面思路一致。)
- 3. NS: 已经和 bill 商量好,给我安排一间办公室,以后每周我会过去工作一到两天,全面开始准备 2017 下半年钻井计划和安排。

(很好。)

4. LR: 已钻井和投产井数

林总(Michael):

1) 和 Jason, Dale 以及Wes 去了 Red Water 现场,考察了施工进度;确认 4 号钻机正在打最后 一口井, Caynon 压力公司正在加压,以及其余已打的油井正在为投产作出最后准备。因为现场的 员工受到外判施工队不同程度的压力,所以我们也代表总公司为现场的员工打气,给他们一点精 神支持。

Attention: Mr. Steven Neu, CEO

Dear Mr. Neu:

#### Re: BLG Engagement Agreement

We thank you for retaining the services of Borden Ladner Gervais LLP ("BLG", or "we") to represent and advise Henenghaixin Corp. ("you") in connection with the matter described below. We can now confirm that our conflicts clearing process has not disclosed any conflict of interest in our doing so.

We appreciate the opportunity to be of service to you. By choosing BLG, you will benefit from the dedication of a team focused on your success, determined to handle the assignment promptly and effectively, and strongly committed to offering you personalized service. We look forward to working with you.

Xiaodi Jin, who can be reached at (403) 232-9523 or <u>xjin@blg.com</u> will have primary responsibility for our relationship with you. If at any time you have questions, concerns, suggestions or criticisms, please contact Xiaodi Jin immediately.

We believe that a strong and lasting business relationship is based on clarity. In order to ensure this clarity in our relationship with you, we have prepared this engagement letter, which defines your and our respective roles and responsibilities.

The agreement resulting from your acceptance of this engagement letter will be subject to the terms set out in this letter, including the general terms and conditions (the "Terms and Conditions") set out in the attached schedule, which forms an integral part of the letter.

If this letter meets with your approval and reflects your understanding of your and our respective roles and responsibilities, please sign and return it to the undersigned.

Lawyers | Patent & Trade-mark Agents

Borden Ladner Gervais LLP is an Ontario Limited Liability Partnership

## 1. Description of Mandate

You have retained us to provide you with legal advisory services on matters including, but not necessarily limited to, corporate and commercial work related to the acquisition by Henenghaixin Corp. of Twin Butte Energy Ltd. assets out of receivership from FTI Consulting Canada Ltd., potential negotiations with Frog Lake Energy Corp., and employment matters relating to West Lake Energy Corp. executives. We will provide you with legal services which in our professional judgment are reasonably necessary and appropriate to carry out this mandate. We confirm that we are not providing legal advice or services except as described herein.

Of course you may limit or expand the scope of our engagement from time to time, provided that we agree to any such expansion. If at your request we represent you on related or additional matters and do not ask you to enter into a separate engagement agreement, the terms of this engagement will apply to such other matters.

#### 2. Description of Client

Our representation of you does not include the representation of related persons or entities, such as the individuals or entities that are shareholders, directors or officers of a corporation, its parent, subsidiaries or affiliates; partners of a partnership or joint venture; or members of a trade association or other organization. In acting for you, we are not acting for or taking on any responsibilities, obligations or duties to any such related persons or entities and no lawyer-client or other fiduciary relationship exists between us and any such related persons or entities.

### 3. Instructions

We will accept instructions for this engagement from Steven Neu and other members of the Henenghaixin team.

### 4. Undertaking to Preserve Confidentiality

We will at all times preserve the confidentiality of information you disclose to us, subject only to applicable law and our professional and ethical obligations. This duty of confidentiality includes, under applicable professional rules, that we must not disclose having been consulted or retained by you about this matter unless you consent to our doing so. Our acceptance of this matter is on the basis that you consent to our disclosing to third parties from time to time that we represented you in this matter and to our disclosing to third parties a general description of the matter. Such disclosure would not in any way extend to any sensitive information or to any details beyond a general description of the transaction.

Because we owe this duty of confidentiality to all of our clients, we will not disclose to you information we hold in confidence for others (even where such confidential information would be relevant to our representation of you) or disclose to others information we hold in confidence for you (even where such confidential information may be relevant to our representation of those others).

### 5. Identification of Potential Conflicts

(a) We have conducted a review of our records and we confirm that we have not identified a legal conflict of interest in representing you in this matter. We searched the following names:

Henenghaixin Corp. West Lake Energy Corp. Twin Butte Energy Ltd. Frog Lake Energy Resources Corp. Rob Wollmann David Middleton Alan Steele

- (b) Please let us know immediately if there are any other names that we should search in connection with this matter or if there are any changes or additions to these names in the future. We are relying on you to let us know of any other parties who become involved in this matter, including any parties whose interests may be adverse to yours.
- (c) Please note that we do not normally consider ourselves to have a legal conflict of interest because we represent another client who is a business competitor, customer or supplier of yours; or is asserting through us legal positions or arguments that may be inconsistent with those you are asserting or may wish to assert; or is adverse in interest in another matter to an entity with which you have a relationship through ownership, contract or otherwise. Unless you have asked us to perform a search against particular entities described in one of the above categories, our conflict search will not identify any issues arising from our representation of them.

#### 6. Representation of Other Clients

We wish to avoid circumstances in which our representation of another client would be inconsistent with our duties to you.

(a) While you are our client, under applicable professional rules we are not permitted to act for another client in any matter that is directly adverse to your legal interests unless you consent. Our acceptance of this matter is on the basis that you now consent to our representation of other clients in other unrelated matters that may be directly adverse to your legal interests and to our representation in other matters of the party that is adverse to you in this matter provided that (i) the other matter is not the same as or related to any matter in which we have represented you and (ii) we protect your confidential information.

- (b) Your consent means that while we are representing you in this matter, we could represent another elient in an unrelated matter that is directly adverse to your legal interests including a lawsuit, negotiation, financing transaction, auction or other acquisition transaction, regulatory proceeding, insolvency/ restructuring or other matter.
- (c) Our acceptance of this matter is on the basis that when you are no longer our client, under applicable professional rules, we may represent another client in any matter that is directly adverse to your legal interests provided that (i) the other matter is not the same as (or related to) the matter in which we previously represented you and (ii) we continue to protect your relevant confidential information, and in this regard you acknowledge that the establishment of an appropriate ethical screen will be sufficient protection of the confidentiality of such information.
- (d) This retainer does not preclude BLG from acting for other entities which may be existing clients or you identify as potential clients of Henenghaixin Corp. or its related companies.
- (e) For the avoidance of doubt, BLG's provision of general bankruptcy, insolvency and/or regulatory advice to Henenghaixin Corp. will not preclude BLG from acting for a third party on a bankruptcy or insolvency matter in which Henenghaixin Corp. or its related companies are advising on or otherwise involved.

We are relying on the consents described above in agreeing to represent you in this matter and we will not be seeking any further consent from you or consulting with you before advising, acting for or representing another client in an unrelated matter with legal interests adverse to yours. We therefore recommend that you seek advice from independent legal counsel (which may include your in-house counsel) if you have any questions concerning the implications of providing this consent.

### 7. Termination

You may terminate your engagement of us for any reason prior to the completion of this engagement by giving us written notice to that effect. On such termination, all unpaid legal fees and disbursements will become due and payable. We may terminate our legal representation of you prior to the completion of this engagement for any reason subject to our professional and ethical obligations, including as a result of conflicts of interest that arise or unpaid legal fees or disbursements.

Unless our engagement has been previously terminated, our representation of you will cease upon receipt by you of our final account for services rendered. If, upon termination or completion of this engagement, you wish to have any documentation returned to you, please advise us. Otherwise, any documentation that you have provided to us and the work product completed for you will be dealt with in accordance with our records retention policies and practices. Please note that our records retention policies and practices may not be

synchronized with yours. If you have any concerns about what we retain in our records or dispose of, you must alert us to your concern. Absent written agreement with you to the contrary, we are free to retain or destroy the records we possess with respect to this engagement as we determine to be appropriate.

## 8. **Progress and Reporting**

We will keep you informed from time to time and report to you in a timely fashion regarding the status of the matter. It is also our practice to provide copies to you of all significant documents and to inform you of all significant communications and other developments in the matter. The file is open for your inspection at any reasonable time.

We ask that you remain in close contact with us and that you be available to consult with us as developments occur and to instruct us as necessary. If you have any questions or concerns about the matter, we ask that you raise them with us immediately so that they can be promptly and effectively addressed and resolved. We ask that you keep us informed of any changes in your mailing address, phone number or other contact particulars.

### 9. Billing

Information on our billing procedures, including how our fees will be determined and what other charges may be billed to you, is set out in the Terms and Conditions.

Any future estimate of anticipated fees and disbursements that we provide at your request, whether for budgeting purposes or otherwise, is, in view of the uncertainties involved, necessarily only an approximation. Under no circumstances is such an estimate a maximum or minimum quotation. Our actual charges will be determined in accordance with the policies described in the Terms and Conditions and in accordance with the current hourly rates of the initial members of the BLG team assigned to work on this matter.

## 10. Governing Law and Language

Our engagement with you is governed by the laws of the province of Alberta and the federal laws of Canada. Any dispute between us will be dealt with exclusively in the courts of that province.

You and BLG agree that the agreement resulting from your acceptance of this engagement letter and all documents relating thereto shall be drafted in the English language.

Yours truly,

# BORDEN LADNER GERVAIS LLP

### TERMS AND CONDITIONS

This document sets out our standard terms and conditions, any of which may be varied or excluded by an express provision in the accompanying letter of engagement. By signing and returning that letter, you agree to be bound by these terms and conditions except to the extent so varied or excluded.

## 1. <u>Nature of Services</u>

We are a full service firm with regional offices in Calgary, Montréal, Ottawa, Toronto and Vancouver Region. Except to the extent specifically described under "Description of Mandate" in the attached letter, the services we provide are limited to legal advice and representation (including, as applicable, acting as patent and trade-mark agents). To the extent that any of the services we provide in the course of an engagement are of a kind that may also be provided by non-lawyers, the purpose of our doing so is to give the client the benefit of our knowledge, skills and experience in the law, not to serve as a substitute for the advice and services of qualified persons in respect of non-legal matters. A client should not expect us to advise on issues or matters that lie beyond the scope of legal knowledge, skills or experience, or beyond the defined scope of our engagement; in particular, we do not practise as accountants, valuators, actuaries, investment bankers, financial advisors, management consultants, insurance brokers, private investigators, credit analysts, or tax filers, and a client should not expect that we will provide advice or render services on any matters within the expertise of such practitioners. Obviously, we can give no assurance of success in contentious matters for which we are retained. A client should not expect us, unless we are expressly engaged to do so, to remind the client of any renewal right contained in any lease, mortgage or other contract, to exercise any

such right, or to renew any permits, licences or registrations.

## 2. <u>Resources</u>

We may make use of the services of appropriate BLG lawyers, intellectual property agents, paralegals, articling students and support personnel. We endeavour to distribute work assignments in a way that maximizes legal effectiveness and time efficiency, and minimizes the client's legal expenses.

#### 3. <u>Client Information</u>

Upon reasonable request by us, the client must provide us with all required information and otherwise assist us in verifying identity and existence. Under the rules governing our profession, we are required to obtain information from the client regarding the client's identity, the identity of any third parties or beneficiaries for whom the client is acting and, if the client is an organization, any individuals authorized to give instructions on behalf of the client. If we do not receive this information, we cannot represent the client. In addition, under these rules, in order to engage in or give instructions in respect of receiving, paying or transferring of money and other instruments on behalf of a client, we must in certain circumstances (a) collect additional information with respect to the client and, if it is an organization, its directors and shareholders and (b) verify the identity and existence of the client, the identity of any third parties or beneficiaries for whom the client is acting and, if the client is an

organization, any individuals authorized to give instructions on behalf of the client. If we do not receive this additional information and verify the identity and existence as required by these rules, we cannot engage in or give instructions in respect of receiving, paying or transferring of money and other instruments on behalf of a client.

## 4. Fees

All professionals, articling students and paralegals of the firm are assigned standard hourly rates that are recorded in tenths of an hour, and reflected on monthly time records. We reassess and may change our hourly rate schedules from time to time, generally on an annual basis. Before a fee is determined, the professional representing the client, or another professional familiar with the matter, reviews the records of time spent and also considers:

(a) the size and scope of the work, the type and level of skill, experience, knowledge, and the responsibility required to provide the services;

(b) the complexity of the issues, the client's potential emotional and monetary exposure, and the difficulty of the issues involved; and

(c) the result accomplished, the value of that result to the client, and the circumstances under which we render services.

## 5. <u>Other Charges</u>

We will charge for certain support services that we may provide in connection with this engagement, as well as for our out-of-pocket costs.

These charges for support services will be billed at rates determined by us for our clients from time to time and in addition to our fees for legal services. These charges include long distance telephone, fax, court runner and other communications, word processing services, staff overtime when required by the client or the exigencies of the matter, computerized research facilities, photocopying, document scanning and other charges.

Out-of-pocket costs incurred by us, such as charges from external agents, suppliers or vendors on the client's behalf which can include filing fees, registration fees, courier charges, court reporter fees, and travel expenses, will be passed along to the client.

All of these charges, whether for internal support services or for out-of-pocket costs, are itemized as "disbursements" on the statements of account rendered to clients.

#### 6. Payment

Our statements of account ordinarily will be rendered on a monthly basis, except for certain transactions, for which, upon mutual agreement, statements of account may be rendered upon completion of the matter. On matters that are not billed monthly, we may request that interim or "on account" payments be made in advance of the final billing.

Our accounts are due and payable upon receipt. Interest will be charged on accounts not paid within 30 days and at the rates charged to all our clients from time to time. Consequently we require clients to report any errors or corrections to us within 15 days of receiving a statement of account.

In instances where our professional fees and disbursements are or might be subject to payment by a third party (e.g., pursuant to an insurance policy or under an agreement with a third party), we regard our client as primarily

responsible for the timely payment of these charges and, absent our specific written agreement to the contrary, will not rely on the third party for payment.

We may forward invoices for disbursements of a large amount to the client for direct payment to the agent, supplier or vendor, in which case it will be the client's responsibility to pay such items promptly, in accordance with the agent's, supplier's or vendor's terms.

We make every effort to include disbursements in the statement of account for the month or other period in which the disbursements are incurred. However, particulars of some disbursements, such as telephone charges and certain courier charges, may not available to us in time to be so included, in which case they will be included in a later monthly billing, or we may render a supplemental statement of account for disbursements.

## 7. <u>Trust Accounts</u>

We maintain separate bank accounts for money we hold in trust for our clients. Under the rules of the various provincial Law Societies and the Barreau du Québec (which govern lawyers' professional conduct), trust funds do not earn interest for a client unless the elient has given us written instructions to set up an interest bearing account and the trust funds are sufficient for a financial institution to accept them as such. The Law Societies and Barreau have established very strict standards for these trust accounts. Α professional accountant reviews them annually and reports the results. The Law Societies and Barreau also may conduct spot audits on these accounts.

### 8. Retainers

It is our policy to obtain a retainer from new clients, and from existing clients under certain circumstances, to cover a portion of the fees and disbursements expected to be earned and incurred in the course of our engagement.

On occasion, it may be appropriate to require a retainer after the commencement of the engagement, or to require an increase of an earlier retainer, depending on the client's payment history or on the scope of the work. (For example, prior to a protracted trial, we may require a retainer that is sufficient to cover expected fees.) We may also request a retainer for the purposes of paying substantial disbursements we incur on a client's behalf.

We deposit all such retainers into one of our trust accounts. The retainer will be applied to any charges not paid within 30 days, applied to our final account or returned to the client when we have completed all work and our accounts are paid.

### 9. <u>Taxes</u>

For clients based in Canada and some nonresident clients, federal and some provincial sales taxes are applicable to all fees and to most disbursements. Such taxes are indicated on our statements of account.

#### 10. <u>Electronic Communications</u>

During the course of our engagement, we may exchange electronic versions of documents and e-mails with you using commercially available software. Unfortunately, the available technology is vulnerable to attack by viruses and other destructive electronic programs. As a result, while we have sought to take countermeasures, our system may occasionally reject a communication you send to us, or we may send you something that is

rejected by your system. Accordingly, we cannot guarantee that all communications and documents will always be received, or that such communications and documents will always be virus free, and we make no warranty with respect to any electronic communications between us. In addition, we make no warranty with respect to the security of any electronic communication (including, without limitation, faxes and cell phones) between us and you consent to our exchange of electronic communications, including confidential documents, unencrypted.

## 11. Privacy

In the course of acting for you, you may provide to us (and we may collect) personal information that is subject to applicable privacy protection laws. By signing this engagement letter, you consent to the collection, use and disclosure of such personal information by us for the sole purpose of providing our services to you, including for administrative or management purposes, all in accordance with our Privacy Policy in effect from time to time. Hi Michael,

Please see the request below from Patricia re Shell.

I can produce the documents, but could you tell me who within the organization (should be an officer of HNHX Corp. or West Lake) would be able to certify same? Would this be you or Steven?

Thanks,

Shell has requested corporate structure documentation for West Lake. I have explained that this is sensitive and confidential information which will only be provided, by you, directly to an authorized person within their organization. I have requested they provide the contact information for the appropriate person, and will forward the details to you upon receipt.

Please have the required documentation certified as indicated on the attachment.

Thank you,

Good afternoon,

Alan Steele recommended I contact you with respect to documentation required to set up West Lake Energy Corp. as a vendor with Shell Trading Canada. Shell's documentation requirements are outlined on the attachment. Kindly provide this information to facilitate the smooth transition of marketing contracts from Twin Butte To West Lake.

Your assistance in this matter is greatly appreciated.

Regards,

Patricia Munro

Hi Angela,

Attached please find the forms corrected and initialed by Michael Lam. The original copies will be delivered to us later.

There will be two signers. Before Steven Neu sends his signature form, we will add Michael as the signer for the time being.

Please open the Cdn chequing, Cdn savings and USD savings accounts for the company.

Once completed, please advise Michael of the account numbers.

Please also advise Juan Carlos Brahim to arrange the online banking services, in the same way as West Lake Energy Corp.

Please email Michael the Cdn and USD wire transfer form and instruction.

Thank you for stepping in and helping out in a short notice.

## Account Resolution (Corporation)

**RESOLUTION OF THE BOARD OF DIRECTORS** Gro evenabaixin (the "Corporation") OF

#### **RESOLVED THAT:**

- 1. The Corporation open and operate (or continue to operate if already open) one or more accounts with ATB Financial ("ATB"), obtain other services from ATB, and that ATB's Commercial Account Agreement and other documents relating to the operation of such account(s) or services offered by ATB be entered into by the Corporation.
- 2. The Corporation borrow money from ATB and grant security to ATB to secure repayment of its obligations.
- 3. That any insert number officer position, insert position of the Corporation shall from time-to-time as required by ATB, provide ATB with a signing certificate appointing the designated "Signing Officers" of the Corporation (the "Certificate"). The Certificate shall serve as conclusive evidence of the listed person's authority to act for and on behalf of the Corporation and shall be binding upon the Corporation until notice in writing to the contrary is provided to and acknowledged by ATB.
- 4. Signing Officers (in the combination specified in the Certificate) have, as they determine from time-to-time, the power for and on behalf of the Corporation:
  - (a) to agree to the terms of, sign or authorize any and all documents relating to operation of the account(s) or services as may be required by ATB; including without limitation, the appointment or delegation of authorized contacts and account administrators;
  - (b) to negotiate any instruments or give any instructions, approvals, or verifications on behalf of the Corporation in respect of the accounts or services provided by ATB for the purpose of binding or obligating the Corporation to ATB;
  - (c) to borrow money upon the credit of the Corporation, to grant security in favor of ATB, and to arrange with ATB the amount, terms and conditions of such loans as well as the security or securities to be given to ATB. This includes without limitation, signing promissory notes, credit agreements, negotiable instruments, evidences of debt and renewals of all such instruments; as well as security agreements, mortgages, debentures, charges, transfers, or other contracts necessary to evidence such indebtedness or grant security to ATB; and
  - (d) to do all other acts and things necessary or desirable and to execute all other documents in connection with the opening or operating of the accounts and the obtaining of services as they shall deem necessary or desirable, the execution and delivery of the other documents by such Signing Officers to be conclusive evidence of such approval.
- 5. All agreements, securities, documents and instruments purporting to be signed, made, drawn, accepted, executed or endorsed as provided for in this resolution shall be valid and binding upon the Corporation.

#### **CERTIFIED RESOLUTION:**

I/We, the undersigned being a Director/Officer of the Corporation certify to ATB that:

(a) there are no provisions in the Articles or By-Laws of the Corporation or in any unanimous shareholder agreement relating to the Corporation which restrict, limit or regulate in any way the powers of the directors of the Corporation to borrow monies upon the credit of the Corporation and to issue, re-issue, sell or pledge debt obligations of the Corporation, and to create security interests by way of mortgage, hypothecation, pledge or otherwise covering all or any of the property of the Corporation, present and future, as security for all or any monies borrowed by the Corporation from ATB or any other liability of the Corporation to ATB,

....

Form 129 (03/13)

- (b) ATB may continue to rely on this resolution until written notification of any change is given and acknowledged in writing by ATB; and
- (c) the above resolution is a true copy of a resolution properly passed by the directors of the Corporation and remains in full force and effect as of this date.

Hi ATB team,

Can you please set Alan Steele up as a signer as well?

For the time being let's put it West Lake would require dual signatures for all cheques; as soon as we figure out the signing authorities, we will implement another signing level changes.

Thanks all and have a good weekend! Michael Lam

Please sign and return to ATB and copy myself when you can.

Need to sign 2 places on application on page 4. This is a partial list of cards requested as they have the rest but only these names show here.

One place to sign on the deposit certificate

When will I be able to sign?

Alan

Hi Alan,

As I noticed that you are not the signing officer for West Lake yet, we would require Steven to sign the attached documents. I apologize for this inconvenience.

I have amended all the information in the MC application form.

If you have any questions, please feel free to contact me.

Thanks,

Hello ATB team,

Steven and I would like to instruct a transfer of CAD \$2.7 million from Henenghaixin Corp's account to West Lake Energy's account.

Can you please let us know what is the proper procedure to do so?

Thanks!

Michael

Hi Alan,

Thank you. Please note that we also need \$125,000 to be booked as a GIC. Currently there is insufficient fund in West Lake' s deposit account to do so.

The MasterCard is to be backed by \$125,000 cash security.

If you have any questions, please feel free to reach out to me.

Thanks,
