## APPENDIX A METHODOLOGY FOR DETERMINING ARTIFICIAL INFLATION IN SINO-FOREST COMMON STOCK

- 1. An out-of-pocket measure of damages is appropriate for securities litigation cases. It is generally accepted that an out-of-pocket measure of damages for litigation cases is based on the difference between the actual market price for the security minus the "true value" of the security on each date.<sup>1</sup>
- 2. The "true value" of the security is the value absent the alleged misrepresentations or omissions. The difference between the market price and true value is called "artificial inflation."
- 3. As a general matter, there are two basic approaches to compute artificial inflation discussed in the literature: Percentage or Dollar.<sup>2</sup> Both methods utilize excess stock price changes to estimate artificial inflation. The Percentage approach is based on the percentage change (the return) in the stock price, and the Dollar approach is based on the dollar change in the stock price.
- 4. The difference between the two methods is easiest to understand with a simple oneyear class period with one corrective disclosure that yields an excess return of negative 25%.
- 5. The Dollar approach is based on the excess price change, which is the excess return on the corrective disclosure day multiplied by the closing price on the day before. This excess price change is then used as the measure of artificial inflation for all days in a class period.

<sup>&</sup>lt;sup>1</sup> Bradford Cornell and R. Gregory Morgan, "Using Finance Theory to Measure Damages in Fraud on the Market Cases," *UCLA Law Review* 37, June 1990, 883-924, p. 885.

<sup>&</sup>lt;sup>2</sup> For a discussion of the Constant Dollar and Constant Percentage methods for calculating artificial inflation, *see*, for example, David Tabak and Chudozie Okongwu, "Inflation Methodologies in Securities Fraud Cases: Theory and Practice," NERA Economic Consulting working paper, July 2002.

Because artificial inflation is the same dollar amount on each day in a class period, this method is sometimes called the "Constant Dollar" approach. Using the 25% excess return and assuming the stock price was \$30 the day before the corrective disclosure, artificial inflation is \$7.50 (25% multiplied by \$30) per share for all days in a class period.

- 6. The Percentage approach uses the same excess return of 25% on the corrective disclosure, but computes artificial inflation by multiplying 25% by the actual stock price on each day in a class period. Thus, the Percentage approach is sometimes referred to as the "Constant Percentage" method.
- 7. If the stock price is \$30 on all days in a class period, then the Percentage approach yields exactly the same artificial inflation as the Dollar approach. If the stock price is less than \$30 for all days in a class period, then the Percentage approach results in lower artificial inflation than the Dollar approach for all days in a class period. Thus, when the stock price is generally increasing over a class period, the Percentage approach yields lower artificial inflation.

  Conversely, if the stock price is greater than \$30 for all days in a class period, then the Percentage approach results in greater artificial inflation than the Dollar approach for all days in a class period. This means that when the stock price is generally declining over a class period, the Dollar approach yields lower artificial inflation than the Percentage approach.
- 8. The Constant Percentage method for calculating damages is fully justified by fundamental economic and financial principles when the investors' expectations about the company's primary value drivers, such as the company's earnings, revenues or cash flows, are inflated by a roughly constant percentage. For example, a basic principle of finance is that the value of a security is equal to the present value of the expected future cash flows to the

securityholder.<sup>3</sup> This principle is the foundation of a fundamental valuation model called the discounted cash flow ("DCF") model. In the constant growth DCF model, the equity value of a company can be calculated as:

$$P_{t} = \frac{FCFE_{t+1}}{r - g}$$

where  $P_t$  is the value of the equity at any date t,  $FCFE_{t+1}$  is the expected free cash flow available for equity holders in the subsequent period t+1, r is the equity discount rate, and g is the expected growth rate of the free cash flows. Now suppose that, as a result of a misrepresentation, investors' expectations of future cash flows are inflated by a constant percentage,  $\alpha$ . In this case, the inflated equity value,  $P_t$ \* would be equal to:

$$P_{t}^{*} = \frac{(1+\alpha)FCFE_{t+1}}{r-g}.$$

The amount of artificial inflation in this example would be a constant percentage of the true value of the company  $(P^* - P = \alpha P)$ .

- 9. This logic applies to the company's other value drivers as well. For example, because the company's free cash flows are determined by its revenues, earnings and other value drivers, if a misrepresentation causes investors' expectations about the company's revenues or earnings to be inflated by a constant percentage, then the value of the company's equity will also be inflated by a constant percentage.
- 10. As a complement to the DCF model, companies are also valued using valuation multiples. For example, using historical data and/or data from comparable companies, it is

<sup>&</sup>lt;sup>3</sup> *See*, for example, Richard A. Brealey, Stewart C. Myers and Franklin Allen, <u>Principles of Corporate Finance</u>, Eighth Edition, McGraw-Hill Irwin, 2006, p. 61.

sometimes assumed that the company should be valued at a constant multiple of revenues or a constant multiple of earnings.<sup>4</sup>

- 11. In this matter, the Plaintiffs allege that, among other things, Sino-Forest misrepresented its past revenues and earnings,<sup>5</sup> misrepresented its forestry holdings,<sup>6</sup> misrepresented that it possessed registered titles to standing timber,<sup>7</sup> misrepresented its reliance on Authorized Intermediaries [AIs],<sup>8</sup> and misrepresented its generation of cash flows.<sup>9</sup> In my opinion, these alleged misrepresentations would affect the growth prospects for Sino-Forest and, therefore, the Constant Percentage method for calculating artificial inflation is more appropriate.
- 12. Under the Constant Percentage method, the dollar amount of artificial inflation will generally change on a daily basis. I have assumed that investors can only recover damages for shares purchased that were subsequently held over a corrective disclosure. Therefore, any Sino-Forest share purchased during the Class Period and sold before the assumed corrective disclosure on June 2, 2011 was not damaged.
- 13. For purposes of this Affidavit, I have been asked to assume that 100% of my calculated excess price declines for Sino-Forest common stock on both June 2, 2011 and June 3, 2011 are partially corrective of the Plaintiffs' allegations. Attached as Exhibit "A-1" is a table

Proceeding under the Class Proceedings Act, 1992

AFFIDAVIT OF SERGE KALLOGHLIAN

- I, **SERGE KALLOGHLIAN**, of the City of Toronto, in the Province of Ontario, SWEAR:
- 1. I am an associate with the law firm of Siskinds LLP, who, along with Koskie Minsky LLP (together, "Class Counsel"), are counsel to the plaintiffs (the "Representative Plaintiffs") in the above-captioned class proceeding.
- 2. Class Counsel have retained Paliare Roland Rosenberg Rothstein LLP for purposes of the above-captioned proceeding under the *Companies' Creditors Arrangement Act* (the "Insolvency Proceeding") to act for the Ad Hoc Committee of Purchasers of the Applicant's Securities (together with the Representative Plaintiffs, the "Ontario Plaintiffs").
- 3. Where my knowledge is based upon information and belief, I have so indicated, and believe the same to be true.
- 4. Pursuant to the Order of the Honourable Mr. Justice Morawetz, dated December 21, 2012 (the "Notice Order"), attached to this affidavit as **Exhibit "A"**, on a motion brought by the Ad Hoc Committee of Purchasers of Applicant's Securities, Class Counsel was required to provide notice of the hearing to approve the Ernst & Young Settlement and the Ernst & Young Release, as those terms are defined in the Plan of Compromise and Reorganization of Sino-Forest Dated December 10, 2012, in the following manner:
  - (a) A copy of the notice, substantially in the form of notice attached as Schedule A to the Notice Order, was to be provided to all individuals or entities that had provided their contact information to Class Counsel or Siskinds Desmeules sencel, counsel to the plaintiffs in the Quebec class action proceedings ("Desmeules") in connection with this action, and to any person that requests a copy of the notice;
  - (b) Within 5 business days of the Notice Order, copies of the notice, in English and French, were to be posted by Class Counsel on their websites;

- (c) Within 5 business days of the Notice Order, copies of the notice, in English and French, were to be posted by Sino-Forest in a prominent location on the main page of the Sino-Forest website;
- (d) Within 5 business days of the Notice Order, copies of the notice were to be sent to the addresses on the June 2, 2011 Shareholder List and to the current Service Lists in Court File Nos. CV-12-9667-00CL (the Insolvency Proceeding) and CV-11-431153-00CP (the Ontario Class Action) by electronic mail;
- (e) Within 5 business days of the Notice Order, copies of the notice were to be sent to all 196 Canadian brokers who are known to Class Counsel, with a cover letter directing those brokers to provide a copy of the notice, either by mail or electronically, to those of their clients who are or have been beneficial owners of Sino-Forest securities. Brokers were to be requested to send a statement to Class Counsel or its designee indicating that such mailing or electronic communication was completed as directed;
- (f) Within 5 business days of the Notice Order, a press release was to be disseminated which incorporated the notice;
- (g) Copies of the notice were to be provided by hyper-link from the following Twitter accounts:
  - (i) @kmlawllp; and
  - (ii) @SiskindsLLP;
- (h) Within 5 business days of the Notice Order, the notice was to be published in the following print publications:
  - (i) The Globe and Mail, in English, in one weekday publication;
  - (ii) Wall Street Journal, in English, in one weekday publication;
  - (iii) National Post, in English, in one weekday publication;
  - (iv) La Presse, in French, in one weekday publication; and

- (v) Le Soleil, in French, in one weekday publication;
- I am advised by Garth Myers of Koskie Minsky LLP that, in accordance with paragraph 2(a) above, on December 21, 2012, English and French versions of the notice (the "Notice"), attached to this affidavit as **Exhibit "B"** and **Exhibit "C"**, respectively, along with English and French versions of the Notice of Objection, attached to this affidavit as **Exhibit "D"** and **Exhibit "E"**, respectively, were sent to all individuals that had provided their contact information to Class Counsel in connection with these proceedings.
- 6. The Notice listed the address of the website of the court-appointed monitor of the Applicant, Sino-Forest Corporation, FTI Consulting Inc. (the "Monitor" or FTI") in two instances: once on the first page, and once again on the second page. In the second instance, the Monitor's website address was incorrectly listed as www.cfcanada.fticonsulting.com/sfc instead of http://cfcanada.fticonsulting.com/sfc/. I therefore created a revised notice (the "Revised Notice"), which corrected the typo in the second instance of the Monitor's website address. English and French versions of the Revised Notice are attached and marked as **Exhibit "F"** and **Exhibit "G"**.
- 7. I am advised by Garth Myers that on December 27, 2012, English and French versions of the Revised Notice and Notice of Objection were sent to all persons that had provided their contact information to Class Counsel in connection with this action as of December 21, 2012.
- 8. I am advised by Nicole Young, a clerk at Siskinds, that on December 21, 2012, English and French versions of the Notice and Notice of Objection were sent to all persons that had provided their contact information to Desmeules in connection with those proceedings, with the exception of one individual. I am advised by Simon Hebert of Desmeules that on December 28,

- 2012, the Revised Notice was sent to the same list of persons. On January 3, 2012, the Revised Notice was mailed to the one individual that had not yet received the Notice or Revised Notice.
- 9. Since the initial mailings on December 21, 2012, Class Counsel have received additional inquiries from persons regarding these proceedings. Class Counsel have sent the Revised Notice to all such persons that did not receive the Revised Notice as they are contacted, and intend to continue to do so up to the objection deadline of January 18, 2013.
- 10. In total, as of the date of this affidavit, the Revised Notice has been sent to approximately 1200 persons, both individuals and entities, that have provided their contact information to Class Counsel or Desmeules in connection with these proceedings.
- 11. In accordance with paragraph 2(g), above, hyper-links to the English and French versions of the Notice and Notice of Objection were posted on the @SiskindsLLP Twitter account on December 21, 2012. I am advised by Garth Myers that hyper-links to the English and French versions of the Notice and Notice of Objection were posted on the @kmllp Twitter account on December 21, 2012. The hyper-links on the @SiskindsLLP Twitter account were re-routed to the English and French versions of the Revised Notice and Notice of Objection on December 26, 2012, and I am advised by Garth Myers that the hyper-links on the @kmlawllp Twitter account were re-routed to the English and French versions of the Revised Notice and Notice of Objection on December 27, 2012.
- 12. For the purposes of the steps set out in paragraph 2(b), (c), (d), (e), (f), and (h), above, the Notice Order required that these items be completed within five (5) business days of the date of the Notice Order, which was December 21, 2012. As December 25, 26, and January 1 were

statutory holidays, the deadline for the notice to be disseminated in accordance with these paragraphs was January 2, 2012.

- 13. In accordance with paragraph 2(b), above, English and French versions of the Notice and Notice of Objection were posted by Class Counsel on their websites on December 21, 2012. English and French versions of the Revised Notice were posted on the Siskinds LLP website on December 26, 2012. I am advised by Garth Myers that English and French versions of the Revised Notice were posted on the Koskie Minsky LLP website on December 27, 2012.
- 14. I am advised by Amanda McLachlan, an associate at Bennett Jones LLP, that in accordance with paragraph 2(c), above, English and French versions of the Notice and Notice of Objection were posted by Sino-Forest in a prominent location on the main page of the Sino-Forest website on December 21, 2012. I am further advised by Amanda McLachlan that on December 27, 2012, English and French versions of the Revised Notice were posted on the Sino-Forest website.
- 15. In accordance with paragraph 2(d), above, I am advised by Garth Myers that on December 21, 2012, he sent English and French versions of Notice and Notice of Objection to the Service Lists in Court File Nos. CV-12-9667-00CL (the Insolvency Proceeding) and CV-11-431153-00CP (the Ontario Class Action) by electronic mail. I circulated English and French versions of the Revised Notice and Notice of Objection to the addresses on these two Service Lists by a single electronic mailing on December 27, 2012. Attached to this affidavit as **Exhibits** "H", "I", and "J" are copies of the emails sent to the Service Lists attaching the Notice, Notice of Objection and the Revised Notice.

- 16. In furtherance of the Notice Order, Class Counsel retained the services of NPT Ricepoint to assist with the items in paragraphs 2(d) (e), (f) and (h), above. I am advised by Kurt Elgie of NPT Ricepoint and I believe that the following steps were taken:
  - (d) The Revised Notice and Notice of Objection were mailed to the 3,013 deliverable addresses on the June 2, 2011 Shareholder List on December 28, 2012;
  - (e) The Revised Notice and Notice of Objection were mailed to all 196 Canadian brokers who are known to Class Counsel with a cover letter directing those brokers to provide a copy of the Revised Notice, either by mail or electronically, to those of their clients who are or have been beneficial owners of Sino-Forest securities, on December 28, 2012;
  - (f) Press releases were disseminated incorporating the Revised Notice, in English and French, on December 28, 2012; and
  - (h) The Revised Notice was published in all five (5) newspapers in accordance with the Order on December 28, 2012.
- 17. A copy of the report of NPT Ricepoint confirming publication of the Revised Notice in accordance with paragraph 2(d), (e), (f) and (h), above is attached to this affidavit as **Exhibit** "K".
- 18. NPT Ricepoint also provided electronic tear sheets that confirmed that the Revised Notice was published in the designated newspapers on the required dates. Attached as **Exhibits** "L" through "P" are copies of the tear sheets from the five newspapers.
- 19. Attached and marked as **Exhibits "Q"** and **"R"** are copies of the English and French versions of the Revised Noticed which were disseminated as press releases via Marketwire.

- 20. The Notice Order did not require any items to be posted on the Monitor's website. However, the Notice and Revised Notice stated that the Notice of Objection could be found on the Monitor's website as well as the Siskinds and Koskie Minsky websites. I am advised by Jodi Porepa, a managing director in FTI, of the following: English and French versions of the Notice and Notice of Objection were posted on the Monitor's website on December 24, 2012. English and French versions of the Revised Notice were posted on the Monitor's website on December 26, 2012. On either December 26 or 29, 2012, the Revised Notices were mistakenly substituted for the Notices of Objection. All documents were correctly posted on January 2, 2013. As a result, there was a period of approximately 5 to 8 days when the Notices of Objection were not posted on the Monitor's website.
- I make this affidavit in support of the motion for settlement approval and for no other or improper purpose.

## SINO-FOREST CORPORATION

#### NOTICE OF PROPOSED SETTLEMENT WITH ERNST & YOUNG LLP

**TO:** Everyone, including non-Canadians, who acquired Sino-Forest Corporation ("Sino-Forest") securities (including shares and/or notes) in the primary or secondary market in any jurisdiction between March 31, 2006 and August 26, 2011 (the "E&Y Settlement Class") and to everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young LLP, Ernst & Young Global Limited or any of its member firms and any person or entity affiliated or connected thereto ("Ernst & Young"), in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest.

## Background of Sino-Forest Class Action and CCAA Proceeding

In June and July of 2011, class actions were commenced in the Ontario Superior Court of Justice (the "Ontario Proceeding") and the Québec Superior Court (the "Québec Proceeding") (collectively, the "Proceedings") by certain plaintiffs (the "Plaintiffs") against Sino-Forest, its senior officers and directors, its underwriters, a consulting company, and its auditors, including Ernst & Young. In January 2012, a proposed class action was commenced against Sino-Forest and other defendants in the Southern District of New York (the "US Action"). The actions alleged that the public filings of Sino-Forest contained false and misleading statements about Sino-Forest's assets, business, and transactions.

Since that time, the litigation has been vigorously contested. On March 30, 2012, Sino-Forest obtained creditor protection under the *Companies' Creditors Arrangement Act* (the "CCAA"), within which proceeding the Ontario Superior Court ordered a stay of proceedings against the company and other parties, including Ernst & Young (the "CCAA Proceeding"). Orders and other materials relevant to the *CCAA* Proceeding can be found at the *CCAA* Monitor's website at <a href="http://cfcanada.fticonsulting.com/sfc/">http://cfcanada.fticonsulting.com/sfc/</a> (the "Monitor's Website").

On December 10, 2012, a Plan of Arrangement was approved by the court in the CCAA Proceeding. As part of this Plan of Arrangement, the court approved a framework by which the Plaintiffs may enter into settlement agreements with any of the third-party defendants to the Proceedings. The Plan expressly contemplates the Ernst & Young Settlement (as defined in the Plan), approval of which is now sought.

## Who Acts For the E&Y Settlement Class

Koskie Minsky LLP, Siskinds LLP, and Siskinds Desmeules, sencrl ("Class Counsel") represent the E&Y Settlement Class in the Proceedings. If you want to be represented by another lawyer, you may hire one to appear in court for you at your own expense.

You will not have to directly pay any fees and expenses to Class Counsel. However, if this action succeeds or there is a monetary settlement, Class Counsel will seek to have their fees and expenses paid from any money obtained for the class or paid separately by the defendants.

## Proposed Settlement with Ernst & Young

The Plaintiffs have entered into a proposed settlement with Ernst & Young (the "Settlement Agreement"). If the settlement is approved, it will be final and binding and there will be no ability to pursue a claim (if any) against Ernst & Young through an opt-out process under class proceedings or similar legislation. The proposed settlement would settle, extinguish and bar all claims, globally, against Ernst & Young in relation to Sino-Forest including the allegations in the Proceedings. Ernst & Young does not admit to any wrongdoing or liability. The terms of the proposed settlement do not involve the resolution of any claims against Sino-Forest or any of the other defendants. For an update on CCAA orders affecting Sino-Forest, please see the CCAA Monitor's website: www.cfcanada.fticonsulting.com/sfc. A complete copy of the Settlement Agreement and other information about these proceedings is available at: <a href="https://www.kmlaw.ca/sinoforestclassaction">www.kmlaw.ca/sinoforestclassaction</a> and <a href="https://www.classaction.ca">www.classaction.ca</a> (the "Class Action Website").

The proposed settlement, if approved and its conditions fulfilled, provides that Ernst & Young will pay CAD\$117,000,000.00 to a Settlement Trust to be administered in accordance with orders of the court. It is the intention of Class Counsel to seek the court's approval of a plan of allocation that distributes the settlement funds, net of counsel fees and other administrative costs and expenses, to members of the E&Y Settlement Class.

In return, the action will be dismissed against Ernst & Young, and there will be an order forever barring claims against it in relation to Sino-Forest including any allegations relating to the Proceedings, including claims (if any) that could be advanced through an opt-out process under class proceedings or similar legislation. In considering whether or how they are affected by the proposed settlement, members of the E&Y Settlement Class and anyone else with claims against Ernst & Young in relation to Sino-Forest should consider the effect of the orders made and steps taken in the Sino-Forest CCAA Proceedings. More information on the Sino-Forest CCAA Proceedings can be found on the Monitor's Website.

The settlement agreement with Ernst & Young is subject to court approval, as discussed below.

# Hearings to Approve Settlement on February 4, 2013 in Toronto, Ontario and Subsequent Hearings in Ontario, Quebec and the United States.

On February 4, 2013 at 10:00 a.m. (Eastern Time), there will be a settlement approval hearing before the Ontario Superior Court of Justice. The hearing will be heard at the Canada Life Building, 330 University Avenue, 8th Floor, Toronto, Ontario. The exact courtroom number will be available on a notice board on the 8th Floor.

If the settlement approval motion which is being heard by the Ontario Superior Court of Justice on February 4, 2013 (the "Settlement Approval Motion") is granted, then there will be a further hearing at a later date before the Ontario Superior Court of Justice (the "Ontario Allocation/Fee Motion") at which Class Counsel will seek that Court's approval of (1) the plan for allocating the net Ernst & Young settlement fund among the members of the E&Y Settlement Class; and (2) the fees and expense reimbursement requests of Class Counsel.

In addition, if the Settlement Approval Motion is granted, then there may be additional hearings at later dates in the Quebec Superior Court (the "Quebec Motion") and in the United States Bankruptcy Court for the Southern District of New York (the "US Motion") at which recognition and implementation of the Settlement Approval Motion and the Ernst & Young Settlement may be sought.

If the Settlement Approval Motion is granted, then a further notice will be disseminated to members of the E&Y Settlement Class advising them of the time and place of the Ontario Allocation/Fee Motion and any Quebec Motion and/or US Motion.

Members of the E&Y Settlement Class, and everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young, in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest, may attend at the hearing of the Settlement Approval Motion and ask to make submissions regarding the proposed settlement with Ernst & Young.

Persons intending to object to the Ernst & Young Settlement Agreement are required to: (a) deliver a Notice of Objection, substantially in the form that can be found on the Monitor's Website and the Class Action Website, and, if this Notice is received by mail, enclosed with this Notice (the "Notice of Objection"), to the Monitor, by regular mail, courier or email transmission, to the coordinates indicated on the Notice of Objection, so that it is received by no later than 5:00 p.m. (Eastern Time) on January 18, 2013; and (b) comply with the litigation timetable set forth below. Copies of the Notices of Objection sent of the Monitor will be filed with the court.

## **Litigation Timetable**

By order of the Ontario Superior Court of Justice, persons intending to participate in the Settlement Approval Motion must comply with the following timetable:

- 1. Motion materials are to be delivered no later than January 11, 2013.
- 2. Responding motion materials are to be delivered by January 18, 2013.
- Cross-examinations on affidavits (if any) are to be conducted on January 24 and 25, 2013.
- 4. Written Submissions are to be exchanged on January 30, 2013.

#### SINO-FOREST CORPORATION

### NOTICE OF PROPOSED SETTLEMENT WITH ERNST & YOUNG LLP

**TO:** Everyone, including non-Canadians, who acquired Sino-Forest Corporation ("Sino-Forest") securities (including shares and/or notes) in the primary or secondary market in any jurisdiction between March 31, 2006 and August 26, 2011 (the "E&Y Settlement Class") and to everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young LLP, Ernst & Young Global Limited or any of its member firms and any person or entity affiliated or connected thereto ("Ernst & Young"), in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest.

## Background of Sino-Forest Class Action and CCAA Proceeding

In June and July of 2011, class actions were commenced in the Ontario Superior Court of Justice (the "Ontario Proceeding") and the Québec Superior Court (the "Québec Proceeding") (collectively, the "Proceedings") by certain plaintiffs (the "Plaintiffs") against Sino-Forest, its senior officers and directors, its underwriters, a consulting company, and its auditors, including Ernst & Young. In January 2012, a proposed class action was commenced against Sino-Forest and other defendants in the Southern District of New York (the "US Action"). The actions alleged that the public filings of Sino-Forest contained false and misleading statements about Sino-Forest's assets, business, and transactions.

Since that time, the litigation has been vigorously contested. On March 30, 2012, Sino-Forest obtained creditor protection under the *Companies' Creditors Arrangement Act* (the "CCAA"), within which proceeding the Ontario Superior Court ordered a stay of proceedings against the company and other parties, including Ernst & Young (the "CCAA Proceeding"). Orders and other materials relevant to the *CCAA* Proceeding can be found at the *CCAA* Monitor's website at <a href="http://cfcanada.fticonsulting.com/sfc/">http://cfcanada.fticonsulting.com/sfc/</a> (the "Monitor's Website").

On December 10, 2012, a Plan of Arrangement was approved by the court in the CCAA Proceeding. As part of this Plan of Arrangement, the court approved a framework by which the Plaintiffs may enter into settlement agreements with any of the third-party defendants to the Proceedings. The Plan expressly contemplates the Ernst & Young Settlement (as defined in the Plan), approval of which is now sought.

## Who Acts For the E&Y Settlement Class

Koskie Minsky LLP, Siskinds LLP, and Siskinds Desmeules, sencrl ("Class Counsel") represent the E&Y Settlement Class in the Proceedings. If you want to be represented by another lawyer, you may hire one to appear in court for you at your own expense.

You will not have to directly pay any fees and expenses to Class Counsel. However, if this action succeeds or there is a monetary settlement, Class Counsel will seek to have their fees and expenses paid from any money obtained for the class or paid separately by the defendants.

## Proposed Settlement with Ernst & Young

The Plaintiffs have entered into a proposed settlement with Ernst & Young (the "Settlement Agreement"). If the settlement is approved, it will be final and binding and there will be no ability to pursue a claim (if any) against Ernst & Young through an opt-out process under class proceedings or similar legislation. The proposed settlement would settle, extinguish and bar all claims, globally, against Ernst & Young in relation to Sino-Forest including the allegations in the Proceedings. Ernst & Young does not admit to any wrongdoing or liability. The terms of the proposed settlement do not involve the resolution of any claims against Sino-Forest or any of the other defendants. For an update on CCAA orders affecting Sino-Forest, please see the CCAA Monitor's website: www.cfcanada.fticonsulting.com/sfc. A complete copy of the Settlement Agreement and other information about these proceedings is available at: <a href="https://www.kmlaw.ca/sinoforestclassaction">www.kmlaw.ca/sinoforestclassaction</a> and <a href="https://www.classaction.ca">www.classaction.ca</a> (the "Class Action Websites").

The proposed settlement, if approved and its conditions fulfilled, provides that Ernst & Young will pay CAD\$117,000,000.00 to a Settlement Trust to be administered in accordance with orders of the court. It is the intention of Class Counsel to seek the court's approval of a plan of allocation that distributes the settlement funds, net of counsel fees and other administrative costs and expenses, to members of the E&Y Settlement Class.

In return, the action will be dismissed against Ernst & Young, and there will be an order forever barring claims against it in relation to Sino-Forest including any allegations relating to the Proceedings, including claims (if any) that could be advanced through an opt-out process under class proceedings or similar legislation. In considering whether or how they are affected by the proposed settlement, members of the E&Y Settlement Class and anyone else with claims against Ernst & Young in relation to Sino-Forest should consider the effect of the orders made and steps taken in the Sino-Forest CCAA Proceedings. More information on the Sino-Forest CCAA Proceedings can be found on the Monitor's Website.

The settlement agreement with Ernst & Young is subject to court approval, as discussed below.

#### SINO-FOREST CORPORATION

## AVIS DE RÈGLEMENT PROPOSÉ AVEC ERNST & YOUNG LLP

À l'attention de: Quiconque, y compris les non canadiens, ayant acquis des valeurs (notamment des actions et/ou des titres) de Sino-Forest Corporation (« Sino-Forest ») sur les marchés primaires ou secondaires, dans quelconque juridiction, entre le 31 mars 2006 et le 26 août 2011 (le « groupe du règlement E&Y ») et quiconque, y compris les non canadiens, qui a, avait, aurait pu avoir ou pourrait avoir une réclamation de quelque nature, contre Ernst & Young LLP, Ernst & Young Global Limited ou toute autre entreprise adhérente ainsi que toute personne ou entité affiliée ou liée, ci-après dénommés (« Ernst & Young »), en rapport à Sino-Forest, les audits faits par Ernst & Young sur les états financiers de Sino-Forest et tout autre travail effectué par Ernst & Young en rapport à Sino-Forest.

## Contexte du recours collectif Sino-Forest et de la procédure LACC

En juin et juillet 2011, des recours collectifs ont été intentés auprès de la Cour supérieure de justice de l'Ontario (« la procédure ontarienne ») et de la Cour supérieure du Québec (« la procédure québécoise ») (ensemble « les procédures ») par certains plaignants (« les demandeurs à l'action ») contre Sino-Forest, ses dirigeants et administrateurs, ses souscripteurs, une société de consulting et ses commissionnaires aux comptes, notamment Ernst & Young. En janvier 2012, un recours collectif proposé a été intenté contre Sino-Forest et d'autres parties défenderesses dans le district sud de New York (« le recours américain »). Les recours alléguaient que les documents publics de Sino-Forest contenaient des déclarations fausses et trompeuses quant à ses actifs, ses affaires et ses transactions.

Depuis ce temps, le différend a été vigoureusement contesté. Le 30 mars 2012, Sino-Forest a obtenu la protection de ses créanciers en vertu de la Loi sur les arrangements avec les créanciers des compagnies (la « LACC ») dans le cadre de laquelle la Cour supérieure de l'Ontario a ordonné un sursis d'instance contre la compagnies et d'autres parties, notamment Ernst & Young (la « procédure LACC »). Les ordonnances et autres documents pertinents relatifs à la procédure LACC peuvent être trouvés le site Web contrôleur LACC sur http://cfcanada.fticonsulting.com/sfc/ (le « site Web du contrôleur »).

Le 10 décembre 2012, un plan d'arrangement a été approuvé par la Cour dans la procédure LACC. Au titre de ce dernier, la Cour a approuvé un cadre par lequel les demandeurs à l'action peuvent conclure des ententes de règlement avec chacune des parties tierces défenderesses à la procédure. Le Plan prévoit expressément le règlement Ernst & Young (tel que défini dans le plan) dont l'approbation est maintenant recherchée.

#### Qui agit pour le groupe du règlement E&Y

Les cabinets Koskie Minsky LLP, Siskinds LLP, et Siskinds Desmeules, sencrl ("les avocats du groupe ») représentent le groupe du règlement E&Y dans la procédure. Si vous souhaitez être représenté par un autre avocat, vous pouvez en engager un qui apparaîtra en Cour pour vous à vos propres frais.

Vous n'aurez pas à payer directement les honoraires et frais d'avocats du groupe. Toutefois, si ce recours aboutit positivement ou qu'il existe un règlement monétaire, les avocats du groupes

demanderont à ce que leurs honoraires et frais soient payés sur toute somme obtenue pour le groupe ou versés séparément par les parties défenderesses.

### Règlement proposé avec Ernst & Young

Les demandeurs à l'action ont conclu une proposition de règlement avec Ernst & Young (« l'entente de règlement »). Si le règlement est approuvé, il sera définitif et exécutoire et il n'y aura pas de possibilité de poursuivre une cause d'action (le cas échéant) contre Ernst & Young par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Le règlement proposé réglerait, éteindrait et rendrait irrecevable l'ensemble des réclamations, globalement, contre Ernst & Young en rapport avec Sino-Forest et notamment les allégations dans la procédure. Ernst & Young ne reconnaît aucun manquement ou aucune responsabilité. Les termes du règlement proposé n'impliquent pas la résolution de quelconques réclamations contre Sino-Forest ou l'une des autres parties défenderesses. Pour une mise à jour sur les ordonnances LACC touchant Sino-Forest, veuillez consulter le site Web du contrôleur www.cfcanada.fticonsulting.com/sfc. Une copie intégrale de l'entente de règlement et d'autres informations sur ce recours (uniquement en anglais) sont disponibles sur www.kmlaw.ca/sinoforestclassaction et sur http://www.classaction.ca (le « site Web du recours collectif »)

Le règlement proposé, s'il est approuvé et si ses conditions sont remplies, prévoit qu'Ernst & Young versera 117,000,000.00 \$ CAD dans une fiducie de règlement qui sera gérée conformément aux ordonnances de Cour. Il est dans l'intention des avocats du groupe, de demander auprès de la Cour l'approbation du plan de répartition distribuant les fonds du règlement, déductions faites des honoraires d'avocats et autres frais administratifs, aux membres de groupe du règlement E&Y.

En retour, le recours contre Ernst & Young sera rejeté et il y aura une ordonnance rendant à jamais irrecevable toute réclamation en rapport à Sino-Forest y compris toute allégation se rapportant à la procédure notamment des réclamations (le cas échéant) qui pourraient être avancées par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Pour déterminer si ou comment ils sont touchés par le règlement proposé, les membres de groupe du règlement E&Y, ainsi que quiconque possède des réclamations contre Ernst & Young en relation avec Sino-Forest, devraient considérer l'effet des ordonnances rendues et des mesures prises dans la procédure LACC Sino-Forest. De plus amples informations sur la procédure LACC Sino-Forest se trouvent sur le site Web du contrôleur.

L'entente de règlement avec Ernst & Young est assujettie à l'approbation de la Cour, tel qu'indiqué ci-dessous.

Si la requête en approbation du règlement est accordée, alors des avis supplémentaires seront diffusés aux membres du groupe du règlement E&Y les informant de l'heure et du lieu de la requête en répartition/honoraires de l'Ontario et de toute requête au Québec et/ou aux États-Unis.

# SINO-FOREST CORPORATION

# NOTICE OF PROPOSED SETTLEMENT WITH ERNST & YOUNG LLP

TO: Everyone, including non-Canadians, who acquired Sino-Forest Corporation ("Sino-Forest") securities (including shares and/or notes) in the primary or secondary market in any jurisdiction between March 31, 2006 and August 26, 2011 (the "E&Y Settlement Class") and to everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young LLP, Ernst & Young Global Limited or any of its member firms and any person or entity affiliated or connected thereto ("Ernst & Young"), in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest.

# **Background of Sino-Forest Class Action and CCAA Proceeding**

In June and July of 2011, class actions were commenced in the Ontario Superior Court of Justice (the "Ontario Proceeding") and the Québec Superior Court (the "Québec Proceeding") (collectively, the "Proceedings") by certain plaintiffs (the "Plaintiffs") against Sino-Forest, its senior officers and directors, its underwriters, a consulting company, and its auditors, including Ernst & Young. In January 2012, a proposed class action was commenced against Sino-Forest and other defendants in the Southern District of New York (the "US Action"). The actions alleged that the public filings of Sino-Forest contained false and misleading statements about Sino-Forest's assets, business, and transactions.

Since that time, the litigation has been vigorously contested. On March 30, 2012, Sino-Forest obtained creditor protection under the *Companies' Creditors Arrangement Act* (the "CCAA"), within which proceeding the Ontario Superior Court ordered a stay of proceedings against the company and other parties, including Ernst & Young (the "CCAA Proceeding"). Orders and other materials relevant to the *CCAA* Proceeding can be found at the *CCAA* Monitor's website at <a href="http://cfcanada.fticonsulting.com/sfc/">http://cfcanada.fticonsulting.com/sfc/</a> (the "Monitor's Website").

On December 10, 2012, a Plan of Arrangement was approved by the court in the CCAA Proceeding. As part of this Plan of Arrangement, the court approved a framework by which the Plaintiffs may enter into settlement agreements with any of the third-party defendants to the Proceedings. The Plan expressly contemplates the Ernst & Young Settlement (as defined in the Plan), approval of which is now sought.

# Who Acts For the E&Y Settlement Class

Koskie Minsky LLP, Siskinds LLP, and Siskinds Desmeules, sencrl ("Class Counsel") represent the E&Y Settlement Class in the Proceedings. If you want to be represented by another lawyer, you may hire one to appear in court for you at your own expense.

You will not have to directly pay any fees and expenses to Class Counsel. However, if this action succeeds or there is a monetary settlement, Class Counsel will seek to have their fees and expenses paid from any money obtained for the class or paid separately by the defendants.

# Proposed Settlement with Ernst & Young

The Plaintiffs have entered into a proposed settlement with Ernst & Young (the "Settlement Agreement"). If the settlement is approved, it will be final and binding and there will be no ability to pursue a claim (if any) against Ernst & Young through an opt-out process under class proceedings or similar legislation. The proposed settlement would settle, extinguish and bar all claims, globally, against Ernst & Young in relation to Sino-Forest including the allegations in the Proceedings. Ernst & Young does not admit to any wrongdoing or liability. The terms of the proposed settlement do not involve the resolution of any claims against Sino-Forest or any of the other defendants. For an update on CCAA orders affecting Sino-Forest, please see the CCAA Monitor's website: http://cfcanada.fticonsulting.com/sfc/. A complete copy of the Settlement Agreement and other information about these proceedings is available at: <a href="www.kmlaw.ca/sinoforestclassaction">www.kmlaw.ca/sinoforestclassaction</a> and <a href="www.classaction.ca">www.classaction.ca</a> (the "Class Action Websites").

The proposed settlement, if approved and its conditions fulfilled, provides that Ernst & Young will pay CAD\$117,000,000.00 to a Settlement Trust to be administered in accordance with orders of the court. It is the intention of Class Counsel to seek the court's approval of a plan of allocation that distributes the settlement funds, net of counsel fees and other administrative costs and expenses, to members of the E&Y Settlement Class.

In return, the action will be dismissed against Ernst & Young, and there will be an order forever barring claims against it in relation to Sino-Forest including any allegations relating to the Proceedings, including claims (if any) that could be advanced through an opt-out process under class proceedings or similar legislation. In considering whether or how they are affected by the proposed settlement, members of the E&Y Settlement Class and anyone else with claims against Ernst & Young in relation to Sino-Forest should consider the effect of the orders made and steps taken in the Sino-Forest CCAA Proceedings. More information on the Sino-Forest CCAA Proceedings can be found on the Monitor's Website.

The settlement agreement with Ernst & Young is subject to court approval, as discussed below.

# Hearings to Approve Settlement on February 4, 2013 in Toronto, Ontario and Subsequent Hearings in Ontario, Quebec and the United States.

On February 4, 2013 at 10:00 a.m. (Eastern Time), there will be a settlement approval hearing before the Ontario Superior Court of Justice. The hearing will be heard at the Canada Life Building, 330 University Avenue, 8th Floor, Toronto, Ontario. The exact courtroom number will be available on a notice board on the 8th Floor.

If the settlement approval motion which is being heard by the Ontario Superior Court of Justice on February 4, 2013 (the "Settlement Approval Motion") is granted, then there will be a further hearing at a later date before the Ontario Superior Court of Justice (the "Ontario Allocation/Fee Motion") at which Class Counsel will seek that Court's approval of (1) the plan for allocating the net Ernst & Young settlement fund among the members of the E&Y Settlement Class; and (2) the fees and expense reimbursement requests of Class Counsel.

In addition, if the Settlement Approval Motion is granted, then there may be additional hearings at later dates in the Quebec Superior Court (the "Quebec Motion") and in the United States Bankruptcy Court for the Southern District of New York (the "US Motion") at which recognition and implementation of the Settlement Approval Motion and the Ernst & Young Settlement may be sought.

If the Settlement Approval Motion is granted, then a further notice will be disseminated to members of the E&Y Settlement Class advising them of the time and place of the Ontario Allocation/Fee Motion and any Quebec Motion and/or US Motion.

Members of the E&Y Settlement Class, and everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young, in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest, may attend at the hearing of the Settlement Approval Motion and ask to make submissions regarding the proposed settlement with Ernst & Young.

Persons intending to object to the Ernst & Young Settlement Agreement are required to: (a) deliver a Notice of Objection, substantially in the form that can be found on the Monitor's Website and the Class Action Websites, and, if this Notice is received by mail, enclosed with this Notice (the "Notice of Objection"), to the Monitor, by regular mail, courier or email transmission, to the coordinates indicated on the Notice of Objection, so that it is received by no later than 5:00 p.m. (Eastern Time) on January 18, 2013; and (b) comply with the litigation timetable set forth below. Copies of the Notices of Objection sent to the Monitor will be filed with the court.

This is Exhibit "G" mentioned and referred to in the affidavit of Serge Kalloghlian, sworn before me in the City of Toronto, in the Province of Ontario, this 10<sup>th</sup> day of January, 2013.

## SINO-FOREST CORPORATION

# AVIS DE RÈGLEMENT PROPOSÉ AVEC ERNST & YOUNG LLP

À l'attention de: Quiconque, y compris les non canadiens, ayant acquis des valeurs (notamment des actions et/ou des titres) de Sino-Forest Corporation (« Sino-Forest ») sur les marchés primaires ou secondaires, dans quelconque juridiction, entre le 31 mars 2006 et le 26 août 2011 (le « groupe du règlement E&Y ») et quiconque, y compris les non canadiens, qui a, avait, aurait pu avoir ou pourrait avoir une réclamation de quelque nature, contre Ernst & Young LLP, Ernst & Young Global Limited ou toute autre entreprise adhérente ainsi que toute personne ou entité affiliée ou liée, ci-après dénommés (« Ernst & Young »), en rapport à Sino-Forest, les audits faits par Ernst & Young sur les états financiers de Sino-Forest et tout autre travail effectué par Ernst & Young en rapport à Sino-Forest.

# Contexte du recours collectif Sino-Forest et de la procédure LACC

En juin et juillet 2011, des recours collectifs ont été intentés auprès de la Cour supérieure de justice de l'Ontario (« la procédure ontarienne ») et de la Cour supérieure du Québec (« la procédure québécoise ») (ensemble « les procédures ») par certains plaignants (« les demandeurs à l'action ») contre Sino-Forest, ses dirigeants et administrateurs, ses souscripteurs, une société de consulting et ses commissionnaires aux comptes, notamment Ernst & Young. En janvier 2012, un recours collectif proposé a été intenté contre Sino-Forest et d'autres parties défenderesses dans le district sud de New York (« le recours américain »). Les recours alléguaient que les documents publics de Sino-Forest contenaient des déclarations fausses et trompeuses quant à ses actifs, ses affaires et ses transactions.

Depuis ce temps, le différend a été vigoureusement contesté. Le 30 mars 2012, Sino-Forest a obtenu la protection de ses créanciers en vertu de la Loi sur les arrangements avec les créanciers des compagnies (la « LACC ») dans le cadre de laquelle la Cour supérieure de l'Ontario a ordonné un sursis d'instance contre la compagnies et d'autres parties, notamment Ernst & Young (la « procédure LACC »). Les ordonnances et autres documents pertinents relatifs à la procédure trouvés peuvent être sur le site Web du contrôleur LACC http://cfcanada.fticonsulting.com/sfc/ (le « site Web du contrôleur »).

Le 10 décembre 2012, un plan d'arrangement a été approuvé par la Cour dans la procédure LACC. Au titre de ce dernier, la Cour a approuvé un cadre par lequel les demandeurs à l'action peuvent conclure des ententes de règlement avec chacune des parties tierces défenderesses à la procédure. Le Plan prévoit expressément le règlement Ernst & Young (tel que défini dans le plan) dont l'approbation est maintenant recherchée.

## Qui agit pour le groupe du règlement E&Y

Les cabinets Koskie Minsky LLP, Siskinds LLP, et Siskinds Desmeules, sencrl ("les avocats du groupe ») représentent le groupe du règlement E&Y dans la procédure. Si vous souhaitez être représenté par un autre avocat, vous pouvez en engager un qui apparaîtra en Cour pour vous à vos propres frais.

Vous n'aurez pas à payer directement les honoraires et frais d'avocats du groupe. Toutefois, si ce recours aboutit positivement ou qu'il existe un règlement monétaire, les avocats du groupes

demanderont à ce que leurs honoraires et frais soient payés sur toute somme obtenue pour le groupe ou versés séparément par les parties défenderesses.

# Règlement proposé avec Ernst & Young

Les demandeurs à l'action ont conclu une proposition de règlement avec Ernst & Young (« l'entente de règlement »). Si le règlement est approuvé, il sera définitif et exécutoire et il n'y aura pas de possibilité de poursuivre une cause d'action (le cas échéant) contre Ernst & Young par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Le règlement proposé réglerait, éteindrait et rendrait irrecevable l'ensemble des réclamations, globalement, contre Ernst & Young en rapport avec Sino-Forest et notamment les allégations dans la procédure. Ernst & Young ne reconnaît aucun manquement ou aucune responsabilité. Les termes du règlement proposé n'impliquent pas la résolution de quelconques réclamations contre Sino-Forest ou l'une des autres parties défenderesses. Pour une mise à jour sur les ordonnances LACC touchant Sino-Forest, veuillez consulter le site Web du contrôleur http://cfcanada.fticonsulting.com/sfc/. Une copie intégrale de l'entente de règlement et d'autres informations sur ce recours (uniquement en anglais) sont disponibles sur www.kmlaw.ca/sinoforestclassaction et sur http://www.classaction.ca (le « site Web du recours collectif »)

Le règlement proposé, s'il est approuvé et si ses conditions sont remplies, prévoit qu'Ernst & Young versera 117,000,000.00 \$ CAD dans une fiducie de règlement qui sera gérée conformément aux ordonnances de Cour. Il est dans l'intention des avocats du groupe, de demander auprès de la Cour l'approbation du plan de répartition distribuant les fonds du règlement, déductions faites des honoraires d'avocats et autres frais administratifs, aux membres de groupe du règlement E&Y.

En retour, le recours contre Ernst & Young sera rejeté et il y aura une ordonnance rendant à jamais irrecevable toute réclamation en rapport à Sino-Forest y compris toute allégation se rapportant à la procédure notamment des réclamations (le cas échéant) qui pourraient être avancées par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Pour déterminer si ou comment ils sont touchés par le règlement proposé, les membres de groupe du règlement E&Y, ainsi que quiconque possède des réclamations contre Ernst & Young en relation avec Sino-Forest, devraient considérer l'effet des ordonnances rendues et des mesures prises dans la procédure LACC Sino-Forest. De plus amples informations sur la procédure LACC Sino-Forest se trouvent sur le site Web du contrôleur.

L'entente de règlement avec Ernst & Young est assujettie à l'approbation de la Cour, tel qu'indiqué ci-dessous.

# Audience d'approbation du règlement le 4 février 2013 à Toronto, Ontario et audiences ultérieures en Ontario, au Québec et aux États-Unis.

Le 4 février 2013, à 10h00 HNE (10:00 a.m. Eastern Time), se déroulera une audience en approbation devant la Cour supérieure de justice de l'Ontario. L'audience se tiendra dans l'immeuble Canada Life au 330 University Avenue, 8<sup>ième</sup> étage, Toronto, Ontario. Le numéro exact de la salle d'audience sera disponible sur le panneau d'affichage au 8<sup>ième</sup> étage.

Si la requête en approbation du règlement, qui sera entendue par la Cour supérieure de justice de l'Ontario le 4 février 2013 (« la requête en approbation du règlement »), est octroyée, il y aura alors une audience supplémentaire à une date ultérieure et devant la Cour supérieure de justice de l'Ontario (« requête en répartition/honoraires de l'Ontario ») durant laquelle les avocats du groupe demanderont l'approbation de la Cour sur (1) le plan de répartition des fonds net du règlement Ernst & Young parmi les membres du groupe du règlement E&Y; et (2) les droits, frais et honoraires demandés par les avocats du groupe.

En outre, si la requête en approbation du règlement est accordée, il pourra y avoir des audiences supplémentaires à des dates ultérieures devant la Cour supérieure du Québec (« la requête au Québec ») et devant la Cour des faillites du district sud de New York (« la requête aux États-Unis ») au cours desquelles des requêtes en reconnaissance et mise en œuvre de la requête en approbation du règlement Ernst & Young pourraient être demandées.

Si la requête en approbation du règlement est accordée, alors des avis supplémentaires seront diffusés aux membres du groupe du règlement E&Y les informant de l'heure et du lieu de la requête en répartition/honoraires de l'Ontario et de toute requête au Québec et/ou aux États-Unis.

Les membres du groupe du règlement E&Y et quiconque, y compris les non canadiens, qui a, avait, aurait pu avoir, ou pourrait avoir une réclamation de quelque nature contre Ernst & Young LLP en rapport à Sino-Forest, les audits fais par Ernst & Young sur les états financiers de Sino-Forest et toute autre travail effectué par Ernst & Young en rapport à Sino-Forest, peuvent assister à l'audience de la requête en approbation du règlement et demander à présenter des arguments eu égard au règlement proposé avec Ernst & Young.

Il est nécessaire que les personnes ayant l'intention de s'opposer à l'entente de règlement Ernst & Young: (a) transmettent un avis d'opposition essentiellement sous la forme que l'on retrouve sur le site Web du contrôleur et le site Web de recours collectif et, si cet avis est reçu par courrier, joint au présent avis (« l'avis d'opposition »), auprès du contrôleur, par courrier, service de messagerie ou transmission courriel, aux coordonnées indiquées sur l'avis d'opposition, de sorte que ce dernier soit reçu au plus tard à 17h00 HNE (5:00 p.m. Eastern Time), le 18 janvier 2013; et (b) respectent le calendrier de procédure présenté ci-dessous. # Le 9-1-1 pour une querelle sur l'hygiène dentaire

La Presse Canadienne

CHATHAM, Ontario - Se brosser les dents peut être important, mais le service de police de Chatham, en Ontario, souhaite rappeler au public que ce n'est pas assez important pour composer le 9-1-1.

Cette dispute familiale sur l'hygiène dentaire vient au premier rang de la liste annuelle des appels d'urgence les plus ridicules de l'année à Chatham. L'appel en question provenait d'un individu de 20 ans qui n'était pas d'accord avec son père par rapport à la fré-quence à laquelle il devait se brosser les dents. Les policiers qui ont répondu à l'appel l'ont finalement convaincu de procéder.

Le deuxième appel le plus ridicule a été fait par une dame qui disait avoir été attaquée par un canard. Les agents n'ont finalement pas trouvé de canard et la dame en question n'avait vraisemblablement pas été attaquée.

La troisième position est allée à une femme qui voulait recourir à l'aide de la police parce que le trafiquant de drogues avec lequel elle faisait affaire avait ajouté des substances hallucinogènes au crack qu'il lui avait vendu.

Un appel accusant la station de radio locale de communiquer des informations erronées sur la météo a pris le quatrième rang du palmarès, alors que la cinquième position est allée à une jeune fille de 13 ans qui était frustrée que sa mère ne lui laisse pas faire sa lessive seule.

Le service de police de Chatam a aussi remis les honneurs pour l'appel le plus mignon de l'année. Une fillette de trois ans a composé le 9-1-1 alors qu'elle regardait le film Les Bagnoles. L'enfant se souciait de la sécurité du personnage Flash McQueen qui pourchassait son rival Chick Hicks à toute vitesse.

Sino-Forest Corporation Notice of Proposed Settlement With Ernst & Young LLP

TORONTO, ONTARIO and LONDON, ONTARIO and QUEBEC CITY, QUEBEC--(Marketwire - Dec. 28, 2012) -

TO: Everyone, including non-Canadians, who acquired Sino-Forest Corporation ("Sino-Forest") securities (including shares and/or notes) in the primary or secondary market in any jurisdiction between March 31, 2006 and August 26, 2011 (the "E&Y Settlement Class") and to everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young LLP, Ernst & Young Global Limited or any of its member firms and any person or entity affiliated or connected thereto ("Ernst & Young"), in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest.

### Background of Sino-Forest Class Action and CCAA Proceeding

In June and July of 2011, class actions were commenced in the Ontario Superior Court of Justice (the "Ontario Proceeding") and the Québec Superior Court (the "Québec Proceeding") (collectively, the "Proceedings") by certain plaintiffs (the "Plaintiffs") against Sino-Forest, its senior officers and directors, its underwriters, a consulting company, and its auditors, including Ernst & Young. In January 2012, a proposed class action was commenced against Sino-Forest and other defendants in the Southern District of New York (the "US Action"). The actions alleged that the public filings of Sino-Forest contained false and misleading statements about Sino-Forest's assets, business, and transactions.

Since that time, the litigation has been vigorously contested. On March 30, 2012, Sino-Forest obtained creditor protection under the Companies' Creditors Arrangement Act (the "CCAA"), within which proceeding the Ontario Superior Court ordered a stay of proceedings against the company and other parties, including Ernst & Young (the "CCAA Proceeding"). Orders and other materials relevant to the CCAA Proceeding can be found at the CCAA Monitor's website at http://cfcanada.fticonsulting.com/sfc/ (the "Monitor's Website").

On December 10, 2012, a Plan of Arrangement was approved by the court in the CCAA Proceeding. As part of this Plan of Arrangement, the court approved a framework by which the Plaintiffs may enter into settlement agreements with any of the third-party defendants to the Proceedings. The Plan expressly contemplates the Ernst & Young Settlement (as defined in the Plan), approval of which is now sought.

### Who Acts For the E&Y Settlement Class

Koskie Minsky LLP, Siskinds LLP, and Siskinds Desmeules, sencrl ("Class Counsel") represent the E&Y Settlement Class in the Proceedings. If you want to be represented by another lawyer, you may hire one to appear in court for you at your own expense.

You will not have to directly pay any fees and expenses to Class Counsel. However, if this action succeeds or there is a monetary settlement, Class Counsel will seek to have their fees and expenses paid from any money obtained for the class or paid separately by the defendants.

### Proposed Settlement with Ernst & Young

The Plaintiffs have entered into a proposed settlement with Ernst & Young (the "Settlement Agreement"). If the settlement is approved, it will be final and binding and there will be no ability to pursue a claim (if any) against Ernst & Young through an opt-out process under class proceedings or similar legislation. The proposed settlement would settle, extinguish and bar all claims, globally, against Ernst & Young in relation to Sino-Forest including the allegations in the Proceedings. Ernst & Young does not admit to any wrongdoing or liability. The terms of the proposed settlement do not involve the resolution of any claims against Sino-Forest or any of the other defendants. For an update on CCAA orders affecting Sino-Forest, please see the CCAA Monitor's website: http://cfcanada.fticonsulting.com/sfc/. A complete copy of the Settlement Agreement and other information about these proceedings is available at: www.kmlaw.ca/sinoforestclassaction and www.classaction.ca (the "Class Action Websites").

The proposed settlement, if approved and its conditions fulfilled, provides that Ernst & Young will pay CAD\$117,000,000.00 to a Settlement Trust to be administered in accordance with orders of the court. It is the intention of Class Counsel to seek the court's approval of a plan of allocation that distributes the settlement funds, net of counsel fees and other administrative costs and expenses, to members of the E&Y Settlement Class.

In return, the action will be dismissed against Ernst & Young, and there will be an order forever barring claims against it in relation to Sino-Forest including any allegations relating to the Proceedings, including claims (if any) that could be advanced through an opt-out process under class proceedings or similar legislation. In considering whether or how they are affected by the proposed settlement, members of the E&Y Settlement Class and anyone else with claims against Ernst & Young in relation to Sino-Forest should consider the effect of the orders made and steps taken in the Sino-Forest CCAA Proceedings. More information on the Sino-Forest CCAA Proceedings can be found on the Monitor's Website.

The settlement agreement with Ernst & Young is subject to court approval, as discussed below.

# Hearings to Approve Settlement on February 4, 2013 in Toronto, Ontario and Subsequent Hearings in Ontario, Québec and the United States.

On February 4, 2013 at 10:00 a.m. (Eastern Time), there will be a settlement approval hearing before the Ontario Superior Court of Justice. The hearing will be heard at the Canada Life Building, 330 University Avenue, 8th Floor, Toronto, Ontario. The exact courtroom number will be available on a notice board on the 8th Floor.

If the settlement approval motion which is being heard by the Ontario Superior Court of Justice on February 4, 2013 (the "Settlement Approval Motion") is granted, then there will be a further hearing at a later date before the Ontario Superior Court of Justice (the "Ontario Allocation/Fee Motion") at which Class Counsel will seek that Court's approval of (1) the plan for allocating the net Ernst & Young settlement fund among the members of the E&Y Settlement Class; and (2) the fees and expense reimbursement requests of Class Counsel.

In addition, if the Settlement Approval Motion is granted, then there may be additional hearings at later dates in the Québec Superior Court (the "Québec Motion") and in the United States Bankruptcy Court for the Southern District of New York (the "US Motion") at which recognition and implementation of the Settlement Approval Motion and the Ernst & Young Settlement may be sought.

If the Settlement Approval Motion is granted, then a further notice will be disseminated to members of the E&Y Settlement Class advising them of the time and place of the Ontario Allocation/Fee Motion and any Québec Motion and/or US Motion.

Members of the E&Y Settlement Class, and everyone, including non-Canadians, who has, had, could have had or may have a claim of any kind against Ernst & Young, in relation to Sino-Forest, Ernst & Young's audits of Sino-Forest's financial statements and any other work performed by Ernst & Young related to Sino-Forest, may attend at the hearing of the Settlement Approval Motion and ask to make submissions regarding the proposed settlement with Ernst & Young.

Persons intending to object to the Ernst & Young Settlement Agreement are required to: (a) deliver a Notice of Objection, substantially in the form that can be found on the Monitor's Website and the Class Action Websites, and, if this Notice is received by mail, enclosed with this Notice (the "Notice of Objection"), to the Monitor, by regular mail, courier or email transmission, to the coordinates indicated on the Notice of Objection, so that it is received by no later than 5:00 p.m. (Eastern Time) on January 18, 2013; and (b) comply with the litigation timetable set forth below. Copies of the Notices of Objection sent to the Monitor will be filed with the court.

### Litigation Timetable

Sino-Forest Corporation avis de règlement proposé avec Ernst & Young LLP

TORONTO, ONTARIO et LONDON, ONTARIO et VILLE DE QUÉBEC, QUÉBEC--(Marketwire - 28 déc. 2012) -

À l'attention de: Quiconque, y compris les non canadiens, ayant acquis des valeurs (notamment des actions et/ou des titres) de Sino-Forest Corporation (« Sino-Forest ») sur les marchés primaires ou secondaires, dans quelconque juridiction, entre le 31 mars 2006 et le 26 août 2011 (le « groupe du règlement E&Y ») et quiconque, y compris les non canadiens, qui a, avait, aurait pu avoir ou pourrait avoir une réclamation de quelque nature, contre Ernst & Young LLP, Ernst & Young Global Limited ou toute autre entreprise adhérente ainsi que toute personne ou entité affiliée ou liée, ci-après dénommés (« Ernst & Young »), en rapport à Sino-Forest, les audits faits par Ernst & Young sur les états financiers de Sino-Forest et tout autre travail effectué par Ernst & Young en rapport à Sino-Forest.

#### Contexte du recours collectif Sino-Forest et de la procédure LACC

En juin et juillet 2011, des recours collectifs ont été intentés auprès de la Cour supérieure de justice de l'Ontario (« la procédure ontarienne ») et de la Cour supérieure du Ouébec (« la procédure québécoise ») (ensemble « les procédures ») par certains plaignants (« les demandeurs à l'action ») contre Sino-Forest, ses dirigeants et administrateurs, ses souscripteurs, une société de consulting et ses commissionnaires aux comptes, notamment Ernst & Young. En janvier 2012, un recours collectif proposé a été intenté contre Sino-Forest et d'autres parties défenderesses dans le district sud de New York (« le recours américain »). Les recours alléguaient que les documents publics de Sino-Forest contenaient des déclarations fausses et trompeuses quant à ses actifs, ses affaires et ses transactions.

Depuis ce temps, le différend a été vigoureusement contesté. Le 30 mars 2012, Sino-Forest a obtenu la protection de ses créanciers en vertu de la Loi sur les arrangements avec les créanciers des compagnies (la « LACC ») dans le cadre de laquelle la Cour supérieure de l'Ontario a ordonné un sursis d'instance contre la compagnies et d'autres parties, notamment Ernst & Young (la « procédure LACC »). Les ordonnances et autres documents pertinents relatifs à la procédure LACC peuvent être trouvés sur le site Web du contrôleur LACC http://cfcanada.fticonsulting.com/sfc/ (le « site Web du contrôleur »).

Le 10 décembre 2012, un plan d'arrangement a été approuvé par la Cour dans la procédure LACC. Au titre de ce dernier, la Cour a approuvé un cadre par lequel les demandeurs à l'action peuvent conclure des ententes de règlement avec chacune des parties tierces défenderesses à la procédure. Le Plan prévoit expressément le règlement Ernst & Young (tel que défini dans le plan) dont l'approbation est maintenant recherchée.

#### Qui agit pour le groupe du règlement E&Y

Les cabinets Koskie Minsky LLP, Siskinds LLP, et Siskinds Desmeules, sencri (« les avocats du groupe ») représentent le groupe du règlement E&Y dans la procédure. Si vous souhaitez être représenté par un autre avocat, vous pouvez en engager un qui apparaîtra en Cour pour vous à vos propres frais.

Vous n'aurez pas à payer directement les honoraires et frais d'avocats du groupe. Toutefois, si ce recours aboutit positivement ou qu'il existe un règlement monétaire, les avocats du groupes demanderont à ce que leurs honoraires et frais soient payés sur toute somme obtenue pour le groupe ou versés séparément par les parties défenderesses.

#### Règlement proposé avec Ernst & Young

Les demandeurs à l'action ont conclu une proposition de règlement avec Ernst & Young (« l'entente de règlement »). Si le règlement est approuvé, il sera définitif et exécutoire et il n'y aura pas de possibilité de poursuivre une cause d'action (le cas échéant) contre Ernst & Young par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Le règlement proposé réglerait, éteindrait et rendrait irrecevable l'ensemble des réclamations, globalement, contre Ernst & Young en rapport avec Sino-Forest et notamment les allégations dans la procédure. Ernst & Young ne reconnaît aucun manquement ou aucune responsabilité. Les termes du règlement proposé n'impliquent pas la résolution de quelconques réclamations contre Sino-Forest ou l'une des autres parties défenderesses. Pour une mise à jour sur les ordonnances LACC touchant Sino-Forest, veuillez consulter le site Web du contrôleur http://cfcanada.fticonsulting.com/sfc/. Une copie intégrale de l'entente de règlement et d'autres informations sur ce recours (uniquement en anglais) sont disponibles sur www.kmlaw.ca/sinoforestclassaction et sur http://www.classaction.ca (le « site Web du recours collectif »).

Le règlement proposé, s'il est approuvé et si ses conditions sont remplies, prévoit qu'Ernst & Young versera 117,000,000.00 \$ CAD dans une fiducie de règlement qui sera gérée conformément aux ordonnances de Cour. Il est dans l'intention des avocats du groupe, de demander auprès de la Cour l'approbation du plan de répartition distribuant les fonds du règlement, déductions faites des honoraires d'avocats et autres frais administratifs, aux membres de groupe du règlement E&Y.

En retour, le recours contre Ernst & Young sera rejeté et il y aura une ordonnance rendant à jamais irrecevable toute réclamation en rapport à Sino-Forest y compris toute allégation se rapportant à la procédure notamment des réclamations (le cas échéant) qui pourraient être avancées par le biais d'un processus de retrait, en vertu d'un recours collectif ou d'une procédure similaire. Pour déterminer si ou comment ils sont touchés par le règlement proposé, les membres de groupe du règlement E&Y, ainsi que quiconque possède des réclamations contre Ernst & Young en relation avec Sino-Forest, devraient considérer l'effet des ordonnances rendues et des mesures prises dans la procédure LACC Sino-Forest. De plus amples informations sur la procédure LACC Sino-Forest se trouvent sur le site Web du contrôleur.

L'entente de règlement avec Ernst & Young est assujettie à l'approbation de la Cour, tel qu'indiqué ci-

# Audience d'approbation du règlement le 4 février 2013 à Toronto, Ontario et audiences ultérieures en Ontario, au Québec et aux États-Unis.

En outre, si la requête en approbation du règlement est accordée, il pourra y avoir des audiences supplémentaires à des dates ultérieures devant la Cour supérieure du Québec (« la requête au Québec ») et devant la Cour des faillites du district sud de New York (« la requête aux États-Unis ») au cours desquelles des requêtes en reconnaissance et mise en œuvre de la requête en approbation du règlement Ernst &Young pourraient être demandées.

Si la requête en approbation du règlement est accordée, alors des avis supplémentaires seront diffusés aux membres du groupe du règlement E&Y les informant de l'heure et du lieu de la requête en répartition/honoraires de l'Ontario et de toute requête au Québec et/ou aux États-Unis.

Les membres du groupe du règlement E&Y et quiconque, y compris les non canadiens, qui a, avait, aurait pu avoir, ou pourrait avoir une réclamation de quelque nature contre Ernst & Young LLP en rapport à Sino-Forest, les audits fais par Ernst & Young sur les états financiers de Sino-Forest et toute autre travail effectué par Ernst & Young en rapport à Sino-Forest, peuvent assister à l'audience de la requête en approbation du règlement et demander à présenter des arguments eu égard au règlement proposé avec Ernst & Young.

The Plan will become effective at the Effective Time on the Plan Implementation Date, other than such matters occurring on the Equity Cancellation Date (if the Equity Cancellation date does not occur on the Plan Implementation Date) which will occur and be effective on such date, and the Plan shall be binding on and enure to the benefit of SFC, the Subsidiaries, Newco, Newco II, SFC Escrow Co., any Person having an Affected Claim, the Directors and Officers of SFC and all other Persons named or referred to in, or subject to, the Plan, as and to the extent provided for in the Plan.

For greater certainty, the insurers agree and consent to a direct right of action against the insurers, or any of them, in favour of any plaintiff who or which has (a) negotiated a settlement of any Claim covered under any of the Insurance Policies, which settlement has been consented to in writing by the insurers or such of them as may be required or (b) obtained a final judgment against one or more of SFC and/or the Directors or Officers which such plaintiff asserts, in whole or in part, represents Loss covered under the Insurance Policies, notwithstanding that such plaintiff is not a named insured under the Insurance Policies and that neither SFC nor the Directors or Officers are parties to such action.
- (d) Notwithstanding anything in this section 2.4, from and after the Plan Implementation Date, any Person having an Insured Claim shall, as against SFC and the Named Directors and Officers, be irrevocably limited to recovery solely from the proceeds of the Insurance Policies paid or payable on behalf of SFC or its Directors or Officers, and Persons with any Insured Claims shall have no right to, and shall not, directly or indirectly, make any claim or seek any recoveries from SFC, any of the Named Directors and Officers, any of the Subsidiaries, Newco or Newco II, other than enforcing such Person's rights to be paid from the proceeds of an Insurance Policy by the applicable insurer(s), and this section 2.4(d) may be relied upon and raised or pled by SFC, Newco, Newco II, any Subsidiary and any Named Director and Officer in defence or estoppel of or to enjoin any claim, action or proceeding brought in contravention of this section

If any distribution under section 5.2 or section 5.3 of Newco Shares, Newco Notes or Litigation Trust Interests is undeliverable (that is, for greater certainty, that it cannot be properly registered or delivered to the Applicable Affected Creditor because of inadequate or incorrect registration or delivery information or otherwise) (an "Undeliverable Distribution"), it shall be delivered to SFC Escrow Co., which shall hold such Undeliverable Distribution in escrow and administer it in accordance with this section 5.4. All claims for Undeliverable Distributions must be made on or before the date that is six months following the final Distribution Date, after which date the right to receive distributions under this Plan in respect of such Undeliverable Distributions shall be fully, finally, irrevocably and forever compromised, released, discharged, cancelled and barred, without any compensation therefore, notwithstanding any federal, state or provincial laws to the contrary, at which time any such Undeliverable Distributions held by SFC Escrow Co. shall be deemed to have been gifted by the owner of the Undeliverable Distribution to Newco or the Litigation Trust, as applicable, without consideration, and, in the case of Newco Shares, Newco Notes and Litigation Trust Interests, shall be cancelled by Newco and the Litigation Trustee, as applicable. Nothing contained in the Plan shall require SFC, the Monitor, SFC Escrow Co. or any other Person to attempt to locate any owner of an Undeliverable Distribution. No interest is payable in respect of an Undeliverable Distribution. Any distribution under this Plan on account of the Notes, other than any distributions in respect of Litigation Trust Interests, shall be deemed made when delivered to DTC or the applicable Trustee, as applicable, for subsequent distribution to the applicable Noteholders in accordance with section 5.2.

## 5.5 Procedure for Distributions Regarding Unresolved Claims

- (d) As soon as practicable following the date that all Unresolved Claims have been finally resolved and any required distributions contemplated in section 5.5(c) have been made, the Unresolved Claims Escrow Agent shall distribute (or in the case of Litigation Trust Interests, cause to be registered) any Litigation Trust Interests, Newco Shares and Newco Notes (and any income or proceeds therefrom), as applicable, remaining in the Unresolved Claims Reserve to the Affected Creditors with Proven Claims such that after giving effect to such distributions each such Affected Creditor has received the amount of Litigation Trust Interests, Newco Shares and Newco Notes that it is entitled to receive pursuant to section 4.1 hereof.
- (e) During the time that Newco Shares, Newco Notes and/or Litigation Trust Interests are held in escrow in the Unresolved Claims Reserve, any income or proceeds

Any and all obligations of SFC and the Subsidiaries under and with respect to the Notes, the Note Indentures and any guarantees or indemnities with respect to the Notes or the Note Indentures shall be terminated and cancelled on the Plan Implementation Date and shall not continue beyond the Plan Implementation Date. Notwithstanding the foregoing and anything to the contrary in the Plan, the Note Indentures shall remain in effect solely for the purpose of and only to the extent necessary to allow the Trustees to make distributions to Noteholders on the Initial Distribution Date and, as necessary, each subsequent Distribution Date thereafter, and to maintain all of the rights and protections afforded to the Trustees as against the Noteholders under the applicable Note Indentures, including their lien rights with respect to any distributions under this Plan, until all distributions provided for hereunder have been made to the Noteholders. The obligations of the Trustees under or in respect of this Plan shall be solely as expressly set out herein. Without limiting the generality of the releases, injunctions and other protections afforded to the Trustees under this Plan and the applicable Note Indentures, the Trustees shall have no liability whatsoever to any Person resulting from the due performance of their obligations hereunder, except if such Trustee is adjudged by the express terms of a non-appealable judgment rendered on a final determination on the merits to have committed gross negligence or wilful misconduct in respect of such matter.

## 5.10 Assignment of Claims for Distribution Purposes

## (a) Assignment of Claims by Ordinary Affected Creditors

Subject to any restrictions contained in Applicable Laws, an Ordinary Affected Creditor may transfer or assign the whole of its Affected Claim after the Meeting provided that neither SFC nor Newco nor Newco II nor the Monitor nor the Unresolved Claims Escrow Agent shall be obliged to make distributions to any such transferee or assignee or otherwise deal with such

transferee or assignee as an Ordinary Affected Creditor in respect thereof unless and until actual notice of the transfer or assignment, together with satisfactory evidence of such transfer or assignment and such other documentation as SFC and the Monitor may reasonably require, has been received by SFC and the Monitor on or before the Plan Implementation Date, or such other date as SFC and the Monitor may agree, failing which the original transferor shall have all applicable rights as the "Ordinary Affected Creditor" with respect to such Affected Claim as if no transfer of the Affected Claim had occurred. Thereafter, such transferee or assignee shall, for all purposes in accordance with this Plan, constitute an Ordinary Affected Creditor and shall be bound by any and all notices previously given to the transferor or assignments of Claims. For greater certainty, SFC shall not recognize partial transfers or assignments of Claims.

## (b) Assignment of Notes

Only those Noteholders who have beneficial ownership of one or more Notes as at the Distribution Record Date shall be entitled to receive a distribution under this Plan on the Initial Distribution Date or any Distribution Date. Noteholders who assign or acquire Notes after the Distribution Record Date shall be wholly responsible for ensuring that Plan distributions in respect of the Claims associated with such Notes are in fact delivered to the assignee, and the Trustees shall have no liability in connection therewith.

#### 5.11 Withholding Rights

SFC, Newco, Newco II, the Monitor, the Litigation Trustee, the Unresolved Claims Escrow Agent and/or any other Person making a payment contemplated herein shall be entitled to deduct and withhold from any consideration payable to any Person such amounts as it is required to deduct and withhold with respect to such payment under the Canadian Tax Act, the United States Internal Revenue Code of 1986 or any provision of federal, provincial, territorial, state, local or foreign Tax laws, in each case, as amended. To the extent that amounts are so withheld or deducted, such withheld or deducted amounts shall be treated for all purposes hereof as having been paid to the Person in respect of which such withholding was made, provided that such amounts are actually remitted to the appropriate Taxing Authority. To the extent that the amounts so required or permitted to be deducted or withheld from any payment to a Person exceed the cash portion of the consideration otherwise payable to that Person: (i) the payor is authorized to sell or otherwise dispose of such portion of the consideration as is necessary to provide sufficient funds to enable it to comply with such deduction or withholding requirement or entitlement, and the payor shall notify the applicable Person thereof and remit to such Person any unapplied balance of the net proceeds of such sale; or (ii) if such sale is not reasonably possible, the payor shall not be required to make such excess payment until the Person has directly satisfied any such withholding obligation and provides evidence thereof to the payor.

## 5.12 Fractional Interests

No fractional interests of Newco Shares or Newco Notes ("Fractional Interests") will be issued under this Plan. For purposes of calculating the number of Newco Shares and Newco Notes to be issued by Newco pursuant to this Plan, recipients of Newco Shares or Newco Notes will have their entitlements adjusted downwards to the nearest whole number of Newco Shares or Newco Notes, as applicable, to eliminate any such Fractional Interests and no compensation will be given for the Fractional Interest.
