AFFIDAVIT

I, LOUISE M. PATENAUDE, of 1045 Blasdell Avenue, in the City of Ottawa, in the Province of Ontario, K1K 0C7, MAKE OATH AND SAY THAT:

1. I am employed as an Accounts Receivable and Collection Manager by the Applicant NAV CANADA, and as such have personal knowledge of the facts and matters hereinafter deposed to, save and except where stated to be based on information and belief and where so stated I verily believe them to be true.

2. NAV CANADA is a private, not for profit corporation, operating under the *Civil Air Navigation Services Commercialization Act*, S.C. 1996, c. 20 ("CANSCA"). NAV CANADA owns and operates Canada's civil air navigation service. NAV CANADA co-ordinates the safe and efficient movement of aircraft in Canadian domestic airspace and international airspace assigned to Canadian control, by providing air traffic control, flight information, weather briefings, aeronautical information, airport advisory services, and electronic aids to navigation.

3. Skyservice Airlines Inc. / Lignes Aeriennes Skyservice Inc. ("Skyservice") is a Canadian airline company that offers charter flight air service both domestically and internationally. Skyservice is incorporated under federal incorporation laws, with its head office located at Toronto, Ontario.

4. Based on information obtained from NAV CANADA's control tower personnel, the following aircraft owned or operated by Skyservice (the "Aircraft") are currently located at Toronto Pearson International Airport:

<u>Registration No.</u>	<u>Type</u>	<u>Manufacturer Serial No.</u>
C-FRAA	A320-232	1411
C-GTDP	A320-214	1780
C-GTBB	B757-28A	32447
C-FLEU	B757-236	29941
C-GTDH	A320-214	1605
C-GTDG	A320-214	1571
C-GMYH	B575-236	25053

5. As is set out in more detail below, NAV CANADA provided civil air navigation services in relation to the Aircraft and other aircraft owned or operated by Skyservice and Skyservice incurred charges for these services which have not been paid.

6. The basis on which NAV CANADA charges for its civil air navigation services is set out in its *Customer Guide to Charges* ("Customer Guide"), the relevant portions of which are attached hereto as Exhibit "A". Among other things, the Customer Guide sets out the standard terms and conditions of payment (the "Standard Charge Terms"). The Standard Charge Terms provide that invoices are due and payable on receipt.

7. On March 2, 2010, NAV CANADA issued invoice number CS098164 to Skyservice for flights flown in February, 2010, in the amount of \$558,786.47 (the "February Invoice"). Skyservice has not paid the February Invoice. Attached hereto as **Exhibit "B"** is a true copy of the February Invoice and its supporting documents.
8. On March 31, 2010, NAV CANADA issued invoice number CS099563 to Skyservice for flights flown in March, 2010, in the amount of \$540,607.44 (the "March Invoice"). Skyservice has not paid the March Invoice. Attached hereto as **Exhibit "C"** is a true copy of the March Invoice and its supporting documents.
9. On March 26, 2010 a NAV CANADA employee named Jennifer Mosley contacted Vandra DaSilva of Skyservice to obtain information concerning payment of the outstanding February Invoice. I am advised by Ms. Mosley and verily believe that she was subsequently contacted by Ms. DaSilva, and advised that a wire from Skyservice for payment of the February Invoice would be received on April 1, 2010. Despite this assurance, no such wire was received and the February Invoice remains unpaid.
10. On March 31, 2010, following further inquiries with Skyservice, I became aware that the Skyservice business appeared to have been shut down. Subsequently, through reports in the press and following inquiries with the Greater Toronto Airport Authority, I was lead to understand that a receiver had been appointed over Skyservice. I am advised by Robin Walker, Q.C., a lawyer with Gowling Lafleur Henderson LLP, the solicitors for NAV CANADA ("Gowlings") and verily believe that an order was issued by the Ontario Superior Court of Justice on March 31, 2010 appointing FTI Consulting Canada Inc. as a receiver pursuant to s. 243 of the *Bankruptcy and Insolvency Act* ("BIA"). Attached hereto as **Exhibit "D"** is a copy of the Order of the Honourable Mr. Justice Gans appointing FTI Consulting Canada Inc. as Receiver of Skyservice.
11. In addition to the February Invoice and the March Invoice unpaid amounts, NAV CANADA is owed the further sum of \$1,167.76 for ferry flights which took place in the evening of March 31, 2010 (the "March 31 Charges").

12. To date, the February Invoice, the March Invoice and the March 31 Charges remain unpaid, and Skyservice owes NAV CANADA the total sum of \$1,100,561.67, plus applicable interest which continues to accrue (the "Skyservice Charges") for civil air navigation services provided. Attached hereto as Exhibit "E" is a true copy of a spreadsheet showing the amounts due for Skyservice's flights; which aircraft operated by Skyservice incurred navigation charges; and, an itemization of the navigation charges owed by Skyservice on a per aircraft basis.

13. Following the receivership of Skyservice, NAV CANADA faces a significant loss on account of the Skyservice Charges unless it can proceed to enforce its rights to seize and detain the Aircraft under the provisions of the *Civil Air Navigation Services Commercialization Act* ("CANSCA"). Since NAV CANADA has no monies held as security for the Skyservices Charges and no other means of obtaining payment, this remedy represents its only opportunity to collect the full amount due.

14. I swear this affidavit in support of an application for an order, among other things, under section 56 of CANSCA, authorizing NAV CANADA to seize and detain the Skyservice Aircraft until the outstanding charges owed by Skyservice are paid and for no other or improper purpose.

SWORN BEFORE ME at the City of)

A. FOREWORD

1. BACKGROUND

NAV CANADA is responsible for the provision of civil air navigation facilities and services for aircraft in Canadian airspace and any other airspace for which Canada is responsible for providing air navigation services ("Canadian-controlled airspace"). These include air traffic control, flight information, aeronautical information, weather briefings, airport advisory services and electronic aids to navigation. These services are delivered from various facilities including seven area control centres (ACC), 41 control towers, 60 flight services stations (FSS), eight Flight Information Centres (FIC), a national headquarters and two regional offices which collectively ensure the safe, efficient and expeditious flow of traffic through Canadian airspace. Operators of aircraft depend on the air navigation system for the safe and efficient movement of their aircraft.

NAV CANADA is a non-share capital, private corporation and recovers its costs through a system of service charges in accordance with the Civil Air Navigation Services Commercialization Act, S.C. 1996, c. 20 (the ANS Act). NAV CANADA invoices and collects charges to cover the costs of the air navigation services provided or made available by the Corporation or a person acting under the authority of the Minister of National Defence.

Before November 1, 1996, air navigation services were provided by the Canadian government and funded mainly through the Air Transportation Tax charged to airline passengers. This tax was rescinded on November 1, 1998. NAV CANADA now provides these services which are funded solely by air navigation fees levied on aircraft operators.

The purpose of this Guide is to provide information on the calculation of the charges applicable to the various categories of aircraft and explain the administrative procedures relating to the charges. This Guide is available on the NAV CANADA web site at www.navcanada.ca.

This Guide is effective September 1, 2008. The charges set out in this Guide are those that are in effect on September 1, 2008, except for the charges for propeller aircraft three metric tonnes or less which become effective on March 1, 2009. The charges for these aircraft set out in the previous Guide apply until that time. The previous Guide is also available on the NAV CANADA web site at www.navcanada.ca.

Announcements pertaining to charges have been issued as follows: the Announcement of New and Revised Service Charges, dated September 1997, the Announcement of New and Revised Service Charges, dated September 1998, the Announcement of Reduced Service Charges, dated August 16, 1999, the Announcement of New and Revised Service Charges, dated January 28, 2000, the Announcement of Revised Service Charges, dated August 18, 2000, the Announcement of Revised Service Charges, dated December 15, 2000, the Announcement of Revised Service Charges, dated December 21, 2001, the Announcement of Revised Service Charges dated December 13, 2002, the Announcement of Revised Service Charges dated July 21, 2003, the Announcement of Revised Service Charges dated April 2004, the Announcement of Revised Service Charges dated July 2004, the Announcement of New and Revised Service Charges dated April 2006, the Announcement of Revised Service Charges dated July 2006, the Announcement of Revised Service Charges dated July 2007, and the Announcement of Revised Service Charges dated August 2008.

2. CHARGING PRINCIPLES

Extensive country-wide consultation is undertaken by NAV CANADA with aircraft operators, representative organizations of users and other stakeholders before implementing revised or new charges. Following pre-consultation, as appropriate, a Notice detailing proposed charges is published. This is followed by a formal consultation period. After incorporating any modifications that may be warranted in light of comments received, NAV CANADA publishes an Announcement detailing the new or revised charges and files a copy of the Announcement with the Canadian Transportation Agency, pursuant to the ANS Act.

In addition to conforming with the International Civil Aviation Organization's (ICAO) recommendations, NAV CANADA's charges are based on the following principles as set out in the ANS Act:

- charges must be in accordance with a methodology established and published by the Corporation that is explicit and that also includes the terms and conditions affecting charges;
- charges must not be structured in such a way that a user would be encouraged to engage in practices that diminish safety for the purpose of avoiding a charge;
- charges for the same services must not differentiate between domestic and international flights of air carriers;
- charges for the same services must not differentiate among Canadian air carriers or among foreign air carriers;
- charges must differentiate between the provision of services in relation to the landing and take-off of aircraft and the provision of services in relation to aircraft in flight, and must reflect a reasonable allocation of the costs of providing the services in those circumstances;
- charges in respect of recreational and private aircraft must not be unreasonable or undue;
- charges for designated northern or remote services and for services directed to be provided under subsection 24(1) of the ANS Act must not be higher than charges for similar services utilized to a similar extent elsewhere in Canada;
- charges must be consistent with the international obligations of the Government of Canada; and
- charges must not be at a level that, based on reasonable and prudent projections, would generate revenues exceeding the Corporation's current and future financial requirements in relation to the provision of civil air navigation services.

In addition to the charging principles, the ANS Act further provides that:

- the charging methodology may recognize that the value of the services differs among users;
- where the Corporation's charging methodology recognizes the value of the services and aircraft weight is used as a measure of the value of the services, the first charging principle is deemed not to have been observed if aircraft weight is taken into account either directly proportionally or greater than directly proportionally;
- notwithstanding the above, a category of users may be charged on a flat-fee basis so long as the charge is otherwise consistent with the charging principles set out above;
- "weight", in relation to an aircraft, means the maximum permissible take-off weight (MTOW), in metric tonnes, specified in the aircraft's certificate of airworthiness or in a document referred to in that certificate.

The definitions contained in Appendix A apply in this Guide.

NAV CANADA charges are based on the use of metric units (i.e., tonnes and kilometres) and are expressed in Canadian dollars.

All references to air navigation services set out in this Guide refer to air navigation services provided or made available by NAV CANADA or a person acting under the authority of the Minister of National Defence.

B. SCHEDULE OF CHARGES

1. INTRODUCTION

NAV CANADA obtains its revenues in the form of charges levied on aircraft operators for the provision or availability of air navigation services. The charges have two components: the first represents the base rate which is set to meet the Corporation's annual financial requirements, while the second is a rate adjustment which is the mechanism used to recover prior period shortfalls or return prior period surpluses. For rates effective September 1, 2008, the rate adjustment for all charges is nil.

The charging system is divided into three main categories for terminal and enroute services:

- charges for propeller aircraft weighing three metric tonnes or less;
- daily charges for propeller aircraft over three metric tonnes and small jet aircraft; and
- movement-based charges for propeller aircraft over three metric tonnes and jet aircraft.

In addition, there are movement-based charges for oceanic services.

Described in the following sections are the categories of charges for air navigation services.

3. CHARGES FOR PROPELLER AIRCRAFT THREE METRIC TONNES OR LESS FOR TERMINAL AND ENROUTE SERVICES

Canadian and foreign registered propeller aircraft weighing between 0.617 (1,360 lbs.) and 3.0 metric tonnes (6,614 lbs.) are subject to Annual Charges and Quarterly Charges, respectively, for air navigation services (excluding oceanic services).

Where oceanic services are involved, related charges also apply (see subsection B.6).

a) ANNUAL CHARGES FOR CANADIAN-REGISTERED PROPELLER AIRCRAFT (INCLUDING HELICOPTERS)

Weight Group* (metric tonnes)	Base Rates Effective March 1, 2009
0.617 to 2.0 ¹⁾	\$ 68
Over 2.0 to 3.0	\$ 227 ²⁾

1. Propeller aircraft weighing less than 0.617 metric tonnes are exempt from this charge.
2. Except for private propeller aircraft not used for business purposes, i.e., exclusively for recreational purposes. The fee for such propeller aircraft regardless of aircraft weight is the same as for aircraft in the 0.617 to 2.0 metric tonne weight group. This same fee also applies to propeller aircraft between 2 and 3 metric tonnes restricted to aerial agricultural spraying.

* Maximum permissible take-off weight as reported in the Canadian Civil Aircraft Register

- The Annual Charges cover the 12-month period commencing March 1 of each year and ending on the last day of February the subsequent year, referred to as the annual fee period.
- The Annual Charges apply to an aircraft in service for all or part of the annual fee period, regardless of the type of flight permit or certificate of airworthiness in force.

NOTE: Aircraft that are not flown at all during the annual fee period, i.e., out of service for the entire year due to storage, engine overhaul, repairs, modifications, etc., are not subject to the annual charges, provided the aircraft operator completes a form declaring the inactive status of the aircraft (contact a Customer Service Representative). Supporting documentation satisfactory to NAV CANADA may also be required.

- For newly built aircraft acquired within an annual fee period, the Annual Charges are prorated based on the number of months or part thereof between the date of acquisition and the end of the annual fee period.
- The Annual Charges are not prorated for aircraft changing owners during an annual fee period, with the exception of the acquisition of an aircraft from a dealer and for which the fee has not been paid, or the acquisition of a new aircraft from a manufacturer.
- An aircraft manufacturer or a dealer acquiring an aircraft for the purpose of sale is not assessed the Annual Charges for the aircraft.

b) QUARTERLY CHARGES FOR FOREIGN-REGISTERED PROPELLER AIRCRAFT (INCLUDING HELICOPTERS)

For foreign-registered propeller aircraft, Quarterly Charges apply. The charge is 25% of the above Annual Charge on Canadian-registered propeller aircraft.

- A foreign-registered aircraft is charged on the basis of the first recorded arrival into a Canadian aerodrome or entry into Canadian airspace, excluding flights between two points in the U.S., during each quarter of the annual fee period: i.e., March 1 to May 31, June 1 to August 31, September 1 to November 30, December 1 to February 28 (or 29). If registration marks are not provided, each flight concerned is charged at the quarterly rate.
- The aircraft weight used for an aircraft is the typical maximum permissible take-off weight for that aircraft type by reference to the Canadian Civil Aircraft Register.

c) DAILY CHARGES AT SPECIFIED INTERNATIONAL AIRPORTS FOR PROPELLER AIRCRAFT (INCLUDING HELICOPTERS) WEIGHING THREE METRIC TONNES OR LESS

A Daily Charge applies to propeller aircraft, including helicopters, weighing 3.0 metric tonnes or less (MTOW) that depart from Vancouver, Calgary, Edmonton, Winnipeg, Toronto (Pearson), Ottawa (Macdonald-Cartier), and Montréal (Trudeau) international airports. With respect to Vancouver International Airport, the daily charge also applies at the water aerodrome. The charge applies to an aircraft each day it departs from one or more of these airports, where a day is defined as each 24 hour period that commences at 0800 GMT.

An annual maximum limit per aircraft applies for this Daily Charge, where the annual period runs from March 1 to February 28 (or 29). The annual limit applies to both Canadian-registered aircraft and foreign-registered aircraft.

The Daily Charge and the annual maximum limit are set out in the following table.

DAILY CHARGE FOR PROPELLER AIRCRAFT WEIGHING THREE METRIC TONNES OR LESS*

Daily Charge	Maximum Charge
\$ 10 per day	\$1,200 per year per aircraft

- * Applicable at Vancouver including the water aerodrome, Calgary, Edmonton, Winnipeg, Toronto (L.B. Pearson), Ottawa (Macdonald-Cartier), and Montréal (Trudeau) international airports. This Daily Charge will also apply to propeller aircraft (including helicopters) over 3.0 metric tonnes that have been declared to NAV CANADA as dedicated to recreational use.

To ensure that the Daily Charge is applied to an aircraft only once per chargeable day, the aircraft registration mark is required for each flight by the aircraft. Where the aircraft registration mark is not provided in the flight plan, such as where centre stored flight plans or master flight plans are used or other circumstances such as where a flight plan is not filed, the aircraft registration mark must be provided in a way and at a time that is satisfactory to NAV CANADA. Any flight departing from one of the seven specified airports for which this information is not provided will be charged at the daily rate. Also, in the absence of the aircraft registration mark, it will not be possible to apply the annual maximum to an aircraft since the specific aircraft cannot be identified. Contact a Customer Service Representative for further information.

This Daily Charge applies in addition to the existing Annual and Quarterly charges. The Annual and Quarterly charges do not count towards the annual maximum pertaining to the new Daily Charge.

Exemptions from charges, as identified in Section C of this Guide, apply to this Daily Charge, with the exception of the exemptions for ultralights, gliders, balloons and aircraft weighing less than 617 kg.

The following exemptions are also provided:

- A departure that follows a landing by a flight where an emergency was declared and where the airport had not been the intended destination.
- A departure that follows a landing by a flight using the airport as a weather alternate (applies to both IFR and VFR flights where the pilot declares a diversion due to weather).
- Operational training flights related to search and rescue operations under the direction of the Department of National Defence.

Exemptions can only be claimed by contacting a Customer Service Representative. Refer to Section G for further information.

4. DAILY CHARGES FOR PROPELLER AIRCRAFT (INCLUDING HELICOPTERS) OVER THREE METRIC TONNES AND SMALL JET AIRCRAFT FOR TERMINAL AND ENROUTE SERVICES

DAILY CHARGES FOR PROPELLER AIRCRAFT

Propeller aircraft, including helicopters, weighing more than three metric tonnes (6,614 pounds), are subject to Daily Charges for terminal and enroute air navigation services or, at the operator's option, the movement-based charges for terminal and enroute services as set out in subsection B.5.

Weight Groups* (metric tonnes)	Base Rates ¹⁾ Effective September 1, 2008
Over 3.0 up to 5.0	\$ 42
Over 5.0 up to 6.2	\$ 84
Over 6.2 up to 8.6	\$ 333
Over 8.6 up to 12.3	\$ 773
Over 12.3 up to 15.0	\$ 1,152
Over 15.0 up to 18.0	\$ 1,384
Over 18.0 up to 21.4	\$ 1,866
Over 21.4	\$ 2,421
Maximum for helicopters	\$ 84

1. Except for private propeller aircraft (including helicopters) not used for business purposes, i.e., exclusively for recreational purposes. The fee for such propeller aircraft regardless of aircraft weight is the same as for propeller aircraft in the 0.617 to 2.0 metric tonne weight group.

* maximum permissible take-off weight

DAILY CHARGES FOR SMALL JET AIRCRAFT

Jet aircraft weighing 0.617 metric tonnes up to 7.5 metric tonnes are subject to Daily Charges for terminal and enroute air navigation services as set out below or, at the operator's option, the movement-based charges for terminal and enroute services as set out in subsection B.5. For jet aircraft weighing less than 0.617 metric tonnes, the same daily charge as outlined in subsection B.3.c for propeller aircraft applies at specified international airports.

Weight Groups* (metric tonnes)	Base Rates Effective September 1, 2008
0.617 to 3.0	\$ 159
Over 3.0 to 6.2	\$ 205
Over 6.2 to 7.5	\$ 333

* maximum permissible take-off weight

For the purposes of applying the Daily Charges, a day is defined as each 24-hour period commencing at 0800 GMT.

The Daily Charge is applied to an aircraft for each day it makes one or more departures as follows:

- (a) from one or more aerodromes with air navigation facilities staffed either by NAV CANADA or by a person acting under the authority of the Minister of National Defence, in the case of flights between two Canadian aerodromes; and/or
- (b) from one or more Canadian aerodromes, in the case of international flights.

Only one Daily Charge is applied regardless of the amount of flight activity in a day by the same aircraft.

To qualify for the application of the daily charge in respect of a flight, the aircraft operator must include the aircraft registration mark in the flight plan, except for centre stored flight plans, master flight plans or other circumstances, such as where a flight plan is not filed, in which case the aircraft registration mark must be provided in a way and at a time that is satisfactory to NAV CANADA. Otherwise the aircraft will be billed the movement-based charges for terminal and enroute services. Contact a Customer Service Representative for further information.

A propeller aircraft over three metric tonnes or a small jet aircraft overflying Canada without landing or taking off in Canada is subject to the Enroute Charge as set out in subsection B.5.

An annual minimum charge composed of a base rate of \$227 effective March 1, 2009, applies to Canadian-registered propeller aircraft, including helicopters, over three metric tonnes and jet aircraft operated in Canadian airspace. For foreign-registered aircraft, the corresponding minimum charge is a quarterly minimum equal to 25% of these amounts.

The annual minimum charge for propeller aircraft, including helicopters, over three metric tonnes restricted to aerial agricultural spraying is composed of a base rate of \$68 effective March 1, 2009.

The annual minimum charge does not apply to private propeller aircraft over three metric tonnes used exclusively for non-business, i.e., recreational, purposes. These aircraft are subject to an annual fee composed of a base rate of \$68 effective March 1, 2009, in the case of a Canadian-registered aircraft, or, in the case of a foreign-registered aircraft, the corresponding quarterly fee equal to 25% of these amounts.

Where oceanic services are involved, related charges also apply (see subsection B.6).

5. MOVEMENT BASED CHARGES FOR PROPELLER AIRCRAFT OVER THREE METRIC TONNES AND JET AIRCRAFT FOR TERMINAL AND ENROUTE SERVICES

a) ENROUTE CHARGE

The Enroute charge is for air navigation services, other than terminal and oceanic services, provided or made available to flights in Canadian-controlled airspace, excluding the Gander Oceanic Flight Information Region/Control Area (FIR/CTA).

The charge applies to both overflights and flights which land or take off in Canada. With respect to flights which land or take off in Canada, the Enroute Charge applies:

- (a) to flights between two Canadian airports, at least one of which is an airport where NAV CANADA applies the Terminal Services Charge (see Appendix B); and
- (b) to international flights.

For the purpose of NAV CANADA charges, airport means a certified aerodrome, or an uncertified aerodrome with air navigation services staffed either by NAV CANADA or by a person acting under the authority of the Minister of National Defence.

The charge takes into account the distance flown and, less than proportionately, the aircraft weight. The charge is applied on a per flight basis and is equal to the product of the unit rate (R), the weight factor (W) and the distance (D). The calculation of the charge is described below:

$$\text{charge} = R \times W \times D$$

- The unit rate (R) is composed of a base rate of \$0.03445 effective September 1, 2008.
- The weight factor (W) is obtained by taking the square root of the maximum permissible take-off weight of the aircraft as determined in section D.
- The distance (D) in kilometres is equal to the great circle distance in Canadian-controlled airspace, excluding Gander FIR/CTA, in the case of overflights and international flights landing or taking off in Canada. The Canadian-controlled airspace includes Canadian airspace and any airspace delegated to Canada for the purpose of air navigation services, but excludes any Canadian airspace delegated to another ANS provider for the same purpose. The boundaries of the Canadian-controlled airspace are identified in the aeronautical charts published by NAV CANADA and are also set out in the Canadian Aeronautical Charts Supplement, which can be obtained from NAV CANADA. Appendix E contains a depiction of the Enroute Charge area.

In the case of flights between points in Canada, great circle distance between the departure and arrival airports is used in distance calculations, regardless of whether the flight transits U.S. airspace.

Distance Adjustment

- For flights between points in Canada, the following adjustments are made to the enroute distance. Both departure and arrival airports (i.e., at each end of the flight) are taken into account in the adjustment:
 - at airports identified in Appendix B:

- if dedicated approach/departure control services are provided at the airport, the distance is reduced by 65 km; or
- if dedicated approach/departure control services are not provided at the airport, the distance is reduced by 35 km.
- at other airports, the reduction is nil.
- For international flights landing or taking off in Canada, the same concept as above is followed, although the distance adjustment would only apply at the Canadian airport.

The Enroute Charge does not apply to flights between two points in the United States other than:

- A flight to or from Alaska by aircraft weighing more than 200 metric tonnes and transiting Canadian-controlled airspace;
- Flights by turbojet aircraft, with maximum permissible take-off weight (MTOW) of 20 metric tonnes or more and providing commercial service between two points in the United States, which operate in Canadian-controlled domestic airspace east of 95° W longitude and west of 68° W longitude, and enter and exit Canadian-controlled airspace south of 49° N latitude.

Should the United States introduce an enroute charge on flights between two points in Canada transiting U.S. airspace, NAV CANADA would extend the application of the enroute charge to all flights between two points in the United States transiting Canadian-controlled airspace, following an announcement in accordance with the ANS Act.

b) TERMINAL SERVICES CHARGE (TSC)

The Terminal Services Charge is for terminal services provided or made available at or in the vicinity of an aerodrome. Services include dedicated approach/departure control services provided by the ACCs and the TCU, or aerodrome services including, for example, airport advisory services from an FSS and air traffic control from a tower. The charge is applied to departing flights from aerodromes with air navigation facilities staffed by either NAV CANADA personnel or a person acting under the authority of the Minister of National Defence. Aerodromes where this charge applies are listed in Appendix B.

The charge takes into account, less than proportionately, the aircraft weight. The charge is applied on departures only on a per flight basis and is equal to the product of the unit rate (**R**) and the weight factor (**W**). The calculation of the charge is described below:

$$\text{charge} = R \times W$$

- The unit rate (**R**) is composed of a base rate of \$23.90 effective September 1, 2008.
- The weight factor (**W**) is obtained by taking the 0.8 power of the maximum permissible take-off weight of the aircraft as determined in section D.

c) OTHER

An annual minimum charge composed of a base rate of \$227 effective March 1, 2009, applies to Canadian-registered propeller aircraft over three metric tonnes and jet aircraft operated in Canadian-controlled airspace. For foreign-registered aircraft, the corresponding minimum charge is a quarterly minimum equal to 25% of these amounts.

The annual minimum charge for propeller aircraft over three metric tonnes restricted to aerial agricultural spraying is composed of a base rate of \$68 effective March 1, 2009.

The annual minimum charge does not apply to private propeller aircraft over three metric tonnes used exclusively for non-business, i.e., recreational, purposes. These aircraft are subject to an annual fee composed of a base rate of \$68 effective March 1, 2009, in the case of Canadian-registered aircraft, or, in the case of a foreign-registered aircraft, the corresponding quarterly fee equal to 25% of these amounts.

Where oceanic services are involved, related charges also apply (see subsection B.6).

6. OCEANIC CHARGES

There are two Oceanic Charges: the North Atlantic Enroute Facilities and Services Charge (NAT) and the International Communication Services Charge (Int'l Comm).

The NAT Charge is for the provision or availability of air navigation services to an aircraft during the course of a flight in the Gander Oceanic FIR/CTA.

The Int'l Comm Charge is for air-ground radio frequencies and certain other communication links provided or made available to an aircraft during the course of an international flight, other than a flight between Canada and the continental United States, to obtain communication services.

Oceanic Charges are based on a flat fee per flight.

	Base Rates Effective September 1, 2008	
NAT	\$	93.24
Int'l Comm		
Position reporting using voice	\$	58.56
Position reporting using data link	\$	22.04

7. CHARGES FOR EXTRA SERVICES

a) CHARGES FOR SERVICES REQUESTED OUTSIDE NORMAL HOURS OF OPERATION

Incremental costs will be charged to users who request services outside normal hours of operation, in addition to the applicable air navigation services charges.

b) CHARGES FOR SERVICES REQUESTED ABOVE THE LEVEL OF SERVICE POLICY

The cost of services in excess of the Level of Service Policy will be separately identified and recovered through the existing charging methodology for air navigation services.

Such costs will be recovered on a site specific basis with respect to terminal services and on a system basis with respect to enroute or oceanic services.

c) CHARGES FOR AIRSHOWS

Any incremental costs will be recovered. However, an exemption is provided for any applicable air navigation services charges to flights taking part in such events.

C. EXEMPTIONS AND REDUCTIONS

Section G contains important policy information on claiming credits, exemptions, and reductions. Note that a claim must be filed within 90 days from the date of the invoice.

1. EXEMPTION FROM CHARGES

Some exemptions from air navigation services charges are provided for certain categories of flights. These are listed below. There are additional exemptions that apply only in respect of the daily charge outlined in subsection B.3.c.

- gliders, ultralights and balloons, except in the case of the daily charge outlined in subsection B.3.c;
- all aircraft weighing less than 617 kg (1,360 pounds), except in the case of the daily charge outlined in subsection B.3.c;
- aircraft or flights dedicated to search and rescue operated under the direction of police or the Department of National Defence;
- aircraft or flights dedicated to firefighting and related operational training;
- aircraft or flights dedicated to air ambulance operations paid by government;
- test flights performed exclusively for the following purposes (i.e. flights also serving any other purpose, such as the return trip from the maintenance facility, do not qualify):
 - testing aircraft following overhauls, modifications, repairs and inspections for which a certificate of compliance is to be given; or
 - enabling aircraft to qualify for the issue or renewal of a certificate of airworthiness;
- flights aborted (not reaching their next destination and returning to the point of flight departure) due to weather conditions;
- flights taking part in air shows;
- flights operated exclusively for a registered charity as defined in the Income Tax Act (Canada) or equivalent foreign statute;
- state aircraft of a foreign country, unless charging has been authorized by an Order-in-Council; and
- aircraft or flights operated under the authority of the Canadian Minister of National Defence.

Section G explains the procedures to follow in order to be granted these exemptions.

2. REDUCTION TO CHARGES

a) OCEANIC CHARGES

If an aircraft lands or takes off from an airport in Canada located north of the sixtieth parallel of north latitude and lands or takes off from an airport in Greenland, the charges per flight are 40% of the Oceanic Charges otherwise payable.

b) TERMINAL SERVICES CHARGE (TSC) FOR TRAINING FLIGHTS

For a flight operation performed exclusively for the purpose of training or testing of a person or persons (e.g., flight crew) to obtain, upgrade or renew a licence, including pilot proficiency checks, a charge is applied only on the first departure at any given airport.

However, training flights that transit from a main airport to a smaller airport because training flights are not allowed at the main airport, are exempt from the TSC at the main airport.

For training flight purposes, a flight operation of an aircraft at an airport is limited to the flight activity by that aircraft between taxiing on and taxiing off the aircraft manoeuvring area.

To qualify for the reduction in the TSC, training as described above must be the sole purpose of the flight. For example, to qualify, the flight cannot also serve for positioning or ferrying of the aircraft.

Section G explains the procedures to follow in order to be granted these reductions.

D. CALCULATION OF AIRCRAFT WEIGHT

1. WEIGHT CALCULATION OPTIONS

Except as noted below, weight used in calculating a charge is determined in one of two ways, at the operator's election. The options are:

OPTION 1: AVERAGE WEIGHT BY AIRCRAFT TYPE WITHIN THE OPERATOR'S FLEET

Where an operator has two or more aircraft of the same type but with different weights, the average of the maximum permissible take-off weight of all his aircraft of that type, expected to be operated in Canadian-controlled airspace (excluding aircraft that transit only the Gander Oceanic FIR/CTA), shall be taken for the calculation of the average weight for each aircraft of that type. These averages are used in the calculation of charges for the flights, according to aircraft type, operated by the customer. The weight as stated in the fleet submission, is expressed in metric tonnes rounded to the first decimal place.

NOTE: For the purpose of assessing the Daily Charge, the determination of the weight group of an aircraft is based on the maximum permissible take-off weight of each individual aircraft.

OPTION 2: SPECIFIC WEIGHT OF EACH AIRCRAFT

The weight of the aircraft is defined as the maximum permissible take-off weight of that aircraft as stated in the fleet submission, in metric tonnes rounded to the first decimal place.

Under this option, in addition to providing fleet submissions, the operator must include the correct aircraft registration marks on all flight plans.

With respect to propeller aircraft, and jet aircraft weighing 7.5 metric tonnes or less, NAV CANADA requires correct aircraft registration marks in order to bill the Daily Charge correctly. Where the aircraft registration marks are not provided in the flight plan for flights of aircraft of these types, the aircraft will be billed as follows:

- For propeller aircraft over 3.0 metric tonnes and jet aircraft 7.5 metric tonnes or less, the aircraft will be billed the movement-based charges for terminal and enroute services, and

- For aircraft 3.0 metric tonnes and less that depart from one or more of the international airports specified in subsection B.3.c, the daily rate will be applied to each departure.

2. PROVISION OF INFORMATION

Fleet data submissions are necessary to determine the aircraft weight that is used in the fee calculation for each flight billed. In the absence of a fleet data submission, NAV CANADA calculates the charge for the flight based upon the highest published maximum permissible take-off weight for an aircraft of the same type. In the case of Option 2, if a fleet data submission is provided but the aircraft registration marks are not provided in the flight plan, NAV CANADA calculates the charge for the flight based upon the highest maximum permissible take-off weight for an aircraft of the same type of the carrier concerned.

Customers (other than those only operating aircraft weighing 3 metric tonnes or less) must file an updated submission any time their fleet is modified. *The operator is also required to select one of the two weight calculation options as noted above.*

NOTE: When electing Weight Calculation Option 2, certain procedures must be followed so that NAV CANADA has the information necessary to determine the weight of the aircraft actually flown. Credit notes will not be issued for flights billed at the heavier weight if the following procedures are not followed:

- provide updated fleet data submissions to reflect any fleet changes by the last working day of the calendar month in which new aircraft were first operated. Aircraft that are not recorded with NAV CANADA will be billed at the heavier weight as explained above;
- include the correct aircraft registration marks on all flight plans;
- file a complete ICAO flight plan with a Canadian ACC or FIC in order to ensure that NAV CANADA captures the aircraft registration.

NOTE: In cases where the aircraft registration marks are not provided, e.g., repetitive (centre-stored) flight plans, or U.S. air carriers using a NAS flight plan, you should contact a Customer Service Representative.

E. BILLING INFORMATION

1. ANNUAL AND QUARTERLY CHARGES

The Annual Charges are billed in March each year. For aircraft acquired during the annual fee period, there is no prorating of the Annual Charges, except as follows:

- new aircraft acquired during the annual fee period will be billed on a pro rata basis following the month of acquisition;
- this will also apply to aircraft, new or used, acquired from a dealer in cases where the Annual Charges have not already been paid.

For private aircraft over two metric tonnes which are not used for business purposes (used exclusively for recreational purposes), a declaration stating this must be completed on a form supplied by NAV CANADA in order to be eligible for the reduced Annual Charge or the corresponding Quarterly Charge equal to 25% of this amount.

2. DAILY CHARGES AND MOVEMENT-BASED CHARGES

Terminal Services, Enroute, Oceanic, and Daily Charges are normally billed on a monthly basis for flights which took place in the preceding month. However, NAV CANADA may issue invoices more frequently to

any customer where NAV CANADA, acting reasonably and in good faith, is of the opinion that NAV CANADA charges will not be paid when due.

3. INVOICE

For Daily and movement-based charges, invoices are issued together with a detailed report and are normally sent out by regular mail.

In the event that the flight data required for billing is delayed or that system problems preclude normal billing, interim invoices may be issued to commercial aircraft operators based on their total billings for the most recent billing period of complete flight data. Any adjustments for overpayments or underpayments would be made once the final invoice for the period has been issued.

4. STATEMENT OF ACCOUNT

Statements are sent out on a monthly basis. A statement shows all transactions to the customer's account (e.g., bills sent, payments made, credit/debit notes issued).

F. TERMS AND CONDITIONS

1. PAYMENT

Amounts are billed in Canadian dollars. Depending on the charge type, remittances may be made by cheque, money order or wire transfer in Canadian dollars, or equivalent U.S. dollars converted at the exchange rate for buying Canadian dollars on the day the remittance is deposited by NAV CANADA.

Cheques and money orders must be sent by mail. Payment of the Annual Charge may also be made by credit card (VISA, MasterCard or American Express) in which case the credit card authorization form/invoice stub must be properly completed and returned by mail.

Payment is credited to the customer account on the date of receipt by NAV CANADA.

All charges are due by the date of the invoice ("the due date"), and payable upon receipt of invoice. However, balances paid within 30 days of the due date will normally not be charged interest, as provided for in subsection F.2.

To ensure payments are applied correctly, customers are requested to provide clear remittance advice by listing the Invoice number and/or Customer number.

Payments may be made through various methods. **Payment instructions as well as the relevant bank details are provided on the invoice.**

2. INTEREST CHARGES

When payment in full is not received by the 30th day following the due date, NAV CANADA shall charge interest on the amount outstanding and such interest shall be calculated commencing on the first day after the due date and continuing until all outstanding amounts are paid in full.

Interest charged is simple interest calculated daily.

Interest shall be calculated at an annual rate of 18 per cent (or 1.5 % monthly).

NSF cheques or stop payments will be debited to the customer account along with a \$25 administrative charge and any applicable interest charges.

Interest and administrative charges are required to be paid immediately upon receipt of invoice or statement for same.

3. CREDIT SECURITY ARRANGEMENTS

Where an aircraft operator has significant and/or overdue charges or where NAV CANADA, acting reasonably and in good faith, is of the opinion that NAV CANADA charges will not be paid when due, NAV CANADA may seek credit security arrangements from the operator in a form and substance satisfactory to NAV CANADA.

The amount of outstanding charges, including both amounts billed and amounts accrued for unbilled charges, for any one customer or group of affiliated companies shall not exceed \$4 million at any time. When NAV CANADA determines that the maximum of \$4 million may be exceeded, it shall advise the customer that its billing and/or payment frequency shall be increased and/or a refundable deposit may be required as necessary to ensure the maximum is not exceeded. Where the customer makes a refundable deposit, the amount must remain on deposit for a minimum of six (6) months and NAV CANADA will remit to the depositor every six (6) months the interest earned based on the six (6) month Canadian Dollar Offered Rate (CDOR) or similar market rate at time of deposit or renewal. In appropriate circumstances NAV CANADA may also require advance payments or deposits on account of charges.

A customer shall be required to pay for the provision or availability of air navigation services in advance or provide satisfactory security for such payment on the basis of an estimate of charges to be incurred, in the following circumstances:

- A customer fails to make a payment or any part of a payment in accordance with NAV CANADA's payment terms and conditions on three occasions or more;
- The customer's Dun & Bradstreet Financial Stress Score Risk Class is a 3, 4 or 5, or Dun & Bradstreet equivalent failure score as amended from time to time;
- A customer's credit is rated and its credit rating is below or falls to below B as determined by Standard & Poor's and/or B2 as determined by Moody's;
- If a customer is under creditor protection (e.g., Companies' Creditors Arrangement Act (CCAA) in Canada or Chapter 11 in the United States) or any other form of financial restructuring in accordance with applicable insolvency legislation or the customer has publicly announced that it may file for creditor protection or bankruptcy; or
- The customer has not provided NAV CANADA, upon request, with financial information such as credit ratings, credit reports, analyst reports, current audited financial statements, etc. which NAV CANADA deems sufficient to enable it to assess and conclude that the creditworthiness of the customer is satisfactory.

Without limiting NAV CANADA's general discretion to require security arrangements, where a customer has not been invoiced previously by NAV CANADA for ANS services, or has not been invoiced within the previous 6 months, and where monthly total charges are expected to exceed \$1,000, the customer will be required to make a pre-payment in an amount equal to twice the estimated monthly total charges. The pre-payment amount will be subject to adjustments based on changes in the level of the estimated monthly total charges.

4. PERSON LIABLE FOR CHARGES

Pursuant to Section 55 of the ANS Act, the owner and operator of an aircraft are jointly and severally liable for the payment of any charge for air navigation services imposed by NAV CANADA in respect of the aircraft.

In terms of liability for payment of charges, "owner of an aircraft" includes:

- the person in whose name the aircraft is registered;
- a person in possession of an aircraft as purchaser under a conditional sale or hire-purchase agreement that reserves to the vendor the title to the aircraft until payment of the purchase price or performance of certain conditions;
- a person in possession of the aircraft as chattel mortgagor under a chattel mortgage; or
- a person in possession of the aircraft under a bona fide lease or agreement of hire.

Where an aircraft operator has significant and/or long overdue charges, NAV CANADA may contact the owner of the aircraft and advise of the operator's overdue account status and of the owner's joint and several liability and seek payment from the owner accordingly.

5. IDENTIFICATION OF AIRCRAFT OWNER

Aircraft operators are required to advise NAV CANADA of changes in the operator or the registered owner of an aircraft, by providing a current fleet data submission or by contacting a Customer Service Representative. Aircraft operators may also be required to provide to NAV CANADA identification of any other owner of the aircraft that they operate, e.g., a lessor or a bank.

6. CHANGE OF ADDRESS

NAV CANADA should be advised in writing, no later than 5 days prior to month's end, of a change of address.

7. WITHHOLDING OF SERVICE

Where an aircraft operator has significant and/or overdue charges owed to NAV CANADA or where NAV CANADA, acting reasonably and in good faith, is of the opinion that NAV CANADA charges will not be paid when due, or where an aircraft operator fails to comply with any of the provisions of subsection F.3, NAV CANADA shall have the right, on 24 hours' notice to the operator, to terminate or reduce (withhold) its services, except in an emergency situation, until such time as applicable charges have been paid or until such time as credit security arrangements have been made by the operator in a form and substance satisfactory to NAV CANADA.

Notice, as described in the above preceding paragraph, shall be sent by registered mail or by electronic means and will be considered to have been received (a) in the case of electronic means, on actual receipt and (b) in the case of registered mail, on the date of delivery.

8. SEIZURE AND DETENTION OF AIRCRAFT

Under the ANS Act, NAV CANADA may apply to the courts for an order authorizing the corporation to seize and detain aircraft in respect of unpaid and overdue charges.

9. LIMITATION OF LIABILITY

The following Limitation of Liability Clause is included in the Terms and Conditions to clarify that the company does not assume responsibility for any business, economic or indirect loss or damage incurred by its customers or any third party:

In no event shall NAV CANADA, or any of its officers, directors, employees or affiliates, be liable to its Customer or any of its officers, directors, employees or affiliates, or to any third party for any loss of profit or revenue, loss of data, loss of income, failure to realize expected savings, or for any other indirect, consequential, special, incidental, punitive or other similar damages, whether incurred or suffered as a result of unavailability of services, delay in delivery of services, performance, non-performance, suspension, termination, negligence, breach (including fundamental breach or otherwise), or other action or inaction by NAV CANADA, or for any other reason, theory of law or equity, even if the Customer has advised NAV CANADA of the possibility of such loss or damage or NAV CANADA had knowledge of, or reasonably could have foreseen the possibility of such loss or damage.

G. SPECIAL APPLICATIONS

1. CLAIMS AND CREDIT NOTES

If you believe that your invoice contains data or charges that are inaccurate, contact a Customer Service Representative. For all such requests, the invoice number must be quoted. Each claim is investigated by NAV CANADA with the objective of resolving disputes and settling claims in a timely manner. If the claim is accepted, a credit note is issued for the disputed amount. Where a claim is rejected, a confirmation is provided giving the reasons for the rejection. **A claim must be filed within 90 days from the date of the invoice.**

If a payment of a disputed amount is withheld by the operator, and after investigation by NAV CANADA, that outstanding amount is deemed to have been payable, interest will accrue from the due date. NAV CANADA reserves the right to make billing adjustments if exemptions/credits have been improperly claimed.

2. EXEMPTIONS AND REDUCTIONS

To obtain exemptions or reductions to charges defined in Section C, the operator must complete a NAV CANADA Declaration Form **within 90 days from the date of the invoice**. Contact a Customer Service Representative to obtain this form. In addition to the Declaration Form, other supporting documentation satisfactory to NAV CANADA may also be required. Aircraft operators, except DND and state aircraft of a foreign country, are normally billed for all services and must request a credit note for eligible exemptions and reductions. In some cases, a flight eligible for an exemption may not be billed if prior written notice has been made to the Director, Customer Service.

Documentation is required for flights undertaken by or for charitable organizations. Organizations that own their aircraft are required to submit proof of their registration as a charitable organization under the Income Tax Act (Canada) or equivalent foreign statute. An operator that provides a dedicated flight to a charitable organization is required to provide a signed document from the charity outlining the purpose and date of the flight dedicated to the organization, together with proof that the organization is a registered charity.

When a payment is made on an overdue account, the period for which interest is charged shall end on the day the payment is received.

The interest rate shall be calculated on the basis of an annual rate of 18 percent.

Amounts are billed in Canadian dollars. Remittances may be made by cheque, money order, or wire transfer in Canadian dollars or equivalent U.S. dollars converted at the exchange rate for buying Canadian dollars on the day the remittance is deposited by NAV CANADA.

Modalités relatives au paiement

Modalités de paiement et frais d'intérêts

Toutes les redevances, sauf les intérêts et les frais d'administration, sont exigibles à compter de la date apparaissant sur la facture (la « date d'échéance ») et sont payables sur réception de cette dernière. S'il y a lieu, les intérêts et les frais d'administration apparaîtront sur l'état de compte et sont payables sur réception de ce dernier.

Si le paiement total n'est pas reçu dans les 30 jours suivant la date d'échéance, des intérêts seront perçus par NAV CANADA sur le montant en souffrance. Ces intérêts seront calculés à partir du jour qui suit la date d'échéance, et cela tant que tous les montants en souffrance ne seront pas payés intégralement.

Lorsqu'un paiement est effectué sur un compte en souffrance, la période pour laquelle les intérêts sont calculés prend fin le jour de la réception du paiement.

Les intérêts sont calculés au taux annuel de 18 pour 100.

Le montant payable est calculé en dollars canadiens. Les paiements peuvent être effectués par chèque, par mandat ou par virement télégraphique en dollars canadiens ou l'équivalent en dollars américains. Ces derniers sont convertis au taux d'achat de dollars canadiens en vigueur le jour où le paiement est déposé dans un compte en banque de NAV CANADA.

NAV CANADA Terms and Conditions Respecting Payment

Payment Terms and Interest Charges

All charges, except for interest and administrative charges, are due by the date of the invoice (the "due date"), and payable upon receipt of invoice. Interest and administrative charges, where applicable, will appear on the Statement of Account and are due upon receipt of same.

When payment in full is not received by the 30th day following the due date, NAV CANADA shall charge interest on the amount outstanding and such interest shall be calculated commencing on the first day after the due date and continuing until all outstanding amounts are paid in full.

When a payment is made on an overdue account, the period for which interest is charged shall end on the day the payment is received.

The interest rate shall be calculated on the basis of an annual rate of 18 percent.

Amounts are billed in Canadian dollars. Remittances may be made by cheque, money order, or wire transfer in Canadian dollars or equivalent U.S. dollars converted at the exchange rate for buying Canadian dollars on the day the remittance is deposited by NAV CANADA.

Payments

Payment is credited to the customer account on the date of receipt by NAV CANADA.

To ensure payments are applied correctly, customers are requested to provide clear remittance advice by listing the invoice Number and/or Customer Number.

Administrative Charges

NSF cheques and stop payments will be debited to customer accounts together with a \$25 administrative charge.

Collection

If considered necessary, available collection remedies, including withholding and/or denial of service, and seizure and detention of aircraft, will be utilized by the Corporation.

NAV CANADA'S CHARGES AND THE FULL TERMS AND CONDITIONS RELATED TO THOSE CHARGES AND PAYMENT, INCLUDING TERMS AND CONDITIONS RELATED TO CREDIT SECURITY ARRANGEMENTS AND LIABILITY, ARE SET OUT IN FULL IN THE ANNOUNCEMENTS OF NEW AND REVISED SERVICE CHARGES FILED WITH THE CANADIAN TRANSPORTATION AGENCY. THIS INFORMATION MAY BE FOUND IN NAV CANADA'S CUSTOMER GUIDE TO CHARGES DOCUMENT, WHICH IS AVAILABLE AT NAV CANADA'S WEBSITE AT www.navcanada.ca OR THROUGH THE NAV CANADA CUSTOMER SERVICE AT 800-876-4693.

Modalités relatives au paiement

Modalités de paiement et frais d'intérêts

Toutes les redevances, sauf les intérêts et les frais d'administration, sont exigibles à compter de la date apparaissant sur la facture (la « date d'échéance ») et sont payables sur réception de cette dernière. S'il y a lieu, les intérêts et les frais d'administration apparaîtront sur l'état de compte et sont payables sur réception de ce dernier.

Si le paiement total n'est pas reçu dans les 30 jours suivant la date d'échéance, des intérêts seront perçus par NAV CANADA sur le montant en souffrance. Ces intérêts seront calculés à partir du jour qui suit la date d'échéance, et cela tant que tous les montants en souffrance ne seront pas payés intégralement.

Lorsqu'un paiement est effectué sur un compte en souffrance, la période pour laquelle les intérêts sont calculés prend fin le jour de la réception du paiement.

Les intérêts sont calculés au taux annuel de 18 pour 100.

Le montant payable est calculé en dollars canadiens. Les paiements peuvent être effectués par chèque, par mandat ou par virement télégraphique en dollars canadiens ou l'équivalent en dollars américains. Ces derniers sont convertis au taux d'achat de dollars canadiens en vigueur le jour où le paiement est déposé dans un compte en banque de NAV CANADA.

Paiements

Le paiement est crédité au compte du client à la date de réception du paiement par NAV CANADA.

Pour que les paiements soient bien traités, les clients doivent fournir un avis de remise de paiement clair en y inscrivant le numéro de facture et de client.

Frais d'administration

Les chèques sans provision et les oppositions sont portés aux comptes des clients. Des frais d'administration de 25 \$ s'appliquent.

Recouvrement

Si elle le juge nécessaire, la Société se prévaut des recours à sa disposition pour recouvrer les redevances, y compris l'interruption et le refus des services ainsi que la saisie et la détention d'aéronef.

LES REDEVANCES AINSI QUE L'ENSEMBLE DES MODALITÉS DE NAV CANADA RELATIVES À CES REDEVANCES ET À LEUR PAIEMENT, Y COMPRIS LES MODALITÉS RELATIVES À LA RESPONSABILITÉ ET AUX MESURES DE SÉCURITÉ DU CRÉDIT SONT ÉNONCÉES EN TOUTES LETTRES DANS LES ANNONCES DE REDEVANCES NOUVELLES ET RÉVISÉES DÉPOSÉES AUPRÈS DE L'OFFICE DES TRANSPORTS DU CANADA. CETTE INFORMATION EST DISPONIBLE DANS LE GUIDE DES REDEVANCES À L'INTENTION DES CLIENTS DE NAV CANADA, QUI SE TROUVE SUR LE SITE WEB DE NAV CANADA AU www.navcanada.ca OU AUPRÈS DE SON SERVICE À LA CLIENTÈLE AU 1 800 876-4693.

4. THIS COURT ORDERS that (i) the Debtor, (ii) all of its current and former directors, officers, employees, agents, accountants, legal counsel and shareholders, and all other persons acting on its instructions or behalf, and (iii) all other individuals, firms, corporations, governmental bodies or agencies, or other entities having notice of this Order (all of the foregoing, collectively, being "Persons" and each being a "Person") shall forthwith advise the Receiver of the existence of any Property in such Person's possession or control, shall grant immediate and continued access to the Property to the Receiver, and shall deliver all such Property to the Receiver upon the Receiver's request.

5. THIS COURT ORDERS that all Persons shall forthwith advise the Receiver of the existence of any books, documents, securities, contracts, orders, corporate and accounting records, and any other papers, records and information of any kind related to the business or affairs of the Debtor, and any computer programs, computer tapes, computer disks, or other data storage media containing any such information (the foregoing, collectively, the "Records") in that Person's possession or control, and shall provide to the Receiver or permit the Receiver to make, retain and take away copies thereof and grant to the Receiver unfettered access to and use of accounting, computer, software and physical facilities relating thereto, provided however that nothing in this paragraph 5 or in paragraph 6 of this Order shall require the delivery of Records,

or the granting of access to Records, which may not be disclosed or provided to the Receiver due to the privilege attaching to solicitor-client communication or due to statutory provisions prohibiting such disclosure.

6. THIS COURT ORDERS that if any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information onto paper or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. Further, for the purposes of this paragraph, all Persons shall provide the Receiver with all such assistance in gaining immediate access to the information in the Records as the Receiver may in its discretion require including providing the Receiver with instructions on the use of any computer or other system and providing the Receiver with any and all access codes, account names and account numbers that may be required to gain access to the information.

NO PROCEEDINGS AGAINST THE RECEIVER

7. THIS COURT ORDERS that no proceeding or enforcement process in any court or tribunal (each, a "Proceeding"), shall be commenced or continued against the Receiver except with the written consent of the Receiver or with leave of this Court.

NO PROCEEDINGS AGAINST THE DEBTOR OR THE PROPERTY

8. THIS COURT ORDERS that no Proceeding against or in respect of the Debtor or the Property shall be commenced or continued except with the written consent of the Receiver or

with leave of this Court and any and all Proceedings currently under way against or in respect of the Debtor or the Property are hereby stayed and suspended pending further Order of this Court.

NO EXERCISE OF RIGHTS OR REMEDIES

9. THIS COURT ORDERS that all rights and remedies against the Debtor, the Receiver, or affecting the Property, are hereby stayed and suspended except with the written consent of the Receiver or leave of this Court, provided however that this stay and suspension does not apply in respect of any "eligible financial contract" as defined in the BIA to the same extent that counterparties are entitled to exercise remedies thereunder pursuant to section 65.1 of the BIA in proposal proceedings, and further provided that nothing in this paragraph shall (i) empower the Receiver or the Debtor to carry on any business, (ii) exempt the Receiver or the Debtor from compliance with statutory or regulatory provisions relating to health, safety or the environment, (iii) prevent the filing of any registration to preserve or perfect a security interest, or (iv) prevent the registration of a claim for lien.

10. THIS COURT ORDERS that no Person shall discontinue, fail to honour, alter, interfere with, repudiate, terminate or cease to perform any right, renewal right, contract, agreement, licence or permit in favour of or held by the Debtor, without written consent of the Receiver or leave of this Court.

CONTINUATION OF SERVICES

11. THIS COURT ORDERS that all Persons having oral or written agreements with the Debtor or statutory or regulatory mandates for the supply of goods and/or services, including without limitation, all computer software, communication and other data services, centralized banking services, payroll services, insurance, transportation services, utility or other services to

the Debtor are hereby restrained until further Order of this Court from discontinuing, altering, interfering with or terminating the supply of such goods or services as may be required by the Receiver, and that the Receiver shall be entitled to the continued use of the Debtor's current telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges for all such goods or services received after the date of this Order are paid by the Receiver in accordance with normal payment practices of the Debtor or such other practices as may be agreed upon by the supplier or service provider and the Receiver, or as may be ordered by this Court.

RECEIVER TO HOLD FUNDS

12. THIS COURT ORDERS that all funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the making of this Order from any source whatsoever, including without limitation the sale of all or any of the Property and the collection of any accounts receivable in whole or in part, whether in existence on the date of this Order or hereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "Post Receivership Accounts") and the monies standing to the credit of such Post Receivership Accounts from time to time, net of any disbursements provided for herein, shall be held by the Receiver to be paid in accordance with the terms of this Order or any further Order of this Court.

EMPLOYEES

13. THIS COURT ORDERS that all employees of the Debtor shall remain the employees of the Debtor until such time as the Receiver, on the Debtor's behalf, may terminate the employment of any or all such employees. In this regard, the Receiver may confirm the continuation of the employment, by the Debtor, of employees pursuant to a letter from the

Receiver on behalf of the Debtor. The Receiver shall not be liable for any employee-related liabilities, including any successor or other employer liabilities as provided for in section 14.06(1.2) of the BIA, other than such amounts as the Receiver may specifically agree in writing to pay on behalf of the Debtor, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the Wage Earner Protection Program Act.

PIPEDA

14. THIS COURT ORDERS that, pursuant to clause 7(3)(c) of the Canada *Personal Information Protection and Electronic Documents Act*, the Receiver shall disclose personal information of identifiable individuals to prospective purchasers or bidders for the Property and to their advisors, but only to the extent desirable or required to negotiate and attempt to complete one or more sales of the Property (each, a "Sale"). Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtor, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON ENVIRONMENTAL LIABILITIES

15. THIS COURT ORDERS that nothing herein contained shall require the Receiver to occupy or to take control, care, charge, possession or management (separately and/or collectively, "Possession") of any of the Property that might be environmentally contaminated,

might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release or deposit of a substance contrary to any federal, provincial or other law respecting the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination including, without limitation, the *Canadian Environmental Protection Act*, the *Ontario Environmental Protection Act*, the *Ontario Water Resources Act*, or the *Ontario Occupational Health and Safety Act* and regulations thereunder (the "Environmental Legislation"), provided however that nothing herein shall exempt the Receiver from any duty to report or make disclosure imposed by applicable Environmental Legislation. The Receiver shall not, as a result of this Order or anything done in pursuance of the Receiver's duties and powers under this Order, be deemed or construed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless it is actually in possession.

LIMITATION ON THE RECEIVER'S LIABILITY

16. THIS COURT ORDERS that the Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*. Nothing in this Order shall derogate from the protections afforded the Receiver by section 14.06 of the BIA or by any other applicable legislation.

RECEIVER'S ACCOUNTS

17. THIS COURT ORDERS that the Receiver and counsel to the Receiver shall be paid their reasonable fees and disbursements, in each case at their standard rates and charges, and that the Receiver and counsel to the Receiver shall be entitled to and are hereby granted a charge

(the "Receiver's Charge") on the Property, as security for such fees and disbursements, both before and after the making of this Order in respect of these proceedings, and that the Receiver's Charge shall form a first charge on the Property in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subject to sections 14.06(7), 81.4(4), and 81.6(2) of the BIA, and subject to any validly registered mortgage, lien or charge on the real property of the Debtor (other than any registrations in favour of TCCI or Gibralt) or to any validly attached and perfected security interest in a specific identified asset of the Debtor identified on the PPSA register.

18. THIS COURT ORDERS that the Receiver and its legal counsel shall pass its accounts from time to time, and for this purpose the accounts of the Receiver and its legal counsel are hereby referred to a judge of the Commercial List of the Ontario Superior Court of Justice.

19. THIS COURT ORDERS that prior to the passing of its accounts, the Receiver shall be at liberty from time to time to apply reasonable amounts, out of the monies in its hands, against its fees and disbursements, including legal fees and disbursements, incurred at the normal rates and charges of the Receiver or its counsel, and such amounts shall constitute advances against its remuneration and disbursements when and as approved by this Court.

FUNDING OF THE RECEIVERSHIP

20. THIS COURT ORDERS that the Receiver be at liberty and it is hereby empowered to borrow by way of a revolving credit or otherwise, such monies from time to time as it may consider necessary or desirable, provided that the outstanding principal amount does not exceed \$500,000 (or such greater amount as this Court may by further Order authorize) at any time, at such rate or rates of interest as it deems advisable for such period or periods of time

as it may arrange, for the purpose of funding the exercise of the powers and duties conferred upon the Receiver by this Order, including interim expenditures. The whole of the Property shall be and is hereby charged by way of a fixed and specific charge (the "Receiver's Borrowings Charge") as security for the payment of the monies borrowed, together with interest and charges thereon, in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subordinate in priority to the Receiver's Charge and the charges as set out in sections 14.06(7), 81.4(4), and 81.6(2) of the BIA and subordinate to any validly registered mortgage, lien or charge on the real property of the Debtor (other than any registrations in favour of TCCI or Gibralt) or to any validly attached and perfected security interest in a specific identified asset of the Debtor identified on the PPSA register.

21. THIS COURT ORDERS that neither the Receiver's Borrowings Charge nor any other security granted by the Receiver in connection with its borrowings under this Order shall be enforced without leave of this Court.

22. THIS COURT ORDERS that the Receiver is at liberty and authorized to issue certificates substantially in the form annexed as Schedule "A" hereto (the "Receiver's Certificates") for any amount borrowed by it pursuant to this Order.

23. THIS COURT ORDERS that the monies from time to time borrowed by the Receiver pursuant to this Order or any further order of this Court and any and all Receiver's Certificates evidencing the same or any part thereof shall rank on a *pari passu* basis, unless otherwise agreed to by the holders of any prior issued Receiver's Certificates.

GENERAL

24. THIS COURT ORDERS that the Receiver may from time to time apply to this Court for advice and directions in the discharge of its powers and duties hereunder.
25. THIS COURT ORDERS that nothing in this Order shall prevent the Receiver from acting as a trustee in bankruptcy of the Debtor.
26. THIS COURT HEREBY REQUESTS the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in Canada, the United States or elsewhere to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order.
27. THIS COURT ORDERS that the Receiver be at liberty and is hereby authorized and empowered to apply to any court, tribunal, regulatory or administrative body, wherever located, for the recognition of this Order and for assistance in carrying out the terms of this Order, and that the Receiver is authorized and empowered to act as a representative in respect of the within proceedings for the purpose of having these proceedings recognized in a jurisdiction outside Canada.
28. THIS COURT ORDERS that the Applicant shall have its costs of this motion, up to and including entry and service of this Order, provided for by the terms of the Applicant's security or, if not so provided by the Applicant's security, then on a substantial indemnity basis to be paid by the Receiver from the Debtor's estate with such priority and at such time as this Court may determine.

29. THIS COURT ORDERS that any interested party may apply to this Court to vary or amend this Order on not less than seven (7) days' notice to the Receiver and to any other party likely to be affected by the order sought or upon such other notice, if any, as this Court may order.
