AFFIDAVIT OF DEBBIE UFFELMAN
Sworn on September 5, 2025

I, DEBBIE UFFELMAN, of Alberta, SWEAR AND SAY THAT:

I. INTRODUCTION

1. I am contracted to Sunterra Farms Ltd. which forms part of the Sunterra Group, being a group of companies commonly referred to as the Sunterra Group ("**Sunterra Group**", "**Sunterra**" and/or "**Group**"). I am authorized by Sunterra Farms Ltd, Sunwold Farms Limited and Sunterra Enterprises Inc ("**Corporate Defendants**") to depose this Affidavit on their behalf and also on my own behalf. The affiant provides this sworn affidavit pursuant to the July 24, 2025 Order of Justice Lema and all matters deposed to herein are subject to the protections as provided by s. 5(2) of the *Canada Evidence Act* and the affiant invokes the same. I have personal knowledge of all the matters deposed to herein, except where stated to be based on information provided by other persons, and where so stated, I believe such information to be true. Where applicable, I have also relied upon corporate records and supporting documentation maintained by the Corporate Defendants as evidence of the relevant facts, including all matters relating to the Group's organizational structure, shareholding details, and business operations.
2. The Defendants do not waive or intend to waive any applicable privilege by any statement herein.

II. BACKGROUND AND POSITION

3. I was first employed by the Sunterra Group in 1980 when I was hired as an accounting clerk.
4. I have held numerous and varied positions with the Sunterra Group over the years.
5. In my current role, my formal job title is Vice President, Corporate Finance. I report to Ray Price and my job responsibilities are divided into three parts, as follows:
 - (a) I manage and oversee teams in the Accounting Departments, Payroll Department as well as some IT and HR supervision;
 - (b) I aid in various operational management, most often where accounting and production overlap;
 - (c) I provide financial reports to management and owners, oversee the Canadian Western Bank ("**CWB**") bank account balances, and generate some borrowing base information [for the lenders to various entities in the Group, including monthly borrowing base calculations for Sunwold Farms Inc ("**Sunwold US**"), which is reviewed and signed off on by Ray Price.
6. I was not involved in any strategic decision making of the business and affairs of the companies in the Sunterra Group.
7. In relation to my responsibilities as above, the following team members report to me:
 - (a) Craig Thompson – in relation to the farming companies;
 - (b) Debbie Silberstein - in relation to Trochu Meat Processors Ltd. ("**Trochu Meat**") and Soleterra d'Italia Ltd ("**Soleterra d'Italia**");
 - (c) Nicole Wolf —Payroll Manager;
 - (d) Carla Mazutinec — Projects Coordinator;
 - (e) Trish Hyshka — in relation to some oversight of HR.

III. CASH MANAGMENT

8. Cash management is one portion of my overall responsibilities in relation to the Accounting Teams, as referred to in subparagraph 5(a) above. The following is a description of the cash management and cheque writing practices that I was involved in on a day to day basis, prior to receiving instructions from Ray Price on or around February 11, 2025 to the effect that we would no longer be carrying out these practices.
9. Each weekday morning at around 8:00 a.m., I would access the CWB online banking system and review the account balances for the companies in the Sunterra Group. Attached to this affidavit as **Exhibit "A"** is a sample report which I would extract for this purpose.
10. I would also receive (and still do receive) a cheque register from the accounting departments for Soleterra d'Italia and Trochu Meat so that I am aware of the cash required for those companies (cheques are written to the vendors of those companies by their respective accounting departments). Further, I would, (and still do) receive email notifications from the Payroll Department of weekly EFTs, remittance payments and manual cheques written.

11. I personally prepare the vendor payments for the parent companies, Sunterra Enterprises Inc., Sunterra Food Corporation and Sunterra Farm Enterprises Ltd.
12. Each day, Craig Thompson ("**Thompson**") would review the cash requirements for the farming entities, namely Sunterra Farms Ltd. ("**Sunterra Canada**"), Sunwold Farms Ltd. ("**Sunwold Canada**"), Sunterra Beef Ltd., Genetric Alliance Ltd., Sunterra Farms Iowa Inc. ("**Sunterra US**"), and Sunwold US. Thompson would then send me an email with those cash requirements. I did not (and do not) receive the cheque registers for the accounts of Sunterra Quality Food Markets Ltd., nor for the Sunterra farming company accounts.
13. Combining the information referred to in paragraphs 8 to 11 above, I would calculate the cash position as compared to the CWB Line of Credit ("**LOC**"). I would then compare the cash requirements from the farming entities which I received from Thompson against the other cash requirements and the cash and LOC available. I would then reply to Thompson's email with what amounts needed to be written so the overall cash position remained positive, and he would determine the exact cheques and let his team in the farms accounting department in the Canadian office know. That team then generated the cheques and brought them to me for signing. The same accounting team would then generate deposit slips for those cheques payable to CWB, and a company driver would deliver them to the CWB branch in Calgary every Tuesday and Thursday to be deposited. Deposits for Monday, Wednesday and Friday were deposited into the CWB night deposit box.
14. Attached to this affidavit as **Exhibit "B"**, is a bundle of emails, by way of example of the emails referred to in paragraphs 12 and 13 above, dated between August 22, 2024 and October 31, 2024 emails.
15. Thompson would send an email to the farming accounting department in the US offices, copied to myself, indicating what pre-signed cheques written on the CWB accounts needed to be couriered to Compeer Mankato branch and deposited into the Compeer accounts. Those cheques would usually have been signed by me. Attached to this affidavit as **Exhibit "C"**, is an example of such an email, dated August 19, 2024.
16. This practice of moving funds between accounts to cover shortfalls had been required for many years. It was my understanding that this was always done with the full knowledge and approval of Compeer.
17. There was a period in which accounts that were tied to the CWB line of credit, being the Sunterra Food Corporation, Sunterra Quality Food Markets Ltd. and Trochu Meat Processors Ltd. accounts, would automatically transfer funds in CWB's system. All other accounts have always required manual transfers. The automatic transfers to the tied accounts also ceased and we had to pick up reconciling them manually to cover shortfalls, as required, on a daily basis again. For example, if one account had a positive balance that amount would go against the LOC and if another account had a negative balance that amount would be replenished from the LOC. As another example, if a company's payroll account (a non-revenue account) needed funds for an upcoming EFT, I would transfer funds from that company's general account.
18. Numerous revenue sources were going in and out of these accounts constantly and at indeterminate periods. In a one week period, there would be millions of dollars going into the CWB accounts from revenue and millions of dollars going out for expenses.
19. I did not have easy access to the Compeer online banking system. I found their website was very confusing. In addition, I was regularly unable to use my login to access the website, and worked

with their support team to try to get that rectified. Attached to this affidavit as **Exhibit "D"**, is a bundle of emails between myself and Douglas Black at Compeer regarding these problems.

IV. INTERACTIONS WITH COMPEER

20. My interactions with Compeer were largely limited to monthly emails with Jessica Zeigler ("**Zeigler**") to provide Compeer with the Sunwold US borrowing base information, as signed off on by Ray Price.
21. Attached hereto as **Exhibit "E"** and **Exhibit "H"** are two bundles containing the email communications to which I was a party with Compeer's relationship manager for Sunterra, Nicholas Rue ("**Rue**"). Attached hereto as **Exhibit "F"** is the attachment to the email from Rue to Ray Price dated September 26, 2024, as contained on page 16 of **Exhibit "E"**. Attached hereto as **Exhibit "G"** is the attachments to the email from Ray Price to Rue date September 29, 2024, as contained on page 6 of **Exhibit "E"**.
22. The emails with Rue concerned various matters including loan renewal information. My only role there was to assist Ray Price in providing requested financial records for the US hog farm entities, Sunwold US, Sunterra US and Lariagra Farms South Ltd. I did not respond directly to those emails unless under instruction from Ray Price.
23. I note mention in one of the emails from Rue in the **Exhibit "E"** bundle, dated March 13, 2023, of what he described as a "fraud scare". My understanding is that incident simply consisted of an alert on the Compeer system when out of sequence cheque numbers were issued from one of the US Hog Farm entities. This had occurred because there were some unused cheque numbers from an old batch that had been used in conjunction with new cheque numbers. Once the situation was clarified, I understand that the cheques were cleared.
24. I recall attending a Webex meeting with Lisa Johnsrud ("**Johnsrud**") from Compeer, Thompson and also Ray Price sometime in March, 2023. Rue may also have been in attendance. Johnsrud had invited us to the meeting to discuss our cash management processes at Sunterra and whether there might be another way that we could carry out those transfers. We discussed some of the challenges, such as the inability of CWB to effect electronic funds transfers with institutions in the US (as was our understanding). To the best of my recollection, I believe that Johnsrud went away from the meeting intending to think about how to simplify the process and to get back us. Attached hereto as **Exhibit "I"** is a bundle of the email communications to which I was a party with Johnsrud.
25. I attended two meetings with Compeer representatives. Once in August, 2022 and once in August, 2024. My role in those meetings was to support Ray Price as needed. I would not offer explanations of the business or discuss the finances of the Business. That was Ray Price's role, not mine. I would answer direct questions when asked as best I could. In particular, I attended a meeting on or around August 28, 2022 in Alberta with Ray Price and representatives of Compeer who has travelled up from the US, Rue, Zeigler and Steve Malanowsky. Ray Price discussed the

operations of the Canadian and US Sunterra farming businesses in detail with them. I may have answered incidental questions, but did not opine on any major issues.

SWORN BEFORE ME at Calgary, Alberta, this
5th day of ~~September~~, 2025.

Subject: Login Test

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. If you have any concerns, please contact VINCOVI.

Debbie,

Please attempt to login to your Online Banking account once again – believe we may have identified the issue.

Working with our product owner, he discovered that you had a lot of records associated with your accounts. As you were the only one who had access to all the accounts – you were the only one receiving the Cloudflare error logging in. For this test – we reduced the # of records called when you login. See if that makes the difference as we suspect.

Hi Doug,

I was speaking with the support line who directed me back to you regarding my inability to login again. Last time, you may recall, I was given a new account and that worked for a few weeks and then I was back to receiving the attached error message. I have just been asking one of our other team members to run reports for me but it would be much better if I could also login.

Thanks!
Debbie

Hi Doug,

Unfortunately, I cannot logon again. I hadn't been on your website since about Nov 13th but yesterday I was getting the Host Error again. Today I am getting the attached message. Can someone please see if my account has been locked for some reason as I know I am entering the correct username and password.

Other users here are fine.

Thanks,
Debbie

Hi Debbie,

Apologies for not responding sooner. Based on the error message you were receiving – 'Web Server did not respond within the timeout window (100sec)' and additional testing, it was unlikely your account was to be a factor in why you weren't able to login. We asked our network engineers to explore the issue – and discovered your co-worker's successes combined with errors didn't provide any insights to the problem.

I propose a phone call and a WebEx may be a better than email at this point.

I'll work with your schedule – are you free this afternoon?

What I'd like to test:

- Maybe the account is the key – can we have your coworker/myself login from your device?
- Maybe the device is the key – have you attempted to login from your co-worker's device?
 - Can you login from my device? (Located in US)

Hi Doug,

As of this morning I am still getting the same error message. Our IT company will be in our office on Friday and can confirm the IP address information then. As mentioned, I suspect the successful logins are being made by the users here who can login.

Also, I have replied to various people at Compeer with updates?

What about setting up a completely new account for me and trying that?

Thanks,
Debbie

Good afternoon, Debbie –

We are continuing to look at our connections from Canada. Here is the latest update from our engineers:

"The error message they're receiving means Cloudflare successfully connected to the Web Server but the Web Server did not respond within the timeout window(100 seconds.) <https://community.cloudflare.com/t/community-tip-fixing-error-524-a-timeout-occurred/42342>

There's only one IP(147.92.79.2) from Canada that's got a 524 error(33 times) over the last 30 days so I'm assuming that's the client. <https://www.whatsmyip.org/> from the client device would verify that I'm looking at the correct traffic. I'm seeing the 524 errors to /Accounts/AccountSummary.aspx and /ForgotPassword.aspx. I'm not seeing any new 524 errors since August 30th. I am seeing plenty of successful connections from this IP over the last month as well though. "

Few questions for you:

- Is your IP address the one we are seeing? 147.92.79.2?
- Have you been having success starting in September?

Thank you for your patience as we work through this.

Good afternoon,

At the beginning of the month – we received a report that login attempts from Canada were being blocked by security. It appears now that starting on 8/16 – login attempts have been successful with your account. Would you please confirm this security block has been removed? Or are the logins we are seeing coming from a different location?

Thank you,

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. If you have any concerns, please contact VINCOVI.

Ray and Deb,

Thank you for all of your work and effort in helping get the loans renewed to 5/1. There will likely be additional changes with the 5/1 renewal given the pending amalgamation, but should get to a more normal routine spot after that! In the spirit of you can't start working ahead too much, we wanted to follow up on a couple of items to keep in mind as we work towards the 5/1 maturity.

First, is a reminder that the Owner Equity covenant is required to be maintained at all times. As you go through the amalgamation process, let us know if you think it will not meet the covenant and the reasons why. We will like to be proactive in addressing covenant breaches, and understand there can be a business case to temporarily drop under a covenant.

Secondly, keep us informed on 1) the amalgamation of the Canadian and US hog entities and more importantly 2) switching checking accounts in order to address changing how money moves between the US and Canada today. The change in money flow is very important to us. At this time, it is our understanding and expectations that this will be resolved just after the amalgamation. Let us know as soon as possible if there are any issues that might delay or prevent the complete transition of money movement before the end of January.

Thanks for all of your help. Please reach out with any questions and/or concerns,

Nic

Subject: Follow up Questions

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. If you have any concerns, please contact VINCOVI.

Good Morning Ray and Deb,

As we were working on the underwriting for the operating loan renewals, we had some follow up questions on the reconciliation of the August 2024 monthly borrowing bases back to the monthly balance sheets supplied for Lariagra and Sunwold.

For Lariagra the amounts reported for A/R, A/P and inventories were consistent with both the borrowing base and balance sheet. However, the revolving line of credit balance differed by \$550,409 – with the balance sheet reporting a higher balance. Do you know why? For clarity, any operating line drafts written but not cleared yet should either be included in the RLOC balance or included in the A/P & Negative Cash Account line on the borrowing base.

For Sunwold, there were discrepancies with both the assets (Hog Inventory/Feed, AR) and liabilities (AP and RLOC principal) lining up when comparing the balance sheet to the borrowing base. Do you have any insight into this? Wondering if a balance sheet wasn't finalized etc. We need to understand the differences being reported so we can validate the borrowing base.

Appreciate your help.

Hello again,

We thought we would provide the end of August statements in USD as requested. They are attached. You will see columns for the CDN group but in USD, and the US group in USD. We then showed the eliminations on the income statement and the combined CDN and US operations in USD. Also attached is a projected income statement for the end of 2024 for the combined operations in USD.

Hopefully it is the information you are looking for.

Please let me know if you have questions.

Thanks,

Ray

Good Morning Everyone,

Since Oct 1 is next week Tuesday, I wanted to follow up with a updated outstanding items list. Note the list does circle back to address a couple of questions/comments Ray noted in his email as well. Don't hesitate to reach out to us with any questions or comments as it relates to the renewal. Appreciate your help.

1. FYE 2023 Financials (previous ones were drafts)
2. YTD 2024 financials

- * August works, unless they get delayed. Then lets go with the most current period that is complete.

1. Updated Hedge positions – No immediate action. Keep us up to date on updated hedging decisions.

- * Would be curious what margins you are looking at currently for 2025.

1. The Plan with timeline to change the movement of cash (checks) between the US and Canada by 12/31 (in conjunction with the amalgamation)

- * Thanks for the heads up on LRPs, and understand if the amalgamation is delayed.
- * Post amalgamation are you planning on moving money through Nova Scotia bank with National Bank receiving regulatory approval to purchase CWD?

1. 12/31/23 or 6/30/24? Global Balance sheet

* We can put together the U.S. entities into one or two statements. (One for the pig ownership and one for the management company.) We can also put together the Canadian pig entities. We can do it internally as KPMG has not done it in the past. We can get them to do it, but it will take some time.

* Could you provide the Consolidation/Combination for Sunwold, Sunterra, Lariagra, and the sow units as of 6/30?

i. Please include an eliminations column and the statement in USD.

Ray,

Jessica is tied up the next couple of days, but wanted to get back with you to keep the ball rolling. Jessica and I will discuss once she is back in the office.

I think the 12/31/23 and 2024 quarterly financials (believe the 6/30/24 are most recent) are a good place to start. Will let you know if August will help.

Keep us in the loop on the LRPs and the potential effect on the amalgamation and what you and the board decide around additional hedging.

Will be in touch.

Hi Ray and Deb,

Hope all is well, and you had a good weekend. We wanted to follow up with you on the list of items previously sent to see if you have any questions. Hard to believe Oct 1 is quick approaching and wanted to be sensitive on the maturity date as we work with you on the renewal of the credit facilities.

Let us know if you have any questions, etc. Thanks!

Subject: Renewal - Information needed

Ray and Deb.

It was great seeing you a couple of weeks ago. It never seems like there is enough time to discuss all that you have going on!

Here is the list of items to process the renewal of the RLOCs to ~May 1, 2025. Believe this will provide us time in 2025 to arrive at what the right structure will be for the amalgamated entities moving forward.

1. Update on (given we just talked about this, these items can wait until closer to 10/1):

* ABF discussion/hopefully new contract with Gary and Tyson Discussions are still happening. Tyson has provided a contract for the Lariagra pigs where the contract has expired. It looks like a bit better than standard pricing, but they wanted a 3 year deal. We have asked for some revisions and a 1 year deal so that it matches up with the Sunwold contract expiry next September. Gary has provided pricing which is more of a cash price than a combo cutout and cash price. He is willing to work with us to market NAE but we have to decide how many pigs we want to go that way. If Tyson accepts our 1 year deal, we will likely have 400 to 600 available to develop markets with Gary. If they don't accept it, we may go with a larger number with Gary.

* Trochu Insurance We are inching closer. The adjuster is recommending a \$5,000,000 payout as soon as the insurers confirm it. I expect that to happen before the end of October. He is also suggesting that we have enough information to have a discussion about rebuilding or a potential cash settlement. The only piece left is the cost of demo and removal. That should be available this week. I expect to talk with the adjuster on next steps later next week. He is on holiday until next Wednesday.

1. Finalized 2023 Financials

* in May you provided draft year-end balance sheets/earnings for the 3 companies for year end 2023. Would like to have the finalized copies for the file.

1. YTD financials 2024 We normally do quarterly statements, but could provide the end of July. August will likely be done in the next day or two. Which would be better for you?

2. Updated Hedge positions (i.e. - LRP schedule of insurance)

* You provided the LRP schedule of insurance in May, which had coverage thru Dec. Curious where your positions are at today – specifically with regards to 2025 given the recent market run We have not done any new positions although we will be discussing that at our Board meeting later this week. I will update you again after our meeting if we have made any decisions.

1. The Plan with timeline to change the movement of cash (checks) between the US and Canada by 12/31 (in conjunction with the amalgamation) I did not realize it, but our LRP options are quite specific as to the seller and origin of the pigs. I expect that we can amalgamate and it should still work, but we have to check that as we don't want to disrupt the insurance part. It probably is the simplest to put the new contracts in Sunwold's name and run the existing contracts out at the end of this year.

2. 12/31/23 or 6/30/24? Global Balance sheet (Has KPMG put together a projected 12/31/24) We can put together the U.S. entities into one or two statements. (One for the pig ownership and one for the management company.) We can also put together the Canadian pig entities. We can do it internally as KPMG has not done it in the past. We can get them to do it, but it will take some time.

* As we discussed, asking for this to better understand the financial impacts of the consolidation that is projected to take place 12/31.

* We will look/need to understand the impact of Trochu fire, eliminations etc.

Separate note: we did see a rather large amount of overcommitments yesterday on both Sunterra and Sunwold. Looks like smaller ones on just Sunterra today. Let us know if you have any color on this. Imagine this is a timing issue, but your insight is appreciated.

Let us know if you have any questions.

Good Morning Ray and Deb,

Hope you are all doing well. Wanted to alert you to the recent string of over advances the past couple of weeks. I have attached what we are seeing on a daily basis. Note, this is me manually entering them up so the numbers might be off because of a mistype, but they should provide you a picture directionally what is happening. Let us know how and when you think this will be corrected.

I will follow up in a separate email on outstanding items needed for the renewal – but didn't want this to get lost in a consolidated email. Please reach out with questions. Thanks.

Hi Nic,

I hope you had a good trip home.

We thought we would update you on cheque delivery this week in case you see a big gap again. The cheques written Aug 19th were delayed due to "three late flights" according to the courier company.

As of today, the 22nd, we did not see either the 19th or 20th deposits. They were both delivered to your office on the 21st at 8:50am but your CSR Team was in meetings all day the 21st so they did not get entered until today with a backdate of the 21st.

Best regards,
Debbie

Good Morning,

Hope you are doing well. We needed to follow up with you on a couple things. First, I talked with Barb, and she sent the fee statement for May in addition to it being sent to the Beresford address. I did request that we send that on a go forward basis as well.

Secondly, wanted to make sure you are aware that we are continuing to have overcommitments this week. As a reminder, this will not be allowed beginning 7/1 as noted in the letter dated 5/13. You are probably already aware, but with holidays coming up next week I didn't want to take chances of something being missed.

Let us know if you have any questions.

Sorry for the early email, but trying to get a couple of things taken care of before the day flies by.

Subject: Sunterra/Sunwold Timing

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. If you have any concerns, please contact VINCOVI.

Afternoon Ray and Deb,

Hope all is well with you. Spring/Summer is here, finally! Wanted to follow up with you on two items.

First, wanted to check with you on the timing of when we would see the overadvances begin to decrease? Last Ray and I talked, sounded like that would start to recede with the sale of the RE a couple of weeks ago. Since then, the overadvances have remained consistent/ slightly larger. In order to set expectations on our end, I was wondering if you would be able to provide a projection on when these might be reduced and then eliminated prior to the 7/1 maturity date.

Secondly, I spoke with Barb, and you should get your statement for March regarding the overdrafts and foreign check fees (pass through expenses) sometime this week. After our last webinar, I want to make sure you are fully aware of the overdrafts, fees, etc.

Realize you are busy and appreciate your time. Please reach out with any questions.

Thanks for the update Deb.

Glad to hear Ray is on the road to recovery. Not surprising he is already more involved than he should be.

Please let us know if you have any questions/needs from a business prospective in the meantime. I will give our team a heads up on the reporting, and let you know if we have further questions etc.

Keep in touch and enjoy the family this Holiday season.

Thanks.

Hi Nic,

All good here – hope you are as well!

Ray had heart surgery on Wednesday, Nov 15th and was released Monday, Nov 20th – less than a week after surgery which was quite impressive! He continues to recuperate at home but is often on email (probably more than he should be ☺)

I am trying to not bother him more than absolutely necessary so things are bit busy here as you can imagine. I believe we owe you some borrowing base reports which I will get to you as soon as Ray is a bit more functional.

Thanks so much for inquiring and I will pass along that you were asking about him.

Best regards,
Debbie

Deb,

Hope all is well with you and the Holiday season is off to a good start. I wanted to check in with you as the last I heard from Ray he was working through a health issue. Wanted to ask you how he is doing. I didn't want to reach out to him directly if he is still on the mend. He is one of my favorite people in this industry.

Thanks Deb. Appreciate your help.

Hi Ray and Deb,

Hope you are doing well and you're able to enjoy the first part of summer. Wanted to follow up on an email I sent to Ray last week (probably should have included Deb as well since you both have busy schedules).

The maturity for Revolvers is this Saturday – July 1. Given you are considering combining the lines etc, we would like to extend the maturity dates by 60 days. **We will plan on sending these documents out via DocuSign by Wednesday 6/28**, to ensure we don't go past the maturity date. If you could please sign these when you receive them, it would help keep the process moving. We do need them signed by no later than Friday morning to book it before the weekend. Let us know if you see any issues with this or have any concerns.

In the meantime, if you could please get us the financials for these entities that would be appreciated as well.

Appreciate your help in this.

Nic

Subject: Renewals - Sunwold & Lariagra

Ray,

Hope you are doing well. We have not received any financial information on Lariagra and Sunwold. Would you be able to provide some color when we might get the financials?

With the 7/1 maturity is right around the corner, I think doing an extension (60 days) would be appropriate to allow more time for us to discuss structure etc. Let me know your thoughts.

Look forward to catching up with you sometime soon.

Subject: RE: Compeer Financial - Sunterra Cash Management Discussion

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. If you have any concerns, please contact VINCOVI.

Craig and Deb,

Sorry today's time did not work out. We do want to reschedule. After the fraud scare last summer, we have looked into some ways to move money electronically. We believe there are ways to more efficient and cost effective way to move money between your various accounts while reducing the risk of fraud. We would like to discuss to ensure that it would be a fit on your end as well.

Could you please let us know some times that would work for you to discuss over the next month? Unfortunately, Lisa will be out of the office beginning March 15 (this Wed) returning March 22 (next Wed), and is on the road meeting with Clients the 23 and 24th.

Lisa is the primary cash mgt contact person at Compeer, and would need to be on the call. Even if you only had a couple of minutes, feel free to give her a call and she can provide the quick run-down. Her contact information is:

Lisa Johnsrud
Cash Management Consultant

Sent: Monday, March 13, 2023 10:56 AM

To: Rue, Nic; craig.thompson@sunterra.ca; deb.uffelman@sunterra.ca
Subject: Compeer Financial - Sunterra Cash Management Discussion
When: Monday, March 13, 2023 11:00 AM-12:00 PM (UTC-06:00) Central Time (US & Canada).
Where: WebEx

Dear Craig and Debbie:

I was given your name by Nic Rue in hopes that we could have a discussion on your Compeer Financial Cash Management processes. I would like to talk about how you are currently moving money and then talk about the possibility of streamlining that process with fewer fees, posting delays and transaction costs. This should take no longer than a half hour however I have set up the call for one hour just in case. **Will Monday, March 13th at 11:00 a.m. Central Time work for the both of you?** Nic will also be joining us on the call. If this day does not work for you, would sometime on March 9th or 10th fit better into your schedule?

I am looking forward to our discussion.

Thank you,

Lisa Johnsrud

Hi,

Thanks for the note and especially for your visit. I enjoyed getting to know all three of you a bit better. I am sorry I did not get us to the store in time to eat, but next time we will fill you right up.

I will be in Sioux Falls from the 14th to the 17th. One of the meetings I will have there is with the landlord to discuss progress and plans for the potential of a store there. We can certainly connect before then or if you want to do a bit of a drive, I am sure that we could meet in person and have a look at the site that is currently under construction.

Have a great long weekend.

Ray

Subject: Thank You

Ray & Deb,

Just wanted to thank you for your time in an action packed day. It was really neat to see, and appreciate you both being excellent and gracious hosts. Frankly, I will always remember it for all the things we got to see, and it will be noted as the day I first ate real, good, Salami. That said, next time I am scheduling more time there! (the 3:30 wakeup for a flight was too early if I am not milking cows)

Please keep in touch regarding HHP and the potential new store. In fact, I would like to follow up sooner vs later on the potential store in SD. The first challenge for us will be eligibility (connecting to the farm), but fortunately I used to work in audit and we have a good legal team! It would be good to get some time on the calendar for a Web Meeting to discuss what the entity will look like in the org structure, dollars invested, etc. Realize a lot of that is preliminary, but it would help us better communicate what we can and can't do as you proceed through this project.

Thanks again for everything. Have a great weekend!

Hi,

Thanks for the call this morning. I hope you have a good set of meetings at the 21st Century event.

Based on our discussion, I have attached the detailed income statements for each of the 3 U.S. entities to the end of August 2024.

Thanks,
Ray

Hi,

I missed the projection attachment in the last email so I have included it in this one.

Sorry about that.

Ray

Hello again,

We thought we would provide the end of August statements in USD as requested. They are attached. You will see columns for the CDN group but in USD, and the US group in USD. We then showed the eliminations on the income statement and the combined CDN and US operations in USD. Also attached is a projected income statement for the end of 2024 for the combined operations in USD.

Hopefully it is the information you are looking for.

Please let me know if you have questions.

Thanks,

Ray

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. if you have any concerns, please contact VINCOVI.

Good Morning Everyone,

Since Oct 1 is next week Tuesday, I wanted to follow up with a updated outstanding items list. Note the list does circle back to address a couple of questions/comments Ray noted in his email as well. Don't hesitate to reach out to us with any questions or comments as it relates to the renewal. Appreciate your help.

1. FYE 2023 Financials (previous ones were drafts)
2. YTD 2024 financials

- * August works, unless they get delayed. Then lets go with the most current period that is complete.

1. Updated Hedge positions - No immediate action. Keep us up to date on updated hedging decisions.

- * Would be curious what margins you are looking at currently for 2025.

1. The Plan with timeline to change the movement of cash (checks) between the US and Canada by 12/31 (in conjunction with the amalgamation)

- * Thanks for the heads up on LRPs, and understand if the amalgamation is delayed.

- * Post amalgamation are you planning on moving money through Nova Scotia bank with National Bank receiving regulatory approval to purchase CWD?

1. 12/31/23 or 6/30/24? Global Balance sheet

- * We can put together the U.S. entities into one or two statements. (One for the pig ownership and one for the management company.) We can also put together the Canadian pig entities. We can do it internally as KPMG has not done it in the past. We can get them to do it, but it will take some time.

- * Could you provide the Consolidation/Combination for Sunwold, Sunterra, Lariagra, and the sow units as of 6/30?

- i. Please include an eliminations column and the statement in USD.

Ray,

Jessica is tied up the next couple of days, but wanted to get back with you to keep the ball rolling. Jessica and I will discuss once she is back in the office.

I think the 12/31/23 and 2024 quarterly financials (believe the 6/30/24 are most recent) are a good place to start. Will let you know if August will help.

Keep us in the loop on the LRPs and the potential effect on the amalgamation and what you and the board decide around additional hedging.

Will be in touch.

Hi Ray and Deb,

Hope all is well, and you had a good weekend. We wanted to follow up with you on the list of items previously sent to see if you have any questions. Hard to believe Oct 1 is quick approaching and wanted to be sensitive on the maturity date as we work with you on the renewal of the credit facilities.

Let us know if you have any questions, etc. Thanks!

Subject: Renewal - Information needed

Ray and Deb.

It was great seeing you a couple of weeks ago. It never seems like there is enough time to discuss all that you have going on!

Here is the list of items to process the renewal of the RLOCs to ~May 1, 2025. Believe this will provide us time in 2025 to arrive at what the right structure will be for the amalgamated entities moving forward.

1. Update on (given we just talked about this, these items can wait until closer to 10/1):

* ABF discussion/hopefully new contract with Gary and Tyson Discussions are still happening. Tyson has provided a contract for the Lariagra pigs where the contract has expired. It looks like a bit better than standard pricing, but they wanted a 3 year deal. We have asked for some revisions and a 1 year deal so that it matches up with the Sunwold contract expiry next September. Gary has provided pricing which is more of a cash price than a combo cutout and cash price. He is willing to work with us to market NAE but we have to decide how many pigs we want to go that way. If Tyson accepts our 1 year deal, we will likely have 400 to 600 available to develop markets with Gary. If they don't accept it, we may go with a larger number with Gary.

* Trochu Insurance We are inching closer. The adjuster is recommending a \$5,000,000 payout as soon as the insurers confirm it. I expect that to happen before the end of October. He is also suggesting that we have enough information to have a discussion about rebuilding or a potential cash settlement. The only piece left is the cost of demo and removal. That should be available this week. I expect to talk with the adjuster on next steps later next week. He is on holiday until next Wednesday.

1. Finalized 2023 Financials

* in May you provided draft year-end balance sheets/earnings for the 3 companies for year end 2023. Would like to have the finalized copies for the file.

1. YTD financials 2024 We normally do quarterly statements, but could provide the end of July. August will likely be done in the next day or two. Which would be better for you?

2. Updated Hedge positions (i.e. - LRP schedule of insurance)

* You provided the LRP schedule of insurance in May, which had coverage thru Dec. Curious where your positions are at today - specifically with regards to 2025 given the recent market run We have not done any new positions although we will be discussing that at our Board meeting later this week. I will update you again after our meeting if we have made any decisions.

1. The Plan with timeline to change the movement of cash (checks) between the US and Canada by 12/31 (in conjunction with the amalgamation) I did not realize it, but our LRP options are quite specific as to the seller and origin of the pigs. I expect that we can amalgamate and it should still work, but we have to check that as we don't want to disrupt the insurance part. It probably is the simplest to put the new contracts in Sunwold's name and run the existing contracts out at the end of this year.

2. 12/31/23 or 6/30/24? Global Balance sheet (Has KPMG put together a projected 12/31/24) We can put together the U.S. entities into one or two statements. (One for the pig ownership and one for the management company.) We can also put together the Canadian pig entities. We can do it internally as KPMG has not done it in the past. We can get them to do it, but it will take some time.

* As we discussed, asking for this to better understand the financial impacts of the consolidation that is projected to take place 12/31.

* We will look/need to understand the impact of Trochu fire, eliminations etc.

Separate note: we did see a rather large amount of overcommitments yesterday on both Sunterra and Sunwold. Looks like smaller ones on just Sunterra today. Let us know if you have any color on this. Imagine this is a timing issue, but your insight is appreciated.

Let us know if you have any questions.

Subject: Update on cheque delivery this week

Hi Nic,

I hope you had a good trip home.

We thought we would update you on cheque delivery this week in case you see a big gap again. The cheques written Aug 19th were delayed due to "three late flights" according to the courier company.

As of today, the 22nd, we did not see either the 19th or 20th deposits. They were both delivered to your office on the 21st at 8:50am but your CSR Team was in meetings all day the 21st so they did not get entered until today with a backdate of the 21st.

Best regards,
Debbie

Thanks so much for your understanding and continued support. It is and always has been refreshing to work with everyone at Compeer, with your understanding of agriculture and small business.

I can't believe it is less than a month until Christmas! Very much looking forward to the holiday season and all it brings. I hope you and yours enjoy a wonderful Christmas as well!

Thanks,
Debbie

Thanks for the update Deb.

Glad to hear Ray is on the road to recovery. Not surprising he is already more involved than he should be.

Please let us know if you have any questions/needs from a business prospective in the meantime. I will give our team a heads up on the reporting, and let you know if we have further questions etc.

Keep in touch and enjoy the family this Holiday season.

Thanks.

Hi Nic,

All good here – hope you are as well!

Ray had heart surgery on Wednesday, Nov 15th and was released Monday, Nov 20th – less than a week after surgery which was quite impressive! He continues to recuperate at home but is often on email (probably more than he should be 😊)

I am trying to not bother him more than absolutely necessary so things are bit busy here as you can imagine. I believe we owe you some borrowing base reports which I will get to you as soon as Ray is a bit more functional.

Thanks so much for inquiring and I will pass along that you were asking about him.

Best regards,
Debbie

Deb,

Hope all is well with you and the Holiday season is off to a good start. I wanted to check in with you as the last I heard from Ray he was working through a health issue. Wanted to ask you how he is doing. I didn't want to reach out to him directly if he is still on the mend. He is one of my favorite people in this industry.

Thanks Deb. Appreciate your help.

Craig and Deb,

Sorry today's time did not work out. We do want to reschedule. After the fraud scare last summer, we have looked into some ways to move money electronically. We believe there are ways to more efficient and cost effective way to move money between your various accounts while reducing the risk of fraud. We would like to discuss to ensure that it would be a fit on your end as well.

Could you please let us know some times that would work for you to discuss over the next month? Unfortunately, Lisa will be out of the office beginning March 15 (this Wed) returning March 22 (next Wed), and is on the road meeting with Clients the 23 and 24th.

Lisa is the primary cash mgt contact person at Compeer, and would need to be on the call. **Even if you only had a couple of minutes, feel free to give her a call and she can provide the quick run-down.** Her contact information is:

Lisa Johnsrud
Cash Management Consultant

Sent: Monday, March 13, 2023 10:56 AM

To: Rue, Nic; craig.thompson@sunterra.ca; deb.uffelman@sunterra.ca

Subject: Compeer Financial - Sunterra Cash Management Discussion

When: Monday, March 13, 2023 11:00 AM-12:00 PM (UTC-06:00) Central Time (US & Canada).

Where: WebEx

Dear Craig and Debbie:

I was given your name by Nic Rue in hopes that we could have a discussion on your Compeer Financial Cash Management processes. I would like to talk about how you are currently moving money and then talk about the possibility of streamlining that process with fewer fees, posting delays and transaction costs. This should take no longer than a half hour however I have set up the call for one hour just in case. **Will Monday, March 13th at 11:00 a.m. Central Time work for the both of you?** Nic will also be joining us on the call. If this day does not work for you, would sometime on March 9th or 10th fit better into your schedule?

I am looking forward to our discussion.

Thank you,

Debbie:

We have found the issue and are working to resolve it. It was a glitch in our systems here at Compeer. Please be assured that we did receive your deposits and they will be applied with the correct effective dates. We will be putting in a "fix" for the issue tonight and all the deposits will show tomorrow or the next day. Again, please be assured that we did receive all your deposits (including the ones today) and they will all be backdated to reflect the correct deposit dates.

Thank you,

Debbie:

Just a quick update on this. Creating a new user name did not seem to resolve the issue and we feel it has something to do with your account but will have to get our vendor for our online banking platform involved to get a resolution. I am sorry this has taken so long, I will keep you up to date on our progress.

Thank you again for your patience, I will be in touch soon!

Attention: This email is from outside Sunterra. Use caution when clicking links or opening attachments. if you have any concerns, please contact VINCOVI.

Dear Debbie:

I am checking into your issue with not being able to sign in to our online banking platform. I would like to verify just a couple of things before sending in my ticket to our online banking tech team (specifically, Doug Black).

- The user name you are trying to sign in with: duffelman (please verify this is correct) **My latest account is debuffelman created Oct 5 2023**
- Last time you tried to log in: **Today**
- Web Browser you are using: Chrome (please verify this is correct) **Have tried Chrome, Edge, Citrix**
- Error message you get when you try to sign in: **See attachment (Doug has seen this message)**

- Accounts you can see when you log in: Sunterra, Sunwold & Lariagra (please verify this is correct) Just Sunterra and Sunwold. Won't hurt to be able to see Lariagra as well if that is easy to make happen.

Thank you so much, this will help us troubleshoot. It was great meeting you on the call today, I finally had my camera on so you we could see each other!

Talk soon,

-----Original Appointment-----

From: Johnsrud, Lisa <Lisa.Johnsrud@compeer.com>

Sent: Monday, March 13, 2023 10:56 AM

To: Rue, Nic; craig.thompson@sunterra.ca; deb.uffelman@sunterra.ca

Subject: Compeer Financial - Sunterra Cash Management Discussion

When: Monday, March 13, 2023 11:00 AM-12:00 PM (UTC-06:00) Central Time (US & Canada).

Where: WebEx

Dear Craig and Debbie:

I was given your name by Nic Rue in hopes that we could have a discussion on your Compeer Financial Cash Management processes. I would like to talk about how you are currently moving money and then talk about the possibility of streamlining that process with fewer fees, posting delays and transaction costs. This should take no longer than a half hour however I have set up the call for one hour just in case. **Will Monday, March 13th at 11:00 a.m. Central Time work for the both of you?** Nic will also be joining us on the call. If this day does not work for you, would sometime on March 9th or 10th fit better into your schedule?

I am looking forward to our discussion.

Thank you,

Lisa Johnsrud
