APPLICATION

1. **THIS APPLICATION IS MADE BY** Nunavut Iron Ore, Inc. ("**NIO**"), Baffinland Iron Mines Corporation ("**BIM Corp.**"), and 12334992 Canada Inc. ("**123 Canada Inc.**") (the "**Applicants**" and, together with Baffinland Iron Mines LP ("**BIM LP**"), the "**Debtors**"), for an order, substantially in the form attached at Tab 3 of this Application Record for an order (the "**Initial Order**"), pursuant to the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the "**CCAA**"), among other things:[1]

(a) declaring that the Applicants are debtor companies to which the CCAA applies,

(b) declaring that BIM LP shall be bound by, and entitled to the protections and benefits of, the Initial Order as though it were an Applicant;

(c) granting a stay of proceedings against the Debtors for an initial period of not more than ten days, subject to further order of this Court;

(d) appointing FTI Consulting Canada Inc. ("**FTI**" or the "**Monitor**") as the court-appointed monitor of the Debtors;

(e) authorizing the Debtors to continue using their existing cash management system;

---

[1] Capitalized terms used and not otherwise defined have the meaning given to them in the Affidavit of Celeste van Tonder sworn May 14, 2026 (the "**Van Tonder Affidavit**").

(f) granting the following charges against the property of the Debtors, in the following order of priority:

(i) first, an administration charge in the amount of $2 million to secure the fees and disbursements of the Monitor, counsel to the Monitor, and counsel to the Debtors (the "**Administration Charge**");

(ii) second, a directors' and officers' charge in the amount of $14 million to indemnify the directors and officers of the Debtors or any member of the Operating Committee (defined below) to the extent such member is or was directly or indirectly exercising the powers of the directors of any of the Debtors for any obligations and liabilities they may incur in their capacities as directors or officers, or in the case of members of the Operating Committee, in their capacity as persons exercising the powers of directors during these proceedings (the "**D&O Charge**"); and

(g) setting a date for a comeback hearing (the "**Comeback Hearing**") to be held within ten days of the Initial Order.

2. At the Comeback Hearing, the Applicants intend to seek an amended and restated Initial Order (the "**ARIO**"), among other things:

(a) extending the stay of proceedings against the Debtors;

(b) approving a debtor-in-possession credit facility to finance the Debtors' working capital requirements, general corporate purposes and post-filing

expenses (the "**DIP Facility**") and granting a charge against the property of the Debtors to secure the amounts borrowed under the DIP Facility (the "**DIP Charge**");

(c) increasing the amounts of the Administration Charge and D&O Charge;

(d) approving a key employee retention plan (the "**KERP**") and/or key employee incentive plan ("**KEIP**") for certain employees and management of the Debtors;

(e) granting a charge against the current and future property of the Debtors as security for amounts payable under the KERP (the "**KERP Charge**");

(f) declaring certain suppliers of the Debtors as critical suppliers (the "**Critical Suppliers**") and granting a critical supplier charge against the current and future property of the Debtors as security for amounts payable to the Critical Suppliers; and

(g) granting such other relief as may be required.

THE GROUNDS OF THE APPLICATION ARE:

Overview of the Debtors and their Financial Circumstances

3. The Debtors are a group of affiliated entities engaged in iron ore mining operations at the Mary River mine (the "**Mine**"), which is one of the highest-grade iron ore mines in the world and is located in the Qikiqtani Region of Nunavut on Baffin Island, Canada. The day-to-day mining operations are carried out by BIM LP, through its general partner BIM Corp. (collectively, "**Baffinland**"). Baffinland is the largest private sector employer in

Nunavut, employing approximately 1,200 people, including approximately 300 Inuit employees.

4. The Mine contains among the highest-grade iron ore deposits ever discovered, with historic average iron content mined in excess of 67%. Baffinland began mining operations at the Mine in 2014 and reached commercial production the following year.

5. The Debtors' financial difficulties are the product of several converging factors: (a) high debt-servicing costs from substantial outstanding indebtedness, (b) significant capital expenditures and commitments incurred in connection with a proposed railway, which was ultimately rejected by the federal Minister of Northern Affairs; (c) constrained transportation and shipping limits imposed under existing regulatory approvals; and (d) the high operating costs associated with the current operations model.

6. Despite undertaking significant cost-reduction and efficiency measures, including reductions in working capital commitments, renegotiation of key supplier contracts, and a workforce reduction of more than 20% in 2024, the Debtors remain unable to generate sufficient revenue to service their outstanding debt obligations and cover their fixed operating costs at the current transportation and shipping caps. Moreover, prospective investors have been reluctant to provide further equity capital, and the Debtors have been unable to refinance their existing indebtedness on acceptable terms. As a result, the Debtors are currently operating on a week-to-week basis from a cash-flow perspective.

7. For the year-ended December 31, 2025, Baffinland and 123 Canada Inc., on a consolidated basis, reported a net loss of $102.4 million and their current liabilities exceeded their current assets by $761 million. NIO, on a consolidated basis, reported a

net loss of $545.1 million for the year ended December 31, 2025. This figure includes a $423 million goodwill impairment loss relating to the value of the Mine. Since NIO's consolidated financial statements include a significant non-cash impairment charge, the consolidated financial information of Baffinland and 123 Canada Inc. more accurately represent the Debtors' financial position.

8. The Debtors are in breach of their senior secured credit facility, which has led to cross-defaults under their term credit facility, and their senior secured notes, which mature July 15, 2026. The Debtors also owe approximately $87 million in past-due trade payables. The Debtors do not have sufficient liquidity to repay these obligations.

9. The Mine's operations are entirely dependent on arctic diesel and jet fuel, which can only be delivered by sea during the annual shipping window of mid-July to mid-October. If adequate supply is not secured before the window closes, the Mine would be forced to curtail or shut down operations entirely. The current crisis in the Middle East has caused diesel prices to surge by approximately 50–70% since January 2026 and has created significant risk of physical supply shortages due to disruptions in global refining capacity and trade flows. Since sealift procurement requires lead time and global competition for fuel is intense, Baffinland must act promptly to secure committed volumes and vessel capacity. The Debtors currently lack the liquidity to procure the fuel required.

10. In these circumstances, the Debtors require the protection of the CCAA to stabilize their operations, preserve the going-concern value of their business, procure their annual fuel and supply requirements, secure debtor-in-possession financing and allow them the

breathing room to pursue a refinancing, recapitalization, restructuring plan, investment or sale solicitation process (or any combination of the foregoing).

11. Absent such protection, the Debtors face the risk that creditors will take enforcement action, which would disrupt ongoing operations and diminish the value of their assets. Moreover, a disruption to the Mine would have far-reaching consequences, not only for creditors of the Debtors, but also for Inuit communities, Inuit businesses that provide services to the mine, the approximately 1,200 workers who depend on the continued operation of the mine and the broader Nunavut economy more generally.

Stay of Proceedings

12. The Debtors require a stay of proceedings and the other protections afforded by the CCAA to provide them with the breathing room needed to stabilize their operations and preserve the value of their assets for the benefit of all stakeholders. The Debtors have significant overdue trade payables and creditors have begun exercising remedies. A stay of proceedings is necessary to prevent creditors from taking enforcement action against the Debtors while they work to develop and implement a viable plan to address their financial difficulties, including a Strategic Process. It would be highly disruptive and potentially detrimental to the Debtors' restructuring efforts and ongoing mining operations if rights or remedies were executed against them.

13. The Debtors are requesting an initial stay of proceedings for a period of not more than ten days until the Comeback Hearing, at which time the Debtors anticipate requesting a further extension of the stay.

Appointment of the Monitor

14. Pursuant to the Initial Order, the Applicants are asking this Court to appoint FTI as Monitor. FTI has extensive experience in large and complex insolvency proceedings under the CCAA, including a number of proceedings involving mining and resource companies.

15. FTI is a "trustee" within the meaning of subsection 2(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, and is not otherwise precluded from acting as monitor under subsection 11.7(2) of the CCAA. FTI has consented to act as monitor in these proceedings, if appointed.

Administration Charge

16. As the Debtors navigate these CCAA proceedings, they will need to rely on their counsel, the Monitor and the proposed Monitor's counsel. Accordingly, the Debtors are seeking that the proposed Monitor (and its counsel) and counsel to the Debtors be granted an Administration Charge on the present and future assets, property and undertakings of the Debtors as security for any respective fees and disbursements up to a maximum of $2 million for the Initial Order. The Administration Charge is proposed to rank ahead of, and have priority over, the D&O Charge.

17. The quantum of the Administration Charge is proposed to be increased at the Comeback Hearing.

D&O Charge

18. The Debtors seek a D&O Charge on their assets in favour of their directors, members of the Operating Committee and officers in an amount not to exceed $14 million

to indemnify them in respect of liabilities they may incur as directors, members of the Operating Committee and officers during these CCAA proceedings. The D&O Charge will rank behind the Administration Charge. The amount of the D&O Charge represents payroll and vacation pay obligations for Baffinland's employees for the 10-day period between the date of the Initial Order and the Comeback Hearing, which payroll obligations are always one week in arrears.

19. The Debtors' existing director and officer insurance likely does not provide sufficient coverage against the potential liability that the directors, members of the Operating Committee and officers could incur in relation to these CCAA proceedings.

20. The Debtors have agreed to indemnify the directors, members of the Operating Committee to the extent they are exercising powers of a director, and officers of the Debtors for all liabilities arising post-filing except due to their gross negligence or wilful misconduct. However, the Debtors do not have sufficient funds to satisfy those indemnities should the directors, members of the Operating Committee or officers be found responsible for potential liabilities. Moreover, the Debtors were unable to obtain adequate additional indemnification insurance at a reasonable cost.

21. Certain members of the Operating Committee, along with the directors and officers of the Debtors, are likely to resign if the D&O Charge is not granted. These individuals possess critical institutional knowledge of the Debtors and their operations, and their resignations would complicate these CCAA proceedings and risk destroying value for the stakeholders.

22. As such, the Debtors request that the D&O Charge be granted pursuant to the Initial Order to protect their directors, members of the Operating Committee acting in the capacity as directors, and officers against obligations and liabilities they may incur to the degree that the Debtors cannot satisfy their indemnification obligations.

23. The quantum of the D&O Charge was determined by the Debtors, in collaboration with the proposed Monitor, and is limited to the indemnification obligations and liabilities that the Debtors' directors, members of the Operating Committee and officers may face during the initial ten days of these CCAA proceedings and as noted above is almost entirely comprised of payroll obligations. The amount of the D&O Charge is proposed to be increased at the Comeback Hearing, including to include amounts that beneficiaries of such charge may be exposed to for termination and severance obligations.

Cash Management

24. The Debtors anticipate that, for the period between the date of the Initial Order and the date of the Comeback Hearing, they will continue to utilize the Cash Management System and their existing banking arrangements in the ordinary course of business.

25. The Cash Management System is critical to the orderly management of the Debtors' business affairs, including the continued operation of the Mine. Accordingly, the Debtors are seeking to continue to operate the Cash Management System post-filing in substantially the same manner as before the commencement of these CCAA proceedings.

DIP Facility and DIP Charge

26. At the Comeback Hearing, the Debtors intend to seek approval of a debtor-in-possession facility. In anticipation of the Debtors' liquidity needs during the CCAA proceeding, FTI commenced a debtor-in-possession solicitation process, which is underway. It is anticipated that the Debtors will enter into a DIP term sheet in advance of the Comeback Hearing and will seek its approval at such hearing.

27. The Debtors require DIP financing to, among other things, provide operating cash, fund the costs of their day-to-day operations, including critical fuel supply costs and other expenses needed for the upcoming sea lift season, and devising and implementing a Strategic Process. A DIP facility is critical to the Debtors' ability to continue operating the Mine and ability to pursue a value-maximizing transaction for the benefit of all of their stakeholders.

28. The Debtors anticipate that the DIP facility will be secured by a charge over all of their property and will seek this Court's approval of that charge at the Comeback Hearing concurrently with seeking approval of the DIP facility.

Key Employee Retention Plan and Key Employee Incentive Plan

29. Subject to any changes between now and the Comeback Hearing, the Debtors also intend to seek Court approval of a KERP and/or a KEIP that applies to certain employees and management of the Debtors who are crucial to the continued operation of the Mine and to the Debtors' restructuring efforts, including certain members of the Operating Committee. The parties contemplated to be included in the KERP or KEIP have critical industry and operational knowledge of the mining operations and key contracts.

Given the highly specialized nature of the Debtors' operations, the retention of key personnel is essential. In the absence of a retention plan, it is highly likely these individuals would seek alternative employment, which would significantly impair the Debtors' ability to operate and run a successful Strategic Process.

30. As part of the relief at the Comeback Hearing, the Debtors intend to seek this Court's permission to seal the identities and titles of the recipients of the KERP.

31. At the Comeback Hearing, the Debtors also intend to seek a KERP Charge against the property of the Debtors as security for amounts payable under the KERP.

Critical Suppliers and Critical Supplier Charge

32. The Debtors intend to seek a declaration that certain suppliers whose continued provision of goods and services is essential to the ongoing operation of the Mine and the safety of its personnel are "critical suppliers" who are entitled to the benefit of a critical supplier charge (the "**Critical Supplier Charge**"). The parties that will be identified as critical suppliers supply goods and services, including the provision of the Letters of Credit, that are essential for ongoing operations at the Mine.

Priority of Charges

33. At the Comeback Hearing, subject to any changes, the Debtors intend to seek approval of the following charges over the property of the Debtors, in the following order of priority:

(a) first, an increase in the Administration Charge;

(b) second, an increase in the D&O Charge granted in favour of the Debtors' directors and officers, and the members of the Operating Committee acting in such capacities, to reflect potential exposure to termination and severance liabilities, as well as salary, payroll and related employment obligations;

(c) third, the DIP Charge;

(d) fourth, the KERP Charge; and

(e) fifth, the Critical Supplier Charge.

OTHER GROUNDS

34. The provisions of the CCAA, including sections 2(1), 3(1), 10(2), 11, 11.02, 11.2, 11.7, 11.52 and the inherent and equitable jurisdiction of this Court.

35. Rules 1.04, 2.01, 2.03, 3.02, 14.05, 16 and 38 of the *Rules of Civil Procedure*, R.R.O 1990, Reg. 194, as amended.

36. Sections 97 and 106 of the *Courts of Justice Act,* R.S.O. 1990, c. C-43, as amended.

37. Such further and other grounds as the lawyers may advise.

THE FOLLOWING DOCUMENTARY EVIDENCE will be used at the hearing of the application:

38. The Van Tonder Affidavit including the Exhibits thereto;

39. The Consent of FTI to Act as Monitor;

40. The Pre-Filing Report of the Monitor; and

41. Such further and other evidence as counsel may advise and this Honourable Court may permit.

1. I am the Vice President and Chief Financial Officer of Nunavut Iron Ore, Inc. ("**NIO**"), the Chief Financial Officer of 12334992 Canada Inc. ("**123 Canada Inc.**") and the Chief Financial Officer of Baffinland Iron Mines Corporation ("**BIM Corp**."), which also acts as the general partner of Baffinland Iron Mines LP ("**BIM LP**", and together with the Applicants, the "**Debtors**"). I have held these positions since October 2, 2023. I have also been a director of 123 Canada Inc. and BIM Corp. since August 29, 2024.

2. I am familiar with the Debtors' day-to-day operations, business and financial affairs and I have been actively engaged in discussions and negotiations concerning their financial circumstances. As such, I have personal knowledge of the matters described in this Affidavit. Where I have relied on information from other sources, I have stated the source and verily believe such information to be true.

3. This Affidavit is sworn in support of an application by the Applicants for relief under the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the "**CCAA**").

4. As part of their application, the Applicants seek an initial order (the "**Initial Order**"), among other things:

(a) declaring that the Applicants are debtor companies to which the CCAA applies,

(b) declaring that BIM LP shall be bound by, and entitled to the protections and benefits of, the Initial Order as though it were an Applicant;

(c) granting a stay of proceedings against the Debtors for an initial period of not more than ten days, subject to further order of this Court;

(d) appointing FTI Consulting Canada Inc. ("**FTI**" or the "**Monitor**") as the court-appointed monitor of the Debtors;

(e) authorizing the Debtors to continue using their existing cash management system;

(f) granting the following charges against the property of the Debtors, in the following order of priority:

(i) first, an administration charge in the amount of $2 million to secure the fees and disbursements of the Monitor, counsel to the Monitor, and counsel to the Debtors (the "**Administration Charge**");

(ii) second, a directors' and officers' charge in the amount of $14 million to indemnify the directors and officers of the Debtors or any member of the Operating Committee (defined below) to the extent such member is or was directly or indirectly exercising the powers of the directors of any of the Debtors for any obligations and liabilities they may incur in their capacities

as directors or officers, or in the case of members of the Operating Committee, in their capacity as persons exercising the powers of directors during these proceedings (the "**D&O Charge**"); and

(g) setting a date for a comeback hearing (the "**Comeback Hearing**") to be held within ten days of the Initial Order.

5. At the Comeback Hearing, the Applicants intend to seek an amended and restated Initial Order (the "**ARIO**"), among other things:

(a) extending the stay of proceedings against the Debtors;

(b) approving a debtor-in-possession credit facility to finance the Debtors' working capital requirements, general corporate purposes and post-filing expenses (the "**DIP Facility**") and granting a charge against the property of the Debtors to secure the amounts borrowed under the DIP Facility (the "**DIP Charge**");

(c) increasing the amounts of the Administration Charge and D&O Charge as necessary;

(d) approving a key employee retention plan (the "**KERP**") and/or key employee incentive plan ("**KEIP**") for certain employees and management of the Debtors;

(e) granting a charge against the current and future property of the Debtors as security for amounts payable under the KERP (the "**KERP Charge**");

(f) declaring certain suppliers of the Debtors as critical suppliers (the "**Critical Suppliers**") and granting a critical supplier charge against the current and future property of the Debtors as security for amounts payable to the Critical Suppliers; and

(g) granting such other relief as may be required.

6. All dollar amounts in this Affidavit are expressed in millions of United States dollars unless otherwise stated.

OVERVIEW

7. The Debtors are a group of affiliated entities engaged in iron ore mining operations at the Mary River mine (the "**Mine**"), which is one of the highest-grade iron ore mines in the world and is located in the Qikiqtani Region of Nunavut on Baffin Island, Canada. The day-to-day mining operations are carried out by BIM LP, through its general partner BIM Corp. (collectively, "**Baffinland**"). Baffinland is the largest private sector employer in Nunavut, employing approximately 1,200 people, including approximately 300 Inuit employees.

8. The Mine contains among the highest-grade iron ore deposits ever discovered, with historic average iron content mined in excess of 67%. Baffinland began mining operations at the Mine in 2014 and reached commercial production the following year.

9. The Debtors' financial difficulties are the product of several converging factors: (a) high debt-servicing costs from substantial outstanding indebtedness; (b) significant capital expenditures and commitments incurred in connection with a proposed railway, which was ultimately rejected by the federal Minister of Northern Affairs; (c) constrained transportation and shipping limits imposed under existing regulatory approvals; and (d) the high operating costs associated with the current operations model.

10. Despite undertaking significant cost-reduction and efficiency measures, including reductions in working capital commitments, renegotiation of key supplier contracts, and a workforce reduction of more than 20% in 2024, the Debtors remain unable to generate sufficient revenue to service their outstanding debt obligations and cover their fixed operating costs at the

current transportation and shipping caps. Moreover, prospective investors have been reluctant to provide further equity capital, and the Debtors have been unable to refinance their existing indebtedness on acceptable terms. As a result, the Debtors are currently operating on a week-to-week basis from a cash-flow perspective.

11. For the year-ended December 31, 2025, Baffinland and 123 Canada Inc., on a consolidated basis, reported a net loss of $102.4 million and their current liabilities exceeded their current assets by $761 million. As described under the heading “Financial Statements” below, NIO, on a consolidated basis, reported a net loss of $545.1 million for the year ended December 31, 2025. This figure includes a $423 million goodwill impairment loss relating to the value of the Mine. Since NIO’s consolidated financial statements include a significant non-cash impairment charge, this Affidavit relies on the consolidated financial statements of Baffinland and 123 Canada Inc. to more accurately represent the Debtors’ financial position.

12. The Debtors are in breach of their senior secured credit facility, which has led to cross-defaults under their term credit facility, and their senior secured notes, which mature July 15, 2026. The Debtors also owe approximately $87 million in past-due trade payables. The Debtors do not have sufficient liquidity to repay these obligations.

13. The Mine's operations are entirely dependent on arctic diesel and jet fuel, which can only be delivered by sea during the annual shipping window of mid-July to mid-October. If adequate supply is not secured before the window closes, the Mine would be forced to curtail or shut down operations entirely. The current crisis in the Middle East has caused diesel prices to surge by approximately 50–70% since January 2026 and has created significant risk of physical supply shortages due to disruptions in global refining capacity and trade flows. Since sealift procurement requires lead time and global competition for fuel is intense, Baffinland must act promptly to

secure committed volumes and vessel capacity. The Debtors currently lack the liquidity to procure the fuel required.

14. In these circumstances, the Debtors require the protection of the CCAA to stabilize their operations, preserve the going-concern value of their business, secure debtor-in-possession financing and pursue a viable restructuring for the benefit of all stakeholders, including pursuing a sale and investment solicitation process. Absent such protection, the Debtors face the risk that creditors will take enforcement action, which would disrupt ongoing operations and diminish the value of their assets. Moreover, a disruption to the Mine would have far-reaching consequences, not only for creditors of the Debtors, but also for Inuit communities, Inuit businesses that provide services to the mine, the approximately 1,200 workers who depend on the continued operation of the mine and the broader Nunavut economy more generally.

15. The remainder of this Affidavit is presented in two parts: Part I sets out the Debtors' financial circumstances, including: (a) an overview of the corporate structure and governance of the Debtors; (b) a description of the Debtors' business and operations, including transportation and shipping constraints and impediments to expansion; (c) the financial position of the Debtors as reflected in their most recent financial statements; (d) the indebtedness of the Debtors, including their secured and unsecured debt obligations, contingent liabilities, and other material agreements; and (e) the source of the Debtors' financial difficulties, the cost-reduction measures undertaken to date, and the urgency of this application. Part II describes the relief sought by the Applicants under the Initial Order and at the Comeback Hearing. A table of contents is set out below.

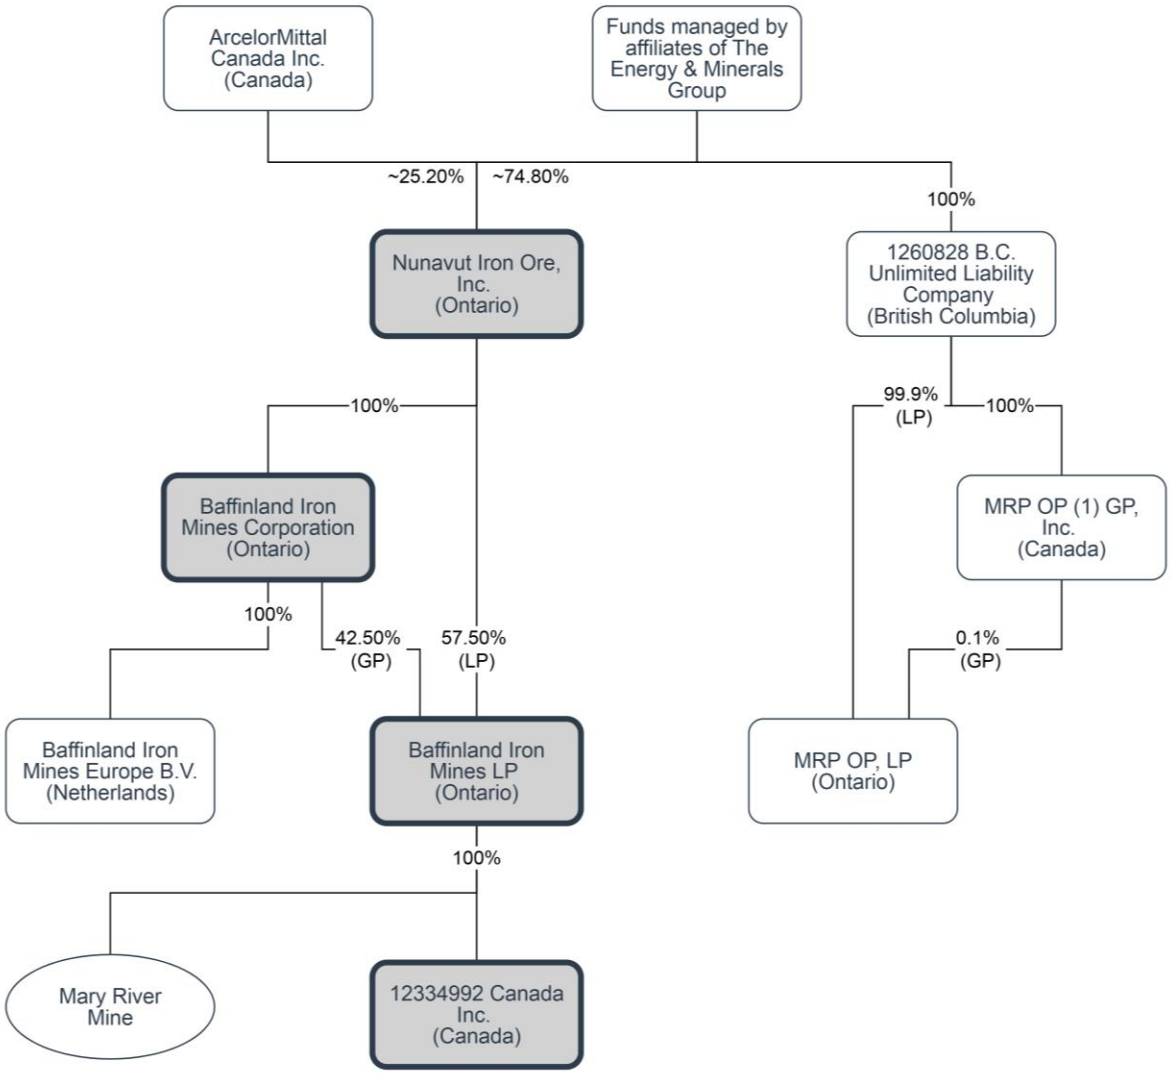
PART I – THE DEBTORS' FINANCIAL CIRCUMSTANCES



A. OVERVIEW OF THE DEBTORS

(i) Corporate Structure

16. The Debtors are NIO, 123 Canada Inc., BIM Corp. and BIM LP, each of which is described in greater detail below.

17. The Debtors are private companies ultimately owned principally by two groups: (a) ArcelorMittal Canada Inc., an indirect subsidiary of ArcelorMittal S.A. ("**Arcelor**"), a global leader in steel and mining (~25.20%); and (b) funds managed by affiliates of The Energy & Minerals Group ("**EMG**"), a Texas-based private investment firm specializing in the energy and minerals sectors (~74.80%). A remaining minority of shareholders hold approximately 0.1% of the equity. As described more fully below, through a series of agreements, the decision-making authority of NIO and Baffinland has been delegated to an operating committee whose members are appointed by Arcelor and EMG.

18. The chart below is a high-level illustration of the corporate structure of the Debtors. The Debtors are highlighted in grey.

(a) NIO

19. NIO is a corporation incorporated under the *Business Corporations Act* (Ontario). Its registered office address is 2300 Yonge Street, Suite 1702, Toronto, Ontario. A corporate profile report for NIO as of April 1, 2026 is attached to this Affidavit as **Exhibit "A"**.

20. NIO is the sole shareholder of BIM Corp. and the sole limited partner of BIM LP. NIO's principal assets are its shares in BIM Corp. and its 57.5% limited partnership interests in BIM LP. As described below, NIO has provided a limited recourse guarantee of Baffinland's secured

indebtedness. NIO is also the issuer under the unsecured notes due 2029 (defined and described below as the 2029 Notes).

(b) BIM Corp.

21. BIM Corp. is a corporation incorporated under the *Business Corporations Act* (Ontario). Its registered or head office address is 360 Oakville Place Drive, Suite 300, Oakville, Ontario, and its northern headquarters is located at 611 Queen Elizabeth Way, Suite 101, Iqaluit, Nunavut. A corporate profile report for BIM Corp. as of April 1, 2026 is attached to this Affidavit as **Exhibit "B"**.

22. BIM Corp. is the sole general partner of BIM LP and holds a 42.5% interest in BIM LP. BIM Corp. carries on Baffinland's business and operations in that capacity.

(c) BIM LP

23. BIM LP is a limited partnership formed under the *Limited Partnerships Act* (Ontario). Its principal place of business is 360 Oakville Place Drive, Suite 300, Oakville, Ontario L6H 6K8, although operations are also conducted from an office in Toronto, Ontario. A limited partnership profile report for BIM LP as of April 1, 2026 is attached to this Affidavit as **Exhibit "C"**.

24. Substantially all the Debtors' assets, including the Mine, are beneficially owned by BIM LP. The operation of the Mine is carried out by BIM LP through BIM Corp. as its general partner.

(d) 12334992 Canada Inc.

25. 123 Canada Inc. is a corporation incorporated under the *Canada Business Corporations Act*. Its registered or head office address is 360 Oakville Place Drive, Suite 300, Oakville, Ontario. A corporate profile for 123 Canada Inc. as of April 1, 2026 is attached to this Affidavit as **Exhibit "D"**.

26. 123 Canada Inc. is a wholly owned subsidiary of BIM LP. It was created to hold certain prospective mining leases and mineral claims for precious metals and other minerals unrelated to Baffinland's iron ore operations. It is entirely dependent on Baffinland for funding and has no independent source of income to maintain these mineral claims. It does not have any employees.

(ii) Corporate Governance

27. NIO is subject to a unanimous shareholders agreement among NIO[1], its shareholders Arcelor and EMG[2], BIM Corp. and BIM LP. Under that agreement, all decision-making authority over NIO and Baffinland, whether exercised directly or indirectly, is vested in an operating committee (the "**Operating Committee**"). The Operating Committee is responsible for supervising the management of the business and affairs of NIO and is composed of appointees of EMG and Arcelor based on their respective equity ownership: EMG has appointed five members and Arcelor has appointed two members.

28. Baffinland is also party to a first amended and restated operating services agreement dated May 6, 2015, as amended by an amendment dated December 6, 2016 (the "**Operating Agreement**") with NIO, Arcelor, ArcelorMittal Mines Mary River Operating Inc., and MRP OP, LP (the "**EMG Operator**"). Under the Operating Agreement, Baffinland has delegated power and authority to the EMG Operator to manage the day-to-day operations of the Mine. Key members of the EMG Operator work from Baffinland's office in Toronto, Ontario. The Operating Agreement is attached as **Exhibit "E"** to this Affidavit.

29. The EMG Operator is entitled to a fee under the Operating Agreement equal to 2% of enumerated capital and operating costs incurred by Baffinland in any year. This fee has been

waived by the EMG Operator until iron ore from the Mine is stockpiled for shipping or shipped at a rate of 12 metric tonnes per annum ("**Mtpa**"). Because Baffinland is currently restricted by its regulatory approvals to transporting and shipping no more than 4.2 Mtpa, no fees have been paid to date. Despite this waiver, NIO, EMG and Arcelor (who was formerly a joint operator with EMG) entered into a series of side letters under which distributions at the NIO level are allocated among Arcelor and EMG in consideration for the waiver. Additionally, the EMG Operator is reimbursed for certain expenses incurred in connection with its services, including employee compensation, and office expenses.

B. BAFFINLAND'S BUSINESS AND OPERATIONS

(i) Overview

30. Baffinland operates the Mine, which is one of the highest-grade iron ore mines in the world, and is located in the Qikiqtani Region of Nunavut on Baffin Island, Canada. Iron ore is primarily used to produce steel, which is essential for construction, transportation, energy infrastructure, and manufacturing purposes. Baffinland commenced mining operations at the Mine in 2014 and achieved commercial production in 2015.

31. The Mine contains some of the highest-grade iron ore deposits ever discovered, with historical average iron content mined exceeding 67%. Baffinland produces two high-grade low impurity iron ore products through a simple three-stage process of mining, crushing, and screening.

(ii) Operations and Logistics

32. The Mine is located approximately 1,000 kilometres northwest of Iqaluit, the capital of Nunavut, and is one of the most northern mining operations in the world. The Mine is entirely self-contained. Employees are flown in for three-week rotations.

33. Baffinland's mining operations are centred on two main locations: the Mine site and a port at Milne Inlet, from where iron ore is shipped and is located approximately 100 kilometres to the northwest of the mine. The two sites are connected by a gravel road (the "**Tote Road**"), a route originally constructed in the 1960s and upgraded by Baffinland in 2007. All processed ore is trucked along the Tote Road to Milne Inlet, where it is stockpiled and loaded onto ocean-going vessels during the shipping season for shipment to customers, who are predominantly in Europe.

34. Baffinland's mining operations are functionally organized into five areas: (a) mining operations, (b) crushing operations, (c) ore hauling and materials handling (including port and shipping), (d) mobile maintenance, and (e) site services (including camp, power plant, and related support infrastructure). Management of these areas is based at the Mine and Milne Inlet sites, while certain administrative functions, such as finance, legal, corporate development, permitting, human resources, and procurement, are based out of offices in Oakville and Toronto, Ontario.

35. Milne Inlet currently serves as the sole export point for Baffinland's iron ore. Shipping is limited to the open-water season, which generally runs from mid-July to mid-October, depending on ice and weather conditions. Outside this window, the sea freezes over, making conventional vessel access impractical. Although iron ore production occurs year-round, current regulatory permits do not authorize year-round shipping through Milne Inlet, and the current operations are not equipped to support it.

36. To secure ongoing cash-flow, and mitigate the seasonality of shipping, Baffinland has entered into offtake agreements with IRH Global Trading Ltd. ("**IRH**"), described in greater detail below under the heading "Offtake Arrangements". Baffinland relies on IRH for nearly all of its cash-flow, as IRH purchases all iron ore stockpiled at Milne Port.

37. To accommodate the remote nature of Baffinland's operations, the Mine site infrastructure includes: an airport with a 1,983 metre gravel runway upgraded for certain jet aircraft; an 800-bed

hard-wall camp and 210-bed camp; 1.35 MW diesel generators (8.1 MW total) which provide electricity to the site; an explosives plant; a truck wash plant; full-service maintenance facilities and parts warehouses; and water and waste treatment plants. Physical infrastructure at the Milne Inlet port includes: a 120-bed camp; 1.35 MW diesel generators (9.5 MW total) which provide electricity to the site; ore dock and ship loading facilities; and a freight dock. Baffinland owns and maintains all site infrastructure.

(iii) Production Capacity and Impediments to Expansion

38. Production from the Mine is currently constrained by regulatory approvals governing the volume of iron ore that can be transported to and shipped from Milne Inlet, as well as the number of vessels permitted to enter Milne Inlet.

39. Production capacity at the Mine is measured in millions of metric tonnes per annum (or Mtpa), which is a unit of measurement used to quantify the production or processing capacity of a mine, representing the total mass of ore that a mine is designed to produce or handle over the course of one year. The Mine currently produces 4.2 Mtpa of iron ore, though Baffinland has the capacity to produce in excess of this amount and it has always been its objective to build the infrastructure to support expanded production capacity.

40. The Mine was originally approved by the federal Minister of Northern Affairs and the Nunavut Impact Review Board on December 28, 2012. At that time, Baffinland envisioned constructing an approximately 150-kilometre railway from the mine south to a deep-water port at Steensby Inlet, which would allow year-round (or near year-round) shipping (the "**Steensby Railway**"). However, for regulatory and financial reasons, Baffinland was only able to ultimately transport 4.2 Mtpa of iron ore along the Tote Road and ship that same volume from Milne Inlet port, a capacity subsequently increased to 6 Mtpa between 2018 and 2024. That increased capacity has since expired, and Baffinland's permitted volume has reverted to 4.2 Mtpa.

41. The map below displays the current transportation route from the Mine to the port at Milne Inlet along the Tote Road, and the proposed Steensby Railway.

42. In 2013, following a decline in iron ore prices and a shortage of investment capital, Baffinland pivoted from the Steensby Railway and port development project due to the estimated construction cost of approximately $5.7 billion. The regulatory approvals for the Steensby Railway, however, remained intact.

43. In 2018, Baffinland sought approval to increase its production capacity by constructing a 110-kilometre railway running north, parallel to the Tote Road, to the port at Milne Inlet, which would increase the quantity of iron ore shipped through Milne Inlet to 12 Mtpa (the "**Milne Railway**"). The original estimated cost was $910 million, substantially less than the Steensby Railway, and capital costs were intended to be funded from a combination of operating cash flows, additional equity contributions, and new debt.

44. After approximately four years of review (impacted, in part, by the COVID-19 pandemic), the Nunavut Impact Review Board recommended in May 2022 that the Milne Railway should not proceed, concluding that increased production and shipping activity in Milne Inlet could lead to negative effects on the marine environment, fish, caribou and other wildlife, and that these effects could impact Inuit harvesting, culture, land use, and food security. The federal Minister of Northern Affairs accepted this recommendation and rejected the proposal on November 16, 2022.

45. Following this rejection, Baffinland revived plans to finance and build the Steensby Railway project, which benefits from several layers of regulatory approval accumulated since 2012. Recent estimates suggest the cost of the Steensby Railway and port will be at least $4 billion. Once completed, the Steensby Railway would enable production and shipping to increase to approximately 22 Mtpa and significantly reduce operating costs. Despite significant progress made on the financing for the Steensby Railway, Baffinland does not currently have sufficient capital committed to advance the project.

46. As described below under the heading “Source of Baffinland’s Financial Difficulties”, Baffinland’s constrained transportation and shipping capacity, together with the expenditures it incurred in pursuing the Milne Railway Proposal, have contributed to the Debtors’ deteriorating financial position.

(iv) Regulatory Approval

47. The principal regulatory instrument governing the Mine is Nunavut Impact Review Board Project Certificate No. 005, as amended by Amendment 005 dated November 17, 2023 (collectively, the “**Project Certificate**”), a copy of which is attached as **Exhibit “F”** to my Affidavit. It is under the Project Certificate that Baffinland has approval to transport 4.2 Mtpa of iron ore along the Tote Road and ship that same volume from Milne Inlet port.

48. The Project Certificate establishes the scope of Baffinland's permissible mining, transportation, and shipping activities, as well as the environmental and socio-economic obligations it must satisfy. It contains nearly 190 project-specific terms and conditions addressing matters such as environmental monitoring, marine shipping controls, dust management, wildlife protection, Inuit employment, community engagement, and adaptive management.

(v) Marketing Agreements

49. Baffinland sells its iron ore to customers in Europe, including its largest customer, ArcelorMittal Sourcing S.C.A., as well as thyssenkrupp Steel Europe AG, and Salzgitter Flachstahl GmbH. The high quality of the iron ore allows purchasers to feed the product directly into blast furnaces without treatment or other beneficiation.

50. Commercial sales contracts for the sale of iron ore express measurements in terms of wet metric tonnes ("**wmt**"), which measures total weight of the iron ore, including moisture, and dry metric tonnes ("**dmt**"), which represent weight after removing water, which is crucial for pricing dry content in commodities like iron ore.

51. Baffinland markets its iron ore through an internal marketing team which operates through a wholly-owned subsidiary, Baffinland Iron Mines Europe B.V., a Netherlands company. The internal marketing team manages customer contracts and all shipping and logistics related to iron ore sales.

52. Baffinland and NIO have a marketing agreement in place with Glencore AG ("**Glencore**"), dated December 9, 2020 (the "**Glencore Marketing Agreement**"), attached to my Affidavit as **Exhibit "G"**. The Glencore Marketing Agreement had an original term of 10 years, from January 1, 2021 to December 31, 2031, which term has been extended for an additional 2 years. The agreement covers all product shipped from the Milne Port, subject to an annual cap of 18 million

wmt of iron ore (excluding iron ore sales to Arcelor) and certain other exclusions. In exchange, Glencore receives a marketing fee equal to 2% of the price ultimately paid by end customers.

53. Baffinland is also party to a marketing agreement with Hartree Partners, LP ("**Hartree**") dated November 24, 2025 (the "**Hartree Marketing Agreement**"), attached to my Affidavit as **Exhibit "H"**. As described below, Hartree is a secured lender of Baffinland, and this agreement was entered into concurrently with the Credit Agreement (defined below). The Hartree Marketing Agreement has a five-year term, but is not yet in effect.[3]

54. Although Baffinland enters into sales agreements for iron ore with buyers, buyers do not pay Baffinland directly. Instead, Baffinland's sales agreements generally are assigned to IRH, and Baffinland generally receives payment for its iron ore through an offtake arrangement with IRH, as described below.

(vi) Offtake Arrangement

55. As described above, the Mine's remote location limits shipping to approximately three to four months per year, preventing Baffinland from relying solely on its sales agreements to end customers to generate year-round cash flow. To address this constraint, Baffinland has negotiated a bespoke offtake arrangement with IRH, which is currently Baffinland's primary source of operating cash-flow.

56. The IRH offtake arrangement operates as follows. Iron ore is transported on the Tote Road from the Mine to Milne Port and deposited onto a stockpile, at which point title transfers to IRH. IRH purchases the iron ore from Baffinland, as principal, for on-sale to end customers, and makes

---

[3] It will commence on the earliest of: (a) January 1, 2029; (b) termination of the Glencore Marketing Agreement; and (c) the date on which 2 Mtpa of iron ore produced from the Mine is not subject to the Glencore Marketing Agreement.

a provisional payment equal to 85% of the market price based on established pricing indices. Payment occurs every fourteen days. Baffinland assigns sales contracts with end-customers, representing the majority of its throughput tonnage, to IRH pursuant to limited delegation and assignment agreements. Payments upon delivery of product to end customers for such assigned contracts are made by the end customers to IRH. For all other sales contracts, Baffinland re-purchases the product from IRH prior to delivery and sale to end customers.

57. IRH is entitled to a stocking charge, which is based upon the "Secured Overnight Financing Rate", together with a premium reflecting the cost of funds, on the sales amounts for product at various stockpiles, from the time of purchase to the time of receipt of payments from end customers or Baffinland (in respect of re-purchased product).

58. The offtake arrangement also contains several guardrails to manage pricing risk. Because of the potentially significant duration between when IRH purchases iron ore and when it is on-sold, IRH and Baffinland mark-to-market the provisional payments in respect of stockpiled iron ore twice per month. Under the mark-to-market mechanism, if the price of iron ore increases, IRH makes a top-up payment to Baffinland; if the price decreases, Baffinland makes a payment to IRH. The parties have entered into a payment and netting agreement to net the mark-to-market payments against those for fresh haulage. IRH is not required to pay provisional invoices if its exposure (i.e., iron ore that it has purchased but for which it has not received payment) would exceed $350 million. A mechanism for hedging the iron ore deliveries also exists within the arrangement whereby BIM and IRH can fix the floating component of the iron ore price on an *ad hoc* basis for part or all of the total quantity.

59. Baffinland administers all transport of the iron ore in bulk carriers (excluding free on board sales) from Milne Inlet port to destination ports predominantly located in Europe through long term

and annual contract of affreightment arrangements consistent with Arctic ice and Canadian and International marine shipping requirements.

60. The offtake arrangements are entered into annually and the current term expires on October 31, 2026. At the end of each term, IRH can require Baffinland to repurchase any remaining ore on the stockpile.

61. The offtake arrangements are reflected in a series of agreements (collectively, the "**Offtake Agreements**"). Each agreement is described below:

(a) Committed offtake sales contract effective November 1, 2025 (and amended on February 17, 2026) between Baffinland and IRH – the main sales contract pursuant to which IRH purchases ore from Baffinland;

(b) Shipping services agreement effective November 1, 2025 between Baffinland and IRH – the contract pursuant to which Baffinland arranges for shipping of iron ore owned by IRH to buyers;

(c) Payment and netting agreement effective November 1, 2025 between Baffinland and IRH (and amended on February 17, 2026) – the agreement pursuant to which payments between Baffinland and IRH are netted;

(d) Repurchase agreement in respect of iron ore effective November 1, 2025 between Baffinland and IRH – the agreement pursuant to which Baffinland will repurchase iron ore at the end of the term that is not subject to a purchase agreement between IRH and a buyer;

(e) Fixed Price Addendum effective November 1, 2025 (and amended on February 17, 2026) between Baffinland and IRH – the agreement pursuant to which

Baffinland is able to hedge the floating price component of its iron ore deliveries to IRH; and

(f) Various Assignment Agreements between Baffinland and IRH relating to the assignment, from Baffinland to IRH, of delivery obligations and rights to receive payments.

(vii) Fuel Supply and Fuel Agreements

62. Baffinland purchases its entire annual fuel supply during the July-to-October shipping season, which is the only period when sea ice retreats sufficiently to permit vessel passage to the mine site. Sealift is the sole practical means of transporting bulk commodities such as fuel to Nunavut. All arctic diesel required to power the Mine's heavy equipment, generators, heating systems, and vehicles for the full year must be delivered during this window and stockpiled on-site. If Baffinland does not receive its full annual fuel allotment during the shipping season, there is no viable fallback. Air freight is the only alternative and is economically prohibitive for bulk fuel volumes. A fuel shortfall does not merely raise costs — it can force a partial or complete shutdown of mining operations, with cascading consequences for production, revenue, and employment.

63. On November 24, 2025, BIM LP entered into a Right to Supply Fuel and Advisory Services Agreement (the "**Fuel Supply Agreement**") with Hartree and Kildair Services ULC ("**Kildair**"), an entity indirectly controlled by Hartree Partners GP, LLC, in connection with the refinancing of the Credit Facility described below. A copy of the Fuel Supply Agreement is attached as **Exhibit "I"** to my Affidavit.

64. Under the Fuel Supply Agreement, Kildair has both a right of first refusal and a right of last offer to supply all fuel required by Baffinland for its operations at the Mine at prevailing market prices. The term runs for the longer of (a) five years from February 15, 2026, or (b) until Baffinland

has offered to purchase an aggregate of 300 million litres of fuel from Kildair. Prior to entering into the Fuel Supply Agreement, Baffinland acquired its fuel through a fuel logistics company called World Fuel Services.

65. Hartree is entitled to an advisory fee equal to 2% of the fully loaded cost of all fuel purchased for the Mine (excluding taxes and financing costs), plus 50% of any cost savings relative to the 2025 fuel price index, subject to certain adjustments. The fee is subject to guaranteed minimums of $1.75 million per year and $15 million in aggregate over the term of the Fuel Supply Agreement.

66. Baffinland's fuel supply challenge is amplified by the ongoing crisis in the Middle East, which has disrupted oil supply and increased prices for the fuel that Baffinland requires. Baffinland does not have sufficient funds to finance its fuel needs, particularly given that prevailing market prices have surged 50–70% or more since January 2026.

(viii) Access and Mining Rights

67. Baffinland's operations are located on both Crown land and Inuit-owned land, requiring approvals from both the Government of Canada and relevant Inuit organizations. Baffinland's Crown land and Inuit land rights are summarized below.

68. Access to Inuit-owned land is coordinated through the Qikiqtani Inuit Association, located in Iqaluit. On September 6, 2013, the Qikiqtani Inuit Association (as landlord) and BIM Corp. (as tenant) entered into Commercial Lease for Inuit Owned Lands No. Q13C301, which has a 30-year term expiring on December 31, 2043, with options to extend for additional 30-year periods subject to meeting specified conditions. The leased area encompasses the vast majority of the current Mine operations, including the mine site, Milne Port, and most of the Tote Road.

69. Baffinland and 123 Canada Inc.'s mining rights cover approximately 352,937 hectares, comprising (collectively, the "**Mining Rights**"):

(a) *Mining Leases:* Mining leases provide the right to extract and produce minerals commercially. Baffinland holds 44 mining leases and 123 Canada Inc. holds 23 mining leases, covering approximately 57,788 hectares in total. These leases were granted by the Government of Canada under the *Nunavut Mining Regulations*. Each lease has a 21-year term.

(b) *Mineral Claims:* Mineral claims provide the right to explore for minerals in a defined area. Baffinland holds 156 mineral claims and 123 Canada Inc. holds 42 mineral claims covering approximately 262,012 hectares in total. These claims are recorded under the *Nunavut Mining Regulations* and have 30-year terms.

(c) *Exploration Agreements:* Pursuant to three mineral exploration agreements with Nunavut Tunngavik Inc., Baffinland has a contractual right to progressively acquire a 100% interest in three designated exploration areas totalling 33,137 hectares by meeting certain expenditure and payment requirements. These agreements have 20-year terms.

70. Baffinland is also party to Land Lease 47H/16-1-2, dated July 1, 2014 with the Crown as landlord, as amended by lease amendment 47H/16-1-5. The lease expires on June 30, 2035 and grants Baffinland access to the foreshore lands at Milne Port for the construction, operation, maintenance, and reclamation of the ore dock. The ore dock is used to load iron ore onto large freighters for shipping.

(ix) Benefits Agreement

71. The Qikiqtani Inuit Association are responsible for negotiating and entering into impact and benefit agreements with major project proponents on behalf of Nunavut Inuit in the Qikiqtani region. BIM Corp. and the Qikiqtani Inuit Association signed an Inuit impact and benefits agreement (the "**Benefits Agreement**") on September 6, 2013 (subsequently amended, with the current version dated October 22, 2018). The underlying principle of the Benefits Agreement is mutual benefit, collaboration, and consultation for both Inuit and Baffinland from the Mine.

72. The Benefits Agreement addresses both the impacts on Inuit and the benefits and opportunities flowing from the Mine. Its key provisions cover financial participation, including quarterly royalties of at least C$1.25 million, as well as Inuit priority employment, education and training, contracting opportunities for Inuit firms, joint governance through an Executive Committee and Management Committee,[4] and additional matters such as wildlife compensation, shipping, cultural awareness, and dispute resolution. The Debtors intend to continue paying amounts owing under the Benefits Agreement during the course of the CCAA proceeding, if the Initial Order is granted.

(x) Royalty Agreements

73. Baffinland is party to two royalty agreements with shareholders of NIO (or their affiliates), pursuant to which Baffinland granted interests in the Mine in exchange for funding contributions (collectively, the "**Royalty Agreements**"). Copies of the Royalty Agreements are attached to my Affidavit as **Exhibit "J"** and **Exhibit "K"**. The Royalty Agreements have been registered on title to the Mining Rights held by Baffinland.

---

[4] These committees do not make operational decisions for Baffinland but are instead focused on overseeing and implementing the Benefits Agreement.

74. The first Royalty Agreement was entered into on March 25, 2024 with 15877580 Canada Inc. (an affiliate of EMG), ArcelorMittal Canada Inc., 15877563 Canada Inc., and 15877482 Canada Inc., pursuant to which Baffinland received aggregate funding of $100 million. The second was entered into on December 23, 2024 with 16572367 Canada Inc. (an affiliate of EMG), 15877563 Canada Inc., and 15877482 Canada Inc. pursuant to which Baffinland received aggregate funding of $200 million. Under both Royalty Agreements, Baffinland is obligated to pay a royalty of $0.50 per dmt of iron ore shipped from Milne Inlet, payable quarterly. If the Steensby Railway is completed, the royalty will also apply at the same rate to product shipped from Steensby port and include a royalty in the amount of (a) 3.125% of freight on board revenue under the first Royalty Agreement and (b) 1.875% of freight on board revenue under the second Royalty Agreement upon the substantial completion of the Steensby port. As noted above, production is projected to increase to 22 million tonnes per annum upon completion of the Steensby Railway. In addition, both Royalty Agreements include repurchase rights that allow Baffinland to repurchase a portion of the royalties provided certain milestones are met, which milestones differ between the Royalty Agreements but include milestones regarding completion of the Steensby Railway and certain shipping thresholds being met for consecutive days.

75. Under the terms of its Credit Facility (defined and described below), Baffinland is prohibited from making payments under the Royalty Agreements. The amount of C$3.1 million has accrued under the Royalty Agreements to date.

(xi) Employees

76. Baffinland employs approximately 1,200 people, including approximately 300 Inuit employees, making it the largest private sector employer in Nunavut. Of these employees, approximately 370 are salaried and 830 are hourly unionized employees represented by the International Union of Operating Engineers, Local 793. Approximately 1,088 employees are

based at the Mine and 112 are based at Baffinland's head office in Oakville, Ontario. The legal entity that employs these employees is BIM LP.

77. Baffinland's workforce is comprised of skilled workers from southern Canada and workers from nearby localities in Nunavut. The company's Nunavut mining operations are conducted on a fly-in/fly-out basis, which is standard for northern Canadian mining operations. Employees at the Mine work 12-hour shifts on a 21-day-on/21-day-off rotation. The workforce typically peaks during the summer shipping season, from approximately mid-July to mid-October, when port and reclaim operations are fully staffed, and decreases by approximately 50 to 60 personnel during the remainder of the year. Staffing levels at the Oakville office generally remain constant year-round.

78. Certain of Baffinland's employees participate in a long-term incentive program (the "**LTIP**"), which is designed to attract and retain senior management personnel and to motivate their continued efforts by providing long-term incentive compensation. Under the LTIP, Baffinland's compensation committee grants participants "Restricted Retention Awards," which are cash awards (not equity) calculated as a percentage of the participant's salary and denominated at a fixed dollar amount.

79. Each award vests in three instalments: one-third on the first anniversary of the grant date, one-third on the second anniversary, and the final third on the first day of December following the second anniversary. The compensation committee retains discretion to accelerate vesting. Payment is made in cash within 30 days of each vesting date, provided that the employee remains actively employed on the applicable payment date. The amounts payable under the LTIP forms part of the compensation payable to the employees who participate in the plan. Accordingly, the Debtors intend to continue making payments under the LTIP during the course of the CCAA proceedings, if the Initial Order is granted.

80. Baffinland's employees also participate in a short-term incentive plan (the "**STIP**"), intended to reward employees for their performance and contributions each year. An employee's potential payment is based on an assigned STIP target, expressed as a percentage of base salary, and the final amount is determined by performance across three weighted components: (a) Baffinland's performance, (b) individual performance, and (c) leadership competencies. Payments are made as a lump sum bonus and are calculated on base salary only although some payments may also be pro-rated for employees who do not work the full plan period or who change roles during the year. Employees must be actively employed at the time of payment, and employees who are no longer actively employed or who receive a rating of 1 in either individual performance or leadership competencies are not eligible to receive a STIP payment. The amounts payable under the STIP forms part of the compensation payable to the employees who participate in the plan. Accordingly, the Debtors intend to continue making payments under the STIP during the course of the CCAA proceedings, if the Initial Order is granted.

(xii) Cash Management System

81. The Debtors use a cash management system (the "**Cash Management System**") to collect, transfer and disburse funds generated by their operations.

82. The Debtors maintain bank accounts with Toronto-Dominion Bank ("**TD Bank**"), the Bank of Nova Scotia ("**BNS**"), and the Canadian Imperial Bank of Commerce ("**CIBC**").

83. An overview of the Debtors' principal banking relationships is as follows:

(a) TD Bank accounts, which serve as the primary operating accounts for BIM LP and BIM Corp. BIM LP maintains six TD Bank accounts and BIM Corp. maintains three TD Bank accounts at 55 King Street West, Toronto, Ontario. These accounts are used to collect revenue from iron ore sales, fund operational expenditures related

to the Mine, and manage intercompany transfers. NIO also maintains two bank accounts at TD Bank. NIO's bank accounts are predominantly to manage NIO's working capital needs and other costs incurred by NIO in carrying out its duties as they relate to Baffinland.

(b) BNS accounts, which hold cash collateral securing certain letters of credit. BIM LP maintains one account and BIM Corp. maintains one account with BNS at 4715 Tahoe Blvd., 3rd Floor, Mississauga, Ontario; and

(c) A CIBC account, maintained by BIM Corp. at Commerce Court, 199 Bay Street, Toronto, Ontario, which holds cash collateral securing certain letters of credit. The letters of credit are described below under "Letters of Credit".

84. 123 Canada Inc. does not maintain its own separate bank account. Any payments specific to 123 Canada Inc. are funded by BIM LP, and a corresponding intercompany payable and receivable is recorded.

C. THE FINANCIAL POSITION OF THE DEBTORS

(i) Financial Statements

85. The Debtors' most recent audited consolidated financial statements, for the year ended December 31, 2025, are attached as **Exhibit "L"** to this Affidavit. NIO, on a consolidated basis, reported a net loss of $545.1 million for that period. This figure, however, includes a $423 million goodwill impairment loss relating to the value of the Mine. Since NIO's consolidated financial statements include a significant non-cash impairment charge, Baffinland's and 123 Canada Inc.'s consolidated financial statements more accurately represent the Debtors' operating financial position and are therefore used for the purposes of this Affidavit. These financial statements are summarized below.

(a) Assets

86. As at December 31, 2025, Baffinland and 123 Canada Inc.'s total assets, on a consolidated basis, were $2,685.9 million and consisted of the following:

	December 31, 2025 ($ in millions)

(b) Liabilities

87. As at December 31, 2025, Baffinland and 123 Canada Inc.'s total liabilities, on a consolidated basis, were $1,460.6 million, and consisted of the following:

	December 31, 2025 ($ in millions)
Current Liabilities	
Accounts payable and accrued liabilities	$229.9

Total Liabilities	**$1,460.6**

88. For the year ended December 31, 2025, Baffinland and 123 Canada Inc. reported a net loss of $102.4 million, with current liabilities exceeding current assets by $761 million, primarily as a result of long-term secured debt coming due and being reclassified as a current liability.

D. INDEBTEDNESS OF THE DEBTORS

(i) Secured Obligations

89. Baffinland's secured debt totals approximately $777 million in the aggregate principal amount. This debt is primarily owing to (a) holders of senior secured notes due 2026, (b) Opps XII BLIM Holdings, L.P., an entity affiliated with Oaktree Capital Management LP ("**Oaktree**"), and Hartree under a loan and letter of credit facility, and (c) Export Development Canada ("**EDC**") under a term loan facility, each as described further below.

90. Copies of summaries of personal property security searches in Ontario and Nunavut in respect of each of the Debtors dated April 5, 2026 and April 3, 2026, respectively, are attached to my Affidavit as **Exhibits "M"** to **Exhibit "Q"** (collectively, the "**PPSA Search Summaries**"). There are no security registrations for NIO in Nunavut, and for 123 Canada Inc. in either Ontario or Nunavut.

91. The secured debt and its respective priority rankings on a distribution, pursuant to the Intercreditor Agreement (defined below) are summarized in the below chart and detailed further below:

	Secured Debt	Total Principal Amount
First	Oaktree and Hartree under the Credit Facility	$126.5 million
Second (pari passu with the Holders of the Senior Secured Notes due 2026)	EDC	$75 million
Second (pari passu with EDC)	Holders of Senior Secured Notes due 2026	$575 million

(a) 8.75% Senior Secured Notes Due 2026

92. On June 27, 2018, Baffinland issued $575 million aggregate principal amount of 8.75% senior secured notes due 2026 (the "**2026 Notes**"). Wilmington Trust, National Association is the trustee and collateral agent. $25 million in interest on the 2026 Notes is payable on January 15 and July 15 of each year. The 2026 Notes mature July 15, 2026. Attached as **Exhibit "R"** to my Affidavit is the indenture in respect of the 2026 Notes. Pursuant to the Intercreditor Agreement (defined below), the 2026 Notes rank on a *pari passu* basis with the EDC Term Facility (defined below).

93. The 2026 Notes are senior secured obligations of Baffinland and, subject to certain limited exceptions, are secured by a charge over all the assets of Baffinland pursuant to a General Security and Pledge Agreement dated June 27, 2018. In addition, NIO has provided a limited recourse guarantee of Baffinland's obligations under the 2026 Notes, secured by a pledge of its interest in the shares of BIM Corp. and limited partnership units in BIM LP. The security documents provided by Baffinland and NIO in connection with the 2026 Notes are attached as **Exhibit "S"** to my Affidavit.

94. Baffinland is in default under the 2026 Notes as a result of a cross-default that has occurred under the Credit Facility, which is described below.

(b) Credit Facility

95. On May 26, 2017, Baffinland entered into a revolving credit facility with a syndicate of institutional bank lenders (the "**Credit Facility**"). The Credit Facility initially established a $45 million facility to support working capital management, including the issuance of letters of credit.

96. The credit agreement in respect of the Credit Facility was subsequently amended six times. Pursuant to the most recent amendment, dated November 24, 2025, the Credit Facility was assigned to Oaktree and Hartree and the following material changes were made: (a) all outstanding revolving borrowings, totalling $126.5 million, were converted into a term loan and the revolving commitments were permanently terminated; (b) outstanding letters of credit with an aggregate face amount of C$40.1 million were extended to October 21, 2026; (c) additional letters of credit with an aggregate face amount of C$35.1 million were issued; and (d) the interest rate was increased from adjusted term SOFR plus 5.50% to adjusted term SOFR plus 16.75% for SOFR Loans (with 7% to be deferred), and the default interest rate was increased from 2% to 5%. In connection with the amendment to the Credit Facility, Baffinland also entered into a fuel supply and advisory services agreement, and a marketing services agreement, with Hartree, both as described above. The Credit Agreement, as amended, is attached to my Affidavit as **Exhibit "T"**.

97. The Credit Facility bears interest at an indexed rate plus 15.75% or 16.75%, depending on the loan. As at March 31, 2026, the effective interest rate was 20.52%, comprising 13.52% payable in cash and 7% deferred.

98. There are no further borrowings available under the Credit Facility. Baffinland pays approximately $2.5 million per month in interest under the Credit Facility comprised of approximately $1.3 million to $1.7 million payable in cash with approximately $0.7 million to $0.9 million deferred.

99. The obligations under the Credit Facility are secured by, among other things:

(a) a General Security and Pledge Agreement dated May 26, 2017 between Baffinland, as borrowers, and the collateral agent, pursuant to which the borrowers granted a security interest, subject to limited exceptions, in all of their present and after-acquired personal property;

(b) a Debenture dated May 26, 2017 granted by Baffinland in favour of the collateral agent, which grants (i) a first fixed and specific mortgage and charge on Baffinland's mineral rights, and (ii) a first floating mortgage, charge and security interest in all of Baffinland's other mineral properties and collateral;

(c) a Leasehold Mortgage Agreement dated May 26, 2017 granted by Baffinland in respect of its leasehold interests in Nunavut; and

(d) various other security documents, including issuer control agreements and a confirmation of security interest in trademark applications.

100. In addition, NIO has provided a limited recourse guarantee of those obligations, secured by a pledge of its interest in the shares of BIM Corp. and limited partnership units in BIM LP. The security documents provided by Baffinland and NIO in connection with the Credit Agreement are attached as **Exhibit "U"** to my Affidavit and grant Oaktree and Hartree a first-ranking security interest in the assets of Baffinland.

101. The Credit Facility had an original maturity date of May 31, 2027. However, as a result of Baffinland's failure to pay down the 2026 Notes by March 31, 2026, the maturity date was automatically accelerated to June 30, 2026.

102. Baffinland is currently in default under the Credit Facility as a result of its failure to receive an equity contribution or asset sale proceeds of at least $75 million on or before February 28, 2026. On March 16, 2026, Baffinland, Oaktree, Hartree, and Alter Domus (US) LLC, in its capacity as administrative agent under the Credit Facility, entered into a limited waiver of this default and waived the acceleration of the maturity date. That waiver was subsequently extended by "Limited Waiver No. 2" through May 31, 2026, subject to certain conditions, a copy of which is attached to my Affidavit as **Exhibit "V**".

103. The waiver required Baffinland to launch a recapitalization offer to recapitalize the 2026 Notes by April 30, 2026. The recapitalization transaction was not completed by this deadline. As a result, the Limited Waiver No. 2 expired, the previously waived defaults under the Credit Facility are no longer waived, and Baffinland is in breach of the Credit Facility.

(c) EDC Term Facility

104. On October 7, 2022, Baffinland entered into a credit agreement with EDC for a $75 million term credit facility to fund working capital and general corporate purposes (the "**EDC Term Facility**"). The EDC Term Facility is fully drawn and bears interest at a rate equal to SOFR plus 6.0% payable at the end of each quarter. Baffinland pays approximately $0.7 million per month in interest under the EDC Term Facility. The EDC Term Facility ranks *pari passu* with the 2026 Notes but junior to the Credit Facility.

105. The EDC Term Facility was initially secured only against certain fuel owned by Baffinland. On November 24, 2025, Baffinland entered into a fourth amendment to the EDC Term Facility, which made two principal changes. First, the maturity date was aligned with that of the Credit Agreement. Second, the collateral securing the EDC Term Facility was expanded to include all of Baffinland's assets, together with a limited recourse guarantee by NIO secured by a pledge of NIO's interest in the shares of BIM Corp. and limited partnership units in BIM LP. The EDC Term

Facility and the fourth amendment are attached to my Affidavit as **Exhibit "W".** The security granted to EDC is attached to my Affidavit as **Exhibit "X"**.

106. The EDC Term Facility originally had a maturity date of May 31, 2027. However, similar to the Credit Facility, the maturity date was automatically accelerated to June 30, 2026 as a result of Baffinland's failure to pay down the 2026 Notes by March 31, 2026. The accelerated maturity date has not been waived by EDC.

107. On March 31, 2026, EDC sent a notice of default to Baffinland advising that certain events of default had occurred and were continuing under the EDC Term Facility. The events of default related to (a) certain financial obligations arising from federal greenhouse gas pollution pricing; and (b) the granting of additional rights to Oaktree and Hartree under the first waiver to the Credit Agreement. Baffinland's position was that the alleged breaches did not in fact constitute breaches of the EDC Term Facility.

108. The default under the Credit Facility also constitutes an event of default under the EDC Term Facility.

(d) Intercreditor Agreement

109. Wilmington Trust, National Association acts as collateral agent for the holders of the 2026 Notes, for Oaktree, and for Hartree under the Credit Facility and EDC, respectively. In each of those capacities, Wilmington Trust is a party to an intercreditor agreement dated June 27, 2018 (the "**Intercreditor Agreement**"). A copy of the Intercreditor Agreement, together with a joinder agreement dated November 24, 2025, is attached to my Affidavit as **Exhibit "Y".**

110. The Intercreditor Agreement establishes, among other things, a multi-tiered waterfall for the distribution of proceeds. The waterfall applies upon enforcement of remedies following an event of default under the 2026 Notes, the Credit Facility or the EDC Term Facility and in any

distribution made in respect of any insolvency or liquidation proceedings. Specifically, it requires that any payment of amounts outstanding under the Credit Facility shall be made prior to the payment of the amounts outstanding under the 2026 Notes and EDC Term Facility, which rank *pari passu*.

(ii) Letters of Credit

111. Baffinland has approximately C$150 million in aggregate obligations outstanding under 19 letters of credit (collectively, the "**Letters of Credit**") issued by three banks: CIBC, Bank of Montreal ("**BMO**") and BNS. The beneficiaries of the Letters of Credit are the Qikiqtani Inuit Association, the Minister of Northern Affairs and Northern Development Canada, and the Department of Fisheries and Oceans. The majority of the Letters of Credit serve as financial assurance required under Baffinland's commercial lease with the Qikiqtani Inuit Association and its water licence, and are intended to fund environmental reclamation costs associated with the rehabilitation of disturbed land in the event that Baffinland abandons the Mine property or the Milne Inlet port.

112. Security for the Letters of Credit is provided as follows:

(a) One Letter of Credit is currently secured, in part, by a guarantee by Arcelor;

(b) Approximately C$75 million of the Letters of Credit are issued by BMO and are secured under the Credit Facility made available by Oaktree and Hartree. If those Letters of Credit are drawn upon, the amounts outstanding under the Credit Facility will increase accordingly;

(c) Certain of the Letters of Credit are cash-collateralised, in whole or in part, with cash collateral held in Baffinland's accounts at BNS and CIBC; and

(d) Certain Letters of Credit are secured by a surety bond from Liberty Mutual – although Liberty Mutual has only bonded 70% of the amounts owing because 30% are cash collateralized with the cash held in the CIBC bank accounts.

(iii) Other Secured Obligations

113. The PPSA Search Summaries show that in addition to the secured parties identified above, the following parties have security registrations against the Debtors::

Party	Details
Caterpillar Financial Services Limited and Caterpillar Financial Services Leasing ULC	Registrations made in connection with a master lease between Baffinland and Caterpillar dated September 13, 2019, pursuant to which Baffinland leases mining equipment from time to time. These equipment leases were paid off in April 2026.
Macquarie Equipment Finance Ltd	Registrations made in connection with a master lease between Baffinland and Macquarie dated September 5, 2024, pursuant to which Baffinland leases mining equipment from time to time.
IRH Global Trading Ltd.	Registrations made in connection with the offtake agreement between Baffinland and IRH dated January 30, 2025.
Glencore AG	Registration made in connection with the Purchase and Sale Agreement between Glencore and Baffinland dated June 5, 2020 (described below) regarding “unscreened lump” being mined and sold to Glencore, but left in the possession of Baffinland.
Wajax Limited	Registrations made in connection with certain motor vehicles collateral located in Ontario.
Bank of Nova Scotia; Canadian Imperial Bank of Commerce	Registrations made in connection with cash collateral held in accounts at these institutions.
De Lage Landen Financial Services Canada Inc.	Registration made in connection with certain office equipment for Oakville office.
AMMC Baffinland Holdco Inc.	This is a legacy registration. There are no debts outstanding to this party.

(iv) Unsecured Obligations

(a) Glencore Obligations

(i) Glencore Unscreened Lump Agreements

114. On June 5, 2020, Baffinland and Glencore entered into a purchase and sale agreement and a processing and transport agreement, copies of which are attached as **Exhibit "Z"** and **Exhibit "AA"**. Pursuant to these agreements, Baffinland sold 5 million wmt of unprocessed ore from the Mine, known as "unscreened lump" ("**USL**"), to Glencore for provisional payments totalling approximately $110 million. In return, Baffinland agreed to transport the USL from the mine to the Milne Inlet port, process it, and load the finished product onto ships between June 5, 2023 and June 5, 2025. Glencore is obligated to resell the processed USL and remit the sale proceeds to Baffinland, less certain agreed amounts. Depending on prevailing iron ore prices at the time of sale, Baffinland may be entitled to a significant true-up payment well above the $110 million already received.

115. Title to the USL has transferred to Glencore. The USL has been mined and stockpiled at the Mine site, but it has not been processed or transported to Milne Inlet port. Baffinland has been unable to perform its obligations due to its liquidity and permitting constraints, and Glencore has put Baffinland on notice of this non-performance.

(ii) Glencore Pre-Sale Agreement

116. On December 9, 2020, NIO and Glencore entered into a commercial pre-sales purchase and sale agreement for iron ore, under which NIO agreed to sell Glencore 6 million wmt of iron ore at a rate of 1 million wmt per year, commencing July 2023, through back-to-back intercompany sales agreements with Baffinland. The purchase price was tied to the price at which Glencore would resell the iron ore.

117. The parties also agreed to a prepayment facility under which Glencore agreed to prepay for future deliveries. NIO has received a prepayment of $50 million, which amount continues to accrue interest. A portion of the prepayment facility providing for prepayments of an additional $250 million was cancelled as a result of the rejection of the permit for Milne Railway. To date, NIO has not entered into any back-to-back sales agreements with Baffinland, nor has it delivered any iron ore to Glencore.

(b) 2029 Notes

118. On September 11, 2020, NIO entered into a note purchase agreement pursuant to which NIO sold senior notes in an aggregate principal amount of $164.5 million, due 2029. On September 16, 2020, NIO entered into a second note purchase agreement pursuant to which NIO sold additional senior notes in an aggregate principal amount of $249.0 million, due 2029. The senior notes issued under both agreements are referred to collectively as the "**2029 Notes**." As of December 31, 2025, NIO had issued a total of $230.9 million in 2029 Notes, net of $4.9 million in issuance costs.

119. The 2029 Notes bear interest at 12% per annum, payable semi-annually on June 15 and December 15. Under the terms of the 2029 Notes, NIO may defer all or part of the accrued interest for any interest period. Interest accrued from June 2023 to June 2025 on the 2029 Notes remained unpaid and was deferred as of December 2025. Total deferred interest as of December 31, 2025 was $81.7 million.

(c) Promissory Notes and other liability

120. On October 14, 2022, NIO executed two subordinated promissory notes in favour of Arcelor in the amounts of $19.7 million and $8.2 million. While EMG Operator is the current operator under the Operating Agreement described under the "Corporate Governance" heading

in paragraph 28 above, Arcelor was a sole operator under that agreement until August 2016 and a joint operator under that agreement until June 30, 2018.

121. These promissory notes were established in respect of the aggregate amount of operator fees that were waived for the periods during which Arcelor acted as sole operator or joint operator of the Mine.

122. These promissory notes and other liabilities are non-interest-bearing and payable on demand, subject to the terms of the promissory notes and a letter agreement among NIO's shareholders. Certain conditions must be satisfied before any payment can be demanded.

(d) Toromont Industries Ltd. and Toromont Arctic Limited

123. Baffinland is party to a master services and parts agreement with Toromont Arctic Limited ("**Toromont**") pursuant to which Toromont maintains parts inventory and personnel on site at the Mine to service Baffinland's caterpillar equipment.

124. In March 2026, Toromont Industries Ltd. (acting on behalf of Toromont) filed a claim of lien under the Nunavut *Miners Lien Act* against BIM Corp. in the amount of approximately C$17.1 million for payments owing for the supply of parts, labour, and capital tools to maintain certain equipment at the Mine between July 31, 2025 and March 4, 2026. The lien is registered against Baffinland's mining leases and associated mining claims.

(e) Obligations owing under the *Greenhouse Gas Pollution Pricing Act*

125. Environment and Climate Change Canada alleges that Baffinland owes C$38.7 million under the Federal Output-Based Pricing System, which is a Canadian regulatory program designed to incentivize emission reductions. The *Greenhouse Gas Pollution Pricing Act* establishes the overarching legal framework for carbon pricing in Canada and the *Output-Based*

Pricing System Regulations define performance standards and the compliance mechanisms. The alleged amount owing includes a charge (equivalent to a federal carbon price) for emitting more than their allocated standard under the applicable regulations.

(f) Other Unsecured Obligations

126. Baffinland's accounts payable balance is approximately $87 million as of May 4, 2026. This amount includes approximately $30 million payable in connection with fuel provided to it during the 2025 shipping season, as well as amounts owing to other suppliers for goods delivered during 2025.

E. BAFFINLAND'S FINANCIAL DIFFICULTIES

(i) Source of Baffinland's Financial Difficulties

127. Baffinland's financial difficulties are the product of several converging factors: (a) significant capital expenditures and commitments in connection with the construction of the Milne Railway and the unexpected regulatory disapproval of the Milne Railway, (b) high debt-servicing costs from substantial outstanding indebtedness, (c) constrained transportation and shipping limits, and (d) the high operating costs associated with a trucking operation and mining in a very remote location.

128. A central cause of the Debtors' financial distress is the over $1.06 billion spent between 2017 and 2022 on capital expenditures for the Milne Railway. Regulatory approval for the Milne Railway was expected in 2019, with construction to be completed by 2021. In reliance on that anticipated timeline, the Debtors entered into significant contracts and incurred substantial expenditures well in advance of receiving regulatory approval, including contracted construction costs, mobilisation expenses, the purchase of a ship loader to accommodate projected increases in production capacity, the acquisition of cold-climate-retrofitted locomotives, and binding

agreements for railway construction. When the Milne Railway was ultimately rejected by the regulatory authorities, the Debtors were left carrying significant debt attributable to a project that could not proceed.

129. Baffinland's debt-servicing obligations compound these difficulties. Baffinland currently pays approximately the aggregate amount of $2.5 million a month in interest under the Credit Facility and EDC Term Facility. Additionally, Baffinland pays $25 million bi-annually to the holders of the 2026 Notes. As noted above, Baffinland is in default under the Credit Facility, EDC Term Facility and 2026 Notes.

130. Baffinland's transportation and shipping capacity remains constrained. As described above, Baffinland is limited to transporting and shipping 4.2 Mtpa under its existing approvals. While Baffinland has recommitted to building the Steensby Railway, which would materially increase production capacity, it currently lacks the committed capital to meaningfully advance that project.

131. The Mine's remote location results in significant operating costs. As noted, all supplies, fuel, and equipment must be shipped by sea during a narrow summer window, and the workforce must be flown in on a rotational basis from across Canada. As noted above, volatile fuel prices have exacerbated the Debtors' financial difficulties and have made it difficult to secure the fuel needed for the mine's operations.

132. The current operations model further requires that iron ore be trucked along the Tote Road to the port at Milne Inlet, which is inherently costly and limits throughput. At the transportation and shipping level of 4.2 Mtpa, revenue generated from the mine is insufficient to cover fixed operating costs and allow the Debtors to service their outstanding debt obligations.

(ii) Measures Undertaken to Address the Debtors' Financial Difficulties

133. In an effort to support their operations and improve liquidity, the Debtors have undertaken a number of cost-reduction and efficiency measures. These include reductions in working capital commitments, renegotiating key supplier contracts and a workforce reduction of more than 20% in 2024.

134. In parallel, the Debtors have actively pursued additional sources of capital to address their liquidity constraints and finance the Steensby Railway.

135. Most notably, Baffinland secured $300 million in funding through the Royalty Agreements, all of which was received by September 30, 2025. In March 2026, NIO issued units to its shareholders for aggregate gross proceeds of approximately $35 million. Baffinland and NIO also undertook a recapitalization transaction in respect of the 2026 Notes maturing on July 15, 2026. The recapitalization transaction was not completed by the April 30, 2026 deadline established under Limited Waiver No. 2 to the Credit Facility.

136. In addition, EDC has expressed its lack of support for the recapitalization transaction. On May 8, 2026, EDC wrote to Baffinland advising that it was not supportive of the recapitalization transaction and would not consent to amend the maturity dates of the EDC Term Facility in furtherance of such a plan. EDC further indicated that it was not supportive of asset sales or other transactions being contemplated by Baffinland and that, in its view, a comprehensive restructuring was required in a formal court-supervised setting. A copy of EDC's letter dated May 8, 2026 is attached to my Affidavit as **Exhibit "BB"**.

137. While some of these efforts have been meaningful, they have proven insufficient to offset the combined effect of high debt-servicing costs and constrained production volumes. The

Debtors' most viable path to long-term financial sustainability is the advancement of the Steensby Railway project, which would increase production capacity at the Mine to up to 22 Mtpa.

138. In 2023, Baffinland retained Cutfield Freeman & Co. Ltd. as financial advisor to develop a debt financing plan and to source project financing for the construction of the Steensby Railway. Meaningful progress has been made on this initiative, including the receipt of letters of support totalling up to $3 billion from global export credit agencies. Baffinland has not, however, been able to secure committed capital to date. The scale of capital required to construct the Steensby Railway and its related infrastructure is substantial, particularly given the Debtors' existing financial strain. In addition, the significant quantum of debt currently carried by the Debtors has made prospective investors reluctant to provide further capital, and the Debtors have been unable to refinance their existing indebtedness on acceptable terms.

(iii) Need for CCAA Protection

139. The Debtors are facing exceptional circumstances that require relief, and their precarious financial position makes it imperative that CCAA protection be granted.

140. Baffinland incurred a net loss of $102.4 million during the year ended December 31, 2025 and, as of that date, their current liabilities exceeded their current assets by $761 million.

141. As noted above, Baffinland is in default under the 2026 Notes, the Credit Agreement and the EDC Term Facility, and the maturity dates of the latter two agreements have been accelerated to June 30, 2026, shortly before the maturity date of the 2026 Notes.

142. Despite the cost-reduction measures and capital-raising efforts described above, the Debtors remain unable to generate sufficient cash flow to cover their fixed operating costs and service their outstanding debt obligations at the current capped production levels. As at May 4,

2026, the Debtors owe approximately $87 million in past-due trade payables. The Debtors do not have sufficient liquidity to repay their obligations.

143. In order to facilitate the necessary 2026 sealift shipments Baffinland requires approximately $100 million in payments to be made, with the bulk of these amounts flowing to suppliers who maintain significant outstanding balances payable by Baffinland. This amount includes fuel needs.

144. The Debtors are currently operating on a week-to-week basis from a cash-flow perspective and they face substantial near-term expenses to procure their annual fuel and supply requirements for shipment commencing in July. At present, they lack sufficient funds to do so. Baffinland must act promptly to secure both committed fuel volumes and vessel capacity at a time when global competition for fuel is intense and availability is uncertain. Any delay risks Baffinland being unable to obtain sufficient fuel, impairing its ability to operate the Mine through the coming year.

145. The Debtors' heavy debt burden has rendered prospective investors unwilling to commit further capital. Absent the protections of the CCAA, the Debtors face the risk that creditors may take enforcement action given the events of default noted above, which would disrupt ongoing operations and diminish the value of the Debtors' assets to the detriment of all stakeholders. This risk is not hypothetical: certain of Baffinland's suppliers and vendors (e.g. Toromont) have already filed liens against Baffinland or placed Baffinland on restricted supply terms.

146. The consequences of inaction extend well beyond the Debtors and their creditors. Baffinland is the largest private sector employer in Nunavut, employing approximately 1,200 people, including approximately 300 Inuit employees. The Mine is of significant economic importance to the Qikiqtani region and to Nunavut more broadly. A disruption to Baffinland's operations would have far-reaching consequences not only for the Debtors' creditors and

stakeholders, but also for the Inuit communities, businesses that provide services to the mine and workers who depend on the continued operation of the Mine.

147. For these reasons, creditor protection under the CCAA is required. The Initial Order is necessary to preserve the going-concern value of the Debtors' business, maintain critical supplier and customer relationships, and ensure that stakeholders' interests are protected in an orderly and transparent process supervised by this Court.

148. If the Initial Order is granted, it will provide the Debtors with the stability and breathing room necessary to continue operations on a going-concern basis, procure their annual fuel and supply requirements and allow them the breathing room to pursue a refinancing, recapitalization, restructuring plan, investment, or sale solicitation process (or any combination of the foregoing) designed to maximize value for the benefit of all stakeholders (a "**Strategic Process**").

PART II – RELIEF SOUGHT

A. THE INITIAL ORDER

149. As described in paragraph 4 above, the Applicants seek an Initial Order:

(a) declaring that the Applicants are debtor companies to which the CCAA applies

(b) declaring that BIM LP shall be bound by, and entitled to the protections and benefits of, the Initial Order as though it were an Applicant;

(c) granting a stay of proceedings against the Debtors for an initial period of not more than ten days, subject to further order of this Court;

(d) appointing FTI Consulting Canada Inc. as Monitor of the Debtors;

(e) authorizing the Debtors to continue using their existing Cash Management System;

(f) granting the Administration Charge and D&O Charge and the priorities of such charges; and

(g) setting a date for the Comeback Hearing to be held within ten days of the Initial Order.

(i) Stay of Proceedings

150. The Debtors require a stay of proceedings and the other protections afforded by the CCAA to provide them with the breathing room needed to stabilize their operations and preserve the value of their assets for the benefit of all stakeholders. As noted above, the Debtors have significant overdue trade payables and creditors have begun exercising remedies. A stay of proceedings is necessary to prevent creditors from taking enforcement action against the Debtors while they work to develop and implement a viable plan to address their financial difficulties, including a Strategic Process. It would be highly disruptive and potentially detrimental to the Debtors' restructuring efforts and ongoing mining operations if rights or remedies were executed against them.

151. The Debtors are requesting an initial stay of proceedings for a period of not more than ten days until the Comeback Hearing, at which time the Debtors anticipate requesting a further extension of the stay.

152. With the assistance of FTI, the Debtors have conducted a cash flow analysis to determine the amount required to finance their business operations and the costs of these CCAA proceedings, assuming the Initial Order is granted (the "**Cash Flow Projection**"). I understand that the Cash Flow Projection will be appended to the proposed Monitor's pre-filing report and will demonstrate that the Debtors have sufficient cash to fund their operations and the costs of these

CCAA proceedings during the requested stay period, provided the relief contemplated under the Initial Order and any amended and restated Initial Order, if granted.

(ii) The Monitor

153. Pursuant to the Initial Order, the Applicants are asking this Court to appoint FTI as Monitor. FTI has extensive experience in large and complex insolvency proceedings under the CCAA, including a number of proceedings involving mining and resource companies.

154. I am advised by FTI that it is a "trustee" within the meaning of subsection 2(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, and that it is not otherwise precluded from acting as monitor under subsection 11.7(2) of the CCAA. FTI has consented to act as monitor in these proceedings, if appointed. I am advised by Jeffrey Rosenberg of FTI that a copy of FTI's consent to act as Monitor in these proceedings will be attached to FTI's pre-filing report.

(iii) Priority Charges

155. In order to ensure the continued operation of the Debtors during the CCAA proceedings, the Debtors are seeking certain charges over the assets of the Debtors in the following priority: (a) the Administration Charge; and (b) the D&O Charge.

(a) Administration Charge

156. As the Debtors navigate these CCAA proceedings, they will need to rely on their counsel, the Monitor and the proposed Monitor's counsel. Accordingly, the Debtors are seeking that the proposed Monitor (and its counsel) and counsel to the Debtors be granted an Administration Charge on the present and future assets, property and undertakings of the Debtors as security for any respective fees and disbursements up to a maximum of $2 million for the Initial Order. The Administration Charge is proposed to rank ahead of, and have priority over, the D&O Charge.

157. The Debtors, in consultation with the proposed Monitor, determined the quantum of the Administration Charge required until the Comeback Hearing, having regard for the professionals' accrued fees and retainers. Such quantum is commensurate with the fees and disbursements expected to be incurred by the beneficiaries of the Administration Charge by the Comeback Hearing. The quantum of the Administration Charge is proposed to be increased at the Comeback Hearing.

(b) D&O Charge

158. The Debtors seek a D&O Charge on their assets in favour of their directors, members of the Operating Committee and officers in an amount not to exceed $14 million to indemnify them in respect of liabilities they may incur as directors, members of the Operating Committee and officers during these CCAA proceedings. The D&O Charge will rank behind the Administration Charge. The amount of the D&O Charge represents payroll and vacation pay obligations for Baffinland's employees for the 10-day period between the date of the Initial Order and the Comeback Hearing, which payroll obligations are always one week in arrears.

159. I am advised that the Debtors maintain director and officer insurance but the insurance may include contractual contingencies and uncertainty associated with possible coverage. There are five separate insurance policies held with (i) AIG Insurance Company of Canada (Policy No. 02-123-34-72); (ii) Continental Casualty Company (CNA Canada) (Policy No. MEX 665417673); (iii) Chubb Insurance Company of Canada (Policy No. 99929746); (iv) AXIS Reinsurance Company (Canadian Branch) (Policy No. CTS680535/01/2025); and (v) Liberty Mutual Insurance Company (Policy No. DOTOACKDT9004). Each policy has a limit of liability of $5 million.

160. The insurance policies are structured as an excess liability structure and have a common policy period running from December 1, 2025 to December 1, 2026. The AIG policy serves as the primary layer, subject to a deductible of $250,000. The remaining four policies are "excess follow

form" policies, meaning they adopt the terms, conditions, and limitations of the AIG primary policy unless specifically stated otherwise. Each excess layer sits above the preceding layers and will only respond after the underlying limits have been exhausted by payment of losses. Therefore, I do not believe that the Debtors' existing director and officer insurance provides sufficient coverage against the potential liability that the directors, members of the Operating Committee and officers could incur in relation to these CCAA proceedings.

161. The Debtors have agreed to indemnify the directors, members of the Operating Committee to the extent they are exercising powers of a director, and officers of the Debtors for all liabilities arising post-filing except due to their gross negligence or wilful misconduct. However, the Debtors do not have sufficient funds to satisfy those indemnities should the directors, members of the Operating Committee or officers be found responsible for potential liabilities. Moreover, the Debtors were unable to obtain adequate additional indemnification insurance at a reasonable cost.

162. I have been advised that certain members of the Operating Committee, along with the directors and officers of the Debtors, are likely to resign if the D&O Charge is not granted. These individuals possess critical institutional knowledge of the Debtors and their operations. In my view, their resignations would complicate these CCAA proceedings and risk destroying value for the stakeholders.

163. As such, the Debtors request that the D&O Charge be granted to protect their directors, members of the Operating Committee acting in the capacity as directors, and officers against obligations and liabilities they may incur to the degree that the Debtors cannot satisfy their indemnification obligations.

164. The quantum of the D&O Charge was determined by the Debtors, in collaboration with the proposed Monitor, and is limited to the indemnification obligations and liabilities that the Debtors'

directors, members of the Operating Committee and officers may face during the initial ten days of these CCAA proceedings and as noted above is almost entirely comprised of payroll obligations. The amount of the D&O Charge is proposed to be increased at the Comeback Hearing, including to include amounts that beneficiaries of such charge may be exposed to for termination and severance obligations.

(iv) Cash Management

165. The Debtors anticipate that, for the period between the date of the Initial Order and the date of the Comeback Hearing, they will continue to utilize the Cash Management System and their existing banking arrangements in the ordinary course of business.

166. The Cash Management System is critical to the orderly management of the Debtors' business affairs, including the continued operation of the Mine. Accordingly, the Debtors are seeking to continue to operate the Cash Management System post-filing in substantially the same manner as before the commencement of these CCAA proceedings.

B. COMEBACK HEARING

167. If the Initial Order is granted, the Debtors are requesting a Comeback Hearing to be scheduled within ten days of the granting of the Initial Order. Subject to any changes that may occur between now and the date of the Comeback Hearing, at the hearing the Debtors intend to seek an amended and restated Initial Order that would, among other things, address the matters more particularly described below.

(i) Extension of the Stay of Proceedings

168. At the Comeback Hearing, the Debtors intend to seek an extension of the stay of proceedings, to provide the Debtors with sufficient time to stabilize their operations, advance their

operational restructuring efforts and develop a Strategic Process designed to maximize value for the benefit of their stakeholders.

(ii) DIP Facility and DIP Charge

169. At the Comeback Hearing, the Debtors intend to seek approval of a debtor-in-possession facility. In anticipation of the Debtors' liquidity needs during the CCAA proceeding, FTI commenced a debtor-in-possession solicitation process, which is still underway. I understand that FTI will be providing details on the DIP solicitation process to the Court in its report on the Comeback Hearing. It is anticipated that the Debtors will enter into a DIP term sheet in advance of the Comeback Hearing and will seek its approval at such hearing.

170. The Debtors require DIP financing to, among other things, provide operating cash, fund the costs of their day-to-day operations, including critical fuel supply costs and other expenses needed for the upcoming sea lift season, and to devise and implement a Strategic Process. A DIP facility is critical to the Debtors' ability to continue operating the Mine and to pursue a value-maximizing transaction for the benefit of all of their stakeholders.

171. The Debtors anticipate that the DIP facility will be secured by a charge over all of their property and will seek this Court's approval of that charge at the Comeback Hearing concurrently with seeking approval of the DIP facility.

(iii) Key Employee Retention Plan and Key Employee Incentive Plan

172. Subject to any changes between now and the Comeback Hearing, the Debtors also intend to seek Court approval of a KERP and/or a KEIP that applies to certain employees and management of the Debtors who are crucial to the continued operation of the Mine and to the Debtors' restructuring efforts, including certain members of the Operating Committee. The parties contemplated to be included in the KERP or KEIP have critical industry and operational

knowledge of the mining operations and key contracts. Given the highly specialized nature of the Debtors' operations, the retention of key personnel is essential. In the absence of a retention plan, it is highly likely these individuals would seek alternative employment, which would significantly impair the Debtors' ability to operate and run a successful Strategic Process.

173. As part of the relief at the Comeback Hearing, the Debtors intend to seek this Court's permission to seal the identities and titles of the recipients of the KERP.

174. At the Comeback Hearing, the Debtors also intend to seek a KERP Charge against the property of the Debtors as security for amounts payable under the KERP.

(iv) Critical Suppliers and Critical Supplier Charge

175. The Debtors intend to seek a declaration that certain suppliers whose continued provision of goods and services is essential to the ongoing operation of the Mine and the safety of its personnel are "critical suppliers" who are entitled to the benefit of a critical supplier charge (the "**Critical Supplier Charge**"). The parties that will be identified as critical suppliers supply goods and services, including the provision of the Letters of Credit, that are essential for ongoing operations at the Mine.

(v) Priority Charges

176. At the Comeback Hearing, subject to any changes, the Debtors intend to seek approval of the following charges over the property of the Debtors, in the following order of priority:

(a) first, an increase in the Administration Charge;

(b) second, an increase in the D&O Charge granted in favour of the Debtors' directors and officers, and the members of the Operating Committee acting in such

capacities, to reflect potential exposure to termination and severance liabilities, as well as salary, payroll and related employment obligations.

(c) third, the DIP Charge;

(d) fourth, the KERP Charge; and

(e) fifth, the Critical Supplier Charge.

C. CONCLUSION

177. For the reasons set out above, I believe that the relief requested on this application is in the best interests of the Debtors and their stakeholders.

178. I swear this Affidavit in support of the within application for relief under the CCAA and for no other or improper purpose.

AM Operator and NIO Operator shall each receive from Baffinland fifty percent (50%) of the Joint Operators' Fee as and when payable pursuant to the terms of this Agreement.

The costs of the Accountants in deciding such dispute shall be borne equally by Amalco, Baffinland and such Joint Operator.

17. Section 7.1 of the Operating Services Agreement is hereby amended by being deleted in its entirety and replaced by the following:

For illustrative purposes, if, at the time of a payment, NIO Operator is owed $60 in the aggregate and AM Operator is owed $40 in the aggregate, and Baffinland proposes to make a $10 payment to the Joint Operators, then $6 shall be paid to the NIO Operator and AM Operator shall receive $4.

(e) Notwithstanding anything to the contrary in this Agreement (including Sections 3.3, 4.3 and 4.4), all payments due to the NIO Operator that are received in error (or in breach of Section 7.1(c) above) by the AM Operator will be forwarded by the AM Operator to the AM Operator as promptly as commercially reasonable and in any case within 5 Business Days of the AM Operator becoming aware of the payment.

18. The following sections are hereby inserted as Section 7A of the Operating Services Agreement:

7A Employees Matters

7A.1 Employment of AM Operator Employees

As soon as practicable after the execution of this Agreement and in any event within 30 Business Days, Baffinland shall offer employment to all the AM Operator Employees on the terms and conditions described below.

(a) Prior to making offers of employment to the AM Operator Employees, the Parties shall agree (such agreement not to be unreasonably withheld, conditioned or delayed) upon (i) the form of offer letter to be utilized; and (ii) a summary comparison of the compensation and benefits proposed to be offered to each AM Operator Employee and the compensation and benefits provided to each AM Operator Employee.

(b) Each offer of employment to each AM Operator Employee shall be in writing and shall be on terms and conditions of employment that are substantially similar (provided that such terms and conditions are in the aggregate no less favourable to such AM Operator Employee) to such AM Operator Employee's terms and conditions of employment with the AM Operator. Each offer of employment shall expressly recognize the length service rendered to the AM Operator (or any of its Affiliates) by such AM Operator Employee for all purposes, including for purposes of eligibility, vesting and determination of the level of benefits (including vacation, termination, retirement or severance-based entitlements) and assume each such AM Operator Employee's vacation days and paid time off that is accrued but unused immediately prior to the Employee Transfer Time. Each AM Operator Employee shall cease to participate in any employee plan of AM Operator or any of its Affiliates as of the Employee Transfer Time.

(c) Each offer of employment to the AM Operator Employees shall be effective as of the Employee Transfer Time.

(d) AM Operator shall be responsible for and shall pay all wages, salaries and benefits to which such AM Operator Employee is entitled, but remains unpaid as of the Employee Transfer Time. Notwithstanding anything to the contrary in this Agreement (including Section 6.3), all such payments

of wages, salaries and benefits by AM Operator to the AM Operator Employees from the date hereof until the Employee Transfer Time shall be a Reimbursable Cost.

(e) Baffinland shall be responsible for all Claims relating to, in connection with or arising from: (i) the employment prior to or following the Employee Transfer Time, or (ii) termination, as the case may be, of any AM Operator Employee (or any former employee of AM Operator who was involved in providing Services), including any who do not accept or commence employment with Baffinland.

(f) Baffinland shall also be responsible for and shall pay all wages, salaries and benefits or other related monies or other amounts to the AM Operator Employees who have accepted offers of employment from Baffinland accruing on and after the Employee Transfer Time**.**

(g) Amalco and Baffinland shall indemnify, defend and hold harmless, AM Operator and its Affiliates, representatives, agents, security holders, officers and directors from and against any and all direct losses, liabilities, monies, damages, claims, demands, fines, costs or expenses of any type (including known or unknown, actual or contingent) that arises out of, is in connection with or is related to any breach of this Section 7A.1 by or on behalf of Baffinland.

(h) The Parties acknowledge and agree that the provisions herein relating to the AM Operator Employees shall apply, *mutatis mutandis*, to the Previously Transferred AM Operator Employees.

19. Sections 8.2 and 8.3 of the Operating Services Agreement is hereby amended by being deleted in their entirety and replaced by the following:

8.2 Resignation of a Joint Operator

(a) Subject to Section 13.2 of the Limited Partnership Agreement, either the AM Operator or NIO Operator may resign upon ninety (90) days' prior notice to Amalco.

(b) If the AM Operator shall not have previously resigned or been removed pursuant to this Agreement, the AM Operator shall resign upon the AM Operator Resignation Date or upon suffering an Insolvency Event.

(c) If the NIO Operator shall not have previously resigned or been removed pursuant to this Agreement, the NIO Operator shall resign upon the NIO Operator Resignation Date or upon suffering an Insolvency Event.

8.3 Obligations Upon Replacement or Resignation

(a) Subject to Section 9.5, upon ceasing to be a Joint Operator, all rights and obligations of such Joint Operator hereunder shall be null and void, but without prejudice to claims in respect of rights arising hereunder or related hereto prior to such Joint Operator ceasing to be a Joint Operator. Notwithstanding the foregoing, at the request of a former Joint Operator, Baffinland shall directly pay any and all unsatisfied obligations of such Joint Operator to the extent it would have otherwise been a Reimbursable Cost.

(b) Upon ceasing to be a Joint Operator, the authority of any agent acting for and on behalf of such Joint Operator to exercise the duties and powers of such Joint Operator hereunder shall cease and the such Joint Operator shall (to the extent in its possession) deliver to the other Joint Operator or a new operator of the Mary River Project, as applicable, custody of all Assets and shall deliver to Amalco or Baffinland, as applicable, any books and records pertaining to the Assets or Operations as soon as reasonably practicable after the resignation or replacement of such Joint Operator or appointment of the new operator, as applicable (but may retain copies of any records it requires to settle any outstanding claims or debts owed to it or to satisfy any corporate governance or document retention policies);

(c) If either Joint Operator holds any license, permit or approval that is necessary for the business and operation of the Mary River Project as such business and operation were conducted immediately prior to the removal or resignation of such Joint Operator and as contemplated by the Definitive Agreements, such Joint Operator shall, without any consideration, assign all such licenses, permits and approvals to the other Joint Operator or the new operator of the Mary River Project, as applicable, on an "as-is, where-is basis"; *except* for any fees paid in connection therewith that have yet to be reimbursed to such Joint Operator hereunder. After such an assignment, such Joint Operator shall be released from all liability associated with such licenses, permits and approvals accruing after the assignment date. If the assignment of any such license, permit or approval would not entitle such Joint Operator to be released from all liability associated therewith accruing after the assignment date, such Joint Operator shall have no obligation to assign such licenses, permits or approvals but may instead surrender or cancel such licenses, permits and approvals. In such event, such Joint Operator shall provide reasonable cooperation in connection with the other Joint Operator's or the new operator of the Mary River Project's application, as applicable, to obtain any new licenses, permits and approvals, provided that such applications are made within thirty (30) days of such Joint Operator's removal or resignation. If any such license, permit or approval cannot be so assigned or licensed, then Baffinland has the right to extend the termination date hereunder by a maximum of six (6) months from the original notice of termination. In the case of such an extension, the

foregoing rights in this Section 8.3 shall be suspended and shall not be renewed until after the expiry of the extended termination date.

20. Section 9.1 of the Operating Services Agreement is hereby amended by inserting the following after the last sentence:

"Subject to Sections 8.3(a) and 9.5, the rights and obligations of the AM Operator or the NIO Operator shall automatically terminate upon replacement or resignation of the AM Operator or the NIO Operator, as applicable."

21. Section 9.2 of the Operating Services Agreement is hereby amended by being deleted in its entirety and replaced by the following:

9.2 Additional Termination Events

In addition to Section 9.1, this Agreement may be terminated in accordance with the following provisions:

(a) Amalco and Baffinland may terminate this Agreement with immediate effect by written notice to the other Party if

(i) both of the Joint Operators have resigned in accordance with Section 8.2; or

(ii) such termination is in accordance with Section 13.2 of the Limited Partnership Agreement.

(b) In the event that the arbitrator in a proceeding initiated pursuant to Section 4.7(e) of the Shareholders Agreement determines that there has been a material breach of this Agreement by the AM Operator, and the AM Operator has not Cured the breach, the AM Operator shall, promptly but in no case later than ten (10) Business Days, either (x) (A) pay the damages determined by the arbitrator without the limitations set forth in Sections 4.3 and 4.4 within such ten (10) Business Day period, and (B) as promptly as possible take all actions as on a commercially reasonable basis to protect against the same or similar future breaches of such agreement or (y) pay the damages as calculated by the arbitrator taking into account the limitations set forth in Sections 4.3 and 4.4. If the AM Operator does not pay the damages set forth in clause (x)(A) within such ten (10) Business Day period, or does not commence the taking of the actions set forth in clause (x)(B) as promptly as possible and does not continue to diligently take such actions until clause (x)(B) has been satisfied, NIO, on behalf of Baffinland, shall be entitled to terminate the Agreement effective immediately upon notification to the AM Operator.

(c) In the event that the arbitrator in a proceeding initiated pursuant to Section 4.7(e) of the Shareholders Agreement determines that there has been a material breach of this Agreement by the NIO Operator, and the NIO

Operator has not Cured the breach, the NIO Operator shall, promptly but in no case later than ten (10) Business Days, either (x) (A) pay the damages determined by the arbitrator without the limitations set forth in Sections 4.3 and 4.4 within such ten (10) Business Day period, and (B) as promptly as possible take all actions as on a commercially reasonable basis to protect against the same or similar future breaches of such agreement or (y) pay the damages as calculated by the arbitrator taking into account the limitations set forth in Sections 4.3 and 4.4. If the NIO Operator does not pay the damages set forth in clause (x)(A) within such ten (10) Business Day period, or does not commence the taking of the actions set forth in clause (x)(B) as promptly as possible and does not continue to diligently take such actions until clause (x)(B) has been satisfied, AMMC Holding LP, on behalf of Baffinland, shall be entitled to terminate the Agreement effective immediately upon notification to the NIO Operator.

(d) The Joint Operators may terminate this Agreement with immediate effect by written notice to the other Parties if:

(i) Amalco or Baffinland is in material breach of its obligations hereunder, unless within sixty (60) days after notice of such breach from either of the Joint Operators demanding that Amalco or Baffinland Cure such breach, such breach is Cured;

(ii) Amalco or Baffinland fails to pay, or contest in good faith, any amount due hereunder within sixty (60) days after the due date; or

(iii) Amalco or Baffinland suffers an Insolvency Event.

22. Section 9.3 of the Operating Services Agreement is hereby amended by inserting the following at the end of the final sentence:

", including, without limitation, the payment of the Joint Operators' Fee and the Reimbursement Costs to the Joint Operators."

23. The following section is hereby inserted as Section 9.5 of the Operating Services Agreement:

9.5 Effect of Termination

If this Agreement is terminated in accordance with Section 9.1 or Section 9.2, this Agreement shall forthwith become void and no Party hereto (or any of its Affiliates, directors, officers or agents) will have any liabilities or further obligations to any other Party to this Agreement, except for any liabilities arising out of its breach of this Agreement prior to such termination and except with respect to Sections 4.2, 7.1, 7A.1, 8.3, 9.5 and 12, which shall survive termination.

24. All references to "Guarantor", "Guarantee" and "Obligations" in Section 12 of the Operating Services Agreement shall be amended to "AM Guarantor", "AM Guarantee" and "AM Obligations", respectively.

25. The following sections are hereby inserted as Section 12A and 12B of the Operating Services Agreement:

12A. NIO Guarantee

12A.1 NIO Guarantee

The NIO Guarantor irrevocably and unconditionally guarantees to Amalco and Baffinland the prompt and complete performance by the NIO Operator of all of its agreements, covenants and obligations under this Agreement (the "**NIO Obligations**").

12A.2 Terms of NIO Guarantee

(a) *Nature of NIO Guarantee*. The guarantee set forth in this Section 12A (the "**NIO Guarantee**") is one of performance, not procurement, and a separate action or actions may be brought and prosecuted against the NIO Guarantor to enforce the NIO Guarantee, irrespective of whether any action is brought against the NIO Operator or any other Person or whether the NIO Operator or any other Person is joined in any such action or actions.

(b) *Nature of Liability*. The liability of the NIO Guarantor under the NIO Guarantee is absolute, unconditional and continuing in accordance with the terms hereof irrespective of the occurrence or non-occurrence of any event, including without limitation:

(i) *Release or Bankruptcy*: any release or discharge of any obligation of the NIO Operator contained herein resulting from any change in the existence, structure or ownership of the NIO Operator, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the NIO Operator or any of its assets;

(ii) *Amendments and Modifications*: any amendment or modification of this Agreement (other than this Section 12A) or any other Definitive Agreement, or change in the manner, place or terms of performance, or any change or extension of the time of performance of, or alteration of, the NIO Obligations, any liability incurred directly or indirectly in respect thereof, or any amendment or waiver of or any consent to any departure from the terms of this Agreement or any other Definitive Agreement; or

(iii) *Claims and Set-Offs*: the existence of any claim, set-off or other right that the NIO Guarantor may have at any time against the NIO

Operator or Amalco and Baffinland or that the NIO Operator may have against Amalco and Baffinland, in each case, whether in connection with the NIO Guarantee or otherwise.

(c) *Reliance on NIO Guarantee*. The NIO Obligations have been, and shall conclusively be deemed to have been, created, contracted or incurred in reliance upon the NIO Guarantee, and all dealings between the NIO Operator or the NIO Guarantor, on the one hand, and Amalco and Baffinland, on the other, have been and shall likewise be conclusively presumed to have been had or consummated in reliance upon the NIO Guarantee. The NIO Guarantor acknowledges that it will receive substantial direct and indirect benefits from the transactions contemplated herein and that the waivers set forth in this Section 12A are knowingly made in contemplation of such benefits and after consultation with counsel.

(d) *Bankruptcy*. Amalco and Baffinland shall be obligated to file any claim relating to the NIO Guarantee in the event that the NIO Operator becomes subject to a bankruptcy, reorganization or similar proceeding, and the failure of Amalco or Baffinland to so file shall not release or otherwise affect any of the NIO Guarantor's obligations hereunder.

12A.3 Right to Proceed Directly Against NIO Guarantor

Amalco or Baffinland may, at its option, proceed directly against the NIO Guarantor in the first instance without first seeking payment or performance by the NIO Operator pursuant to this Agreement and without resorting to any security held by it as collateral or to any other remedies, at the same or different times, as it may deem advisable. Further, the liability of the NIO Guarantor hereunder in no way shall be affected or impaired by an acceptance by Amalco and Baffinland of any security for, or other guarantors upon, any indebtedness, liability or obligation of the NIO Operator or any other guarantor to Amalco and Baffinland, or by any failure, delay, neglect or omission by Amalco and Baffinland to realize upon or protect any such indebtedness, liability or obligation or any notes or other instruments evidencing same or any collateral or security therefor. Notwithstanding any other provision of this Section 12A, the NIO Guarantor will be entitled to assert, as a defense to such payment by the NIO Guarantor under this NIO Guarantee, such defenses to payment, if any, as are available to the NIO Operator or the NIO Guarantor against Amalco under the terms of this Agreement or pursuant to any applicable laws in connection therewith (other than any such rights, remedies, set-offs and defenses arising out of, due to, or as a result of (i) the insolvency or bankruptcy of the NIO Guarantor or (ii) any actual or alleged lack of, or any deficiency in, any power or authority).

12A.4 Waiver of Acceptance and Presentment

The NIO Guarantor hereby waives notice of acceptance hereof and notice of the NIO Obligations, promptness, diligence, presentment, demand for payment, protest, notice of default, dishonour or non-performance of the NIO Obligations, notice of acceleration or intent to accelerate the NIO Obligations, all defenses which may be available by virtue of any valuation, stay, moratorium law or other law or at equity now or hereafter in effect, any right to require the marshalling of assets of the NIO Operator or any other Person, and all suretyship defenses generally, and Amalco and Baffinland are not obligated to file any suit or take any action or to provide any notice to the NIO Operator, the NIO Guarantor or others, except as expressly provided herein. Without limiting the generality of the foregoing, the NIO Guarantor agrees that its obligations under the NIO Guarantee shall not be released or discharged, in whole or in part, or otherwise affected by: (i) Amalco's or Baffinland's failure (or delay) to assert any claim or demand or to enforce any right or remedy against the NIO Operator with respect to the NIO Obligations; (ii) any extensions or renewals of the NIO Obligations; (iii) any rescissions, waivers, amendments, modifications, compromises or consolidations of any terms or provisions of this Agreement (other than this Section 12A); (iv) any lack of validity or enforceability of this Agreement against NIO Guarantor or the NIO Operator arising from the lack of capacity or similar defense available to the NIO Operator; (v) the adequacy of any means available to Amalco or Baffinland to claim payment or performance of the NIO Obligations; (vi) any change in the existence, structure or ownership of any of the NIO Operator or any other person liable with respect to any of the NIO Obligations; (vii) any insolvency, bankruptcy, reorganization or other similar proceedings affecting the NIO Operator or any other person liable with respect to any of the NIO Obligations; (viii) the existence of any claim, set-off or other rights which the NIO Guarantor may have at any time against the NIO Operator, whether in connection with the NIO Obligations or otherwise; (ix) the adequacy of any other means Amalco or Baffinland may have of obtaining repayment of any of the NIO Obligations; (x) the addition, substitution or release of any person or entities primarily or secondarily liable for the NIO Obligations; or (xi) any other act or omission that might in any means or to any extent operate as a release or exchange of the NIO Guarantor.

12A.5 Costs and Expenses of Enforcement and Indemnification

The NIO Guarantor agrees to pay any reasonable and documented costs and expenses incurred by Amalco or Baffinland in enforcing any rights or remedies under the NIO Guarantee, including without limitation all reasonable and documented fees and expenses of counsel to Amalco or Baffinland, including fees and expenses of any appeals, regardless of whether any specific legal proceedings should be commenced or initiated and regardless of the outcome of any such proceedings. Further, in the event the NIO Obligations are not fully performed by the NIO Operator or the NIO Guarantor, the NIO Guarantor shall and does hereby agree to indemnify and hold Amalco or Baffinland harmless from all costs and damages, including without limitation reasonable fees and expenses associated with any lawsuits related to enforcement by Amalco or

Baffinland of the NIO Guarantee or of the NIO Obligations, which Amalco or Baffinland may suffer or sustain arising out of or connected in any manner therewith.

12A.6 Subrogation

The NIO Guarantor shall not exercise any rights of subrogation or contribution against the NIO Operator or any other Person in connection with the transactions contemplated herein, whether arising by contract or operation of law (including, without limitation, any such right arising under bankruptcy or insolvency laws) or otherwise, by reason of any performance by it pursuant to the provisions of Section 12A.1 unless and until the NIO Obligations have been performed in full, in the reasonable determination of Amalco or Baffinland, as applicable.

12A.7 Continuing NIO Guarantee

The NIO Guarantee is a continuing one and shall remain in full force and effect until the performance and satisfaction in full of the NIO Obligations, shall be binding upon the NIO Guarantor and its successors and assigns, and shall inure to the benefit of, and be enforceable by, Amalco and Baffinland and their respective successors and assigns.

12A.8 Representations and Warranties

The NIO Guarantor represents and warrants that:

(a) *General Representations and Warranties*: (a) the NIO Guarantor has all requisite power and authority to execute and deliver this Agreement and perform its obligations pursuant to the NIO Guarantee; (b) the execution and delivery of this Agreement and performance of the NIO Guarantee by it has been duly and validly authorized and approved by all necessary action and no other proceedings or actions on the part of the NIO Guarantor is necessary therefor; (c) the Agreement has been duly and validly executed and delivered by the NIO Guarantor and the NIO Guarantee constitutes a valid and legally binding obligation, enforceable against the NIO Guarantor in accordance with its terms, except that such enforceability: (i) may be limited by bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and other similar laws of general application affecting or relating to the enforcement of creditors' rights generally; and (ii) is subject to general principles of equity, whether considered in a proceeding at law or in equity; *provided* that the NIO Guarantor represents and warrants that it is not entering into this Agreement with the intent to hinder, delay or defraud any creditors and further that immediately prior to and following the execution of the NIO Guarantee, the NIO Guarantor was solvent, adequately capitalized for its business undertaking, and able to pay its debts and liabilities in the

ordinary course of business; and (d) the execution and delivery of this Agreement and the performance of the NIO Guarantee by the NIO Guarantor does not and will not: (i) violate the organizational documents of the NIO Guarantor; (ii) violate any applicable law or judicial, regulatory or other governmental order; or (iii) result in any violation of, or default (with or without notice or lapse of time, or both) under, or give rise to a right of termination, cancellation or acceleration of any obligation or to the loss of any benefit under, any material agreement to which the NIO Guarantor is a party; and

(b) *Financial Representations*: the NIO Guarantor has the operational and financial capacity to perform its obligations under the NIO Guarantee, and all funds necessary for the NIO Guarantor to fulfill its obligations under the NIO Guarantee shall be available to the NIO Guarantor for so long as any of the NIO Obligations shall remain outstanding.

12B. LIMITED RECOURSE

Notwithstanding anything contained in this Agreement, the aggregate recourse against any Guarantor hereunder shall be limited to its direct or indirect, as applicable, Shareholder Interest (excluding any Preferred Securities) and Shareholder Loans of such persons and their Shareholder Loan Affiliates (each capitalized term as defined in the Shareholders Agreement). And the parties hereto, with respect to any such recourse, hereby waive any rights of recourse or other similar rights against each Guarantor other than its Shareholder Interest and Affiliate Loans of such Shareholder's Affiliates.

26. Subsections 13.7 (a) and (b) of the Operating Services Agreement are hereby amended by being deleted in their entirety and replaced by the following:

(a) any Joint Operator may assign its rights and obligations hereunder to an Affiliate upon notice to, but without consent of, Amalco or the other Joint Operator, and in such case such Joint Operator shall be released from liability for all actions and inactions of such Affiliate; *provided, however*, that the AM Guarantee by the AM Guarantor under Section 12 or the NIO Guarantee by the NIO Guarantor under Section 12A, as applicable, shall continue to apply to the obligations of such Affiliate of such Joint Operator hereunder as if such Affiliate were the Joint Operator;

(b) the AM Operator may assign its rights and obligations to a direct or indirect purchaser (or any Affiliate of such purchaser) of the interest of AMMC (as defined in the Shareholders Agreement) in the Mary River Project, but if an Affiliate of AMMC is the Agent (as defined in the Marketing Agreement) under the Marketing Agreement, then only so long as such purchaser (or any Affiliate of such purchaser) acts as the Agent under the Marketing Agreement;

(b.1) the NIO Operator may assign its rights and obligations to a direct or indirect purchaser (or any Affiliate of such purchaser) of the interest of NIO (as defined in the Shareholders Agreement) in the Mary River Project, but if an Affiliate of NIO is the Agent under the Marketing Agreement, then only so long as such purchaser (or any Affiliate of such purchaser) acts as the Agent under the Marketing Agreement;

THIS FIRST AMENDED AND RESTATED OPERATING SERVICES AGREEMENT is made as of the 6th day of May, 2015.

- and -

ARCELORMITTAL MINES MARY RIVER OPERATING INC., a corporation incorporated under the laws of Ontario ("**Operator**")

- and -

ARCELORMITTAL MINES CANADA INC., a corporation existing under the laws of Canada ("**Guarantor**")

Whereas:

A. Baffinland Iron Mines Corporation (a predecessor to Amalco as a result of the amalgamation of such entity with 1843208 Ontario Inc.) ("**BIM**") and 1843208 Ontario Inc. ("**NumberCo**") entered into that certain Operating Services Agreement, dated as of February 20, 2013 (the "**Operating Services Agreement (Corporate)**"), with the Operator and the Guarantor that sets forth the terms and conditions under which (1) the Operator provides the Services for the benefit of BIM and NumberCo and (2) the Guarantor provides a guarantee of the performance of the Operator of its obligations thereunder in favour of BIM and NumberCo pursuant to the terms set forth therein.

B. BIM amalgamated with NumberCo to form Amalco.

C. Through a series of transactions that occurred on October 9, 2013 (the "**Reorganization**"), Amalco contributed all of the assets and liabilities of the Mary River Project, including title to the Mine, Mineral Rights, Surface Rights and other Properties, into Baffinland and assigned the Operating Services Agreement (Corporate) to Baffinland.

D. Amalco, in its capacity as the general partner of Baffinland, holds title to the Mine, Mineral Rights, Surface Rights and other Properties and will advance the development, construction and eventual operation of the Mary River Project.

E. Contemporaneously with such assignment of the Operating Services Agreement (Corporate), the parties thereto (or their successors) amended and restated such agreement to reflect such assignment and the completion of the Reorganization.

F. The parties to the Shareholders Agreement and the Limited Partnership Agreement have agreed to amend and restate those agreements to facilitate the expansion of the annual production capacity of the Mary River Project on the terms set out therein.

G. Contemporaneously with such amendments and restatements, the Parties are amending and restating this Agreement to reflect such amendments and restatements, and the amendment and restatement of this Agreement is without prejudice or amendment to the rights and obligations of the Parties that existed under this Agreement prior to it being amended and restated.

H. Amalco, Baffinland and the Operator intend that the Operator shall provide the Services for the benefit of Amalco and Baffinland.

I. Guarantor intends to provide a guarantee of the performance by the Operator of its obligations hereunder in favour of Amalco and Baffinland pursuant to the terms set forth herein.

NOW THEREFORE THIS AGREEMENT WITNESSES that in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

For the avoidance of doubt, the foregoing shall not restrict the Operator from authorizing payments pursuant to legally binding obligations in existence at the expiration of the previous Program and Budget. In accordance with Section 8.6 of the Limited Partnership Agreement, the Operator may, in connection with an Emergency, take any reasonable action (including incurring debt obligations if reasonable in the circumstances) that it deems necessary to protect life, limb, property or environment, to protect the Assets or to comply with applicable law. For the avoidance of doubt, the foregoing shall not restrict the Operator from authorizing payments pursuant to legally binding obligations already in existence prior to such determination.

3.6 No Breach

The Operator shall not be in breach of this Section 3 if a failure to satisfy any obligation by the Operator or any of its agents has occurred in spite of the Operator's (or agent's) good faith efforts to comply, and the Operator (or agent) has timely cured or disposed of such failure through performance, or payment of fines and penalties. The Operator shall further not be in default of any duty it is obligated to meet under this Section 3 if its (or its agent's) failure to perform results from: (a) the failure of Amalco or Baffinland to perform acts or to contribute amounts required of it by this Agreement, the Shareholders Agreement or the Limited Partnership Agreement; or (b) the Operator's compliance with the instructions of the Operating Committee.

(d) The indemnities set out in this Section 4.2 and Sections 4.4, 6.3(b), 8.3(b)(iii) and 12.5 shall remain in full force and effect notwithstanding the termination of this Agreement.

(e) If any action is brought by a Person other than any Party against a Person indemnified pursuant to Section 4.2(a) or 4.2(c) (the "**Indemnified Party**") in respect of which indemnity may be sought under this Section 4.2, the Indemnified Party shall promptly notify the Person indemnifying the Indemnified Party in respect of such claim pursuant to Section 4.2(a) or 4.2(c) (the "**Indemnifying Party**") in writing of the institution of such action and the Indemnifying Party shall, if it so elects, assume the defense of such action, including the employment of counsel and payment of expenses; *provided*, *however*, that any failure or delay to so notify the Indemnifying Party will not relieve the Indemnifying Party of any obligation hereunder, except to the extent that its ability to defend is materially prejudiced by such failure or delay. The Indemnified Party shall have the right to employ its own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of the Indemnified Party, unless: (i) the employment of such counsel shall have been authorized in writing by the Indemnifying Party in connection with the defense of such action; (ii) the Indemnifying Party shall not have employed counsel reasonably satisfactory to the Indemnified Party to have charge of the defense of such action within a reasonable time; or (iii) the Indemnified Party shall have reasonably concluded (based on the advice of counsel) that there may be defenses available to it which are different from or additional to those available to the Indemnifying Party (in which case the Indemnifying Party shall not have the right to direct the defense of such action on behalf of the Indemnified Party); in any of which events such fees and expenses shall be borne by the Indemnifying Party and paid as incurred (it being understood, however, that the Indemnifying Party shall not be liable for the expenses of more than one separate firm of attorneys in any one action or series of related actions in the same jurisdiction (other than local counsel in any such jurisdiction) representing all Indemnified Parties who are parties to such action). Anything in this paragraph to the contrary notwithstanding, the Indemnifying Party shall not be liable for any settlement of any such claim or action effected without the written consent of the Indemnifying Party.

4.3 Limit on Liability of Operator

Subject to Section 9.2(b), the Operator will not be liable (whether in contract or in tort or under common law, including negligence or otherwise howsoever and notwithstanding the provisions of any legislation in Canada) to Amalco and Baffinland for any: indirect or consequential loss; punitive, exemplary or special damages; loss of profits or revenues; loss of use; decline in earnings; decline in production; loss of contract or other business opportunities; loss of goodwill; or any other indirect damages or loss (including without limitation resulting from any breach of this Agreement and whether or not advised of the possibility of any of the foregoing) (collectively, the "**Excluded Matters**") related to: (i) the rendering of the Services; (ii) any action or inaction of the Operator in accordance with the direction of the Operating Committee; or (iii) any action or inaction of the Operator resulting from the Operating Committee failing to act or approve anything as required under the terms of this Agreement or under the Shareholders Agreement or the Limited Partnership Agreement. This Section 4.3 shall not limit Amalco's or Baffinland's right to indemnification from the Operator for all components of awards against Amalco or Baffinland comprising Excluded Matters in respect of third-party

Claims brought by, or on behalf of, a deceased or injured Person where such Person's death or injury occurred as a result of the Operator's gross negligence, willful misconduct or fraud.

4.4 Maximum Liability of Operator

(a) Subject to Sections 4.4(b) and 9.2(b), notwithstanding anything to the contrary in this Agreement, with respect to all Claims against the Operator arising in a calendar year in connection with this Agreement, including Services provided or omitted to be provided hereunder, (an "**Operator Claim**"), whether in contract or in tort or under common law, including negligence or otherwise howsoever and notwithstanding the provisions of any legislation in Canada, the maximum liability of the Operator shall be the aggregate Operator's Fee received by the Operator for the previous calendar year or, with respect to the calendar year in which this Agreement is executed, such calendar year.

(b) Any indemnity payments made by the Operator to Amalco or Baffinland pursuant to Section 6.3(b) or 8.3(b)(iii) shall be excluded from the provisions of Section 4.2(a).

5. Personnel

5.1 Management of Personnel

Subject at all times to the authority, management, control and supervision of the Operating Committee pursuant to this Agreement, the Shareholders Agreement and the Limited Partnership Agreement and to the Program and Budget then in effect, but subject to any limits on such authority, management, control or supervision in the Shareholders Agreement, including Section 7.6 thereof, and the Limited Partnership Agreement, the Operator shall have authority on behalf of Amalco and Baffinland to hire, promote, discharge and supervise the work of all personnel of Amalco and Baffinland engaged in, and necessary for, the conduct of the Services; *provided* that the Operator shall obtain the consent of the Operating Committee (not to be unreasonably withheld, delayed or conditioned) for hiring, promotion or dismissal of, or reassignment or material reduction in time dedicated to providing Services of, Senior Officers of Amalco, Baffinland or the Operator. The Operator shall have no liability whatsoever for: (a) any acts or omissions of such personnel, including acts or omissions owed to, or that arise as a result of, the gross negligence, willful misconduct or fraud of any such personnel; and (b) any costs or Claims related to, or that arise as a result of, the retention or dismissal of such personnel.

5.2 Secondment of the Operator's Personnel

The Operator may second certain of its own personnel or personnel of its Affiliates, on a full-time, part-time or as needed basis, to Amalco and/or Baffinland as the Operator considers necessary. Personnel seconded by the Operator may, at the Operator's discretion, either remain in the legal employ of the Operator or, with the prior approval of the Operating Committee (not to be unreasonably withheld, delayed or conditioned), the relevant Affiliate of the Operator or become employees of Amalco or Baffinland. Subject to the proviso in Section 5.1, the Operator shall have the right to replace or make changes to any personnel seconded to Amalco and/or Baffinland consistent with the satisfaction of the Operator's responsibilities hereunder. All costs

of such personnel shall be Reimbursable Costs. The provisions of this Section 5.2 shall at all times be subject to the authority, management, control and supervision of the Operating Committee pursuant to this Agreement, the Shareholders Agreement and the Limited Partnership Agreement and to the Program and Budget then in effect, and the Operator shall obtain the consent of the Operating Committee for any such secondment, replacement or change of Senior Officers.

6. Reimbursable Costs and Operator's Fee

6.1 General

The Operator shall be compensated for the Services and reimbursed for its costs hereunder in accordance with this Section 6.

6.2 Operator's Fee

(a) Baffinland shall pay the Operator a fee equal to two percent (2%) of Annual Costs (the "**Operator's Fee**").

(b) At the end of each calendar month during the term of this Agreement, the Operator shall calculate the aggregate amount of the Operator's Fee in respect of the previous calendar month and shall prepare a report itemizing the Operator's Fee. In the event that the Operator is unable to calculate the Operator's Fee for such month based on actual cost, the Operator shall base its calculation on the Annual Budgeted Costs projected for such month. The Operating Committee and the Operator shall then compare and adjust (making any payments for such adjustments) for any differences identified between the Annual Costs and the Annual Budgeted Costs for such month.

(c) Except as stated above, the Operator's Fee shall be calculated using the Operator's accounting system in accordance with the Accounting Procedures and otherwise in accordance with Canadian generally accepted accounting principles and practices, such system to be applied consistently. A certificate of any director or Senior Officer of the Operator stating any amounts due as Operator's Fee will, in the absence of manifest error, be *prima facie* proof of the contents thereof for all purposes.

6.3 Reimbursable Costs

(a) Baffinland will reimburse the Operator for all out-of-pocket, documented expenses incurred by the Operator in carrying out the Services, except for those expenses attributable to overhead and other costs that are not directly attributable to the Services ("**Reimbursable Costs**"). For greater certainty: (i) remuneration and benefit costs (including pension liability) for Dedicated Employees shall be considered to be out-of-pocket expenses, whether such costs and liabilities are paid on a current basis or provided as a provision for future liabilities ("**Pension Liabilities**"); and (ii) such Reimbursable Costs shall include insurance premiums under any insurance policies that are obtained by the Operator hereunder and shall

also include all expenses paid by the Operator to its Affiliates in respect of out-of-pocket, documented personnel costs charged on a FTE (full-time equivalent) basis by such Affiliates to the Operator for Services performed through such Affiliates.

(b) With respect to each Dedicated Employee, the Operator shall indemnify Amalco and Baffinland against any Claims against Amalco and/or Baffinland in respect of any Pension Liabilities arising during the currency of this Agreement in respect of the period that such Dedicated Employee is an employee of the Operator**.**

6.4 Reporting of Reimbursable Costs

At the end of each month during the term of this Agreement, the Operator shall calculate the aggregate amount of the Reimbursable Costs in respect of such month and shall prepare a report itemizing the Reimbursable Costs. A certificate of any director or Senior Officer of the Operator stating any amounts due as Reimbursable Costs will, in the absence of manifest error, be *prima facie* proof of the contents thereof for all purposes.

6.5 Statements of Account

The Operator shall deliver to the Operating Committee and, if requested by the Operating Committee, any auditors' periodic statements of account in respect of the Operator's Fee and the Reimbursable Costs calculated in accordance with Sections 6.2 and 6.3, respectively, together with the reports prepared in accordance with Sections 6.2(b) and 6.4. The Operator shall provide the Operating Committee with such further information as it may reasonably request in relation to any amount shown on any such statement, including reasonably satisfactory evidence of any Reimbursable Costs to be reimbursed or Operator's Fee to be paid by Baffinland under this Section 6.

Baffinland shall have a right to audit the calculation of the Operator's Fee provided in Section 6.2(c) and/or the Reimbursable Costs provided in Section 6.3, and to receive copies of all invoices, worksheets, memoranda and correspondences relating thereto, by a written notice to the Operator; *provided* that Baffinland shall not have the right to audit the calculation of the Operator's Fee and/or the Reimbursable Costs or to receive any invoices, worksheets, memoranda or correspondence relating thereto, with respect to a transaction that occurred more than twenty-four (24) months prior to the date the audit or information request is made. The Operator shall, acting reasonably, cooperate with Baffinland with respect to the exercise of such right. Any such audit or information gathering exercise shall be conducted at Baffinland's expense, unless the results of the audit result in a discrepancy of five percent (5%) or more, in which case the costs shall be borne by the Operator.

6.6 Payment of Reimbursable Costs and Operator's Fee

Baffinland shall, in accordance with Section 7, pay to the Operator the Operator's Fee and reimburse to the Operator the Reimbursable Costs, in each case in full against each statement of account delivered to Baffinland in accordance with Section 6.5, within ten (10) Business Days from the end of the month in which such statement of account is received by the Operating Committee. If a dispute arises as provided in Section 6.7, Amalco and Baffinland shall not be required to pay the amount to which the dispute relates until such dispute is resolved pursuant to

Section 6.7, *provided, however*, that Baffinland shall forthwith pay all undisputed amounts to the Operator in accordance with this Section 6.6.

6.7 Disputes Regarding Reimbursable Costs or Operator's Fee

Notwithstanding Section 11, in the event of any dispute arising between Amalco and Baffinland, on the one hand, and the Operator, on the other, regarding whether any of the Reimbursable Costs or Operator's Fee claimed by the Operator hereunder have been incurred or on what basis they have been incurred and such dispute not having been resolved between them within one (1) month from the written notice of such dispute by either Party to the other, such dispute may be referred by either Party to the Accountants for settlement, and the Accountants shall be entitled to make such adjustments as may in the circumstances appear to it to be appropriate and whose decision shall be regarded as the decision of an expert and such expert shall constitute an arbitrator and its decision shall be binding and final upon the Parties, without right of appeal. The costs of the Accountants in deciding such dispute shall be borne equally by Amalco, Baffinland and the Operator.

6.8 Taxes

Subject to Section 7.3, the amounts payable under this Section 6 exclude any goods and services Tax, harmonized sales Tax, general sales Tax, value added Tax or any equivalent applicable service or sales Tax which may be payable in Canada, a Province or Territory, including Nunavut, from time to time and accordingly all amounts payable under this agreement will be increased by an amount equal to the goods and services Tax, harmonized sales Tax, general sales Tax, value added Tax or applicable sales Tax that may be required to be paid for, or collected by, the Operator in connection with the performance of its obligations and duties under this Agreement.

7. Payments

7.1 Place of Payment

All payments to the Operator under this Agreement will be made to the Operator's account as designated in writing by the Operator from time to time.

7.2 Interest

If either of Amalco or Baffinland, or the Operator defaults in the payment when due of any sum payable under this Agreement (howsoever determined) the liability of such Party shall be increased to include interest on such sum from the date when such payment is due until the date of actual payment (as well after as before judgment) at the Interest Rate. Such interest shall accrue from day to day.

7.3 Deductions and Withholdings

In the event that any Taxes are required to be deducted or withheld under applicable Laws from any payment due from Amalco or Baffinland to the Operator under this Agreement,

the amount deducted or withheld will, for all purposes under this Agreement between the Parties, be treated as though it were paid to the Operator.

8. Replacement and Resignation of Operator

8.1 Replacement of Operator

The Operator may be replaced: (i) as required by applicable law or by court or other governmental order; or (ii) by the decision of the Operating Committee if permitted under Section 13.2 of the Limited Partnership Agreement, in each case on ninety (90) days' prior written notice to the Operator.

8.2 Resignation of Operator

Subject to Section 13.2 of the Limited Partnership Agreement, the Operator may resign upon ninety (90) days' prior notice to Amalco.

8.3 Obligations Upon Replacement or Resignation

(a) Upon ceasing to be Operator, the authority of any agent acting for and on behalf of the Operator to exercise the duties and powers of the Operator hereunder shall cease and the former Operator shall (to the extent in its possession) deliver to the new Operator custody of all Assets and shall deliver to Amalco or Baffinland, as applicable, any books and records pertaining to the Assets or Operations as soon as reasonably practicable after the appointment of the new Operator.

(b) If the Operator is removed or resigns pursuant to Section 8.1 or 8.2:

(i) Subject to Section 8.3(b)(ii), Amalco shall have a right to make an offer of employment on comparable terms and conditions to all employees of the Operator whose time was dedicated to providing Services during the last completed quarter at no less than one hundred percent (100%) of the time such employee devoted to such employee's position or responsibilities in Amalco, the Operator and any of their respective Affiliates (in this Section 8.3(b), a "**Dedicated Employee**").

(ii) The Operator may require Amalco to (and Amalco shall) make an offer of employment to any Dedicated Employees on comparable terms and conditions; *provided* that the obligation of Amalco in this Section 8.3(b)(ii) shall not apply to Dedicated Employees who are Senior Officers.

(iii) The Operator shall indemnify and hold Amalco and Baffinland harmless against all liabilities, costs and expenses incurred or suffered by Amalco or Baffinland as a result of any claims made by any Senior Officer for wrongful dismissal or severance payments relating to his or her employment with the Operator or his or her termination of employment with the Operator. Amalco and Baffinland shall jointly and severally, without duplication, indemnify and hold the Operator harmless against all

liabilities, costs and expenses incurred or suffered by the Operator as a result of any claims made by any Dedicated Employee other than a Senior Officer for wrongful dismissal or severance payments relating to his or her employment with the Operator or his or her termination of employment with the Operator.

(c) The Operator being removed or resigning shall cooperate with Amalco regarding any offers of employment made above and for the smooth transition of the employment relationships of any employees so retained, such transition including assignment and assumption of any collective bargaining agreement.

(d) If the Operator holds any license, permit or approval that is necessary for the business and operation of the Mary River Project as such business and operation were conducted immediately prior to the removal or resignation of the Operator and as contemplated by the Definitive Agreements, the Operator shall, without any consideration, assign all such licenses, permits and approvals to Baffinland or the new Operator on an "as-is, where-is basis"; *except* for any fees paid in connection therewith that have yet to be reimbursed to the Operator hereunder. After such an assignment, the Operator shall be released from all liability associated with such licenses, permits and approvals accruing after the assignment date. If the assignment of any such license, permit or approval would not entitle the Operator to be released from all liability associated therewith accruing after the assignment date, the Operator shall have no obligation to assign such licences, permits or approvals but may instead surrender or cancel such licenses, permits and approvals. In such event, the Operator shall provide reasonable cooperation in connection with Baffinland's or the new Operator's application to obtain any new licenses, permits and approvals, provided that such applications are made within thirty (30) days of the Operator's removal or resignation. If any such license, permit or approval cannot be so assigned or licensed, then Baffinland has the right to extend the termination date hereunder by a maximum of six (6) months from the original notice of termination. In the case of such an extension, the foregoing rights in this Section 8.3 shall be suspended and shall not be renewed until after the expiry of the extended termination date.

9. Termination

9.1 Automatic Termination

This Agreement will terminate automatically and immediately upon: (a) the effective date of termination of the Shareholders Agreement for any reason; or (b) the effective date of the replacement or resignation of the Operator under Section 8.

9.2 Additional Termination Events

In addition to Section 9.1, this Agreement may be terminated in accordance with the following provisions:

(a) Amalco and Baffinland may terminate this Agreement with immediate effect by written notice to the other Party if:

(i) the Operator suffers an Insolvency Event; or

(ii) such termination is in accordance with Section 13.2 of the Limited Partnership Agreement.

(b) In the event that the arbitrator in a proceeding initiated pursuant to Section 4.7(e) of the Shareholders Agreement determines that there has been a material breach of this Agreement, and the Operator has not Cured the breach, the Operator shall, promptly but in no case later than ten (10) Business Days, either (x) (A) pay the damages determined by the arbitrator without the limitations set forth in Sections 4.3 and 4.4 within such ten (10)-Business Day period, and (B) as promptly as possible take all actions as on a commercially reasonable basis to protect against the same or similar future breaches of such agreement or (y) pay the damages as calculated by the arbitrator taking into account the limitations set forth in Sections 4.3 and 4.4. If the Operator does not pay the damages set forth in clause (x)(A) within such ten (10)-Business Day period, or does not commence the taking of the actions set forth in clause (x)(B) as promptly as possible and does not continue to diligently take such actions until clause (x)(B) has been satisfied, NIO, on behalf of Baffinland, shall be entitled to terminate the Agreement effective immediately upon notification to the Operator.

(c) The Operator may terminate this Agreement with immediate effect by written notice to the other Parties if:

(i) Amalco or Baffinland is in material breach of its obligations hereunder, unless within sixty (60) days after notice of such breach from the Operator demanding that Amalco or Baffinland Cure such breach, such breach is Cured;

(ii) Amalco or Baffinland fails to pay, or contest in good faith, any amount due hereunder within sixty (60) days after the due date; or

(iii) Amalco or Baffinland suffers an Insolvency Event.

9.3 Accrued Rights

Any termination of this Agreement shall be without prejudice to any other remedies either of Amalco and Baffinland, or the Operator may have for monetary damages or other relief and shall not affect the rights of either of Amalco and Baffinland, or the Operator with respect to liability or claims accrued, or arising out of events occurring, prior to the date of termination.

9.4 Continuing powers and authorities

The powers and authorities of the Operator contained in this Agreement are continuing ones and shall remain in full force and effect until revoked by termination of this Agreement or

until the Operator ceases in its role by reason of its replacement or resignation in accordance with Section 8.1 and 8.2, respectively, but such revocation shall be without prejudice to any rights or liability arising by reference to any act or omission prior to the date of such revocation. Amalco and Baffinland agree to ratify and confirm all legal actions duly taken by the Operator consistent with this Agreement prior to the effective date of termination within the powers, authorities and discretions conferred upon the Operator as set out in this Agreement.

10. Confidentiality

The confidentiality provisions of Section 19 of the Shareholders Agreement shall apply, *mutatis mutandis*, to the Parties in respect of this Agreement; *provided*, *however*, that the Operator shall be entitled to disclose any Confidential Information acquired by it under or pursuant to this Agreement, without the written consent or authority of Amalco, to employees, directors, consultants and Affiliates of the Operator, as the Operator, in its absolute discretion, considers necessary for the purpose of properly performing its duties and obligations under this Agreement. Furthermore, and notwithstanding the above, the obligations of confidentiality and the restrictions on the use of information set forth in this Section 10 do not extend to: (a) a *bona fide* prospective purchaser of an interest in the Mines, the Surface Rights and/or the other Properties or the Operator or any of its Affiliates; (b) a financier of the Mines, the Surface Rights and/or the Properties or the Operator or any of its Affiliates; (c) an underwriter or dealer pursuant to a *bona fide* capital raising transaction on the public debt or equity markets; (d) any disclosure by any of the Parties to the extent such information is required to be disclosed to obtain any consent or regulatory approval necessary for the provision of Services hereunder, such disclosure to be in a form and scope approved by the Parties, acting reasonably, or (e) any disclosure by Amalco, Baffinland, a Shareholder or a Limited Partner to the extent such information is required to be disclosed in a prospectus, registration statement or similar disclosure document pursuant to a *bona fide* public distribution of securities in accordance with all applicable securities laws; *provided* that (x) the recipient of any confidential information pursuant to any of (a), (b) or (c) above either (I) enters into a confidentiality agreement with the applicable entity for the benefit of the Parties hereto under which it agrees to comply with the obligations contained in this Section 10, with appropriate changes necessary to apply it to these circumstances, the form of which confidentiality agreement has been approved by each Party to this Agreement, acting reasonably, or (II) is subject to a legal regime that imposes comparable confidentiality requirements with respect to information received from prospective borrowers, and (y) the Party disclosing the Confidential Information must use reasonable endeavours to protect commercially sensitive information by way of redaction and other appropriate sale protocols.

11. Dispute Resolution

Any dispute between the Parties arising under or in connection with this Agreement shall be referred for resolution in accordance with the dispute resolution procedures of Section 20 of the Shareholders Agreement, *mutatis mutandis*. Each Party shall continue performance of its obligations under this Agreement notwithstanding the existence of such dispute.

12. Guarantee

12.1 Guarantee

The Guarantor irrevocably and unconditionally guarantees to Amalco and Baffinland the prompt and complete performance by the Operator of all of its agreements, covenants and obligations under this Agreement (the "**Obligations**").

12.2 Terms of Guarantee

(a) *Nature of Guarantee*. The guarantee set forth in this Section 12 (the "**Guarantee**") is one of performance, not procurement, and a separate action or actions may be brought and prosecuted against the Guarantor to enforce the Guarantee, irrespective of whether any action is brought against the Operator or any other Person or whether the Operator or any other Person is joined in any such action or actions.

(b) *Nature of Liability*. The liability of the Guarantor under the Guarantee is absolute, unconditional and continuing in accordance with the terms hereof irrespective of the occurrence or non-occurrence of any event, including without limitation:

(i) *Release or Bankruptcy*: any release or discharge of any obligation of the Operator contained herein resulting from any change in the existence, structure or ownership of the Operator, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Operator or any of its assets;

(ii) *Amendments and Modifications*: any amendment or modification of this Agreement (other than this Section 12) or any other Definitive Agreement, or change in the manner, place or terms of performance, or any change or extension of the time of performance of, or alteration of, the Obligations, any liability incurred directly or indirectly in respect thereof, or any amendment or waiver of or any consent to any departure from the terms of this Agreement or any other Definitive Agreement; or

(iii) *Claims and Set-Offs*: the existence of any claim, set-off or other right that the Guarantor may have at any time against the Operator or Amalco and Baffinland or that the Operator may have against Amalco and Baffinland, in each case, whether in connection with the Guarantee or otherwise.

(c) *Reliance on Guarantee*. The Obligations have been, and shall conclusively be deemed to have been, created, contracted or incurred in reliance upon the Guarantee, and all dealings between the Operator or the Guarantor, on the one hand, and Amalco and Baffinland, on the other, have been and shall likewise be conclusively presumed to have been had or consummated in reliance upon the Guarantee. The Guarantor acknowledges that it will receive substantial direct and indirect benefits from the transactions contemplated herein and that the waivers

set forth in this Section 12 are knowingly made in contemplation of such benefits and after consultation with counsel.

(d) *Bankruptcy*. Amalco and Baffinland shall be obligated to file any claim relating to the Guarantee in the event that the Operator becomes subject to a bankruptcy, reorganization or similar proceeding, and the failure of Amalco or Baffinland to so file shall not release or otherwise affect any of the Guarantor's obligations hereunder.

12.3 Right to Proceed Directly Against Guarantor

Amalco or Baffinland may, at its option, proceed directly against the Guarantor in the first instance without first seeking payment or performance by the Operator pursuant to this Agreement and without resorting to any security held by it as collateral or to any other remedies, at the same or different times, as it may deem advisable. Further, the liability of the Guarantor hereunder in no way shall be affected or impaired by an acceptance by Amalco and Baffinland of any security for, or other guarantors upon, any indebtedness, liability or obligation of the Operator or any other guarantor to Amalco and Baffinland, or by any failure, delay, neglect or omission by Amalco and Baffinland to realize upon or protect any such indebtedness, liability or obligation or any notes or other instruments evidencing same or any collateral or security therefor. Notwithstanding any other provision of this Section 12, the Guarantor will be entitled to assert, as a defense to such payment by the Guarantor under this Guarantee, such defenses to payment, if any, as are available to the Operator or the Guarantor against Amalco under the terms of this Agreement or pursuant to any applicable laws in connection therewith (other than any such rights, remedies, set-offs and defenses arising out of, due to, or as a result of (i) the insolvency or bankruptcy of the Guarantor or (ii) any actual or alleged lack of, or any deficiency in, any power or authority).

12.4 Waiver of Acceptance and Presentment

The Guarantor hereby waives notice of acceptance hereof and notice of the Obligations, promptness, diligence, presentment, demand for payment, protest, notice of default, dishonour or non-performance of the Obligations, notice of acceleration or intent to accelerate the Obligations, all defenses which may be available by virtue of any valuation, stay, moratorium law or other law or at equity now or hereafter in effect, any right to require the marshalling of assets of the Operator or any other Person, and all suretyship defenses generally, and Amalco and Baffinland are not obligated to file any suit or take any action or to provide any notice to the Operator, the Guarantor or others, except as expressly provided herein. Without limiting the generality of the foregoing, the Guarantor agrees that its obligations under the Guarantee shall not be released or discharged, in whole or in part, or otherwise affected by: (i) Amalco's or Baffinland's failure (or delay) to assert any claim or demand or to enforce any right or remedy against the Operator with respect to the Obligations; (ii) any extensions or renewals of the Obligations; (iii) any rescissions, waivers, amendments, modifications, compromises or consolidations of any terms or provisions of this Agreement (other than this Section 12); (iv) any lack of validity or enforceability of this Agreement against Guarantor or the Operator arising from the lack of capacity or similar defense available to the Operator; (v) the adequacy of any means available to Amalco or Baffinland to claim payment or performance of the Obligations; (vi) any change in

the existence, structure or ownership of any of the Operator or any other person liable with respect to any of the Obligations; (vii) any insolvency, bankruptcy, reorganization or other similar proceedings affecting the Operator or any other person liable with respect to any of the Obligations; (viii) the existence of any claim, set-off or other rights which the Guarantor may have at any time against the Operator, whether in connection with the Obligations or otherwise; (ix) the adequacy of any other means Amalco or Baffinland may have of obtaining repayment of any of the Obligations; (x) the addition, substitution or release of any person or entities primarily or secondarily liable for the Obligations; or (xi) any other act or omission that might in any means or to any extent operate as a release or exchange of the Guarantor.

12.5 Costs and Expenses of Enforcement and Indemnification

The Guarantor agrees to pay any reasonable and documented costs and expenses incurred by Amalco or Baffinland in enforcing any rights or remedies under the Guarantee, including without limitation all reasonable and documented fees and expenses of counsel to Amalco or Baffinland, including fees and expenses of any appeals, regardless of whether any specific legal proceedings should be commenced or initiated and regardless of the outcome of any such proceedings. Further, in the event the Obligations are not fully performed by the Operator or the Guarantor, the Guarantor shall and does hereby agree to indemnify and hold Amalco or Baffinland harmless from all costs and damages, including without limitation reasonable fees and expenses associated with any lawsuits related to enforcement by Amalco or Baffinland of the Guarantee or of the Obligations, which Amalco or Baffinland may suffer or sustain arising out of or connected in any manner therewith.

12.6 Subrogation

The Guarantor shall not exercise any rights of subrogation or contribution against the Operator or any other Person in connection with the transactions contemplated herein, whether arising by contract or operation of law (including, without limitation, any such right arising under bankruptcy or insolvency laws) or otherwise, by reason of any performance by it pursuant to the provisions of Section 12.1 unless and until the Obligations have been performed in full, in the reasonable determination of Amalco or Baffinland, as applicable.

12.7 Continuing Guarantee

The Guarantee is a continuing one and shall remain in full force and effect until the performance and satisfaction in full of the Obligations, shall be binding upon the Guarantor and its successors and assigns, and shall inure to the benefit of, and be enforceable by, Amalco and Baffinland and their respective successors and assigns.

12.8 Representations and Warranties

The Guarantor represents and warrants that:

(a) *General Representations and Warranties*: (a) the Guarantor has all requisite power and authority to execute and deliver this Agreement and perform its obligations pursuant to the Guarantee; (b) the execution and delivery of this Agreement and performance of the Guarantee by it has been duly and validly

authorized and approved by all necessary action and no other proceedings or actions on the part of the Guarantor is necessary therefor; (c) the Agreement has been duly and validly executed and delivered by the Guarantor and the Guarantee constitutes a valid and legally binding obligation, enforceable against the Guarantor in accordance with its terms, except that such enforceability: (i) may be limited by bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and other similar laws of general application affecting or relating to the enforcement of creditors' rights generally; and (ii) is subject to general principles of equity, whether considered in a proceeding at law or in equity; *provided* that the Guarantor represents and warrants that it is not entering into this Agreement with the intent to hinder, delay or defraud any creditors and further that immediately prior to and following the execution of the Guarantee, the Guarantor was solvent, adequately capitalized for its business undertaking, and able to pay its debts and liabilities in the ordinary course of business; and (d) the execution and delivery of this Agreement and the performance of the Guarantee by the Guarantor does not and will not: (i) violate the organizational documents of the Guarantor; (ii) violate any applicable law or judicial, regulatory or other governmental order; or (iii) result in any violation of, or default (with or without notice or lapse of time, or both) under, or give rise to a right of termination, cancellation or acceleration of any obligation or to the loss of any benefit under, any material agreement to which the Guarantor is a party; and

(b) *Financial Representations*: the Guarantor has the operational and financial capacity to perform its obligations under the Guarantee, and all funds necessary for the Guarantor to fulfill its obligations under the Guarantee shall be available to the Guarantor for so long as any of the Obligations shall remain outstanding.

13. Miscellaneous

13.1 Services of the Operator Not Exclusive

The Services of the Operator to Amalco and Baffinland hereunder are not exclusive (nor shall they be deemed to be exclusive) and, for greater certainty, the Operator shall be free to render similar services to other parties so long as the Services are not impaired thereby, and to retain for its own use and benefit all fees or other moneys payable thereby. The Operator shall not be deemed to be affected with notice of or to be under any duty to disclose to Amalco and Baffinland any fact or thing which comes to the notice of the Operator or any servant or agent of the Operator in the course of the Operator rendering similar services to other parties or in the course of its business in any other capacity or in any manner whatsoever otherwise than in the course of carrying out its duties hereunder.

13.2 Force Majeure

(a) Amalco and Baffinland agree that the Operator shall not be liable for: (i) the loss of or damage to any property of Amalco or Baffinland in the possession of the Operator; (ii) any delay or failure to perform or fulfil all or any part of its duties hereunder; or (iii) any other Claim of Amalco or Baffinland howsoever arising,

provided that in each foregoing case, such loss, damage, failure or Claim is caused by or results from any contingency or event (other than lack of funds) beyond the reasonable control of the Operator, which could not have been reasonably foreseen on the date of this Agreement, nor can reasonably be avoided, including but not limited to, to the extent not within the reasonable control of the Operator and not foreseen or avoidable: calamities of nature, including but not limited to, typhoons, tidal waves, fires, droughts, floods, earthquakes or ice; acts of war or war-like events (or threats thereof, whether war is declared or not); riot, revolution, sabotage or civil commotion; epidemics; strikes; lockouts; labour disputes or labour disturbances; accidents; explosions; delays; breakdown or damage of plant equipment; partial or complete embargoes; curtailment or suspension of activities to remedy or avoid an actual or alleged, present or prospective violation of applicable environmental laws; inability to obtain on reasonably acceptable terms any public or private licence, permit or other authorisation; judgments or orders of any court or tribunal or any litigation or administrative process which reasonably has the effect of delaying Operations; interruptions to transportation; delay or failure by suppliers or transporters of materials, parts, supplies, services or equipment; delay or failure caused by or related to contractors' or subcontractors' shortage of or inability to obtain (other than due to lack of funds), labour, transportation, materials, machinery, equipment, supplies, fuel, utilities, or services; inability to obtain contractors or sub-contractors to provide materially time-critical goods and services due to shortages of competent and competitive contractors or sub-contractors; actions by first nations groups, native rights groups, environmental groups, or other similar special interest groups; acts. rules or regulations of any local, national or supranational authority, government or state, including a port authority; and any other similar occurrences whether legal or illegal (collectively, a "**Force Majeure Event**").

(b) The Operator agrees that neither of Amalco nor Baffinland shall be liable for any failure to fulfil its obligations hereunder if its performance is prevented, hindered or delayed by any Force Majeure Event or any other Claim of the Operator howsoever arising if such loss, damage, failure or Claim is caused by or results from any Force Majeure Event.

(c) If either Amalco or Baffinland, or the Operator intends to rely on the provisions of Section 13.2(a) or 13.2(b), it will:

(i) promptly, but in any case no later than ten (10) days after the occurrence of such Force Majeure Event, give written notice to the other Parties of the particulars of the Force Majeure Event, the day upon which the same arose and as far as possible, an estimate of the Force Majeure Event's duration, and all time limits imposed by this Agreement will be extended from the date of delivery of such notice by a period equivalent to the period of delay resulting from an Force Majeure Event;

(ii) take all reasonable steps to eliminate any Force Majeure Event and, if possible, will perform its obligations under this Agreement as far as commercially practicable; *provided* that, except as hereinafter provided, the occurrence of a Force Majeure Event shall not release such Party from its obligations hereunder but shall merely suspend the performance of any obligation so prevented, hindered, or delayed during the period of continuance of the Force Majeure Event, but nothing herein will require a Party to settle or adjust any labour dispute or to question or to test the validity of any law, rule, regulation or order of any duly constituted governmental authority or to complete its obligations under this Agreement if an Force Majeure Event renders completion commercially impracticable; and

(iii) give written notice to the other Parties as soon as such Force Majeure Event ceases to exist.

13.3 No Partnership or Joint Venture

In the performance of its duties hereunder, the Operator shall act as the agent of Amalco and Baffinland. Nothing herein shall constitute or be construed to be or create a partnership or joint venture between Amalco and Baffinland, and the Operator and its Affiliates. All debts and liabilities to third Persons incurred by the Operator in accordance with this Agreement and in the course of the rendering the Services for the Operations shall be the debts and obligations of Amalco and Baffinland only and the Operator and its Affiliates shall not be liable in respect of such debts and liabilities incurred in accordance with this Agreement. The Operator may inform third parties with whom it deals on behalf of Amalco or Baffinland that it does so on behalf of Amalco or Baffinland, and may take any other reasonable steps to carry out the intent of this Section 13.3.

13.4 Waiver

No failure of a Party to exercise, and no delay by it in exercising, any right, power or remedy in connection with this Agreement (each a "**Right**") will operate as a waiver thereof, nor will any single or partial exercise of any Right preclude any other or further exercise of such Right or the exercise of any other Right.

13.5 Entire Agreement

This Agreement supersedes any previous written or oral agreement between the Parties in relation to the matters dealt with in this Agreement and, together with the Shareholders Agreement and the Limited Partnership Agreement, contains the entire agreement between the Parties relating to the subject matter of this Agreement at the date hereof to the exclusion of any terms implied by law which may be excluded by contract. Each Party acknowledges that it has not been induced to enter into this Agreement by any representation, warranty or undertaking not expressly incorporated into it.

13.6 Amendments

No amendment to this Agreement shall be effective unless it is in writing and duly executed by each of the Parties.

13.7 Assignment

No Party may Transfer all or any part of its rights or obligations under this Agreement to any other Person without the prior written consent of the other Parties, *provided* that:

(a) the Operator may assign its rights and obligations hereunder to an Affiliate upon notice to, but without consent of, Amalco, and in such case the Operator shall be released from liability for all actions and inactions of such Affiliate; *provided, however*, that the guarantee by the Guarantor under Section 12 shall continue to apply to the obligations of such Affiliate of the Operator hereunder as if such Affiliate were the Operator;

(b) the Operator may assign its rights and obligations to a direct or indirect purchaser (or any Affiliate of such purchaser) of the interest of AMMC (as defined in the Shareholders Agreement) in the Mary River Project, but only so long as such purchaser (or any Affiliate of such purchaser) acts as the Agent (as defined in the Marketing Agreement) under the Marketing Agreement;

(c) each of Amalco and Baffinland, and the Operator may assign their respective rights under this Agreement as security to their *bona fide* lenders, without the consent of the other Parties; and

(d) any purported assignment of this Agreement or of any of a Party's right or obligations hereunder not made in accordance with this Section 13.7 shall be void.

The Parties hereby consent to and ratify in all respects the assignment of the Operating Services Agreement (Corporate) by Amalco to Baffinland.

13.8 Enurement

This Agreement shall enure to the benefit of and be binding upon the Parties, and their respective successors and permitted assigns.

13.9 Further Assurances

The Parties shall, and shall use all reasonable endeavours to procure that any necessary third party shall, take such steps and execute such documents and do such further acts and things as may be reasonably necessary to implement, carry out or give effect to the intent of this Agreement.

13.10 Invalidity

The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision and any such invalid or unenforceable provision shall be deemed to be severable.

13.11 Counterparts

This Agreement may be executed in one or more counterparts and by facsimile or portable document format, each of which so executed shall constitute an original and all of which together shall constitute one and the same agreement.

13.12 Costs

Each Party shall bear all costs incurred by it in connection with the preparation, negotiation and entry into of this Agreement and the documents to be entered into pursuant to it.

13.13 Intellectual Property

(a) To the extent any Intellectual Property owned by the Operator or its Affiliates is used in connection with the performance of its obligations hereunder, such Intellectual Property shall remain the property of the Operator or such Affiliate, as the case may be, and Amalco and Baffinland shall have no interest in such Intellectual Property, except to the extent Amalco or Baffinland has an interest pursuant to a license granted under Section 21 of the Limited Partnership Agreement.

(b) If Amalco or Baffinland, or the Operator (excluding any other Affiliates of Operator) develops any new Intellectual Property that:

(i) is not based on the existing Intellectual Property of the Operator or its Affiliates; and

(ii) does not require any part of any existing Intellectual Property of the Operator or its Affiliates to operate or otherwise function;

then such Intellectual Property shall vest in Amalco or Baffinland and, once the Operator no longer acts as Operator hereunder, the Operator shall have no interest in such Intellectual Property and may not use such Intellectual Property without license granted by Amalco or Baffinland.

(c) If Amalco or Baffinland, or the Operator (excluding any other Affiliates of Operator) develops any new Intellectual Property that:

(i) is based on the existing Intellectual Property of the Operator or its Affiliates; or

(ii) requires any part of any existing Intellectual Property of the Operator or its Affiliates to operate or otherwise function;

then Amalco or Baffinland shall own only such portion of the new Intellectual Property which use does not infringe the existing Intellectual Property of the Operator or its Affiliates.

(b) The Operator shall conduct such title examinations and cure title defects and protect and defend title to the Properties as may be advisable in the reasonable judgment of the Operator.

If authorized by the Operating Committee, the Operator shall have the right to contest in the courts or otherwise, the validity or

amount of any Taxes, assessments or charges if the Operator deems them to be unlawful, unjust, unequal or excessive, or to undertake such other steps or proceedings as the Operator may deem reasonably necessary to secure a cancellation, reduction, readjustment or equalization thereof before the Operator shall be required to pay them, but in no event shall the Operator permit or allow title to the Properties of Amalco or Baffinland to be lost as the result of the non-payment of any Taxes, assessments or like charges; and

(iv) do all other acts reasonably necessary to execute and implement the Development and to maintain the Properties of Amalco and Baffinland.

(d) The Operator shall:

(i) apply for all necessary permits, licences, leases, concessions, and approvals, as reasonably directed by the Operating Committee;

(e) The Operator shall prosecute and defend all litigation or administrative proceedings arising out of Operations under and at the direction of the Operating Committee; *provided, further*, that the Operator shall not initiate any such litigation or administrative proceedings without the consent of the Operating Committee.

(f) The Operator shall obtain and maintain appropriate insurance coverage for the benefit of Amalco and Baffinland, having regard to the Operator's potential liability as well as the liabilities of the Shareholders and Limited Partners, as approved by the Operating Committee acting reasonably from time to time or, to the extent that the Operator considers in good faith that the insurance approved by the Operating Committee is not adequate to cover the Operator in respect of the obligations imposed on it under the terms of this Agreement, that Operator shall obtain and maintain such insurance as may be reasonably determined by the Operator.

(g) The Operator may not dispose of or Transfer any of the Properties of Amalco or Baffinland other than in accordance with the Definitive Agreements and as directed in writing by the Operating Committee.

(l) The Operator shall invest all excess funds related to a Capital Call for the benefit of Baffinland, in accordance with Section 9.2 of the Limited Partnership Agreement.

(m) The Operator shall cause two (2) of its Senior Officers to be reasonably available for informal meetings with representatives of Amalco to discuss any issues regarding the management and operation of the Mary River Project.

(n) The Operator shall assist the Project Finance Committee (as defined in the Shareholders Agreement) of Amalco in executing its mandate as set forth in Section 5.1 of the Shareholders Agreement.

(o) At all reasonable times, the Operator shall provide the Operating Committee, upon the request of the Operating Committee, access to, and the right to inspect and copy all maps, drill logs, core tests, reports, surveys, analyses, production reports, operations, technical, accounting and financial records (including those records required to be maintained by the Operator under Section 8.4 of the

Shareholders Agreement), and other information acquired in Operations and, upon reasonable notice, at the Operating Committee's sole risk and expense, and subject to reasonable safety regulations, to inspect the assets and Operations at all reasonable times, so long as the inspecting party does not unreasonably interfere with Operations.

(p) The Operator shall provide such assistance to the Marketing Agent as the Marketing Agent may reasonably request in order that the Marketing Agent may discharge its obligations pursuant to the Marketing Agreement.

(q) Subject to Section 12.3 of the Limited Partnership Agreement and Article 14 of the Shareholders Agreement, upon and subject to direction of the Operating Committee, the Operator shall administer a contingency fund on behalf of Amalco and Baffinland (the "**Contingency Fund**") to cover the costs of reclamation and closure activities (including compliance with applicable environmental laws) required by applicable laws and resulting from Operations. If any Financial Assurance Obligation (as defined in the Limited Partnership Agreement) of any Expired Party (as defined in the Limited Partnership Agreement) expires without renewal and as a result all or any portion of the reclamation bond posted in respect of the Mary River Project is cashed, the Operator shall, to the extent that Amalco or Baffinland has sufficient excess cash, proceed without delay to arrange a new reclamation bond in an amount equal to the cashed bond to be posted by Amalco, Baffinland or any Limited Partner in accordance with Section 12.3 of the Limited Partnership Agreement or Amalco or any Shareholder in accordance with Article 14 of the Shareholders Agreement.

(r) In the event the Operator seconds any of its personnel or the personnel of any of its Affiliates to stand as a Senior Officer of Amalco and/or Baffinland, Amalco and Baffinland shall do all things and take all steps necessary to repose such seconded personnel with all of the power and authority appropriate for the position that such Senior Officer holds, including to repose such seconded personnel with signing authority over: (i) bank accounts; and (ii) any internal accounting control procedures used by Amalco or Baffinland to approve payments made by Amalco or Baffinland, as the case may be.

(s) The Operator shall adopt the compliance policies, including safety, health and environmental policies, social responsibility policies, cash and investment management policies and emergency response policies, which shall be based on the corresponding policies of Guarantor and shall reflect Amalco's reasonable comments thereon to the extent that those comments are not inconsistent with the foregoing policies; *provided* that such policies shall comply with applicable laws. After such compliance policies are adopted, the Operator shall, from time to time, propose amendments to such policies to keep them current with Guarantor's corresponding policies and international mining standards and practices. Amalco and Baffinland shall adopt the agreed upon forms of compliance policies and the Operator shall, and shall cause all of its agents, contractors and subcontractors to, comply with all such policies in providing Services.

(t) The Operator shall undertake all other activities and take such other actions as may be reasonably necessary to fulfill the foregoing.

(u) The Operator shall not be in default of its duties under this Agreement if its inability to perform results from the failure of Amalco or Baffinland or the Operating Committee to perform acts or to pay amounts required of it by, pursuant to or otherwise as a result of this Agreement, the Shareholders Agreement or the Limited Partnership Agreement.

(v) Save to the extent specifically contemplated in the Accounting Procedures, the Operator (and its Affiliates, as the case may be) shall provide all ordinary course administrative services, use of the corporate infrastructure, and other general services, including in-house legal, accounting, human resources, insurance, Taxes, payroll, data processing and employee benefit administration functions, as well as payment of office rents, office supplies and other expenditures made for the benefit of the work performed by Persons in those functions.

1.0 BACKGROUND

Whereas:

A. Pursuant to the *Nunavut Land Claims Agreement* (*NLCA)* [since 2016, referred to as the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada* (*Nunavut Agreement*)], the Nunavut Impact Review Board (Board or NIRB) has completed a review of the potential ecosystemic and socio-economic effects of the Mary River Project Proposal, NIRB No. 08MN053 (Mary River Project or Project);

B. Following the issuance of the Project Certificate, Baffinland Iron Mines Ltd. (Baffinland or the Proponent) applied to the NIRB to conduct further assessment and reconsideration of the terms and conditions in the Project Certificate to reflect additional activities to be carried out under the Early Revenue Phase Proposal and the Board determined that it was appropriate to assess the potential ecosystemic and socio-economic effects of the Early Revenue Phase Proposal and reconsider whether, under Section 12.8.2 of Article 12 of the NLCA, modifications to the terms and conditions of the original Project Certificate were necessary to reflect the projected effects of the Early Revenue Phase Proposal. On May 20, 2014, the Early Revenue Phase was approved to proceed when the terms and conditions of Amendment 001 to the Project Certificate were issued.

C. Following the approval of the Early Revenue Phase, the Proponent subsequently requested the NIRB conduct additional assessment and reconsideration of the terms and conditions in the Project Certificate to reflect the further modification of the Project as described in the Proponent's proposals:

- "Production Increase Proposal" - The Board determined that it was appropriate to conduct further assessment of the potential ecosystemic and socio-economic effects of the Production Increase Proposal and initiated a reconsideration of the terms and conditions of the existing Project Certificate pursuant to the *Nunavut Agreement* and the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*). On October 30, 2018 the Production Increase Proposal was approved to proceed until December 31, 2019 by the Minister of Intergovernmental and Northern Affairs when the Board issued the terms and conditions of Amendment 002 to the Project Certificate.
- "Extension Request to the Production Increase Proposal" - In late 2019, following delays in the Board's consideration of additional changes to the Project as proposed in the Phase 2 Development Proposal, Baffinland subsequently applied to request a one-year extension to the Production Increase Proposal under the Extension Request to the Production Increase Proposal. The NIRB conducted a further reconsideration of the ecosystemic and socio-economic effects of the Extension Request to the Production Increase Proposal and the NIRB recommended that the extension to the term of the Production Increase Proposal be granted for a further period of up to two years, until December 31, 2021. The Minister of Northern Affairs accepted the Board's recommendation and authorized the Extension Request to the Production Increase Proposal to proceed under Amendment 3 of the Project Certificate and varied Terms and Condition 179(c) and 183 of the amended Project Certificate No. 005.
- "Production Increase Proposal Renewal" - Due to various circumstances, including the global COVID-19 pandemic, the Board's assessment of the Phase 2 Development Proposal and the Minister's decision-making for the file were not completed by December 31, 2021. In response, in June 2022 Baffinland submitted the Production Increase Proposal Renewal, which requested a short-term renewal (to December 31, 2022) of the increased level of transportation and shipping of ore via Milne Port (6 million tonnes per year (Mtpa)) originally authorized by the Minister in 2018. On October 4, 2022 the Responsible Ministers approved the Production Increase Proposal Renewal to proceed in accordance with several varied and added terms and conditions to the Project Certificate included under Amendment 4 of the Project Certificate. The Minister approved the revision to Terms and Conditions 179 (a) and (b) recommended by the Board, and the Minister varied Term and Condition 49, 77, 183 and added five (5) additional Terms and Conditions (185-189).

- "Sustainable Operations Proposal" - Following completion of the Phase 2 Development Proposal which did not result in a change to the Project Certificate, on March 23, 2023 Baffinland submitted the Sustaining Operations Proposal to the Board requesting a 2-year allowance for the transportation and shipping up to 6Mtpa of iron ore, until December 31, 2024. On October 17, 2023, the Responsible Ministers approved the Sustaining Operations Proposal, agreeing with the revised terms and conditions 28, 35, 76, 82, 83 (a), 85, 99, 101, 150, 179 (a) and (b) outlined in the Board's Reconsideration Report and Recommendations as Amendment No. 005 to Project Certificate No. 005.

D. During the course of the Board's assessment of the Mary River Project, and subsequent modifications to the Project, the Board has considered the list of commitments made by Baffinland throughout these processes to be of critical importance to addressing the technical issues and concerns of various parties. the Board has every expectation that the Proponent will fulfill all the commitments made during the NIRB's assessment processes not just the commitments that are expressly included as terms and conditions in this Project Certificate or included in Appendix B to the Project Certificate (updated for Amendment 4 and 5);

E. The Board has determined, pursuant to Sections 12.5.5 and 12.8.2 of Article 12 of the NLCA, that, taking into account the implementation of the measures necessary to prevent or mitigate the potential adverse environmental and socio-economic effects associated with the Project and set out as terms and conditions in this Project Certificate (as amended), the Mary River Project, and subsequently, the Early Revenue Phase Proposal, Production Increase Proposal, Extension Request to the Production Increase Proposal, Production Increase Proposal Renewal, and Sustaining Operations Proposal are not likely to cause significant adverse ecosystemic and socio-economic effects;

F. The Board has found, pursuant to Sections 12.5.5 and 12.8.2 of Article 12 of the NLCA and taking into account all matters relevant to its mandate including Section 12.2.5, that the Mary River Project, and subsequently, the Early Revenue Phase Proposal, the Production Increase Proposal, Extension Request to the Production Increase Proposal, Production Increase Proposal Renewal and the Sustaining Operations Proposal will enhance and protect the existing and future well being of the residents and communities of the Nunavut Settlement Area, taking into account the interests of other Canadians;

G. The Minister of Aboriginal Affairs and Northern Development Canada (the Minister at the time) accepted the NIRB Final Hearing Report for the Mary River Project (September 2012), the NIRB Public Hearing Report for the Early Revenue Phase Proposal (April 2014) and the recommended terms and conditions contained in those Reports that are now included in the Project Certificate (as amended), subject to the Minister's direction to modify specific recommended terms and conditions as set out in the Minister's April 28, 2014 correspondence. With respect to the Production Increase Proposal, the Minister of Intergovernmental and Northern Affairs and Internal Trade (the Minister at the time) in the Minister's decision dated September 30, 2018 accepted the Board's recommendation to allow the camp upgrade and expansion of the Fuel Storage Facility at Milne Port. However, the Minister varied the Board's recommendations related to Baffinland's proposed increased transportation and shipping of ore as described in the Production Increase Proposal. The Minister's variance to the Project Certificate allowed for the additional transport and shipping of ore through Milne Inlet until December 31, 2019 subject to revised and new terms and conditions in the Mary River Project Certificate, which was later issued by the Board on October 30, 2018 as Amendment 2. With respect to the Extension Request to the Production Increase Proposal, on May 22, 2020 the Minister of Northern Affairs (the Minister at the time) agreed with the determination within the NIRB's Reconsideration Report and Recommendations for the Extension Request, and accepted the Board's recommended amendments to the Project Certificate, with some variations. The amended and varied terms and conditions were issued as Amendment No. 003 to the

Project Certificate. On October 4, 2022, the Minister of Northern Affairs, on behalf of the Responsible Ministers provided notice under s. 112(9) of the *NuPPAA* that the Ministers had accepted the NIRB's Reconsideration Report and Recommendations for the Mary River Production Increase Proposal Renewal. The Minister approved the Board's recommended amendments to the Project Certificate, varied and added several terms and conditions. The amended, varied and new terms and conditions were issued on November 3, 2022 as Amendment No. 004 to the Project Certificate. On October 17, 2023, the Minister of Northern Affairs, on behalf of the Responsible Ministers provided notice under s. 112(9) of the *NuPPAA* that the Ministers had accepted the NIRB's Reconsideration Report and Recommendation for the Mary River Project's Sustaining Operations Proposal. The Minister approved the Board's recommended amendments to the Project Certificate. The amended terms and conditions were issued on November 17, 2023 as Amendment No. 005 to the Project Certificate; and

H. Recognizing the importance of co-ordination, integration and avoiding duplication with other monitoring requirements in permits, licences and other authorizations, the project-specific monitoring program, provided as Appendix A to this Project Certificate (as amended), will be issued in final form after key regulatory authorizations, including land use permits, water licences and mineral leases, are issued for the Mary River Project, the Early Revenue Phase Proposal, Production Increase Proposal, Extension Request to the Production Increase Proposal, Production Increase Proposal Renewal, and Sustaining Operations Proposal activities.

Now therefore, the Nunavut Impact Review Board pursuant to Sections 12.5.12 and 12.8.3 of Article 12 of the Nunavut Land Claims Agreement, and *Nunavut Agreement* (as applicable to the Production Increase Proposal, and Extension Request to the Production Increase Proposal, Production Increase Proposal Renewal, and the Sustaining Operations Proposal), also pursuant to Section 112 of the *Nunavut Planning and Project Assessment Act,* S.C. 2013, c. 14, s. 2, issues this amended Project Certificate for the Mary River Project, including the Early Revenue Phase Proposal, the Production Increase Proposal, the Extension Request to the Production Increase Proposal, the Production Increase Proposal Renewal, and the Sustaining Operations Proposal to Baffinland Iron Mines Corporation, subject to the terms and conditions contained herein.

2.0 PROJECT DESCRIPTION

The Mary River Project (the Project) as originally proposed consisted of mining iron ore from the reserve at Deposit No. 1 at a nominal production rate of 18 Million tons per year (Mt/a). The Project includes the extended exploration, construction, operation, closure, and reclamation of an open-pit mine and associated infrastructure for extraction, transportation and shipment of iron ore. There are 3 main project locations – the mine site, Milne Port north of the mine site, and Steensby Port south of the mine site. Milne Port is connected to the mine site by the Milne Inlet Tote Road, approximately 100 kilometers (km) in length.

The Mary River Early Revenue Phase (ERP) Proposal is an amendment to the Mary River Project, that involves the extraction of up to an additional 4.2 million tonnes per year (Mt/a) of iron ore from the Mary River mine site, which will be transported by truck along the Milne Inlet Tote Road and shipped from Milne Port to European markets during the open water season. The ERP is in addition to the Mary River Project as originally proposed and outlined above.

The ERP construction phase is expected to last two years, with ERP operations to continue for the duration of the mine life (i.e., 21 years), running in conjunction with the Mary River Project as originally proposed.

The Mary River Project as originally proposed included construction of a railway approximately 150 kilometers (km) in length to connect the Mine Site to Steensby Port.[1] For the construction period, supplies and equipment required for construction at the Mine Site and the northern portion of the Railway would be received through Milne Port. Likewise, construction equipment and supplies for Steensby Port and the southern portion of the Railway would be received at Steensby Port.

It was expected that Steensby Port facilities and the railway would take up to four years to construct. During construction, supplies would be brought to both Milne Port and Steensby Port during the open water season. Once the railway is operational, 18 Mt/a of iron ore will be transported by Railway and shipped from Steensby Port. Shipping of iron ore will occur year round and will require vessels with icebreaking capabilities. When Steensby Port is operational, Milne Port will only be used occasionally for the delivery of oversized equipment for the Mine Site. The main destination for the iron ore is European steel makers.[2]

The ERP Proposal involves, in addition to the extraction of up to an additional 4.2 million tonnes (Mt) per year of iron ore from the Mary River mine site and transportation of this ore via the Milne Inlet Tote Road to Milne Port noted above, the development of additional infrastructure at Milne Port. The additional infrastructure will include the construction of a fixed ore dock, 4.2 Mt ore stockpile and reclaim area, 3500 tonnes per hour ship loaders, camp expansion to accommodate 60 workers and the extension and relocation of the airstrip to the west of the proposed ore stockpile. The shipment of ore from Milne Port to markets in Europe will be undertaken during the open water season only using contract vessels of approximately 50,000 deadweight tonnage (DWT) to 110,000 DWT.

In early 2018, Baffinland identified that the road haulage limit of 4.2 million tonnes per year (Mt/a) established by Term and Condition 179(b) of the Project Certificate had been exceeded in 2017 by approximately 7.5% with 4.54 Mt of ore being shipped to Milne Port via the Tote Road in 2017. On April 30, 2018 the NIRB received the "Production Increase, Fuel Storage and Milne Port Accommodations Modification Proposal" (Production Increase Proposal) from Baffinland requesting amendment of Conditions 179(a) and 179(b) of the Mary River Project Certificate No. 005 to allow for an increase from 4.2 Mt/a to 6 Mt/a in the maximum volume of ore trucked from the Mary River mine site to Milne Port via the Tote Road and shipped to market. The Production Increase Proposal also requested approval of two additional changes to the Project: the addition of a 15 ML diesel fuel tank within the existing Fuel Storage Facility at Milne Port, and installation of a new 380-person accommodation at Milne Port.

On August 31, 2018 the NIRB issued its Reconsideration Report and Recommendations in respect of the changes to the Project associated with the Production Increase Proposal. While the Board recommended approval of the fuel increase and installation of new accommodations at Milne Port, it did not recommend that the production increase be allowed to proceed based on concerns and uncertainty associated with potential impacts on air quality and terrestrial wildlife arising from dust emissions associated with the additional road haulage of ore and the potential for effects on the marine environment, marine mammals and fish and Inuit harvesting associated with increased shipping of ore at Milne Port.

[1] The proposed alignment of the Railway was provided as an exhibit at the Final Hearing; see NIRB Final Hearing File No.: 08MN053, Exhibit #3, Cover Letter and Map book From Baffinland to the Nunavut Planning Commission With Respect to the Mary River Railway Corridor On Inuit Lands, Baffinland Iron Mines Corporation, filed by Baffinland on July 16, 2012.

[2] For a more detailed description of the Project, see the Project Description as provided in the Final Environmental Impact Statement filed by Baffinland Iron Mines Corporation, NIRB File No.: 08MN053, February 14, 2012.

On September 30, 2018 the Ministers of Intergovernmental Affairs, Northern Affairs and Internal Trade and Crown-Indigenous Relations, on behalf of the Responsible Ministers (the Ministers) accepted the Board's recommendation to allow the fuel increase and installation of new accommodation at Milne Port without amendment to the Project Certificate. The Ministers also decided to allow the increased transportation of ore to Milne Inlet and associated shipping increase for a limited time, to the end of the 2019 shipping season, until the assessment of Baffinland's "Phase 2 Development Proposal" amendment is completed by the NIRB and relevant Ministers. Under Section 112(6)(b) of the *Nunavut Planning and Project Assessment Act,* S.C. 2013, c. 14, s. 2 (*NuPPAA)* the Ministers therefore recommended varying term and condition 179(a) and (b) as noted below for Amendment 2 of this Project Certificate. In addition, reflecting the NIRB's concerns regarding the potential for ecosystemic effects in respect of air emissions along the Tote Road, the Ministers also recommended varying term and condition 10. Reflecting the Board's concerns about the potential for effects associated with increased ore shipping on the marine environment, under Sections 112(6) and (7), the Ministers directed the addition of three new terms and conditions: term and condition 179(c), term and condition 183 and term and condition 184.

Following the NIRB's suspension of the November 2019 Public Hearing associated with the assessment of Baffinland's Phase 2 Development Proposal, on December 6, 2019 Baffinland submitted a request for a one-year extension of the Production Increase Proposal (from December 31, 2019 to December 31, 2020) to both the Nunavut Planning Commission and the NIRB. The scope of Baffinland's Extension Request to the Production Increase Proposal included the request to further modify terms and conditions 179(a) and 179(b) of Project Certificate No. 005 to continue the temporary shipping of up to 6 million tonnes of ore through Milne Inlet for another year until the assessment of the Phase 2 Development Proposal completed. After considering the Minister's previous direction as well as the monitoring of impacts from the previously-approved Production Increase Proposal activities and progress of the Phase 2 Development Proposal assessment, the Board recommended approval of the Expansion Request for the Production Increase Proposal for a period of two years until December 31, 2021, subject to updates to the wording of term and condition 183 to address parties' concerns. On May 22, 2020, the Minister of Northern Affairs, on behalf of the Responsible Ministers accepted the Board's recommendation to allow the Extension Request to the Production Increase Proposal. The Ministers also recommended varying terms and conditions 179(c) and 183 to include the requirement that bi-annual performance audits be produced by Baffinland at regular intervals and to allow Fisheries and Oceans Canada and other Working Group members with a more effective role in the management and the mitigation of potential adverse impacts to the marine environment, especially to marine mammals, while still allowing for the increased level of shipping as proposed.

The Board's assessment and Minister's decision-making associated with Baffinland's Phase 2 Development Proposal was not completed by December 31, 2021. As a result, on June 13, 2022 the NIRB received a complete application from Baffinland for the Production Increase Proposal Renewal seeking a short-term renewal of the Production Increase Proposal levels of transportation and shipping until December 31, 2022. The Board conducted the assessment of the Production Increase Proposal Renewal as a reconsideration that did not require a Public Hearing. Following the receipt of oral and written comments, the Board provided its Reconsideration Report and Recommendations to the Responsible Ministers on September 22, 2022 indicating that the project should be approved to proceed until December 31, 2022 and recommending that terms and conditions 179 (a) and (b) be amended to allow the activities. The Responsible Ministers accepted the Board's recommendation on October 4, 2022 and in addition to accepting the Board's recommended amendment to terms and conditions 179(a) and (b) further varied terms and conditions 49, 77, and 183 and added new terms and conditions 185-189.

On March 16, 2023, Baffinland submitted the Sustaining Operations Proposal to the Board requesting to modify the Terms and Conditions 179 (a) and (b) allowing Baffinland to truck and ship up to 6.0 Mt/a using the Northern Transportation Route. Baffinland further requested Operational Flexibility[3] allowing them to ship up to 6.9 Mt/a for the sole purpose of removing stranded ore that remained on the stockpile owing to adverse weather and shipping conditions in previous years. The Board conducted the assessment of the Sustaining Operations Proposal as a reconsideration with a technical review in writing followed by an in-person community roundtable. Following the receipt of oral and written comments, the Board provided its Reconsideration Report and Recommendations to the Responsible Ministers on September 13, 2023 indicating that the project should be approved to proceed until December 31, 2024 and recommending that terms and conditions 28, 35, 76, 82, 83 (a), 85, 99, 101, 150, 179 (a) and (b) be amended to allow the activities. The Responsible Ministers accepted the Board's recommendation on October 17, 2023.

3.0 IMPLEMENTATION

This Project Certificate is implemented by authorizing agencies in accordance with the reviewability section of the NLCA (Section 12.9.7):

> "A licence, permit, certificate or other governmental approval which implements or incorporates any term or condition of a NIRB project certificate may not be called into question in a court of law on the grounds that the issuing agency thereby fettered its discretion or otherwise acted without jurisdiction, when implementing any term or condition of a NIRB project certificate."

If the Qikiqtani Inuit Association or other Designated Inuit Organization, or person or body that would normally have standing has concerns that any term or condition is not being implemented, these parties may seek a determination before the appropriate court regarding whether or not the terms and conditions in the project certificate have been implemented.[4]

3.1 Overview of NIRB Monitoring Program

As set out in Sections 12.7.1 and 12.7.2 of Article 12 of the NLCA the NIRB has the jurisdiction to establish a project-specific monitoring program to: measure the ecosystemic and socioeconomic effects of a project; assess whether the project is in compliance with the prescribed project terms and conditions; share information with regulatory agencies to support the enforcement of land, water or resource use approvals and agreements; and to assess the accuracy of predictions contained in the environmental impact statements. Given the Board's application of the precautionary approach to several aspects of the assessments for the Mary River Project and the Early Revenue Project Proposal, in the Board's view project-specific monitoring will play a crucial role in addressing the uncertainty regarding project effects and enabling all parties to adapt mitigation measures on an ongoing basis to ensure the Project's negative effects are prevented or limited to the extent possible.

The role of the Board with respect to the establishment of monitoring programs is to focus the terms and conditions in relation to the Project. With respect to existing or future general regional and territorial monitoring programs that may include some of the same monitoring parameters/indicators as the

[3] During the Community Roundtable in Pond Inlet on August 1-2, 2023, Baffinland committed to limiting the excess shipment of ore to 0.9 Mt/a, resulting in no more than 6.9 Mt/a being shipped in 2023 and 2024.
[4] See Section 12.10.5 of the NLCA

project-specific monitoring program, the NLCA also directs the NIRB to avoid duplication but facilitate co-ordination and integration between the project-specific monitoring programs required by the NIRB and more general programs and initiatives such as the Nunavut General Monitoring Plan.[5] Where the requirements of regional or territorial programs are more extensive or substantively different than those established through the Project Certificate (as amended), at all times the Proponent must ensure compliance with the Project Certificate terms and conditions (and any subsequent amendments).

In order to co-ordinate, integrate and avoid duplication with other monitoring programs, but also to ensure that the NIRB's project-specific monitoring program yields the information required to measure effects and adequately assess compliance with terms, conditions, regulatory instruments and agreements, the NIRB's monitoring program will continue to be developed through consultation with responsible authorities, the resource and land owners and the proponent as the remaining regulatory instruments for the Project are developed. Following the issuance of this Project Certificate (as amended) by the NIRB, the framework for a project-specific monitoring program will be developed and will be provided in draft form as Appendix A to the Project Certificate. As noted in the Preamble, this framework cannot be issued in final form until key regulatory authorizations, including land use permits, water licences, mineral leases, etc. are issued so that the monitoring program supplements and supports but does not duplicate the monitoring requirements in regulatory and land use instruments[6]. Prior to finalization, the Proponent will be required to comply with all aspects of the draft framework as directed by the NIRB.

The Board's Reconsideration Report and Recommendations for the Extension Request to the Production Increase Proposal included additional requirements to allow for the specific activities approved under the Extension Request to the Production Increase Proposal to fully meet the requirements of the Project Certificate terms and conditions, and to ensure that potential adverse impacts to the environment are adequately mitigated and continue to align with the Project Stabilization Approach. Specifically, Baffinland was required to submit the following monitoring and reporting updates that reflect the approved changes and activities associated with the Extension Request proposal:

1. Marine Shipping Report: Baffinland shall submit a Marine Shipping and Vessel Management Report to the NIRB prior to the commencement of the shipping season informing the Board of the following:
   - Anticipated number of ship transits along the approved shipping route;
   - Identification of specific areas to be used for drifting and anchorage of vessels with details of how community feedback and comments from the Marine Environment Working Group (MEWG) has been used to inform the selection of suitable areas;
   - Timeline for organizing pre- and post-shipping meetings with the community;
   - Plans for preventing or mitigating vessel interference with marine mammals and traditional hunting activities pursuant to term and condition 125(a) of the Project Certificate;
   - Evidence of community involvement to review preliminary results of the monitoring programs, and to compare results with experiences of community members and hunters with respect to the marine environment and marine mammals during the shipping season; and

[5] See the discussion in Section 5.10.3 of the report and Sections 12.7.4 and 12.7.5 of the NLCA.
[6] As Baffinland's request for reconsideration of the Project Certificate to reflect the Early Revenue Phase Proposal was received by the Board less than a month following the issuance of the original Mary River Project Certificate, the NIRB had deferred developing the monitoring framework for the Mary River Project as originally proposed until the permits and amended licenses associated with the Early Revenue Phase Proposal activities were issued.

- Evidence of reporting new or non-native species identified as a result of Aquatic Invasive Species Monitoring, to the Mittimatalik Hunters and Trappers Organization (MTHO) and Fisheries and Oceans Canada (DFO) with confirmation of whether or not this species had been observed in the past or through other community or regional monitoring initiatives.

2. Tote Road Monitoring Program: Baffinland shall submit to the NIRB results of its Tote Road Monitoring Program designed to monitor for potential Project sedimentation impacts on surface water. The report must include:
   - a detailed review of the data collected and indication of whether there are any observed Project-related increases to Total Suspended Solids in surface water as a result of the increased use of the Tote Road, and
   - an assessment of whether dust management and mitigation measures committed to are functioning as intended to manage dust emissions along the road and sedimentation impacts on surface water as a result of the potential increase of Project-generated dust deposition associated with the production increase.

3. Management Plans: The Proponent shall ensure all relevant management plans are updated to reflect the scale and scope of the Extension Request to the Production Increase Proposal and potential impacts, including but not limited to:
   - Waste Rock Management Plan;
   - Air Quality and Noise Abatement Management Plan;
   - Dust Management and Monitoring Plan;
   - Shipping and Marine Wildlife Management Plan;
   - Tote Road Monitoring and Management Plan;
   - Greenhouse Gas Reduction Plan and Climate Change Strategy;
   - Spill Contingency Plan;
   - Freshwater, Sewage and Wastewater Management Plan, and
   - Milne Port Oil Pollution Emergency Plan.

As part of an adaptive management strategy, these updates should consider additional analysis and effects predictions resulting from the Proponent's commitments made during the assessment process and ongoing monitoring programs and should incorporate feedback from consultation with regulators, community members and other interested parties. The updates should supplement, but not duplicate, any associated requirements of the terms and conditions of the Project Certificate.

In its decision on the Sustainable Operations Proposal, the Board provided clarity on requirements for coordination and monitoring, through highlighting two types of updates expected: first to acknowledge any additional monitoring that may be associated with Baffinland's responses to the findings of the Dust Audit Committee; and providing direct changes/clarifications to monitoring programs under the revisions to Project Certificate Terms and Conditions #35, #76, #82, #83(a), #85, #99 and #101. The Board also noted the expectation that as the roles, responsibilities, and reporting structure of the interim Project Monitor are established under Term and Condition #189 (which was added to the Project Certificate in Amendment #4 in 2022 by the Responsible Ministers in their approval of the Production Increase Proposal Renewal project proposal) Baffinland will be adding to the monitoring program to reflect specific commitments provided during the Board's assessment of the Production Increase Proposal Renewal and the Sustaining Operations Proposal listed in Appendix B of the Project Certificate. Further, the Board expected the Proponent to also incorporate Inuit-specific indicators and thresholds into Baffinland's existing monitoring program as they are developed.

The Board encourages Baffinland to remain in regular communication with the NIRB and regulatory authorities responsible for Project oversight, to ensure compliance with the requirements of the NIRB Project Certificate No. 005 (as amended over time) and the various licences, permits and approvals issued for the Project.

3.2 General Principles of Interpretation Applicable to Terms and Conditions:

In order to view the project-specific terms and conditions set out within this amended Project Certificate in the appropriate context, the following general principles of interpretation apply to the Project Certificate in its entirety, with all terms and conditions being interpreted in accordance with:

a. The NIRB's Final Hearing Report (namely NIRB File No.: 08MN053, Final Hearing Report for the Mary River Project Proposal, September 14, 2012; available from the NIRB's registry);

b. The NIRB's Public Hearing Report (namely NIRB File No.: 08MN053, Public Hearing Report for the Mary River Project: Early Revenue Phase Proposal, March 17, 2014) and the variances to the amended terms and conditions recommended in the Public Hearing Report as set out in the April 28, 2014 letter from the Minister of Aboriginal Affairs and Northern Development (both available from the NIRB's registry);

c. The NIRB's Reconsideration Report and Recommendations for the Production Increase Proposal (namely NIRB File No.: 08MN053, Reconsideraton Report for the Production Increase Proposal, August 31, 2018) and the variances to the amended terms and conditions recommended in the Reconsideration Report as set out in the letter dated September 30, 2018 from the Minister of Intergovernmental, Northern Affairs and Internal Trade (both available from the NIRB's registry);

d. The NIRB's Reconsideration Report and Recommendations for the Extension Request to the Production Increase Proposal (namely NIRB File No.: 08MN053, Reconsideraton Report for the Extension Request to the Production Increase Proposal, March 4, 2020) and the variances to the amended terms and conditions recommended in the Reconsideration Report as set out in the May 22, 2020 letter from the Minister of Northern Affairs (both available from the NIRB's registry);

e. The NIRB's Reconsideration Report and Recommendations for the Production Increase Proposal Renewal (namely NIRB File No.: 08MN053, Reconsideration Report and Recommendations for Baffinland's Production Increase Proposal Renewal, September 22, 2022) and the variances and additions to the amended terms and conditions recommended in the Recommendation Report as set out in the October 4, 2022 letter from the Minister of Northern Affairs (both available on the NIRB's registry);

f. The NIRB's Reconsideration Report and Recommendations for the Sustaining Operations Proposal (namely NIRB File No.: 08MN053, Reconsideration Report and Recommendations for Baffinland's Sustaining Operations Proposal, September 13, 2023 and the variances and additions to the amended terms and conditions recommended in the Recommendation Report as set out in the October 17, 2023 letter from the Minister of Northern Affairs (both available on the NIRB's registry);

g. The rights, responsibilities, authorities and jurisdiction granted under the Nunavut Land Claims Agreement (NLCA),[7] and, as applicable, the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*);

h. The limits and obligations imposed under laws of general application applicable to the Proponent or any party referred to in the term and condition, as those laws may be amended over time (e.g. privacy legislation, worker's health and safety, etc.);

i. The specific jurisdictional and policy limits applicable to authorizing agencies, Nunavut Tunngavik Incorporated, the Qikiqtani Inuit Association, or other regulatory authority with jurisdiction in respect of the Project;

j. Where terms and conditions include specific references to items that must be taken into consideration or included in work plans, etc. these specific references are intended to establish minimum expectations but are not intended to limit the Proponent or prevent the Proponent from undertaking additional measures beyond those expressly prescribed in such terms and conditions; and

k. As noted in the Final Hearing Report, the Public Hearing Report for the Early Revenue Phase, and the Reconsideration Reports and Recommendations for the Production Increase Proposal, Extension Request to the Production Increase Proposal, Production Increase Proposal Renewal, and the Sustaining Operations Proposal for those items where a more stringent version of the precautionary principle has been applied, it is the Board's expectation that the adaptive management strategies chosen will be highly responsive to early warning signs that risks may materialize, and that rather than waiting for impacts to be noted before mitigation measures are triggered, thresholds and triggers will be set to require responses long before adverse impacts are likely.

3.3 Format of Terms and Conditions:

Wherever possible, the NIRB has used the following format for the project-specific terms and conditions set out within this Project Certificate, so as to provide clear direction on the intended application, objectives and reporting requirements:

Category: Identifies the relevant environmental component or project activity to which the term and condition applies. Wherever possible categories have been labelled so as to directly associate back to the Final Environmental Impact Statement / Addendum and Environmental Impact Statement Guidelines prepared for the Project.

Responsible Parties: Identifies the parties responsible for implementation of the term and condition. While this is generally the Proponent, at times other agencies have been implicated as appropriate.

Project Phase: Identifies the phase(s) of Project development to which the term and condition is applicable. Project phase may include any one or more of the following:

- Construction – includes site preparation and staging of materials and equipment in advance of construction

[7] Since 2016, referenced as the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada* (*Nunavut Agreement).*

- Operations
- Temporary Closure /Care and Maintenance
- Closure and Post-Closure Monitoring – includes abandonment, decommissioning and reclamation

Objective: Provides a short description of the impact or effect being mitigated. Where relevant, expectations regarding the timing for when terms and conditions will be deemed to be satisifed (i.e. sunset clause), as well as who has discretion for determining when the term or condition is satisfied has been provided.

Term or Condition: Provides specific direction on the required action or follow up. In most instances the NIRB has endeavoured to use generalized wording to allow for maximum flexibility in achieving the stated objective, however more explicit direction has been provided where deemed necessary.

***Varied* Term or Condition:** Where the Minister has varied the Board's recommendations for a Term or Condition, the Board has identified the Varied Term or Condition, with deletions to the Term or Condition identified by strike through text and additions to the text identified in bold and underlining.

REVISED Term or Condition: Where, upon reconsideration, the Board has recommended an amendment to the Terms and Conditions in the Project Certificate and the Minister has accepted the Board's recommendation, the Board has added the revision to the original Term and Condition, and identified the Term or Condition as REVISED; deletions to the Term or Condition are identified by strikethrough text and additions to the text are identified in bold and underlining. Upon issuance of an amendment to the Project Certificate, the Proponent is required to comply with the text of the REVISED Term or Condition.

NEW Term or Condition: Where, upon reconsideration, the Board has recommended that the Project Certificate be amended by adding a new Term and Condition and the Minister has accepted the Board's recommendation, the Board has added the Term or Condition to the relevant section, and has identified the Term or Condition as NEW. Upon issuance of an amendment to the Project Certificate, the Proponent is also required to comply with any NEW Terms or Conditions added to the Project Certificate.

Note in Amendment 5: The Board's revisions to the Terms and Conditions from the Report are identified in ***bold and underlined, or bold, underlined and struck-through, black text****.*

Reporting Requirements: Sets out any specific reporting parameters required to measure achievement of objectives or to demonstrate compliance, as well as the required frequency of reporting. Consideration will be given to coordination of Project Certificate reporting requirements with reporting requirements as established by other regulatory instruments associated with the Project.

It should be noted that, for some of the recommended terms and conditions, a non-binding Commentary section has also been added following the specific term and condition as an aid to interpretation. The Commentary section reflects clarification of the term and condition, recording the common understanding and interpretation resulting from discussions and guidance provided at the Project Certificate Workshops held in Iqaluit on December 18-19, 2012 and held by teleconference on May 21, 2014. The Commentary section is offered as a reference only and is not legally binding; in the event of a conflict between the wording in the Project Certificate and the clarification provided in the Commentary, the express wording of the Project Certificate prevails.

3.4 Flexibility

It is acknowledged that the NIRB's monitoring program will have varying requirements over the course of the Project lifecycle, and that monitoring requirements will apply from construction to eventual abandonment and reclamation. In areas where there may be a need for flexibility in relation to the terms and conditions of the Project Certificate or their application, the NIRB has endeavoured to reflect this in the associated language and/or acknowledge that objectives may be achieved through various means.

The NIRB retains the ability to give additional clarification or direction on an ongoing basis through its Monitoring Officer, with respect to compliance requirements for the Project. Upon request by the Proponent or other parties, the NIRB can provide additional clarification or direction regarding implementation of Project Certificate terms and conditions.

Where the objective of a Project Certificate term or condition can be achieved through more efficient alternate means, the Proponent is encouraged to consult with the NIRB (and other parties as required) to seek acceptance of proposed alternatives.

The NIRB has the authority to reconsider the terms and conditions of the Project Certificate to ensure that the terms and conditions are achieving their purpose. Clearly the NIRB expects the Proponent to meet its obligations under this Project Certificate (and any subsequent amendments), however, the NIRB may revisit the Project Certificate if the NIRB determines that the terms and conditions are not achieving their purpose. In the event that the monitoring program needs to be modified to better achieve its purpose, the Board, the Proponent, the Designated Inuit Organization or other interested parties may cause the Board, under Section 12.8.2 of the NLCA to revisit the monitoring program, or any other terms and conditions in the Project Certificate.

3.5 Enforcement

As noted in Section 12.10.3, where the terms and conditions of the Project Certificate are implemented or incorporated by reference into permits, certificates, licences or other governmental approvals, the enforcement of the terms and conditions included in that authorization remains with the agency responsible for the authorization (i.e. Authorizing Agency). In addition, under Part 8, Article 12 of the NLCA, if the Board determines that these terms and conditions are not achieving their purpose for any reason, including instances of significant non-compliance, the NIRB may revisit the terms and conditions contained in the Project Certificate (and any subsequent amendments).

3.6 Proponent Commitments

A listing of commitments confirmed by the parties at the Final Hearing was provided within the NIRB's Final Hearing Report for the Project as Appendix A.[8] Although some of these commitments have provided the basis for the terms and conditions set out in the Project Certificate, others, due to various reasons, such as limits on the NIRB's jurisdiction, have not been expressly included as terms and conditions in the Project Certificate. However, as noted in the Preamble to the Certificate, even for those commitments that are not included in the Project Certificate, recognizing the importance of honouring commitments to the credibility of the Board's assessment process, it is the Board's expectation that all parties will make

best efforts to fulfill the commitments referenced in the Final Hearing, including the listing provided as Exhibit #64[9] and the listing in Appendix A: Table of Commitments attached to the Final Hearing Report.

To support transparency and accountability associated with the Proponent's commitments, the Board requests that the Proponent provide, in an annual report to the NIRB, a summary of the status of the Proponent's progress with respect to meeting the commitments set out in Appendix A of the Final Hearing Report.

REVISED Term and Condition No.	**99** ***Modified for the Sustaining Operations Proposal***
Category:	Marine Environment – Supplemental Baseline Assessments
Responsible Parties:	The Proponent, Marine Environment Working Group
Project Phase:	Construction and Operations
Objective:	To supplement and update baseline information and improve predictions for potential impacts to marine wildlife.
Term or Condition:	The Proponent, working with the Marine Environment Working Group, shall consider and identify priorities for conducting the following supplemental baseline assessments: a. This shall include the selection and identification of

	physical, chemical, and biological community/indicator components. The biological indicators shall include both pelagic and benthic species but with emphasis on relatively sedentary benthic species (e.g., sculpins). b. The collection of additional baseline data: i. in Steensby Inlet on walrus, beluga, bearded seal anadromous Arctic Char abundance, distribution ecology and habitat use; and ii. In Milne Inlet on narwhal, bowhead and anadromous Arctic Char abundance, distribution ecology and habitat use. c. This shall include, but not be limited to the following: iii. Aerial surveys for basking ringed seals throughout the landfast ice of Steensby Inlet and at an appropriate control location; iv. Shore-based observations of pre-Project narwhal and bowhead whale behavior in Milne Inlet that continues throughout operations at an appropriate frequency throughout the Proponent's ore shipping operations via Milne Inlet. Enhance the baseline for affected freshwater systems, which includes control sites to detect Project-related changes before they cause significant harm.
Reporting Requirements:	The Proponent shall provide a summary discussion of its implementation of this term and condition (including results of monitoring, adaptive management strategies, consultation, and contribution efforts) to the NIRB through the Proponent's annual monitoring report. Updated plans developed from monitoring, adaptive management, and engagement shall be provided to the NIRB throughout the monitoring year as they are finalized.

Reporting Requirements:	To be provided in the Annual Report to the NIRB.

Term and Condition No.	**104**
Category:	Marine Environment – Traffic Log and Shipping Information
Responsible Parties:	The Proponent
Project Phase:	Construction, Operations
Objective:	To prevent impacts to marine wildlife from Project shipping activities.
Term or Condition:	Subject to safety considerations and the potential for conditions as determined by the crew of transiting vessels, to result in route deviations, **a.** the Proponent shall require, for shipping to/from Steensby Port, project vessels to maintain a route to the south of Mill Island to prevent disturbance to walrus and walrus habitat on the northern shore of Mill Island. Where project vessels are required to transit to the north of Mill Island owing to environmental or other conditions, an incident report is to be provided to the Marine Environment Working Group and the NIRB within 30 days, noting all wildlife sightings and interactions as recorded by shipboard monitors. **b.** The Proponent shall summarize all incidences of significant deviations from the nominal shipping routes for traffic to/from Milne Port and Steensby Port as presented in the FEIS and FEIS Addendum to the NIRB annually, with corresponding discussion regarding justification for deviations and any observed environmental impacts.
Reporting Requirements:	To be developed following approval of the Project by the Minister.

Term and Condition No.	**105**
Category:	Marine Environment – Traffic Log and Shipping Information
Responsible Parties:	The Proponent
Project Phase:	Construction and Operations
Objective:	To prevent impacts to marine wildlife from Project shipping activities.
Term or Condition:	The Proponent shall ensure that measures to reduce the potential for interaction with marine mammals, particularly in Hudson Strait and Milne Inlet, are identified and implemented prior to commencement of shipping operations. These measures could include, but are not limited to: a. Changes in the frequency and timing (including periodic suspensions) of shipping during winter months in Hudson Strait and during the open water season in Milne Inlet, i.e., when interactions with marine mammals are likely to be the most problematic; b. Reduced shipping speeds where ship-marine mammal interactions are most likely; and c. 	mammals could arise. Repeated winter aerial survey results showing marine mammal distribution and densities in Hudson Strait would greatly assist in this task.
Reporting Requirements:	To be developed following approval of the Project by the Minister.

Commentary: *Unless otherwise stated, the term "marine mammals" as used throughout the Project Certificate includes polar bears.*

Objective:	To ensure that interactions with marine mammals and Project shipping activities are effectively monitored.
Term or Condition:	The Proponent shall ensure that shipboard observers are employed during seasons where shipping occurs and provided with the means to effectively carry out assigned duties. The role of shipboard observers in shipping operations should be taken into consideration during the design of any ore carriers purpose-built for the Project, with climate controlled stations and shipboard lighting incorporated to permit visual sightings by shipboard observers during all seasons and conditions. Any shipboard lighting incorporated should be in accordance with the *Canada Shipping Act, 2001's Collision Regulations*, and should not interfere with safe navigation of the vessel.
Reporting Requirements:	To be developed following approval of the Project by the Minister.

Term and Condition No.	**107**
Category:	Marine Environment – Shipboard Observers
Responsible Parties:	The Proponent
Project Phase:	Construction, Operations
Objective:	To determine the presence of, and ensure that interactions with marine mammals, seabirds and seaducks are effectively monitored for, along the northern and southern shipping routes, as applicable.
Term or Condition:	The Proponent shall revise the proposed "surveillance monitoring" to improve the likelihood of detecting strong marine mammal, seabird or seaduck responses occurring too far ahead of the ship to be detectable by observers aboard the ore carriers. A baseline study early in the shipping operations could employ additional surveillance to detect potential changes in distribution patterns and behavior. At an ambitious scope, this might be achieved using unmanned aircraft flown ahead of ships, or over known areas of importance for seabirds or haul-out sites in the case of walruses, in accordance with the requirements of their Special Flight Operations Certificate.

Reporting Requirements:	To be developed following approval of the Project by the Minister.

Term or Condition:	The proponent shall collaborate with the Marine Environmental Working Group to review the status of compliance with, and implementation of, all of the Terms and Conditions in Project Certificate No. 005 related to marine environmental protection.
Reporting Requirements:	Results of the observer program shall be provided in the Annual Report to the Board. Further, Baffinland shall report annually all data it generates from the implementation of monitoring of marine impacts it is required to implement pursuant to the Terms and Conditions of the Project Certificate.

Term and Condition No.	**185** ***New condition for Production Increase Proposal Renewal***
Category:	General
Responsible Parties:	The Proponent, Nunavut Impact Review Board, Qikiqtani Inuit Association, Mittimatalik HTO, Hamlet of Pond Inlet
Project Phase:	Construction, Operations, Temporary Closure / Care and Maintenance, Closure and Post-Closure Monitoring
Objective:	To provide certainty and predictable timelines for shipping for the project, and to better define criteria for the commencement and closing of the shipping season. Certainty and predictability will increase safety for traditional use of sea ice, and mitigate impacts to marine wildlife.
Term or Condition:	All project related shipping associated with the Northern Shipping route shall observe the following conditions, subject to the variances and/or exceptions below: a) The Proponent must avoid breaking landfast ice at all times during the shipping season. b) The Proponent shall confirm a continuous path of 3/10th ice concentrations along the Northern Shipping route is available prior to commencement of the shipping season. c) The Proponent is required to plan for and cease all shipping from Milne Port by October 31. The Proponent may proceed with a variance to condition (b) above, or under exceptional circumstances that may occur from time to time seek an exception to condition (c). Variances and exceptional circumstances require the direct engagement of Qikiqtani Inuit Association (QIA), as well as the written confirmations obtained from the Hamlet of Pond Inlet, the Mittimatalik HTO (MHTO) and QIA as described below. Examples of a variance may include: sea ice coverage changing from 3/10th or less to greater than 3/10th due to

	changes in environmental conditions such as wind, or a generally later forecast for ice break up. Exceptional circumstances include events that are unforeseen and occur outside of Baffinland's control but will not include contingencies that the Proponent should reasonably have planned for. Examples of unforeseen events may include: a breakdown in loading equipment, weather disruptions to shipping schedules, or a later than expected ice break up past July 15. In the event a need for variance or an exceptional circumstance arises, the Proponent is required to provide a detailed written description to the NIRB, QIA, Hamlet of Pond Inlet and MHTO clearly demonstrating how it will meet each of the following criteria before continuing with operations: (i) a description of the rationale for variation or exceptional circumstances and anticipated duration of the extended shipping season; (ii) a description as to whether the anticipated ice conditions during the shipping period are consistent with Appendix B commitments and the Shipping and Marine Wildlife Management Plan; (iii) a description confirming that shipping will proceed in full compliance with all Project Certificate terms and conditions and Appendix B commitments (including but not limited to the 6 mtpa limits described in Terms and Conditions 179(a) and (b) and the requirement not to break landfast ice); (iv) a description of any additional mitigation or monitoring efforts being undertaken as a result of the variation or exceptional circumstance; (v) a description of how the Proponent has made best efforts to meet with the Hamlet, MHTO and the QIA to discuss and consider the variation or exceptional circumstance; (vi) copies of all public communications relating to the variation or exceptional circumstance; (vii) written confirmation (or evidence of verbal confirmation) from the Hamlet and the MHTO that sea ice overlapping the shipping route is not being used for travel or harvesting by harvesters or community members, and that the proposed shipping activity will not result in additional safety risks to hunters or the community that cannot be mitigated, for instance, by transiting through a path of less consolidated ice in Eclipse Sound and Milne Inlet The Qikiqtani Inuit Association, Hamlet of Pond Inlet and Mittimatalik HTO agree to review and respond to requests of the Proponent within a reasonable timeframe that will not unduly delay shipping activities. The Proponent is required to review and respond to items raised by QIA, Hamlet of Pond Inlet and MHTO including requested changes to monitoring, mitigation and compensation associated with the variance

	or exceptional circumstance. All determinations related to variances and exceptional circumstances will be communicated to NIRB. For greater clarity, this condition applies to all ships supporting the Mary River Project including ore carriers and supply ships.
Reporting Requirements:	Proponent to report annually on commencement and closing of shipping season. Proponent will include conditions leading to decisions to commence and cease shipping for the year.

Commentary: *The term "all ships" as used in the following sentence of the term and condition "* For greater clarity, this condition applies to all ships supporting the Mary River Project including ore carriers and supply ships" *is intended to be a broad term that includes all types of vessels required to support project shipping, and also includes ice breakers and ice management vessels.*

Category:	Terrestrial Environment – Hunters' Access Route(s)
Responsible Parties:	The Proponent, Qikiqtani Inuit Association, Mittimatalik Hunters and Trappers Organization (MHTO)
Project Phase:	Construction, Operations, Temporary Closure /Care and Maintenance, Closure and Post-Closure Monitoring
Objective:	To establish a safe access route for hunters to travel within the project area thereby reducing the shared use of the Milne Inlet Tote Road.
Term or Condition:	The proponent is required to construct and maintain hunters access route(s) in and around the Milne Inlet Tote Road. The specific location of hunters' access route(s) shall be confirmed based upon input from the Mittimatalik Hunters and Trappers Organization and the Qikiqtani Inuit Association. The responsible parties shall also develop and jointly approve an Access Route Operations and Maintenance Procedure and/or Plan.
Reporting Requirements:	All hunters' access route(s) developed under this section and a summary of related engagement activities are to be reported in the proponent's annual monitoring report.

Category:	Terrestrial Environment – Dust Audit
Responsible Parties:	The Proponent, Qikiqtani Inuit Association, Government of Nunavut, Government of Canada, Hamlets and Hunters and Trappers Organizations of the Impacted Communities (Pond Inlet, Arctic Bay, Clyde River, Sanirajak, Igloolik)
Project Phase:	Construction, Operations, Temporary Closure /Care and Maintenance, Closure and Post-Closure Monitoring
Objective:	To consistently assess and monitor impacts of dust from project activities for the purpose of assessing the efficacy of project mitigation measures and to examine alternative mitigation and management options.

Term or Condition:	The Proponent is required to resource an annual audit of dust impacts and mitigations associated with project activities to be completed by a third party acceptable to the responsible parties. The dust audit shall evaluate effectiveness of current measures and if necessary, contain recommendations and options to reduce the spread and impacts of dust from project activities.
Reporting Requirements:	Each year a dust audit shall be completed and shared with NIRB by the Proponent not later than January 31st.

Term and Condition No.	**188** ***New condition for Production Increase Proposal Renewal***
Category:	Terrestrial Environment – High Risk Conditions for Dust Dispersion
Responsible Parties:	The Proponent, Qikiqtani Inuit Association, Government of Nunavut, Government of Canada, Hamlets and Hunters and Trappers Organizations of the Impacted Communities (Pond Inlet, Arctic Bay, Clyde River, Sanirajak, Igloolik)
Project Phase:	Construction, Operations, Temporary Closure /Care and Maintenance, Closure and Post-Closure Monitoring
Objective:	To establish a program to identify high risk conditions for dust dispersal, and a plan for additional measures to be taken at the times the conditions are present, which may include the use of additional dust suppression and operational staged decreases in dust generating site activities. Baffinland, working with the TEWG will establish site specific thresholds for conditions that may increase dust dispersion (i.e., wind speed), and corresponding mitigations to implement when thresholds are met.
Term or Condition:	The Proponent working with the TEWG is required to develop a program for identification of conditions with high risk for dust dispersal and plan for additional mitigation measures that shall be applied at the times the conditions are present. The program shall also include the use of dust suppressants.
Reporting Requirements:	The program shall be developed and implemented with the advice of the TEWG not later than December 31, 2022 with annual reports on implementation and any modifications to this plan presented through annual reporting.

Term and Condition No.	**189** ***New condition for Production Increase Proposal Renewal***
Category:	General
Responsible Parties:	The Proponent, Qikiqtani Inuit Association
Project Phase:	Construction, Operations, Temporary Closure /Care and Maintenance, Closure and Post-Closure Monitoring

Objective:	There is a need to ensure that Proponent commitments which are made on the public record but not recorded in Project Certificate Terms and Conditions are carried out as agreed to. An interim Project Monitor, appointed on agreement of the Responsible Parties, will review and report on a bi-annual (twice yearly) basis regarding the Proponent's performance of Project Certificate Terms and Conditions and the Proponent commitments listed in Appendix B to this Project Certificate 005.
Term or Condition:	The Proponent is to carry out all commitments listed in Appendix B to this Project Certificate 005. Performance of these commitments will be evaluated by an interim Project Monitor appointed on agreement of the Responsible Parties. Where the Proponent has not carried out a commitment the Proponent is required to provide a detailed written description to the NIRB, clearly explaining why they were unable to carry out the condition and how it will meet the condition going forward.
Reporting Requirements:	Reports including the findings of the interim Project Monitor shall be provided to NIRB no later than March 31st and September 30th of each calendar year.

Commentary: *The following clarification regarding the role and responsibilities of the "*Interim Project Monitor*" referenced in this Term and Condition was provided by Crown-Indigenous Relations and Northern Affairs Canada as a deferred response to questions raised during the Project Certificate Workshop associated with Amendment 4*, and is provided below to clarify expectations:

> *"The role of the monitor is intended to be independent of the current monitoring undertaken by the Board and the interested parties. It is meant to compliment the current monitoring of the project and provide further assurances that the Project Certificate is working. The expectation of an independent monitor (once established) would be able to look at areas more in depth that are significant and important to Inuit as identified by the Designated Inuit Organizations."*

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
001	N/A	N/A - Included as part of Production Increase Proposal Renewal based on engagement by Baffinland	Baffinland will continue to implement the following mitigation measures to reduce or avoid impacts to marine mammals (Relevant species: Ringed Seal, Bearded Seal, Walrus, Beluga, Narwhal, Bowhead Whale, Polar Bear) as a result of shipping: • Maintain constant speed and course when possible. • Reduce vessel speed to 9 knots. • Reduce vessel idling. • When marine mammals appear to be trapped or disturbed by Project vessel movements, the vessel will implement appropriate measures to mitigate disturbance, including stoppage of movement until wildlife move away from the immediate area (as safe navigation allows). • All Project vessels will be provided with standard instructions to operate their vessel in a manner that avoids separating an individual member(s) of a group of marine mammals from other members of the group; • All Project vessels will be provided with standard instructions to not approach within 300 m of a walrus or polar bear observed on sea ice; • Vessels awaiting instructions from the Port Captain to enter the RSA will be instructed to wait in Baffin Bay at least 40 km east of the Nunavut Settlement Area. Baffinland will implement the following additional mitigation measures to reduce or avoid impacts to marine mammals (Relevant species: Ringed Seal, Bearded Seal, Walrus, Beluga, Narwhal, Bowhead Whale, Polar Bear) as a result of shipping:

			• Use of convoys throughout the season to further reduce total sound exposure. Acoustic monitoring data indicates that if ore carriers transit in convoys with inter-vessel separation less than 10 km, there is an overall reduction of the total sound exposure in the Regional Study Area compared to multiple individual transits of an equivalent number of vessels. Slight increases of instantaneous sound levels in the regions between the vessels are compensated for by shorter exposure duration, resulting in a net decrease of noise exposure. Target reduction levels will be communicated through Baffinland annual shipping reports.
002	N/A	N/A - Included as part of Production Increase Proposal Renewal based on engagement by Baffinland	Baffinland will continue to implement the following mitigation measures to reduce or avoid impacts to terrestrial wildlife (Relevant species: Caribou, Wolf) as a result of operations (Mine site, Tote Road, and Milne Port): • Mitigation measures that will reduce the likelihood of reduced habitat effectiveness for caribou include: ○ Sensory disturbances will be limited where possible throughout the year. This can include a quarry blasting program that can restrict blasting when migrating caribou and other wildlife may be negatively affected. ○ Active caribou calving sites (as identified by observations from area hunters, Project biologists or observed by aircraft pilots) will be avoided between May 15 and July 15. Where possible, there will be no increase in construction or operational activity within 3 km of the calving sites during this period. ○ In the Cockburn Lake Area (identified during baseline studies as having the highest occurrence of caribou calving sites), all non-essential activities will cease between May 15 and July 15 (e.g., construction activities will be planned to avoid this area during the calving season). ○ If any females (one or more) are observed within 3 km of a planned Project activity such as drilling or road construction from May 15 through July 15, then the activity location will be moved or the activity deferred as appropriate and, if possible, until a later date when caribou are not present. ○ Should a female caribou or a female with a calf or calves approach within 3 km of Project activities (between May 15 and July 15), the animals will be observed on the ground. If it is

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			obvious that they are being disturbed, the activity will cease until they have moved away by at least 3 km. ○ If caribou approach a Project activity site before work commences, the animals will be observed on the ground, and if it is obvious that they are being disturbed (e.g., hesitating to cross work site, running in the opposite direction, visibly agitated), work will not commence until they have moved on. If caribou approach a Project site while work is in progress, caribou will be observed for signs of disturbance. If the caribou are disturbed, the activity will be modified or cease until the caribou have moved away or they are guided away from the worksite. ○ At such a time when caribou begin to be encountered regularly along the Tote Road, a wildlife monitor will be present on-site during the calving season to detect calving activities near the Tote Road, monitor cow/calf behaviour in relation to traffic, designate a temporary no-stopping zone, guide traffic, and document measures taken to reduce sensory disturbance to calving caribou. • Mitigation measures that will reduce the likelihood of the Project being a barrier to caribou movement include: ○ Snow management activities will, throughout the winter season, maintain a snowbank height less than 1 m with smooth tops along the Tote Road. ○ Identified trail crossings along the Tote Road where the physical structure might be a barrier to caribou movement will be constructed of finer fill material to replicate natural trail conditions, preventing leg entrapment, and gentler gradients to reduce the visual barrier of the embankments. Any additional (i.e., beyond those already identified) trail crossings identified during construction or operation will also be modified with gentler slopes and finer fill if caribou deflections are detected. In the context of caribou movement monitoring, deflection is defined as “caribou that fail to cross the Tote Road after approaching it.” ○ Wildlife signage could be posted at trail crossings along the Tote Road. Operators will be made aware of the crossing areas along the Tote Road, and daily observations will be reported so operators are aware of a potential presence at crossing sites and other areas.

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			○ Based on IQ knowledge provided by hunters and elders and/or site-staff observations, if migratory caribou start to move through the RSA, then the leading caribou will be allowed to cross over the Tote Road undisturbed so that others will follow. ○ Truck drivers will be provided with wildlife awareness training, including known crossing locations. Drivers will operate in accordance with the Caribou Decision Framework – Tote Road (Figure 3.2 of Terrestrial Environment Mitigation and Monitoring Plan) (NIRB Registry No. 330302). ○ All site personnel entering and exiting the Tote Road will notify site dispatch and/or security. Notifications to road users will include mandatory wildlife reporting. • Mitigation measures implemented to reduce the likelihood of the Project increasing caribou mortality risk include: ○ Wildlife right-of-way policy on Project roads ○ All site personnel entering and exiting the Tote Road will notify site dispatch and/or security. Notifications to road uses will include mandatory wildlife reporting. ○ Reporting and documentation of all mortalities and near misses is mandatory, and follow-up investigations will be conducted for all mortality events. ○ When caribou are observed on roads a “caribou advisory” will be issued through the site radio network to alert operators and drivers that caribou are in the area and to maintain extra vigilance while driving in accordance with Baffinland’s Caribou Decision Frameworks. ○ Speed limits along Project roads are set at a maximum of 55 km/hr, in combination with the Caribou Decision Framework – Tote Road (Figure 3.2). Slow speeds and vehicle operator response to animal presence will allow caribou time to get off the road and will increase the chance of a truck being able to stop before colliding with a caribou. ○ Any carcasses will be removed from transportation corridors to discourage further collisions (e.g., scavengers). ○ A no-hunting policy for Project personnel will be implemented (notwithstanding the accommodation provided for traditional Inuit activities [Human Resource Management Plan SD-SEMP-003]). All site personnel are prohibited from transporting firearms to site.

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			○ Whenever practical and not causing a human safety issue, a stop work order will be used when wildlife in the area may become endangered (i.e., risk of physical injury or death) by the work being undertaken.
003	N/A	N/A - Included as part of Production Increase Proposal Renewal based on engagement by Baffinland	Baffinland will conduct aerial caribou surveys in Fall 2022 or 2023.
004	N/A	N/A - Included as part of Production Increase Proposal Renewal based on engagement by Baffinland	Baffinland will continue to implement the following mitigation measures to reduce or avoid impacts to marine mammals, terrestrial wildlife, fish and fish habitat, water quality, air quality, etc. as a result of dust produced from operations (Mine Site, Tote Road, Milne Port). • Specific actions that have been implemented, or could be further implemented by Baffinland for dust management at Milne Port have included: ○ redesigning the ore pads to position fines in the centre and lump ore around the margins ○ proper positioning of the conveyors to minimize ore drop distances when stockpiling ○ installation of rubber bellows at the end of each stacker to minimize dispersion of dust generated during the fall ○ installation of chutes on the shiploader to prevent windblown dust during loading operations ○ installation of shrouding at the discharge end of the ore stackers to reduce the effect of windblown dust during stacking activities ○ installation of downwind fencing ○ removal of dust impacted snow at strategic locations at the project. ○ application of a specialized crusting agent (DusTreat®) to the ore stockpile to reduce wind erosion and mobilization of fine iron ore particles. • Specific actions that have been implemented, or could be further implemented by Baffinland for dust management for vehicle traffic include: ○ regulating speed limits

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			○ utilizing water and dust suppressants during snow free months. ○ Application of new dust suppression products with increased durability and longevity for site infrastructure and approved for use in Nunavut on unpaved roads (DustBlokr) • Specific actions that have been implemented, or could be further implemented by Baffinland for dust management at the crushing facility include: ○ Installation of shrouding and other engineered controls on conveyors and the ship loader ○ Moving and enclosing secondary crushing facilities to Milne Port. This will additionally increase the size of ore being transported. ○ Use of de-dusting equipment (e.g. baghouses) in the indoor crushing and screening facilities to reduce fugitive emissions of dust and particulate matter ○ Minimizing drop distances (i.e., using adjustable stackers) for stockpiling activities. • Baffinland will consider the proactive implementation of recommendations contained in the Interim Dust Audit Report, expected for release following the completion of the Dust Audit Committee Site Visit (June 8-15). Preliminary recommendations have been shared with Baffinland as follows: ○ Strategic evaluation and installation of wind fencing ○ Application of additional dust suppressants (DustBlokr, DusTreat) to the airstrip and other stockpiles ○ Revisions to blasting management plans and practices ○ Continuous dust monitoring at PDA boundaries ○ Ongoing involvement of Inuit in dust management ○ Other operational practice improvements
005	Igloolik HTA-1	Hamlet of Igloolik Igloolik Hunters and Trappers Association	Baffinland will work with the Hamlets and HTOs of Igloolik and Sanirajak to carry out additional baseline studies for marine, terrestrial, and avian wildlife related to Steensby. This could begin as early as 2023.
006	Igloolik HTA-1	Hamlet of Igloolik Igloolik HTA	If approval is granted for 6 mtpa for 2022, Baffinland commits to not lay off any Inuit employees during this production year (excepting employment matters that could give cause for termination on an individual basis,

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			should they arise). We also confirm future applications will give due consideration to the need for adequate time for procedural matters.
007	Igloolik HTA-1	Hamlet of Igloolik Igloolik HTA	Baffinland confirms that it is committed to full consideration of the dust audit suggestions, and will implement accepted recommendations from the Independent Dust Audit at its earliest opportunity.
008	Igloolik HTA-1	Hamlet of Igloolik Igloolik HTA	Baffinland will engage with Igloolik to develop community infrastructure commitments – including significant infrastructure projects such as road paving and women and youth centers – with an aim to realize benefits to Igloolik: • businesses; • women; • youth; and • hunters.
014	QIA ID-3	QIA	Baffinland agrees to pay $1,858,500 (2022 CAD) to QIA for engineering and planning costs for Pond Inlet Regional Training Centre by November 15th, 2022.
015	QIA ID-4	QIA	Baffinland agrees to pay $10,000,000 (2018 CAD) for the Pond Inlet Training Centre to be paid as follows prior to inflation adjustment: October 15, 2022 - $1,500,000; November 15, 2022 - $1,500,000; December 15, 2022 - $2,000,000; January 15, 2023 - $1,500,000; February 15, 2023 - $1,500,000; and March 15, 2023 - $2,000,000. All payments in this Appendix B shall be adjusted to 2022 CAD.
018	QIA ID-7	QIA	QIA and Baffinland jointly develop and approve, by April 2024, the adaptive management elements for monitoring programs and Inuit Objectives, Indicators, Thresholds and Responses for the Adaptive Management Plan related to narwhal, seal, Arctic char, caribou, dust and culture, resource and land use.
019	QIA ID-8	QIA	Baffinland will support and fund the establishment of the Inuit Stewardship Plan (ISP). Funding will commence November 1st, 2022 and will continue until the completion of the ISP, estimated to occur together with approval of the AMP in April 2024. Baffinland will fund QIA's work to develop the ISP through Monthly Payments which shall commence on November 1st, 2022.

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			QIA will provide the "ISP Workplan" (including a description of the work completed to date and intended inclusion of assessments/studies from QIA-07, QIA-08, QIA-09, QIA-11, QIA-12, QIA-13, QIA-17, QIA-21B, QIA-21F and QIA-23) by October 15th, 2022. QIA agrees to consider payments received by Baffinland for Inuit Certainty Agreement (ICA) implementation received to date as partial payment towards this commitment according to a payment reconciliation completed by QIA not later than October 15, 2022, to determine the outstanding ICA payment amount currently available (the "ICA Implementation Payment Amount"). Completion of the payment reconciliation will ensure Baffinland is prepared in advance to provide funding over and above the ICA Implementation Payment Amount, should that be required. Baffinland will be entitled to reduce Monthly Payments against the amount of the outstanding ICA Implementation Payment Amount, provided the outstanding ICA Implementation Payments are not required for other agreed upon purposes. QIA will provide Quarterly Reports describing activities undertaken, updates to work plans, and, a summary of actual expenses relative to Monthly Payments received. Baffinland will be entitled to reduce future Monthly Payments according to any unspent Monthly Payments as summarized in QIA Quarterly Reports.
020	QIA ID-9	QIA	Baffinland will resource QIA's development of Culture, Resource Land Use, the Pond Inlet Country Food Baseline, and Inuit Stewardship Plan according to the "ISP Work Plan" and "Monthly Payments" referred to in QIA ID-08
022	QIA ID-11	QIA	Baffinland to provide, by December 31, 2022, a timeline and plan for development of monitoring and AMP plans.
023	QIA ID-12	QIA	Baffinland to provide data on which indicators within the draft adaptive management plans have been triggered within the low, medium, and high response levels.
024	QIA ID-13	QIA	With 30 days of completion, Baffinland will provide NIRB with:

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			a. Pond Inlet Country Food Baseline Study, verified by QIA and Pond Inlet; b. Culture, Resource Land Use (CRLU) Assessment verified by QIA and the Project-affected communities; Furthermore, Baffinland agrees that when submitting these reports to NIRB Baffinland will also provide an "Action Plan" detailing the monitoring, mitigation(s) and accommodation(s) of impacts on CRLU.
026	QIA ID-15	QIA	Baffinland agrees to provide scenario planning exercises to better quantify the costs/benefits of ship convoys. Baffinland agrees to conduct a study to determine if the simple seasonal average observer data from Bruce Head and the Leg 2 surveys correlates with the photo estimates for all the years to assess whether these metrics could provide an Early Warning Indicator (EWI) for the year's results that would be applied in future to increase or decrease shipping at the end of summer. Baffinland agrees to resource Inuit-led monitoring, updated EWI, Inuit Objectives, Thresholds, Responses (OITRs) consistent with QIA-ID-08. Baffinland agrees to conduct a sampling program to assess cortisol levels in narwhal and morphometric measurements. This would be a systematic program working with harvesters to gather samples, and observations on what they are experiencing and comparing to previous years.
027	QIA ID-16	QIA	Baffinland agrees to work with QIA to develop, by November 1st, 2022, specific technical plans for 2022 for EWI for narwhal. It is recognized that Inuit OITRs may be developed at a later point in time through the development of the Inuit Stewardship Plan.
028	QIA ID-17	QIA	Baffinland agrees to resource QIA to establish an Inuit-led monitoring program on dustfall as an Inuit Stewardship Pilot program to establish the mechanisms needed to allow Inuit observations to influence mitigation measures and test appropriate Adaptive Management Plan structures, which are demonstrably responsive to Inuit Objectives Indicators Thresholds and Responses, with the budget and work plan agreed upon by Baffinland and QIA consistent with Condition No. 8.
030	QIA ID-18A	QIA	Baffinland and the TEWG will establish site specific thresholds for conditions that may increase dust

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
031	QIA ID-18B	QIA	dispersion (i.e., wind speed), and corresponding mitigations to implement on days where thresholds are met, which may include, but not limited to, the use of additional dust suppression and operational staged decreased in dust generating site activities. Baffinland will integrate the identified thresholds and response actions into the Air Quality and Noise Abatement Management Plan.
033	QIA ID-19A	QIA	Baffinland will refine the application rates of Dustblokr in accordance with manufacturer's instructions and continue ongoing communications with the manufacturer to verify application procedures align with reliable dust suppression performance. Baffinland will provide the QIA with a summary of modifications to the application of Dustblokr in 2022, including any relevant advice from the manufacturer, by October 30, 2022.
034	QIA ID-19B	QIA	Baffinland to seek confirmation from regulators as to whether a buffer is required for safe application of dust suppressants along the Tote Road to avoid contamination of surface waters on either side of water crossings and in ditches along the Tote Road.
035	QIA ID-19C	QIA	Baffinland will report bi-annually (i.e. two times a year) on the effectiveness of the DustBlokr product for the summer and winter months. Data is collected monthly and results received within 30-45 days upon shipment off site for analysis so reporting over a two month freshet period is not feasible.
036	QIA ID-20A	QIA	Baffinland will provide additional confirmation regarding chutes on the ship loader extending into vessel cargo holds and consider minimizing drop distances at the Mine Site. Minimizing drop distances for stockpiling activities will be a standing topic of discussion at TEWG and MEWG meetings whereby Baffinland shall be required to continuously explore additional mitigations related to ore handling and drop distances, in addition to minimized drop distances already confirmed at the Milne Port stockpiles. Baffinland is also required to describe mitigation measures which could be made to operations and ore transferring/handling under a possible future expanded project (e.g., what could be accomplished in a 2023+ project).

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
037	QIA ID-20B	QIA	Baffinland will minimize drop distances (i.e., using adjustable stackers) for stockpiling and other relevant ore handling activities and provide confirmation of any adjustments in subsequent annual reports.
038	QIA ID-20C	QIA	Baffinland will provide updates on the feasibility and installation of wind fencing at Milne Port at each TEWG meeting until the initiative is complete. Baffinland anticipates on circulating the feasibility study no later than December 31, 2022, and (assuming feasibility evaluation is positive) the subsequent installation of the wind fencing to commence as soon as materials are received on the 2023 sealift. Recognizing the installation of wind fencing in the high Arctic is a novel approach to dust management, and the logistical challenges in procuring and delivering all required materials, Baffinland commits to best efforts to achieve the dates provided in this commitment, however, should unforeseen challenges arise that are outside of Baffinland's control, Baffinland will immediately engage the QIA in the development of a contingency plan.
039	QIA ID-20D	QIA	
040	QIA ID-20E	QIA	Baffinland will define what other operational practice improvements will be made to minimize dust from Milne Port once the draft Dust Audit Report is received, and clarify how those measures will be implemented. Changes requiring additional infrastructure or materials should be implemented without delay after receiving the materials on the 2023 sealift, and within a reasonable timeframe given the final scope of required work. Baffinland will communicate resulting anticipated construction timelines to QIA once confirmed. Operational changes should be implemented immediately.
041	QIA ID-20F	QIA	
042	QIA ID-21A	QIA	Baffinland will complete updated dustfall isopleth modelling with considerations for local topography on wind patterns.
043	QIA ID-21B	QIA	Baffinland to resource annual snowpack sampling and monitoring through the Inuit led dust monitoring program (see related commitment to Inuit led monitoring at QIA-ID-08). Note – Baffinland accepts a funding role but wants to ensure it does not duplicate efforts already agreed to in relation to the Inuit led dust monitoring program.
044	QIA ID-21C	QIA	Baffinland and QIA agree to meet prior to October 31, 2022, unless otherwise agreed, to hold a dust focused meeting with the objective of establishing a reasonable path forward that satisfies this condition. 			letter to the Minister of Sept. 26, 2022 titled *Re: Confirmation of the adequacy of consultation and accommodation for Baffinland Iron Mine Corporation's ("Baffinland") 2022 Production Increase Renewal Proposal ("2022 PIP Renewal") for the Mary River Project, NIRB File 08MN053* as follows: "*Dustfall and soil/lichen metals monitoring sites should be expanded at a minimum to include locations identified as Areas of Community Concern, and the areas where the highest dustfall was identified in the 2021 assessment (We direct BIMC to Section 5.3 of HESL 2022 for site locations*)." Until QIA and Baffinland have confirmed commitments for Baffinland to resource and QIA to execute expanded community monitoring programs for dust the responsibility for sampling all sites of community concern shall remain with Baffinland with the expectation this program will continue in 2023.
045	QIA ID-21D	QIA	Baffinland and QIA agree to meet prior to October 31, 2022, unless otherwise agreed, to hold a dust focused meeting with the objective of establishing a reasonable path forward that satisfies this condition. For clarity, the referenced "condition" in this commitment 045 is as stated by QIA in Appendix A to its letter to the Minister of Sept. 26, 2022 titled *Re: Confirmation of the adequacy of consultation and accommodation for Baffinland Iron Mine Corporation's ("Baffinland") 2022 Production Increase Renewal Proposal ("2022 PIP Renewal") for the Mary River Project, NIRB File 08MN053* as follows: "*Seasonally monitored dustfall sites should be compared with FEIS predictions to confirm that they meet their current low isopleth zone ranking, and to determine the spatial extent and magnitude of dust dispersion beyond the project area*." Baffinland will circulate an action plan to complete the comparison of seasonally monitored sites against FEIS predictions with the TEWG prior to the next meeting. Baffinland will complete this work by March 1, 2023. Note – the revised timing is to permit time for BIM to receive the full annual data set (which does not occur until the end of January), in order to inform the requested work product.

The locations of additional sites should be determined based on results of the updated and expanded isopleth modelling recommended above (see QIA ID-21A*)."
047	QIA ID-21F	QIA	Baffinland will support the development of a snow quality metric, integrating traditional knowledge, as part of the development of Inuit OITRs related to dust from QIA-ID- 7.
048	QIA ID-21G	QIA	Baffinland and QIA agree to meet prior to October 31, 2022, unless otherwise agreed, to hold a dust focused meeting with the objective of establishing a reasonable path forward that satisfies this condition. For clarity, the referenced "condition" in this Commitment 048 is as stated by QIA in Appendix A to its letter to the Minister of Sept. 26, 2022 titled *Re: Confirmation of the adequacy of consultation and accommodation for Baffinland Iron Mine Corporation's ("Baffinland") 2022 Production Increase Renewal Proposal ("2022 PIP Renewal") for the Mary River Project, NIRB File 08MN053* as follows: "*Dustfall monitoring sites should be added along Milne Inlet to investigate increasing dust extent documented by satellite imagery from 2014 to 2020*."
049	QIA ID-21H	QIA	Baffinland will expand satellite imagery analysis beyond 20km.
050	QIA ID-21I	QIA	Baffinland will complete updated dustfall isopleth modelling with considerations for local topography on wind patterns.
051	QIA ID-21J	QIA	Baffinland and QIA agree to meet prior to October 31, 2022, unless otherwise agreed, to hold a dust focused meeting with the objective of establishing a reasonable path forward that satisfies this condition. The study should describe the relative role of runoff and wind in dispersing dust from the land, and consider site-specific factors, such as wind, precipitation, topography, snowpack conditions, and vegetation. These modelling and monitoring recommendations should be implemented by BIMC as a condition of receiving approval from the NIRB for the PIP Renewal.*"

BIM ID#	Comment ID# [10]	Intervener(s) [11]	Commitment
			Within 30 days of QIA providing additional details on their expectations regarding the requested desktop study, Baffinland will circulate an action plan to complete the study with the TEWG prior to the next meeting. Baffinland will include an anticipated completion date at that time. Note – Baffinland is still unclear on some aspects of this proposal, for example, is the focus on areas where dustfall may accumulate, or areas that are more sensitive to dustfall? We've also highlighted additional research may be required, which may not be amenable to the timeframes requested of QIA to complete the work. Once additional details are provided we will be in a better position to provide an action plan and a timeframe to complete the work.
052	QIA ID-21K	QIA	Baffinland and the TEWG will establish site specific thresholds for conditions that may increase dust dispersion (i.e., wind speed), and corresponding mitigations to implement on days where thresholds are met, which may include, but not limited to, the use of additional dust suppression and operational staged decreased in dust generating site activities. Baffinland will integrate the identified thresholds and response actions into the Air Quality and Noise Abatement Management Plan.
053	QIA ID-22A	QIA	Baffinland will include dust fall monitoring station locations within the scope of the annual dust audit, required under term and condition 187 Note – Baffinland can confirm that our terrestrial, freshwater and atmospheric monitoring programs are robust and capture effects that occur within a 5km radius of the Project. It should also be noted that modifying sampling locations will impact ability to complete year over year comparison or trending and should only be reserved for extenuating circumstances.
054	QIA ID-22B	QIA	Baffinland will review and confirm alignment of dustfall monitoring with existing vegetation monitoring programs.
055	QIA ID-22C	QIA	Baffinland will work with NRCan on a pilot program to install and test their passive vertical monitors at the Mary River Project. Note – Baffinland and NRCan have already initiated planning for the installation of NRCan owned dust monitors at Mary River. Inuit will be involved in location selection. QIA will be consulted on this program bilaterally and as a member of the Terrestrial Environment Working Group.

058	QIA ID-22F	QIA	Baffinland will implement other recommendations for dust monitoring improvements contained within the final Dust Audit Report.
059	QIA ID-22G	QIA	Baffinland will reflect all necessary adjustments in the Air Quality and Noise Abatement Management Plan. For clarity, the referenced "all necessary adjustments" in this Commitment 059 is as stated by QIA in Appendix A to its letter to the Minister of Sept. 26, 2022 titled *Re: Confirmation of the adequacy of consultation and accommodation for Baffinland Iron Mine Corporation's ("Baffinland") 2022 Production Increase Renewal Proposal ("2022 PIP Renewal") for the Mary River Project, NIRB File 08MN053* as follows: "*These improved methods* [those outlined in QIA Recommendations ID-22A to QIA ID-22F] *will be included in a revised version of the Air Quality and Noise Abatement Management Plan*."
060	QIA ID-22H	QIA	Baffinland will review dust controls at all locations where ore is moving or being handled at the mine and port sites for the purpose of determining if additional controls are required.
061	QIA ID-22I	QIA	Baffinland and the TEWG will establish site specific thresholds for conditions that may increase dust dispersion (i.e., wind speed), and corresponding mitigations to implement on days where thresholds are met, which may include, but not limited to, the use of additional dust suppression and operational staged decreased in dust generating site activities. Baffinland will integrate the identified thresholds and response actions into the Air Quality and Noise Abatement Management Plan.

062	QIA ID-22J	QIA	Baffinland commits to explore the feasibility/potential effectiveness of a remote sensing monitoring program for the requested purpose and from the requested perspective. Baffinland will provide the outcome of this exploration to the TEWG once available for discussion at the next planned meeting.
063	QIA ID-22K	QIA	The MEWG and TEWG will retain dust as a standing agenda item going forward.
064	QIA ID-23	QIA	Baffinland will support and fund a study of North Baffin caribou based on Inuit Qaujimajatuqangit, to be led by the QIA in conjunction with HTOs. This work will be used to identify areas within the vicinity of the Project that are highly sensitive to caribou and to gather data to support the re-estimation of the Zone of Influence around the Project. Once complete, Baffinland and the QIA will re-estimate the Zone of Influence for caribou with input from the TEWG, and determine appropriate mitigation measures to apply in designated Project Protection Zones, including requirements for the suspension of blasting, helicopter overflights, road traffic, and measures to reduce dustfall. Baffinland agrees to implement the revised Caribou Protection Measures upon agreement of the location of Project Protection Zones and the mitigation measures that will apply in these zones. Baffinland also agrees to additional interim measures which shall be developed and will apply until replaced by revised measures as informed by the IQ collection referenced above. Until Project Protection Zones are confirmed through the process identified above, Baffinland agrees to implement additional mitigation measures within interim Project Protection Zones, to be delineated and agreed by Baffinland and QIA (with input from the TEWG) based on existing IQ, western science, historical data, and project monitoring to date. The parties agree development of interim Project Zones shall occur by April 30th, 2023 or a date otherwise agreed upon by the TEWG. a) Blasting restrictions within a specified distance to caribou calving and post-calving habitat during the caribou calving period and immediately post-calving, when caribou are present. This restriction should not apply in a manner that prevents essential mining activities at Deposit No. 1 from occurring within the Mary River Mine Site Project Development Area; b) Helicopter operation restrictions within a specified horizontal and/or vertical distance to calving and post-calving habitat during the caribou calving period and immediately post-calving, together with heightened measures that will apply when caribou are present. This restriction should not apply in a manner that fetters environmental monitoring and research, unless caribou are present and associated mitigation measures dictate otherwise;

			c) Revisions to the Caribou Decision Tree, which is used to manage traffic along the Tote Road in the presence of caribou based on their proximity to the road and behaviour (i.e. stationary feeding, moving towards/away from the road). These revisions will include application of a modified Caribou Decision Tree to include decision trees to inform blasting and helicopter operations. Given concerns about current avoidance of the Project area by caribou, Baffinland agrees to work with the TEWG to identify the additional details required to implement the mitigations outlined in bullets a, b and c. For greater clarity, activities carried out to respond to or address urgent matters of health and safety are exempted from the above described interim measures. Baffinland and QIA further agree that the work to advance these interim measures shall be initiated immediately upon approval of the 2022 PIP, and that they be developed and put in place not later than April 30th, 2023 (i.e. prior to the next calving season). If warranted, additional mitigation measures, including avoidance of disturbance during other sensitive periods and restrictions to hauling along the Tote Road during caribou migration, will be determined in collaboration with the MHTO and TEWG as informed by development of the ISP. Baffinland will resource QIA work associated with this commitment through its funding of the Inuit Stewardship Plan (see QIA-ID-08).
065	QIA ID-24A	QIA	Baffinland commits to additional monitoring at representative streams that lead into Phillips Creek along the Tote Road. Baffinland will develop a draft methodology for this additional monitoring by December 31, 2022 for review by QIA and subsequent implementation of the agreed upon program during the 2023 open water season.
066	QIA ID-24B	QIA	See Response to QIA ID-24A. Additional commitments related to this technical comment include: Baffinland commits to adding additional parameters to its current Tote Road Monitoring Program for two years to understand if this is a potential concern at the Project. This will be implemented in consultation with QIA. Baffinland will connect with relevant academics, such as the University of Saskatchewan, to gain further insight into this monitoring.

067	QIA ID-24C	QIA	Baffinland will update the next revision of the AEMP to include this commitment: *any exceedance of the 0.54 mm moderate risk level will trigger additional study to validate the thresholds relative to impacts on arctic char eggs. A low risk threshold of 0.15 mm will also be applied that will trigger corresponding low risk response actions.* This commitment will be implemented immediately under the current operation.
069	QIA ID-26	QIA	That Baffinland and QIA undertake to, no later than January 31, 2023: a) Amend the IIBA (2018) to include Inuit Certainty Agreement Schedule "C". b) Amend the WCA (2013) consistent with ID-17 Section 17.1.5(a), (b), (c), (d) and (f) of the Inuit Certainty Agreement. In order to address ongoing concerns regarding difficulties Inuit are experiencing in accessing wildlife compensation funding, Baffinland and QIA will work together to review and address the working and efficacy of the administration of the Wildlife Compensation Fund. The Parties will implement changes to the protocol, including claims procedure and substantive criteria, all intended to improve Inuit access to the Wildlife Compensation Fund. This commitment will be complete once incorporated in the amended IIBA and no further reporting under the Project Certificate on this item will be required after that time.
070	QIA ID-27	QIA	That Baffinland agrees to a process to amend the Inuit Impact Benefit Agreement to implement changes to Project Management, Adaptive Management Plan, Benefits and oversight as agreed in all relevant commitments in this document including but not limited to QIA-ID- 4, QIA-ID-7, QIA-ID-8, QIA-ID-9, QIA-ID 26 and QIA-ID-29. This commitment will be complete once incorporated in the amended IIBA and no further reporting under the Project Certificate on this item will be required after that time.

1	NA	-	Baffinland commits to ship no more than 6.9 million tonnes of iron ore per year in each of 2023 and 2024 when addressing the shortfall of iron ore shipped in 2022 and exercising flexibility to ship the 1.3 million tonnes of iron ore left at Milne Port in 2022 in accordance with Term and Condition 179(a). The commitment to use no more than 84 ore carriers in each year continues to apply to this commitment.
2	QIA	QIA AE-4	Baffinland will provide sufficient funding for the Dust Audit Committee to continue to support the annual dust audit and associated reporting for the life of the Project, and for any other work of the Dust Audit Committee where it supports other areas of the project. Specifically, the second annual dust audit report will include a one-time retrospective review of the Objectives, Indicators, Thresholds and Responses related to dust in the most up to date version of the Air Quality and Noise Abatement Management Plan, unless the Dust Audit Committee independently determines it does not wish to carry out such review. It is acknowledged that the Dust Audit Committee name and duties may change or expand in future to other topics, and will continue to carry out annual dust auditing until such time as Baffinland and QIA agree such audits are no longer needed.
3	QIA	QIA TE-2 (1)	Baffinland commits to work with the TEWG to redefine deflections to include repeated caribou balking in the Project area by November 30, 2024, to ensure that a new definition of deflections is included in an updated Terrestrial Environment Mitigation and Monitoring Plan filed with the 2024 Annual Report to NIRB.
4	QIA	QIA TE-2 (2)	Baffinland commits to working with the TEWG to explore whether marked-recapture using pellets is an approach that could be used to estimate caribou abundance across the regional study area, including whether this method would be acceptable to Inuit, and provide a report with recommendations to TEWG by November 30, 2024 on potential use of this method. Whether this program can be considered as an alternative will consider if 1) the information is required, 2) the information provided would not be duplicative of another program that is running, and 3) the potential impact of additional flights is acceptable.

5	QIA	QIA FE-1	Baffinland and the Qikiqtani Inuit Association commit to meet by September 30, 2023, November 30, 2023 and January 31, 2024 to discuss dust dispersion data from the following sites being monitored in 2023: • Deposit 1 blasting • mine site crusher • OHT transport along the Tote Road • OHT offloading point at Milne Port • Stacking at Milne Port • The highest point of the conveyor system at Milne Port Baffinland commits to providing NIRB and all Parties with a final version of the site-specific thresholds for dust dispersion by March 30, 2024.
6	QIA	QIA FE-3	Baffinland commits to provide, by January 31, 2024 updated versions to NIRB and all Parties the Fresh Water Supply, Sewage and Wastewater Management Plan, the Snow Management Plan, and the Aquatic Effects Management Plan with Trigger Action Response Plan components.
7	QIA	QIA ME-6	Baffinland will provide NIRB and all Parties, by January 31, 2024, a report identifying all the vessels chartered by Baffinland (ore carrier, freight, fuel) that have called on Milne Port since commercial shipping started in 2015, with all available information on vessel characteristics (length and beam, draft, DWT or GT as appropriate), years those vessels called on port, and noise characteristics from PAM data (including all available Baffinland monitoring data such as multiple noise measures per vessel, if available). The report should also highlight any noise mitigating measures incorporated into the vessel design or retrofits (and when this occurred). This information will be used to inform updated acoustic modeling by Baffinland for the purpose of determining the effectiveness of additional mitigations, if required.
8	QIA	QIA ME-7 (1)	Baffinland will provide by January 31, 2024, a comparative assessment of the potential environmental impact trade-offs of using Baby-Cape and Capesize vessels relative to the smaller vessels currently in use, both at and en route to and from Milne Port, including but not limited to trade-offs related to accident risk, GHG emissions, noise disturbances to marine mammals, convoy optimization, ballast water discharges, seasonal operations, and docking and loading.

Commitment no.	Intervenor	Relevant SOP Technical Comment(s)	Commitment
9	QIA	QIA ME-7 (2)	Should they be required in future, Baffinland commits that there will be no dredging or in-water modifications to the port at Milne Inlet in relation to Capesize vessels unless and until any dredging or in-water modifications are approved in accordance with all applicable regulatory requirements and the above noted comparative assessment has been provided to QIA.
10	QIA	QIA ME-7 (3)	If Capesize vessels are used, Baffinland commits to augment its benthic sediment and infaunal monitoring programs by conducting annual sampling at existing sites SW-1 through SW-4, SE-18-1 and SNW-1, and at two (2) new sites situated to ensure that any changes in bottom scouring by these longer, deeper vessels are captured—one site offshore the northwest corner of the dock at a similar distance/depth to SNW-1, the other between SW-1 and SW-2 but at the 25 m depth contour. Sampling shall continue annually at these locations for a minimum of three years following the initial use of Capesize vessels at Milne Port. Following this three-year period, Baffinland will consider a reduced frequency in sampling at these locations (once every three years) if sediment and benthic conditions at these sites are shown to be stable (and within the limits of impact predictions).
11	QIA	QIA SE-2 (1)	Baffinland commits to fund, and to provide a workplan to QIA by September 30, 2023 for development of a new Regional Inuit Training Plan that will deliver training to Inuit across the Qikiqtani Region to improve Inuit employment at the Project; and Baffinland commits to finalize this Regional Inuit Training Plan by January 31, 2024.
12	QIA	QIA SE-2 (2)	Baffinland and QIA agree to amend the IIBA on or before November 30, 2023 to reflect the following. Baffinland commits to contribute a $2,000,000 total Project Bond (in the form of cash, irrevocable letter of credit or other instrument as agreed upon between the parties) for the Sustaining Operations Proposal ($1,000,000 to be posted with QIA by April 30, 2024 and $1,000,000 to be posted with QIA by April 30, 2025), and held for the purpose of drawing-upon in the event that the agreed Measurable Objectives (see topics listed in Commitment 72 of Appendix B to the Project Certificate) are not met and remedial measures are required, all in accordance with the terms of the IIBA as amended. In the event that QIA draws upon the Project Bond in 2024 or 2025, the amount that is drawn upon shall be replaced (in the manner agreed in the IIBA) so that the total value of the Project Bond remains $1,000,000 in 2024 and $2,000,000 in 2025.

13	QIA	QIA CRLU-1	Baffinland commits to fund the development and implementation of the Inuit Stewardship Plan until March 31, 2025. The Qikiqtani Inuit Association will develop a draft Inuit Stewardship Plan Work Plan and seek agreement on a reasonable budget with Baffinland by September 30, 2023. The work plan will include dates for the completion and delivery of the: • Pond Inlet Country Food Baseline Report • Culture, Resource and Land Use Assessment • North Baffin Caribou Study
14	GN	GN-FWS-01	While the Inuit led North Baffin Caribou Study is being completed, Baffinland will develop interim caribou protection measures within 6 months of issuance of the amended Project Certificate The interim measures will include group size and distance thresholds that will trigger specified responses, including activity suspensions, on an activity by activity basis. These interim measures will apply during the period May 15 to July 15. Baffinland will seek advice from TEWG Members and available literature in the development of the interim measures. [Note this commitment is related to existing Appendix B Commitment 064]
15	GN	GN-FWS-03	Baffinland will implement snow track surveys and will make best efforts to conduct them at a frequency of once per week along the Tote Road during the 2023/2024 snow cover seasons when environmental conditions permit the surveys to be conducted effectively and safely. The conditions criteria include fresh snowfall (within last 48 hours) and suitable light conditions. The results of these surveys are to be reviewed by the TEWG following completion of the 2023/2024 snow cover season for potential alterations. [Note survey condition criteria will be the ultimate driver of the number of surveys conducted each month and may be less than the frequency of once per week and due to darkness will not generally be possible in January and February].
16	CIRNAC	CIRNAC-TRC-01 (1)	Baffinland shall develop reliable criteria for the identification of PAG rock that clearly accounts for uncertainty in the 0.2% total sulphur threshold and the presence of acidic soluble sulphates upon the projected life of mine tonnages of PAG and NAG rock. A report shall be submitted to the Nunavut Water Board, for review, no later than December 31, 2023.

Commitment no.	Intervenor	Relevant SOP Technical Comment(s)	Commitment
17	CIRNAC	CIRNAC-TRC-01 (2)	Baffinland shall incorporate these criteria, clearly stating ranges in projected life of mine PAG and NAG rock tonnages, and the resultant necessary contingencies and methods of validation that need to be incorporated into engineering design, environmental monitoring, and management strategies for the Waste Rock Management Plan and Interim Closure and Reclamation Plan. A memo summarizing the plan for updates to the respective management plans will be submitted to the Nunavut Water Board and CIRNAC, no later than April 15, 2024.
18	CIRNAC	CIRNAC-TRC-01 (3)	Baffinland shall review the performance of these plans and provide evidence of the effectiveness of these plans by demonstrating compliance with the management measures and that the desired outcomes of mitigation are achieved. The plan performance reviews shall be submitted on an annual basis as part of the Annual Report to NWB.
19	CIRNAC	CIRNAC-TRC-02	Baffinland shall provide updates on Waste Rock Facility thermal modeling based on monitored deposition sequences and measured on site conditions. The update shall also include commentary on performance of instrumentation. The WRF thermal modelling updates shall be submitted in the Phase 1 Waste Rock Management Plan, for review, no later than December 31, 2023. As new information is made available to inform updated thermal modelling, Baffinland will update the model.
20	CIRNAC	CIRNAC-TRC-03	• Baffinland will include leachability studies as a response option in the Terrestrial Environment Mitigation and Monitoring Plans adaptive management action toolkit if soil metal concentrations are higher than baseline or CCME guideline values over two consecutive years. • Note - The CCME soil guideline for agricultural land uses is for soils and not applicable to construction rock. As per the Quarry Management Plans approved for the current Project the screening criteria applied is consistent for all construction rock. Baffinland will include data in the 2023 NWB QIA Annual Report for operations to confirm only construction rock with low metal content and non-acid generating is used for road construction.
21	CIRNAC	CIRNAC-TRC-04	Baffinland will provide the long-term plans for the Mary River Project, at least on a conceptual level, prior to submitting any subsequent amendments to the Project.
22	CIRNAC	CIRNAC-TRC-05	Baffinland will provide a consolidated list of management plans and their current status (e.g., updated, pending revision, in review, finalized etc.), the stated target date for the next revision, and specific trigger for the revision in the 2023 Annual Report to NIRB.

If such potential End-Buyer is not able to satisfy such requirements or if Agent otherwise refuses to transact with such counterparty, Producer shall be entitled to sell Product to such counterparty without incurring any Fees hereunder (other than Freight Fees therefor if Agent provides shipping services) and the Product purchased from Producer by such counterparty shall be deemed to be Excluded Product.

7.4. Upon the terms of a Sales Contract with an End-Buyer (whether a Related Party or not) having been negotiated and proposed by Agent and the NIO Group's sales, marketing and logistics team, Producer shall review the Sales Contract and respond promptly to Agent. If Producer determines it to be acceptable, Producer may execute such Sales Contract on the terms negotiated and proposed by Agent. No Sales Contract shall provide the payment of the purchase price of the Covered Product by the End-Buyer to any person other than a NIO Party or any person designated by Producer. Agent shall not enter into any proposed Back-to-Back Contract until Producer has executed the corresponding Sales Contract. Agent shall ensure that each Sales Contract corresponding to a Back-to-Back Contract contains the same commercial terms as such Back-to-Back Contract.

7.5. During the Commercial Term, Producer shall:

(a) sell Covered Product in accordance with the terms and conditions of the Sales Contracts;

(b) inform Agent within a reasonable period of time if it will not be able to deliver Covered Product on the terms provided for in a Sales Contract and the reasons for such non-compliance;

(c) insofar as the Agent may assist the Producer in the resolution of any disputes arising in connection with any Sales Contract between the Producer and any End-Buyer other than an End-Buyer that is the Agent or a Related Party (an "**End-Buyer Dispute**"), (i) cooperate with the reasonable requests of the Agent relating to any such End-Buyer Dispute, and (ii) reimburse the Agent in respect of its reasonable costs and expenses incurred in connection therewith, including reasonable out-of-pocket legal costs (if any), and provided always that the Producer shall at all times remain directly liable as principal to such End-Buyer in respect of such End-Buyer Dispute; and

(d) retain ownership of all Intellectual Property.

7.6. Producer and Agent shall share the responsibility for operations and customer technical support, follow-up and complaint management to ensure quality control and customer assurance programs are developed and administered properly.

7.7. Upon the written request of a NIO Party, Agent shall provide to such NIO Party copies of all relevant invoices, worksheets, memoranda and correspondence relating to any sale of

Covered Product (i) to any Related Party of Agent or (ii) in connection with any Back-to-Back Contract, and Agent shall provide all such reasonable assistance to the NIO Parties in connection therewith.

8. Invoicing, Payment, Records and Fees

8.1. During the Commercial Term, Agent shall:

(a) provide all back, mid and front-office support to the NIO Group as directed by the NIO Group to facilitate the timely execution of sales, including support in invoicing of all amounts payable in respect of each Sales Contract as specified by the terms of the relevant Sales Contract;

(b) assist the NIO Group in administering all documentation related to the marketing, sales and delivery of Covered Product to, and purchase of such Covered Product by, End-Buyers (other than Excluded End-Buyers) including invoices, shipping and delivery documents, discharge port services, insurance and customs and excise documentation;

(c) provide to Producer within five Business Days after the end of each month a report identifying each new and current Sales Contract (other than those with Excluded End-Buyers) and summarizing the essential details thereof, including the name and contact information of each End-Buyer, the term of each Sales Contract, Covered Product quantities to be purchased pursuant to each Sales Contract and details regarding the sales price and other payments required pursuant to each Sales Contract; and

(d) prepare, keep and provide to the NIO Parties all information reasonably required to verify that the requirements of this Agreement have been complied with. This provision shall survive termination of this Agreement for a period of six years thereafter.

8.2. If delivery of Covered Product is on CFR terms, or other delivery terms which imply payment for freight and/or insurance at the cost of the NIO Group, Agent, if directed by Producer, shall (i) arrange a contract of affreightment with a Related Party, or a third party, in each case on Market Terms, having regard to price, the quality of the vessel, and other relevant factors, and/or (ii) use commercially reasonable efforts to arrange for a contract of insurance on Market Terms then available. If any such contract is acceptable to Producer, Producer shall enter into the contract of affreightment or insurance arranged by Agent with respect to such Product. Agent shall notify Producer promptly upon arranging any contract of affreightment or insurance in respect of any such Product and specify the date(s) on which such contract is to be made, and if acceptable to Producer, Producer shall complete such contract (by either direct payment to the counterparty to the contract or payment through Agent) by such specified date(s). For clarity, Producer shall not bear any shipping broker, address commission or related charges on any of the above arrangements.

8.3. As compensation for all marketing activities and other services provided by Agent hereunder, Agent will receive from Producer during the Commercial Term (collectively, the "**Fees**"):

(a) a marketing fee equal to 2% of the End-Buyer Netback Price per dmt multiplied by the amount of Covered Product sold (in dmt), other than Reserved Product sold (the "**Marketing Fee**");

(b) a freight fee on the shipment of Covered Product and any Excluded Product for which Agent provides shipping services equal to US$0.15/wmt (the "**Freight Fee**"); provided that no Freight Fee shall be payable in respect of (i) FOB Milne Port sales and (ii) term contracts of affreightment existing prior to the Commercial Term ("**COAs**"), unless and until such COAs are renewed with the assistance of Agent (such COAs as of the Effective Date are set out in Schedule B); and

(c) a freight savings participation fee on the shipment of Covered Product and any Excluded Product for which Agent provides shipping services equal to 30% of any savings actually realized by Producer against the Freight Budget on vessels contracted by Producer under Section 8.2 (the "**Freight Participation Fee**").

8.4. No Fee shall be payable in respect of Excluded Product, except where that Excluded Product was purchased by an AM Related Party Customer and Agent can demonstrate that an AM Related Party Customer has resold such Excluded Product to a non-Affiliate.

8.5. Following completion of each calendar quarter, Agent shall deliver to Producer an invoice for the Fees incurred by Producer hereunder in connection with the sales of Covered Product completed in the preceding calendar quarter. Each invoice shall separately set out the Marketing Fee and Freight Fee owed by Producer for the preceding quarter, as well as any Freight Participation Fee, together with any applicable taxes. The invoice shall be accompanied by supporting material sufficient to enable Producer to verify and confirm such Fees.

8.6. Producer shall pay to Agent the Fees for each sale of Covered Product within 10 days after the later of (i) the end of the calendar quarter in which Producer has received from End-Buyer the whole and final payment for such Covered Product (or insurance proceeds in respect thereof) and (ii) the date on which Producer has received an invoice pursuant to Section 8.5 covering such Covered Product. Where payment by Producer to Agent under any part of the Agreement has not been received by Agent's bank when due, interest shall be payable by Producer on such payment at a rate equal to the LIBOR rate prevailing on that due date plus 5% per annum. Interest will be due and charged as of the due date until funds are received by Agent's bank.

8.7. Payments of Fees made by Producer to Agent will be made by wire transfer to such account as Agent may designate from time to time.

8.8. Expenses incurred by or on behalf of Agent attributable to overhead, employee salaries and other relevant costs directly attributable to, and associated with performance of Agent's obligations under this Agreement and which shall include, but not be limited to, travel and transportation costs, will be for the account of Agent.

8.9. Subject to the concluding sentence below of this Section 8.9, all taxes and dues of any kind levied on any payments pursuant to this Agreement, including for greater certainty payments by Producer to Agent, will be for Producer's account except for any income taxes levied on Agent's income or profits, which will be for Agent's account. If any taxes are required to be deducted or withheld under applicable laws from any payment due

from Producer to Agent under this Agreement, the amount deducted or withheld will, for all purposes under this Agreement between the parties, be treated as though it were paid to Agent.

8.10. Agent shall cause to be kept proper books of account, records and supporting materials covering all matters relevant to the calculation of the Fees payable hereunder. In connection with the foregoing:

(a) Producer shall have the right, at its cost, to audit the calculation of the Fees provided for in Section 8.3, and to receive and inspect copies of all relevant invoices, worksheets, memoranda and correspondence relating thereto, by sending written notice to Agent within 180 days after the date on which such Fees were invoiced (the "**Dispute Period**"). If Producer does not serve such written notice on Agent, Producer's right to conduct a Fee audit shall expire at the end of the Dispute Period, and Producer shall have no further right to a Fee audit.

(b) Agent shall, acting reasonably, cooperate with Producer with respect to the exercise of such right, including discussing any concerns raised by Producer or its representatives. If, following Producer's review, Producer disagrees with the Fees charged by Agent, Producer shall notify Agent by notice in writing ("**Dispute Notice**") within 10 days after the end of the Dispute Period, failing which Producer shall be deemed to have accepted the Fees claimed by Agent. The parties undertake to use their reasonable commercial efforts to resolve any such disagreement in a manner that is satisfactory to both parties.

(c) If the parties are unable to reach a resolution within 30 days following receipt by Agent of the Dispute Notice, the parties shall promptly retain a third party independent internationally-recognized accounting firm mutually agreed between them (an "**Auditor**") to conduct an audit solely in respect of the payments in dispute and the decision of the Auditor will be binding on the parties. If the parties cannot agree on such an accounting firm to conduct an audit solely in respect of the payments in dispute, each party shall nominate one such accounting firm and the two accounting firms shall select a third independent internationally-recognized accounting firm to be the Auditor (and if one party fails to make a nomination within 10 days after the other party has made a request for a nomination in writing, the accounting firm nominated by the other party shall serve as the Auditor). The Auditor shall conduct an audit of relevant material in respect of the payments in dispute. If any document that the Auditor wishes to inspect is subject to a duty of confidentiality, the parties shall seek and use best efforts to obtain approval for inspection of such confidential documents from the relevant parties.

(d) If the parties agree or the Auditor determines that there has been a deficiency or an excess in the Fees paid to Agent, such deficiency or excess will be resolved by adjusting the next Fee payment (or if required, payments) due under this Agreement. All expenses of the Auditor shall be paid by Producer unless the Auditor's audit determines, or the parties agree, that the discrepancies in the calculation of the Fees that are challenged by Producer resulted in an overstatement by more than 5% of the correct Fees payable, in which case Agent shall be responsible for the expenses of the Auditor.

9. Representations and Warranties

9.1. The NIO Parties represent and warrant to Agent that as of the Effective Date:

(a) NIO owns, directly or indirectly, 100% of the shares of BIM Corp and the partnership interests of BIM LP; and

(b) BIM LP, a limited partnership, with BIM Corp as its general partner, owns substantially all of the assets of the Mary River Mine.

9.2. Each party represents and warrants to the other party that:

(a) such party is an entity duly formed, validly existing and in good standing under the laws of its jurisdiction of formation or continuance, has full power to carry on its business and to enter into and perform its obligations under this Agreement, has complied with all statutory and other requirements relative to its business and taken all necessary corporate and other action and obtained all necessary consents, in each case, to authorize the execution, delivery and performance of, this Agreement;

(b) this Agreement constitutes valid and legally binding obligations of such party in accordance with its terms;

(c) the execution, delivery and performance of this Agreement by such party will not (i) contravene any applicable law, regulation or contractual restriction binding on such party; or (ii) result in any breach of or default under any material agreement or other instrument to which such party or its material assets is subject; or (iii) contravene any provision of the constitutional or corporate documents of or applicable such party; or (iv) contravene any treaty, law, statute, act, decree, governmental approvals and/or consents or regulation applicable to such party;

(d) such party is in compliance in all material respects with all environmental laws applicable to it;

(e) no Event of Default with respect to such party has occurred, is continuing, or might reasonably be expected to result from the execution delivery and performance of this Agreement by such party; and

(f) the choice by such party of the laws of England, to govern this Agreement and the submission by such party to arbitration in London is valid and binding.

9.3. Each party acknowledges that the other party has executed this Agreement and agreed to take part in the transactions that this Agreement contemplates in reliance on the representations and warranties that are made by it in Section 9.

10. Force Majeure

10.1. Neither party shall be liable to the other party for any delay or hindrance in performing or failure to perform any of its obligations (except for delay or failure to pay money when due, in respect of which any applicable interest will continue to accrue during a Force Majeure Event) due to or caused by events beyond its reasonable control including, but not limited

to, war, blockade, revolution, riot, insurrection, civil commotion, strike, lockout, explosion, fire, flood, ice, storm, tempest, earthquake, pandemic, public health crisis, laws or regulations, including but not limited to prohibitions on export or import and / or prohibitions applying to a nominated or carrying vessel or any other cause or causes whatsoever beyond the reasonable control of either party whether or not similar to the causes enumerated above (each a "**Force Majeure Event**"). For the avoidance of doubt a party's inability economically to perform its obligations under this Agreement (whether due to increased demand or otherwise), or financial hardship breakdown shall not constitute a Force Majeure Event.

10.2. Upon the occurrence of any Force Majeure Event, the party affected by the Force Majeure Event shall notify the other party in writing within five Business Days after it becomes aware of the Force Majeure Event, specifying: (i) the nature and details of the Force Majeure Event; and (ii) to the best of its knowledge, the commencement date of the Force Majeure Event along with its expected duration and cessation. Where such notice is not given within the aforementioned period, the Force Majeure Event shall not justify the non-fulfilment of any obligations under this Agreement.

10.3. Both parties agree to use reasonable efforts to mitigate the effect of any Force Majeure Event on the performance of their obligations to the extent that it is reasonably possible to do so, it being understood that the settlement of strikes, lockouts, and any other industrial disputes shall be within the sole discretion of the party asserting the Force Majeure Event.

10.4. The parties acknowledge that, as at the date of this Agreement, there is a global pandemic of the COVID-19 virus. Whilst as at the date of this Agreement, the parties do not anticipate that COVID-19 and its effects will adversely impact the performance of their respective obligations under this Agreement, the parties acknowledge that the COVID-19 pandemic and/or its effects are capable in principle of constituting a Force Majeure Event (provided always they meet the definition of Force Majeure Event in each case), notwithstanding that such events may be ongoing and/or foreseeable as at the date of this Agreement.

10.5. The parties acknowledge and agree that the above force majeure provisions do not apply to the terms of purchase and sale arising between NIO and the End-Buyer party to a Sales Contract. The force majeure provisions which are applicable to such terms of purchase and sale are the force majeure provisions in the relevant Sales Contract.

11. Intellectual Property

The parties agree that all Intellectual Property shall be owned by Producer. Agent hereby assigns all of its right, title and interest in and to all Intellectual Property now owned or hereafter created to Producer. Producer hereby grants to Agent during the Commercial Term a non-exclusive, fully paid, worldwide license to use the Intellectual Property solely for the purposes of performing its obligations under this Agreement.

12. Sanctions and Compliance

12.1. Each party represents and warrants and undertakes to the other party that:

(a) neither it nor any of its subsidiaries (in this Section, collectively, the "**Party Group**") or directors, senior executives or officers, or to the knowledge of such party, any person on whose behalf the Party Group is acting in connection with the subject

matter of this Agreement, is or will be an individual or entity (in this Section, a "**Person**") that is, or is 50% or more owned or controlled by, a Person (or Persons) that is the subject of any economic or financial sanctions or trade embargoes administered or enforced by the U.S. Department of the Treasury's Office of Foreign Assets Control, the U.S. Departments of State or Commerce, the United Nations Security Council, the European Union, the Parliament of Canada (including Global Affairs Canada), Switzerland or other applicable sanctions authority (collectively, "**Sanctions**") or based, organized or resident in a country or territory that is the subject of comprehensive (i.e., country-wide or territory-wide) Sanctions (including, as of the date of signature of this Agreement, Crimea, Cuba, Iran, North Korea and Syria) (a "**Sanctioned Country**") (collectively, a "**Sanctioned Person**");

(b) no Sanctioned Person has any beneficial or other property interest in the Agreement nor will it have any participation in, or derive any other financial or economic benefit from, the Agreement; and

(c) it will not use, or make available, the Covered Product or funds (as applicable) provided by the other party under the terms of the Agreement (i) to fund or facilitate any activities or business of, with or related to, any Sanctioned Country or Sanctioned Person, or (ii) in any manner that would result in a violation of Sanctions, or (iii) for any activities or business that could result in the designation of the other party as a Sanctioned Person ("**Sanctionable Activity**").

12.2. If a party becomes a Sanctioned Person or if a party has breached or will breach Section 12.1 (the "**Defaulting Party**"), the other party (the "**Non-Defaulting Party**") may (without incurring any liability of any nature whatsoever) terminate or suspend all or any part of the Agreement with immediate effect by notice to the Defaulting Party or take any other action it deems necessary in order for the Non-Defaulting Party to comply with applicable sanctions or avoid Sanctionable Activity. The Defaulting Party shall be liable for any and all direct costs, liabilities and expenses whatsoever incurred by the Non-Defaulting Party due to the Non-Defaulting Party exercising its rights under this Section. Any exercise by the Non-Defaulting Party of its right under this Section shall be without prejudice to any other rights or remedies of the Non-Defaulting Party under this Agreement.

12.3. Each party warrants, represents and undertakes to the other that, in connection with the subject matter of this Agreement, it, its Affiliates and its or their directors, officers, employees, agents, representatives and any other person acting on its or their behalf:

(a) have complied with, and will comply with, all applicable laws, rules and regulations regarding sanctions, anti-corruption, anti-money laundering, tax evasion and similar laws; and

(b) have not authorized, offered, promised, paid or otherwise given, and will not authorize, offer, promise, pay or otherwise give, whether directly or indirectly, any financial or other advantage to or for the use or benefit of any government official or any private individual (i) for the purpose of inducing or rewarding that person's improper performance of their relevant function, or (ii) that would be a breach of any applicable law.

12.4. The NIO Parties shall comply with the Glencore Supplier Standards available at https://www.glencore.com/suppliers, as amended from time to time, the terms of which are incorporated into this Agreement.

13. Events of Default and Remedies

13.1. Each of the events set out in this Section 13.1 shall be an "**Event of Default**" of the relevant party under this Agreement:

(a) such party fails to pay within ten Business Days when due any sum payable under this Agreement provided that no Event of Default shall occur under this paragraph (a): (i) where the amount due is less than US$ 20,000 or (ii) while the obligation to pay is contested in good faith;

(b) other than solely due to a Force Majeure Event that is continuing for not more than 180 days, such party fails to comply with any material provision of this Agreement (other than a failure specified in Section 12.1 or Section 13.1(a)) or the Pre-Sale Agreement in any material respect and such default is not remedied within 30 days of the earlier of: (i) the other party notifying such party of the default; and (ii) such party becoming aware of the default;

(c) any representation or warranty made, repeated or deemed made by such party in, or pursuant to, this Agreement (other than pursuant to Section 12.1) is (or proves to have been) untrue, incorrect or misleading in any material respect when made, and if capable of being cured such that such representation or warranty would be true and correct following such cure, is not cured within 30 days of the earlier of: (i) the other party notifying such party of thereof such untrue, incorrect or misleading representation or warranty; and (ii) such party becoming aware thereof;

(d) such party becomes insolvent, or is unable to, or admits its inability to, pay its debts as they fall due;

(e) any action, proceeding, procedure or step is taken in relation to: (i) the winding up, dissolution, liquidation, administration, receivership, or reorganisation (by way of voluntary arrangement, scheme of arrangement or other proceeding in which claims of creditors are compromised) of such party or for the suspension of operations of such party under any bankruptcy, insolvency, reorganization, corporate, arrangement, readjustment of debt, dissolution or liquidation law or statute of any jurisdiction whether now or hereafter in effect applicable such party; or (ii) any assignment for the benefit of creditors, petitions or applications to any tribunal for the appointment of a receiver, trustee, administrator, liquidator or conservator under applicable insolvency legislation for such party or for any part of its Material Assets or the appointment of a liquidator, receiver, administrative receiver, administrator, compulsory manager or other similar officer in respect of such party or its Material Assets, in each of cases (i) and (ii), if such action, proceeding, procedure or step is not being diligently defended or is not dismissed, discharged, stayed or restrained within 45 days after the happening thereof;

(f) such party suspends (for greater certainty, other than due to Force Majeure Event) or ceases or threatens to suspend (for greater certainty, other than due to Force Majeure Event) or cease to carry on its business;

(g) any Expropriation or License Event occurs or other similar event occurs or circumstance arises which, in either case, would reasonably be expected to materially and adversely affect the ability of such party to perform all or any of its respective material obligations under or otherwise to comply in all material respects with the terms of this Agreement, and such event or circumstance is not addressed to the satisfaction of the other party, acting reasonably, within 30 days of the earlier of: (i) such other party notifying the former party of the event or circumstance; and (ii) the former party becoming aware of the event or circumstance;

(h) in respect of NIO Parties, any Change of Control occurs; provided that if Agent has not exercised its rights under Section 13.2, a Change of Control shall cease to be an Event of Default 180 days after the Agent becomes aware of the occurrence of such Change of Control; or

(i) an event or circumstance occurs with respect to such party which has or would reasonably be expected to have a Material Adverse Effect.

13.2. If an Event of Default has occurred and is continuing with respect to a particular party, then the other party may by written notice to the particular party terminate this Agreement and declare any outstanding amounts due and payable within five days after delivery of such written notice. Such right shall be without prejudice to the right to indemnification in respect of its losses arising on the termination of this Agreement under Section 14 hereof.

13.3. Following a Change of Control, NIO shall have the right to terminate the Agreement with immediate effect provided that: (i) NIO shall repay all outstanding payments and accrued interest under the Pre-Sale Agreement; and (ii) Producer shall pay to Agent a payment equivalent to Fair Market Value as of the date of termination. For purposes of this Section 13.3, "**Fair Market Value**" shall mean the net present value as of the date of termination of the anticipated fees to be earned by Agent hereunder, net of Agent's anticipated expenses incurred in connection with the services to be provided by Agent hereunder, from the date of termination until the expiry of the then current Commercial Term. Failing agreement of the parties on the amount of the Fair Market Value within 15 days after the date of termination of this Agreement, each party shall appoint an independent internationally recognized valuator, at its own cost, to calculate Fair Market Value. Such valuators shall complete such calculation within 15 days after being retained by the parties. If the Fair Market Value as calculated by each valuator is within 10% of the average of both Fair Market Values, then the final Fair Market Value shall be such average; otherwise, the two valuators will appoint an independent internationally recognized auditor and the auditor shall, within 15 days after being appointed, select one of the two Fair Market Values as most appropriate in the circumstances, and the Fair Market Value so selected shall be final and binding on the parties. The costs of the auditor shall be borne by the party whose Fair Market Value is not selected by the auditor.

14. Indemnification

14.1. Subject to Section 14.2 and 20, each party will indemnify the other party and its directors, officers, employees and agents (collectively, "**Indemnified Parties**") against any loss, cost, expense, damage or liability (including reasonable legal fees and other expenses) arising hereunder as a result of a breach by such party of its obligations hereunder or an Event of Default in respect of such party or the negligence of such party.

14.2. The indemnity in Section 14.1 shall not extend or apply to any claim arising out of the fraud, willful misconduct or gross negligence of an Indemnified Party as the case may be; provided that for such purposes "gross negligence" means any wanton or reckless act or omission not justified by any special circumstances as amounts to a willful disregard for the harmful and avoidable consequences.

14.3. If any action is brought against an Indemnified Party in respect of which indemnity may be sought under this Section 14, the Indemnified Party shall promptly notify the indemnifying party in writing of the institution of such action and the indemnifying party shall, if it so elects, assume the defense of such action, including the employment of counsel and payment of expenses; provided, however, that any failure or delay to so notify the indemnifying party will not relieve the indemnifying party of any obligation hereunder, except to the extent that its ability to defend is materially prejudiced by such failure or delay. The Indemnified Party shall have the right to employ its own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of the Indemnified Party unless the employment of such counsel shall have been authorized in writing by the indemnifying party in connection with the defense of such action or the indemnifying party shall not have employed counsel reasonably satisfactory to the Indemnified Party to have charge of the defense of such action within a reasonable time or the Indemnified Party shall have reasonably concluded (based on the advice of counsel) that there may be defenses available to it which are different from or additional to those available to the indemnifying party (in which case the indemnifying party shall not have the right to direct the defense of such action on behalf of the Indemnified Party), in any of which events such fees and expenses shall be borne by the indemnifying party and paid as incurred (it being understood, however, that the indemnifying party shall not be liable for the expenses of more than one separate firm of attorneys in any one action or series of related actions in the same jurisdiction (other than local counsel in any such jurisdiction) representing all Indemnified Parties who are parties to such action). Anything in this paragraph to the contrary notwithstanding an Indemnified Party will not settle or compromise any such claim or action without the written consent of the indemnifying party, such consent not to be unreasonably withheld, conditioned or delayed.

15. Assignment

15.1. The parties agree that this Agreement gives rise to personal obligations, and neither party, subject to Section 15.2, may assign this Agreement without the prior written consent of the non-assigning party, such consent not to be unreasonably withheld. This Agreement will be binding on and enure to the benefit of the respective successors and permitted assigns of the parties.

15.2. Notwithstanding the provisions of Section 15.1, either party may assign its rights and benefits under this Agreement as collateral to secure such party's obligations to any arm's length *bona fide* lender to such party, and that the other party shall, upon request, consent to and acknowledge such assignment.

16. Governing Law

This Agreement, including the arbitration clause, shall be governed by, interpreted and construed in accordance with the substantive laws of England and Wales, excluding the United Nations Convention on Contracts for the International Sales of Goods of April 11, 1980 (CISG).

17. Arbitration

17.1. Any dispute arising out of or in connection with this Agreement, including any question regarding its existence, validity or termination, shall be referred to and finally resolved by arbitration under the Rules of the London Court of International Arbitration (LCIA), which Rules are deemed to be incorporated by reference into this Section. The seat, or legal place, of arbitration shall be London, England. The language to be used in the arbitration shall be English. The number of arbitrators shall be three (one arbitrator to be appointed jointly by the NIO Parties, one to be appointed by the Agent, and the third to be chosen by the two party-appointed arbitrators). The parties waive irrevocably their right to any form of appeal, review or recourse to any court or other judicial authority.

17.2. Each NIO Party shall be bound by the outcome of the arbitration of any dispute under this Agreement pursuant to Section 17.1. The parties shall have the right to consolidate disputes arising out of or in connection with this Agreement and the Pre-Sale Agreement if such disputes raise issues that are common to both agreements.

18. Duplication and Joint Obligations

NIO shall be jointly and severally liable to Agent for the obligations of the NIO Parties hereunder. For greater certainty, BIM LP shall only be liable to Agent for the obligations of the Producer hereunder where BIM LP is, or has been designated by NIO to be, the Producer.

20. Limitation of Liability

Notwithstanding any provision to the contrary herein, neither party shall be liable for any indirect or consequential damages, whether in contract, tort or otherwise, resulting from the manner of performance and/or the non-performance, whether in whole or in part, of any of the obligations arising hereunder including, without limitation (if and to the extent that such damages might otherwise not constitute indirect or consequential damages) loss of anticipated profits, loss of opportunity, business receipts or contracts, loss of future revenue or similar losses under this Agreement.

21. Waiver

The failure of a party to insist on the strict performance of any provision of this Agreement or to exercise any right, power, or remedy upon a breach hereof will not constitute a waiver of any provision of this Agreement or limit the party's right thereafter to enforce any provision or exercise any right.

22. Amendment

This Agreement shall become effective on the date of its execution by the NIO Parties and Glencore. Any change, modification or addition to the terms and conditions hereto shall only become effective when confirmed by the NIO Parties and Glencore in a writing signed by all parties.

24. Severability

If any provision of this Agreement or the application thereof to any party, is held illegal, unenforceable, or otherwise invalid by government promulgation or court decree, such holding

shall not affect the other provisions or applications of this Agreement which can be given effect without the invalid provision.

25. Counterparts

This Agreement may be executed in any number of counterparts, each of which when executed and delivered (including delivery by PDF copies thereto) shall constitute an original of this Agreement, but all the counterparts shall together constitute the same agreement.

26. Confidentiality

Hartree agrees to reasonably cooperate with Baffinland to ensure the roles and responsibilities of Hartree and such marketing agents and/or marketing consultants are clearly delineated and the execution of services by all such parties is well coordinated. Baffinland hereby covenants that its prior or future designation of such global marketing agents and/or additional marketing agents shall in no event relieve Baffinland from its obligation of paying the Marketing Fees or True-Up Payments to Hartree as they become due hereunder.

d) Hartree shall have no authority, and shall not hold itself out, or permit any person to hold itself out, or otherwise create the impression that it is authorized to conclude a contract with a counterparty on Baffinland's behalf or bind Baffinland in any way, and shall not do any act which might reasonably create the impression that Hartree is so authorized.

e) Hartree may assist in negotiations with potential End Customers, but shall not, under any circumstances, make or enter into any contracts or commitments or incur any liability for or on behalf of Baffinland, and shall only negotiate any terms with potential End Customers within the limits discussed with and instructed in writing by Baffinland.

6. **Performance**. Hartree shall perform the Services provided for hereunder in a reasonably diligent and professional manner. In performing the Services, Hartree shall comply with

applicable laws and regulations and with applicable Baffinland policies and procedures communicated in writing by Baffinland to Hartree from time to time.

7. **Personnel**. During the Commercial Term, Hartree shall use its commercially reasonable efforts to maintain staffing that is required in order to perform the Services as required hereunder.

8. **Quantity**. During each calendar year of the Commercial Term, Hartree shall provide the Services with respect to at least 2,000,000 dry metric tonnes of Baffinland's Product produced at the Mary River Mine (as it may be increased by any applicable Additional Quantity pursuant to Clause 12 or Clause 14, the "**Annual Quantity**"). Over the Commercial Term, the minimum tonnage shall be 10,000,000 dry metric tonnes. Should the Specified Equipment Financing Transaction not be entered into due to actions of Hartree, the Annual Quantity and minimum tonnage shall be reduced by 25%.

9. **Fee Arrangement**.

a) As compensation for providing the Services, Baffinland shall pay to Hartree for each calendar year of the Commercial Term a services fee equal to 2.0% (the "**Applicable Percentage**") of Baffinland's average realized FOB price for such calendar year applicable to a volume of at least the Annual Quantity (such average FOB price, the "**Applicable FOB Price**", and such fee, the "**Marketing Fee**"); provided, that, for purposes of this Clause 9(a), (i) the Marketing Fee minimum will be $1.25 per dry metric ton, and (ii) Hartree will benefit from Most Favored Nation **("MFN")** protection related to Marketing Fees (or substantively similar arrangements) in existence between Baffinland and other parties during the term of this agreement, provided that this MFN shall not apply to any fees paid or discounts provided to offtake customers of Baffinland. In the event the MFN is triggered, the Applicable Percentage for purposes hereof shall be increased to such percentage effective immediately on a future and retroactive basis.

Such notice shall include all information reasonably necessary for Hartree to calculate the applicable Marketing Fee(s). In addition, Baffinland shall provide Hartree with quarterly reports containing all information reasonably required for Hartree to prepare and issue invoices for the corresponding Marketing Fee(s).

For greater certainty Marketing Fees shall be based upon and be paid after the finalization of price quotational periods with customers and receipt of final funds thereof.

b) Based on the receipt and finalization of the documents identified in Section 10(a), Baffinland shall pay the applicable Marketing Fee to Hartree within 5 Business Days following such finalization via wire transfer of readily available funds to any account as Hartree may designate from time to time. Baffinland's failure to provide documentation identified in Section 10(a) shall not excuse Baffinland's obligation to pay Hartree any Marketing Fees so due, and in such circumstances, Hartree may provide Baffinland with a provisional invoice utilizing the best available information, and such provisional invoice shall determine the Marketing Fee and True up Payment owed to Hartree.

c) To the extent that during any calendar year during the Commercial Term, the total amount of Product sold to end customer during such calendar year is less than the Annual Quantity (the difference between the Annual Quantity and the amount of dry metric tonnes of Product sold in such year, the "**Shortfall Amount**"), Baffinland shall owe Hartree a true-up payment (the "**True-Up Payment**"). The True-Up Payment shall be equal the product obtained by *multiplying* (x) the Shortfall Amount by (y) the Applicable Percentage (as it may be increased in accordance with the proviso in Clause 9(a)) Baffinland shall pay any applicable True-Up Payment to Hartree within 5 Business Days following each such calendar year.

d) Subject to the concluding sentence below of this Section 10(d), all taxes and dues of any kind levied on any payments pursuant to this Agreement, including for greater certainty payments by Baffinland to Hartree, will be for Baffinland's account, except for any income taxes levied on Hartree's income or profits, which will be for Hartree's account. If any taxes are required to be deducted or withheld under applicable laws from any payment due from Baffinland to Hartree under this Agreement, the amount deducted or withheld will, for all purposes under this Agreement between the Parties, be treated as though it were paid to Hartree.

e) For purposes of this Agreement, the term "**Business Day**" shall mean any day except a Saturday, a Sunday or any other day on which commercial banks are required or authorized to close in New York, New York.

11. **Hartree's Services**. Nothing herein shall restrict Hartree or any of its affiliates' ability to (a) provide services equivalent to any or all of the Services being performed by Hartree pursuant to the terms and conditions of this Agreement to any third-party other than Baffinland (whether relating to Product or any other material or metal) or (b) enter into

any transaction, investment or other business opportunity with any End Customer.

12. **Glencore Agreements**.

a) The Parties acknowledge that as of the date hereof:

(i) Baffinland, Nunavut Iron Ore, Inc., an Ontario corporation ("**NIO**") and Glencore AG, a Swiss company ("**Glencore**"), are currently party to that certain Marketing Agreement, dated as of December 9, 2020 (as amended or modified from time to time, the "**Glencore Marketing Agreement**"), pursuant to which, among other things, Baffinland appointed Glencore as Baffinland's worldwide marketing agent for all Product produced at the Mary River Mine that is delivered to end customers by way of the Milne Port and Milne Inlet in Nunavut, Canada; and

(ii) Baffinland and Glencore are currently party to that certain Commercial Presales Purchase & Sale Agreement of Iron Ore, dated as of December 9, 2020 (as amended or modified from time to time, the "**Glencore Prepay Agreement**"), pursuant to which, among other things, Glencore purchases Product from Baffinland and Glencore may request prepayment of Product from Baffinland.

b) Prior to the date hereof and thereafter, the Parties acknowledge that Baffinland and NIO are in active dialogue regarding the provision of the services associated with the Glencore Marketing Agreement and the Glencore Prepayment Agreement, among other matters related thereto. To the extent that at any point on or after the Effective Date, the Glencore Marketing Agreement and/or the Glencore Prepay Agreement are (i) terminated or (ii) otherwise modified, refinanced, or managed in any manner such that any rights Glencore had to Product by virtue of the Glencore Marketing Agreement and/or the Glencore Prepay Agreement are reduced by at least 2,000,000 dry metric tonnes or at least 2,000,000 dry metric tonnes of Product is produced at the Mary River Mine that is not subject to the Glencore Marketing Agreement and/or Glencore Prepay Agreement, the commencement of the Commercial Term shall be accelerated to the date of such occurrence (such date, the "**Acceleration Date**"), and the last day of the Commercial Term shall be December 31 of the fourth calendar year thereafter. Correspondingly, the minimum tonnage under Section 8 shall be revised to 8,000,000 dry metric tonnes. The Acceleration Date and any corresponding adjustment to the minimum tonnage shall only be deemed met if the first Annual Quantity is delivered by December 31st, 2027. Hartree and Baffinland shall take such further actions, including cooperating with the other Party and executing such further documents as may be reasonably necessary or reasonably requested by the other Party in order to ensure that the Acceleration Date is memorialized and that the Marketing Fees shall begin being due by

Baffinland starting at the Acceleration Date to Hartree in accordance with the terms hereof.

13. **Back to Back Contracts**. Upon the request of either Party and the mutual agreement of the Parties, the Parties may enter into a Back-to-Back Contract. For purposes of this Section 13, the term "**Back-to-Back Contract**" shall mean a contract between a customer and Hartree in respect of which Baffinland has agreed to enter into a contract with Hartree as a customer for purposes of permitting Hartree to sell Product to such customer. To the extent the Parties mutually agree to enter into a Back-to-Back Contract for a Sales Contract, the terms and conditions thereof shall be agreed mutually between the Parties on a separate written and executed instrument.

14. **Reclamation LCs**.

a) The Parties acknowledge that prior to or concurrently with the Effective Date, Baffinland has entered into the Credit Agreement.

b) In the event that, after the Effective Date, the Credit Agreement is refinanced or the terms thereof are materially amended (not including any transactions pursuant to the Specified Equipment Financing Transaction), Baffinland hereby grants Hartree (or any of its affiliates) the right but not obligation, to provide Baffinland with $67,000,000 of letters of credit associated with the Reclamation Obligations (as defined in the Credit Agreement) at commercially reasonable terms taking into account the credit quality of Baffinland following such refinancing or material amendment, with such letters of credits sitting pari passu with all Priority Payment Obligations (as defined in the Credit Agreement, such letters of credit, the "**Reclamation LCs**") the Commercial Term of this Agreement shall be extended by three years.

15. **Option to Convert.** At Baffinland's request, this Agreement may be converted to an offtake agreement whereby Hartree would purchase the specified Quantity at market terms *less* the Marketing Fee that would have otherwise applied under this Agreement. The obligation to convert will be based on the mutual agreement of the Parties to binding documentation, and the inability to do so will not excuse the payment of fees as agreed in this agreement.

16. **Property**. All notes, computer storage devices, memoranda, correspondence, records, documents and other tangible items that were provided by Baffinland containing confidential information made, used or held by Hartree in the course of providing the Services hereunder will be and remain at all times the property of Baffinland.

18. **Indemnification**. As a separate and independent obligation from all other obligations arising under this Agreement, Baffinland and its affiliates shall indemnify, defend, release and hold harmless Hartree and its affiliates and their respective members, shareholders, partners, principals, officers, directors, executive committee members, employees, agents, contractors and representatives from and against any and all suits, actions, liabilities, legal proceedings, claims, fines, penalties, demands, losses, costs and expenses of whatsoever kind or character, including reasonable attorneys' fees and expenses (collectively, "**Losses**") to the extent that the same arises out of or results from (i) any failure of Baffinland to perform its obligations under this Agreement, (ii) breach of any representations or warranties of Baffinland, (iii) any negligent or tortious acts or omissions by Baffinland, (iv) any gross negligence or willful misconduct or breach of applicable law on the part of Baffinland in connection with the performance of this Agreement; or (v) any claim of any nature brought by or on behalf of Baffinland.

19. **Limitation of Liability**. In no event, whether as a result of breach of contract, tort or otherwise, shall either Party be liable to the other Party for any special, consequential, incidental, indirect, punitive or exemplary damages in connection with this Agreement or the Services.

20. **Compliance with Laws**. No Party shall be obliged to take any action or refrain from taking any action in connection with the subject matter set out in or connected in any way with the performance of this agreement if to do so would, or would in the reasonable opinion of the Party subject to the applicable law or regulation, cause the Party in question to breach any law or regulation to which it is subject.

21. **Anti-Bribery and Corruption**. Baffinland shall during the Commercial Term:

    a) comply with the following laws, statutes, regulations, and codes relating to anti-bribery and anti-corruption ("**Relevant Requirements**"):

        (vi) any other law applicable to either Party that relates to anti-bribery and anti-corruption; and

        (vii) the applicable country legislation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions.

d) not do, or omit to do, any act that will cause or lead Hartree to be in breach of any of the Relevant Requirements or Relevant Policies;

e) notify Hartree (in writing) if it becomes aware of any breach of this Section 17, or has reason to believe that it or its personnel have received a request or demand for any undue financial or other advantage in connection with the performance of this Agreement;

f) establish, maintain and enforce its own policies and procedures to ensure compliance with the Relevant Requirements and the Relevant Policies;

g) if requested, provide Hartree with any reasonable assistance at Hartree's reasonable cost, to enable Hartree to perform any activity required by any relevant government or agency in any relevant jurisdiction for the purpose of compliance with any of the Relevant Requirements or Relevant Policies;

h) on the date of this Agreement, and annually thereafter, certify to Hartree in writing signed by an authorized officer of Baffinland compliance with this Section 17 by Baffinland and its personnel. Baffinland shall provide such supporting evidence of compliance as Hartree may reasonably request.

b) none of its officers or employees is a foreign public official; and

c) no foreign public official owns a direct or indirect interest in Baffinland and no public official has any legal or beneficial interest in any payments made by Hartree under this Agreement.

23. **Sanctions**.

a) Neither Party shall be obliged to perform any obligation otherwise required by this Agreement (including, without limitation, an obligation to (a) perform, deliver, accept, sell, purchase, pay or receive monies to, from, or through a person or entity; or (b) engage in any other acts) if the Party would be in violation of, or exposed to, punitive measures under, any laws, regulations, statutes, prohibitions or restrictions imposed by the United States of America, the United Nations, Switzerland, the European Union or the United Kingdom and/or applicable to either Party relating to the adoption, implementation and enforcement of economic sanctions, export controls, trade embargoes or other restrictive measures of any type whatsoever ("**Sanctions**").

b) Where any performance by a Party would be in violation of or expose such Party to punitive measures under Sanctions, such Party (the "**Affected Party**") shall, as soon as reasonably practicable, give written notice to the other Party of its inability to perform. Once such notice has been given the Affected Party shall be entitled:

c) Each Party agrees to promptly notify the other Party after becoming aware of a Personal Data Breach and to take reasonable steps to mitigate the impact of any Personal Data Breach that may affect the other Party. In case of any conflict between this Agreement and any such further privacy, confidentiality, or information security agreement, such further agreement shall prevail with regard to the processing of personal data covered by it.

6. Title and Risk

Subject to any financing arrangement being agreed pursuant to Clause 9, title to and risk in each shipment of Product shall pass from the Seller to the Buyer as the Product passes the flange connection of the delivery equipment's delivery line to the receiving terminal's receiving line.

7. Price and Payment

7.1 The indicative pricing for each Transaction shall be calculated as follows:

Base Price (Index) + CFR (Index) + Premium + Freight + Finance (if applicable) + Taxes

Where:

Base Price = Argus NYH Barge ULSD prompt (5 days around loading date)

CFR = Argus Canada CFR cost Diesel (5 days around loading date)

Premium = Premium for Arctic Diesel quality + Handling fees

Freight = Delivered (Pass-through cost) Kildair will issue BMI separate invoices for the direct cost of each sea freight delivery to the BMI Terminal

Finance (if applicable) = Any mutually agreed financing rate applicable, based on Section 9 provisions.

Taxes = All applicable product taxes (including Excise, Nunavut and others)

Example (as indication only, pricing as per Aug 2025 transaction with WFS / information received by Baffinland):

Premium (0.02 $CAD/liter) = In this example, small premium adding to Finance line of pricing terms (for Arctic Diesel quality + Handling fees)

Freight (0.129 $CAD/liter) = Delivered price using Desgagnes / PNav vessel (Gaia)

Finance (0.179 $CAD/liter) = Finance line with WFS in Aug 2025 include premium from Finance (10 months repayment schedule) + Arctic Diesel over Diesel quality + Handling fees

Taxes (0.04 $CAD/liter Excise + 0.091 $CAD/liter Nunavut) = Excise + Nunavut taxes

(a) payment for each Transaction shall be made in accordance with the payment terms set out in the applicable Confirmation and the GTCs; and

(b) the Seller shall notify the Buyer of the Price and the due date for Payment no later than twenty-four (24) hours prior to the due date for Payment.

8.2 Notwithstanding any other terms in this Agreement, during the period following the Seller's written notice for Adequate Assurance until the provision or establishment of said Adequate Assurance, the Seller shall be entitled, in its sole discretion and without further notice to Buyer to:

(a) suspend performance of its obligations under this Agreement without liability to the Buyer; and/or

(b) hold as Adequate Assurance any amounts due from the Seller to the Buyer.

8.3 All costs, fees, and expenses related to the Buyer's provision or establishment of the Adequate Assurance as required by the Seller shall be for the Buyer's sole account. In addition, any delays, costs or losses incurred by the Seller arising out of or in connection with any delay in the Buyer's provision or establishment of, or the Buyer's failure to provide or establish, the Adequate Assurance within the specified deadline, shall be for the Buyer's sole account.

9. Financing

9.1 Upon request by the Buyer, the Seller may extend financing directly to the Buyer in connection with the purchase of the Product or Seller may work with a third party to provide Buyer financing. The Buyer shall specify in each Nomination the financing structure requested which may be either:

9.3 Should the Seller not provide financing or fails to secure third party financing for Buyer's purchase of the Product under this Agreement acceptable to the Buyer, Buyer may (i) propose to Seller an alternative financing intermediary acceptable to Seller, in its sole discretion; or (ii) in the alternative if no third party financing intermediary acceptable to Seller is identified, Buyer may purchase the Product for that specific Shipment Period from a third party.

9.4 In all cases, Seller shall have a Right of Last Offer ("ROLO") to match any financing offer by third-party supplier. In the event the Buyer intends accept a financing offer by a third-party supplier, upon receipt of an offer with the third-party supplier, Buyer will furnish all commercial details of the offer to Seller on a strictly confidential basis. Seller shall make any election to exercises its ROLO, and its ROLO shall expire, one day prior to the expiry of the third-party supplier offer to the Buyer.

10. Collaborative Efforts

Kildair acknowledges the importance of fuel supply and cost optimization to Baffinland's business, from both a financial and operational perspective. It will work with Baffinland's fuel procurement personnel to help bring efficiencies to purchasing practices and support supply chain optimization over the term. Kildair (or it's affiliates) will take reasonable efforts to consider capital expenditures related to infrastructure, carbon credit supply, logistical optimization, and financing support.

11. Advisory Services and Advisory Services Fee

During the Term, Hartree shall provide the following services to Buyer (collectively, the "**Advisory Services**"): advise Buyer on marine and mine-site fuel procurement topics, including periodic market reports on global and regional fuel pricing trends, supply–demand dynamics, and freight or delivery benchmarks relevant to Arctic and Atlantic operations; provide commercial and contractual guidance on fuel purchase, storage, and delivery agreements as required; coordinate technical and operational feedback on product quality, specifications, and performance; and, to the extent mutually agreed upon by the Parties in writing, perform any other services reasonably requested to support Baffinland's fuel purchasing and supply strategy. Hartree shall also advise on obtaining best financing terms for product deliveries, although Baffinland acknowledges such terms will be prioritized for Kildair's supply offer versus third parties. For providing these Advisory Services, Hartree shall be paid by Buyer an Advisory Services Fee per Shipment Period for all Product purchased by Buyer for use at either Milne or Steensby ports. Buyer shall provide to Hartree a report with sufficient detail to calculate the Advisory Services Fee within twenty (20) calendar days following the end of each Shipment Period. Payment from Buyer to Hartree of the Advisory Service Fee shall be due and payable on the 30th day following the end of each Shipment Period. Notwithstanding the above, if (a) the calculation of the Advisory Services Fee results in a fee for a Shipment Period less than US$1,750,000, then the Buyer shall pay US$1.75m for such Shipment Period, (b) if at the end of the third annual Shipment Period, the aggregate Advisory Services Fee paid to Hartree is less than US$7,500,000, the Buyer shall pay an additional amount at the end of the third annual Shipment Period such that the aggregate Advisory Services Fee paid to Hartree at such time is equal to US$7,500,000 and (c) if at the end of the fifth annual Shipment Period, the aggregate Advisory Services Fee paid to Hartree is less than US$15,000,000, the Buyer shall pay an additional amount at the end of the fifth annual Shipment Period such that the aggregate Advisory Services Fee paid to Hartree at such time is equal to US$15,000,000.

"**Advisory Services Fee**" for a Shipment Period is defined as (A) 2% of fully loaded cost of fuel into tanks, *excluding* any taxes and financing costs ("**Base Fee**"); plus (B) 50% of differential, only if positive, between (x) the actual fully loaded cost of fuel into tanks *plus* any taxes and financing costs for any Shipment Period, normalized to the 2025 fuel price index, and (y) the actual 2025 fully loaded cost of fuel into tanks *plus* taxes and financing costs.

Example of Advisory Services Fee Calculation:

Assuming 2026 fuel price index remains the same as in 2025, the 2026 cost of fuel, premium and freight will be US87¢, making Base Fee = 1.7¢/liter. Now assuming Baffinland spends capital to install fixed manifold and can accept larger size fuel ships direct from New York Harbor, the current 10.5¢/liter freight would drop to no more than 3.7¢/liter at today's day-rates. Hartree fee would increase to 3.4¢/liter. Assuming further that Hartree can help Baffinland lower it current financing costs, which is currently 15¢/liter, assuming the ability to provide security up to 26 million liters and up to US$50 million of accounts receivable (now available subject only to Oaktree/Hartree consent) by 5¢/liter, Hartree would earn an additional 2.5¢/liter; for an aggregate total of 7.6¢/liter.

12. Assignment

Neither Party may assign any rights or obligations under the Agreement without the prior written consent of the other Party, such consent not to be unreasonably withheld, conditioned or delayed. Notwithstanding this, the Seller may, without the Buyer's consent, transfer, sell, pledge, encumber or assign any of its rights or obligations under the Agreement, whether in part or in full, or the accounts, revenues or proceeds hereof in connection with any financing, securitisation, bank funding and/or other financial arrangements.

13. Force Majeure

13.1 Neither Party shall be liable in damages or otherwise for failure or delay in satisfaction of its obligations hereunder (except the Buyer's obligation to pay for Product delivered) to the extent that said failure or delay is due to a Force Majeure Event as hereinafter defined.

13.2 "**Force Majeure Event**" shall mean any cause whatsoever beyond the reasonable control of the affected Party (the "**Affected Party**") which partly or wholly prevents, hinders or delays the Affected Party from satisfying its obligations hereunder and which could not reasonably have been avoided through the reasonable endeavours of the Affected Party, including but not limited to acts of God, storm, fire, explosion, earthquake, flood, washout, lightning, perils of the sea, epidemic, pandemic, insurrection, revolution, political disturbance, war, sabotage, acts of terrorism, acts of public enemies, embargoes, blockages, war (whether declared or undeclared), civil unrest, mobilization, piracy, riots, strikes, lockouts, labor difficulties and action of the elements, stoppages of workmen or tugboat men or any other hand essential to the working of or transportation to the Discharge Port, delivery and shipment of the Product whether partial or general, compliance with any order, directive, requisition, or restriction of any government authority, local authority, court, regulatory body or authority having jurisdiction over either Party or controls on exports or imports or in the case of Seller, any circumstance or event which affects the ability of the Seller or its intended supplier to produce, transport or deliver the Product including congestion in the loading port or in the Discharge Port or in the approaches to any such place (whether at sea or on land) or the unavailability of any infrastructure necessary to transport the Product to the Discharge Port, loss of or damage to or failure, accidents or breakdowns of any of the Seller's or its intended supplier's facilities, including at any refinery, port, plant, mine, terminal, rail line, roads and/or any other facilities used or involved in the production, transportation or delivery of the Product or any other cause or causes beyond the reasonable control of the Affected Party whether or not of a similar nature.

13.3 Notwithstanding anything else herein, none of the following, for that reason alone, will be deemed to be a Force Majeure Event: (i) currency or interest rate fluctuations, or changes in banking charges or practices; (ii) Seller's ability to sell or Buyer's ability to purchase Product at a more advantageous price; (iii) Buyer's failure or inability to obtain and/or maintain any import licences and/or permits whatsoever; (iv) Buyer's failure or inability to carry out any customs formalities whatsoever necessary for the import of the Product at the Discharge Port; or (v) a Party's economic inability to perform its obligations under this Agreement.

13.4 As soon as reasonably practicable following the commencement of the Force Majeure Event, the Affected Party shall give notice of the Force Majeure Event to the other Party (the "**Non-Affected Party**"). Such notice shall specify in reasonable detail the facts constituting the Force Majeure Event, its expected duration and its effect or anticipated effect on the Affected Party's performance of this Agreement. The Affected Party shall take commercially reasonable steps to rectify or overcome the event or circumstance giving rise to the Force Majeure Event but such steps shall not include incurring additional expense or where the Affected Party is Seller sourcing Product from any

source other than the Affected Party's intended source of supply. The Affected Party shall give notice of the cessation of the Force Majeure Event as soon as reasonably practicable following the end of the Force Majeure Event.

13.5 Upon the occurrence of Force Majeure Event, the time for performance under this Agreement shall be extended for any period reasonably necessary during which this Agreement will remain in full force and effect.

13.6 In the event that the Force Majeure Event or its effects last for a period in excess of thirty (30) continuous days, the Non-Affected Party may, on giving written notice to the Affected Party, cancel that part of the contractual quantity that is affected by the Force Majeure Event without liability. Without prejudice to the foregoing, in the event that the Force Majeure Event or its effects last for a period in excess of ninety (90) continuous days, either Party may cancel (a) that part of the contractual quantity that is affected by the Force Majeure Event; or (b) the entire Agreement, without liability.

13.7 Where the Affected Party is Seller, Seller shall be entitled, in its absolute discretion, to decide upon the allocation or apportionment of available supplies of the Product among its customers during the period when the Force Majeure Event and its effects are ongoing as Seller sees fit in its sole and unfettered discretion.

14. Events of Default and Termination

14.1 Each of the events, acts, circumstances or occurrences set out in this Clause 14 shall be an event of default (an "**Event of Default**") with respect to the party specified (the "**Defaulting Party**"):

(a) a failure by a party to make any payment or delivery or perform any other material obligation, in each case when due, under this Agreement if such failure is not cured within five (5) Business Days after notice thereof;

(b) a party files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause of action under any bankruptcy, insolvency, reorganization or similar law, or has any such petition filed or commenced against it; makes an assignment or any general arrangement for the benefit of creditors; otherwise becomes bankrupt or insolvent (however evidenced); has a liquidator, administrator, receiver, trustee, conservator or similar official appointed with respect to it or any substantial portion of its property or assets; or is generally unable to, or admits in writing its inability to, pay its debts as they fall due;

(c) a party makes or is deemed to make a representation or warranty that proves to have been untrue or misleading in any material respect when made or deemed to have been made.

14.2 Upon the occurrence of an Event of Default, the non-defaulting party (the "**Non-Defaulting Party**") may, without prejudice to its other rights and remedies under this Agreement or at law, take any one or more of the following actions:

(a) terminate this Agreement upon written notice to the Defaulting Party; and/or

(b) suspend performance of its obligations under this Agreement for so long as the Event of Default is continuing; and/or

(c) claim damages (if the Event of Default is as a result of breach by the Defaulting Party) and/or compensation (if the Event of Default is not as result of breach by the Defaulting Party) against the Defaulting Party.

14.3 Termination of this Agreement by either Party pursuant to this Clause 14 shall be without prejudice to any rights and remedies accruing to the Parties before such termination.

14.4 Notwithstanding any other provision of this Agreement, upon the occurrence of an Event of Default, the Non-Defaulting Party may without notice to the Defaulting Party set off any liability of the Defaulting Party or any affiliate

of the Defaulting Party to the Non-Defaulting Party or any affiliate of the Non-Defaulting Party against any liability of the Non-Defaulting Party or any affiliate of the Non-Defaulting Party to the Defaulting Party or any affiliate of the Defaulting Party, whether either liability is present or future, liquidated or unliquidated, and whether or not either liability arises under this Agreement. If the liabilities to be set off are expressed in different currencies, the Non-Defaulting Party may convert either liability at a market rate of exchange for the purpose of set-off. Any exercise by the Non-Defaulting Party of its rights under this Clause shall be without prejudice to any other rights or remedies available to the Non-Defaulting Party under this Agreement or otherwise.

15. Compliance with Laws and Regulations

15.1 Sanctions.

(a) Notwithstanding anything to the contrary elsewhere in this Agreement:

(i) Nothing in this Agreement is intended, and nothing herein should be interpreted or construed, to induce or require either Party to this Agreement to act in any manner (including failing to take any actions in connection with a transaction) which is inconsistent with, penalised or prohibited under any Trade Control Laws or which would otherwise expose such party to a risk of being added to a Restricted Party list or otherwise becoming the target of any national, regional or multilateral trade or economic sanctions under the Trade Control Laws; and

(ii) Neither Party shall be obliged to perform any obligation otherwise required by this Agreement (including without limitation an obligation to (a) perform, deliver, accept, sell, purchase, pay or receive monies to, from, or through a person or entity, or (b) engage in any other acts) if this would be in violation of, inconsistent with, or expose such party to punitive measures under any Trade Control Laws.

(b) The Buyer shall not directly or indirectly export, re-export, transfer divert, trade, ship, import, transport, store, sell, deliver or re-deliver any of the goods to be supplied under this Agreement to, or for end-use by, a Restricted Jurisdiction or a Restricted Party. In addition, the Buyer agrees to impose or require the imposition of these restrictions on any of its direct or indirect resale customers.

(c) The Seller shall not source or purchase any of the goods to be delivered to the Buyer under this Agreement from a Restricted Party or a Restricted Jurisdiction.

(d) Where any performance by a Party would be in violation of, inconsistent with, or expose such party to punitive measures under the Trade Control Laws, or where a Party becomes a Restricted Party, the party unable to perform or the party not designated as a Restricted Party (the "**Affected Party**" for the purposes of this clause) shall, as soon as reasonably practicable give written notice to the other party of its inability to perform. Once such notice has been given the Affected Party shall be entitled:

(i) To immediately suspend the affected obligation (whether payment or performance) until such time as the Affected Party may lawfully discharge such obligation; and/or

(ii) where the inability to discharge the obligation continues (or is reasonably expected to continue) until the end of the contractual time for discharge thereof, to a full release from the affected obligation, provided that where the relevant obligation relates to payment for goods which have already been delivered, the affected payment obligation shall remain suspended (without prejudice to the accrual of any interest on an outstanding payment amount) until such time as the Affected Party may lawfully resume payment; and/or

(iii) where the obligation affected is acceptance of the vessel, to require the nominating party to nominate an alternative vessel;

in each case without any liability whatsoever (including but not limited to any damages for breach of contract, penalties, costs, fees and expenses).

(e) Nothing in this clause shall be taken to limit or prevent the operation, where available under the governing law of the Agreement, of any doctrine analogous to the doctrine of frustration under English common law.

(ii) "**Restricted Jurisdiction**" means a country, state, territory or region which is subject to comprehensive economic or trade restrictions under Trade Control Laws applicable to the performance of this Agreement. As at the date of this Agreement, Restricted Jurisdictions include Cuba, Crimea, Iran, North Korea, Syria and non-government controlled areas of Ukraine.

(iii) "**Trade Control Laws**" means any laws concerning trade or economic sanctions or embargoes, Restricted Party lists, trade controls on the imports, export, re-export, transfer or otherwise trade of goods, services or technology, anti-boycott legislation and any other similar regulations, rules, restrictions, orders or requirements having the force of law in relation to the above matters and in force from time to time including those of the United Nations, European Union, the United Kingdom, the United States of America or any government laws in relation to the above matters applicable to a Party to this Agreement.

15.2 Anti-Corruption. For the purposes of this clause, "**Anti-Corruption Laws**" means the (i) U.S. Foreign Corrupt Practices Act (ii) the U.K. Bribery Act 2010 and (iii) all applicable national, regional, provincial, state, municipal or local laws, statutes, decrees, rules and regulations and/or official government orders (as amended from time to time) relating to the prohibition of tax evasion, money laundering or otherwise dealing in the proceeds of crime or the bribery of, or the providing of unlawful gratuities, facilitation payments, or other benefits to, any government official or any other person.

(a) Each Party agrees and undertakes to the other that in connection with this Agreement they are aware of and shall each respectively comply with the Anti-Corruption Laws.

(b) Each Party represents, warrants and undertakes to the other that it shall not, directly or indirectly:

(i) pay, offer, give, promise to pay or authorise payment of any monies or the transfer of any other thing of value to a government official or an officer or employee of a government or any department, agency or instrumentality of any government or public international organisation or to any person acting in an official capacity for and on behalf of the same or to any political party or official thereof or any candidate for political office, or to any director, officer, employee or agent

or representative of an actual or prospective counterparty, supplier or customer of either Party or to any other person at the suggestion, request or direction of the aforementioned persons and entities; or

(ii) engage in other acts or transactions,

in each case if such acts or transactions are in violation of or inconsistent with the Anti-Corruption Laws.

(c) The Seller represents and warrants to the Buyer that it has not made any payments or given anything of value to officials, officers or employees of the government of the country in which Product originated or any agency, department or instrumentality of such government in connection with the Product which is the subject of this Agreement which would be inconsistent with or contravene the Anti-Corruption Laws.

(d) Each Party represents, warrants, and covenants that in connection with this Agreement and the business resulting therefrom:

15.3 Compliance with laws. No Party shall be obliged to take any action or refrain from taking any action in connection with the subject matter set out in or connected in any way with the performance of this Agreement if to do so would, or would in the reasonable opinion of the Party subject to the applicable law or regulation, cause the Party in question to breach any law or regulation to which it is subject.

16. Limitation of Liability

16.1 In no event shall the Seller's liability for any Product sold pursuant to this Agreement exceed the Price of that Product, except for gross negligence on the part of the Seller.

2.2 Call for Funding

(a) Baffinland may make a funding call to the Original Holders to fund Tranches at any time prior to the Outside Funding Date as follows:

(i) the first Tranche of $50,000,000 may be called at any time after the date of this Agreement;

(b) Subject to Section 2.2(g), if Baffinland decides to make a funding call in respect of any Tranche, it shall deliver written notice (a "**Funding Call Notice**") to the Original Holders providing each Original Holder with the option to fund all or a portion of (x) its Proportionate Share of the Tranche plus (y) its Unfunded Portion, if any, or the Reduced Amount or the Elected Amount, if applicable. Each Funding Call Notice shall specify: (i) the names of each Original Holder, (ii) each Original Holder's Proportionate Share of the Tranche or the Reduced Amount or the Elected Amount, if applicable, (iii) each Original Holder's Unfunded Portion, if any, (iv) the account of Baffinland to which the Original Holders are to fund their Proportionate Shares of the Tranche or the Reduced Amount or the Elected Amount, if applicable, and (v) the date by which the Original Holders are required to fund their Proportionate Shares and Unfunded Portion, if any, or the Reduced Amount or the Elected Amount, if applicable, should they elect to fund (the "**Funding Deadline**"), which shall be: (x) for the first Tranche, as specified in the Funding Call Notice, and (y) for the other Tranches, 15 Business Days after the date of the Funding Call Notice. (iv) Baffinland shall have executed and delivered to such Original Holder a certificate of a senior officer of Baffinland certifying without personal liability that, on and as of the date of the Funding Call Notice:

(A) all of the representations and warranties made by Baffinland pursuant Appendix G are true and correct in all material respects if made as of such date; and

(B) Baffinland is not in breach or default of, and the funding of the Tranche and the transactions contemplated by this Agreement do not cause Baffinland to be in breach or default of, any provision in this Agreement or in any material Contract, including its senior secured bond indenture and its senior secured revolving credit facility, to which it or any Subsidiary is a party; and

(v) in respect of the first Tranche only, Baffinland shall be in a position to renew substantially concurrently with funding its then current senior secured revolving credit facility.

and it shall maintain and have the right to fund such Unfunded Portion in a subsequent Tranche, if any, in accordance with the terms hereof. Subject to Section 2.2(g), within five Business Days after the Funding Deadline, Baffinland shall deliver written notice (an "**Unallocated Funding Notice**") concurrently to each Original Holder that has complied with Section 2.2(d) and has fully funded its Proportionate Share of the Tranche (the "**Funding Holders**"), offering each such Funding Holder the right to fund its proportionate share of the Non-Funding Holder's unfunded portion of the Tranche (the "**Unallocated Tranche**"). The proportionate shares of the Funding Holders shall be determined based on the respective Proportionate Shares of the Funding Holders, without regard to the Proportionate Share of the Non-Funding Holder. Each Unallocated Funding Notice shall specify: (i) the names of each Funding Holder, (ii) each Funding Holder's proportionate share of the Unallocated Tranche, (iii) the account of Baffinland to which the Funding Holders are to fund their proportionate shares of the Unallocated Tranche, and (iv) the date by which the Funding Holders are required to fund their proportionate shares should they elect to fund (the "**Unallocated Funding Deadline**"), which shall be 15 Business Days after the date of the Unallocated Funding Notice.

(f) Upon receipt of an Unallocated Funding Notice, each Funding Holder shall have the option to fund its proportionate share of the Unallocated Tranche as called for in the Unallocated Funding Notice on or before the Unallocated Funding Deadline.

(g) If an Original Holder funds less than the Original Holder's Proportionate Share of a Tranche, it shall not impact the rights of such Original Holder to fund its Proportionate Share of the subsequent Tranche plus any Unfunded Portion of the previous Tranche in accordance with this Article 2. Not less than ten days prior to delivering the Funding Call Notice to the Original Holders in respect of the second Tranche or the third Tranche, as applicable, Baffinland shall deliver written notice to each Non-Funding Holder requesting such Non-Funding Holder to elect in writing whether it will fund any Unfunded Portion in connection with such applicable Tranche. If such Non-Funding Holder elects by written notice to Baffinland to pay all or a portion of the Unfunded Portion (such amount, the "**Elected Amount**") not less than two Business Days prior to Baffinland delivering the Funding Call Notice in respect of such applicable Tranche, such Non-Funding Holder shall be permitted to fund all or a portion of the sum of its Proportionate Share of such applicable Tranche plus the Elected Amount and each Funding Holder shall be permitted to fund in respect of such Tranche (x) all or a portion of its Proportionate Share of the Tranche less (y) the Elected Amount that it previously funded pursuant to Section 2.2(f) (the "**Reduced Amount**").

(b) Baffinland shall have the option to repurchase the Steensby Floating Royalty from the Holders as follows:

(i) Baffinland may repurchase 50% of the Steensby Floating Royalty and reduce the Steensby Floating Royalty Rate by 1.5625% (i.e., reducing the Steensby Floating Royalty Rate from 3.125% to 1.5625%), at its sole discretion, on written notice delivered to the Holders within 18 months after achievement of Substantial Completion of Steensby, for a purchase price that, together with 50% of the Steensby Floating Royalty paid hereunder, will result in each Holder achieving an IRR of 35% on the aggregate of 50% of all Funds contributed by or on behalf of such Holder from the date that such Funds were contributed up to the date that is the Business Day prior to the date of repurchase; and

(ii) if the repurchase right referenced in Section 3.3(b)(i) has been exercised, Baffinland may repurchase the balance of the Steensby Floating Royalty by reducing the Steensby Floating Royalty Rate by 1.5625% (i.e., reducing the Steensby Floating Royalty Rate from 1.5625% to 0%), at its sole discretion, on written notice delivered to the Holders within 18 months after the Substantial Completion of 30Mtpa, for a purchase price that, together with (x) prior to any repurchase pursuant to Section 3.3(b)(i), 50% of the Steensby Floating Royalty paid hereunder and (y) thereafter, 100% of the Steensby Floating Royalty paid hereunder, will result in each Holder achieving an IRR of 35% of the aggregate of 50% of all Funds contributed by or on behalf of such Holder from the date that such Funds were contributed up to the date that is the Business Day prior to the date of repurchase.

(c) If Baffinland wishes to repurchase the Milne Fixed Royalty or the relevant portion of the Steensby Floating Royalty, it shall deliver written notice to all Holders on or before the deadline specified in Section 3.3(a) or 3.3(b) (a "**Repurchase Notice**"), as applicable. The Repurchase Notice shall specify (i) the date on which Baffinland will effect the repurchase (a "**Repurchase Date**"), which date shall be, subject to Section 3.3(e) in the case of Steensby Floating Royalty, the first Business Day of the next following Payment Period, and (ii) Baffinland's good faith calculation of the purchase price for each Holder in accordance with Section 3.3(a) or 3.3(b) (a "**Repurchase Price**"), as applicable.

(d) If any Holder disputes the calculation of its Repurchase Price in the Repurchase Notice with respect to Steensby Floating Royalty, it shall deliver a written notice to the other Holders and Baffinland (a "**Dispute Notice**") within fifteen Business Days from the delivery of the Repurchase Notice, in which case all Holders and Baffinland shall have 30 days from the date of delivery of such Dispute Notice to resolve the dispute. If no Dispute Notice is delivered within the fifteen Business Day period, the Repurchase Price for each Holder set out in the Repurchase Notice shall be considered final and binding on the Holders. If Baffinland and the Holders are unable to resolve the dispute within the aforesaid 30 day period, Baffinland shall promptly retain an independent internationally recognized accounting firm experienced in the valuation of royalties of the nature of the Steensby Floating Royalty (the "**Expert**") to calculate the Repurchase Prices for each Holder. If the Expert has not been retained within 15 days after expiry of the aforesaid 30 day period, any one of the Holders may request that BMO Nesbitt Burns Inc. appoint an Expert (or if BMO Nesbitt Burns Inc. refuses, any independent reputable investment bank with expertise in mining as may be agreed by Baffinland and the Required Holders). While the Expert is performing its engagement, neither Baffinland nor the Holders shall communicate with the Expert on the subject matter of their work, except by joint conference call or joint meeting (which may be held virtually) or letter with copy simultaneously delivered to the others. The Expert shall conduct the proceeding and decide matters of procedure in the Expert's discretion but will allow Baffinland and the Holders to present their respective positions regarding the calculation of their respective Repurchase Prices and each of Baffinland and the Holders shall have the right to present additional documents, materials and other information, and make an oral presentation to the Expert in respect of same. The Expert shall consider such additional documents, materials and other information and such oral presentations and the Expert shall make its determination based on information provided by Baffinland and the Holders, by independent review, relevant industry knowledge and verifiable data. Any other documents, materials or other information must be copied to Baffinland and the Holders, and each of them shall be entitled to attend any such oral presentation, and to reply thereto in respect of such items. With respect to the dispute, the Expert shall adopt a position

that is either equal to Baffinland's proposed position, equal to the Holders' proposed position, or between (but not necessarily the "mid-point" of) the positions proposed by Baffinland and the disputing Holders. The determination of the Expert shall be final and binding upon Baffinland and the Holders and shall not be subject to appeal, absent manifest error. The Expert shall be acting as expert and not as arbitrator. The fees and expenses of the Expert will be borne by Baffinland, on the one hand, and the Holders (in accordance with their Shares), on the other hand, in inverse proportion as they may prevail on the issue resolved by the Expert, which proportionate allocations will also be determined by the Expert at the time the determination of the Expert is rendered. For illustrative purposes, should the disputed items total in amount to $1,000 and the Expert awards $600 in favour of Baffinland's position, 60% of the costs of the Expert would be borne by the disputing Holders and 40% of the costs would be borne by Baffinland. For greater certainty, the Holders may not dispute the Repurchase Price in the Repurchase Notice with respect to Milne Fixed Royalty.

(e) Promptly, and in any event, within five Business Days following the delivery of the Repurchase Notice in the case of the Milne Fixed Royalty, or the final determination of the Repurchase Prices in the case of Steensby Floating Royalty in accordance with Section 3.3(d), the Holders shall deliver to Baffinland wire instructions. Baffinland shall effect the repurchase from each Holder on the Repurchase Date (which, in the case of a dispute in respect of the Steensby Floating Royalty, shall be deemed to be the first Business Day of the Payment Period next following the earlier of (i) the Expert's determination or (ii) settlement of the dispute by the parties) for that Holder, by delivering by wire transfer of immediately available funds to that Holder of its Repurchase Price. If a holder has failed to provide Baffinland with wire instructions, Baffinland may pay that Holder's Repurchase Price to a segregated bank account for the benefit of such Holder. Upon payment of the Repurchase Prices (i) pursuant to Section 3.3(a), the Milne Fixed Royalty shall terminate automatically without further action by any party, or (ii) pursuant to Section 3.3(b), the Steensby Floating Royalty Rate shall be reduced automatically without further action by any party.

3.4 Calculation and Payment of Royalties

(a) The amount of the Milne Fixed Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Milne Fixed Royalty applied to all Product Shipped from Milne on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Milne Fixed Royalty.

(b) The amount of the Steensby Fixed Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Steensby Fixed Royalty applied to all Product Shipped from Steensby on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Steensby Fixed Royalty.

(c) The amount of the Steensby Floating Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Steensby Floating Royalty applied to all Revenues recognized on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Steensby Fixed Royalty.

(d) Each Royalty shall be calculated at the end of each Payment Period and shall be payable in accordance with the remaining provisions of this Section 3.4. An illustration of the calculation of each Royalty at the end of a Payment Period is set out in Appendix F.

(e) Baffinland covenants and agrees that all Sales of Product to any Affiliate to which the Steensby Floating Royalty applies shall occur on arm's length terms, having regard to the terms given by Baffinland to arm's length purchasers of similar quantities of Product.

(f) The amount of the Royalty payment due to a Holder in respect of any Payment Period shall be paid to the Holder on the applicable Payment Date by wire transfer of immediately available funds in the amount owed. If any Royalty payment required to be made to a Holder hereunder is not made when due, such payment will bear interest at a rate equal to the Prime Rate plus 5% per annum, calculated and compounded monthly in arrears from the date on which payment was first due, until such payment and accrued interest is paid in full, and a Holder may, in lieu of receiving all or part of such Royalty payment that is not made when due, direct Baffinland to apply such Royalty payments against such amount from the purchase price of any iron ore that such Holder or its Affiliates is required to pay to Baffinland, its Affiliates or its contractual counterparties, and Baffinland shall use its commercially reasonable efforts to cooperate with, and assist, such Holder with effecting any such direction.

(g) Subject to applicable Law, all Royalty payments hereunder shall be made in United States dollars and shall be made net of all amounts (if any) which Baffinland is required to withhold and remit under applicable Law to any relevant Governmental Authorities. Upon request by Baffinland, each Holder shall provide Baffinland confirmation of such Holder's jurisdiction of residence for tax purposes and such other information as Baffinland may reasonably require to determine its obligation to withhold amounts from Royalty payments to such Holder and to remit such amounts to the relevant Governmental Authorities.

(h) At the time each Royalty payment is made to any Holder, Baffinland shall deliver to the Holder a statement setting forth: (i) the calculation of each of the Royalties for the relevant Payment Period and the underlying details necessary to complete such calculation, (ii) where commingling has occurred, details of how the allocation of metals was made between Product from the Property and materials from other properties during the applicable Payment Period, and (iii) other pertinent information in sufficient detail to explain the calculation of the payments.

(i) All waste rock and other materials resulting from Baffinland's operations and activities on the Property shall be the sole property of Baffinland, but shall remain subject to the Royalty should the same be Shipped or Sold, as the case may be, in the future and result in the production of Products.

3.5 Accounting Matters

(a) All calculations relating to the Royalty payments to be made to any Holder hereunder shall be carried out on a consistent basis in accordance with GAAP to the extent that such principles are not inconsistent with the provisions of this Agreement. In the event of any inconsistency between GAAP and the provisions of this Agreement, the latter shall prevail.

(b) For purposes of this Section 3.5, the Required Holders shall appoint a single Holder as a representative Holder (the "**Representative Holder**"), who shall initially be EMG, to exercise the rights of the Holders under this Section 3.5. The Representative Holder shall consult with the other Holders and shall provide them with regular and frequent updates to the other Holders with respect to the exercise of the rights of the Holders by it under this Section 3.5. Baffinland shall reimburse the Representative Holder for its reasonable and documented costs and expenses incurred in its capacity as Representative Holder.

(c) Baffinland shall cause to be kept proper books of account, records and supporting materials covering all matters relevant to the calculation of the Royalty payments payable to the Holders hereunder. Upon not less than 10 Business Days' prior written request from the Representative Holder, duly authorized representatives of the Representative Holder (which may include representatives of the Representative Holder's auditors) shall be entitled, at the Representative Holder's cost and expense, not more frequently than quarterly, to inspect and audit such books of account, records and supporting materials relevant to the calculation of the Royalty payments payable to the Holders hereunder and the opportunity to discuss issues raised by its audit with Baffinland's accountants, for the purposes of confirming any information contained in a statement delivered to the Holders pursuant to Section 3.4(h) or otherwise confirming the rights and obligations of the Holders and Baffinland hereunder.

(d) Any payment made hereunder shall be considered final and in full satisfaction of all obligations of Baffinland in respect of that payment unless the Representative Holder provides written notice of its objection to Baffinland within 180 days after the receipt by the Holders of a statement prepared in compliance with Section 3.4(h) that relates to that payment. In addition to the audit rights provided by Section 3.5(c), if the Representative Holder objects to a particular Royalty statement delivered in accordance with Section 3.4(h), the Representative Holder may, for a period of 60 days after Baffinland's receipt of notice of such objection, upon reasonable notice and at a reasonable time, have Baffinland's accounts and records relating to the calculation of the Royalty payment in question reviewed by the Representative Holder's auditors.

(e) If, following the receipt of the objection notice contemplated by Section 3.5(d) and any review by the Representative Holder's auditors, a dispute arises with respect to the calculation of the Royalty, Baffinland and the Representative Holder shall use their best efforts to successfully settle the matter within 30 days after delivery of the objection notice. To this effect, they shall consult and negotiate with each other to reach a resolution satisfactory to both parties. If after 30 days the parties have not resolved the dispute, the parties shall promptly retain a third party independent accounting firm of international standing (an "**Auditor**") mutually agreed between the Representative Holder and Baffinland and experienced in the calculation of

royalties of the nature of the Royalty to conduct an audit solely in respect of the payments in dispute. If Baffinland and the Representative Holder cannot agree on the joint appointment of the Auditor within 15 days after expiry of the aforesaid 30 day period, then either Baffinland or the Representative Holder may request that Ernst & Young Canada LLP appoint an Auditor (or if Ernst & Young Canada LLP refuses, any independent reputable accounting firm as may be agreed by Baffinland and the Representative Holder). The Auditor will act as an expert and not as an arbitrator, and will conduct the proceeding and decide matters of procedure in the Auditor's discretion. The Auditor will reach a conclusion on the dispute within 45 days after appointment and the decision of the Auditor will be binding on Baffinland and all Holders. If Baffinland and the Representative Holder agree or the Auditor determines that there has been a deficiency or an excess in the payment made to any Holder, such deficiency or excess will be resolved by adjusting the next Royalty payment (or, if required, payments) due under this Agreement. If production has ceased, settlement will be made between the parties by cash payment within 10 Business Days after the agreement of the Representative Holder or the determination by the Auditor.

(f) Any audit or other examination permitted under this Agreement shall be completed diligently. All expenses of any audit or other examination permitted hereunder shall be paid by the Representative Holder (and recoverable by the Representative Holder from all Holders in accordance with their respective Shares), unless such audit or examination determines, or the Representative Holder and Baffinland agree, that the discrepancies in the calculation of the Royalty payment that are challenged by the Representative Holder resulted in an understatement by more than 3% of the correct value of the Royalty payment, as determined by the audit, in which case Baffinland shall be responsible for the expenses of that particular audit or other review or examination.

ARTICLE 4
OPERATIONS AND INDEMNIFICATION

4.1 Operations

Baffinland may, but is not obliged to, stockpile, store, treat, mill, sort, concentrate, refine or otherwise process, beneficiate or upgrade the ores, concentrates and other products at sites located on or off the Property, prior to sale, transfer or conveyance to a purchaser, user or consumer.

4.2 Indemnification

(a) Baffinland shall indemnify and hold each of the Holders harmless from and against any losses or damages arising from: (A) any breach or inaccuracy of any representation or warranty of Baffinland pursuant to Section 2.2(c)(iv) or 4.3; or (B) the ownership and operation of the Property, including (i) exploration or mining operations on the Property, (ii) disposal of waste from the Property, (iii) reclamation of the Property, (iv) environmental liabilities arising in relation to operations on the Property, and (v) the marketing and Sale of Product from the Property, it being understood and agreed between each of the Holders and Baffinland that the Royalties are a right to receive certain payments from Baffinland based upon Products produced from the Property, and Sold and Shipped, but is not a right that imposes upon any Holder any associated or other obligations to Baffinland or to any other person, including any Governmental Authorities, or any obligation on any Holder to contribute or otherwise pay any cost or expense associated with or arising from any of the activities of Baffinland on the Property.

(b) The indemnity in Section 4.2(a) is limited to losses, damages, claims, demands, liabilities, actions and proceedings that may be suffered or incurred by, or made or taken against, any Holder as a holder of the Royalties and will not include any indemnity with respect to any losses, damages, claims, demands, liabilities, actions and proceedings against the Holder in any other capacity, including in respect of the ownership by the Holder of an interest in Baffinland or another interest in the Property. Nothing in Section 4.2(a) limits, affects or otherwise amends or varies any express agreement between Baffinland and the Holder in respect of any losses or damages arising from (i) ownership of another interest in, or the operation of, the Property or (ii) ownership of an interest in Baffinland.

(c) This Section 4.2 shall survive any termination of this Agreement.

4.3 Representations and Warranties

(a) Baffinland, acknowledging that the Original Holders are entering into this Agreement in reliance thereon, hereby make the representations and warranties to the Original Holders as set out in Appendix G as of the date hereof and as of the date of each Funding Call Notice in accordance with Section 2.2(c)(iv).

(b) EMG, acknowledging that ArcelorMittal is entering into this Agreement in reliance thereon, hereby makes the representations and warranties to ArcelorMittal as set out in Appendix H.

4.4 General Royalty Matters

(a) If Product is produced from the Property, such activities may occur as part of a single operation with other mining properties owned by Baffinland or its Affiliates or in which Baffinland or its Affiliates have a direct or indirect interest, in which event the parties agree that (notwithstanding separate ownership thereof) ores, metals, minerals or mineral products mined therefrom may be mixed or commingled at the time of mining or at any time thereafter and the Royalties shall be paid hereunder only with respect to the Products mined or derived from the Property; provided, however, that Baffinland or its Affiliates shall calculate from representative samples the average grade thereof and other measures as are appropriate, and shall determine the weight or volume of and sample and analyse/assay all such materials before the same are so mixed or commingled. Any such determination of grade, weight or volume, sampling and analysis shall be made in accordance with sound and generally accepted sampling and analytic procedures and practices consistently applied that Baffinland, acting reasonably, believes suitable and, in the absence of fraud, its choice of such procedures and practices shall be final and binding on the Holders. The weight or volume and the analysis so derived shall be used as the basis of proportionate allocation of payments in the event of a sale of materials so mixed or commingled. In addition, comparable procedures may be used by Baffinland to apportion among any commingled Product any penalties and other charges and deductions, if any, imposed by the purchaser of such Product.

(b) Baffinland shall ensure that customary and usual practices and procedures are adopted and employed for weighing, determining moisture content, sampling and assaying and determining other relevant factors for the Product and other materials not from the Property, and shall record such data in order to determine the amount of economically recoverable materials extracted or derived from such minerals, metals and concentrates and materials not from the Property. Baffinland shall maintain accurate records of the results of such sampling, weighing and analysis for a period of 365 days from the date that the Holders receive a statement

prepared in accordance with Section 3.4(h) that relates to a Royalty payment, and any Significant Holder shall be permitted the right to examine such records relating to any blending and commingling of minerals, metals and concentrates and the materials not from the Property in accordance with the inspection rights in favour of the Holder set forth in Section 4.6.

(c) For the purpose of determining the amount of the Royalty payments required to be made to any Holder pursuant to Article 3, where applicable, all receipts and disbursements by any person in a non-United States currency will be converted into United States dollars on the basis of the noon rate of exchange quoted by the U.S. Federal Reserve on the Business Day immediately preceding the date of receipt or disbursement by such person, as the case may be.

(d) Neither Baffinland nor any of its Affiliates shall have any obligation of any nature whatsoever to conduct exploration, development, production or mining activities or operations on or in respect of the Property with a view to protecting, enhancing or maximizing the economic benefits available to any of the Holders as contemplated herein. For certainty, each of the Holders acknowledges and agrees that all decisions regarding the Property, including all decisions concerning the methods, extent, times, procedures and techniques of any: (i) exploration, development and mining related to the Property, including spending on capital expenditures; (ii) milling, processing or extraction; (iii) materials to be introduced on or to the Property; and (iv) sales, transportation and shipping of Product and terms thereof, shall be made by Baffinland, in its sole and absolute discretion.

(e) Nothing in this Agreement precludes Baffinland from undertaking, and Baffinland shall be entitled to undertake in its sole discretion, Trading Activities.

4.5 Assignment of Interests

(a) Subject to Section 4.5(b), no Holder (in such capacity, the "**Assigning Holder**") shall, without the prior written consent (which consent shall not be unreasonably withheld, delayed or conditioned) of (i) the Required Holders, excluding any Assigning Holder for the purposes of determining the Required Holders from whom prior written consent needs to be obtained, and (ii) EMG, if ArcelorMittal is the Assigning Holder, and (iii) ArcelorMittal, if EMG is the Assigning Holder, assign, transfer or otherwise convey (either directly or indirectly) all or any portion of the Royalties and corresponding rights or obligations under this Agreement to any person, except for any sale, assignment, transfer, conveyance or other disposition to an Affiliate of the Assigning Holder (including, for greater certainty, in connection with a dissolution or amalgamation of the Assigning Holder), which shall not require prior written consent as long as, prior to such sale, assignment, transfer, conveyance or other disposition, the Assigning Holder (x) delivers to the other Holders and to Baffinland a certificate of a director or senior officer of such Assigning Holder certifying without personal liability that such transferee is an Affiliate of the Assigning Holder, and (y) causes the Affiliate to assume in writing the corresponding obligations to Baffinland under this Agreement and to retransfer the Royalties to the Holder before ceasing to be an Affiliate of the Holder. Notwithstanding the foregoing, no assignment, transfer or conveyance shall be effective unless the transferee has first executed and delivered to Baffinland a joinder pursuant to which the transferee agrees to be bound by the terms hereof and by all of the liabilities and obligations of the transferor hereunder in the same manner and to the same extent as though the transferee was an original party hereto.

(b) Baffinland and its Affiliates will not be or become liable to make payments in respect of any Royalty to, or to otherwise deal in any manner in respect of this Agreement with,

more than one person in respect of any Holder's interests. If the interests of any Holder under this Agreement are at any time owned by more than one person, those owners must, as a condition of receiving payment under this Agreement, nominate in writing one person to act as agent and common trustee for receipt of monies payable under this Agreement and to otherwise deal with Baffinland in respect of such interests and no owner will be entitled to administer or enforce any provisions of this Agreement except through such agent and trustee. After receipt of written notice nominating an agent and trustee, Baffinland will thereafter make, and be entitled without further enquiry to make, payments due under this Agreement in respect of a Royalty to that agent and trustee and to otherwise deal with that agent and trustee as if it were the sole holder of the Royalty.

(c) Baffinland shall not assign, transfer, sell or otherwise dispose of its right, interest and obligations to and under this Agreement, without the prior written consent of the Required Holders, and if Holders at the time, both of EMG and ArcelorMittal, which may be withheld or conditioned in the sole and absolute discretion of the Required Holders and, if Holders at the time, both of EMG and ArcelorMittal, provided that Baffinland shall be entitled to assign, transfer, sell or otherwise dispose of all or a portion of its right, interest and obligations to and under this Agreement without such consent in connection with a valid sale, transfer or assignment of a corresponding portion of the Property or the Mining Rights. No such sale, assignment, transfer, conveyance or other disposition shall be effective unless the transferee has first executed and delivered to the Holders an instrument pursuant to which the transferee agrees to be bound by the terms hereof and by all of the liabilities and obligations of Baffinland hereunder in the same manner and to the same extent as though the transferee was an original party hereto. Nothing in this Section 4.5(c) will prevent a sale, assignment, transfer, conveyance or other disposition of all or a portion of the Property or Mining Rights to a Subsidiary as long as, prior to such sale, assignment, transfer, conveyance or other disposition, Baffinland causes any such Subsidiary to assume in writing the a corresponding portion of the obligations to the Holders under this Agreement and to retransfer the Property and Mining Rights to Baffinland before ceasing to be a Subsidiary of Baffinland.

4.6 Inspection of Facilities

Each of the Significant Holders shall have the right, upon reasonable notice and during regular business hours, to inspect the facilities associated with the Property to the extent necessary to confirm Baffinland's proper performance of its obligations in this Agreement. Such inspection shall be at the sole risk and expense of the Significant Holder, and the Significant Holder shall indemnify Baffinland from and against any liability caused by the Significant Holder's exercise of inspection rights, except as a result of the gross negligence or wilful misconduct of Baffinland.

4.7 Surrender and Reacquisition

(a) If Baffinland wishes to abandon or surrender any of the Permits or Mining Rights comprising part of the Property or any other interest in the Property, Baffinland shall first give notice of such intention to the Holders at least 45 days in advance of the proposed date of abandonment or surrender.

(b) The parties agree that if a Mining Right comprising part of the Property is surrendered by Baffinland or expires and then is subsequently reacquired by Baffinland or any Subsidiary, the Royalty will be payable on any Product obtained from that Mining Right after the date of such reacquisition by Baffinland or its Subsidiary, all on the same terms as in this

Agreement. Notwithstanding the preceding sentence, once a Mining Right comprising part of the Property is acquired by any of the Holders, a nominee of a Holder, or any of their respective Affiliates after the date of this Agreement, no further Royalty will be payable in connection with that Mining Right, regardless of whether Baffinland or any of its Subsidiaries reacquires such Mining Right.

4.8 Technical Reports

(a) If Baffinland prepares a technical report under National Instrument 43-101 in respect of the Property, upon the request of any Holder, Baffinland shall use commercially reasonable efforts to cause the authors of such report to provide, at the sole cost and expense of the Holder, (i) a copy of such report to be addressed to the Holder or any of its Affiliates, (ii) the relevant certificates and consents of the authors required in connection with the filing of and reference to such report to be provided to the Holder or any of its Affiliates, and (iii) such other consents in connection with the use of or reliance upon such report by the Holder or any of its Affiliates from time to time in its public disclosure as may be required by the Holder.

(b) If any Holder or any of its Affiliates is required by applicable Law to prepare a technical report under National Instrument 43-101 or an analogous report under an acceptable foreign code (as defined in National Instrument 43-101) (a "**Holder Report**") in respect of the Property and chooses to prepare its own Holder Report, Baffinland shall cooperate with and allow the Holder and its authorized representatives to access technical information pertaining to the Property and complete site visits at the Property so as to enable the Holder or its Affiliates, as the case may be, to prepare the Holder Report at the sole cost and expense of the Holder. The Holder shall give Baffinland a reasonable opportunity to review and comment on the Holder Report, and shall provide Baffinland a final copy or an advance draft copy of any such Holder Report before it is filed publicly and in any event not less than 10 Business Days before it is so filed. Neither Baffinland, nor any other Holder, nor any of their respective Affiliates or representatives shall assume any liability in connection with, and such Holder shall indemnify and hold such persons harmless from and against any losses or damages arising from any disclosure by the Holder with respect to the Property, including in connection with any such Holder Report.

(c) Any party may at any time change its address for service from time to time by giving notice to the other parties in accordance with this Section 5.1.

5.2 Disputes

(a) Except as otherwise provided herein, in the event of any dispute, claim, question or difference between the parties arising out of or in connection with this Agreement, including any question regarding its subject matter, enforceability, interpretation, effect, existence, validity or termination (the "**Applicable Claim**"), the parties (the "**Involved Parties**") shall use their best efforts to amicably settle such Applicable Claim by consultation and negotiation with each other in order to reach a resolution satisfactory to the Involved Parties. Any Applicable Claim which remains unresolved 30 days after any Involved Party requests in writing consultation and negotiation under this Section 5.2(a), or within such other period as the Involved Parties may agree in writing, shall be finally settled by *ad hoc* arbitration in accordance with the *International Commercial Arbitration Act* (Ontario) based upon the following:

(i) the Applicable Claim shall be resolved by three arbitrators appointed as follows: one arbitrator shall be appointed by the initiating party and the second arbitrator shall be appointed by the respondent party to the arbitration; provided that if more than one Holder is a party to the arbitration, they shall jointly appoint one arbitrator. If any party does not appoint its arbitrator within 15 days after receipt of written notice from the initiating party that the consultation and negotiation period has expired and the Applicable Claim is being submitted to arbitration in accordance with this Section 5.2, then the party not in default of appointing its arbitrator may apply to the ADR Institute of Canada for the appointment to be made. The two arbitrators so appointed shall, in consultation with their respective appointing parties, appoint the third arbitrator who shall serve as president of the arbitral tribunal. If the party-appointed arbitrators fail to appoint a third arbitrator within 15 days after they have both been appointed, the third arbitrator shall be appointed by the ADR Institute of Canada in accordance with its appointment procedure;

(ii) the arbitrators shall be impartial and independent and shall remain so during the pendency of the arbitration;

(iii) the arbitrators shall be instructed that time is of the essence in proceeding with their determination of any Applicable Claim;

(iv) the arbitrators may hire their own experts as required for the purposes of the arbitration with the prior written consent of the Involved Parties;

(v) the seat of the arbitration and the location of the hearings shall be in Toronto;

(vi) the arbitration shall take place in the English language;

(vii) the arbitration award shall be made in writing and shall be final and binding on the Involved Parties without any appeal on any ground, and shall deal with the question of costs of the arbitration and all matters related thereto. The arbitrators shall have jurisdiction to award costs of the arbitration (which shall include the costs of any expert hired by the arbitrators) and interest at a market rate of interest (as determined by the arbitrators on such basis as they deem appropriate (including for periods both before and after the date of the arbitration award, until paid)) on any amounts determined by the arbitrators to be owing from one or more Involved Parties to the others pursuant to the arbitration award;

(viii) unless otherwise agreed by the Involved Parties, all payments ordered to be made in any arbitration award shall be denominated in United States dollars;

(ix) the parties undertake to comply with any arbitration award without delay and shall be deemed to have waived their right to any form of recourse insofar as such waiver can be validly made. Judgment upon the award rendered may be entered in any court having jurisdiction or application may be made to such court for a judicial recognition of the award or an order of enforcement thereof, as the case may be; and

(x) the Involved Parties and the arbitrators shall treat as confidential and shall not disclose to a third party without prior written consent from the Involved Parties all matters relating to the arbitration (including the existence of the arbitration), the award, materials created for the purpose of the arbitration and documents produced by another party in the proceedings and not in the public domain except:

(A) for the purpose of making an application to any competent court;

(B) pursuant to the order of a court of competent jurisdiction;

(C) if necessary for the enforcement of the arbitration award;

(D) if required by any applicable Law which is binding on the party making the disclosure; or

(E) if required to do so by any Governmental Authority.

(b) Pending settlement or determination of any dispute, the parties shall abide by their obligations under this Agreement without prejudice to a final adjustment in accordance with any arbitration award rendered in arbitration settling such dispute.

5.3 Recourse to Courts

To the extent that any party seeks recourse to a court in accordance with Section 5.2(a)(ix) or for urgent interlocutory relief or the enforcement of any interim or final decision, order or award obtained in accordance with Section 5.2, the parties shall cooperate to maintain confidentiality and shall consent to a mutually agreeable confidentiality order.

5.4 Confidentiality

All Confidential Information shall be treated as confidential by each of the Holders and shall not be disclosed to any other person other than in circumstances where the Holder has an obligation to disclose such information in accordance with applicable securities legislation, the rules or policies of any recognized stock exchange or any other applicable Law. Baffinland acknowledges and agrees that any Holder may disclose Confidential Information to (i) its directors, officers and employees (and the directors, officers and employees of its Affiliates), (ii) its and its Affiliates' financial, accounting, legal and professional advisors, as well as its and its Affiliates' lenders, underwriters and investment bankers, and each of their respective directors, officers, partners or employees, (iii) any actual or prospective bona fide purchaser (whether direct or indirect) of the Holder's rights, benefits or obligations under this Agreement, and such prospective bona fide purchaser's financial, accounting, legal and professional advisors, and (iv) and a Holder's direct and indirect limited partners and financing sources (collectively, "**Representatives**"), in each such case provided that (x) each of such Representatives to whom Confidential Information is disclosed is advised of the confidentiality of such information and is directed to abide by the terms and conditions of this Section 5.4, and (y) the Holder shall be liable for any breach of this Section 5.4 by its Representatives.

5.5 No Implied Covenants

Baffinland and the Holders agree that there are no implied covenants or duties relating to or affecting any of their respective rights or obligations under this Agreement, and that the only covenants or duties which affect such rights and obligations shall be those expressly set forth and provided for in this Agreement.

5.6 Further Assurances

Each of the parties shall, from time to time hereafter and upon any reasonable request of any other, do, execute, deliver or cause to be done, executed and delivered all further acts, documents and things as may be required for the purposes of giving effect to this Agreement.

5.7 *In Rem* Interest

(a) It is the express intention of the parties that the Royalties are an interest in and to real property, shall run with the title in and to the Mining Rights and be binding upon the successors in interest or title to the Mining Rights. Subject to Section 4.7, any dispositions or transfers of the Property or the Mining Rights or any interest therein shall be subject to the Royalties. The Royalties shall attach to any amendments, relocations or conversions of the Mining Rights, and to any renewals, extensions, replacements or substitutions thereof.

(b) Baffinland shall from time to time, as soon as reasonably practical, cause: (i) the due registration of this Agreement and the Royalties, or notice of this Agreement and the

Royalties, against the title to all Mining Rights to ensure that any successor or assignee or other acquirer of such Mining Rights, or any interest therein, shall have public notice of the terms of this Agreement and the Royalties; and (ii) any mineral claims, mineral leases, prospecting permits, mineral concessions, mineral licences or other tenure comprising the Mining Rights in which Baffinland has or acquires an interest to be registered in the name of BIM Corp.

(c) With respect to the Property, the Holders shall have only the rights and incidents of ownership of a non-executive royalty owner. The Holders shall not have any possessory or working interest in the Property nor any of the incidents of such interest. By way of example but not by way of limitation, the Holders shall not have (i) the right to participate in the execution of applications for authorities, permits or licenses, mining leases, options, farm-outs or other conveyances, except as deemed necessary by the Required Holders to perfect or protect the Royalties, (ii) the right to share in bonus payments or rental payments received as the consideration for the execution of such leases, options, farm-outs, or other conveyances, or (iii) the right to enter upon the Property and prospect for, mine, drill for, or remove ores, minerals or mineral products therefrom except as provided in this Agreement.

(d) The parties intend that the Royalties shall be perpetual, subject to Baffinland's right to repurchase the specified Royalties pursuant to Section 3.3. The parties do not intend that there be any violation of the rule against perpetuities. Accordingly, any right that is subject to such rule shall be exercised within the maximum time periods permitted under applicable Law.

5.8 Amendments and Waivers

No amendment or waiver of any provision of this Agreement shall be binding on any party unless consented to in writing by Baffinland and the Super Majority Holders, except that if any amendment or waiver has an adverse disproportionate effect on any Holder as compared to the other Holders, the written consent of that Holder shall be required. Any amendment or waiver to which consent is given in accordance with the foregoing shall be binding upon Baffinland and all of the Holders as if each of them had specifically consented thereto. Notice of any such amendment or waiver shall be given to each of the Holders by Baffinland as soon as practicable after the approval thereof, but the failure to give any such notice shall not affect or impair the validity of such amendment or waiver or the enforceability of such amendment or waiver against any Holder. If requested to do so by any Holder or Baffinland, each of the Holders agrees to deliver to Baffinland an instrument in writing pursuant to which such Holder agrees to be bound by any such amendment or waiver in accordance with the foregoing. No waiver of any provision of this Agreement shall constitute a waiver of any other provision, nor shall any waiver of any provision of this Agreement constitute a continuing waiver unless otherwise expressly provided.

5.9 Successors and Assigns

This Agreement shall enure to the benefit of and shall be binding on and enforceable by and against the parties and their respective successors and their permitted assigns or transferees.

5.10 Expenses

Concurrently with the funding of the first Tranche, Baffinland shall reimburse the Holders for their reasonable and documented costs and expenses incurred in connection with

the negotiation, preparation and execution of this Agreement, including the fees and expenses of legal counsel, financial advisors, brokers, accountants and other professional advisors and fees payable to any Governmental Authorities.

5.11 Independent Contractor

Nothing in this Agreement will be deemed to constitute any party as the partner, agent or legal representative of the other party or to create any fiduciary relationship between them. It is not the intention of the parties to create, nor shall this Agreement be construed to create, any mining, commercial or other partnership. Except as expressly provided in this Agreement or any subsequent agreement in writing executed by the parties, each party will have the right to independently engage in and receive full benefits from business activities, whether or not competitive with the other's activities, without consulting the other parties. Notwithstanding any other provision of this Agreement, each party will be free to acquire for its own account, free of any liability, duty or obligation to the other parties arising out of this Agreement, any mineral rights located anywhere within or outside the area of land comprising the Property, without regard to any doctrine of "corporate opportunity" or "business opportunity", and regardless of whether any Confidential Information is used.

5.12 Third Party Beneficiaries

No person that is not a party shall be entitled to the benefit of any provisions of this Agreement or have any rights under this Agreement. No person that is not a party shall be entitled to rely on the provisions of this Agreement in any proceeding.

5.13 Counterparts

This Agreement and any document contemplated by or delivered under or in connection with this Agreement may be executed and delivered in any number of counterparts (including, in electronic form and with electronic signatures), with the same effect as if all parties had executed and delivered the same Agreement or document, and all counterparts shall be construed together to be an original and will constitute one and the same Agreement or document.

FUNDING

2.1 Funding

(a) Baffinland may, from time to time but no later than June 30, 2025 (the "**Outside Funding Date**"), require that the Original Holders fund their respective Proportionate Shares of the Royalties in an aggregate amount of up to $200,000,000 (the "**Aggregate Funding Amount**").

(b) An amount up to the Aggregate Funding Amount may be called by Baffinland in four separate tranches (each, a "**Tranche**"). The first Tranche shall be $25,000,000, the second Tranche shall be up to $75,000,000 and the third and the fourth Tranche shall each be up to $50,000,000, subject to reduction in accordance with Section 2.1(c).

(c) If and to the extent that Baffinland completes one or more Asset Dispositions (as determined in accordance with the Revolving Credit Agreement), the uncalled Aggregate Funding Amount shall be reduced by 50% of the Net Available Cash (as determined in accordance with the Revolving Credit Agreement) received by Baffinland from such Asset Dispositions, with such reduction applied to the Tranches in reverse order (i.e., reducing the third Tranche first).

2.2 Call for Funding

(a) Baffinland may make a funding call to the Original Holders to fund Tranches at any time prior to the Outside Funding Date as follows:

(i) the first Tranche shall be deemed to have been called and shall be funded on the date of this Agreement;

(ii) the second Tranche may be called, in one or more calls, at any time after the date hereof and on or before January 31, 2025;

(iii) the third Tranche may be called at any time after January 31, 2025 and on or before March 31, 2025; and

(iv) the fourth Tranche may be called at any time after March 31, 2025 and on or before June 30, 2025.

(b) If Baffinland decides to make a funding call in respect of any Tranche, it shall deliver written notice (a "**Funding Call Notice**") to the Original Holders requiring each Original Holder to fund its Proportionate Share of the Tranche; provided, however, that Baffinland is not required to deliver, and the Original Holders are deemed to have received on the date hereof, a Funding Call Notice with respect to the First Tranche. Each Funding Call Notice shall specify: (i) the names of each Original Holder, (ii) the total amount being called, (iii) each Original Holder's Proportionate Share of the Tranche, (iv) the account of Baffinland to which the Original Holders are to fund their Proportionate Shares of the Tranche, and (v) the date by which the Original Holders are required to fund their Proportionate Shares (the "**Funding Deadline**"), which shall be: (x) the date hereof for the first Tranche for all Original Holders, and (y) 15 Business Days after the date of the applicable Funding Call Notice for the other Tranches. For greater certainty, Baffinland may issue one or more Funding Call Notices in respect of the second Tranche, and only one in respect of each other Tranche.

(c) Each Original Holder's obligation to fund its Proportionate Share of any Tranche shall be subject to the following conditions (or the waiver thereof by such Original Holder):

(i) other than with respect to the first Tranche, Baffinland shall have caused the due registration of this Agreement and the Royalties, or notice of this Agreement and the Royalties, against all Mining Rights to ensure that any successor or assignee or other acquirer of such Mining Rights, or any interest therein, shall have public notice of the terms of this Agreement and the Royalties;

(ii) Baffinland shall have caused any mineral claims, mineral leases, prospecting permits, mineral concessions, mineral licences or other tenure comprising the Mining Rights as of the date of the Funding Call Notice to have been registered in the name of BIM Corp;

(iii) other than with respect to the first Tranche, Baffinland shall have obtained the Releases,,and such Releases have not been declared ineffective by a court of competent jurisdiction in Nunavut;

(iv) Baffinland shall have executed and delivered to such Original Holder a certificate of a senior officer of Baffinland certifying without personal liability that, on and as of the date of the Funding Call Notice:

(A) all of the representations and warranties made by Baffinland pursuant Appendix H are true and correct in all material respects if made as of such date; and

(B) Baffinland is not in breach or default of, and the funding of the Tranche and the transactions contemplated by this Agreement do not cause Baffinland to be in breach or default of, any provision in this Agreement or in any material Contract, including its senior secured bond indenture and its Revolving Credit Agreement, in each case, to which it or any Subsidiary is a party; and

(v) other than with respect to the first Tranche, Baffinland shall either (x) be in a position substantially concurrently with funding to, or (y) have entered into agreements to:

(A) extend to November 30, 2025 the maturity date of (x) its revolving credit agreement with the lenders named therein and Bank of Montreal, as administrative agent (such credit agreement as amended from time to time, the "**Revolving Credit Agreement**") and (y) its term loan agreement with Export Development Canada; and

(B) provide for a committed offtake arrangements with a third party on terms acceptable to the Original Holder, acting reasonably.

(d) Upon receipt of a Funding Call Notice, and subject to Section 2.2(c), each Original Holder shall fund its Proportionate Share of the Tranche in accordance with the terms of the Funding Call Notice on or before the Funding Deadline. If any Original Holder does not fund its Proportionate Share of any Tranche in accordance with the terms of the applicable Funding Call Notice on or before the Funding Deadline, in addition to any other remedies that it may have at law or in equity, Baffinland shall be entitled to commence proceedings for specific performance to require the Original Holder satisfy its funding obligations and to seek damages for any losses suffered by Baffinland.

(e) Baffinland may not issue a Funding Call Notice for a Tranche after the relevant date specified in Section 2.2(a), but any Funding Call Notice issued on or before such date shall be valid even if the funding associated therewith occurs after such date.

(f) Immediately following funding of the first Tranche, Baffinland shall promptly:

(i) cause the due registration of this Agreement and the Royalties, or notice of this Agreement and the Royalties, against title to all Mining Rights to ensure that any successor or assignee or other acquirer of such Mining Rights, or any interest therein, shall have public notice of the terms of this Agreement and the Royalties; and

(ii) obtain the Releases.

2.3 Use of Proceeds

Baffinland shall use the proceeds from the grant of the Royalties for general corporate purposes, provided that any use of proceeds shall comply with any restrictions on use of proceeds under the Contracts relating to Baffinland's indebtedness to any person.

ARTICLE 3
ROYALTIES

3.1 Grant of Royalties

Baffinland hereby creates and grants the Royalties to and in favour of the Holders on the terms and subject to the conditions set forth in this Agreement.

3.2 Royalty Terms

(a) The Royalties shall be payable by Baffinland to the Holders during the term of this Agreement as follows:

(i) subject to Section 3.3(a), the Milne Fixed Royalty shall be payable for all Payment Periods following the date hereof;

(ii) the Steensby Fixed Royalty shall be payable for all Payment Periods following the Substantial Completion of Steensby; and

(iii) subject to Section 3.3(b), the Steensby Floating Royalty shall be payable for all Payment Periods following the Substantial Completion of Steensby.

(b) For the avoidance of doubt, where a Royalty is payable for part of a Payment Period (because the Royalty became payable or ceased to be payable in the middle of a calendar quarter), the calculation of the applicable Royalty for such partial Payment Period will be determined based only on the portion of the Payment Period during which the applicable Royalty was payable.

3.3 Repurchase

(a) Baffinland may repurchase 100% of the Milne Fixed Royalty, at its sole discretion, on written notice delivered to the Holders within 60 months after achievement of Substantial Completion of Steensby and the permanent cessation of Product being Shipped from Milne, for an aggregate purchase price equal to $10,000 of which each Holder shall be entitled to its Share.

(b) Baffinland shall have the option to repurchase the Steensby Floating Royalty from the Holders as follows:

(i) Baffinland may repurchase 50% of the Steensby Floating Royalty and reduce the Steensby Floating Royalty Rate by the Steensby Floating Royalty Rate Reduction, at its sole discretion, on written notice delivered to the Holders during the PF Financing Commitments Window or between the period commencing on the achievement of Substantial Completion of Steensby and ending on the 18 month anniversary thereof, for a purchase price that, together with 50% of the Steensby Floating Royalty paid hereunder, will result in each Holder achieving the greater of (A) an IRR of 35% and (B) an ROI of 2.0x, in either case, on the aggregate of 50% of all Funds contributed by or on behalf of such Holder from the date that such Funds were contributed up to the date that is the Business Day prior to the date of repurchase.

(ii) if the repurchase right referenced in Section 3.3(b)(i) has been exercised, Baffinland may repurchase the balance of the Steensby Floating Royalty, at its sole discretion, on written notice delivered to the Holders during the PF Financing Commitments Window or between the period commencing on the achievement of Substantial Completion of 30 Mtpa and ending on the 18 month anniversary thereof, for a purchase price that, together with (x) prior to any repurchase pursuant to Section 3.3(b)(i), 50% of the Steensby Floating Royalty paid hereunder and (y) thereafter, 100% of the Steensby Floating Royalty paid hereunder, as applicable, will result in each Holder achieving the greater of (A) an IRR of 35% and (B) an ROI of 3.0x, in either case, on the aggregate of 50% of all Funds contributed by or on behalf of such Holder from the date that such Funds were contributed up to the date that is the Business Day prior to the date of repurchase.

(c) If Baffinland wishes to repurchase the Milne Fixed Royalty or the relevant portion of the Steensby Floating Royalty, it shall deliver written notice to all Holders on or before the deadline specified in Section 3.3(a) or 3.3(b) (a "**Repurchase Notice**"), as applicable. The Repurchase Notice shall specify (i) the date on which Baffinland will effect the repurchase (a "**Repurchase Date**"), which date shall be, subject to Section 3.3(e) in the case of Steensby Floating Royalty, the first Business Day of the next following Payment Period, and (ii) Baffinland's good faith calculation of the purchase price for each Holder in accordance with Section 3.3(a) or 3.3(b) (a "**Repurchase Price**"), as applicable.

(d) If any Holder disputes the calculation of its Repurchase Price in the Repurchase Notice with respect to the Steensby Floating Royalty, it shall deliver a written notice to the other Holders and Baffinland (a "**Dispute Notice**") within fifteen Business Days from the delivery of the Repurchase Notice, in which case all Holders and Baffinland shall have 30 days from the date of delivery of such Dispute Notice to resolve the dispute. If no Dispute Notice is delivered within the fifteen Business Day period, the Repurchase Price for each Holder set out in the Repurchase Notice shall be considered final and binding on the Holders. If Baffinland and the Holders are unable to resolve the dispute within the aforesaid 30 day period, Baffinland shall promptly retain an independent internationally recognized accounting firm experienced in the valuation of royalties of the nature of the Steensby Floating Royalty (the "**Expert**") to calculate the Repurchase Prices for each Holder. If the Expert has not been retained within 15 days after expiry of the aforesaid 30 day period, any one of the Holders may request that BMO Nesbitt Burns Inc. appoint an Expert (or if BMO Nesbitt Burns Inc. refuses, any independent reputable investment bank with expertise in mining as may be agreed by Baffinland and the Required Holders). While the Expert is performing its engagement, neither Baffinland nor the Holders shall communicate with the Expert on the subject matter of its work, except by joint conference call or joint meeting (which may be held virtually) or by letter with copy simultaneously delivered to the others. The Expert shall conduct the proceeding and decide matters of procedure in the Expert's discretion but will allow Baffinland and the Holders to present their respective positions regarding the calculation of their respective Repurchase Prices and each of Baffinland and the Holders shall have the right to present additional documents, materials and other information, and make an oral presentation to the Expert in respect of same. The Expert shall consider such additional documents, materials and other information and such oral presentations and the Expert shall make its determination based on information provided by Baffinland and the Holders, by independent review, relevant industry knowledge and verifiable data. Any other documents, materials or other information must be copied to Baffinland and the Holders, and each of them shall be entitled to attend any such oral presentation, and to reply thereto in

respect of such items. With respect to the dispute, the Expert shall adopt a position that is either equal to Baffinland's proposed position, equal to the Holders' proposed position, or between (but not necessarily the "mid-point" of) the positions proposed by Baffinland and the disputing Holders. The determination of the Expert shall be final and binding upon Baffinland and the Holders and shall not be subject to appeal, absent manifest error. The Expert shall be acting as expert and not as arbitrator. The fees and expenses of the Expert will be borne by Baffinland, on the one hand, and the Holders (in accordance with their Shares), on the other hand, in inverse proportion as they may prevail on the issue resolved by the Expert, which proportionate allocations will also be determined by the Expert at the time the determination of the Expert is rendered. For illustrative purposes, should the disputed items total in amount to $1,000 and the Expert awards $600 in favour of Baffinland's position, 60% of the costs of the Expert would be borne by the disputing Holders and 40% of the costs would be borne by Baffinland. For greater certainty, the Holders may not dispute the Repurchase Price in the Repurchase Notice with respect to Milne Fixed Royalty.

(e) Promptly, and in any event, within five Business Days following the delivery of the Repurchase Notice in the case of the Milne Fixed Royalty, or the final determination of the Repurchase Prices in the case of Steensby Floating Royalty in accordance with Section 3.3(d), the Holders shall deliver to Baffinland wire instructions. Baffinland shall effect the repurchase from each Holder on the Repurchase Date (which, in the case of a dispute in respect of the Steensby Floating Royalty, shall be deemed to be the first Business Day of the Payment Period next following the earlier of (i) the Expert's determination or (ii) settlement of the dispute by the parties) for that Holder, by delivering by wire transfer of immediately available funds to that Holder of its Repurchase Price. If a holder has failed to provide Baffinland with wire instructions, Baffinland may pay that Holder's Repurchase Price to a segregated bank account for the benefit of such Holder. Upon payment of the Repurchase Prices (i) pursuant to Section 3.3(a), the Milne Fixed Royalty shall terminate automatically without further action by any party, or (ii) pursuant to Section 3.3(b), the Steensby Floating Royalty Rate shall be reduced automatically without further action by any party.

3.4 Calculation of Payment of Royalties

(a) The amount of the Milne Fixed Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Milne Fixed Royalty applied to all Product Shipped from Milne on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Milne Fixed Royalty.

(b) The amount of the Steensby Fixed Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Steensby Fixed Royalty applied to all Product Shipped from Steensby on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Steensby Fixed Royalty.

(c) The amount of the Steensby Floating Royalty payable to a Holder in respect of any Payment Period shall be calculated as the sum for each day in the Payment Period of the product of A x B x C, where:

"A" is equal to the Steensby Floating Royalty applied to all Revenues recognized on such day (based on the final invoice to end customer), expressed as a dollar amount;

"B" is equal to the Funded Percentage on such day; and

"C" is equal to the Holder's Share on such day of the Steensby Floating Royalty.

(d) Each Royalty shall be calculated at the end of each Payment Period and shall be payable in accordance with the remaining provisions of this Section 3.4. An illustration of the calculation of each Royalty at the end of a Payment Period is set out in Appendix G.

(e) Baffinland covenants and agrees that all Sales of Product to any Affiliate to which the Steensby Floating Royalty applies shall occur on arm's length terms, having regard to the terms given by Baffinland to arm's length purchasers of similar quantities of Product.

(f) The amount of the Royalty payment due to a Holder in respect of any Payment Period shall be paid to the Holder on the applicable Payment Date by wire transfer of immediately available funds in the amount owed. If any Royalty payment required to be made to a Holder hereunder is not made when due, such payment will bear interest at a rate equal to the Prime Rate plus 5% per annum, calculated and compounded monthly in arrears from the date on which payment was first due, until such payment and accrued interest is paid in full, and a Holder may, in lieu of receiving all or part of such Royalty payment that is not made when due, direct Baffinland to apply such Royalty payments against such amount from the purchase price of any iron ore that such Holder or its Affiliates is required to pay to Baffinland, its Affiliates or its contractual counterparties, and Baffinland shall use its commercially reasonable efforts to cooperate with, and assist, such Holder with effecting any such direction.

(g) Subject to applicable Law, all Royalty payments hereunder shall be made in United States dollars and shall be made net of all amounts (if any) which Baffinland is required to withhold and remit under applicable Law to any relevant Governmental Authorities. Upon request by Baffinland, each Holder shall provide Baffinland confirmation of such Holder's jurisdiction of residence for tax purposes and such other information as Baffinland may reasonably require to determine its obligation to withhold amounts from Royalty payments to such Holder and to remit such amounts to the relevant Governmental Authorities.

(h) At the time each Royalty payment is made to any Holder, Baffinland shall deliver to the Holder a statement setting forth: (i) the calculation of each of the Royalties for the relevant Payment Period and the underlying details necessary to complete such calculation, (ii) where commingling has occurred, details of how the allocation of metals was made between Product from the Property and materials from other properties during the applicable Payment Period, and (iii) other pertinent information in sufficient detail to explain the calculation of the payments.

(i) All waste rock and other materials resulting from Baffinland's operations and activities on the Property shall be the sole property of Baffinland, but shall remain subject to the Royalty should the same be Shipped or Sold, as the case may be, in the future and result in the production of Products.

3.5 Accounting Matters

(a) All calculations relating to the Royalty payments to be made to any Holder hereunder shall be carried out on a consistent basis in accordance with GAAP to the extent that such principles are not inconsistent with the provisions of this Agreement. In the event of any inconsistency between GAAP and the provisions of this Agreement, the latter shall prevail.

(b) For purposes of this Section 3.5, the Required Holders shall appoint a single Holder as a representative Holder (the "**Representative Holder**"), who shall initially be EMG, to exercise the rights of the Holders under this Section 3.5. The Representative Holder shall consult with the other Holders and shall provide them with regular and frequent updates with respect to the exercise of the rights of the Holders by it under this Section 3.5. Baffinland shall reimburse the Representative Holder for its reasonable and documented costs and expenses incurred in its capacity as Representative Holder.

(c) Baffinland shall cause to be kept proper books of account, records and supporting materials covering all matters relevant to the calculation of the Royalty payments payable to the Holders hereunder. Upon not less than 10 Business Days' prior written request from the Representative Holder, duly authorized representatives of the Representative Holder (which may include representatives of the Representative Holder's auditors) shall be entitled, at the Representative Holder's cost and expense, not more frequently than quarterly, to inspect and audit such books of account, records and supporting materials relevant to the calculation of the Royalty payments payable to the Holders hereunder and the opportunity to discuss issues raised by its audit with Baffinland's accountants, for the purposes of confirming any information contained in a statement delivered to the Holders pursuant to Section 3.4(h) or otherwise confirming the rights and obligations of the Holders and Baffinland hereunder.

(d) Any payment made hereunder shall be considered final and in full satisfaction of all obligations of Baffinland in respect of that payment unless the Representative Holder provides written notice of its objection to Baffinland within 180 days after the receipt by the Holders of a statement prepared in compliance with Section 3.4(h) that relates to that payment. In addition to the audit rights provided by Section 3.5(c), if the Representative Holder objects to a particular Royalty statement delivered in accordance with Section 3.4(h), the Representative Holder may, for a period of 60 days after Baffinland's receipt of notice of such objection, upon reasonable notice and at a reasonable time, have Baffinland's accounts and records relating to the calculation of the Royalty payment in question reviewed by the Representative Holder's auditors.

(e) If, following the receipt of the objection notice contemplated by Section 3.5(d) and any review by the Representative Holder's auditors, a dispute arises with respect to the calculation of the Royalty, Baffinland and the Representative Holder shall use their best efforts to successfully settle the matter within 30 days after delivery of the objection notice. To this effect, they shall consult and negotiate with each other to reach a resolution satisfactory to both parties. If after 30 days the parties have not resolved the dispute, the parties shall promptly retain a third party independent accounting firm of international standing (an "**Auditor**") mutually agreed between the Representative Holder and Baffinland and experienced in the calculation of

royalties of the nature of the Royalty to conduct an audit solely in respect of the payments in dispute. If Baffinland and the Representative Holder cannot agree on the joint appointment of the Auditor within 15 days after expiry of the aforesaid 30 day period, then either Baffinland or the Representative Holder may request that Ernst & Young Canada LLP appoint an Auditor (or if Ernst & Young Canada LLP refuses, any independent reputable accounting firm as may be agreed by Baffinland and the Representative Holder). The Auditor will act as an expert and not as an arbitrator, and will conduct the proceeding and decide matters of procedure in the Auditor's discretion. The Auditor will reach a conclusion on the dispute within 45 days after appointment and the decision of the Auditor will be binding on Baffinland and all Holders. If Baffinland and the Representative Holder agree or the Auditor determines that there has been a deficiency or an excess in the payment made to any Holder, such deficiency or excess will be resolved by adjusting the next Royalty payment (or, if required, payments) due under this Agreement. If production has ceased, settlement will be made between the parties by cash payment within 10 Business Days after the agreement of the Representative Holder or the determination by the Auditor.

(f) Any audit or other examination permitted under this Agreement shall be completed diligently. All expenses of any audit or other examination permitted hereunder shall be paid by the Representative Holder (and recoverable by the Representative Holder from all Holders in accordance with their respective Shares), unless such audit or examination determines, or the Representative Holder and Baffinland agree, that the discrepancies in the calculation of the Royalty payment that are challenged by the Representative Holder resulted in an understatement by more than 3% of the correct value of the Royalty payment, as determined by the audit, in which case Baffinland shall be responsible for the expenses of that particular audit or other review or examination.

ARTICLE 4
OPERATIONS AND INDEMNIFICATION

4.1 Operations

Baffinland may, but is not obliged to, stockpile, store, treat, mill, sort, concentrate, refine or otherwise process, beneficiate or upgrade the ores, concentrates and other products at sites located on or off the Property, prior to sale, transfer or conveyance to a purchaser, user or consumer.

4.2 Indemnification

(a) Baffinland shall indemnify and hold each of the Holders harmless from and against any losses or damages arising from: (A) any breach or inaccuracy of any representation or warranty of Baffinland pursuant to Section 2.2(c)(iv) or 4.3; or (B) the ownership and operation of the Property, including (i) exploration or mining operations on the Property, (ii) disposal of waste from the Property, (iii) reclamation of the Property, (iv) environmental liabilities arising in relation to operations on the Property, and (v) the marketing and Sale of Product from the Property, it being understood and agreed between each of the Holders and Baffinland that the Royalties are a right to receive certain payments from Baffinland based upon Products produced from the Property, and Sold and Shipped, but is not a right that imposes upon any Holder any associated or other obligations to Baffinland or to any other person, including any Governmental Authorities, or any obligation on any Holder to contribute or otherwise pay any cost or expense associated with or arising from any of the activities of Baffinland on the Property.

(b) The indemnity in Section 4.2(a) is limited to losses, damages, claims, demands, liabilities, actions and proceedings that may be suffered or incurred by, or made or taken against, any Holder as a holder of the Royalties and will not include any indemnity with respect to any losses, damages, claims, demands, liabilities, actions and proceedings against the Holder in any other capacity, including in respect of the ownership by the Holder of an interest in Baffinland or another interest in the Property. Nothing in Section 4.2(a) limits, affects or otherwise amends or varies any express agreement between Baffinland and the Holder in respect of any losses or damages arising from (i) ownership of another interest in, or the operation of, the Property or (ii) ownership of an interest in Baffinland.

(c) This Section 4.2 shall survive any termination of this Agreement.

4.3 Representations and Warranties

Baffinland, acknowledging that the Original Holders are entering into this Agreement in reliance thereon, hereby makes the representations and warranties to the Original Holders as set out in Appendix H as of the date hereof and as of the date of each Funding Call Notice in accordance with Section 2.2(c)(iv).

4.4 General Royalty Matters

(a) If Product is produced from the Property, such activities may occur as part of a single operation with other mining properties owned by Baffinland or its Affiliates or in which Baffinland or its Affiliates have a direct or indirect interest, in which event the parties agree that (notwithstanding separate ownership thereof) ores, metals, minerals or mineral products mined therefrom may be mixed or commingled at the time of mining or at any time thereafter and the Royalties shall be paid hereunder only with respect to the Products mined or derived from the Property; provided, however, that Baffinland or its Affiliates shall calculate from representative samples the average grade thereof and other measures as are appropriate, and shall determine the weight or volume of and sample and analyse/assay all such materials before the same are so mixed or commingled. Any such determination of grade, weight or volume, sampling and analysis shall be made in accordance with sound and generally accepted sampling and analytic procedures and practices consistently applied that Baffinland, acting reasonably, believes suitable and, in the absence of fraud, its choice of such procedures and practices shall be final and binding on the Holders. The weight or volume and the analysis so derived shall be used as the basis of proportionate allocation of payments in the event of a sale of materials so mixed or commingled. In addition, comparable procedures may be used by Baffinland to apportion among any commingled Product any penalties and other charges and deductions, if any, imposed by the purchaser of such Product.

(b) Baffinland shall ensure that customary and usual practices and procedures are adopted and employed for weighing, determining moisture content, sampling and assaying and determining other relevant factors for the Product and other materials not from the Property, and shall record such data in order to determine the amount of economically recoverable materials extracted or derived from such minerals, metals and concentrates and materials not from the Property. Baffinland shall maintain accurate records of the results of such sampling, weighing and analysis for a period of 365 days from the date that the Holders receive a statement prepared in accordance with Section 3.4(h) that relates to a Royalty payment, and any Significant Holder shall be permitted the right to examine such records relating to any blending and commingling of minerals, metals and concentrates and the materials not from the Property in accordance with the inspection rights in favour of the Holder set forth in Section 4.6.

(c) For the purpose of determining the amount of the Royalty payments required to be made to any Holder pursuant to Article 3, where applicable, all receipts and disbursements by any person in a non-United States currency will be converted into United States dollars on the basis of the noon rate of exchange quoted by the U.S. Federal Reserve on the Business Day immediately preceding the date of receipt or disbursement by such person, as the case may be.

(d) Neither Baffinland nor any of its Affiliates shall have any obligation of any nature whatsoever to conduct exploration, development, production or mining activities or operations on or in respect of the Property with a view to protecting, enhancing or maximizing the economic benefits available to any of the Holders as contemplated herein. For certainty, each of the Holders acknowledges and agrees that all decisions regarding the Property, including all decisions concerning the methods, extent, times, procedures and techniques of any: (i) exploration, development and mining related to the Property, including spending on capital expenditures; (ii) milling, processing or extraction; (iii) materials to be introduced on or to the Property; and (iv) sales, transportation and shipping of Product and terms thereof, shall be made by Baffinland, in its sole and absolute discretion.

(e) Nothing in this Agreement precludes Baffinland from undertaking, and Baffinland shall be entitled to undertake in its sole discretion, Trading Activities.

4.5 Assignment of Interests

(a) Subject to Section 4.5(b), any Holder who proposes to transfer or otherwise convey all or any portion of the Royalties and corresponding rights and obligations under this Agreement shall, prior to such sale, assignment, transfer, conveyance or other disposition, deliver to Baffinland a joinder pursuant to which the transferee agrees to be bound by the terms hereof and by all of the liabilities and obligations of the transferor hereunder in the same manner and to the same extent as though the transferee was an original party hereto.

(b) Baffinland and its Affiliates will not be or become liable to make payments in respect of any Royalty to, or to otherwise deal in any manner in respect of this Agreement with, more than one person in respect of any Holder's interests. If the interests of any Holder under this Agreement are at any time owned by more than one person, those owners must, as a condition of receiving payment under this Agreement, nominate in writing one person to act as agent and common trustee for receipt of monies payable under this Agreement and to otherwise deal with Baffinland in respect of such interests and no owner will be entitled to administer or enforce any provisions of this Agreement except through such agent and trustee. After receipt of written notice nominating an agent and trustee, Baffinland will thereafter make, and be entitled without further enquiry to make, payments due under this Agreement in respect of a Royalty to that agent and trustee and to otherwise deal with that agent and trustee as if it were the sole holder of the Royalty. As at the date hereof, the Representative Holder shall act as agent and common trustee for purposes of this Section 4.5(b).

(c) Baffinland shall not assign, transfer, sell or otherwise dispose of its right, interest and obligations to and under this Agreement, without the prior written consent of the Required Holders, which may be withheld or conditioned in the sole and absolute discretion of the Required Holders, provided that Baffinland shall be entitled to assign, transfer, sell or otherwise dispose of all or a portion of its right, interest and obligations to and under this Agreement without such consent in connection with a valid sale, transfer or assignment of a corresponding portion of the Property or the Mining Rights. No such sale, assignment, transfer, conveyance or

other disposition shall be effective unless the transferee has first executed and delivered to the Holders an instrument pursuant to which the transferee agrees to be bound by the terms hereof and by all of the liabilities and obligations of Baffinland hereunder in the same manner and to the same extent as though the transferee was an original party hereto. Nothing in this Section 4.5(c) will prevent a sale, assignment, transfer, conveyance or other disposition of all or a portion of the Property or Mining Rights to a Subsidiary as long as, prior to such sale, assignment, transfer, conveyance or other disposition, Baffinland causes any such Subsidiary to assume in writing the a corresponding portion of the obligations to the Holders under this Agreement and to retransfer the Property and Mining Rights to Baffinland before ceasing to be a Subsidiary of Baffinland.

4.6 Inspection of Facilities

Each of the Significant Holders shall have the right, upon reasonable notice and during regular business hours, to inspect the facilities associated with the Property to the extent necessary to confirm Baffinland's proper performance of its obligations in this Agreement. Such inspection shall be at the sole risk and expense of the Significant Holder, and the Significant Holder shall indemnify Baffinland from and against any liability caused by the Significant Holder's exercise of inspection rights, except as a result of the gross negligence or wilful misconduct of Baffinland.

4.7 Surrender and Reacquisition

(a) If Baffinland wishes to abandon or surrender any of the Permits or Mining Rights comprising part of the Property or any other interest in the Property, Baffinland shall first give notice of such intention to the Holders at least 45 days in advance of the proposed date of abandonment or surrender.

(b) The parties agree that if a Mining Right comprising part of the Property is surrendered by Baffinland or expires and then is subsequently reacquired by Baffinland or any Subsidiary, the Royalty will be payable on any Product obtained from that Mining Right after the date of such reacquisition by Baffinland or its Subsidiary, all on the same terms as in this Agreement. Notwithstanding the preceding sentence, once a Mining Right comprising part of the Property is acquired by any of the Holders, a nominee of a Holder, or any of their respective Affiliates after the date of this Agreement, no further Royalty will be payable in connection with that Mining Right, regardless of whether Baffinland or any of its Subsidiaries reacquires such Mining Right.

4.8 Technical Reports

(a) If Baffinland prepares a technical report under National Instrument 43-101 in respect of the Property, upon the request of any Holder, Baffinland shall use commercially reasonable efforts to cause the authors of such report to provide, at the sole cost and expense of the Holder, (i) a copy of such report to be addressed to the Holder or any of its Affiliates, (ii) the relevant certificates and consents of the authors required in connection with the filing of and reference to such report to be provided to the Holder or any of its Affiliates, and (iii) such other consents in connection with the use of or reliance upon such report by the Holder or any of its Affiliates from time to time in its public disclosure as may be required by the Holder.

(b) If any Holder or any of its Affiliates is required by applicable Law to prepare a technical report under National Instrument 43-101 or an analogous report under an acceptable

foreign code (as defined in National Instrument 43-101) (a "**Holder Report**") in respect of the Property and chooses to prepare its own Holder Report, Baffinland shall cooperate with and allow the Holder and its authorized representatives to access technical information pertaining to the Property and complete site visits at the Property so as to enable the Holder or its Affiliates, as the case may be, to prepare the Holder Report at the sole cost and expense of the Holder. The Holder shall give Baffinland a reasonable opportunity to review and comment on the Holder Report, and shall provide Baffinland a final copy or an advance draft copy of any such Holder Report before it is filed publicly and in any event not less than 10 Business Days before it is so filed. Neither Baffinland, nor any other Holder, nor any of their respective Affiliates or representatives shall assume any liability in connection with, and such Holder shall indemnify and hold such persons harmless from and against any losses or damages arising from any disclosure by the Holder with respect to the Property, including in connection with any such Holder Report.

(b) Any such notice or other communication shall be deemed to have been given and received on the day on which it was delivered or transmitted (or, if such day is not a Business Day or if delivery or transmission is made on a Business Day after 5:00 p.m. at the place of receipt, then on the next following Business Day).

(c) Any party may at any time change its address for service from time to time by giving notice to the other parties in accordance with this Section 5.1.

5.2 Disputes

(a) Except as otherwise provided herein, in the event of any dispute, claim, question or difference between the parties arising out of or in connection with this Agreement, including any question regarding its subject matter, enforceability, interpretation, effect, existence, validity or termination (the "**Applicable Claim**"), the parties (the "**Involved Parties**") shall use their best efforts to amicably settle such Applicable Claim by consultation and negotiation with each other in order to reach a resolution satisfactory to the Involved Parties. Any Applicable Claim which

remains unresolved 30 days after any Involved Party requests in writing consultation and negotiation under this Section 5.2(a), or within such other period as the Involved Parties may agree in writing, shall be finally settled by *ad hoc* arbitration in accordance with the *International Commercial Arbitration Act* (Ontario) based upon the following:

(i) the Applicable Claim shall be resolved by three arbitrators appointed as follows: one arbitrator shall be appointed by the initiating party and the second arbitrator shall be appointed by the respondent party to the arbitration; provided that if more than one Holder is a party to the arbitration, they shall jointly appoint one arbitrator. If any party does not appoint its arbitrator within 15 days after receipt of written notice from the initiating party that the consultation and negotiation period has expired and the Applicable Claim is being submitted to arbitration in accordance with this Section 5.2, then the party not in default of appointing its arbitrator may apply to the ADR Institute of Canada for the appointment to be made. The two arbitrators so appointed shall, in consultation with their respective appointing parties, appoint the third arbitrator who shall serve as president of the arbitral tribunal. If the party-appointed arbitrators fail to appoint a third arbitrator within 15 days after they have both been appointed, the third arbitrator shall be appointed by the ADR Institute of Canada in accordance with its appointment procedure;

(ii) the arbitrators shall be impartial and independent and shall remain so during the pendency of the arbitration;

(iii) the arbitrators shall be instructed that time is of the essence in proceeding with their determination of any Applicable Claim;

(iv) the arbitrators may hire their own experts as required for the purposes of the arbitration with the prior written consent of the Involved Parties;

(v) the seat of the arbitration and the location of the hearings shall be in Toronto;

(vi) the arbitration shall take place in the English language;

(vii) the arbitration award shall be made in writing and shall be final and binding on the Involved Parties without any appeal on any ground, and shall deal with the question of costs of the arbitration and all matters related thereto. The arbitrators shall have jurisdiction to award costs of the arbitration (which shall include the costs of any expert hired by the arbitrators) and interest at a market rate of interest (as determined by the arbitrators on such basis as they deem appropriate (including for periods both before and after the date of the arbitration award, until paid)) on any amounts determined by the arbitrators to be owing from one or more Involved Parties to the others pursuant to the arbitration award;

(viii) unless otherwise agreed by the Involved Parties, all payments ordered to be made in any arbitration award shall be denominated in United States dollars;

(ix) the parties undertake to comply with any arbitration award without delay and shall be deemed to have waived their right to any form of recourse insofar as such waiver can be validly made. Judgment upon the award rendered may be entered in any court having jurisdiction or application may be made to such court for a judicial recognition of the award or an order of enforcement thereof, as the case may be; and

(x) the Involved Parties and the arbitrators shall treat as confidential and shall not disclose to a third party without prior written consent from the Involved Parties all matters relating to the arbitration (including the existence of the arbitration), the award, materials created for the purpose of the arbitration and documents produced by another party in the proceedings and not in the public domain except:

(A) for the purpose of making an application to any competent court;

(B) pursuant to the order of a court of competent jurisdiction;

(C) if necessary for the enforcement of the arbitration award;

(D) if required by any applicable Law which is binding on the party making the disclosure; or

(E) if required to do so by any Governmental Authority.

(b) Pending settlement or determination of any dispute, the parties shall abide by their obligations under this Agreement without prejudice to a final adjustment in accordance with any arbitration award rendered in arbitration settling such dispute.

5.3 Recourse to Courts

To the extent that any party seeks recourse to a court in accordance with Section 5.2(a)(ix) or for urgent interlocutory relief or the enforcement of any interim or final decision, order or award obtained in accordance with Section 5.2, the parties shall cooperate to maintain confidentiality and shall consent to a mutually agreeable confidentiality order.

5.4 Confidentiality

All Confidential Information shall be treated as confidential by each of the Holders and shall not be disclosed to any other person other than in circumstances where the Holder has an obligation to disclose such information in accordance with applicable securities legislation, the rules or policies of any recognized stock exchange or any other applicable Law. Baffinland acknowledges and agrees that any Holder may disclose Confidential Information to (i) its directors, officers and employees (and the directors, officers and employees of its Affiliates), (ii) its and its Affiliates' financial, accounting, legal and professional advisors, as well as its and its Affiliates' lenders, underwriters and investment bankers, and each of their respective directors, officers, partners or employees, (iii) any actual or prospective *bona fide* purchaser (whether direct or indirect) of the Holder's rights, benefits or obligations under this Agreement, and such prospective bona fide purchaser's financial, accounting, legal and professional advisors, and (iv) and a Holder's direct and indirect limited partners and financing sources (collectively, "**Representatives**"), in each such case provided that (x) each of such

Representatives to whom Confidential Information is disclosed is advised of the confidentiality of such information and is directed to abide by the terms and conditions of this Section 5.4, and (y) the Holder shall be liable for any breach of this Section 5.4 by its Representatives.

5.5 No Implied Covenants

Baffinland and the Holders agree that there are no implied covenants or duties relating to or affecting any of their respective rights or obligations under this Agreement, and that the only covenants or duties which affect such rights and obligations shall be those expressly set forth and provided for in this Agreement.

5.6 Further Assurances

Each of the parties shall, from time to time hereafter and upon any reasonable request of any other, do, execute, deliver or cause to be done, executed and delivered all further acts, documents and things as may be required for the purposes of giving effect to this Agreement.

5.7 *In Rem* Interest

(a) It is the express intention of the parties that the Royalties are an interest in and to real property, shall run with the title in and to the Mining Rights and be binding upon the successors in interest or title to the Mining Rights. Subject to Section 4.7, any dispositions or transfers of the Property or the Mining Rights or any interest therein shall be subject to the Royalties. The Royalties shall attach to any amendments, relocations or conversions of the Mining Rights, and to any renewals, extensions, replacements or substitutions thereof.

(b) Baffinland shall from time to time, as soon as reasonably practical, cause: (i) the due registration of this Agreement and the Royalties, or notice of this Agreement and the Royalties, against the title to all Mining Rights to ensure that any successor or assignee or other acquirer of such Mining Rights, or any interest therein, shall have public notice of the terms of this Agreement and the Royalties; and (ii) any mineral claims, mineral leases, prospecting permits, mineral concessions, mineral licences or other tenure comprising the Mining Rights in which Baffinland has or acquires an interest to be registered in the name of BIM Corp.

(c) With respect to the Property, the Holders shall have only the rights and incidents of ownership of a non-executive royalty owner. The Holders shall not have any possessory or working interest in the Property nor any of the incidents of such interest. By way of example but not by way of limitation, the Holders shall not have (i) the right to participate in the execution of applications for authorities, permits or licenses, mining leases, options, farm-outs or other conveyances, except as deemed necessary by the Required Holders to perfect or protect the Royalties, (ii) the right to share in bonus payments or rental payments received as the consideration for the execution of such leases, options, farm-outs, or other conveyances, or (iii) the right to enter upon the Property and prospect for, mine, drill for, or remove ores, minerals or mineral products therefrom except as provided in this Agreement.

(d) The parties intend that the Royalties shall be perpetual, subject to Baffinland's right to repurchase the specified Royalties pursuant to Section 3.3. The parties do not intend that there be any violation of the rule against perpetuities. Accordingly, any right that is subject to such rule shall be exercised within the maximum time periods permitted under applicable Law.

5.8 Amendments and Waivers

No amendment or waiver of any provision of this Agreement shall be binding on any party unless consented to in writing by Baffinland and the Super Majority Holders, except that if any amendment or waiver has an adverse disproportionate effect on any Holder as compared to the other Holders, the written consent of that Holder shall be required. Any amendment or waiver to which consent is given in accordance with the foregoing shall be binding upon Baffinland and all of the Holders as if each of them had specifically consented thereto. Notice of any such amendment or waiver shall be given to each of the Holders by Baffinland as soon as practicable after the approval thereof, but the failure to give any such notice shall not affect or impair the validity of such amendment or waiver or the enforceability of such amendment or waiver against any Holder. If requested to do so by any Holder or Baffinland, each of the Holders agrees to deliver to Baffinland an instrument in writing pursuant to which such Holder agrees to be bound by any such amendment or waiver in accordance with the foregoing. No waiver of any provision of this Agreement shall constitute a waiver of any other provision, nor shall any waiver of any provision of this Agreement constitute a continuing waiver unless otherwise expressly provided.

5.9 Successors and Assigns

This Agreement shall enure to the benefit of and shall be binding on and enforceable by and against the parties and their respective successors and their permitted assigns or transferees.

5.10 Expenses

Concurrently with the funding of the first Tranche, Baffinland shall reimburse the Holders for their reasonable and documented costs and expenses incurred in connection with the negotiation, preparation and execution of this Agreement, including the fees and expenses of legal counsel, financial advisors, brokers, accountants and other professional advisors and fees payable to any Governmental Authorities.

5.11 Independent Contractor

Nothing in this Agreement will be deemed to constitute any party as the partner, agent or legal representative of the other party or to create any fiduciary relationship between them. It is not the intention of the parties to create, nor shall this Agreement be construed to create, any mining, commercial or other partnership. Except as expressly provided in this Agreement or any subsequent agreement in writing executed by the parties, each party will have the right to independently engage in and receive full benefits from business activities, whether or not competitive with the other's activities, without consulting the other parties. Notwithstanding any other provision of this Agreement, each party will be free to acquire for its own account, free of any liability, duty or obligation to the other parties arising out of this Agreement, any mineral rights located anywhere within or outside the area of land comprising the Property, without regard to any doctrine of "corporate opportunity" or "business opportunity", and regardless of whether any Confidential Information is used.

5.12 Third Party Beneficiaries

No person that is not a party shall be entitled to the benefit of any provisions of this Agreement or have any rights under this Agreement. No person that is not a party shall be entitled to rely on the provisions of this Agreement in any proceeding.

5.13 Counterparts

This Agreement and any document contemplated by or delivered under or in connection with this Agreement may be executed and delivered in any number of counterparts (including, in electronic form and with electronic signatures), with the same effect as if all parties had executed and delivered the same Agreement or document, and all counterparts shall be construed together to be an original and will constitute one and the same Agreement or document.

Independent Auditor's Report

To the Members of the Operating Committee of
Nunavut Iron Ore Inc.

Opinion

We have audited the consolidated financial statements of Nunavut Iron Ore Inc. (the "Company"), which comprise the consolidated statements of financial position as at December 31, 2025, and the consolidated statements of net loss and other comprehensive loss, changes in equity and cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2025, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB").

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty related to Going Concern

We draw attention to Note 1 in the financial statements, which indicates that the Company incurred a net loss of $545.1 million during the year ended December 31, 2025 and, as of that date, the Company's current liabilities exceeded its total assets by $748.6 million. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Other Information

Management is responsible for the other information. The other information comprises the information, other than the financial statements and our auditor's report thereon, in the Management Discussion & Analysis.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained Management's Discussion and Analysis prior to the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Company as a basis for forming an opinion on the financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

1. NATURE OF OPERATIONS AND GOING CONCERN

Nunavut Iron Ore, Inc. ("NIO" or the "Company") is organized under the *Business Corporations Act (Ontario)* as a private corporation. NIO's head office is located in Toronto, Ontario.

NIO holds indirect interests in the Mary River Project ("MRP") located in the territory of Nunavut, Canada. MRP is owned by Baffinland Iron Mines LP ("BIM LP") and its general partner Baffinland Iron Mines Corporation ("BIM Corp", and together with BIM LP, "BIM"). BIM is engaged in the operation and development of iron ore properties in the Qikiqtani Region of Nunavut on Baffin Island, Canada. BIM's head office is located in Oakville, Ontario and its northern headquarters is located in Iqaluit, Nunavut. Substantially all of BIM's assets, including the mine at Mary River, the port facilities at Milne Inlet and Steensby Inlet and associated ancillary facilities and equipment are owned by BIM LP. BIM's base operation consists of an open-pit mine, dry crushing and screening facilities, a haul road to port, port stockpiling, ore dock and ship loading facilities and supporting camps and infrastructure.

NIO is the sole shareholder and limited partner of BIM Corp and BIM LP, respectively.

Going concern

These audited consolidated financial statements have been prepared using accounting policies applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they become due. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but is not limited to, twelve months from the end of the reporting period.

For the year ended December 31, 2025, the Company reported a net loss of $545.1 million (December 31, 2024 - $153.3 million). As at December 31, 2025, the Company's current liabilities exceeded its current assets by $748.6 million. The Company had total cash of $8.5 million as at December 31, 2025.

During the year, the Company completed amendments to convert its revolving credit facility into a term loan, together with corresponding amendments to its Export Development Canada ("EDC") term facility, as described in Note 13.

Subsequent to December 31, 2025, the Borrowers breached a covenant of the Term Credit Agreement (as defined below). In March and April 2026, the Company entered into limited waiver agreements with its Term Lenders (as defined below) with respect to the breach. The termination date of the current waiver is May 31, 2026, subject to a number of conditions. The conditions include a waiver fee, a right of first refusal with respect to certain offtake arrangements, and taking steps to address the maturity of the 2026 Notes by April 30, 2026. Failure to satisfy these conditions may result in the termination of the waiver prior to May 31, 2026. There can be no assurance that the Company will satisfy these conditions or obtain further waivers. See Note 13 for further details.

As described in Note 13, the Company's senior secured notes mature on July 15, 2026 and the maturity date of the EDC term facility has been accelerated to June 30, 2026, following the triggering of a springing maturity provision. The Term Credit Agreement includes a similar springing maturity provision (which would cause the maturity date to move forward to June 30, 2026 if triggered); however, as at the date of these financial statements, the application of the springing maturity provision has been temporarily waived. If both springing maturities are triggered, then the senior secured notes and both term loans would be scheduled to mature between June 30, 2026 to July 15, 2026.

The Company does not currently have sufficient liquidity to repay these obligations at their respective maturities and is dependent on the successful completion of a recapitalization and restructuring of its capital structure. This process is expected to include a combination of new financing, amendments to existing debt arrangements and potential equity or equity-linked contributions.

Management has implemented a number of measures to support liquidity and operational stability, including working capital optimization, asset sales, renegotiation of key supplier contracts and a workforce reduction aligned with the

current 4.2 Mt per year trucking operation. In addition, the Company has received $200.0 million under previously disclosed royalty-based financing arrangements.

In the event that the Company is unable to successfully complete the recapitalization and related financing initiatives, the Company may be required to pursue an alternative refinancing or restructuring plan, which could include seeking creditor protection.

These conditions indicate the existence of material uncertainties that may cast significant doubt on the Company's ability to continue as a going concern. These consolidated financial statements have been prepared on a going concern basis and do not include any adjustments that would be required if the Company were unable to continue as a going concern.

2. BASIS OF PRESENTATION

a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the IFRS® Accounting Standards as issued by the International Accounting Standards Board ("IASB®").

The preparation of consolidated financial statements in conformity with IFRS® Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. See Note 2(e) for information on significant judgements, estimates and assumptions.

The consolidated financial statements were approved for issue by the Operating Committee on April 15, 2026.

b) Basis of measurement

These consolidated financial statements have been prepared on the historical cost basis, except for the following items, which are measured at fair value:

- the rehabilitation provision, measured at management's best estimated value of the present value of expected future cash outflows, as disclosed in Note 3(q);
- derivatives, embedded derivatives, and other financial instruments, which are measured at fair value through profit or loss; and
- assets acquired and liabilities assumed in a business combination, which are measured at fair value at the acquisition date.

c) Functional and presentation currency

These consolidated financial statements are presented in United States dollars, the Company's functional currency. Accordingly, United States dollars are referenced herein as "$", "USD" or "US$" and all Canadian dollars are denoted as "C$".

d) New Accounting Standards Issued, but Not Yet Adopted

The IASB has issued additional standards and interpretations that are not yet effective. The Company has assessed these standards and determined that only the standards outlined below are relevant to its financial reporting. Other issued standards are not expected to have a significant impact on the Company's Financial Statements. The Company intends to adopt these standards, if applicable, when they become effective.

IFRS 18 Presentation and Disclosure in Financial Statements

In April 2024, the International Accounting Standards Board ("IASB") issued IFRS 18, Presentation and Disclosure in Financial Statements, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for the presentation of the statement of profit or loss, including the introduction of specified totals and subtotals. In addition, entities are required to classify all income and expenses within the statement of profit or loss

into one of five categories: operating, investing, financing, income taxes, and discontinued operations, of which the operating, investing and financing categories are new.

IFRS 18 also introduces new disclosure requirements for management-defined performance measures, including specified subtotals of income and expenses. Further, the standard includes enhanced requirements for the aggregation and disaggregation of financial information, clarifying the respective roles of the primary financial statements ("PFS") and the notes.

In addition, IFRS 18 includes narrow-scope amendments to IAS 7 Statement of Cash Flows, which change the starting point for determining cash flows from operating activities under the indirect method from profit or loss to operating profit or loss, and remove the optionality in the classification of cash flows related to interest and dividends. Consequential amendments have also been made to several other IFRS Accounting Standards.

IFRS 18 and the related amendments are effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The standard will be applied retrospectively.

The Company is currently assessing the impact that the adoption of IFRS 18 will have on the presentation and disclosure of its primary financial statements and related notes

Amendment to IFRS 9 - Financial Instruments and IFRS 7 - Financial Instruments: Disclosures

In May 2024, the IASB issued amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures to clarify the recognition and derecognition of financial assets and financial liabilities, including the introduction of a new exception for certain financial liabilities settled through an electronic cash transfer system. The amendments also provide additional guidance for assessing whether a financial asset meets the solely payments of principal and interest ("SPPI") criterion, including an additional SPPI assessment for financial assets with contingent features that are not directly related to changes in basic lending risks or costs. In addition, the amendments introduce new disclosure requirements for financial instruments with contractual terms that can change cash flows, as well as enhanced disclosures for equity instruments designated at fair value through other comprehensive income.

The amendments are effective for annual reporting periods beginning on or after January 1, 2026, with early adoption permitted. The Company has assessed these amendments and does not expect their adoption to have a material impact on its consolidated financial statements, as the Company does not hold financial assets with contingent features affecting the SPPI assessment and does not have significant equity instruments designated at fair value through other comprehensive income.

The Company has not early adopted IFRS 9 and IFRS 7 and intends to adopt these standards when they become effective.

e) Significant judgements, estimates and assumptions

The preparation of these consolidated financial statements in conformity with IFRS requires management to make judgements, estimates, and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amount of revenues and expenses during the reported period. Estimates and assumptions are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual outcomes can differ from these estimates.

Critical estimates and judgements made by management in preparation of these consolidated financial statements include:

(i) Mineral reserves and resources

Estimate – certain assumptions are dependent upon reserves, which represent the estimated amount of ore that can be economically and legally extracted from the Company's properties. In order to estimate reserves, the Company estimates reserves and resources to determine future recoverable mine production

based on assessments of geological and engineering factors, estimates of future production costs, capital costs and reclamation costs, commodity prices and exchange rates. These estimates are based on information compiled by appropriately qualified persons relating to geological data on the size, depth and shape of the ore body, and interpreting this data requires complex geological judgements.

Changes in assumptions, including economic assumptions such as metals prices and market conditions, may affect the Company's financial results and financial position in a number of ways, including, but not limited to, the following:

a. the Company's estimates of recoverable amounts of mining interests may be affected due to changes in estimated future cash flows;

b. depreciation and amortization charged in the consolidated statement of net loss and comprehensive loss may change; and

c. the rehabilitation provision may change where changes in estimated reserves affect expectations about the timing or cost of these activities.

(ii) Production of iron ore

Estimate: production of iron ore, which relies on survey data or other measures is a key estimate in determining the value of inventories recorded in the consolidated financial statements. Since survey data is used to record ore inventory on hand, these estimates are subject to various risks and uncertainties and may affect inventory balances.

(iii) Determination of the net realizable value of ore inventory

Estimate: the Company carries its inventories at the lower of cost and net realizable value ("NRV"). If carrying value exceeds NRV, a write-down is required. The write-down may be reversed in a subsequent period if the circumstances that caused it no longer exist. The Company reviews NRV periodically. In particular, for the NRV of ore inventory, the Company makes significant estimates relating to metal prices and conversion costs. These estimates are subject to various risks and uncertainties and may affect the NRV estimate and the carrying value of the ore inventory.

(iv) Measurement and recoverability of current and deferred income taxes

Judgement: deferred tax assets and liabilities are determined based on differences between the financial statement carrying value of assets and liabilities and their respective temporary differences and losses carried forward. The determination of the ability of the Company to utilize tax loss carry-forwards to offset deferred tax liabilities requires management to exercise its judgement and make certain assumptions about the future performance of the Company. Management is required to assess whether it is a probable that the Company will benefit from these prior losses and other deferred tax assets.

Changes in economic conditions, ore prices and other factors could result in revisions to the estimates of the benefits to be realized or the timing of utilization of the losses.

(v) Litigation provisions

Estimate: litigation provisions, which result from litigation arising as a result of past events, are recognized based on the Company's best estimate of costs when the obligation arises. These provisions are not recognized in the consolidated financial statements when the obligation is not probable or if the obligation cannot be measured reliably.

Judgement: the Company exercises significant judgement when determining the probability of future outcomes and measuring the liability represents a significant estimate.

(vi) Impairment of non-financial assets

Estimate: the Company's estimate of a cash-generating units ("CGU") recoverable amount is based on fair value less costs of disposal ("FVLCD") and involves assumptions that include the discount rate applied to estimated future cash flows, commodity prices, exchange rates and shipment volumes and direct costs during future periods.

Judgement: the Company has applied judgement in determining whether indicators of impairment exist that would require an impairment test to be performed more frequently than the annual requirement in accordance with IAS 36 Impairment of Assets. This assessment includes consideration of both external and internal factors, such as changes in commodity prices, market conditions, operational performance, and economic or regulatory developments.

(vii) Determination of the Company's functional currency

Judgement: judgement was required in determining that the US dollar is the appropriate functional currency for the Company. This was determined by assessing the currency that influences sales prices for ore and represents the primary currency of the economic environment in which the Company operates. If this judgement was altered and a different functional currency were selected, this may result in material differences in the amounts recorded in the consolidated statements of net loss and comprehensive loss pertaining to foreign exchange gains or losses.

(viii) Depreciation and amortization of property, plant and equipment

Estimate: property, plant and equipment comprise a large component of the Company's assets and as such, the depreciation and amortization of these assets have a significant effect on the Company's consolidated financial statements. Management makes estimates in determining the residual values and useful lives of the depreciable assets.

(ix) Rehabilitation provision

Estimate: the amount and timing of cash outflows and discount rates associated with discounting the provision are also key estimates. Changes in these estimates may result in a material change in the total provision recorded in the consolidated balance sheets and may also result in a change in classification of the provision between non-current and current.

Judgement: significant judgement and estimates are utilized in the determination of the rehabilitation provisions in the consolidated balance sheets. Judgement is involved in determining the timing and extent of cash outflows required to satisfy constructive obligations based on the timings of site closures, expected unit costs to determine cash obligations to remediate regulatory and constructive requirements to determine the extent of the remediation required.

(x) Assessment of when the Company is expected to enter commercial production

Judgement: significant judgement is required to determine when an asset is able to operate at expected levels, which requires an assessment of both qualitative and quantitative factors. The Company uses several criteria to determine when an asset is operating at expected levels. The criteria applied by the Company are presented in Note 3(h) to the consolidated financial statements.

(xi) Going concern

Judgement: the Company has applied judgement in assessing its ability to continue as a going concern. Management has assessed the Company's ability to continue as a going concern as described in Note 1. This judgement, if altered, could have a significant impact on the consolidated financial statements.

(xii) Revenue

Estimate: the Company estimates the transaction price of revenue recognized, which is the amount that management expects the Company to be entitled to in exchange for the inventory transferred to its customers. The transaction price is calculated using inputs including iron ore reference prices, premiums, deductions and other factors that affect the amount that will ultimately be received from customers. For some sales contracts, sales prices are subject to final adjustment at the end of a future period after shipment, based on quoted market prices during the quotational period specified in the contract. Estimates and assumptions are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual amounts may differ from the estimate recorded.

(xiii) Leases

Estimate: the Company estimates the lease term by considering the facts and circumstances that can create an economic incentive to exercise an extension option, or not exercise a termination option.

Judgement: the Company makes judgements in determining whether a contract contains an identified asset. The identified asset should be physically distinct or provide the Company with the right to substantially all of the economic benefits from the use of the asset. The Company also makes judgements in determining whether the Company has the right to control the use of the identified asset. The Company has that right when it has the decision-making rights that are most relevant to changing how and for what purposes the asset is used. The Company also makes judgements in determining the incremental borrowing rate used to measure its lease liability for each lease contract. The incremental borrowing rate should reflect the interest that the Company would have to pay to borrow over a similar term, and with similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. Certain leases contain extension or renewal options that are exercisable only by the Company and not by the lessor. At lease commencement, the Company assesses whether it is reasonably certain to exercise any of the extension options based on its expected economic return from the lease. The Company typically exercises extension options in its equipment leases due to the significant cost that would be required to return equipment to a lessor.

(xiv) Deferred Stripping

Judgement: Significant judgement is required to distinguish between development stripping and production stripping and to distinguish between the production stripping that relates to the extraction of inventory and that which relates to the creation of a stripping activity asset. Once the Company has identified its production stripping for surface mining operation, it identifies the separate components of the ore bodies for each of its mining operations. An identifiable component is a specific volume of the ore body that is made more accessible by the stripping activity.

Significant judgement is required to identify and define these components, and also to determine the expected volumes (e.g., in tonnes) of waste to be stripped and ore to be mined in each of these components. These assessments are undertaken for each mining operation based on the information available in the mine plan. The mine plans and, therefore, the identification of components, will vary between mines for a number of reasons. These include, but are not limited to, the geological characteristics of the ore body, the geographical location and/or financial considerations.

Judgement is also required to identify a suitable production measure to be used to allocate production stripping costs between inventory and any stripping activity asset for each component. The Company considers that the ratio of the expected volume (e.g., in tonnes) of waste to be stripped for an expected volume (e.g., in tonnes) of ore to be mined for a specific component of the ore body, is the most suitable production measure. Furthermore, judgements and estimates are also used to apply the depreciation and

amortization method in determining the depreciable lives of the stripping activity asset. Refer Note 2(e)(i) for more information. This judgement, if altered, can have significant impact on the consolidated financial statements.

(xv) Royalty

Judgement: The Company exercised judgement in evaluating the accounting treatment for the transaction associated with the "Royalty Agreement", as disclosed in Note 23 of the consolidated financial statements. In assessing the substance of the Royalty Agreement, the Company conducted an analysis to determine whether the Company disposed of a partial interest in its mineral interest or if the arrangement represents a financing-type agreement.

This assessment took into consideration several factors, including but not limited to, the developmental stage of the life of mine model, the legal rights afforded to the royalty holder in the event of insolvency, and the rights and obligations of the royalty holder over the project life. Additionally, the Company also evaluated the associated risks and rewards attributable to the royalty holder over the agreement period.

In addition, the Company evaluated the extraction services provided to the royalty holder. Based on this comprehensive evaluation, the Company concluded that the proceeds received from the agreement constitute a disposition of a partial interest in its mineral interest, necessitating the recognition of a gain on partial disposition of mining interest. A portion of the gain was deferred, related to extraction services, and will be recognized to the consolidated statement of net loss when the extraction services are performed.

Estimate: Estimating the fair value of the partial disposition of mining interest associated with the Royalty Agreement is a complex process that involves numerous judgments and estimates concerning various inputs. Given the unique nature of the partial disposition, the valuation technique employed uses a discounted cash flow model.

The inputs utilized in the discounted cash flow model are derived from internal sources due to the limited availability of relevant and reliable observable inputs. These inputs include projections of future cash flows related to the life of mine model, discount rates reflective of the inherent risks associated with the agreement, and assumptions regarding the timing and magnitude of future payments to the counterparty. The Company recognizes the inherent uncertainties associated with estimating the fair value of the cash flows and acknowledges that actual results may differ from the estimates due to changes in assumptions or other factors beyond its control.

(xvi) Modification or derecognition of financial liabilities

Judgement: During the year, management exercised significant judgement in assessing whether amendments to the Company's revolving credit facility and EDC facility resulted in a substantial modification or the derecognition of the existing financial liabilities in accordance with IFRS 9 Financial Instruments.

In making this assessment, management considered both quantitative and qualitative factors, including changes in contractual maturity, pricing, interest deferral mechanics, and other key commercial terms of the amended facilities. Based on this assessment, management concluded that the amendments resulted in the derecognition of the original facilities and recognition of new financial liabilities. The resulting gain or loss recognized in net finance costs was not material.

This judgement requires assumptions regarding future cash flows and discount rates and is sensitive to changes in those assumptions. A different conclusion could have resulted in differences in the measurement and presentation of the Company's financial liabilities and finance costs.

3. MATERIAL ACCOUNTING POLICY INFORMATION

a) Basis of Consolidation

The consolidated financial statements include the accounts of NIO and its wholly-owned subsidiaries at December 31, 2025.

Subsidiaries are entities controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Intercompany balances and transactions relating to subsidiaries have been eliminated on consolidation.

Control exists when the Company:

- has power over the investee;
- Is exposed, or has rights, to variable returns from the Company's involvement with the investee, and
- has the ability to use its power to affect those returns.

BIM Corp is a wholly-owned subsidiary of the Company. Accordingly, all intercompany balances and transactions between the Company and BIM Corp are eliminated on consolidation.

Summarized financial information for BIM Corp is presented below and represents before intercompany eliminations.

b) Business Combinations

Business combinations are accounted for using the acquisition method.

The consideration transferred in a business combination is measured at fair value at the acquisition date and comprises the sum of the consideration transferred and the amount of any non-controlling interest ("NCI") in the acquiree. For each business combination, the Company elects to measure NCI either at fair value or at the proportionate share of the acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred and included in administrative expenses.

At the acquisition date, the Company assesses the assets acquired and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and relevant conditions. This includes the separation of embedded derivatives in host contracts.

Mineral reserves, mineral resources and exploration potential that can be reliably measured are recognized separately in the determination of the fair values of the identifiable assets and liabilities. Other potential reserves, resources and rights for which fair value cannot be reliably measured are subsumed within goodwill.

If a business combination is achieved in stages, any previously held equity interest is remeasured at its acquisition-date fair value and any resulting gain or loss is recognized in the statement of net loss and comprehensive loss and included in the determination of goodwill.

Contingent consideration is measured at fair value at the acquisition date.

- Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity.
- Contingent consideration classified as a financial asset or financial liability within the scope of IFRS 9 is subsequently measured at fair value, with changes in fair value recognized in the statement of net loss and comprehensive loss.
- Other contingent consideration is remeasured at fair value at each reporting date, with changes in fair value recognized in profit or loss.

Goodwill is initially measured as the excess of the aggregate of the consideration transferred and the amount recognized for NCI over the fair value of the identifiable net assets acquired and liabilities assumed. When the fair value of the identifiable net assets acquired exceeds the consideration transferred, the Company reassesses the identification and measurement of the assets acquired and liabilities assumed. Any resulting gain is recognized in the statement of net loss and comprehensive loss.

The fair value of inventories acquired in a business combination is determined based on the estimated selling price in the ordinary course of business, less the estimated costs of completion and a reasonable profit margin.

The fair value of property, plant and equipment is determined using appropriate valuation techniques, including the market approach and the cost approach. Under the cost approach, the current replacement or reproduction cost of each significant asset is estimated.

Intangible assets acquired in a business combination are recognized at fair value at the acquisition date. Intangible assets with finite useful lives are amortized from the date they are available for use and are tested for impairment when indicators of impairment exist.

c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and highly liquid investments, including term deposits or government treasury bills with an original maturity of three months or less.

d) Financial instruments

Financial assets

Financial assets are classified as either financial assets at amortized cost; fair value through profit or loss; or fair value through other comprehensive income. The Company determines the classification of its financial assets at initial recognition based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

i. Amortized cost

Financial assets are classified as measured at amortized cost if both of the following criteria are met and the financial assets are not designated as at fair value through profit and loss:

1) the objective of the Company's business model for these financial assets is to collect their contractual cash flows; and
2) t the asset's contractual cash flows represent solely payments of principal and interest ("SPPI").

ii. Financial assets recorded at fair value through profit or loss ("FVTPL")

Financial assets are classified as FVTPL if they do not meet the criteria of amortized cost or fair value through other comprehensive income. Gains or losses on these items are recognized in net finance costs (income).

Financial liabilities

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or financial liabilities measured at amortized cost. The Company determines the classification of its financial liabilities at initial recognition.

Financial liabilities that are substantially modified are derecognized and replaced with a new financial liability, with any resulting gain or loss recognized in net finance costs.

i. Amortized cost

Financial liabilities are classified as measured at amortized cost unless they fall into one of the following categories: financial liabilities at fair value through profit or loss, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition, financial guarantee contracts, commitments to provide a loan at a below-market interest rate, or contingent consideration recognized by an acquirer in a business combination.

ii. Financial liabilities recorded at FVTPL

Financial liabilities are classified as FVTPL if they fall into any of the categories detailed above. Derivatives are classified as fair value through profit or loss. Derivative instruments, including embedded derivatives, are recorded at their fair value on the date the derivative contract is entered into and transaction costs are expensed as incurred.

Derivatives

Derivatives are initially recognized at fair value when the Company becomes a party to the derivative contract and are subsequently re-measured to fair value at the end of each reporting period. The resulting gain or loss is recognized in the consolidated statement of loss and comprehensive loss statement immediately unless the derivative is designated and effective as a hedging instrument. Derivatives with positive fair value are recognized as assets; derivatives with negative fair value are recognized as liabilities.

BIM has engaged in derivative transactions related to commodity contracts with the intent to economically mitigate risk exposures. These derivatives, while serving a hedging purpose in practice, are not formally designated as hedging instruments for the purposes of hedge accounting.

Derivatives contracts that are entered to economically hedge a risk exposure but are not designated as a hedging instrument for hedge accounting purposes are initially and subsequently measured at fair value. Subsequent movements in fair value are recognized as hedge gain or loss in the consolidated statement of net loss and comprehensive loss.

Embedded derivatives

The Company considers whether a contract contains an embedded derivative when it becomes a party to the contract. Derivatives embedded in other financial instruments or other host contracts are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Transaction costs

Transaction costs associated with financial instruments, carried at fair value through profit or loss, are expensed as incurred, while transaction costs associated with all other financial instruments are included in the initial carrying amount of the asset or the liability.

Subsequent measurement

Instruments classified as FVTPL are measured at fair value with unrealized gains and losses recognized in net finance costs (income). Instruments classified as amortized cost are measured at amortized cost using the effective interest method. Instruments classified as fair value through comprehensive income are measured at fair value with unrealized gains and losses recognized in other comprehensive income.

Fair values of financial instruments

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's-length transaction.

Fair values of financial instruments traded in active markets are determined based on quoted market prices, where available. Bid prices are generally used for assets held or liabilities to be issued; asking prices are generally used for assets to be acquired or liabilities held.

For financial instruments not traded in an active market, fair values are determined based on appropriate valuation techniques. Such techniques may include discounted cash flow analysis, using recent arm's-length market transactions, reference to the current fair value of another instrument that is substantially the same, and other valuation models.

The Company applies a hierarchy to classify valuation methods used to measure financial instruments carried at fair value. Levels 1 to 3 are defined based on the degree to which fair value inputs are observable and have a significant effect on the recorded fair value, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Valuation techniques use significant observable inputs, either directly (i.e., as prices) or indirectly (i.e., derived from prices), or valuations are based on quoted prices for similar instruments; and

Level 3: Valuation techniques use significant inputs that are not based on observable market data (unobservable inputs).

Derecognition

The Company derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled, or expired. The difference between the carrying amount of the financial liability

derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in net finance costs (income).

Expected Credit Loss Impairment Model

The Company recognizes a loss allowance on a forward-looking basis at an amount equal to the lifetime expected credit loss on its financial assets measured at amortized cost.

Offsetting of Financial Assets and Liabilities

Financial assets and liabilities are offset and the net amount presented in the consolidated balance sheets when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

e) Inventories

Ore inventories

Ore inventories consist of work in progress and stockpiled ore.

Work in progress represents material extracted from the mine that must be further processed into a saleable form.

Finished goods inventory or stockpiled ore represents ore that has been crushed and transported to stockpiles at Milne Inlet Port in saleable form.

Ore inventories classified as non-current include certain stockpiled ore that forms the structural base layer of stockpiles and certain work in progress that are not expected to be sold in the next twelve months.

Ore inventories are measured at the lower of cost and net realizable value.

Cost is determined using the first-in, first-out ("FIFO") method and includes all costs incurred in bringing the ore to its present location and condition.

These costs include:

- materials, fuel and supplies
- labour and contractor costs
- depletion of mining interests
- depreciation of property, plant and equipment used in extraction, processing and transportation
- allocated fixed and variable production overheads based on normal operating capacity

Fuel and supplies

Fuel and supplies inventories consist primarily of artic grade diesel, Jet-A fuel, spare parts and other consumables used in the production process.

These inventories are carried at the lower of cost and net realizable value, with cost determined using the weighted average method.

Provisions are recorded to reduce slow-moving or obsolete supplies to their estimated net realizable value.

Net realizable value

Net realizable value represents the estimated selling price in the ordinary course of business less estimated costs of completion and costs necessary to make the sale.

When the carrying amount of ore inventories exceeds net realizable value, a write-down is recognized in cost of goods sold. Subsequent recoveries in net realizable value are recognized as reversals of previous write-downs in cost of goods sold, to the extent of the original impairment.

Production costs capitalized to ore inventories are recognized in cost of goods sold when the related iron ore products are sold.

f) Exploration and evaluation expenditures

Exploration and evaluation activities involve the search for ore, the determination of technical feasibility and the assessment of commercial viability of an identified resource. Exploration and evaluation expenditures are expensed as incurred and include costs that are directly attributable to:

- researching and analyzing existing exploration data;
- conducting geological studies, exploratory drilling and sampling;
- examining and testing extraction and treatment methods; and
- compiling pre-feasibility studies.

These exploration and evaluation costs are assessed on a project-by-project basis and expensed pending determination of the technical feasibility and commercial viability of the project.

The Company capitalizes the cost of acquiring interests in mineral rights, licenses and properties in business combinations, assets acquisitions or option agreements. All capitalized exploration costs are monitored for indications of impairment. Where there are indications of a potential impairment, an assessment is performed for each area of interest in conjunction with the group of operating assets (representing a CGU) to which the exploration is attributed. Exploration areas for which mineral resources have been discovered but that will require major capital expenditure before production can begin are continually evaluated to ensure that commercial quantities of mineral resource exist or to ensure that additional exploration work is under way or planned. Capitalized exploration and evaluation expenditures are charged to the consolidated statement of net loss and comprehensive loss to the extent that they are not expected to be recovered.

g) Development costs

Expenditures are considered as development costs when the work completed supports the future development of the property through the issuance of a National Instrument 43-101 technical report or a definitive bankable feasibility study, and such development receives appropriate Operating Committee approvals. Subsequent to this point, development expenditures are capitalized and classified as assets under construction, a component of property, plant and equipment.

Development expenditures represent costs incurred to obtain access to proven and probable reserves and to provide facilities for extracting, gathering, crushing, transporting and storing ore. Development expenditures are capitalized to the extent that they are necessary to bring the property to commercial production. Items that meet these criteria include:

i. the purchase price for acquired development assets;

ii. costs directly related to bringing the asset to the location and condition necessary for intended use such as drilling costs and removal of overburden to establish access to the ore reserve;

iii. direct and indirect costs incurred that can be directly attributable to the area of interest;

iv. pre-production expenditures incurred prior to the mine being substantially complete and

ready for its intended use;

v. the present value of the initial estimate of the future costs of dismantling and removing the item and restoring the site on which it is located;

vi. costs incurred to expand operating capacity; and

vii. borrowing costs incurred while construction and development activities are in progress, when they directly relate to financing the construction of the project, and when general borrowings would have been avoided if the expenditure on the qualifying assets had not been made.

Projects are assessed to determine the point of commencement of production of the mine.

h) Commercial production

A mine under development is determined to enter commercial production when it is in the location and condition necessary for it to be capable of operating at its intended initial operating capacity. The following criteria are used by the Company to assess when this point will be achieved:

- a significant level of capital expenditures compared to construction cost estimates has been incurred;
- all critical infrastructure and equipment necessary to operate the mine and generate revenue are complete and available for use;
- a reasonable period of testing has been completed;
- a reasonable level of ongoing production has commenced; and
- a reasonable level of ore shipments has been successfully completed.

Capitalization of costs, including certain mine development and construction costs, ceases when the related mining property has reached the intended initial operating capacity. Costs incurred prior to this point, including depreciation of related plant and equipment, are capitalized. Subsequent costs are either capitalized to inventory or expensed. During the production phase of a mine, costs incurred relating to mining asset additions or improvements, or mineable reserve development are assessed to determine whether capitalization is appropriate.

i) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Property, plant and equipment costs include expenditures that are directly attributable to the acquisition of the assets. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, plant and equipment also include assets being erected that are capitalized as assets under construction. The cost of assets under construction comprises the purchase price and any costs directly attributable to bringing it into working condition for its intended use. Assets under construction are not depreciated. Depreciation commences once the asset is complete and available for use.

When a project commences commercial production, the accumulated capitalized development costs (i.e. assets under construction) are transferred to the appropriate mining interest, property, plant and equipment and/or other assets. From this point forward, costs incurred are either capitalized to inventory or expensed as operating costs, except for capitalized costs related to construction in progress that provide a future

benefit.

Additional development costs incurred after the commencement of commercial production are capitalized to the extent that they are expected to give rise to a future economic benefit and are classified as assets under construction. Interest on borrowings related to construction or development projects is capitalized to the point when substantially all the activities that are necessary to make the asset ready for its intended use are complete.

For the significant components of property, plant and equipment, depreciation is calculated as follows:

Buildings and facilities	3 - 30 years straight line
Plant and equipment	2 - 25 years straight line
Mobile vehicles	3 - 10 years straight line
Other	2 - 5 years straight line

Where parts (components) of an item of property, plant and equipment have different useful lives or for which different depreciation rates are appropriate, they are accounted for as separate items of property, plant and equipment. Estimates of residual values and useful lives of assets are assessed annually and adjusted, if appropriate.

Expenditures on major maintenance or repairs includes the cost of the replacement of parts of assets and overhaul costs. Where an asset or part of an asset is replaced and it is probable that future economic benefits associated with the replacement part will be available to the Company, the expenditure is capitalized and the carrying amount of the part replaced is derecognized. Similarly, overhaul costs associated with major maintenance are capitalized and depreciated over their useful lives where it is probable that the future economic benefits will be available and any remaining carrying amounts of the cost of previous overhauls are derecognized. All other costs are expensed as incurred.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal of the asset, determined as the difference between the net disposal proceeds and the carrying amount of the asset, is recognized in the consolidated statement of net loss and comprehensive loss.

j) Mining interests

When the existence of a commercially viable mine deposit has been established, proven and probable reserves have been determined or development/construction has commenced, capitalized exploration and evaluation costs are reclassified to mining interests. All subsequent expenditures undertaken to support the development of production facilities (including interest on borrowings, if applicable) are capitalized.

Depletion of mining interests is calculated using the units of production method over the life of the mine, resulting in a depletion charge proportional to the depletion of proven and probable reserves.

The Company’s mining interests also include mineral properties and mineral rights that have been acquired.

The recoverability of the amounts shown for mining interests is dependent on the existence of economically recoverable reserves, the capacity to obtain financing to complete the development of such reserves, the ability to obtain the necessary licenses and permits and meet the Company’s obligations under various agreements and the success of future operations or dispositions.

k) Stripping costs

In open pit mining operations, it is necessary to remove overburden and other waste materials to access ore. This process is referred to as stripping. If stripping leads to improved access to ore that can be mined

in the future, the costs, referred to as a 'stripping activity asset', are recognized as part of the mining interests asset if the following criteria are met:

a) Future economic benefits (being improved access to the ore body) are probable;

b) The component of the ore body for which access will be improved can be accurately identified; and

c) The costs associated with the improved access can be reliably measured.

If any of the criteria are not met, the production stripping costs are charged to profit or loss as operating costs when they are incurred.

In identifying components of the ore body, the Company works closely with the mining operations personnel for each mining operation to analyze each of the mine plans. Generally, a component will be a subset of the total ore body, and a mine may have several components. The mine plans, and therefore the identification of components, can vary between mines for a number of reasons. These include, but are not limited to: the type of commodity, the geological characteristics of the ore body, the geographical location, and/or financial considerations. Given the nature of the Company's operations, components are generally either major pushbacks or phases and they generally form part of a larger investment decision which requires Operating Committee approval.

Stripping costs incurred during the production phase of a mine are included in the cost of inventory produced during the period in which the stripping costs are incurred, unless these costs are expected to provide a future economic benefit to an identifiable component of the ore body. Components of the ore body are based on the distinct development phases identified in the latest technical report prepared by the Company's qualified person. Production phase stripping costs that are expected to provide a future economic benefit are capitalized as open pit mine development costs.

Capitalized open pit mine development costs are included in mining interests and are depreciated on a units of production basis whereby the denominator is the estimated proven and probable mineral reserves in the current component and all future components of the mine that are expected to benefit from the particular stripping activity.

l) Investment tax credit

An investment tax credit ("ITC") provides a reduction to an entity's taxes payable and is distinguished from a tax deduction, which is factored into the determination of taxable income.

ITC earned from exploration and development expenditures are recorded as a tax receivable to the extent that they are probable to be realized. A corresponding deduction is recognized in the exploration expense or mining interests where such costs are capitalized.

m) Impairment of non-financial assets

The carrying amount of the Company's assets (which include property, plant and equipment, exploration and evaluation assets, and mining interests) is reviewed at the end of each reporting period to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss.

For the purpose of measuring recoverable amounts, assets are grouped at the lowest levels for which there are separately identifiable cash flows into CGU. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use (being the present value of the expected future cash flows of the relevant asset or CGU). An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment losses are recognized in the consolidated statement of net loss and comprehensive loss.

The Company evaluates impairment losses for potential reversals. An impairment loss is only reversed if there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount; however, the reversal is limited so that the carrying amount does not exceed the amount that would have been determined had no impairment loss been recognized in previous periods.

n) Goodwill and intangible asset

Business acquisitions are accounted for using the acquisition method whereby acquired assets and liabilities are recorded at fair value as of the date of acquisition with any excess of purchase price over such fair values recorded as goodwill. Goodwill is not amortized. The Company assesses any potential impairment of goodwill on an annual basis or earlier should any events or changes in circumstances warrant such an assessment. Impairments of goodwill are recognized in the consolidated statement of net loss and comprehensive loss and are never reversed.

Goodwill acquired through a business combination is allocated to each CGU or group of CGUs that are expected to benefit from the related business combination. A group of CGUs represents the lowest level within the entity at which goodwill is monitored for internal management purposes, which is not higher than an operating segment. The Company currently has one CGU, being its exploration, development and operating activities in and around the Mary River property in Baffin Island, Nunavut, Canada.

Intangible assets with finite useful lives commence amortization when they are available for use as intended by management and are amortized over their useful lives and tested for impairment whenever there is an indication that the asset may be impaired.

o) Translation of foreign currencies

Transactions and balances denominated in foreign currencies are translated into the United States dollar as follows:

- monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange at the balance sheet date;
- non-monetary assets and liabilities, expenses and other income arising from foreign currency transactions are translated at the exchange rate in effect at the date of the transaction;
- deferred tax assets and liabilities are translated using the closing exchange rate as at the balance sheet date with translation gains and losses recorded in income tax expense; and
- exchange gains and losses arising from translation are included in the determination of net loss and comprehensive loss.

The cumulative translation adjustment reserve is used to record exchange differences arising from the translation of the financial statements to the presentation currency. The Company recorded a cumulative translation adjustment of $198.6 million when the Company changed functional currency to U.S. dollars from Canadian dollars effective January 1, 2016.

p) Provisions

Provisions are recognized when the Company has a present obligation (legal and constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate can be made. The provisions are recorded as management's best estimate of the amount required to settle an obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Restructuring provisions

Restructuring provisions are recognized only when the Company has a constructive obligation, which is when:

i. The Company has communicated its commitment to a restructuring through past practices, published policies, or a sufficiently specific statement.
ii. A valid expectation has been created among affected employees and stakeholders that the restructuring will be implemented.

Greenhouse Gas Pollution Pricing Act ("GGPPA") Compliance

Under the GGPPA, the Company operates covered facilities subject to carbon pricing regulations. The Act requires entities exceeding their emissions limits during a compliance period to compensate for excess emissions. The required compensation may be settled through:

- The remittance of one compliance unit for each CO_2e tonne emitted in excess of the emissions limit; or
- Payment of the excess emissions charge as per Schedule 4 of the GGPPA, applicable to the compliance period.

A minimum of 25% of the compensation must be provided by means of an excess emissions charge. The Company recognizes a liability for excess emissions when a present obligation exists as a result of a past event, settlement is probable, and the obligation can be reliably estimated. Excess emissions compliance costs are recognized within cost of goods sold.

Charges and interest associated with emissions remittance or payment requirements, including any legislated compensatory amounts, are recognized within general and administrative expenses in the period incurred and are not included in cost of goods sold.

q) Rehabilitation obligations

The accounting for rehabilitation obligations encompasses both the legal and constructive obligations associated with the retirement of a long-lived tangible asset that results from its acquisition, construction, development and/or normal operation. The retirement of a long-lived asset is other than a temporary removal from service, including its sale, abandonment, recycling or disposal in some other manner. The Company estimates the cost associated with these activities in its Abandonment and Reclamation Plan ("A&R Plan") which is reviewed and updated annually.

The rehabilitation provision is calculated as the present value of the estimated rehabilitation obligations and is recorded in the period in which the obligation arose. When the rehabilitation provision is initially recorded, the amount is capitalized to the cost of the related long-lived assets. The capitalized cost is amortized in the same manner as the related assets. Over time, the rehabilitation provision accretes to its expected future settlement value, resulting in the recognition of an accretion expense. Upon settlement of the provision, a gain or loss will be recorded to the extent that the actual costs incurred differ from the provision recorded.

The Company reassesses its rehabilitation obligations at each reporting date. The rehabilitation provision and related assets are adjusted at each reporting date based on changes in the discount rate and in the estimated cost and timing of the work to be carried out.

It is possible that the Company's estimate of its rehabilitation obligations could change as a result of changes in regulations, the extent of environmental rehabilitation required and the means of rehabilitation or cost estimates. These estimates are also based on expected rehabilitation requirements relating to the Mary River property and will change as the Company proceeds with the development of the Mary River property.

r) Income taxes

Income tax expense is comprised of current and deferred tax. Current and deferred tax are recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

The Company accounts for income taxes in accordance with the asset and liability method. Under the liability method, deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities, and their respective tax bases. In a business combination, the temporary differences that exist between the fair values of the acquired assets and liabilities, and the tax bases of the related assets and liabilities result in either deferred income tax liabilities or assets. These deferred income tax assets and liabilities are treated as identifiable assets and liabilities when determining the cost of the purchase and are considered monetary items.

Deferred tax assets and liabilities are measured using enacted or substantively enacted income tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities of a change in income tax rates is recognized in the period that includes the date of substantive enactment.

A deferred income tax asset is recognized only when it is probable that an entity will have sufficient future taxable profits against which the asset can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future where the timing of the reversal of the temporary differences can be controlled by the parent. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill which is not deductible for tax purposes.

The Company has non-monetary assets and liabilities for which the tax reporting currency is different from its functional currency. Any translation gains or losses on the remeasurement of these items at current exchange rates versus historic exchange rates that give rise to a temporary difference are recorded as a deferred tax asset or liability.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognized subsequently if new information about facts and circumstances arises. The adjustment is either treated as a reduction to goodwill (as long as it does not exceed goodwill) if it occurred during the measurement period or if outside the measurement period, it is recognized in the statement of net loss and other comprehensive loss.

s) Revenue recognition – iron ore sales

Revenue from contracts with customers, as defined in IFRS 15, is derived principally from the sale of iron ore. Revenue is recognized at a point in time when control of the iron ore passes to the customer and is measured at the fair value of the consideration received or receivable.

Control is considered to have passed to the customer when the Company has a present right to payment, the customer has legal title and physical possession of the iron ore, the significant risks and rewards of ownership have transferred, and the customer has accepted the iron ore. The timing of control transfer is determined based on the contractual sales terms in accordance with the applicable International

Commercial Terms ("Incoterms").

Incoterms used by BIM	Revenue is recognized when:
Cost and Freight ("CFR")	Ore is transported to the buyer's destination
Free on Board ("FOB")	Ore is loaded on the vessel
Delivered At Place ("DAP")	Ore arrives at the named place of destination
Free Carrier ("FCA")	Ore arrives at the named place of delivery
Cost Insurance and Freight (CIF)	Ore is insured and transported to the buyer's destination

Revenue is recognized when control passes to the customer, which generally occurs when the iron ore is loaded onto the vessel or otherwise delivered in accordance with the applicable Incoterms.

Revenue is initially measured using contractual pricing formulae specified in the relevant sales agreements, based on the forward curve price, the tonnage of iron ore transported and the ore quality.

Certain sales of iron ore are provisionally priced, with final pricing determined at a later date based on quoted market prices during a specified quotational period in the contract. Revenue for such sales is initially recognized at the market iron ore price on the date control transfers to the customer. Until provisional pricing is finalized, receivable balances are marked to market at each reporting date, with resulting adjustments recorded within revenue as true-up adjustments.

In accordance with IFRS 15 and IFRS 9, variability in price related to provisionally priced receivables is accounted for as a fair value movement under IFRS 9, while variability in quantities is treated as variable consideration. Variable consideration arising from weights and assay adjustments has been assessed as insignificant and does not constrain revenue recognition.

Amounts received under the Company's Committed Offtake Sales Contract, where a portion of the provisional value of iron ore is received upon delivery to the stockpile at Milne Inlet (Incoterms FCA), are recorded as deferred revenue until shipment to the customer, at which point revenue is recognized in accordance with the applicable Incoterms.

Gains and losses resulting from iron ore hedging activities are included in revenue.

t) Cost of goods sold

Cost of goods sold primarily represents the cost of iron ore products sold during the period and consists of production costs previously capitalized to inventory and recognized when the related products are sold.

Production costs capitalized to inventory include materials, fuel, labour and contractor costs associated with blasting, crushing and hauling, of ore to the port site, as well as depreciation and depletion of mining and processing assets and allocated production overheads.

Cost of goods sold also includes shipping and shiploading costs, royalties and inventory write-downs or reversals to net realizable value.

Costs not directly attributable to the production or sale of inventories, including exploration and evaluation expenditures, general and administrative expenses and financing costs, are recognized separately in the consolidated statements of income.

u) Leases

At inception of a contract, the Company assesses whether that contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

The Company records a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, consisting of:

- the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date; plus
- any initial direct costs incurred; plus
- an estimate of costs to dismantle and remove the underlying asset or restore the site on which it is located; less
- any lease incentives received.

The right-of-use asset is typically depreciated on a straight-line basis over the lease term, unless the Company expects to obtain ownership of the leased asset at the end of the lease. The lease term consists of:

- the non-cancellable period of the lease;
- periods covered by options to extend the lease, where the Company is reasonably certain to exercise the option; and
- periods covered by options to terminate the lease, where the Company is reasonably certain not to exercise the option.

The estimated right-of-use useful lives of the assets, as follows:

Buildings and facilities	5 - 15 years straight line
Plant and equipment	7 - 10 years straight line
Mobile vehicles	7 - 10 years straight line

If the Company expects to obtain ownership of the leased asset at the end of the lease, the Company depreciates the right-of-use asset over the underlying asset's estimated useful life. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Refer to the accounting policies in Note 3(m) Impairment of non-financial assets.

The lease liability is initially measured at the present value of lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, our incremental borrowing rate. The lease liability is subsequently measured at amortized cost using the effective interest rate method.

Lease payments included in the measurement of the lease liability include:

- fixed payments, including in-substance fixed payments;

- variable lease payments that depend on an index or rate;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in our estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes their assessment of whether or not they will exercise a purchase, extension, or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset.

The lease liability is also remeasured when the underlying lease contract is amended. When there is a decrease in contract scope, the lease liability and right-of-use asset will decrease relative to this change with the difference recorded in net income prior to the remeasurement of lease liability. The Company has elected not to separate fixed non-lease components and account for the lease and any fixed non-lease components as a single lease component.

The Company applies the short-term lease recognition exemption to its short-term leases of equipment (i.e., those leases that have a lease term of twelve months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

v) General and administrative expenses

General and administrative expenditures are expensed as incurred. These expenses relate to the day-to-day operations of the Company and do not directly or indirectly relate to the evaluation of the technical and/or economic viability of an operation or the production of goods or services. General and administrative expenses include managerial salaries, rent and related costs, professional fees, information technology expenditures, insurance and legal costs.

5. TRADE AND OTHER RECEIVABLES

All of the trade receivables are due from three customers at December 31, 2025 (December 31, 2024 – four customers). BIM's customers have been transacting with BIM for more than five years, and no customer balances have been written off or impaired. The historical level of customer default is minimal and expected credit losses are not considered significant, as in the opinion of management, the amounts due are expected to be fully collected.

The ITC can be claimed only to reduce future income taxes otherwise payable and will expire between 2028 and 2033. BIM is no longer

eligible for ITCs on pre-production mining expenditures. The remaining balance of $1.4 million (December 31, 2024 – $1.4 million) is considered recoverable.

Current work in progress ore inventory includes $83.8 million (December 31, 2024 - $83.8 million recorded in long-term work in progress ore inventory) of intermediate ore that has been sold to a buyer and, after processing into finished iron ore fines, will be delivered to the buyer at the market prices then prevailing, less certain agreed to deductions.

Finished ore inventory includes long-term finished ore inventory of $27.8 million as at December 31, 2025 (December 31, 2024 – $27.8 million).

Finished ore inventory, excluding long-term finished ore inventory, includes depreciation costs of $43.5 million as at December 31, 2025 (December 31, 2024 – $85.2 million) and freight costs of $Nil as at December 31, 2025 (December 31, 2024 - $27.2 million).

Fuel and supplies inventory is charged to ore inventory as consumed. Fuel and supplies inventory consumed in the course of construction and development activities is capitalized as part of property, plant and equipment or assets under construction, as applicable.

The cost of inventories recognized as an expense within cost of goods sold amounted to $329.5 million for the year ended December 31, 2025 (December 31, 2024 - $335.1 million). Included in production costs are inventory impairments and write-downs, primarily related to net realizable value (“NRV”) adjustments on ore inventory, as disclosed in Note 21.

Deferred financing costs primarily relate to legal, advisory and due diligence costs incurred in connection with financing arrangements for the rail expansion project.

8. MINING INTERESTS

BIM has legal title to 67 mining leases in the Mary River area of Baffin Island, Nunavut, Canada and is the holder of 184 claims, issued pursuant to the Northwest Territories and Nunavut Mining Regulations. The mining leases have terms of 21 years. The mineral claims have terms of 30 years. BIM also has 3 Mineral Exploration Agreements, jointly with Nunavut Tunngavik Inc., issued pursuant to the Nunavut Land Claims Agreement. These agreements have terms of 20 years.

BIM also has legal title to land use permits and surface rights commercial land leases that permit it access to the surrounding lands. On September 6, 2013, BIM entered into a new thirty-year *Commercial Lease for Inuit Owned Lands* and *Quarry Concession Agreement* (both with an effective date of July 1, 2013) with QIA. The lease, which may be renewed or extended for an additional period of thirty years, has a current annual rental charge of C$3.7 million.

Under the terms of the lease, BIM must post financial security against its future estimated costs of abandonment and reclamation activities on Inuit and Crown owned land. As at December 31, 2025, total financial reclamation security provided amounted to C$143.9 million (December 31, 2024 - C$140.1 million). Security is provided in the form of cash and letters of credit supported by shareholder guarantees, a term loan, a surety bond and deposited cash. The beneficiaries of the security are the QIA and Crown-Indigenous Relations and Northern Affairs Canada ("CIRNAC"), as applicable.

The following financial security amounts are denominated in Canadian dollars (C$), consistent with the underlying security requirements.

The table below presents the composition of financial security as at December 31, 2025, as well as the pro forma impact of the subsequent restructuring:

	December 31, 2025		December 31
in C$	**After**	**Before**	2024
Term loan - backed letter of credit	**$ 71.1**	**$ 75.2**	$ -

Other assets (certified cheques)	**2.5**	**2.2**	29.6
	$ 143.9	**$ 143.9**	$ 140.1

Subsequent to year-end, the Company restructured the form of certain reclamation security provided to CIRNAC to enhance financial flexibility. An additional term-loan-backed letter of credit totaling C$4.1 million was issued, resulting in an equivalent reduction in cash and cash-backed letters of credit. The restructuring affected only the composition of financial security and did not change the Company's total reclamation security.

Mining interests comprised of:

The amortization of mining interests is charged directly to the ore inventory and is recorded in the statement of net loss and comprehensive loss when the ore is sold to the customers. For the year ended December 31, 2025, capitalized stripping cost includes $1.9 million depreciation cost (December 31, 2024 - $4.5 million).

Depreciation related to rail expansion assets that are currently idle for the year ended December 31, 2025 totaled $0.4 million (December 31, 2024 – $5.9 million). These amounts are recorded in the consolidated statement of net loss and comprehensive loss.

An impairment of $4.1 million on mining equipment and a generator set was recognized for the year ended December 31, 2025 (December 31, 2024 – $0.4 million).

The loss on disposal for the year ended December 31, 2025 amounted to $3.5 million (December 31, 2024 - $5.9 million).

Property, plant, and equipment includes assets classified as held for sale with a carrying amount of $2.7 million, consisting primarily of mining equipment and mobile vehicles. The Company expects to complete the sale of these assets by March 31, 2026. These assets are measured at the lower of their carrying amount or fair value less costs to sell. Based on management's assessment, no impairment loss was required to be recognized as at December 31, 2025.

Proceeds from the sale of scrap and surplus assets relate to inventory and property, plant and equipment that had been fully written off or impaired in prior periods. Accordingly, proceeds were recognized in income in the period received.

Right-of-use assets included in property, plant and equipment

The Company leases certain assets, including buildings, mobile vehicles and plant equipment. Right-of-use assets arising from these lease arrangements are included within property, plant and equipment. A summary of right-of-use assets included in property, plant and equipment is as follows:

11. GOODWILL

The goodwill of $2.2 billion resulted from the requirement to recognize deferred tax assets and liabilities for the difference between the fair values and the tax bases of assets acquired and liabilities assumed in a business combination. None of the goodwill recognized is expected to be deductible for income tax purposes. Goodwill is allocated to a single CGU, being the Mary River mining operation.

Recoverable Amount and Impairment

The recoverable amount of the CGU has been determined based on FVLCD, using a discounted cash flow model (income approach). The valuation is classified as a Level 3 fair value measurement. The cash flow projections reflect assumptions that a market participant would apply in estimating the fair value of the CGU.

During the year ended December 31, 2025, the Company recognized an impairment loss of $423.0 million, which has been recorded in the consolidated statement of net loss and comprehensive loss .

The impairment was recognized as the recoverable amount of the CGU was determined to be lower than its carrying value, primarily due to:

- an increase in the discount rate from 8.0% to 9.0%, reflecting updated market conditions and risk assessments; and
- changes in the timing of future production and capital development, including assumptions related to the Steensby component.

Key Judgements and Estimates

The impairment assessment requires significant judgement in determining the recoverable amount of the Mary River CGU. Key areas of judgement include:

- the selection of valuation methodology, including the use of FVLCD based on discounted cash flows;
- determination of appropriate discount rates;
- estimation of long-term commodity prices;
- assumptions regarding production volumes and mine life; and
- estimation of operating and capital costs over the life of mine.

Cash flow projections are based on management's best estimates and expectations and may differ from those of a market participant. These estimates are subject to uncertainty and could differ materially from actual results.

Key Assumptions

The FVLCD calculation is most sensitive to the following key assumptions:

Commodity prices

Long-term iron ore prices are based on external consensus forecasts and management's view of long-term market fundamentals, including global supply and demand dynamics. These prices are adjusted for product quality, location, and expected realized pricing differentials. The long-term 62% iron ore price assumption is approximately $114 per tonne, with near-term pricing based on forward curves.

Future production volumes

Production volumes are based on the life-of-mine plan, including assumptions regarding mine sequencing and the timing of future development, including the Steensby component.

Operating and capital costs

Cost assumptions are derived from internal budgets and forecasts, reflecting current cost structures, expected inflation, and planned capital development.

Discount rate

A real post-tax discount rate of 9.0% (2024: 8.0%) was applied, based on a weighted average cost of capital adjusted for risks specific to the CGU. The equivalent pre-tax discount rate is approximately 12.0% (2024: 9%).

Foreign exchange rates

Foreign exchange assumptions, including the US$/C$ exchange rate, are based on external market data and reflect management's long-term expectations. The US$/C$ exchange rate assumption is approximately 0.74.

Headroom

At December 31, 2025, the recoverable amount of the CGU was $423.0 million below its carrying value, resulting in the recognition of an impairment loss.

Sensitivity Analysis

The recoverable amount is sensitive to changes in key assumptions, particularly discount rates and long-term iron ore prices. A reasonably possible change in key assumptions, in isolation, would have the following impact:

- a 1% increase in the discount rate would decrease the recoverable amount by approximately $1,270.0 million;

- a $10 per tonne decrease in long-term iron ore prices would decrease the recoverable amount by approximately $147.0 million.

Such changes could result in additional impairment or further reductions in the recoverable amount.

12. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	December 31 2025	December 31 2024
Trade payables	**$ 126.1**	$ 130.6
Accrued liabilities	**103.9**	132.7
Total	**$ 230.0**	$ 263.3

Accounts payable and accrued liabilities as at December 31, 2025 included $3.5 million (December 31, 2024 - $20.1 million) related to the BIM's rail expansion project.

During 2025, the Company purchased fuel under extended settlement terms with a supplier, providing for payment up to 12 months from the date of delivery and bearing a 16.5% financing charge over the payment term. Principal amounts are repayable in monthly instalments within twelve months of initial recognition, and all fuel under this arrangement was delivered by September 30, 2025.

As at December 31, 2025, $39.5 million (December 31, 2024 – $nil) was outstanding under these terms and is presented within trade and other payables. The liability is measured at amortized cost, with the related finance cost recognized in interest expense using the effective interest method.

Cash payments related to these arrangements are presented within operating activities in the consolidated statement of cash flows, consistent with their classification within working capital.

(a) 8.75% senior secured notes due 2026

On June 27, 2018, BIM Corp and BIM LP (collectively, the "Issuers") issued $575 million aggregate principal amount of 8.750% senior secured notes due 2026 (the "2026 Notes"). Interest on the 2026 Notes is payable on January 15 and July 15 of each year commencing on January 15, 2019.

The 2026 Notes are senior secured obligations of the Issuers and, subject to certain limited exceptions, are secured by a charge over all the assets of the Issuers and a pledge of all of the common equity interests of the Issuers. The security is shared on a *pari passu* lien basis with the Term Loan and EDC Loan (each ad defined below).

The difference between the fair value at September 11, 2020 and the face value of the 2026 Notes is being amortized over the remaining term of the 2026 Notes using the effective interest rate method.

The indenture governing the 2026 Notes, among other things, restricts the ability of the Issuers to: incur or guarantee additional indebtedness; pay dividends on, redeem or repurchase their capital stock or limited partnership units; make certain other restricted payments and investments; create or incur certain liens; transfer or sell certain assets; merge or consolidate with other entities; and enter into certain transactions with affiliates. Each of the covenants is subject to a number of important exceptions and qualifications.

BIM was in compliance with all covenants under the 2026 Notes as of December 31, 2025.

(b) Senior notes due 2029

On September 11, 2020 and September 16, 2020, the Company entered into note purchase agreements (the "2020 Note Purchase Agreements") pursuant to which it issued senior notes due 2029 (the "Senior Notes due 2029") with total commitments of $164.5 million (fully subscribed on September 11, 2020) and $249.0 million (of which $40.2 million was initially subscribed on November 4, 2020), respectively. The Company paid a one-time commitment fee in connection with these arrangements.

On the respective closing dates, the investors used the cash proceeds from the commitment fee to purchase warrants of the Company. Each warrant entitled the holder to acquire one Class C share (subsequently reclassified as a Class D share) at an exercise price of $0.01 per share. The warrants had a five-year term and expired on September 15, 2025 and November 4, 2025, respectively.

On June 16, 2021, an additional $10.4 million of Senior Notes due 2029 were issued under the second note purchase agreement.

As at December 31, 2025, Senior Notes due 2029 with a principal amount of $230.9 million, net of issuance costs of $4.9 million (December 31, 2024 – $229.6 million, net of issuance costs of $6.2 million), were outstanding.

Warrants

During the year ended December 31, 2025, holders of liability-classified warrants exercised 1,940,127 warrants at an exercise price of US$0.01 per share, resulting in cash proceeds of US$0.02 million. Upon exercise, the carrying amount of the related warrant liability, together with the cash proceeds received, was reclassified to share capital. No gain or loss was recognized on exercise.

During the year ended December 31, 2025, the remaining 1,368,162 liability-classified warrants expired unexercised. Upon expiry, the related warrant liability was derecognized and a gain of US$4.9 million was recognized in the statement of net loss and comprehensive loss.

As at December 31, 2024, 3,308,289 liability-classified warrants were outstanding with a carrying value of $11.8 million.

Interest and deferral

Interest on the Senior Notes due 2029 accrues at 12% per annum and is payable semi-annually on June 15 and December 15.

The Company has the right to defer all or a portion of the interest for an interest period. If interest is deferred, the noteholders have the right to appoint an observer to attend meetings of the Company's board of directors and the Company's ability to pay dividends and make other distributions is restricted.

Interest accrued from June 2023 to December 2025 has been deferred. As at December 31, 2025, total deferred interest of $81.7 million (December 31, 2024 – $46.9 million) was included in non-current debt.

Subscription rights

Concurrently with the 2020 Note Purchase Agreements, the Company entered into subscription rights purchase agreements pursuant to which it issued rights to subscribe for Class C shares (subsequently reclassified as Class D shares).

As at December 31, 2025, subscription rights with a carrying value of $0.02 million (December 31, 2024 – $0.02 million) and an original notional amount of $215.1 million (December 31, 2024 – $215.1 million) were outstanding. The exercise price of a subscription right varies depending on the triggering event and may be based on either the fair market value of a share at the relevant date or the price paid in an underlying transaction.

(c) Revolving credit facility

On May 26, 2017, BIM Corp and BIM LP (collectively, the "Borrowers") established a revolving credit facility (the "Revolving Facility") to assist in the management of working capital. Through a series of amendments, the facility size, pricing and maturity were modified from time to time.

On November 24, 2025, pursuant to the Sixth Amendment to the Credit Agreement, all revolving commitments were permanently terminated and all outstanding revolving borrowings were converted into term loans. As a result, no amounts were outstanding under the Revolving Facility as at December 31, 2025 (December 31, 2024 – $177.0 million).

(d) Term Loan and Letter of Credit Facility

On November 24, 2025, the Borrowers entered into the Sixth Amendment to Credit Agreement (the "Term Credit Agreement") with an affiliate of Oaktree Capital Management LP ("Oaktree") and with Hartree Partners LP ("Hartree", and together with Oaktree, the "Term Lenders"), pursuant to which all outstanding revolving borrowings under the Revolving Facility, totaling $126.5 million, were converted into a term loan (the "Term Loan") and the revolving commitments were permanently terminated.

The Term Loan bears interest at Adjusted Term SOFR (defined as Term SOFR plus a credit spread adjustment of 0.15%), subject to a minimum SOFR of 2.00%, plus an applicable margin of 16.75%. At December 31, 2025, the effective interest rate was 22.30%, comprising 15.30% payable in cash and 7.00% payment-in-kind interest, which is capitalized to the principal balance and payable at maturity.

The Term Credit Agreement also includes a letter of credit facility of $56.5 million, which bears interest at the same rate and structure as the Term Loan (the "Letter of Credit Facility", and together with the Term Loan, the "Term Facility").

The stated maturity of the Term Facility is May 31, 2027. The maturity date springs to June 30, 2026, if the maturity date of the 2026 Notes has not been extended beyond May 31, 2027 by March 31, 2026. Voluntary prepayments are permitted, subject to a make-whole premium equal to all remaining scheduled interest payments through November 24, 2026 for prepayments made on or prior to that date.

The Term Loan is secured by a security interest over substantially all assets of the Borrowers and a pledge of all common equity interests of the Borrowers. The security is shared on a first-out, pari passu lien basis with the 2026 Notes and the EDC term loan.

Transaction costs and original issue discount of $8.6 million directly attributed to the issuance of the Term Loan are being amortized over the term of the loan using the effective interest rate method. The Term Loan is measured at

amortized cost in accordance with IFRS 9 Financial Instruments, with an effective interest rate of approximately 26.7% per annum. As at December 31, 2025, the carrying amount of $119.2 million comprises the principal amount of $126.5 million and accrued PIK interest of $1.3 million, less unamortized transaction costs of $8.6 million.

In connection with entering into the Term Credit Agreement, Baffinland also entered into a fuel supply and advisory services agreement, and a marketing services agreement, with Hartree.

The Credit Agreement contains affirmative and negative covenants, including limitations on additional indebtedness, liens, investments, asset sales, and restricted payments. Financial covenant testing commences with the quarter ending March 31, 2026.

See also Note 13(h) for subsequent events related to the Term Credit Agreement.

(e) EDC Term facility

On October 7, 2022, Baffinland entered into a credit agreement with EDC (the "EDC Credit Agreement") for a term loan of $75.0 million (the "EDC Loan") to be used to fund working capital and general corporate purposes. The debt is secured by certain fuel purchased by Baffinland pursuant to a fuel supply agreement.

Through a series of amendments, the maturity of the EDC Loan was extended from time to time. On November 24, 2025, the Borrowers entered into the Fourth Amendment to the EDC Credit Agreement, pursuant to which (i) the maturity of the loan was extended to May 31, 2027, subject to a springing maturity provision tied to the refinancing of the 2026 Notes, and (ii) security was granted over substantially all assets of the Borrowers and a pledge was provided over all common equity interests of the Borrowers. The security is shared on a pari passu lien basis with the 2026 Notes and the Term Facility.

The facility bears interest at a rate equal to Adjusted Term SOFR plus 6.0% per annum, payable quarterly on each of March 31, June 30, September 30, and December 31.

As at December 31, 2025, $75.0 million (December 31, 2024 – $75.0 million) was drawn under the facility.

The Credit Agreement contains affirmative and negative covenants, including limitations on additional indebtedness, liens, investments, asset sales, and restricted payments.

See also Note 13(h) for subsequent events related to the EDC Credit Agreement.

(f) Promissory notes payable and other liability

On October 14, 2022, NIO executed two promissory notes in favour of ArcelorMittal Canada Inc. ("AM Canada"), in the amounts of $19.7 million and $8.2 million. These notes were established in respect of the aggregate amount of operator fees that were waived for the periods during which AM Canada acted as sole operator or joint operator of the MRP.

Other liability of $8.2 million which is payable to EMG and its affiliates relates to of operator fees that were waived for the periods during which AM Canada acted as sole operator or joint operator of the MRP.

These promissory notes and other liability bear no interest and are payable on demand. However, their repayment is subject to the terms and conditions outlined in the terms of the promissory notes and in a letter agreement between NIO's shareholders. The terms specify that certain conditions must be met before any payment can be demanded.

Some of the conditions that prompt repayment of the notes is outside of the control of the entity, and thus, the promissory notes payable are financial liabilities. The Company recorded the promissory notes payable and other liability of $36.1 million in the consolidated balance sheets, within current debt.

(g) WFS Loan

On July 31, 2024, BIM entered into a fuel loan agreement with World Fuel Services ("WFS") for the purchase of fuel cargoes to support operations at the Mary River Mine. The loan was capped at $60.0 million and bore interest

at a rate of 17% per annum, with a default interest rate of 15% per annum on overdue payments. The loan was unsecured and was repayable in installments through October 31, 2025.

On October 31, 2025, the loan was repaid in full. As at December 31, 2025, no amounts were outstanding under the WFS loan (December 31, 2024 – $35.1 million).

(h) Waiver covenant compliance and springing maturities

Term Credit Agreement

Subject to December 31, 2025, the Borrowers breached a covenant of the Term Credit Agreement. The Borrowers were required under the Term Credit Agreement to receive net cash proceeds of no less than $75 million from specified asset sales and/or equity contributions by no later than February 28, 2026 (the "February Covenant"). In March 2026, the Company entered into a temporary waiver agreement with the Term Lenders which waived the February Covenant during the term of the waiver. The conditions of the waiver included, among other things: (i) a requirement for Baffinland to enter into an ISDA master agreement and specified hedging transactions with Hartree; and (ii) receipt of at least $35 million of equity contributions.

In April 2026, Baffinland entered into a second temporary waiver agreement with the Term Lenders which supersedes the first waiver. The second waiver waives the February Covenant and maintains the 2027 maturity date of the Term Facility during the term of the waiver. The stated termination date of the waiver is May 31, 2026, subject to a number of conditions. The conditions include a waiver fee, a right of first refusal with respect to certain offtake arrangements, and taking steps to address the maturity of the 2026 Notes by April 30, 2026.

In the event the Borrowers do not satisfy these conditions or obtain further waivers, the Term Lenders may exercise their rights and remedies under the Term Credit Agreement, including the potential acceleration of indebtedness. There can be no assurances that the Borrowers will satisfy these conditions or obtain further waivers.

EDC Term Loan

Subsequent to the December 31, 2025, the maturity date of the EDC Loan sprang to June 30, 2026, because the maturity date of the 2026 Notes was not extended by March 31, 2026.

In addition, EDC provided notice to the Borrowers on March 31, 2026, of two purported breaches of the EDC Credit Agreement related to non-payment of amounts under the federal output-based pricing system and related to the first waiver agreement entered into by the Borrowers and the Term Lenders. The Borrowers responded that they did not breach the EDC Credit Agreement for the reasons specified in their response and maintain that position. However, EDC has not rescinded its notice.

Current portion of lease liabilities	**$ 3.7**	$ 4.4

15. REHABILITATION PROVISION

The rehabilitation provision relates to the Mary River property and is based on the Company's Interim Closure and Reclamation Plan ("ICRP"), the 2014 Complete Project Financial Security Assessment and the Annual Security Review prepared in accordance with the requirements under QIA's Abandonment and Reclamation Policy for Inuit Owned Lands and its Type 'A' Water Licence issued by the Nunavut Water Board. The ICRP addresses all operations related activity areas and infrastructure related to the operation.

The provision is measured at the present value of expenditures expected to be required to settle the obligation using a real risk-free discount rate of 1.87% as at December 31, 2025 (December 31, 2024 – 1.51%), based on long-term Government of Canada Real Return Bond yields. The majority of rehabilitation expenditures are expected to be incurred between 2040 and 2057. The estimated total undiscounted cash flows required to settle the rehabilitation obligation as at December 31, 2025 is $105.3 million or C$143.9 million (December 31, 2024 – $97.3 million or C$140.1 million).

Cost estimates are based on current conditions and requirements and are reviewed regularly to reflect any material changes to assumptions, including changes in regulatory requirements, technology, costs, or timing of expenditures. Actual costs will ultimately depend on future market conditions, regulatory requirements, and the extent of environmental disturbance at the time of closure.

The following table summarizes the rehabilitation provision as at December 31, 2025 and December 31, 2024:

	December 31 2025	December 31 2024

a. Offtake and Sales Arrangements

From September 2017 to October 31, 2024, substantially all finished ore was sold, FCA Milne Port, to an offtake third party ("Third Party A").

In early Q1, 2025, BIM entered into a new agreement with a different offtake third party ("Third Party B") for the sale of iron ore during the 2025 shipping season. with Third Party B (which is substantially similar to the prior arrangement with Third Party A) includes: A committed offtake agreement, under which the counterparty will purchase all iron ore the Company is authorized to ship between January 30, 2025, and October 31, 2025.

- Associated agreements facilitating the onward delivery of iron ore to end customers.

On a fortnightly basis, BIM sells finished ore to Third Party B upon delivery to stockpiles at Milne Port at prevailing market prices, subject to contractual adjustments and premiums. A portion of the monthly sales price is received in cash balance settled at the time of onward delivery to end customers.

Under these arrangements, BIM receives an initial cash payment based on a fixed percentage of the expected realized price from final deliveries net of market-based adjustments. Price adjustments and final payments are settled when sales to end customers occur. Product stockpiled at Milne Port is revalued twice monthly.

The committed offtake agreement expired on October 31, 2025 and was subsequently renewed on substantially similar terms. The renewed agreement remained in effect as at December 31, 2025.

European Stockpiles

On August 9, 2024, BIM amended its existing offtake and shipping services agreement with Third Party A, extending the agreement until July 31, 2025. Under the amendment terms, the Company chartered vessels to transport iron ore to Rotterdam and Hamburg, where it was stockpiled in bonded facilities (the "European Stockpile"). These arrangements help Baffinland maintain a consistent presence in customer iron ore feedstock blends and optimize returns on shipments outside the primary shipping season.

The amended agreement remained effective until July 31, 2025, by which time the European stockpiles had been fully sold. Product held at European ports was revalued on a monthly basis.

b. Purchase and Sale Agreement for Unscreened Lump Product

On June 5, 2020, BIM entered into a purchase and sale agreement (the "PSA") with Third Party C, under which the Third Party C agreed to purchase 5.0 Mt of run-of-mine unscreened lump product ex-works from the Mary River mine over approximately three years. A related processing and transportation agreement (the "PTA") was also executed, under which the Company agreed to transport the unscreened lump product to Milne Port for processing into finished SUSF ("final product").

Under the PSA,

- the initial purchase price is $22/t, subject to adjustment based on the market price of the final product at or near the time of shipment; and
- a processing and transportation fee of $15/t is charged for delivery of final product to the Third Party C's stockpile at Milne Port.

The arrangement provides Third Party C with a provisional delivery price discount of 12% per annum on amounts advanced prior to shipment, which will be deducted from the price received by the Company for the final product.

As of December 31, 2025, a total of 5,014 Kt of unscreened lump product had been sold to the Third Party C. Cash received in respect of sales prior to meeting the criteria for revenue recognition $107.0 million (December 31, 2024 - $107.0 million).

The final product was contractually required to be delivered to the Third Party C by the end of the 2025 shipping season; however, delivery has not yet occurred. The Company is in active discussions with the Third Party C to address the delayed delivery and to amend the contractual arrangements, as necessary.

Based on contractual calculations, the cumulative amount that would be reflected in pricing adjustments upon final settlement was approximately $55.4 million as at December 31, 2025. No amount has been recognized in the consolidated financial statements as no final settlement had occurred, no event of default had been declared, and management concluded that no present obligation existed at the reporting date.

c. Stocking charges

Third Parties A and B are entitled to a stocking charge, calculated based on the Secured Overnight Financing Rate ("SOFR") plus a premium, covering the period between the purchase of ore and receipt of payment from end customers.

Stocking charges accrued on tonnes held at stockpiles are initially recorded as a reduction of deferred revenue. Upon recognition of revenue on sale to end customers, the accrued stocking charges are recognized as a reduction of revenue in the consolidated statement of net loss and comprehensive loss.

For the year ended December 31, 2025, revenue includes stocking charges related to Third Party B of $26.0 million (December 31, 2024 – $31.1 million).

Revenue recognition

Although legal title to the ore transfers upon stockpiling, control does not transfer at that time under IFRS revenue recognition criteria. Accordingly, cash received in advance of the transfer of control is recorded as deferred revenue.

d. Pre-sale agreement

On December 9, 2020, the Company entered into a pre-sale agreement with Third Party C for the delivery of 6.0 Mt of future iron ore production over a six-year period.

Under the terms of the agreement, the Company is entitled to request prepayments of up to $300.0 million, subject to the achievement of specified rail project expansion milestones. To date, the Company has received a prepayment of $50.0 million (December 31, 2024 – $50.0 million) and has not met the milestones required to access the remaining $250.0 million.

Deliveries were originally scheduled to commence during the 2023 shipping season. In March 2023, the Company exercised its contractual right to defer deliveries. As a result of the deferral:

- the related marketing agreement with Third Party C was extended;
- Third Party C obtained the right to attend meetings of the Company's board of directors; and
- the Company's ability to incur additional indebtedness and to declare or pay dividends became restricted.

The prepayment bears interest at a rate of 8.75% per annum.

As at December 31, 2025, the carrying amount of the pre-sale agreement was $72.4 million (December 31, 2024 – $68.0 million).

17. INCOME TAX

The components of income tax (recovery) expense recognized in the consolidated financial statements comprise:

		December 31 2025		December 31 2024

The following table outlines the movement in the net deferred tax liabilities:

		December 31 2025		December 31 2024

The deferred tax liability of $2.2 billion at December 31, 2025 was comprised primarily of $2.2 billion recognized under IAS 12 in respect of the temporary differences between the carrying values and the tax bases of assets acquired and liabilities of BIM. As BIM LP operates the Mary River Project and is the entity subject to Nunavut mining taxes, there is a deferred tax liability of $835.9 million related to Nunavut mining taxes in respect of 100% for the assets and liabilities of the Partnership and their corresponding tax attributes.

The Company recognizes the benefit of tax attributes only to the extent of anticipated future taxable income that can be reduced by these attributes. The following table summarizes the Company's unrecognized deferred tax assets and liabilities:

		December 31 2025		December 31 2024
Unrecognized deferred tax assets and liabilities	**$**	**6.8**	$	10.3

The Company has net operating losses available to offset future taxable income in Canada and the Netherlands-Europe.

In Canada, the Company has approximately $243.9 million in net operating losses, which are set to expire between 2033 and 2043. In the Netherlands-Europe, the Company has approximately $0.7 million in net operating losses, expiring between 2025 and 2029.

Revenue from these sales totaled $243.7 million (December 31, 2024 – $263.2 million). These sales represented approximately 40.1% of the Company’s total revenue for the year (December 31, 2024 – 43.0%). As at December 31, 2025, amounts receivable from this related party totaled $13.4 million (December 31, 2024 – $14.3 million).

[1]Revenue recognized in the current period based on the performance obligations satisfied in the previous periods.

BIM sells iron ore under committed offtake agreements and direct sales agreements. Revenue is recognized when ore is loaded onto vessels at Milne Inlet, except for ore sold from European Stockpiles, where revenue is recognized when ore is loaded onto vessels, trains, or barges from bonded warehouses. Certain sales contracts contain provisional pricing whereby the final price is determined during a future quotational period based on market prices at that time. The difference between the provisional and final prices is recorded as a true-up adjustment within revenue. True-up adjustments for the year ended December 31, 2025 were $7.8 million (December 31, 2024 – ($16.7) million).

For the year ended December 31, 2025, three customers individually accounted for more than 10% of the Company’s total revenue, representing approximately 40%, 29% and 24% of total revenue.

For the year ended December 31, 2024, three customers individually accounted for more than 10% of the Company’s total revenue, representing approximately 41%, 32% and 20% of total revenue.

Revenue from other customers individually represented less than 10% of total revenue in each period. One of the customers represents a related party; see Note 19 – Related party transactions.

22. RESTRUCTURING COSTS

During 2024, the Company undertook a workforce reduction following the decision to suspend its Sustaining Operations Proposal ("SOP2") application with the Nunavut Impact Review Board. This repositioning allowed the Company to operate at a lower cost structure while focusing resources on elements of the Steensby Project. The restructuring process was completed in Q2, 2025.

No new restructuring costs were incurred during the year ended December 31, 2025. During the year, the Company reversed $1.6 million of prior period accruals, primarily due to lower than expected employee-related costs and final settlement of obligations.

As at December 31, 2025, $0.4 million of restructuring costs remain accrued and are included in accounts payable and accrued liabilities (December 31, 2024 – $5.7 million), representing amounts expected to be paid during 2026.

23. GAIN ON PARTIAL DISPOSITION OF MINING INTEREST

During 2024, BIM entered into two separate royalty agreements with shareholders (or affiliates thereof) of NIO (the "Royalty Holders"), providing rights to an undivided interest in the Mary River Mine in exchange for funding contributions.

March 25, 2024 Royalty Agreement:

BIM entered into a royalty agreement (the "First Royalty Agreement") pursuant to which an aggregate of up to $100 million was funded in three tranches prior to December 31, 2024.

BIM has agreed to pay the Royalty Holders:

- Milne Fixed Royalty: $0.50 per dry metric tonne (dmt) on iron ore ("Product") produced from the Property and shipped from Milne Inlet, payable quarterly. BIM may repurchase this royalty for $10,000 when shipments from Milne Inlet cease.
- Steensby Fixed Royalty: $0.50 per dmt on Product shipped from Steensby Port, payable quarterly following the completion of the rail ("Rail") operating at 36,000 wet metric tonnes (wmt) per day for 30 consecutive days ("Steensby Completion"). This royalty replaces the Milne Royalty upon transition to Steensby Inlet.
- Steensby Floating Royalty: 3.125% of FOB revenue on Product from Steensby Port, payable quarterly post-Steensby Completion.

Repurchase option: BIM may repurchase:

- 50% of the Steensby Floating Royalty within 18 months post-Steensby Completion, for a purchase price that provides to the holder, together with 50% of the Steensby Floating Royalty paid, a 35% internal rate of return ("IRR") on 50% of funds contributed by the holder.
- The remaining portion within 18 months after the Rail operates at an average of 83,000 wmt per day for 30 consecutive days, for a purchase price that provides to the holder, together with 50% of the Steensby Floating Royalty paid until the first repurchase and 100% thereafter, a 35% IRR on 50% of funds contributed by the holder.

December 23, 2024 Royalty Agreement:

BIM entered into a second royalty agreement (the "Second Royalty Agreement") pursuant to which an aggregate of up to $200 million may be funded in four tranches, with the final funding request no later than September 30, 2025. As of December 31, 2024, $50 million had been received under this agreement. During the year ended December 31, 2025, BIM received an additional $150.0 million, bringing total proceeds received under the Second Royalty Agreement to $200.0 million as at December 31, 2025.

BIM has agreed to pay the Royalty Holders:

- Milne Fixed Royalty: $0.50 per dmt on Product from the Property shipped from Milne Inlet, payable quarterly. Subject to certain conditions, BIM may repurchase this royalty for $10,000 when shipments from Milne Inlet cease.
- Steensby Fixed Royalty: $0.50 per dmt on Product shipped from Steensby Port, payable quarterly following Steensby Completion.
- Steensby Floating Royalty: 1.75% of FOB revenue from Products if aggregate funds exceed $100 million, or 1.5% if less than $100 million, payable quarterly post-Steensby Completion.

Repurchase option: BIM may repurchase:

- 50% of the Steensby Floating Royalty during a 180 day period related to the financing of Steensby (the "Financing Window") or within 18 months after the Rail operates at an average of at least 63,000 wmt per day for 60 consecutive days, for a purchase price that provides to the holder, together with 50% of the Steensby Floating Royalty paid, the greater of an IRR of 35% or a return on investment ("ROI") of 2.0x on 50% of the funds contributed by the holder.
- The remaining portion during the Financing Window or within 18 months after the Rail operates at an average of at least 83,000 wmt per day for 60 consecutive days, for a purchase price that provides to the holder, together with 50% of the Steensby Floating Royalty paid until the first repurchase and 100% thereafter, the greater of an IRR of 35% or an ROI of 3.0x on 50% of the funds contributed by the holder.

Accounting treatment

Based on the contractual terms of both Royalty Agreements, as well as BIM's specific facts and circumstances, the Company accounted for the funding received as a partial sale of mining interest, as the agreements provide the Royalty Holders with rights to an undivided interest in the project. During 2024, BIM received $150.0 million ($100.0 million under the First Royalty Agreement and $50.0 million under the Second Royalty Agreement), which resulted in the partial disposition of mining interest valued at $94.8 million and a gain of $55.2 million. Of this $55.2 million gain, $34.1 million was deferred as it relates to future extraction services and will be recognized in other income on a units-of-production basis over the life of mine reserves. The remaining gain of $21.1 million was recognized in other income in 2024.

During 2025, BIM received an additional $150.0 million under the Second Royalty Agreement, which resulted in the partial disposition of mining interest valued at $108.9 million and a deferred gain of $41.1 million, which will be recognized in other income on a units-of-production basis over the life of mine reserves.

For the year ended December 31, 2025, $0.6 million of the deferred gain was recognized in other income (December 31, 2024 – $0.1 million).

As at December 31, 2025, the remaining deferred gain balance is $74.4 million (December 31, 2024 – $33.9 million).

	$ 820.8	**$ 3.2**	**$ 3.2**	**$ 3.3**	**$ 441.0**	**$ 1,271.5**

Commitments

The Company continues to advance planning activities related to the Steensby Port expansion project. As at December 31, 2025, the Company has contractual commitments of approximately $3.5 million related to equipment storage and related services.

Future expenditures beyond this amount are dependent on financing, project approvals and execution decisions and are not contractually committed.

Contingencies – Property Tax Assessments

BIM has received notices of assessment spanning assessment years 2014 to 2025 from the Nunavut Department of Community and Government Services. The notices purported to assess the value of, and levy property taxes on, lands in and around Mary River, Nunavut, including BIM's mine site and improvements thereon.

The Company has filed notices of complaint with the Nunavut Territorial Board of Revision to contest each of the notices. The QIA, as owner and landlord, is also challenging the levying of taxes on the lands. Should these challenges not be successful, the lands and improvements will be subject to local property taxes.

Management together with QIA maintain the position that there is no legal basis for such taxation. accordingly, no provision has been recognized, as the outcome of the matter is uncertain and it is not possible to reliably estimate the potential financial exposure at this time. As security in respect of these matters, BIM has provided:

- a letter of credit of $5.0 million (C$7.1 million)
- certified cheques of $3.8 million (C$5.1 million), recorded in other assets; and
- restricted cash of $3.4 million (C$4.8 million), included in restricted cash and cash equivalents.

Other matters

A carbon pricing compensatory charge of $16.3 million was recognized during the year and is presented separately within other expenses (income). This amount relates to regulatory obligations associated with previously reported excess emissions under applicable legislation, including a legislated multiple applied to unpaid amounts, and is not indicative of incremental emissions.

26. EMPLOYEE REMUNERATION EXPENSE

Employee benefit costs related to direct operating costs are capitalized to inventory during production and subsequently recognized in cost of sales when the related inventory is sold. All other employee benefit costs are recognized as incurred.

27. FINANCIAL RISK FACTORS

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

(a) Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfil its payment obligations. The Company's credit risk is primarily attributable to its restricted cash and accounts receivable. When valuing its financial instruments, the Company is required to take into account the credit quality of the counterparty as appropriate.

The Company has no significant concentration of credit risk arising from operations. Restricted cash consists of guaranteed investment certificates, which are invested with Canadian chartered banks and are fully cashable and

management believes the risk of loss to be remote. The Company's customers are large international organizations with strong credit ratings. The historical level of customer defaults is minimal and, as a result, the credit risk associated with trade receivable at December 31, 2025 is not considered to be high. As at December 31, 2025, a majority of the trade receivable balance was less than 30 days old (Note 5).

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity risk is to ensure that it will have sufficient funds to meet liabilities when due.

As at December 31, 2025, the Company had a consolidated cash balance of $8.5 million and current assets of $512.6 million. Current liabilities of $1,261.2 million include $126.1 million in accounts payable, $103.9 million in accrued liabilities, $223.6 million in deferred revenue, $803.6 million in current portion of debt, $3.7 million in lease liabilities and $0.3 million for environmental rehabilitation. Of the accounts payable and accrued liabilities balance of $230.0 million, $3.5 million relates to the rail expansion project.

The Company had periodically requested and received cash from its shareholders based on budgets and plans for the rail expansion project. The following table shows the expected cash outflows for the Company's financial liabilities:

	December 31, 2025			
	Less than 1 year	2-5 years	More than 5 years	Total
Accounts payable and accrued liabilities	$ 230.0	$ -	$ -	**$ 230.0**
Leases liabilities	3.7	4.6	3.0	**11.3**
Debt	903.2	451.3	-	**1,354.5**
	$ 1,136.9	**$ 455.9**	**$ 3.0**	**$ 1,595.8**

The following table summarizes the classification for the Company's financial instruments:

	December 31, 2025			
	Financial assets at amortized cost	Assets/liabilities at fair value through profit or loss	Financial liabilities at amortized cost	Total
Financial assets

Warrants and subscriptions rights	-	-	-	**-**
	$ -	**$ -**	**$ 1,361.3**	**$ 1,361.3**

(c) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At December 31, 2025, the Company's exposure to the risk of changes in market interest rates relates primarily to the Company's existing EDC debt with floating interest rates (Note 13). Based on a sensitivity analysis performed by the Company on its Debt, at 1% increase or decrease in the interest rate would increase or decrease the Company's interest expense by approximately $0.1 million. The Company does not currently use derivative instruments to reduce its exposure to interest rate risk.

(d) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has transactional currency exposures that arise from purchases in currencies other than its functional currency. The Company operates in Canada and expects the majority of its exploration, project development, operating and decommissioning expenditures to be paid in Canadian dollars. As at December 31, 2025, the Company had cash, accounts payable and accrued liabilities, rehabilitation provision and deferred taxes that are denominated in Canadian dollars. A 10% appreciation or depreciation of the Canadian dollar relative to the U.S. dollar would have resulted in an increase or decrease of $64.6 million in the Company's current net loss.

(e) Commodity price risk

As a producer of iron ore, the Company is exposed to changes in global iron ore prices. A majority of the existing offtake agreements provide for purchase and sale of iron ore at prices determined by reference to global iron ore prices prevailing at the time of delivery. The Company uses derivative instruments to reduce some of its exposure to global iron ore prices. The Company is also exposed to changes in prices of gasoline and diesel fuel, which are key inputs in mining and transporting iron ore to the port for shipment.

(f) Derivative instruments

BIM's hedge derivatives are comprised of commodity contracts. The gain (loss) on derivatives for the year ended December 31, 2025 and December 31, 2024 is described in Note 20.

28. FINANCIAL INSTRUMENTS

The carrying value of cash, restricted cash, accounts receivable and accounts payable and accrued liabilities approximate their fair values due to their short-term nature.

The levels in the fair value hierarchy into which the Company's financial assets and liabilities that are measured and recognized in the Consolidated Balance Sheets at fair value on a recurring basis were categorized as follows:

Unrealized gain on hedge liabilities	**-**	**-**	-	3.8

Valuation techniques

Senior secured notes due 2026: The senior secured notes is categorized within Level 1 of the fair value hierarchy as it was determined using the quoted market price available as at December 31, 2025.

Senior Notes due 2029: The fair value measurement was categorized as a Level 2 fair value based on the inputs in the valuation technique used.

Provisional sales and mark-to-market adjustments: A portion of the Company's trade receivables arose from provisional sales and the mark-to-market on these receivables are classified with in Level 2 of the fair value hierarchy. This valuation is based on observable market data, specifically using quoted market prices that follow the forward Platts curve for iron ore.

Realized / unrealized hedge gain (loss) liabilities: The liabilities associated to realized and unrealized hedges were comprised of commodity contracts which are classified within Level 2 of the fair value hierarchy and valued using observable market prices.

There were no transfers among Levels 1, 2 and 3 during the year ended December 31, 2025. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

29. CAPITAL MANAGEMENT

The Company's primary asset is the Mary River iron ore project. The Company's objective when managing its capital structure is to ensure that adequate funds are available for the continuing operation and expansion of its asset. The Company's ongoing operations are supported by the 2026 Notes, Senior Notes due 2029, Royalties, Term Loan and EDC Term Facility (Note 13), along with cash flow from operations, shareholder contributions, equipment leases, certain vendor service and consumables funding arrangements, pre-sale of ore and the sale of unscreened lump. Additional short-term liquidity is provided under the terms of the Company's Committed Offtake Sales Contract wherein up to a certain percentage of the provisional value of the finished iron ore product is received upon delivery to the stockpile at Milne Inlet (Incoterms FCA).

30. SUBSEQUENT EVENT

Subsequent to December 31, 2025, the Company completed a private placement financing in March 2026, issuing an aggregate of approximately 17.5 million units at a price of $2.00 per unit for gross proceeds of approximately $35.0 million. Each unit consists of one common share and one anti-dilution warrant.

The warrants entitle the holders to acquire additional common shares based on a conversion mechanism linked to future equity issuances and are exercisable beginning March 2028 or upon the occurrence of certain triggering events, including a change of control or initial public offering.

The proceeds from the financing are intended to fund the Company's investment in BIM Corp and BIM LP.

The accounting for the warrants, including their classification and fair value, is being finalized as at the date of issuance of these financial statements.

This is Exhibit “M” referred to in the Affidavit of Celeste van Tonder sworn by Celeste van Tonder at the City of Oakville, in the Province of Ontario, before me at the City of Toronto, in the Province of Ontario, on May 14, 2026 in accordance with O. Reg. 431/20, Administering Oath or Declaration Remotely.

(1) if the Company or any Restricted Subsidiary:

(a) has Incurred any Indebtedness since the beginning of such period that remains outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio includes an Incurrence of Indebtedness, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving effect on a *pro forma* basis to such Indebtedness as if such Indebtedness had been Incurred on the first day of such period and the discharge of any other Indebtedness repaid, repurchased, redeemed, retired, defeased or otherwise discharged with the proceeds of such new Indebtedness as if such discharge had occurred on the first day of such period; or

(b) has repaid, repurchased, redeemed, retired, defeased or otherwise discharged any Indebtedness since the beginning of the period that is no longer outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio includes a discharge of Indebtedness (in each case, other than Indebtedness Incurred under any revolving Debt Facility unless such Indebtedness has been permanently repaid and the related commitment terminated and not replaced), Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving effect on a *pro forma* basis to such discharge of such Indebtedness, including with the proceeds of such new Indebtedness, as if such discharge had occurred on the first day of such period;

(2) if since the beginning of such period, the Company or any Restricted Subsidiary will have made any Asset Disposition or disposed of or discontinued (as defined under IFRS) any company, division, operating unit, segment, business, group of related assets or line of business or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio includes such a transaction:

(a) the Consolidated EBITDA for such period will be reduced by an amount equal to the Consolidated EBITDA (if positive) directly attributable to the assets that are the subject of such disposition or discontinuation for such period or increased by an amount equal to the Consolidated EBITDA (if negative) directly attributable thereto for such period; and

(b) Consolidated Interest Expense for such period will be reduced by an amount equal to the Consolidated Interest Expense directly attributable to any Indebtedness of the Company or any Restricted Subsidiary repaid, repurchased, redeemed, retired, defeased or otherwise discharged (to the extent the related commitment is permanently reduced) with respect to the Company and its continuing Restricted Subsidiaries in connection with such transaction for such period (or, if the Capital Stock of any Restricted Subsidiary is sold, the Consolidated Interest Expense for such period directly attributable to the Indebtedness of such Restricted Subsidiary to the extent the Company and its continuing Restricted Subsidiaries are no longer liable for such Indebtedness after such sale);

(3) if since the beginning of such period the Company or any Restricted Subsidiary (by merger or otherwise) will have made an Investment in any Restricted Subsidiary (or any Person that becomes a Restricted Subsidiary or is merged with or into the Company or a Restricted Subsidiary) or an acquisition of assets, including any acquisition of assets occurring in connection with a transaction causing a calculation to be made hereunder, which constitutes all or substantially all of a company, division, operating unit, segment, business, group of related assets or line of business, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving *pro forma* effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition occurred on the first day of such period; and

(4) if since the beginning of such period any Person (that subsequently became a Restricted Subsidiary or was merged with or into the Company or any Restricted Subsidiary since the beginning of such period) will have Incurred any Indebtedness or discharged any Indebtedness or made any disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (1), (2) or (3) above if made by the Company or a Restricted Subsidiary during such period, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving *pro forma* effect thereto as if such transaction occurred on the first day of such period.

For purposes of this definition, whenever *pro forma* effect is to be given to any calculation under this definition, the *pro forma* calculations will be determined in good faith by a responsible financial or accounting officer of the Company. If any Indebtedness bears a floating rate of interest and is being given *pro forma* effect, the interest expense on such Indebtedness will be calculated as if the rate in effect on the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness if such Interest Rate Agreement has a remaining term in excess of 12 months). If any Indebtedness that is being given *pro forma* effect bears an interest rate at the option of the Company, the interest rate shall be calculated by applying such optional rate chosen by the Company. In making any *pro forma* calculation, the amount of Indebtedness under any revolving Debt Facility outstanding on the date of determination (other than any Indebtedness Incurred under such facility in connection with the transaction giving rise to the need to calculate the Consolidated Coverage Ratio) will be deemed to be:

(1) the average daily balance of such Indebtedness during such four fiscal quarters or such shorter period for which such facility was outstanding, or

(g) any restructuring charges, integration costs or costs associated with establishing new facilities (which, for the avoidance of doubt, shall include retention, severance, relocation, workforce reduction, contract termination, systems establishment costs and facilities consolidation costs) certified by Senior Management of the Company and deducted (and not added back) in computing Consolidated Net Income; *provided* that the aggregate amount added back under this clause (g) in any four fiscal quarter period shall not exceed 25% of Consolidated EBITDA for such period; plus

(h) non-recurring or unusual items.

Notwithstanding anything to the contrary contained herein, (a) without duplication of clause (9) above, commissions, discounts, yield and other fees and charges Incurred in connection with any transaction pursuant to which the Company or its Restricted Subsidiaries may sell, convey or otherwise transfer or grant a security interest in any accounts receivable or related assets shall be included in Consolidated Interest Expense and (b) any interest expense attributable to Railway Infrastructure Usage Charges shall not be included in Consolidated Interest Expense.

The Registrar shall keep a register of the Notes ("Note Register") and of their transfer and exchange. The Issuers may appoint one or more co-registrars and one or more additional paying agents. The term "Registrar" includes any co-registrar, and the term "Paying Agent" includes any additional paying agent. The Issuers may change any Paying Agent or Registrar without prior notice to any Holder. The Issuers shall notify the Trustee in writing of the name and address of any Agent not a party to this Indenture. If the Issuers fails to appoint or maintain another entity as Registrar or Paying Agent, the Trustee shall act as such. The Issuers or any of their Subsidiaries may act as Paying Agent or Registrar.

(b) The Issuers initially appoint DTC to act as Depositary with respect to the Global Notes. The Issuers initially appoint the Trustee to act as Paying Agent and Registrar for the Notes and to act as Custodian with respect to the Global Notes.

Section 2.04 Paying Agent to Hold Money in Trust.

The Issuers shall, no later than 11:00 a.m. (New York City time) on each due date for the payment of principal, premium, if any, and interest on any of the Notes, deposit with a Paying Agent a sum sufficient to pay such amount, such sum to be held in trust for the Holders entitled to the same, and (unless such Paying Agent is the Trustee) the Issuers shall promptly notify the Trustee in writing of its action or failure so to act. Each Paying Agent shall promptly notify the Issuers in the event that there is deposited with such Paying Agent an amount in excess of the amount required to be paid on any such due date, and the Issuers shall be entitled to remittance of such excess amount upon written request therefor. The Issuers shall require each Paying Agent other than the Trustee to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by such Paying Agent for the payment of principal, premium, if any, and interest on the Notes, and shall notify the Trustee of any default by the Issuers in making any such payment. While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Issuers at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the

Trustee, a Paying Agent shall have no further liability for the money. If the Company or a Subsidiary acts as Paying Agent, it shall segregate and hold in a separate trust fund for the benefit of the Holders all money held by it as Paying Agent. Upon any bankruptcy or reorganization proceedings relating to the Company, the Trustee shall serve as Paying Agent for the Notes.

Section 2.05 Holder Lists.

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of all Holders. If the Trustee is not the Registrar, the Issuers shall furnish to the Trustee no later than five Business Days after each Record Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders.

Section 2.06 Transfer and Exchange.

(a) The Notes shall be issued in fully registered form without coupons and shall be transferable only upon the surrender of a Note for registration of transfer and in compliance with Appendix A.

(b) To permit registrations of transfers and exchanges, the Issuers shall execute and the Trustee shall authenticate Global Notes and Definitive Notes upon receipt of an Authentication Order in accordance with Section 2.02 or at the Registrar's request.

(c) No service charge shall be imposed in connection with any registration of transfer or exchange (other than pursuant to Section 2.07), but the Holders shall be required to pay any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer taxes or similar governmental charge payable upon exchange or transfer pursuant to Sections 2.10, 3.06, 3.09, 4.15, 4.16 and 9.05).

(d) All Global Notes and Definitive Notes issued upon any registration of transfer or exchange of Global Notes or Definitive Notes shall be the valid obligations of the Issuers, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Global Notes or Definitive Notes surrendered upon such registration of transfer or exchange.

(e) Neither the Issuers nor the Registrar shall be required (1) to issue, to register the transfer of or to exchange any Note during a period beginning at the opening of business 15 days before the day of any delivery of any notice of redemption of Notes for redemption under Section 3.03 and ending at the close of business on the day of such mailing, (2) to register the transfer of or to exchange any Note so selected for redemption, or tendered for repurchase (and not withdrawn) in connection with a Change of Control Offer or an Asset Disposition Offer, in whole or in part, except the unredeemed or unpurchased portion of any Note being redeemed or repurchased in part or (3) to register the transfer of or to exchange any Note between a Record Date and the next succeeding Interest Payment Date.

(f) Prior to due presentment for the registration of a transfer of any Note, the Trustee, any Agent and the Issuers may deem and treat the Person in whose name any Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal,

premium, if any, and (subject to the Record Date provisions of the Notes) interest on such Notes and for all other purposes, and none of the Trustee, any Agent or the Issuers shall be affected by notice to the contrary.

(g) Upon surrender for registration of transfer of any Note at the office or agency of the Issuers designated pursuant to Section 4.02, the Issuers shall execute, and the Trustee shall authenticate and mail, in the name of the designated transferee or transferees, one or more replacement Notes of any authorized denomination or denominations of a like aggregate principal amount.

(h) At the option of the Holder, Notes may be exchanged for other Notes of any authorized denomination or denominations of a like aggregate principal amount upon surrender of the Notes to be exchanged at such office or agency. Whenever any Global Notes or Definitive Notes are so surrendered for exchange, the Issuers shall execute, and the Trustee shall authenticate and mail, the replacement Global Notes and Definitive Notes which the Holder making the exchange is entitled to in accordance with the provisions of Appendix A.

(i) All certifications, certificates and Opinions of Counsel required to be submitted to the Registrar pursuant to this Section 2.06 to effect a registration of transfer or exchange may be submitted by mail or by facsimile or transmission in portable document format ("PDF").

Section 2.07 Replacement Notes.

If a mutilated Note is surrendered to the Trustee or if a Holder claims that its Note has been lost, destroyed or wrongfully taken and the Trustee receives evidence to its satisfaction of the ownership and loss, destruction or theft of such Note, the Issuers shall issue and the Trustee, upon receipt of an Authentication Order, shall authenticate a replacement Note if the Trustee's requirements are otherwise met. Such Holder shall furnish to the Issuers and to the Trustee such security or indemnity as may be required by them to save each of them harmless, and, in every case of destruction, loss, or theft, the Holder shall also furnish to the Issuers and to the Trustee evidence to their satisfaction of the destruction, loss or theft, of such Note and of the ownership thereof. The Issuers may charge the Holder for the expenses of the Issuers and the Trustee in replacing a Note. Every replacement Note is a contractual obligation of the Issuers and shall be entitled to all of the benefits of this Indenture equally and proportionately with all other Notes duly issued hereunder. Notwithstanding the foregoing provisions of this Section 2.07, in case any mutilated, lost, destroyed or wrongfully taken Note has become or is about to become due and payable, the Issuers in their discretion may, instead of issuing a new Note, pay such Note.

Section 2.08 Outstanding Notes.

(a) The Notes outstanding at any time are all the Notes authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest in a Global Note effected by the Trustee in accordance with the provisions hereof, those described in this Section 2.08 as not outstanding and, solely to the extent provided for in Article 8, Notes that are subject to Legal Defeasance or Covenant Defeasance. Except as set

forth in Section 2.09, a Note does not cease to be outstanding because the Company, the Co-Issuer or an Affiliate of the Issuers holds the Note; *provided* that Notes held by the Company or a Subsidiary of the Issuers will not be deemed to be outstanding for purposes of Section 3.07(b).

(b) If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a protected purchaser, as such term is defined in Section 8-303 of the Uniform Commercial Code in effect in the State of New York.

(c) If the principal amount of any Note is considered paid under Section 4.01, it ceases to be outstanding and interest on it ceases to accrue from and after the date of such payment.

(d) If a Paying Agent (other than the Company, a Subsidiary or an Affiliate of any thereof) holds, on the maturity date, any redemption date or any date of purchase pursuant to an Offer to Purchase, money sufficient to pay Notes payable or to be redeemed or purchased on that date, then on and after that date such Notes shall be deemed to be no longer outstanding and shall cease to accrue interest.

Section 2.09 Treasury Notes.

In determining whether the Holders of the requisite principal amount of Notes have concurred in any direction, waiver or consent, Notes beneficially owned by the Company, the Co-Issuer or by any Affiliate of the Issuers, shall be considered as though not outstanding, except that for the purposes of determining whether the Trustee shall be protected in conclusively relying on any such direction, waiver or consent, only Notes that a Responsible Officer of the Trustee actually knows are so owned shall be so disregarded. Notes so owned which have been pledged in good faith shall not be disregarded if the pledgee establishes to the satisfaction of the Trustee the pledgee's right to deliver any such direction, waiver or consent with respect to the Notes and that the pledgee is not the Company, the Co-Issuer or any obligor upon the Notes or any Affiliate of the Issuers or of such other obligor.

Section 2.10 Temporary Notes.

Until Definitive Notes are ready for delivery, the Issuers may prepare and the Trustee, upon receipt of an Authentication Order, shall authenticate temporary Notes. Temporary Notes shall be substantially in the form of Definitive Notes but may have variations that the Issuers consider appropriate for temporary Notes and as shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuers shall prepare and the Trustee shall, upon receipt of an Authentication Order, authenticate Definitive Notes in exchange for temporary Notes. Holders and beneficial holders, as the case may be, of temporary Notes shall be entitled to all of the benefits accorded to Holders, or beneficial holders, respectively, of Notes under this Indenture.

Section 2.11 Cancellation.

The Issuers at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for

registration of transfer, exchange or payment. The Trustee or, at the direction of the Trustee, the Registrar or the Paying Agent and no one else shall cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and shall dispose of such cancelled Notes in accordance with its customary procedures (subject to the record retention requirement of the Exchange Act and the Trustee's internal procedures). Certification of the cancellation of Notes delivered pursuant to this Section 2.11 shall, upon the written request of the Issuers, be delivered to the Issuers. The Issuers may not issue new Notes to replace Notes that it has paid or that have been delivered to the Trustee for cancellation.

Section 2.12 Defaulted Interest.

(a) If the Issuers default in a payment of interest on the Notes, they shall pay the defaulted interest in any lawful manner plus, to the extent lawful, interest payable on the defaulted interest, to the Persons who are Holders on a subsequent special record date, in each case at the rate provided in the Notes and in Section 4.01. The Issuers shall notify the Trustee in writing of the amount of defaulted interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the Issuers shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such defaulted interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such defaulted interest as provided in this Section 2.12. The Issuers shall fix or cause to be fixed each such special record date and payment date; *provided* that no such special record date shall be less than 10 days prior to the related payment date for such defaulted interest. The Issuers shall promptly notify the Trustee of such special record date. At least 15 days before the special record date, the Issuers (or, upon the written request of the Issuers, the Trustee in the name and at the expense of the Issuers) shall mail or deliver by electronic transmission in accordance with the applicable procedures of the Depositary, or cause to be mailed or delivered by electronic transmission in accordance with the applicable procedures of the Depositary to each Holder a notice that states the special record date, the related payment date and the amount of such interest to be paid.

(b) Subject to the foregoing provisions of this Section 2.12 and for greater certainty, each Note delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights to interest accrued and unpaid, and to accrue interest, which were carried by such other Note.

Section 2.13 CUSIP and ISIN Numbers

The Issuers in issuing the Notes may use CUSIP or ISIN numbers (if then generally in use) and, if so, the Trustee shall use CUSIP or ISIN numbers in notices of redemption or exchange or in Offers to Purchase as a convenience to Holders; *provided* that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice of redemption or exchange or in Offers to Purchase and that reliance may be placed only on the other identification numbers printed on the Notes, and any such redemption or exchange or Offer to Purchase shall not be affected by any defect in or omission of such numbers. The Issuers shall as promptly as practicable notify the Trustee in writing of any change in the CUSIP or ISIN numbers. Notes issued under this

Indenture shall have the same CUSIP or ISIN numbers only if they are fungible for U.S. federal income tax purposes.

ARTICLE 3

REDEMPTION

Section 3.01 Notices to Trustee.

If the Issuers elect to redeem Notes pursuant to Section 3.07, they shall furnish to the Trustee, at least five Business Days before notice of redemption is required to be mailed or delivered to Holders pursuant to Section 3.03 (unless a shorter notice shall be agreed to by the Trustee) but not more than 60 days before a redemption date, an Officers' Certificate setting forth (1) the paragraph or subparagraph of such Note or Section of this Indenture pursuant to which the redemption shall occur, (2) the redemption date, (3) the principal amount of the Notes to be redeemed and (4) the redemption price, if then ascertainable.

Section 3.02 Selection of Notes to Be Redeemed or Purchased.

(a) If less than all of the Notes are to be redeemed pursuant to Section 3.07 or purchased in an Offer to Purchase at any time, the Trustee shall select the Notes to be redeemed or purchased (1) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, as notified in writing to the Trustee, or (2) if the Notes are not so listed, on a *pro rata* basis, in accordance with and subject to the applicable procedures of the Depositary, by lot, or by such other method as the Trustee in its sole discretion deems to be fair and appropriate. In the event of partial redemption or purchase by lot, the particular Notes to be redeemed or purchased shall be selected, unless otherwise provided herein, not less than 30 nor more than 60 days prior to the redemption date by the Trustee from the then outstanding Notes not previously called for redemption or purchase.

(b) The Trustee shall promptly notify the Issuers in writing of the Notes selected for redemption or purchase and, in the case of any Note selected for partial redemption or purchase, the principal amount thereof to be redeemed or purchased. Notes and portions of Notes selected shall be in minimum amounts of $2,000 or integral multiples of $1,000; *provided* that no Notes of $2,000 in principal amount or less shall be redeemed in part. Except as provided in the preceding sentence, provisions of this Indenture that apply to Notes called for redemption or purchase also apply to portions of Notes called for redemption or purchase.

(c) After the redemption date or purchase date, upon surrender of a Note that is not a Global Note to be redeemed or purchased in part only, a new Note or Notes in principal amount equal to the unredeemed or unpurchased portion of the original Note, representing the same Indebtedness to the extent not redeemed or not purchased, shall be issued in the name of the Holder of the Notes upon cancellation of the original Note (or, in the case of a Global Note, appropriate book entries shall be made to reflect such partial redemption).

Section 3.03 Notice of Redemption.

(a) Subject to Section 3.10, the Issuers shall mail or deliver by electronic transmission in accordance with the applicable procedures of the Depositary, or cause to be mailed (or delivered by electronic transmission in accordance with the applicable procedures of the Depositary) notices of redemption of Notes not less than 30 days but not more than 60 days before the redemption date to each Holder whose Notes are to be redeemed pursuant to this Article at such Holder's registered address or otherwise in accordance with the applicable procedures of the Depositary, except that redemption notices may be delivered more than 60 days prior to a redemption date if the notice is issued in connection with Article 8.

(b) The notice shall identify the Notes to be redeemed (including CUSIP and ISIN number, if applicable) and shall state:

(1) the redemption date;

(2) the redemption price, including the portion thereof representing any accrued and unpaid interest; *provided* that in connection with a redemption under Section 3.07(a), the notice need not set forth the redemption price but only the manner of calculation thereof;

(3) if any Note is to be redeemed in part only, the portion of the principal amount of that Note that is to be redeemed;

(4) the name and address of the Paying Agent;

(5) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(6) that, unless the Issuers default in making such redemption payment or the Paying Agent is prohibited from making such payment pursuant to the terms of this Indenture, interest on Notes called for redemption ceases to accrue on and after the redemption date;

(7) the paragraph or subparagraph of the Notes or Section of this Indenture pursuant to which the Notes called for redemption are being redeemed;

(8) that no representation is made as to the correctness or accuracy of the CUSIP or ISIN number, if any, listed in such notice or printed on the Notes; and

(9) if applicable, any condition to such redemption.

(c) At the Issuers' request, the Trustee shall give the notice of redemption in the Issuers' name and at the Issuers' expense; *provided* that the Issuers shall have delivered to the Trustee, at least five Business Days before notice of redemption is required to be sent or caused to be sent to Holders pursuant to this Section 3.03, an Officers' Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in Section 3.03(b). Such Officers' Certificate shall state that all conditions precedent to the delivery of such notice have been complied with.

Section 3.04 Effect of Notice of Redemption.

Once a notice of redemption is mailed or delivered in accordance with Section 3.03, Notes called for redemption become irrevocably due and payable on the redemption date at the redemption price (except as provided for in Section 3.07(f)). The notice, if mailed or delivered by electronic transmission in a manner herein provided, shall be conclusively presumed to have been given, whether or not the Holder receives such notice. In any case, failure to give such notice or any defect in the notice to the Holder of any Note designated for redemption in whole or in part shall not affect the validity of the proceedings for the redemption of any other Note. Subject to Section 3.05, on and after the redemption date, interest ceases to accrue on Notes or portions of Notes called for redemption.

Section 3.05 Deposit of Redemption or Purchase Price.

(a) No later than 11:00 a.m. (New York City time) on the redemption or purchase date, the Issuers shall deposit with the Trustee or with the Paying Agent money sufficient to pay the redemption or purchase price of and accrued and unpaid interest on all Notes to be redeemed or purchased on that date. If a Note is redeemed or purchased on or after a Record Date but on or prior to the related Interest Payment Date, then any accrued and unpaid interest shall be paid on the redemption or purchase date to the Holder of record on such Record Date. The Paying Agent shall promptly pay to each Holder whose Notes are to be redeemed or repurchased the applicable redemption or purchase price thereof and accrued and unpaid interest thereon. The Trustee or the Paying Agent shall promptly return to the Issuers any money deposited with the Trustee or the Paying Agent by the Issuers in excess of the amounts necessary to pay the redemption or purchase price of, and accrued and unpaid interest on, all Notes to be redeemed or purchased upon written request therefor.

(b) If the Issuers comply with the provisions of Section 3.05(a), on and after the redemption or purchase date, interest shall cease to accrue on the Notes or the portions of Notes called for redemption or purchase. If a Note is redeemed or purchased on or after a Record Date but on or prior to the related Interest Payment Date, then any accrued and unpaid interest to, but excluding, the redemption or purchase date in respect of such Note will be paid on such redemption or purchase date to the Person in whose name such Note is registered at the close of business on such Record Date. If any Note called for redemption or purchase shall not be so paid upon surrender for redemption or purchase because of the failure of the Issuers to comply with Section 3.05(a), interest shall be paid on the unpaid principal, from the redemption or purchase date until such principal is paid, and, to the extent lawful, on any interest accrued to the redemption or purchase date not paid on such unpaid principal, in each case at the rate provided in the Notes and in Section 4.01.

Section 3.06 Notes Redeemed or Purchased in Part.

Upon surrender of a Note that is not a Global Note that is redeemed or purchased in part, the Issuers shall issue and, upon receipt of an Authentication Order, the Trustee shall promptly authenticate and mail to the Holder (or, in the case of a Global Note, cause to be transferred by book entry) at the expense of the Issuers a new Note equal in principal amount to the unredeemed or unpurchased portion of the Note surrendered representing the same

Indebtedness to the extent not redeemed or purchased; *provided* that each new Note shall be in a minimum principal amount of $2,000 or an integral multiple of $1,000 in excess thereof. It is understood that, notwithstanding anything in this Indenture to the contrary, only an Authentication Order and not an Opinion of Counsel or Officers' Certificate is required for the Trustee to authenticate such new Note.

Section 3.07 Optional Redemption.

(a) On and after July 15, 2021, the Issuers may redeem the Notes, in whole at any time or in part from time to time, upon notice pursuant to Section 3.03 at the redemption prices set forth below (expressed as a percentage of principal amount of the Notes to be redeemed), plus accrued and unpaid interest thereon, if any, to, but excluding, the applicable date of redemption, if redeemed during the twelve-month period beginning on July 15 of the years indicated below:

Year	**Percentage**
2021	106.563%
2022	104.375%
2023	102.188%
2024 and thereafter	100.00%

(b) Prior to July 15, 2021, the Issuers may on any one or more occasions redeem up to 40% of the original aggregate principal amount of the Notes (calculated after giving effect to any issuance of Additional Notes) with the Net Cash Proceeds of one or more Equity Offerings, upon notice pursuant to Section 3.03, at a redemption price equal to 108.750% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon, if any, to, but excluding, the applicable redemption date; *provided* that (1) at least 50% of the original aggregate principal amount of the Notes (calculated after giving effect to any issuance of Additional Notes) remains outstanding immediately after the occurrence of each such redemption; and (2) such redemption occurs within 90 days after the date of closing of such Equity Offering.

(c) At any time prior to July 15, 2021, the Issuers may redeem the Notes, in whole at any time and in part from time to time, upon notice pursuant to Section 3.03 at a redemption price equal to 100% of the aggregate principal amount of the Notes, plus the Applicable Premium, plus accrued and unpaid interest thereon, if any, to, but excluding the redemption date. Promptly after the determination thereof, the Issuers shall give the Trustee notice of the redemption price provided for in this Section 3.07(c), and the Trustee shall not be responsible for such calculation.

(d) Except pursuant to clause (a), (b) or (c) of this Section 3.07, the Notes shall not be redeemable at the Issuers' option.

(e) Any redemption pursuant to this Section 3.07 shall be made pursuant to the provisions of Sections 3.01 through 3.06.

(f) Any redemption notice in connection with this Section 3.07 may, at the Issuers' discretion, be subject to one or more conditions precedent, including completion of an Equity Offering or other corporate transaction.

Section 3.08 Mandatory Redemption.

The Issuers will not be required to make mandatory redemption or sinking fund payments with respect to the Notes.

Section 3.09 Optional Redemption Upon a Tax Event

(a) If as a result of any change in or amendment to the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction (as defined in Section 4.17), or any amendment to or change in an official interpretation, administration or application of such laws, rules or regulations, or any treaties or related agreements to which the Taxing Jurisdiction is a party (including a holding by a court of competent jurisdiction), which change or amendment becomes effective or, in the case of a change in official position, is announced on or after the issue date of the Notes (or, if the Taxing Jurisdiction became a Taxing Jurisdiction on a later date, such later date), the Issuers (including any successor to either Issuer) have or will become obligated to pay additional amounts as described in Section 4.17 the Issuers (or any successors thereto) may, at their option, redeem all, but not less than all, of the Notes, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest to but excluding the date fixed for redemption, upon publication (mailed or otherwise delivered to each Holder in accordance with the applicable procedures of DTC) of irrevocable notice not less than 30 days nor more than 60 days prior to the date fixed for redemption. No notice of such redemption may be given earlier than 60 days prior to the earliest payment date on which the Issuers (or their successors) will, but for such redemption, become obligated to pay such additional amounts. For the avoidance of doubt, the Issuers (or any successor thereto) shall not have the right to so redeem the Notes unless it is or will become obligated to pay additional amounts. Notwithstanding the foregoing, the Issuer or any such successor shall not have the right to so redeem the Notes unless it has taken reasonable measures to avoid the obligation to pay additional amounts, it being understood, reasonable measures do not include changing the jurisdiction of incorporation of the Issuer or any successor to the Issuer.

(b) In the event that the Issuers (or any successor thereto) elect to so redeem the Notes, they shall deliver to the Trustee: (1) an Officers' Certificate, signed in the name of the Issuers (including any successor to either Issuer) by two of their respective Officers, stating that the Issuers are entitled to redeem the Notes pursuant to their terms and setting forth a statement of facts showing that the condition or conditions precedent to the right of the Issuers to so redeem have occurred or been satisfied; and (2) an Opinion of Counsel to the effect that (i) either Issuer has or will become obligated to pay additional amounts, (ii) such obligation is the result of

a change in or amendment to the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction, and (iii) all governmental requirements necessary for the Issuers to effect the redemption have been complied with.

Section 3.10 Offers to Repurchase by Application of Excess Proceeds.

(a) In the event that, pursuant to Section 4.16, the Issuers are required to commence a Collateral Disposition Offer or an Asset Disposition Offer, the Issuers will follow the procedures specified below.

(b) The Collateral Disposition Offer or Asset Disposition Offer will remain open for a period of 20 Business Days following its commencement, except to the extent that a longer period is required by applicable law (the "Asset Disposition Offer Period"). No later than five Business Days after the termination of the Asset Disposition Offer Period (the "Asset Disposition Purchase Date"), the Issuers will apply all Excess Collateral Proceeds and Excess Proceeds to the purchase of the aggregate principal amount of Notes and, if applicable, Pari Passu Payment Lien Obligations or Pari Passu Indebtedness (on a *pro rata* basis, if applicable) required to be offered for purchase pursuant to Section 4.16 (the "Asset Disposition Offer Amount"), or, if less than the Asset Disposition Offer Amount of Notes (and, if applicable, Pari Passu Payment Lien Obligations or Pari Passu Indebtedness) has been so validly tendered, all Notes, Pari Passu Payment Lien Obligations and Pari Passu Indebtedness validly tendered in response to the Asset Disposition Offer. Payment for any Notes so purchased will be made in the same manner as interest payments on the Notes are made.

(c) If the Asset Disposition Purchase Date is on or after a Record Date and on or before the related Interest Payment Date, any accrued and unpaid interest up to, but excluding, the Asset Disposition Purchase Date, shall be paid on the Asset Disposition Purchase Date to the Person in whose name a Note is registered at the close of business on such Record Date.

(d) Upon the commencement of a Collateral Disposition Offer or an Asset Disposition Offer, the Issuers shall mail a notice to each of the Holders or otherwise deliver such notice in accordance with the applicable procedures of the Depositary, with a copy to the Trustee. The notice shall contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Collateral Disposition Offer or Asset Disposition Offer. The Collateral Disposition Offer or Asset Disposition Offer shall be made to all Holders and (i) in the case of a Collateral Disposition Offer, if required by the terms of any Pari Passu Payment Lien Obligations, all holders of Pari Passu Payment Lien Obligations, and (ii) in the case of an Asset Disposition Offer, if required by the terms of any Pari Passu Indebtedness, all holders of Pari Passu Indebtedness. The notice, which shall govern the terms of the Collateral Disposition Offer or Asset Disposition Offer, shall state:

(1) that an a Collateral Disposition Offer or Asset Disposition Offer is being made pursuant to this Section 3.10 and Section 4.16 and the expiration time of the Asset Disposition Offer Period;

(2) the Asset Disposition Offer Amount, the purchase price, including the portion thereof representing any accrued and unpaid interest, and the Asset Disposition Purchase Date;

(3) that Notes must be tendered in integral multiples of $1,000 (subject to clause (8) below), and any Note not properly tendered will remain outstanding and will continue to accrue interest;

(4) that, unless the Issuers default in making the payment, any Note accepted for payment pursuant to the Asset Disposition Offer will cease to accrue interest on and after the Asset Disposition Purchase Date;

(5) that Holders electing to have a Note purchased pursuant to any Collateral Disposition Offer or Asset Disposition Offer shall be required to surrender the Note, with the form entitled "Option of Holder to Elect Purchase" attached to such Note completed, the Paying Agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Asset Disposition Purchase Date;

(6) that Holders shall be entitled to withdraw their election if the Issuers, the Depositary or the Paying Agent, as the case may be, subject to the applicable procedures of the Depositary, receive at the address specified in the notice, not later than the expiration of the Asset Disposition Offer Period, a PDF or facsimile transmission or letter setting forth the name of the Holder, the principal amount of the Notes the Holder tendered for purchase and a statement that such Holder is withdrawing its tendered Notes and its election to have such Note purchased;

(7) that, if the aggregate principal amount of Notes and Pari Passu Indebtedness surrendered by the holders thereof exceeds the Asset Disposition Offer Amount, then the Notes and such Pari Passu Indebtedness will be purchased on a *pro rata* basis based on the aggregate accreted value or principal amount, as applicable, of the Notes or such Pari Passu Indebtedness tendered and the selection of the Notes for purchase shall be made by the Trustee by such method as the Trustee in its sole discretion shall deem to be fair and appropriate, although no Note having a principal amount of $2,000 or less shall be purchased in part;

(8) that Holders whose Notes were purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered (the unpurchased portion of the Notes must be equal to $2,000 or an integral multiple of $1,000 in excess thereof); and

(9) the other procedures, as determined by the Issuers, consistent with this Section 3.10 that a Holder must follow.

(e) On or before the Asset Disposition Purchase Date, the Issuers will, to the extent lawful, accept for payment, on a *pro rata* basis to the extent necessary or as otherwise provided in Section 4.16(d), the Asset Disposition Offer Amount of Notes, Pari Passu Payment Lien Obligations and Pari Passu Indebtedness, as applicable, or portions thereof validly tendered

and not properly withdrawn pursuant to the Asset Disposition Offer or the Collateral Disposition Offer, or, if less than the Asset Disposition Offer Amount has been validly tendered and not properly withdrawn, all Notes, Pari Passu Payment Lien Obligations and Pari Passu Indebtedness so tendered, in the case of the Notes, in integral multiples of $1,000; *provided* that if, following repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately after such repurchase would be less than $2,000, then the portion of such Note so repurchased shall be reduced so that the remaining principal amount of such Note outstanding immediately after such repurchase is $2,000. In the event that either Issuer becomes a "reporting issuer" (or its equivalent) in Canada or the United States prior to the maturity of the Notes, the disclosure requirements contemplated in clauses (1), (2) and (3) of Section 4.06(a) shall be deemed to have been satisfied once the corresponding documents have been filed electronically on the Canadian Securities Administrators' SEDAR website or the SEC's EDGAR website (or, in each case, any successor system), it being understood that the Trustee shall not be responsible for determining whether such filings have been made, in the form and within the time periods required by applicable Canadian Securities Legislation or SEC rules, as interpreted and applied by the Ontario Securities Commission or SEC, as applicable, and the Company shall no longer be required to maintain a secured website as described in Section 4.06(a).

(c) If the Issuers have designated any Subsidiaries as Unrestricted Subsidiaries and such Unrestricted Subsidiaries hold more than in the aggregate 5.0% of the Consolidated Net Tangible Assets of the Company, then the annual, quarterly and *pro forma* financial information required by clauses (1), (2) and (3) of Section 4.06(a) shall include a reasonably detailed presentation of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries.

(1) Indebtedness of the Company, the Co-Issuer or any Subsidiary Guarantor Incurred under a Debt Facility, the proceeds of which are to be used only in connection with the working capital needs of the Issuers, and the issuance and creation of letters of credit and bankers' acceptances thereunder (with undrawn trade letters of credit and reimbursement obligations relating to trade letters of credit satisfied within 30 days being excluded, and bankers' acceptances being deemed to have a principal amount equal to the face amount thereof) in an aggregate principal amount outstanding at any one time that will not exceed the greater of (x) $150.0 million and (y) 9.0% of Consolidated Net Tangible Assets; *provided* neither the Company, the Co-Issuer nor any Subsidiary Guarantor will Incur any unsecured Indebtedness under this Section 4.09(b)(1) if the proceeds thereof are used, directly or indirectly, to refinance any Subordinated Obligations of the Company or the Co-Issuer, as applicable, unless such Indebtedness

will also be unsecured and otherwise subordinated to the Notes to at least the same extent as such Subordinated Obligations.

(2) Indebtedness of the Company, the Co-Issuer or any Subsidiary Guarantor Incurred under ECA Financings in an aggregate principal amount outstanding at any one time that will not exceed the greater of (x) $200.0 million and (y) 12.0% of Consolidated Net Tangible Assets; provided that, at the time of incurrence of any such Indebtedness and after giving effect thereto on a *pro forma* basis, the Consolidated Coverage Ratio for the Company and its Restricted Subsidiaries is greater than or equal to 2.00 to 1.00;

(3) Indebtedness represented by the Notes (including any Note Guarantee) (other than any Additional Notes);

(4) Indebtedness of the Company and its Restricted Subsidiaries in existence on the Issue Date (other than Indebtedness described in clauses (1), (2), (3), (5), (6), (7), (9), (11), (12) and (13) of this Section 4.09(b));

(5) Guarantees by the Company, the Co-Issuer or Subsidiary Guarantors of Indebtedness permitted to be Incurred by the Company, the Co-Issuer or a Subsidiary Guarantor in accordance with the provisions of this Indenture; *provided* that in the event such Indebtedness that is being Guaranteed is a Subordinated Obligation or a Guarantor Subordinated Obligation, then the related Guarantee shall be subordinated in right of payment to the Notes or the Note Guarantee, as the case may be;

(6) Indebtedness of the Company owing to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owing to and held by the Company or any other Restricted Subsidiary; *provided*, *however*,

(A) if the Company or the Co-Issuer is the obligor on Indebtedness owing to a Non-Guarantor Subsidiary, such Indebtedness is expressly subordinated to the prior payment in full in cash of all obligations with respect to the Notes;

(B) if a Subsidiary Guarantor is the obligor on Indebtedness owing to a Non-Guarantor Subsidiary, such Indebtedness is expressly subordinated in right of payment to the Note Guarantee of such Subsidiary Guarantor; and

(C) (i) any subsequent issuance or transfer of Capital Stock or any other event which results in any such Indebtedness being beneficially held by a Person other than the Company or a Restricted Subsidiary of the Company; and

(ii) any sale or other transfer of any such Indebtedness to a Person other than the Company or a Restricted Subsidiary of the Company

shall be deemed, in each case under this clause (6)(C) of this Section 4.09(b), to constitute an Incurrence of such Indebtedness on the date of any such issuance, sale or transfer by the Company or such Restricted Subsidiary, as the case may be;

(7) Preferred Stock of a Restricted Subsidiary issued to and held by the Company or any other Restricted Subsidiary; *provided*, *however*, (A) any subsequent issuance or transfer of Capital Stock or any other event which results in such Preferred Stock being beneficially held by a Person other than the Company or any of its Restricted Subsidiaries; and (B) any sale or other transfer of any such Preferred Stock to a Person other than the Company or any of its Restricted Subsidiaries shall be deemed in each case under this clause (7) to constitute an Incurrence of such Preferred Stock by such Subsidiary on the date of any such issuance, sale or transfer.

(8) Indebtedness of Persons Incurred and outstanding on the date on which such Person became a Restricted Subsidiary or was acquired by, or merged into, the Company or any Restricted Subsidiary (other than Indebtedness Incurred (A) to provide all or any portion of the funds utilized to consummate the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was otherwise acquired by the Company or (B) otherwise in connection with, or in contemplation of, such acquisition); *provided*, *however*, that at the time such Person is acquired, either (i) the Company would have been able to Incur $1.00 of additional Indebtedness pursuant to Section 4.09(a) on a *pro forma* basis after giving effect to the Incurrence of such Indebtedness pursuant to this clause (8) of this Section 4.09(b) or (ii) the Consolidated Coverage Ratio of the Company and its Restricted Subsidiaries (calculated on a *pro forma* basis) upon completion of such acquisition, merger, amalgamation, arrangement or consolidation would be equal to or greater than such ratio immediately prior to such acquisition, merger, amalgamation, arrangement or consolidation;

(9) Indebtedness under Hedging Obligations that are Incurred to manage exposures (and not for speculative purposes);

(10) Indebtedness (including Capitalized Lease Obligations) of the Company or a Restricted Subsidiary Incurred to finance the purchase, lease, construction or improvement of any property, plant or equipment used or to be used in the business of the Company or such Restricted Subsidiary through the direct purchase of such property, plant or equipment, and any Indebtedness of a Restricted Subsidiary which serves to refund or refinance any Indebtedness Incurred pursuant to this clause (10) in an aggregate outstanding principal amount which, when taken together with the principal amount of all other Indebtedness Incurred pursuant to this clause (10) and then outstanding, will not exceed the greater of (A) $90.0 million and (B) 5.50% of Consolidated Net Tangible Assets at any time outstanding;

(11) Indebtedness Incurred by the Company or its Restricted Subsidiaries in respect of workers' compensation claims, health, disability or other employee benefits or property, casualty or liability insurance, self-insurance obligations,

performance, bid, surety and similar bonds and completion Guarantees (not for borrowed money) provided in the ordinary course of business;

(12) Indebtedness arising from agreements of the Company or a Restricted Subsidiary providing for indemnification, adjustment of purchase price or similar obligations, in each case, Incurred or assumed in connection with the disposition of any business or assets of the Company or any business, assets or Capital Stock of a Restricted Subsidiary, other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or a Subsidiary for the purpose of financing such acquisition; *provided* that:

(A) the maximum aggregate liability in respect of all such Indebtedness shall at no time exceed the Net Cash Proceeds, including non-cash proceeds (the Fair Market Value of such non-cash proceeds being measured at the time received and without giving effect to subsequent changes in value) actually received by the Company and its Restricted Subsidiaries in connection with such disposition; and

(B) such Indebtedness is not reflected on the balance sheet of the Company or any of its Restricted Subsidiaries (contingent obligations referred to in a footnote to financial statements and not otherwise reflected on the balance sheet will not be deemed to be reflected on such balance sheet for purposes of this clause (12));

(13) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; *provided*, *however*, that such Indebtedness is extinguished within ten Business Days of Incurrence;

(14) the Incurrence by the Company or any Restricted Subsidiary of Refinancing Indebtedness that serves to refund or refinance any Indebtedness Incurred as permitted under Section 4.09(a) and clauses (3), (4), (8) and this clause (14) of this Section 4.09(b);

(15) Indebtedness related to surety bonds or cash collateral posted by the Company or any of its Restricted Subsidiaries from time to time in order to secure Reclamation Obligations;

(16) Indebtedness consisting of take-or-pay obligations contained in supply agreements entered into in the ordinary course of business;

(17) in addition to the items referred to in clauses (1) through (16) of this Section 4.09(b) above, Indebtedness of the Company and its Restricted Subsidiaries in an aggregate outstanding principal amount which, when taken together with the principal amount of all other Indebtedness Incurred pursuant to this clause (17) and then outstanding, will not exceed the greater of (a) $25.0 million and (b) 1.50% of Consolidated Net Tangible Assets at any time outstanding; and

(c) For purposes of determining compliance with this Section 4.09, and the outstanding principal amount of any particular Indebtedness Incurred pursuant to and in compliance with, this Section 4.09:

(1) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in Section 4.09(b), the Issuers, in their sole discretion, will classify such item of Indebtedness on the date of Incurrence and may later reclassify such item of Indebtedness in any manner that complies with Section 4.09(b) and will be entitled to divide the amount and type of such Indebtedness among more than one of clauses (1) through (18) of Section 4.09(b); *provided* that all Indebtedness (or the portion thereof) Incurred under clause (1) of Section 4.09(b), shall be deemed Incurred under clause (1) of Section 4.09(b) and not Section 4.09(a) and may not later be reclassified;

(2) if obligations in respect of letters of credit are Incurred pursuant to a Debt Facility and relate to other Indebtedness, then such letters of credit shall be treated as Incurred pursuant to clause (1) of Section 4.09(b) and such other Indebtedness shall not be included;

(3) except as provided in clause (2) of this Section 4.09(c), Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included; and

(4) to the extent any Indebtedness is incurred under Section 4.09(a) substantially concurrently (but in any event on the same date) with other Indebtedness incurred under Section 4.09(b)(1) or 4.09(b)(2), such other Indebtedness shall be, unless the Company elects otherwise, disregarded for purposes of the related calculation of the Consolidated Coverage Ratio (but shall, for the avoidance of doubt, be included in any and all subsequent calculations of the Consolidated Coverage Ratio to the extent then outstanding), including the application of proceeds therefrom.

(d) Accrual of interest, accrual of dividends, the accretion of accreted value, the amortization of debt discount, the payment of interest in the form of additional Indebtedness and the payment of dividends in the form of additional shares of Preferred Stock or Disqualified Stock will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 4.09.

(e) In addition, the Company will not permit any of its Unrestricted Subsidiaries to Incur any Indebtedness or issue any shares of Disqualified Stock, other than Non-Recourse Debt. If at any time an Unrestricted Subsidiary becomes a Restricted Subsidiary, any Indebtedness of such Subsidiary shall be deemed to be Incurred by a Restricted Subsidiary as of such date (and, if such Indebtedness is not permitted to be Incurred as of such date under this Section 4.09, the Issuers shall be in Default of this Section 4.09).

(f) For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided* that if such Indebtedness is Incurred to refinance other Indebtedness denominated in a

foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Issuers may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(g) The Issuers will not, and the Issuers will not permit any Guarantor to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) that is or purports to be by its terms (or by the terms of any agreement governing such Indebtedness) subordinated or junior in right of payment to any other Indebtedness (including Acquired Indebtedness) of the Company, the Co-Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness of the Company, the Co-Issuer or such Guarantor, as the case may be. For purposes of the foregoing, no Indebtedness will be deemed to be contractually subordinate or junior in right of payment to any other Indebtedness solely by virtue of (1) being unsecured or (2) its having a junior priority with respect to the same collateral.

(h) In addition, the Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) if at the time of Incurrence of such Indebtedness, and after giving effect thereto and the use of proceeds thereof on a *pro forma* basis, the Consolidated Long-Term First Lien Secured Debt to Total Capital Ratio exceeds 40.0%.

Section 4.10 Limitation on Liens.

The Issuers and each Subsidiary Guarantor will not, and the Issuers will not permit any other Restricted Subsidiary to, directly or indirectly, create, Incur or assume any Lien (other than Permitted Liens) that secures any Indebtedness or any obligations related thereto (any such lien, an "Initial Lien") upon any of its property or assets (including Capital Stock of the Company's Subsidiaries held by the Company or its Subsidiaries), or income or profits therefrom, or assign or convey any right to receive income therefrom, whether owned on the Issue Date or acquired after that date, except, in the case of any property, assets or proceeds that do not constitute Collateral, any Initial Lien if the Notes and related Note Guarantees are equally and ratably secured with (or are secured by a Lien on such property, assets or proceeds that is senior in priority, in the case such Initial Lien secures Subordinated Obligations or Guarantor Subordinated Obligations) the obligations secured by such Initial Lien.

Any Lien created for the benefit of Holders in respect of property, assets or proceeds that do not constitute Collateral pursuant to this covenant shall be automatically and unconditionally released and discharged upon the release and discharge of the related Initial Lien.

Section 4.11 Future Guarantors.

(a) After the Issue Date, the Company, to the extent permitted by law, will cause each Restricted Subsidiary created or acquired by the Company or one or more of its Restricted Subsidiaries to execute and deliver to the Trustee a supplemental indenture to this Indenture pursuant to which such Restricted Subsidiary will irrevocably and unconditionally Guarantee, on a joint and several basis with the Issuers and the other Guarantors, the full and prompt payment of the principal of, premium, if any, and interest on the Notes on a senior secured first-priority basis and all other Obligations under this Indenture.

(b) The obligations of each Subsidiary Guarantor will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the Obligations of such other Subsidiary Guarantor under its Note Guarantee or pursuant to its contribution Obligations under this Indenture, result in the Obligations of such Subsidiary Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(c) Each Person that becomes a Guarantor after the Issue Date shall also become a party to the applicable Collateral Documents and the Intercreditor Agreement(s), if applicable, and shall as promptly as practicable execute and deliver such security instruments, financing statements, mortgages, deeds of trust (in substantially the same form as those executed and delivered with respect to the Collateral on the Issue Date or on the date first delivered in the case of Mortgages and certificates and opinions of counsel (to the extent, and substantially in the form, delivered on the Issue Date or the date first delivered in the case of Mortgages (but no greater scope)) as may be necessary to vest in the Collateral Agent a perfected first-priority security interest (subject to Permitted Liens) in properties and assets that constitute Collateral as security for the Notes or the Note Guarantees and as may be necessary to have such property or asset added to the applicable Collateral as required under the Collateral Documents and this Indenture, and thereupon all provisions of this Indenture relating to the Collateral shall be deemed to relate to such properties and assets to the same extent and with the same force and effect.

(d) Each Note Guarantee shall be released in accordance with the provisions of Section 11.06.

Section 4.12 Limitation on Restrictions on Distribution From Restricted Subsidiaries.

(a) The Issuers will not, and will not permit any Restricted Subsidiary that is not a Guarantor to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary that is not a Guarantor to:

(1) pay dividends or make any other distributions on its Capital Stock to the Company or any Guarantor, or with respect to any other interest or participation in, or measured by, its profits, or pay any Indebtedness or other obligations owed to the Company or any Guarantor (it being understood that the priority of any Preferred Stock

in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on Common Stock shall not be deemed a restriction on the ability to make distributions on Capital Stock);

(2) make any loans or advances to the Company or any Guarantor (it being understood that the subordination of loans or advances made to the Company or any Restricted Subsidiary to other Indebtedness Incurred by the Company or any Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances); or

(3) sell, lease or transfer any of its property or assets to the Company or any Guarantor (it being understood that such transfers shall not include any type of transfer described in clause (1) or (2) of this Section 4.12(a)).

(b) Section 4.12(a) will not prohibit encumbrances or restrictions existing under or by reason of:

(1) contractual encumbrances or restrictions pursuant to any Debt Facilities, the Collateral Documents and the Intercreditor Agreement(s), if applicable, and related documentation and other agreements or instruments in effect at or entered into on the Issue Date;

(2) this Indenture, the Notes and the Note Guarantees;

(3) Priority Payment Lien Obligations;

(4) any agreement or other instrument of a Person acquired by the Company or any Restricted Subsidiary in existence at the time of such acquisition (but not created in contemplation thereof), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person and its Subsidiaries, or the property or assets of the Person and its Subsidiaries, so acquired (including after-acquired property);

(5) any amendment, restatement, modification, renewal, supplement, refunding, replacement or refinancing of an agreement referred to in clauses (1), (2), (3) or (4) of this Section 4.12(b) or this clause (5) of this Section 4.12(b);

(6) in the case of clause (3) of Section 4.12(a), Liens permitted to be Incurred under Section 4.10 that limit the right of the debtor to dispose of the assets securing such Indebtedness;

(7) purchase money obligations and Capitalized Lease Obligations permitted under this Indenture, in each case for property used or useful in a Similar Business, in each case that impose encumbrances or restrictions of the nature described in clause (3) of Section 4.12(a) on the property so acquired;

(8) contracts for the sale of assets, including customary restrictions with respect to a Subsidiary of the Company pursuant to an agreement that has been

entered into for the sale or disposition of all or a portion of the Capital Stock or assets of such Subsidiary;

(9) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(10) any customary provisions in leases, subleases or licenses and other agreements entered into by the Company or any Restricted Subsidiary in the ordinary course of business;

(11) encumbrances or restrictions arising or existing by reason of applicable law or any applicable rule, regulation or order;

(12) any customary provisions in joint venture agreements relating to joint ventures that are not Restricted Subsidiaries and other similar agreements entered into in the ordinary course of business; and

(13) other Indebtedness Incurred or Preferred Stock issued by a Subsidiary Guarantor permitted to be Incurred pursuant to Section 4.09 that, in the good faith determination of the Board of Directors of the Company, are not more restrictive, taken as a whole, than those applicable to the Issuers in this Indenture or any Debt Facilities on the Issue Date (which results in encumbrances or restrictions at a Restricted Subsidiary that is not a Guarantor comparable to those applicable to the Issuers).

Section 4.13 Designation of Restricted and Unrestricted Subsidiaries.

(a) The Issuers may designate after the Issue Date any Subsidiary (including any newly acquired or newly formed Subsidiary), other than the Co-Issuer, as an "Unrestricted Subsidiary" under this Indenture (a "Designation") only if:

(1) no Default or Event of Default has occurred and is continuing after giving effect to such Designation;

(2) the Subsidiary to be so designated and its Subsidiaries do not at the time of Designation own any Capital Stock or Indebtedness of, or own or hold any Lien with respect to, the Company or any of its Restricted Subsidiaries;

(3) all the Indebtedness of such Subsidiary and its Subsidiaries shall, at the date of designation, and will at all times thereafter, consist of Non-Recourse Debt;

(4) such Subsidiary is a Person with respect to which none of the Company or any of its Restricted Subsidiaries has any direct or indirect obligation:

(a) to subscribe for additional Capital Stock of such Subsidiary; or

(b) to maintain or preserve such Subsidiary's financial condition or to cause such Subsidiary to achieve any specified levels of operating results;

(5) on the date such Subsidiary is designated an Unrestricted Subsidiary, such Subsidiary is not a party to any agreement, contract, arrangement or understanding with the Company or any Restricted Subsidiary with terms substantially less favorable to the Issuers than those that might have been obtained from Persons who are not Affiliates of the Issuers; and

(6) either (a) the Subsidiary to be so designated has total consolidated assets of $1.0 million or less or (b) if such Subsidiary has consolidated assets greater than $1.0 million, then such Designation would be permitted under Section 4.08 or the definition of "Permitted Investment."

(b) The Issuers may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") only if, immediately after giving effect to such Revocation:

(1) The Issuers would be able to Incur at least $1.00 of additional Indebtedness pursuant to Section 4.09(a) on a *pro forma* basis taking into account such Revocation;

(2) all Liens of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if Incurred at such time, have been permitted to be Incurred for all purposes of this Indenture; and

(3) no Default or Event of Default has occurred and is continuing after giving effect to such Revocation.

(c) Any such Designation or Revocation shall be evidenced to the Trustee by filing with the Trustee a certified copy of the resolution of the Board of Directors of the Company giving effect to such Designation or Revocation, as the case may be, and an Officers' Certificate certifying that such Designation or Revocation complied with the foregoing conditions.

(d) A Revocation will be deemed to be an Incurrence of Indebtedness by a Restricted Subsidiary of any outstanding Indebtedness of such Unrestricted Subsidiary. If, at any time, any Unrestricted Subsidiary would fail to meet the foregoing requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture, and any Indebtedness of such Subsidiary shall be deemed to be Incurred as of such date.

Section 4.14 Transactions with Affiliates.

(a) The Company will not, and will not permit any of the Restricted Subsidiaries to, directly or indirectly, enter into or conduct any transaction (including the

purchase, sale, lease or exchange of any property or asset or the rendering of any service) with any Affiliate of any Issuer (an "Affiliate Transaction"), unless:

(1) the terms of such Affiliate Transaction are no less favorable to the Company or such Restricted Subsidiary, as the case may be, than those that could have been obtained by the Company or such Restricted Subsidiary in a comparable transaction at the time of such transaction in arms' length dealings with a Person that is not an Affiliate; and

(2) in the event such Affiliate Transaction involves an aggregate consideration in excess of $25.0 million, the terms of such transaction have been approved by a majority of the members of the Board of Directors of the Company and by a majority of the members of such Board of Directors having no personal stake in such transaction, if any (and each such majority determines that such Affiliate Transaction satisfies the criteria in clause (1) of this Section 4.14(a)).

(b) Section 4.14(a) will not apply to:

(1) any transaction between the Company and a Restricted Subsidiary or between Restricted Subsidiaries and any Guarantees issued by the Company or a Restricted Subsidiary for the benefit of the Company or a Restricted Subsidiary, as the case may be, in accordance with Section 4.09;

(2) Restricted Payments permitted to be made pursuant to Section 4.08 or Permitted Investments (other than Permitted Investments made pursuant to clause (2), (10), (13) or (14) of the definition thereof);

(3) any issuance of securities or other payments, awards or grants in cash, securities or otherwise pursuant to, or as the funding of, employment agreements and other compensation arrangements, options to purchase Capital Stock of the Company or the Co-Issuer, restricted stock plans, long-term incentive plans, stock appreciation rights plans, participation plans or similar employee benefits plans and/or indemnity provided on behalf of officers and employees approved by the Board of Directors of the Company;

(4) the payment of reasonable and customary fees paid to and indemnity provided on behalf of, directors of the Company or any Restricted Subsidiary;

(5) loans or advances to employees, officers or directors of the Company or any Restricted Subsidiary in the ordinary course of business consistent with past practices, in an aggregate amount not in excess of $1.0 million (without giving effect to the forgiveness of any such loan);

(6) the Shareholders Agreement, the LP Operating Agreement, the Operating Services Agreement, the Marketing Agreement, the AMS Offtake Agreement or any other agreement in effect on the Issue Date, as such agreement may be amended, modified, supplemented, extended or renewed from time to time, so long as any such amendment, modification, supplement, extension or renewal is not, in the good faith

judgment of the Board of Directors of the Company, disadvantageous to the Holders in any material respect;

(7) any agreement between any Person and an Affiliate of such Person existing at the time such Person is acquired by or merged into the Company or a Restricted Subsidiary; *provided* that such agreement was not entered into in contemplation of such acquisition or merger, and any amendment thereto, so long as any such amendment is not disadvantageous to the Holders in the good faith judgment of the Board of Directors of the Company, when taken as a whole, as compared to the applicable agreement as in effect on the date of such acquisition or merger;

(8) transactions with customers, clients, suppliers, joint venture partners or purchasers or sellers of goods or services, in each case in the ordinary course of the business of the Company and its Restricted Subsidiaries and otherwise in compliance with the terms of this Indenture; *provided* that in the reasonable determination of the members of the Board of Directors of the Company and Senior Management, such transactions are on terms that are no less favorable to the Issuers or the relevant Restricted Subsidiary than those that could have been obtained at the time of such transactions in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person;

(9) any grant, issuance or sale of Capital Stock of the Company (other than Disqualified Stock) to Affiliates of the Issuers and the granting of registration and other customary rights in connection therewith; and

(10) transactions in which the Company or any Restricted Subsidiary delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Company or such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable than those that could have been obtained by the Company or such Restricted Subsidiary in a comparable transaction at such time on an arms' length basis from a Person that is not an Affiliate.

Section 4.15 Offer to Repurchase Upon Change of Control.

(a) If a Change of Control occurs, unless the Issuers have exercised their right to redeem all of the Notes pursuant to Sections 3.03 and 3.07, the Issuers will make an offer to purchase all of the Notes (the "Change of Control Offer") at a purchase price in cash equal to 101% of the principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the date of purchase (the "Change of Control Payment"), subject to the right of Holders of record on a Record Date to receive any interest due on the Change of Control Payment Date. Within 30 days following any Change of Control, unless the Issuers have exercised their right to redeem all of the Notes pursuant to Sections 3.03 and 3.07, the Issuers will mail (or deliver by electronic transmission in accordance with the applicable procedures of the Depositary) a notice of such Change of Control Offer to each Holder or otherwise deliver notice in accordance with the applicable procedures of the Depositary, with a copy to the Trustee, stating:

(1) that a Change of Control Offer is being made pursuant to this Section 4.15, the expiration time for such Change of Control Offer (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or otherwise delivered in accordance with the applicable procedures of the Depositary) and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for purchase by the Issuers at a purchase price in cash equal to 101% of the principal amount of such Notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the applicable Record Date to receive interest due on the Change of Control Payment Date);

(2) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or otherwise delivered in accordance with the applicable procedures of DTC) (the "Change of Control Payment Date");

(3) that Notes must be tendered in integral multiples of $1,000, and any Note not properly tendered will remain outstanding and continue to accrue interest (subject to clause (7) below);

(4) that, unless the Issuers default in the payment of the Change of Control Payment, any Note accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on and after the Change of Control Payment Date;

(5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled "Option of Holder to Elect Purchase" attached to such Notes completed, to the Paying Agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6) that Holders shall be entitled to withdraw their tendered Notes and their election to require the Issuers to purchase such Notes; *provided* that the Paying Agent receives at the address specified in the notice, not later than the expiration time of such Change of Control Offer, a PDF or facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;

(7) that, if a Holder is tendering less than all of its Notes, such Holder will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered (the unpurchased portion of the Notes must be equal to $2,000 or an integral multiple of $1,000 in excess thereof); and

(8) the other procedures, as determined by the Issuers, consistent with this Section 4.15 that a Holder must follow.

The notice, if mailed or otherwise delivered in a manner herein provided, shall be conclusively presumed to have been given, whether or not the Holder receives such notice. If (A) the notice is mailed or delivered in a manner herein provided and (B) any Holder fails to receive such notice or a Holder receives such notice but it is defective, such Holder's failure to receive such notice or

such defect shall not affect the validity of the proceedings for the purchase of the Notes as to all other Holders that properly received such notice without defect.

(b) On the Change of Control Payment Date, the Issuers will, to the extent lawful:

(1) accept for payment all Notes or portions of Notes (in integral multiples of $1,000) properly tendered pursuant to the Change of Control Offer; *provided* that if, following repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately after such repurchase would be less than $2,000, then the portion of such Note so repurchased shall be reduced so that the remaining principal amount of such Note outstanding immediately after such repurchase is $2,000;

(2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes so tendered; and

(3) deliver or cause to be delivered to the Trustee for cancellation the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuers in accordance with this Section 4.15.

(c) To the extent funded by the Issuers, the Paying Agent will promptly pay (or otherwise deliver in accordance with the applicable procedures of the Depositary) to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly, upon receipt of an Authentication Order, authenticate and mail (or otherwise deliver in accordance with the applicable procedures of the Depositary) (or cause to be transferred by book entry) to each Holder a new Note (it being understood that, notwithstanding anything in this Indenture to the contrary, no Opinion of Counsel or Officers' Certificate will be required for the Trustee to authenticate and mail or deliver such new Note) equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a minimum principal amount of $2,000 or integral multiples of $1,000 in excess thereof.

(d) If the Change of Control Payment Date is on or after a Record Date and on or before the related Interest Payment Date, accrued and unpaid interest to, but excluding, the Change of Control Payment Date will be paid on the Change of Control Payment Date to the Person in whose name a Note is registered at the close of business on such Record Date.

(e) Prior to making a Change of Control Payment, and as a condition to such payment (1) the requisite lenders or holders of Indebtedness incurred or issued under a credit facility, an indenture or other agreement that may be violated by such payment shall have consented to such Change of Control Payment being made and waived the event of default, if any, caused by the Change of Control, and the Issuers shall deliver to the Paying Agent and the Trustee an Officers' Certificate certifying that such consent or waiver has been obtained or (2) the Issuers will repay all outstanding Indebtedness incurred or issued under a credit facility, an indenture or other agreement that may be violated by a Change of Control Payment or the Issuers will offer to repay all such Indebtedness, make payment to the lenders or holders of such Indebtedness that accept such offer and obtain waivers of any event of default arising under the

relevant credit facility, indenture or other agreement from the remaining lenders or holders of such Indebtedness. The Issuers covenant to effect such repayment or obtain such consent prior to the Issuers' making a Change of Control Payment, it being a default of the Change of Control provisions of this Indenture if the Issuers fail to comply with such covenant.

(f) The Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Section 4.15 applicable to a Change of Control Offer made by the Issuers and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

(g) The Issuers will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with provisions of this Indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by virtue of the conflict.

(h) Other than as specifically provided in this Section 4.15, any purchase pursuant to this Section 4.15 shall be made pursuant to the provisions of Sections 3.02, 3.05 and 3.06.

(i) If Holders of not less than 90% in aggregate principal amount of the outstanding Notes properly tender such Notes pursuant to the Change of Control Offer and the Issuers purchase all of the Notes properly tendered by such Holders, the Issuers shall have the right upon notice to the Holders (with a copy to the Trustee) given not more than 60 days following the applicable Change of Control Payment Date (and not less than 30 days prior to the Change of Control Payment Date), to redeem on the date of redemption pursuant to the Change of Control Offer, any and all Notes that would remain outstanding following such Change of Control Offer, at a price in cash equal to the Change of Control Payment.

Section 4.16 Asset Dispositions.

(a) The Issuers will not, and will not permit any of the Subsidiary Guarantors to, make any Asset Disposition of Collateral unless:

(1) such Issuer or such Subsidiary Guarantor, as the case may be, receives consideration at least equal to the Fair Market Value (such Fair Market Value to be determined on the date of contractually agreeing to such Asset Disposition) of the shares and assets subject to such Asset Disposition;

(2) at least 75% of the consideration from such Asset Disposition received by the Issuers or such Subsidiary Guarantor, as the case may be, is in the form of cash or Cash Equivalents;

(3) to the extent that any consideration from such Asset Disposition that is not in the form of cash or Cash Equivalents is of a type or class that constitutes Collateral then reasonably promptly following its acquisition it shall be pledged under the

Collateral Documents, with the Lien on such Collateral securing the Notes being of the same priority with respect to the Notes as the Lien on the assets disposed of; and

(4) the Net Available Cash from any such Asset Disposition is paid directly by the purchaser thereof to the Collateral Agent to be held in trust in a Collateral Account for application in accordance with this covenant.

All of the Net Available Cash received from a Recovery Event shall be deposited directly into the Collateral Account. Notwithstanding the foregoing provisions, the Issuers and the Subsidiary Guarantors will not be required to cause any Net Available Cash to be held in a Collateral Account in accordance with the preceding sentence and clause (4) above except to the extent the aggregate Net Available Cash from all Asset Dispositions of Collateral and Recovery Events that (x) are not held in a Collateral Account and (y) have not been previously applied in accordance with the provisions of the following paragraphs relating to the application of Net Available Cash from Asset Dispositions of Collateral and Recovery Events, exceed $25.0 million.

Subject to the terms of the Intercreditor Agreement(s), if applicable, an amount equal to 100% of the Net Available Cash from any Asset Disposition of Collateral or Recovery Event shall (including withdrawing from the Collateral Account), within 365 days from the later of (i) the date of such Asset Disposition or Recovery Event and (ii) the date of receipt of such Net Available Cash, at the Company's election, (A) be used by the Issuers or a Subsidiary Guarantor to invest in Additional Assets (which may include a restoration or replacement (including, without limitation, repairing, rebuilding and reconstructing) of the affected Collateral in the event of a Recovery Event), which Additional Assets must constitute Collateral and that are reasonably promptly following their acquisition pledged under the Collateral Documents (or, in the case of real property, subject to a Mortgage as and when required by the provisions described in Section 10.05), with the Lien on such Collateral securing the Notes being of the same priority with respect to the Notes as the Lien on the assets disposed, (B) be used to permanently reduce obligations under, permanently prepay or permanently repay (and permanently reduce commitments with respect thereto) (x) Priority Payment Lien Obligations or (y) Pari Passu Payment Lien Obligations (other than Indebtedness owed to the Company, any of its Restricted Subsidiaries or an Affiliate of the Company or any Restricted Subsidiary); *provided* that, in the case of Pari Passu Payment Lien Obligations, the Issuers shall offer to repurchase an equal and ratable amount of the Notes, on a *pro rata* basis, (based on the aggregate outstanding principal amount of the Notes and Pari Passu Payment Lien Obligations combined) at a purchase price equal to 100% of the principal amount thereof in accordance with the procedures set forth in Section 3.10 for an Asset Disposition Offer) to all Holders plus the amount of accrued but unpaid interest, if any, on the Notes that are so repurchased; *provided, further*, that in no event shall the Issuers be obligated to repurchase in aggregate combined Notes, Priority Payment Lien Obligations and Pari Passu Payment Lien Obligations in excess of the amount of such Net Available Cash or (C) be applied toward a Collateral Disposition Offer as Excess Collateral Proceeds (as defined and as provided below), including any Debt Facility; *provided*, *further*, that in the case of clause (A), a binding commitment to invest in Additional Assets shall be treated as a permitted application of the Net Available Cash from the date of such commitment so long as the Company, the Co-Issuer or a Subsidiary Guarantor enters into such commitment with the good faith expectation that such Net Available Cash will be applied to satisfy such commitment

within 180 days of such commitment (an "Acceptable Collateral Commitment") and such Net Available Cash is actually applied in such manner within the later of 365 days from the consummation of the Asset Disposition and 180 days from the date of the Acceptable Collateral Commitment.

Any Net Available Cash from Asset Dispositions of Collateral or Recovery Events that is not applied or invested as provided in the preceding paragraph will be deemed to constitute "Excess Collateral Proceeds." On the 366th day after an Asset Disposition, if the aggregate amount of Excess Collateral Proceeds from such Asset Disposition of Collateral or Recovery Event and all other Asset Dispositions of Collateral or Recovery Event not applied as provided in the previous paragraph exceeds $25.0 million, the Issuers will be required to make an offer (a "Collateral Disposition Offer") to all Holders and, to the extent required by the terms of any outstanding Pari Passu Payment Lien Obligations, on a *pro rata* basis, to all holders of such Pari Passu Payment Lien Obligations, to purchase the maximum aggregate principal amount of Notes and any such Pari Passu Payment Lien Obligations that may be purchased out of the Excess Collateral Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the date of purchase (subject to the right of Holders of record on a record date to receive interest due on the date of purchase), in accordance with the procedures set forth in Section 3.10 or the agreements governing the Pari Passu Payment Lien Obligations, as applicable, in each case in minimum denominations of $2,000 and integral multiples of $1,000 in excess thereof; *provided* that if, following repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately after such repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately after such repurchase would be less than $2,000, then the portion of such Note so repurchased shall be reduced so that the remaining principal amount of such Note outstanding immediately after such repurchase is $2,000. The Issuers shall commence a Collateral Disposition Offer with respect to Excess Collateral Proceeds by mailing (or otherwise communicating in accordance with the procedures of DTC) the notice required pursuant to the terms of this Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Notes and Pari Passu Payment Lien Obligations validly tendered and not properly withdrawn pursuant to a Collateral Disposition Offer is less than the Excess Collateral Proceeds, the Issuers may use any remaining Excess Collateral Proceeds for general corporate purposes, subject to other covenants contained in this Indenture and the Collateral Documents. If the aggregate principal amount of Notes surrendered by Holders thereof and other Pari Passu Payment Lien Obligations surrendered by holders or lenders thereof, collectively, exceeds the amount of Excess Collateral Proceeds, the Trustee shall select the Notes and the Issuers shall select such Pari Passu Payment Lien Obligations to be purchased on a *pro rata* basis on the basis of the aggregate accreted value or principal amount of tendered Notes and Pari Passu Payment Lien Obligations. Upon completion of such Collateral Disposition Offer, the amount of Excess Collateral Proceeds shall be reset at zero.

(b) The Issuers will not, and will not permit any of their Restricted Subsidiaries to, cause or make any Asset Disposition (other than an Asset Disposition of Collateral, which shall be treated in the manner set forth in paragraph (a) above), unless:

(1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at least equal to the Fair Market Value (such Fair Market Value to

be determined on the date of contractually agreeing to such Asset Disposition) of the shares and assets subject to such Asset Disposition;

(2) at least 75% of the consideration from such Asset Disposition received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; and

(3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company or such Restricted Subsidiary, as the case may be, within 365 days from the later of the date of such Asset Disposition or the receipt of such Net Available Cash, as follows:

(A) to permanently reduce obligations under other Indebtedness of the Company (other than any Disqualified Stock or Subordinated Obligations) or Indebtedness of a Restricted Subsidiary (other than any Disqualified Stock or Guarantor Subordinated Obligations), in each case other than Indebtedness owed to the Company, a Restricted Subsidiary, any Equity Holder or any other Affiliate of the Company, a Restricted Subsidiary or the Equity Holder; or

(B) to invest in Additional Assets; *provided* that, to the extent such Additional Assets are of the type that would constitute Collateral under the Collateral Documents, such Additional Assets are concurrently added to the Collateral securing the Notes and the Note Guarantees in the manner and to the extent required in this Indenture or any of the Collateral Documents;

provided that pending the final application of any such Net Available Cash in accordance with clause (A) or (B) of this Section 4.16(b)(3), the Company and its Restricted Subsidiaries may temporarily reduce Indebtedness (including under a revolving Debt Facility) or otherwise invest such Net Available Cash in any manner not prohibited by this Indenture; *provided*, *further*, that in the case of clause (B) of this Section 4.16(b)(3), a binding commitment to invest in Additional Assets shall be treated as a permitted application of the Net Available Cash from the date of such commitment so long as the Company or a Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Available Cash will be applied to satisfy such commitment within 180 days of such commitment (an "Acceptable Commitment") and such Net Available Cash is actually applied in such manner within the later of 365 days from the consummation of the Asset Disposition and 180 days from the date of the Acceptable Commitment.

Any Net Available Cash from Asset Dispositions under this clause (b) that is not applied or invested as provided in the preceding paragraph will be deemed to constitute "Excess Proceeds." On the 366th day after an Asset Disposition, if the aggregate amount of Excess Proceeds from such Asset Disposition and all other Asset Dispositions (other than Asset Dispositions of Collateral, which shall be treated in the manner set forth in paragraph (a) above) not applied or applied as provided in the previous paragraph, exceeds $25.0 million, the Issuers will be required to make an offer (an "Asset Disposition Offer") to all Holders and, to the extent required by the terms of any outstanding Pari Passu Indebtedness, to all holders of such Pari Passu Indebtedness, on a *pro rata* basis, to purchase the maximum aggregate principal amount of

Notes and any such Pari Passu Indebtedness that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the date of purchase (subject to the right of Holders of record on a Record Date to receive interest due on the Asset Disposition Purchase Date), in accordance with the procedures set forth in Section 3.10 or the agreements governing the Pari Passu Indebtedness, as applicable, in each case in minimum denominations of $2,000 and integral multiples of $1,000 in excess thereof. The Issuers shall commence an Asset Disposition Offer with respect to Excess Proceeds by mailing (or otherwise communicating in accordance with the procedures of DTC) the notice required pursuant to Section 3.10, with a copy to the Trustee.

To the extent that the aggregate amount of Notes and Pari Passu Indebtedness validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, the Issuers may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in this Indenture. If the aggregate principal amount of Notes surrendered by Holders thereof and other Pari Passu Indebtedness surrendered by holders or lenders thereof, collectively, exceeds the amount of Excess Proceeds, the Issuers shall select the Notes and the Issuers shall select the Pari Passu Indebtedness to be purchased on a *pro rata* basis on the basis of the aggregate accreted value or principal amount of tendered Notes and Pari Passu Indebtedness. Upon completion of such Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero.

(c) For the purposes of Section 4.16(a)(2) and Section 4.16(b)(2) and for no other purpose, the following will be deemed to be cash:

(1) any liabilities (as shown on the Company's or such Restricted Subsidiary's most recent balance sheet) of the Company or any Restricted Subsidiary (other than (x) for purposes of clause (a)(2) of this Section 4.16, liabilities that are by their terms subordinated to the Notes or the Note Guarantees or are Junior Lien Obligations or Senior Unsecured Pari Passu Indebtedness or liabilities of a Non-Guarantor Subsidiary and (y) for purposes of clause (b)(2) of this Section 4.16, liabilities that are by their terms subordinated to the Notes or the Note Guarantees) that are assumed by the transferee of any such assets and from which the Company and all Restricted Subsidiaries have been validly released by all creditors in writing;

(2) any securities, notes or other obligations received by the Company or any Restricted Subsidiary from the transferee that are converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received) within 90 days following the closing of such Asset Disposition; and

(3) any Designated Noncash Consideration received by the Company or any of its Restricted Subsidiaries from the transferee having an aggregate Fair Market Value, taken together with all other Designated Noncash Consideration received pursuant to this clause (3) that is at that time outstanding, not to exceed the greater of (x) $75.0 million and (y) 4.50% Consolidated Net Tangible Assets at the time of the receipt of such Designated Noncash Consideration (with the Fair Market Value of each item of

Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value).

(d) The Issuers will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to a Collateral Disposition Offer or an Asset Disposition Offer. To the extent that the provisions of any securities laws or regulations conflict with provisions of this Indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by virtue of any conflict.

(e) The Company will not, and will not permit any Restricted Subsidiary to, engage in any Asset Swaps, unless:

(1) at the time of entering into such Asset Swap and immediately after giving effect to such Asset Swap, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) in the event such Asset Swap involves the transfer by the Company or any Restricted Subsidiary of assets having an aggregate Fair Market Value, as determined by the Board of Directors of the Company in good faith, in excess of $10.0 million, the terms of such Asset Swap have been approved by a majority of the disinterested members of the Board of Directors of the Company; and

(3) (i) to the extent that any asset transferred to a third party in an Asset Swap is of a type or class that constitutes Collateral then the assets received therefor must be of a type or class that constitutes Collateral and (ii) to the extent that any asset received in an Asset Swap (whether or not pursuant to clause (i)) is of the type that would constitute Collateral under the Collateral Documents, such asset is reasonably promptly added to the Collateral securing the Notes and the Note Guarantees in the manner and to the extent required in this Indenture and the Collateral Documents.

Section 4.17 Additional Amounts

(a) All payments (including any premium paid upon redemption of the Notes) by the Issuers or any Subsidiary Guarantors or any successor to the foregoing in respect of the Notes and will be made free and clear of, and without withholding or deduction for or on account of, any Taxes imposed or levied by or on behalf of Canada, or already covered by any authority therein or thereof or any other jurisdictions in which the Issuers or any Subsidiary Guarantors are organized, doing business or otherwise subject to the power to tax, or any jurisdiction from or through which payments are made by or on behalf of one of the Issuers (any of the aforementioned being a "Taxing Jurisdiction"), unless either Issuer or a Subsidiary Guarantor is required by law to deduct or withhold such Taxes. In such event, such Issuer or Subsidiary Guarantor will make such deduction or withholding, make payment of the amount so withheld to the appropriate Governmental Authority and pay such additional amounts as may be necessary to ensure that the net amounts receivable by Holders of Notes (or beneficial owner of such payment) after such withholding or deduction shall equal the respective amounts of principal and

interest (or other amounts stated to be payable under the Notes) which would have been receivable in respect of the Notes in the absence of such withholding or deduction. Notwithstanding the foregoing, no such additional amounts shall be payable:

(1) to, or to a third party on behalf of, a Holder (or beneficial owner of Notes) who is liable for such Taxes in respect of such Note by reason of (i) the existence of any present or former connection between such Holder (or between a fiduciary, settlor, beneficiary, member or shareholder of such Holder, if such Holder is an estate, a trust, a partnership, or a corporation) and the relevant Taxing Jurisdiction, including, without limitation, such Holder (or such fiduciary, settlor, beneficiary, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in a trade or business or present therein or having, or having had, a permanent establishment therein, other than the mere holding of the Note or enforcement of rights under this Indenture and the receipt of payments with respect to the Note or (ii) the applicable Holder or beneficial owner not dealing at arm's length (for purposes of the ITA) with the payer of such payment;

(2) in respect of Notes surrendered or presented for payment (if surrender or presentment is required) more than 30 days after the Relevant Date except to the extent that payments under such Note would have been subject to withholdings and the Holder of such Note would have been entitled to such additional amounts, on surrender of such Note for payment on the last day of such period of 30 days;

(3) in respect of any such Taxes imposed on or measured by net income (however denominated), franchise Taxes, and branch profits Taxes, in each case, imposed as a result of the applicable Holder or beneficial owner of such payment being organized under the laws of or having its principal office or applicable lending office located in the jurisdiction imposing such Taxes (or any political subdivision thereof);

(4) to, or to a third party on behalf of, a Holder who is liable for such Taxes by reason of such Holder's failure to comply, with any certification, identification, documentation or other reporting requirement concerning the nationality, residence, identity or connection with the relevant Taxing Jurisdiction of such Holder, if (a) compliance is required by law as a precondition to, exemption from, or reduction in the rate of, the tax, assessment or other governmental charge and (b) the Issuer has given the Holders at least 30 days' notice that Holders will be required to provide such certification, identification, documentation or other requirement;

(5) in respect of any estate, inheritance, gift, sales, transfer, capital gains, excise or personal property or similar Tax;

(6) in respect of any Tax which is payable other than by deduction or withholding from payments of principal of (including premium) or interest on the Note;

(7) any Taxes assessed or imposed by reason of the Holder or beneficial owner of such payment being a "specified shareholder" as defined in subsection 18(5) of the ITA of the payer of such payment (or, where the payer is the Co-

Issuer, of a partner of the Co-Issuer) or not dealing at arm's length (for purposes of the ITA) with a "specified shareholder" of the payer of such payment (or, where the payer is the Co-Issuer, of a partner of the Co-Issuer); or

(8) in respect of any combination Sections 4.17(a)(1) through 4.17(a)(7).

Notwithstanding anything to the contrary in this Section 4.17(a), none of the Issuers, any Subsidiary Guarantors, the Paying Agent or any other person shall be required to pay any additional amounts with respect to any payment in respect of any taxes imposed under Sections 1471 through 1474 of the Code, any successor law or regulation implementing or complying with, or introduced in order to conform to, such sections or any intergovernmental agreement or any agreement entered into pursuant to Section 1471(b)(1) of the Code.

(b) No additional amounts shall be paid with respect to any payment on a Note to a Holder or beneficial owner of a payment who is a fiduciary, a partnership, a limited liability company or other than the sole beneficial owner of that payment to the extent that payment would be required by the relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership, an interest Holder in a limited liability company or a beneficial owner who would not have been entitled to the additional amounts had that beneficiary, settlor, member or beneficial owner been the Holder.

(c) The Issuers shall furnish to the Holders (with a copy to the Trustee), within 30 days after the date the payment of any Taxes so deducted or withheld is due pursuant to applicable law, either certified copies of tax receipts evidencing such payment by the Issuer, or, if such receipts are not obtainable, other evidence of such payments by the Issuer reasonably satisfactory to the Holders.

(d) Any reference in this Indenture or the Notes to the principal, interest or any other amount payable in respect of the Notes by the Issuers will be deemed also to refer to any additional amount, unless the context requires otherwise, that may be payable with respect to that amount under the obligations referred to in this Section 4.17.

(e) The foregoing obligations of this Section 4.17 will survive the merger of either Issuer, any Subsidiary Guarantor or any successor to the foregoing, and will survive termination or discharge of this Indenture.

Section 4.18 Documentary Taxes

The Issuers shall pay when due any present or future stamp, transfer, court or documentary taxes or any other excise or property taxes, charges or similar levies imposed by Canada (or any political subdivision or Governmental Authority thereof or therein having power to tax) with respect to the Notes or any other document or instrument relating thereto.

Section 4.19 Discharge and Suspension of Covenants

(a) If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both of the Rating Agencies and (ii) no Default has occurred and is continuing under this Indenture, then, beginning on that date (a "Covenant Suspension Event"), the Company and its Restricted Subsidiaries will not be subject to Section 4.16 hereof, Section 4.08 hereof, Section 4.09 hereof, Section 4.11 hereof, Section 4.12 hereof, Section 4.14 hereof and clause (4) of Section 5.01(a) hereof (collectively, the "Suspended Covenants").

(b) If at any time the Notes' credit rating is downgraded from an Investment Grade Rating by either Rating Agency or if a Default or Event of Default occurs and is continuing, then the Suspended Covenants will thereafter be reinstated as if such covenants had never been suspended (the "Reinstatement Date") and be applicable pursuant to the terms of this Indenture (including in connection with performing any calculation or assessment to determine compliance with the terms of this Indenture), unless and until the Notes subsequently attain an Investment Grade Rating from both of the Rating Agencies and no Default or Event of Default is in existence (in which event the Suspended Covenants shall no longer be in effect for such time that the Notes maintain an Investment Grade Rating from both of the Rating Agencies and no Default or Event of Default is in existence); *provided*, *however*, that no Default, Event of Default or breach of any kind shall be deemed to exist under the Notes, this Indenture with respect to the Suspended Covenants based on, and none of the Company or any of its Restricted Subsidiaries shall bear any liability for, any actions taken or events occurring during the Suspension Period (as defined below), regardless of whether such actions or events would have been permitted if the applicable Suspended Covenants remained in effect during such period. The period of time between the date of the Covenant Suspension Event and the Reinstatement Date is referred to as the "Suspension Period."

(c) On the Reinstatement Date, all Indebtedness Incurred during the Suspension Period will be classified to have been Incurred pursuant to Section 4.09(a) or 4.09(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reinstatement Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reinstatement Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 4.09(a) or 4.09(b), such Indebtedness will be deemed to have been outstanding on the Issue Date, so that it is classified under Section 4.09(b)(4). Calculations made after the Reinstatement Date of the amount available to be made as Restricted Payments under Section 4.08 will be made as though such covenant described had been in effect since the Issue Date and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under the Section 4.08(a).

(d) During any Suspension Period, the Board of Directors of the Company may not designate any of the Company's Subsidiaries as Unrestricted Subsidiaries.

(e) The Issuers shall deliver promptly to the Trustee an Officers' Certificate notifying it of any such occurrence of a Covenant Suspension Event or Reinstatement Date under this Section 4.19.

(f) The Trustee shall have no duty to monitor the ratings of the Notes, determine whether a Covenant Suspension Event or Reinstatement Date has occurred or notify Holders of the same.

ARTICLE 5

SUCCESSORS

(a) Neither Issuer may consolidate with or amalgamate with or merge with or into or wind up into (whether or not such Issuer is the surviving entity), or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets, in one or more related transactions, to any Person unless:

(1) the resulting surviving or transferee Person (the "Successor Company") is a corporation, a limited liability company or, in the case of the Co-Issuer, a limited partnership organized and existing under the laws of Canada, the United States, any state, province or territory thereof or the District of Columbia; *provided*, *however*, that if such entity is not a corporation, a co-obligor of the Notes is a corporation organized or existing under such laws (it being understood that the requirement of this proviso may be satisfied by the Company);

(2) the Successor Company (if other than such Issuer) expressly assumes all of the obligations of such Issuer under the Notes, this Indenture, the Collateral Documents and the Intercreditor Agreement(s), pursuant to an amendment, supplemental indenture, joinder or other documents or instruments, and the Successor Company shall cause such amendments, supplements or other instruments to be executed, filed and recorded in such jurisdictions as may be required by applicable law to preserve and protect the Lien on the Collateral owned by or transferred to such Successor Company, together with such financing statements or comparable documents as may be required to perfect any security interests in such Collateral which may be perfected by the filing of a financing statement or a similar document under the Uniform Commercial Code or other similar statute or regulation of the relevant states or jurisdictions;

(3) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

(4) immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period, the Successor Company or such Issuer would be able to Incur at least $1.00 of additional Indebtedness pursuant to Section 4.09(a);

(5) each Guarantor and the other Issuer (unless it is the other party to the transactions described above, in which case Section 5.01(c)(1) shall apply (other than in the case of the Issuer)) shall have by supplemental indenture confirmed that its obligations under the Notes or its Note Guarantee, as applicable, shall apply to such Person's obligations under this Indenture and the Notes and shall have by written

agreement confirmed that its obligations under the Collateral Documents and the Intercreditor Agreement(s), shall continue to be in effect and shall cause such amendments, supplements or other instruments to be executed, filed and recorded in such jurisdictions as may be required by applicable law to preserve and protect the Lien on the Collateral owned by such Guarantor, together with such financing statements or comparable documents as may be required to perfect any security interests in such Collateral which may be perfected by the filing of a financing statement or a similar document under the Uniform Commercial Code or other similar statute or regulation of the relevant states or jurisdictions; and

(6) such Issuer shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, winding up or disposition, and such supplemental indenture, if any, comply with this Indenture.

(b) Subject to certain limitations set forth in this Indenture, the Successor Company will succeed to, and be substituted for, such Issuer, as the case may be, under this Indenture, the Notes, the Note Guarantees, the Collateral Documents and the Intercreditor Agreement(s). Notwithstanding clause (4) of Section 5.01(a):

(1) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to the Company or the Co-Issuer so long as no Capital Stock of the Restricted Subsidiary is distributed to any Person other than the Company or the Co-Issuer; *provided* that, in the case of a Restricted Subsidiary that merges into the Company or the Co-Issuer, the Company or the Co-Issuer will not be required to comply with Section 5.01(a)(6); and

(2) either of the Issuers may merge with an Affiliate of such Issuer solely for the purpose of reincorporating or forming such Issuer in another state, province or territory of Canada, the United States or the District of Columbia, so long as the amount of Indebtedness of the Issuers and the Restricted Subsidiaries is not increased thereby.

(c) The Issuers will not permit any Subsidiary Guarantor to consolidate with or amalgamate with or merge with or into or wind up into (whether or not such Guarantor is the surviving corporation), or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets, in one or more related transactions, to any Person (other than to either Issuer or another Subsidiary Guarantor) unless:

(1) (A) if such entity remains a Guarantor, the resulting, surviving or transferee Person (the "Successor Guarantor") is a Person (other than an individual) organized and existing under the laws of Canada, the United States, any state, province or territory thereof or the District of Columbia;

(B) the Successor Guarantor, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under this Indenture, the Notes and its Note Guarantee pursuant to a supplemental indenture or other documents or

instruments and assumes by written agreement all the obligations of such Guarantor under the Collateral Documents and the Intercreditor Agreement(s) and the Successor Guarantor shall cause such amendments, supplements or other instruments to be executed, filed and recorded in such jurisdictions as may be required by applicable law to preserve and protect the Lien on the Collateral owned by or transferred to such Successor Guarantor, together with such financing statements or comparable documents as may be required to perfect any security interests in such Collateral which may be perfected by the filing of a financing statement or a similar document under the Uniform Commercial Code or other similar statute or regulation of the relevant states or jurisdictions;

(C) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing; and

(D) the Issuers will have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, winding up or disposition and such supplemental indenture (if any) comply with this Indenture; or

(2) in the event the transaction results in the release of the Subsidiary's Note Guarantee under clause (1)(A) of Section 11.06(a), the transaction is made in compliance with Section 4.16 (it being understood that only such portion of the Net Available Cash as is required to be applied on the date of such transaction in accordance with the terms of this Indenture needs to be applied in accordance therewith at such time).

(d) Subject to certain limitations set forth in this Indenture, the Successor Guarantor will succeed to, and be substituted for, such Guarantor under this Indenture, the Note Guarantee of such Guarantor, the Collateral Documents and the Intercreditor Agreement(s). Notwithstanding the foregoing, any Subsidiary Guarantor may merge with or into or transfer all or part of its properties and assets to a Subsidiary Guarantor or merge with a Restricted Subsidiary of the Issuers, so long as the resulting entity remains or becomes a Subsidiary Guarantor.

(e) For purposes of this Section 5.01, the sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company, the Co-Issuer or a Guarantor, as the case may be, which properties and assets, if held by the Company, the Co-Issuer or such Guarantor instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company, the Co-Issuer or such Guarantor on a consolidated basis, will be deemed to be the disposition of all or substantially all of the properties and assets of the Company, the Co-Issuer or such Guarantor, as applicable.

Section 5.02 Successor Entity Substituted.

Upon any consolidation, merger, winding up, sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the assets of the Company, the Co-Issuer or a Guarantor in accordance with Section 5.01, the Company, the Co-Issuer or such Guarantor, as the case may be, will be released from its obligations under this Indenture, the

Collateral Documents, the Intercreditor Agreement(s), and the Notes or its Note Guarantee, as the case may be, and the Successor Company and the applicable Successor Guarantor, as the case may be, will succeed to, and be substituted for, and may exercise every right and power of, the Company, the Co-Issuer or such Guarantor, as the case may be, under this Indenture, the Notes, the Collateral Documents, the Intercreditor Agreement(s) and such Note Guarantee; *provided* that, in the case of a lease of all or substantially all their assets, the Company and the Co-Issuer will not be released from the obligation to pay the principal of and interest on the Notes, and a Guarantor will not be released from its obligations under its Note Guarantee.

ARTICLE 6

(A) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness; or

(B) results in the acceleration of such Indebtedness prior to its maturity;

(10) with respect to any Collateral having a fair market value in excess of $20.0 million, individually or in the aggregate, (A) the failure of the security interest with respect to such Collateral under the Collateral Documents, at any time, to be in full force and effect for any reason other than in accordance with their terms and the terms of this Indenture or the Intercreditor Agreement(s), which failure continues for 60 days or (B) the assertion by the Company, the Co-Issuer or any Guarantor, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable;

provided, *however*, that a Default under clauses (4) and (5) of this Section 6.01(a) will not constitute an Event of Default until the Trustee or the Holders of at least 25% in principal amount of the then outstanding Notes notify the Issuers of the Default (and in the case of notice given by the Holders to the Issuers, with a copy to the Trustee) and the Issuers do not cure such Default within the time specified in clauses (4) and (5) of this Section 6.01(a) after receipt of such notice.

Section 6.02 Acceleration.

(a) If an Event of Default (other than an Event of Default described in clause (8) of Section 6.01(a)) occurs and is continuing, the Trustee by written notice to the

Issuers, specifying the Event of Default, or the Holders of at least 25% in principal amount of the then outstanding Notes by notice to the Issuers and the Trustee may, declare the principal, Applicable Premium, if any, and accrued and unpaid interest, if any, on all the Notes to be due and payable. Upon such declaration, such principal, Applicable Premium, if any, and accrued and unpaid interest, if any, will be due and payable immediately. The Trustee shall have no obligation to accelerate the Notes if and so long as it in good faith, determines acceleration is not in the interests of the Holders.

(b) In case an Event of Default described in clause (8) of Section 6.01(a) occurs and is continuing, the principal of, Applicable Premium, if any, and accrued and unpaid interest, if any, on all the Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders.

(c) In the event of a declaration of acceleration of the Notes because an Event of Default described in clause (6) of Section 6.01(a) has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically annulled if:

(1) the default triggering such Event of Default pursuant to clause (6) of Section 6.01(a) shall be remedied or cured by the Company or a Restricted Subsidiary or waived by the holders of the relevant Indebtedness within 20 days after the declaration of acceleration with respect thereto; and

(2) (A) the annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction and (B) all existing Events of Default, except nonpayment of principal, premium, if any, or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived.

(d) For the avoidance of doubt, if the principal amount of the Notes is paid on or prior to July 15, 2021, the Applicable Premium provided under Section 3.07(c) shall be paid, even if such payment is made following acceleration of the Notes in accordance with the previous paragraph. The Issuers will pay the Applicable Premium, as compensation to the Holders for the loss of their investment opportunity and not as a penalty, whether or not an Event of Default specified in clause (8) of Section 6.01(a) has occurred and (if an Event of Default specified in clause (8) of Section 6.01(a) has occurred) without regard to whether the event causing such Event of Default is voluntary or involuntary, or whether payment occurs pursuant to a motion, plan of reorganization, or otherwise, and without regard to whether the Notes are satisfied or released by foreclosure (whether or not by power of judicial proceeding), deed in lieu of foreclosure or by any other means. Any Applicable Premium payable pursuant to this paragraph shall be presumed to be the liquidated damages sustained by each Holder as a result of the early repayment of the Notes and the Issuers agree that it is reasonable under the circumstances currently existing.

(e) Each Issuer hereby agrees (to the fullest extent it may lawfully do so) that: (A) the Applicable Premium is reasonable and the product of an arm's length transaction between sophisticated business people, ably represented by counsel; (B) the Applicable Premium shall be payable notwithstanding the then prevailing market rates at the time payment is made; (C) there has been a course of conduct between Holders and the Issuers giving specific

consideration in this transaction for such agreement to pay the Applicable Premium; and (D) the Issuers shall be estopped hereafter from claiming differently than as agreed to in this paragraph. The Issuers hereby acknowledge that their agreement to pay the Applicable Premium to the Trustee for the ratable benefit of the Holders as herein described is a material inducement to Holders to purchase the Notes.

(f) At any time after such a declaration of acceleration with respect to Notes has been made, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the Holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the Issuers and the Trustee, may rescind and annul such declaration and its consequences if:

(1) the Issuers have paid or deposited with the Trustee a sum sufficient to pay in U.S. dollars,

i. all overdue interest, if any, on all outstanding Notes,

ii. all unpaid principal of (and premium including the Applicable Premium, if any, on) any outstanding Notes which has become due otherwise than by such declaration of acceleration, and interest, if any, on such unpaid principal (and premium including the Applicable Premium, if any) at the rate or rates prescribed therefor in such Notes,

iii. to the extent that payment of such interest is lawful, interest on overdue interest, if any, at the rate or rates prescribed therefor in such Notes, and

iv. all sums paid or advanced by the Trustee and Collateral Agent hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee, Collateral Agent and each of their agents and counsel; and

(2) all Events of Default with respect to Notes other than the non-payment of amounts of principal of (or premium including the Applicable Premium, if any, on) or interest on Notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 6.04.

(g) No such rescission shall affect any subsequent default or impair any right consequent thereon.

(h) Notwithstanding Section 6.02(g), in the event of a declaration of acceleration in respect of the Notes because of an Event of Default specified in clause (8) of Section 6.01(a) shall have occurred and be continuing, such declaration of acceleration shall be automatically annulled if the Indebtedness that is the subject of such Event of Default has been discharged or otherwise paid in full.

(i) Upon the Trustee or Holders of not less than 25% in aggregate principal amount of the outstanding Notes providing any declaration of acceleration, or rescission and annulment thereof pursuant to this Section 6.02 with respect to Notes all or part of which is represented by a global note, a record date shall automatically and without any other action by

any Person be set for the purpose of determining the Holders of outstanding Notes entitled to join such declaration of acceleration, or rescission and annulment, as the case may be, which record date shall be the close of business on the date the Trustee or such Holders shall have provided such declaration of acceleration, or rescission and annulment, as the case may be. The Holders of outstanding Notes on such record date (or their duly appointed agents), and only such Persons, shall be entitled to join in such declaration of acceleration, or rescission and annulment, as the case may be, whether or not such Holders remain Holders after such record date; provided that, unless such declaration of acceleration, or rescission and annulment, as the case may be, shall have become effective by virtue of the requisite percentage having been obtained prior to the day which is 90 days after such record date (or their duly appointed agents), such declaration of acceleration, or rescission and annulment, as the case may by, shall automatically and without any action by any Person be cancelled and of no further effect. Nothing in this Section 6.02(i) shall prevent a Holder (or duly appointed agent thereof) from giving, before or after the expiration of such 90-day period, a declaration of acceleration, or a rescission and annulment of any such declaration, contrary to or different from a declaration previously given by a Holder, or from giving, after the expiration of such period, a declaration identical to a declaration of acceleration, or rescission and annulment thereof, as the case may be, that has been cancelled pursuant to the proviso to the preceding sentence, in any of which events a new record date shall be established pursuant to the provisions of this Section.

Section 6.03 Other Remedies.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal, premium, if any, and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder of a Note in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

Section 6.04 Waiver of Past Defaults.

The Holders of a majority in principal amount of the outstanding Notes by written notice to the Trustee may on behalf of all Holders waive any existing Default and its consequences hereunder, except:

(1) a continuing Default in the payment of the principal, premium, if any, or interest on any Note held by a non-consenting Holder (including in connection with a Collateral Disposition Offer, an Asset Disposition Offer or a Change of Control Offer); and

(2) a Default with respect to a provision that under Section 9.02 cannot be amended without the consent of each Holder affected,

provided that, subject to Section 6.02, the Holders of a majority in principal amount of the then outstanding Notes may rescind an acceleration and its consequences, including any related

payment default that resulted from such acceleration. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.05 Control by Majority.

The Holders of a majority in principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or the Collateral Agent of exercising any trust or power conferred on the Trustee or the Collateral Agent. However, the Trustee and the Collateral Agent, as the case may be, may refuse to follow any direction that conflicts with law, this Indenture, the Notes, any Note Guarantee, the Collateral Documents or the Intercreditor Agreement(s) or that the Trustee or the Collateral Agent determines in good faith is unduly prejudicial to the rights of any other Holder or that would involve the Trustee or the Collateral Agent in personal liability. Prior to taking any action under this Indenture, the Trustee or Collateral Agent shall be entitled to security or indemnity satisfactory to each of them in their sole discretion against any loss, liability or expense that may be incurred.

Section 6.06 Limitation on Suits.

Subject to Section 6.07, no Holder may pursue any remedy with respect to this Indenture or the Notes (subject to the Intercreditor Agreement(s)) unless:

(1) such Holder has previously given the Trustee written notice that an Event of Default is continuing;

(2) the Holders of at least 25% in principal amount of the then outstanding Notes have requested the Trustee to pursue the remedy;

(3) such Holders have offered the Trustee security or indemnity reasonably satisfactory to the Trustee against any loss, liability or expense;

(4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

(5) the Holders of a majority in principal amount of the then outstanding Notes have not given the Trustee a direction that, in the opinion of the Trustee, is inconsistent with such request within such 60-day period.

A Holder may not use this Indenture to prejudice the rights of another Holder or to obtain a preference or priority over another Holder (it being understood that the Trustee does not have an affirmative duty to ascertain whether or not such actions or forbearances are prejudicial to such Holders).

Section 6.07 Rights of Holders to Receive Payment.

Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of principal, premium, if any, and interest on its Note, on or after the respective due dates expressed or provided for in such Note (including in connection with a Collateral Disposition Offer, an Asset Disposition Offer or a Change of Control Offer), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.08 Collection Suit by Trustee.

If an Event of Default specified in Section 6.01(a)(1) or (2) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuers and any other obligor on the Notes for the whole amount of principal, premium, if any, and interest remaining unpaid on the Notes, together with interest on overdue principal and, to the extent lawful, interest and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee and its agents and counsel.

Section 6.09 Restoration of Rights and Remedies.

If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceedings, the Issuers, the Guarantors, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding has been instituted.

Section 6.10 Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.07, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy are, to the extent permitted by law, cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 6.11 Delay or Omission Not Waiver.

No delay or omission of the Trustee or of any Holder to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article 6 or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 6.12 Trustee May File Proofs of Claim.

The Trustee may file proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and the Holders of the Notes allowed in any judicial proceedings relative to the Issuers (or any other obligor upon the Notes, including the Guarantors), their creditors or their property and is entitled and empowered to participate as a member in any official committee of creditors appointed in such matter and to collect, receive and distribute any money or other property payable or deliverable on any such claims. Any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee and its agents and counsel, and any other amounts due the Trustee or the Collateral Agent under Section 7.07. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee or the Collateral Agent under Section 7.07 out of the estate in any such proceeding, shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.13 Priorities.

If the Trustee collects any money or property pursuant to this Article 6, it shall pay out the money in the following order:

(1) to the Trustee and the Collateral Agent and their respective agents and attorneys for amounts due under Section 7.07, including payment of all reasonable compensation, expenses and liabilities incurred, and all advances made, by the Trustee and the Collateral Agent and the costs and expenses of collection;

(2) Subject to the terms of the Intercreditor Agreement(s) to Holders for amounts due and unpaid on the Notes for principal, premium, if any, and interest ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, if any, and interest, respectively; and

(3) to the Issuers or to such party as a court of competent jurisdiction shall direct, including a Guarantor, if applicable.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.13. Promptly after any record date is set pursuant to this Section 6.13, the Trustee shall cause notice of such record date and payment date to be given to the Issuers and to each Holder in the manner set forth in Section 14.01.

Section 6.14 Undertaking for Costs.

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in such suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.14 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.07, or a suit by Holders of more than 10% in aggregate principal amount of the outstanding Notes.

ARTICLE 7

TRUSTEE

Section 7.01 Duties of Trustee.

(a) If an Event of Default has occurred and is continuing of which a Responsible Officer has actual knowledge or written notice thereof, the Trustee and the Collateral Agent will exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(1) the duties of the Trustee shall be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(2) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(c) The Trustee may not be relieved from liabilities for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(1) this paragraph does not limit the effect of paragraph (b) of this Section 7.01;

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved by a court of competent jurisdiction that the Trustee was negligent in ascertaining the pertinent facts; and

(3) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

(d) Whether or not therein expressly so provided, every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (b) and (c) of this Section 7.01.

(e) Subject to this Article 7, the Collateral Documents and the Intercreditor Agreement(s) if an Event of Default occurs and is continuing, the Trustee and the Collateral Agent will be under no obligation to exercise any of the rights or powers under this Indenture, Collateral Documents or the Intercreditor Agreement(s) the Notes and the Note Guarantees at the request or direction of any of the Holders unless such Holders have offered to the Trustee and the Collateral Agent, if applicable, indemnity or security satisfactory to each of them, respectively, against any loss, liability or expense.

(f) The Trustee shall not be liable for interest or investment income on any money received by it except as the Trustee may agree in writing with the Issuers. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(g) The right of the Trustee or an Agent to perform any discretionary or permissive act enumerated in this Indenture shall not be construed as a duty.

Section 7.02 Rights of Trustee.

(a) The Trustee may conclusively rely upon any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine in good faith to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Issuers, personally or by agent or attorney at the sole cost of the Issuers and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation.

(b) Before the Trustee acts or refrains from acting, it may require an Officers' Certificate or an Opinion of Counsel or both subject to the other provisions of this Indenture. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officers' Certificate or Opinion of Counsel. The Trustee may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within the rights or powers conferred upon it by this Indenture.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Company, the Co-Issuer or a Guarantor shall be sufficient if signed by an Officer of the Company, the Co-Issuer or such Guarantor.

Section 7.06 [RESERVED].

Section 7.07 Compensation and Indemnity.

(a) The Company, the Co-Issuer and the Guarantors, jointly and severally, shall pay to the Trustee and the Collateral Agent, and their respective officers, directors, employees, receivers and agents, from time to time such compensation for its acceptance of this Indenture and services hereunder as the parties shall agree in writing from time to time. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. (d) To secure the payment obligations of the Company, the Co-Issuer and the Guarantors in this Section 7.07, each of the Trustee and the Collateral Agent shall have a Lien prior to the Notes on all money or property held or collected by the Trustee or the Collateral Agent, as the case may be, except that held in trust to pay principal and interest on particular Notes. Such Lien shall survive the satisfaction and discharge of this Indenture or the earlier resignation or removal of the Trustee or the Collateral Agent, as the case may be.

(e) When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.01(a)(8) occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Code.

The Holders of a majority in aggregate principal amount of the then outstanding Notes may remove the Trustee or the Collateral Agent by so notifying the Trustee or the Collateral Agent, as the case may be, and the Issuers in writing. The Issuers may remove the Trustee or the Collateral Agent if:

(c) If a successor Trustee or a successor Collateral Agent does not take office within 45 days after the retiring Trustee or Collateral Agent resigns or is removed, the retiring Trustee or Collateral Agent (at the Issuers' expense), the Issuers or the Holders of at least 10% in aggregate principal amount of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee or successor Collateral Agent, as the case may be.

(d) If the Trustee, after written request by any Holder who has been a Holder for at least six months, fails to comply with Section 7.10, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) A successor Trustee or successor Collateral Agent shall deliver a written acceptance of its appointment to the retiring Trustee or Collateral Agent and to the Issuers. Thereupon, the resignation or removal of the retiring Trustee or Collateral Agent shall become effective, and the successor Trustee or Collateral Agent shall have all the rights, powers and duties of the Trustee or the Collateral Agent under this Indenture. The successor Trustee or Collateral Agent shall mail a notice of its succession to Holders. The retiring Trustee or Collateral Agent shall promptly transfer all property held by it as Trustee or Collateral Agent to the successor Trustee or Collateral Agent; *provided* that all sums owing to the Trustee or the Collateral Agent, as the case may be, hereunder have been paid and such transfer shall be subject to the Lien provided for in Section 7.07. Notwithstanding replacement of the Trustee or the Collateral Agent pursuant to this Section 7.08, the Issuers' obligations under Section 7.07 shall continue for the benefit of the retiring Trustee or Collateral Agent.

(f) As used in this Section 7.08, the term "Trustee" shall also include each Agent.

ARTICLE 8

LEGAL DEFEASANCE AND COVENANT DEFEASANCE

Section 8.01 Option to Effect Legal Defeasance or Covenant Defeasance.

The Issuers may, at their option and at any time, elect to have either Section 8.02 or Section 8.03 applied to all outstanding Notes upon compliance with the conditions set forth below in this Article 8.

Section 8.02 Legal Defeasance and Discharge.

(a) Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuers and the Guarantors shall, subject to the satisfaction of the conditions set forth in Section 8.04, be deemed to have been discharged from their obligations with respect to this Indenture, all outstanding Notes and Note Guarantees on the date the conditions set forth below are satisfied ("Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuers shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes, which shall thereafter be deemed to be "outstanding" only for the purposes of Section 8.05 and the other Sections of this Indenture referred to in clauses (1) through (4) below, and to have satisfied all of its other obligations under such Notes and this Indenture, including that of the Guarantors (and the Trustee, on demand of and at the expense of the Issuers, shall execute proper instruments acknowledging the same), except for the following provisions which shall survive until otherwise terminated or discharged hereunder:

(1) the rights of Holders to receive payments in respect of the principal, premium, if any, and interest on the Notes when such payments are due, solely out of the trust created pursuant to this Indenture referred to in Section 8.04;

(2) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for Note payments held in trust;

(3) the rights, powers, trusts, duties, indemnities and immunities of the Trustee and Collateral Agent, and the Issuers' obligations in connection therewith; and

(4) this Section 8.02.

(b) Following the Issuers' exercise of their Legal Defeasance option, payment of the Notes may not be accelerated because of an Event of Default.

(c) Subject to compliance with this Article 8, the Issuers may exercise their option under this Section 8.02 notwithstanding the prior exercise of its option under Section 8.03.

Section 8.03 Covenant Defeasance.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuers and the Guarantors shall, subject to the satisfaction of the conditions set forth in Section 8.04, be released from their obligations under the covenants contained in Sections 3.10, 4.03, 4.05, 4.06, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13, 4.14, 4.15 and 4.16, and clause (4) of Section 5.01(a) with respect to the outstanding Notes, and the Guarantors shall be deemed to have been discharged from their obligations with respect to all Note Guarantees, on and after the date the conditions set forth in Section 8.04 are satisfied ("Covenant Defeasance"), and the Notes shall thereafter be deemed not "outstanding" for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be deemed "outstanding" for all other purposes hereunder (it being understood that such Notes shall not be deemed outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to this Indenture and the outstanding Notes, the Issuers may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.01, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby. In addition, upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, subject to the satisfaction of the conditions set forth in Section 8.04, an Event of Default specified in Section 6.01(a)(3) that resulted solely from the failure of the Issuers to comply with clause (4) of Section 5.01(a), Sections 6.01(a)(4) (only with respect to covenants that are released as a result of such Covenant Defeasance), 6.01(a)(5) (only with respect to covenants that are released as a result of such Covenant Defeasance), 6.01(a)(6), 6.01(a)(7), 6.01(a)(8) (solely with respect to Significant Subsidiaries or any group of Restricted Subsidiaries that, taken together (as of the date of the latest audited financial statements of the Company and its Restricted Subsidiaries) would constitute a Significant Subsidiary), and 6.01(a)(9), in each case, shall not constitute an Event of Default.

Section 8.04 Conditions to Legal or Covenant Defeasance.

(a) The following shall be the conditions to the exercise of either the Legal Defeasance option under Section 8.02 or the Covenant Defeasance option under Section 8.03 with respect to the Notes:

(1) the Issuers must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in amounts as will be sufficient, as confirmed, certified or attested by an Independent Financial Advisor in writing to the Trustee, without consideration of any reinvestment of interest, to pay the principal, premium, if any, and interest due on the outstanding Notes on the Stated Maturity or on the applicable redemption date, as the case may be, and the Issuers must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuers have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions,

(A) the Issuers have received from, or there has been published by, the U.S. Internal Revenue Service a ruling and a Canada Revenue Agency Ruling, or

(B) since the Issue Date, there has been a change in the applicable U.S. and Canadian federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel will confirm that the Holders will not recognize income, gain or loss for U.S. and Canadian federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuers have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. and Canadian federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. and Canadian federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit or will occur as a result of such deposit (other than a Default or an Event of Default resulting from the borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) and the deposit will not result in a breach or violation of, or constitute a default under, any Debt Facilities or any other material agreement or material instrument (other than this Indenture) to which the Issuers or any Guarantor is a party or by which the Issuers or any Guarantor is bound;

(5) the Issuers have delivered to the Trustee an Officers' Certificate stating that the deposit was not made by the Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuers, any Guarantor or others;

(6) the Issuers have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions), each stating that all conditions precedent relating to Legal Defeasance or Covenant Defeasance, as the case may be, have been complied with; and

(7) the Issuers have delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be (which instructions may be contained in the Officers' Certificate referred to in clause (6) above).

Section 8.05 Deposited Money and Government Securities to Be Held in Trust; Other Miscellaneous Provisions.

(a) Subject to Section 8.06, all money and Government Securities (including the proceeds thereof) deposited with the Trustee pursuant to Section 8.04 in respect of the outstanding Notes shall be held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent (including the Company or a Guarantor acting as Paying Agent) as the Trustee may determine, to the Holders of all sums due and to become due thereon in respect of principal, premium, if any, and interest on the Notes, but such money need not be segregated from other funds except to the extent required by law.

(b) The Issuers will, jointly and severally, pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or Government Securities deposited pursuant to Section 8.04 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders.

(c) Anything in this Article 8 to the contrary notwithstanding, the Trustee will deliver or pay to the Issuers from time to time upon the written request of the Issuers any money or Government Securities held by it as provided in Section 8.04 which, in the opinion of an Independent Financial Advisor expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 8.04(a)), are in excess of the amount thereof that would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

Section 8.06 Repayment to the Issuers.

Subject to any applicable abandoned property law, any money deposited with the Trustee or any Paying Agent, or then held by the Issuers, in trust for the payment of the principal, premium, if any, or interest on any Note and remaining unclaimed for two years after such principal, premium, if any, or interest has become due and payable shall be paid to the Issuers on their written request or (if then held by the Issuers) shall be discharged from such trust; and the Holder of such Note shall thereafter look only to the Issuers for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Issuers as trustee thereof, shall thereupon cease.

Section 8.07 Reinstatement.

If the Trustee or Paying Agent is unable to apply any U.S. dollars or Government Securities in accordance with Section 8.02 or Section 8.03, as the case may be, by reason of any order or judgment of any court or Governmental Authority enjoining, restraining or otherwise prohibiting such application, then the Issuers' and the Guarantors' obligations under this Indenture, the Notes and the Note Guarantees shall be revived and reinstated as though no deposit had occurred pursuant to Section 8.02 or Section 8.03 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 8.02 or Section 8.03, as the case may be; *provided* that, if the Issuers make any payment of principal, premium, if any, or interest on any Note following the reinstatement of its obligations, the Issuers shall be subrogated to the rights of the Holders to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 9

(c) It shall not be necessary for the consent of the Holders under this Section 9.02 to approve the particular form of any proposed amendment, supplement or waiver. It shall be sufficient if such consent approves the substance of such proposed amendment, supplement or waiver.

(d) After an amendment, supplement or waiver under this Section 9.02 becomes effective, the Issuers will give to the Holders a notice briefly describing such amendment, supplement or waiver. However, the failure of the Issuers to give such notice to all the Holders, or any defect in the notice, will not impair or affect the validity of any such amendment, supplement or waiver.

(e) By their acceptance of the Notes, each Holder of the Notes shall be deemed to have consented to the terms of the Intercreditor Agreement(s) and the Collateral Documents and to have authorized and directed the Trustee and the Collateral Agent, as applicable, to execute, deliver and perform each of the Intercreditor Agreement(s) and Collateral Documents to which it is a party, binding Holders to the terms thereof.

Any such additional party and any Priority Debt Agent or Pari Passu Debt Agent, the Trustee and the Collateral Agent shall be entitled to conclusively rely upon an Officers' Certificate certifying that such Priority Payment Lien Obligations or Pari Passu Payment Lien Obligations, as the case may be, were issued or borrowed in compliance with existing Priority Payment Lien Obligations, this Indenture and the Collateral Documents.

(g) Without the consent of each affected Holder, an amendment, supplement or waiver under this Section 9.02 may not (with respect to any Notes held by a non-consenting Holder):

(1) reduce the principal amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(2) reduce the stated rate of interest or extend the stated time for payment of interest on any Note;

(3) reduce the principal of or extend the Stated Maturity of any Note;

(4) waive a Default or Event of Default in the payment of principal of, premium, if any, or interest or any other amount due on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the then outstanding Notes with respect to a nonpayment default and a waiver of the payment default that resulted from such acceleration);

(5) reduce the premium payable upon the redemption or repurchase of any Note or change the time at which any Note may be redeemed or repurchased as described in Section 3.07, Section 4.15 and Section 4.16 whether through an amendment or waiver of provisions in the covenants, definitions or otherwise (except amendments to the definition of "Change of Control" and or changes to any notice provisions, which may be amended with the consent of the Holders of a majority in principal amount of the Notes then outstanding);

(6) make any Note payable in a currency other than that stated in the Note;

(7) impair the legal right expressly set forth in this Indenture of any Holder to institute suit for the enforcement of any payment of principal, premium, if any, or interest on such Holder's Notes on or after the due dates expressed or provided for in this Indenture; or

(8) make any change in the amendment or waiver provisions which require each Holder's consent; or

(9) modify the Note Guarantee in any manner adverse to the Holders.

For the avoidance of doubt, no amendment or deletion of any of the covenants contained in this Indenture in accordance with the amendment provisions herein, or action taken in compliance with such covenants in effect at the time of such action, shall be deemed to make any change in the provisions hereof relating to the legal right of any Holder of the Notes to receive payments of principal of, premium on, if any, or interest, if any on the Notes.

In addition, without the consent of the Holders of at least 66 2/3% of the principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), no amendment, supplement or waiver may (1) modify any Collateral Document or the provisions in this Indenture dealing with Collateral Documents or application of trust moneys in any manner, taken as a whole, materially adverse to the Holders or otherwise release any Collateral other than in accordance with this Indenture, the Collateral Documents and the Intercreditor Agreement(s); or (2) modify the Intercreditor Agreement(s) in any manner adverse to the Holders in any material respect other than in accordance with the terms of this Indenture, the Collateral Documents and the Intercreditor Agreement(s); or (3) release all or substantially all of the Collateral from the Liens of the Collateral Documents (except as permitted by the terms of this Indenture and the Collateral Documents).

(h) A consent to any amendment, supplement or waiver of this Indenture, the Notes or the Note Guarantee by any Holder given in connection with a tender of such Holder's Notes will not be rendered invalid by such tender.

Section 9.03 [RESERVED].

Section 9.04 Revocation and Effect of Consents.

(a) Until an amendment, supplement or waiver becomes effective, a consent to it by a Holder of a Note is a continuing consent by the Holder of a Note and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder of a Note or subsequent Holder of a Note may revoke the consent as to its Note if the Trustee receives written notice of revocation before the date the waiver, supplement or amendment becomes effective. An amendment, supplement or waiver becomes effective in accordance with its terms and thereafter binds every Holder.

(b) The Issuers may, but shall not be obligated to, fix a record date pursuant to Section 1.04 for the purpose of determining the Holders entitled to consent to any amendment, supplement or waiver.

Section 9.05 Notation on or Exchange of Notes.

(a) The Trustee may place an appropriate notation about an amendment, supplement or waiver on any Note thereafter authenticated. The Issuers in exchange for all Notes may issue and the Trustee shall, upon receipt of an Authentication Order, authenticate new Notes that reflect the amendment, supplement or waiver.

(b) Failure to make the appropriate notation or issue a new Note shall not affect the validity and effect of such amendment, supplement or waiver.

Section 9.06 Trustee to Sign Amendments, etc.

The Trustee, and as applicable, the Collateral Agent, shall sign any amendment, supplement or waiver authorized pursuant to this Article 9 if the amendment, supplement or waiver does not adversely affect the rights, duties, liabilities, protections, indemnities or immunities of the Trustee, and as applicable, the Collateral Agent. In executing any amendment, supplement or waiver, the Trustee and the Collateral Agent shall receive and (subject to Section 7.01) shall be fully protected in conclusively relying upon, in addition to the documents required by Section 14.03, an Officers' Certificate and an Opinion of Counsel stating that the execution of such amendment, supplement or waiver is authorized or permitted by this Indenture and that such amendment, supplement or waiver is the legal, valid and binding obligation of the Issuers and any Guarantor party thereto, enforceable against them in accordance with its terms, subject to customary exceptions, and complies with the provisions hereof.

ARTICLE 10

COLLATERAL AND SECURITY

Section 10.01 The Collateral

(a) The Issuers hereby appoint Wilmington Trust, National Association to act as Collateral Agent, and each Holder by its acceptance of any Notes and any future Guarantees thereof, irrevocably consents and agrees to such appointment. The Collateral Agent shall have the privileges, powers and immunities set forth in this Indenture, the Collateral Documents and the Intercreditor Agreement(s). All of the rights and protections granted to the Trustee pursuant to Article 7 of this Indenture are applicable to the Collateral Agent *mutatis mutandis*. The due and punctual payment of the principal of, premium, if any, and interest on the Notes and the Guarantees thereof, if any, when and as the same shall be due and payable, whether on an Interest Payment Date, at maturity, by acceleration, repurchase, redemption or otherwise, interest on the overdue principal of and interest (to the extent permitted by law), if any, on the Notes and the Guarantees thereof, if any, and performance of all other obligations under this Indenture, including, without limitation, the obligations of the Issuer set forth in Section 7.07 and Section 8.05(b) herein, and the Notes and the Guarantees thereof, if any, and the Collateral Documents, shall be secured by first-priority Lien and security interests in the Collateral, in each case subject to Permitted Liens, as and to the extent provided in the Collateral Documents which the Issuers have entered into simultaneously with the execution of this Indenture and will be secured by all Collateral Documents hereafter delivered as required or permitted by this Indenture, the Collateral Documents and the Intercreditor Agreement(s). The Issuers hereby agree that the Collateral Agent shall hold the Collateral in trust for the benefit of all of the Holders, the Collateral Agent and the Trustee, in each case pursuant to the terms of the Collateral Documents and the Intercreditor Agreement(s), and the Collateral Agent and the Trustee are hereby authorized to execute and deliver the Collateral Documents and the Intercreditor Agreement(s).

(b) Each Holder, by its acceptance of any Notes and the Guarantees thereof, if any, irrevocably consents and agrees to the terms of the Collateral Documents and the Intercreditor Agreement(s) (including, without limitation, the provisions providing for foreclosure and release of Collateral) as the same may be in effect or may be amended from time to time in accordance with their terms, agrees to the appointment of the Collateral Agent and authorizes and directs the Collateral Agent to enter into this Indenture, the Collateral Documents and the Intercreditor Agreement(s) and to perform its obligations and exercise its rights, powers and discretions under the Collateral Documents and the Intercreditor Agreement(s) in accordance therewith.

(c) The Trustee and each Holder, by accepting the Notes and the Guarantees thereof, if any, acknowledges that, as more fully set forth in the Collateral Documents and the Intercreditor Agreement(s), the Collateral as now or hereafter constituted shall be held for the benefit of all the Holders, the Collateral Agent, and the Trustee, and that the Lien of this Indenture and the Collateral Documents in respect of the Trustee, Collateral Agent and the Holders is subject to and qualified and limited in all respects by the Collateral Documents and the Intercreditor Agreement(s) and actions that may be taken thereunder.

Section 10.02 Further Assurances

The Issuers, the Guarantors and the Equity Holders shall execute any and all further documents, financing statements, agreements and instruments, and take all further actions that may be required under applicable law, or that the Collateral Agent or the Trustee may reasonably request, in order to grant, preserve, protect and perfect the validity and priority of the security interests and Liens created or intended to be created by the Collateral Documents in the Collateral. In addition, to the extent required under this Indenture or any of the Collateral Documents, from time to time, the Issuers, the Guarantors and the Equity Holders will reasonably promptly secure the obligations under this Indenture and Collateral Documents by pledging or creating, or causing to be pledged or created, perfected security interests and Liens with respect to the Collateral to the extent required by the Collateral Documents. Such security interests and Liens will be created under the Collateral Documents and other security agreements and other instruments and documents in form and substance reasonably necessary to grant a security interest and Lien to the Collateral Agent to secure Obligations under this Indenture, the Notes, the Note Guarantees and the Collateral Documents.

Section 10.03 After-Acquired Property

(a) Upon (i) the acquisition by any of the Issuers or any Guarantor after the Issue Date of any assets (other than Excluded Assets), but with respect to real property, only real property that qualifies as Material Owned Real Property and (ii) the determination that any Material Owned Real Property, Real Estate Leases, mineral leases and mineral claims previously included in the definition of "Excluded Assets" contains reserves (collectively, "Material Owned After-Acquired Real Property") or any equipment or fixtures which constitute accretions, additions or technological upgrades to the equipment or fixtures or any working capital assets that, in any such case, form part of the Collateral, the Issuers or such Guarantor shall use commercially reasonable efforts to execute and deliver:

(1) with regard to Material Owned After-Acquired Real Property, the items described in Section 10.05 within 90 days of the date of acquisition of the applicable asset (but not earlier than 90 days after the Issue Date), and

(2) with regard to any other after-acquired property to the extent required by the Collateral Documents, any information, documentation, financing statements or other certificates and opinions of counsel as may be necessary to vest in the Collateral Agent a perfected security interest, subject only to Permitted Liens, in such after-acquired property and to have such after-acquired property added to the Collateral, and thereupon all provisions of this Indenture, the Collateral Documents and the Intercreditor Agreement(s), relating to the Collateral shall be deemed to relate to such after-acquired property to the same extent and with the same force and effect.

(b) With respect to as-extracted Collateral, if any, on any Material Owned After-Acquired Real Property, the Issuers and Guarantors will be required to use their commercially reasonable efforts to make or permit any financing statement filing required by the Collateral Documents as soon as reasonably practicable, but no later than 90 days of date of acquisition of the Material Owned After-Acquired Real Property. Further, the Issuers and

Guarantors will not be obligated to make or permit any financing statement registrations at any provincial, territorial, county, real estate or other local filing office solely with respect to fixtures or as-extracted Collateral, if any, located on Leased Real Property until 90 days after the date the Issuers or the Guarantors acquire rights to such Leased Real Property, or in any event if such a filing would be prohibited by, or constitute a breach or default under or result in the termination of or require any consent not obtained under, any contract, license, agreement, instrument or other document evidencing or giving rise to the Leased Real Property. Notwithstanding the foregoing, if granting such security interest in such Material Owned After-Acquired Real Property requires the consent of a third party, the Company and the Co-Issuer will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Collateral Agent on behalf of the Holders of the Notes; *provided*, *however*, that if such third party does not consent to the granting of such security interest after the use of such commercially reasonable efforts, the Company and the Co-Issuer, as the case may be, shall not be required to provide such security interest.

Section 10.04 Impairment of Security Interest

Neither the Company nor any of its Restricted Subsidiaries will (i) take or omit to take any action which would materially adversely affect or impair the Liens in favor of the Collateral Agent and the Holders of Notes with respect to the Collateral, (ii) grant any Person, or permit any Person to retain (other than the Collateral Agent or any agent for holders of Priority Payment Lien Obligations or Pari Passu Payment Lien Obligations), any Liens on the Collateral, other than Permitted Liens or (iii) enter into any agreement that requires the proceeds received from any sale of Collateral to be applied to repay, redeem, defease or otherwise acquire or retire any Indebtedness of any Person in a manner that conflicts with this Indenture, the Notes, the Note Guarantees, the Collateral Documents and the Intercreditor Agreement(s). The Issuers and each Guarantor will, at their sole cost and expense, execute and deliver all such agreements and instruments as necessary, or as the Trustee or the Collateral Agent reasonably requests, to more fully or accurately describe the assets and property intended to be Collateral or the obligations intended to be secured by the Collateral Documents.

Section 10.05 Real Estate Mortgages and Filings

With respect to any fee interest in any Premises owned or leased by the Issuers on the Issue Date or acquired by the Issuers or a Guarantor after the Issue Date that forms or becomes (due to the discovery of determined reserves thereon), a part of the Collateral, the Company, the Co-Issuer or such Guarantor, as applicable, shall, within 90 days of the Issue Date or shall, use its commercially reasonable efforts to within 90 days of the date of acquisition, as applicable:

(a) deliver to the Collateral Agent, as mortgagee or beneficiary, as applicable, for the ratable benefit of itself and the Holders, fully executed counterparts of Mortgages, in accordance with the requirements of this Indenture and/or the Collateral Documents, duly executed by the Company, the Co-Issuer or such Guarantor, together with satisfactory evidence of the completion (or satisfactory arrangements for the completion) of all recordings, registrations and filings of such Mortgage (and payment of any taxes or fees in connection therewith), together with any necessary fixture filings, as may be necessary to create a valid,

perfected Lien, with the priority required by the Collateral Documents and the Intercreditor Agreement(s), subject to Permitted Liens, against the properties purported to be covered thereby; and

(b) deliver to the Collateral Agent (x) with respect to each of the Premises that is part of the Collateral owned or leased on the Issue Date, such existing surveys, plats, or maps that are in the possession of the Issuers and such local counsel opinions and opinions of counsel in the jurisdiction of organization of the owner or lessee, as applicable, of the applicable Premises as are necessary and appropriate and (y) with respect to each of the Premises that is part of the Collateral acquired or leased after the Issue Date, such existing surveys, plats, or maps that are in the possession of the Issuers or any Guarantor and such local counsel opinions and opinions of counsel in the jurisdiction of organization of the owner or lessee, as applicable, of the applicable Premises as are necessary to create and evidence the Collateral Agent's security interest therein, or as the Collateral Agent and its counsel may reasonably request.

Section 10.06 Release of Collateral

(a) The Liens on the Collateral will be released with respect to the Notes and the Note Guarantees, as applicable:

(1) in whole, upon payment in full of the principal of, accrued and unpaid interest and premium, if any, on the Notes;

(2) in whole, upon satisfaction and discharge of this Indenture in accordance with Article 13 hereof;

(3) in whole, upon a Legal Defeasance or Covenant Defeasance in accordance with Article 8 of this Indenture;

(4) in part, as to any property constituting Collateral (A) that is sold, transferred or otherwise disposed of by the Company or any of the Restricted Subsidiary (other than to the Company, the Co-Issuer or another Guarantor) in a transaction permitted by Section 4.16 and by the Collateral Documents (to the extent of the interest sold or disposed of); or (B) otherwise in accordance with, and as expressly provided for under, this Indenture, the Collateral Documents or the Intercreditor Agreement(s);

(5) in whole as to all Collateral that is owned by a Guarantor that is released from its Note Guarantee in accordance with this Indenture other than by reason of the termination of any outstanding Debt Facility; and

(6) in whole or in part, with the consent of Holders of 66⅔% in aggregate principal amount of the Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes);

provided that, in the case of any release in whole pursuant to clauses (1) through (3) and (6) above, all amounts owing to the Trustee and the Collateral Agent under this Indenture, the Notes, the Note Guarantees, the Collateral Documents and the Intercreditor Agreement(s), have

been paid or otherwise provided for to the reasonable satisfaction of the Trustee and Collateral Agent.

(b) With respect to the release of Collateral, the Issuers shall furnish to the Trustee and Collateral Agent, prior to each proposed release of such Collateral pursuant to the Collateral Documents and this Indenture an Officers' Certificate and Opinion of Counsel to the effect that all conditions precedent provided for in this Indenture and the Collateral Documents to such release have been complied with; *provided*, *however*, unless the Issuers or the Guarantors request that the Trustee and/or Collateral Agent execute a release or otherwise acknowledge such release, in no event shall an Officers' Certificate or Opinion of Counsel be required to release a Lien on Collateral that is sold or pledged in the ordinary course of business to the extent such sale or pledge is permitted by this Indenture.

Upon compliance by the Issuers or the Guarantors, as the case may be, with the conditions precedent set forth above, the Trustee or the Collateral Agent shall promptly cause to be released and reconveyed to the Issuers or the Guarantors, as the case may be, the released Collateral and, if necessary, the Collateral Agent shall, at the Issuers' expense, execute (and the Issuers shall file) such documents or instruments (that are prepared by the Issuers and provided to the Collateral Agent) as shall be reasonably received to provide for the release by the Collateral Agent of the released Collateral.

Section 10.07 Authorization of Actions to be Taken by the Trustee or the Collateral Agent Under the Collateral Documents.

(a) Subject to the provisions of the Collateral Documents and the Intercreditor Agreement(s), each of the Trustee or the Collateral Agent may, in its sole discretion and without the consent of the Holders, on behalf of the Holders, take all actions it deems necessary or appropriate in order to (a) enforce any of its rights or any of the rights of the Holders under the Collateral Documents and the Intercreditor Agreement(s) and (b) collect and receive any and all amounts payable in respect of the Collateral in respect of the obligations of the Issuers and the Subsidiaries hereunder and thereunder. Subject to the provisions of the Collateral Documents and the Intercreditor Agreement(s), the Trustee or the Collateral Agent shall have the power to institute and to maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts that may be unlawful or in violation of the Collateral Documents, the Intercreditor Agreement(s) or this Indenture, and such suits and proceedings as the Trustee or the Collateral Agent may deem expedient to preserve or protect its interest and the interests of the Holders in the Collateral (including power to institute and maintain suits or proceedings to restrain the enforcement of or compliance with any legislative or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the security interest hereunder or be prejudicial to the interests of the Holders, the Collateral Agent or the Trustee).

(b) Neither the Trustee nor the Collateral Agent shall be responsible for the perfection or priority of the Liens in any of the Collateral, whether impaired by operation of law or by reason of any action or omission to act on its part hereunder, for the validity, sufficiency, existence, genuineness or value of the Collateral or the validity or enforceability of the Liens in

any of the Collateral or any agreement or assignment contained therein, for the validity of the title of the Issuers or the Guarantors to the Collateral, for insuring the Collateral or for the payment of taxes, charges, assessments or Liens upon the Collateral or otherwise as to the maintenance of the Collateral. The Trustee and the Collateral Agent shall have no responsibility for registering, recording, filing, re-recording, re-registering or refiling any financing statement, financing-change statements, continuation statement, document, instrument or other notice in any public office at any time or times or to otherwise take any action to perfect or maintain the perfection of any security interest granted to it under the Collateral Documents or otherwise.

(c) Where any provision of this Indenture requires that additional property or assets be added to the Collateral, each of the Issuers shall deliver to the Trustee or the Collateral Agent the following:

(A) a request from the Issuers that such Collateral be added;

(B) the form of instrument adding such Collateral, which, based on the type and location of the property subject thereto, shall be in substantially the form of the applicable Collateral Documents entered into on the date of this Indenture, with such changes thereto as the Issuers shall consider appropriate, or in such other form as the Issuers shall deem proper;

(C) an Officers' Certificate to the effect that the Collateral being added is in the form, consists of the assets and is in the amount or otherwise has the fair market value required by this Indenture;

(D) an Officers' Certificate and Opinion of Counsel to the effect that all conditions precedent provided for in this Indenture to the addition of such Collateral have been complied with, which Opinion of Counsel shall also opine as to the creation and perfection of the Collateral Agent's Lien on such Collateral and as to the due authorization, execution, delivery, validity and enforceability of the Collateral Document being entered into; and

(E) such financing statements, if any, as the Issuers shall deem necessary to perfect the Collateral Agent's security interest in such Collateral.

(d) The Trustee or the Collateral Agent, in giving any consent or approval under the Collateral Documents or the Intercreditor Agreement(s), shall be entitled to receive, as a condition to such consent or approval, an Officers' Certificate and an Opinion of Counsel to the effect that the action or omission for which consent or approval is to be given (i) does not adversely affect the interests of the Holders or impair the security of the Holders in contravention of the provisions of this Indenture, the Collateral Documents and the Intercreditor Agreement(s) and (ii) is authorized and permitted according to the terms of this Indenture, the Collateral Documents and the Intercreditor Agreement(s), and the Trustee or the Collateral Agent shall be fully protected in giving such consent or approval on the basis of such Officers' Certificate and Opinion of Counsel.

Section 10.08 Collateral Account

(a) The Collateral Agent is authorized to receive any funds for the benefit of the Holders distributed under, and in accordance with, the Collateral Documents, and to make further distributions of such funds to the Trustee for further distribution to the Holders according to the provisions of this Indenture, the Collateral Documents and the Intercreditor Agreement(s).

(b) All cash and Cash Equivalents received by the Collateral Agent from Asset Dispositions of Collateral, Recovery Events, Net Award or Net Insurance Proceeds, foreclosures of or sales of the Collateral, issuances of Additional Notes and other awards or proceeds pursuant to the Collateral Documents, including earnings, revenues, rents, issues, profits and income from the Collateral received pursuant to the Collateral Documents, shall be deposited in the Collateral Account and thereafter shall be held, applied and/or disbursed by the Collateral Agent in accordance with the terms of this Indenture (including, without limitation, Section 4.16, Section 6.13 and Section 10.08(a)). The Collateral Account shall be a trust account and shall be established and maintained by the Collateral Agent at one of its corporate trust offices (which may include the Wilmington, Delaware corporate trust office), and all Collateral shall be credited thereto.

(c) Pending the distribution of funds in the Collateral Account in accordance with the provisions hereof and provided that no Event of Default shall have occurred and be continuing, the Issuers may direct the Collateral Agent in writing to invest such funds in Cash Equivalents specified in such direction, such investments to mature by the times such funds are needed hereunder and such direction to certify that such funds constitute Cash Equivalents and that no Event of Default shall have occurred and be continuing. So long as no Event of Default shall have occurred and be continuing, the Issuers may direct the Collateral Agent to sell, liquidate or cause the redemption of any such investments, such direction to certify that no Event of Default shall have occurred and be continuing. Any gain or income on any investment of funds in the Collateral Account shall be credited to the Collateral Account. The Collateral Agent shall have no liability for any loss, fee, tax or other charge incurred in connection with any investment or any sale, reinvestment, liquidation or redemption thereof made in accordance with the provisions of this Section 10.08(c).

Section 10.09 Information Regarding Collateral

(a) The Issuers will furnish to the Collateral Agent, with respect to the Company, the Co-Issuer or any Guarantor, promptly (and in any event within 30 days of such change) written notice of any change in such Person's (1) legal name, (2) jurisdiction of organization or formation, (3) identity or corporate structure, (4) organizational identification number or (5) jurisdiction of location of assets. The Issuers and the Guarantors will agree not to effect or permit any change referred to in the preceding sentence unless all required filings have been made under the Uniform Commercial Code, PPSA or any other applicable laws that are required in this Indenture and/or the Collateral Documents in order for the Collateral to be made subject to the Lien of the Collateral Agent under this Indenture and/or the Collateral Documents in the manner and to the extent required by this Indenture or any of the Collateral Documents and shall take all necessary action so that such Lien is perfected with the same priority as immediately prior to such change to the extent required by this Indenture and/or the Collateral Documents. The Issuers also agree promptly to notify the Collateral Agent in writing if any material portion of the Collateral is damaged, destroyed or condemned.

(b) Each year, within 60 days after the end of the preceding fiscal year, the Issuers shall deliver to each of the Trustee and the Collateral Agent an Officers' Certificate setting forth the information required pursuant to the schedules required by the Collateral Documents or confirming that there has been no change in such information since the date of the prior annual certification.

Section 10.10 Negative Pledge.

(a) None of the Equity Holders will pledge its Capital Stock in the Issuers as security or otherwise (except for pledges of Capital Stock in the Issuers in favor of another Equity Holder).

(b) The Company, the Co-Issuer and each Guarantor will not, and the Company will not permit any of its Restricted Subsidiaries to, further pledge the Collateral as security or otherwise, subject to Permitted Liens.

Section 10.11 Maintenance of Collateral

The Issuers and the Guarantors shall maintain the Collateral in good, safe and insurable operating order, condition and repair (ordinary wear and tear excepted) and to do all other acts as may be reasonably necessary or appropriate to maintain and preserve the Collateral; *provided* that the foregoing requirement will not prevent the Company or any of its Restricted Subsidiaries from discontinuing the use, operation or maintenance of Collateral or disposing of Collateral, if such discontinuance or disposal (x) is, in the judgment of the Company, desirable in the conduct of the business of the Issuers and the Guarantors taken as a whole and (y) is otherwise in compliance with the provisions of this Indenture and the Collateral Documents, including, in the case of a disposal, Section 4.16 hereof. The Issuers and the Guarantors shall pay all real estate and other taxes, and maintain in full force and effect all material permits and insurance in amounts that insure against such losses and risks as are reasonable for the type and size of the business conducted by the Issuers and the Guarantors, if any. The Collateral Agent shall have no obligation whatsoever to the Trustee or any of the Holders to assure that the Issuers and Guarantors comply with their obligations under this Section 10.11.

Section 10.12 Intercreditor Agreement(s)

Upon the execution of the Intercreditor Agreement(s) by each party thereto, this Article 10 and the provisions of each Collateral Document shall be subject to the terms, limitations and conditions set forth in such Intercreditor Agreement(s).

Section 10.13 The Collateral Agent

(a) The Trustee and each of the Holders by acceptance of the Notes hereby (i) designate and appoint the Collateral Agent as their agent under this Indenture, the Collateral Documents and the Intercreditor Agreement(s), (ii) irrevocably authorize the Collateral Agent to execute and deliver the Intercreditor Agreement(s) and the Collateral Documents, to take such action on its behalf under the provisions of this Indenture, the Collateral Documents and the Intercreditor Agreement(s), if applicable and to exercise such powers and perform such duties as are delegated to the Collateral Agent by the terms of this Indenture, the Collateral Documents

and the Intercreditor Agreement(s) and (iii) consent and agree to the terms of the Intercreditor Agreement(s) and each Collateral Document, as the same may be in effect or may be amended, restated, supplemented or otherwise modified from time to time in accordance with their respective terms. The Collateral Agent hereby accepts such designation and appointment and agrees to act as the Collateral Agent on the conditions contained in this Section 10.13. Each Holder agrees that any action taken by the Collateral Agent in accordance with the provision of this Indenture, the Intercreditor Agreement(s) and the Collateral Documents, and the exercise by the Collateral Agent of any rights or remedies set forth herein and therein shall be authorized and binding upon all Holders.

(b) Notwithstanding any provision to the contrary contained elsewhere in this Indenture, the Collateral Documents and the Intercreditor Agreement(s) the duties of the Collateral Agent shall be ministerial and administrative in nature, and the Collateral Agent shall not have or be deemed to have any trust or other fiduciary relationship with the Trustee, any Holder or any other Person who makes any pledge, hypothec or grant under the Collateral Documents (each, a "Grantor"), and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Indenture, the Collateral Documents and the Intercreditor Agreement(s) or otherwise exist against the Collateral Agent.

(c) The Collateral Agent may perform any of its duties under this Indenture, the Collateral Documents or the Intercreditor Agreement(s) by or through receivers, agents, employees, attorneys-in-fact or with respect to any specified Person, such Person's Affiliates, and the respective officers, directors, employees, agents, advisors and attorneys-in-fact of such Person and its Affiliates, (a "Related Person") and shall be entitled to advice of counsel concerning all matters pertaining to such duties, and shall be entitled to act upon, and shall be fully protected in taking action in reliance upon any advice or opinion given by legal counsel. The Collateral Agent shall not be responsible for the negligence or willful misconduct of any receiver, agent, employee, attorney-in-fact or Related Person that it selects as long as such selection was made in good faith.

(d) The Collateral Agent (i) shall not be liable for any action taken or omitted to be taken by it in connection with this Indenture, the Intercreditor Agreement(s) and the Collateral Documents or instrument referred to herein or therein, except to the extent that any of the foregoing are found by a final, non-appealable judgment of a court of competent jurisdiction to have resulted from its own gross negligence or willful misconduct, (ii) shall not be liable for interest on any money received by it except as the Collateral Agent may agree in writing with the Issuers (and money held in trust by the Collateral Agent need not be segregated from other funds except to the extent required by law), (iii) shall not be liable for acting pursuant to direction from the Trustee or the Holders of a majority in aggregate principal amount of the Notes and (iv) may consult with counsel of its selection and the advice or opinion of such counsel as to matters of law shall be full and complete authorization and protection from liability in respect of any action taken, omitted or suffered by it in good faith and in accordance with the advice or opinion of such counsel. The grant of permissive rights or powers to the Collateral Agent shall not be construed to impose duties to act.

(e) None of the Collateral Agent or any of its respective Related Persons shall be responsible in any manner to any of the Trustee or any Holder for any recital, statement,

representation, warranty, covenant, agreement or information made by the Issuers or any other Grantor or Affiliate of any Grantor, or any Officer or Related Person thereof, contained in this Indenture, or in any certificate, report, statement or other document referred to or provided for in, or received by the Collateral Agent under or in connection with, this Indenture, the Collateral Documents or the Intercreditor Agreement(s) or the validity, effectiveness, genuineness, enforceability or sufficiency of this Indenture, the Collateral Documents or the Intercreditor Agreement(s), or for any failure of any Grantor or any other party to this Indenture, the Collateral Documents or the Intercreditor Agreement(s) to perform its obligations hereunder or thereunder. None of the Collateral Agent or any of its respective Related Persons shall be under any obligation to the Trustee or any Holder to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Indenture, the Collateral Documents or the Intercreditor Agreement(s) or to inspect the properties, books, or records of any Grantor or any Grantor's Affiliates.

(f) The Collateral Agent shall be entitled to rely, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telegram, facsimile, certification, telephone message, statement, or other communication, document or conversation (including those by telephone or e-mail) reasonably believed by it to be genuine and correct and to have been signed, sent, or made by the proper Person or Persons, and upon advice and statements of legal counsel (including, without limitation, counsel to the Issuers or any other Grantor), independent accountants and other experts and advisors selected by the Collateral Agent. The Collateral Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, or other paper or document reasonably believed by it to be genuine and correct.

Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation.

Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Section 14.07 Governing Law.

THIS INDENTURE, THE NOTES AND ANY NOTE GUARANTEE WILL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

Section 14.08 Jurisdiction

Each of the Issuers and any Guarantors have appointed Corporation Services Company, with offices on the date hereof at 1180 Avenue of the Americas, Suite 210, New York, New York 10036, as its agent (the "*Authorized Agent*"), for service of process in any suit, action or proceeding arising out of or based upon this Indenture, the Notes and any Note Guarantees which may be instituted in any U.S. federal or New York state court located in the City of New York, New York, by any Holder or the Trustee, and expressly accepts the non-exclusive jurisdiction of any such court in respect of any such suit, action or proceeding. Each of the Issuers and any Guarantor hereby represents and warrants that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuers and any Guarantors agree to take any and all action, including the filing of any and all documents that may be necessary to continue such respective appointment in full force and effect as aforesaid. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuers and the Guarantors. Notwithstanding the foregoing, any action involving the Issuers or such Guarantor arising out of or based upon this Indenture, the Notes or any Note Guarantees may be instituted by any Holder or the Trustee in any court of competent jurisdiction in New York, New York. Each of the Issuers and any Guarantor agrees to take any and all action as may be necessary to maintain the designation and appointment of an agent in full force and effect until July 15, 2026 (or earlier, if the Notes are prepaid in full)

Section 14.09 Waiver of Jury Trial.

EACH OF THE COMPANY, THE GUARANTORS, THE COLLATERAL AGENT AND THE TRUSTEE HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES, THE NOTE GUARANTEES OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 14.10 Force Majeure.

In no event shall the Trustee or the Collateral Agent be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including without limitation strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Trustee and the Collateral Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Section 14.11 No Adverse Interpretation of Other Agreements.

This Indenture may not be used to interpret any other indenture, loan or debt agreement of the Company or its Restricted Subsidiaries or of any other Person. Any such indenture, loan or debt agreement may not be used to interpret this Indenture.

Section 14.13 Severability.

In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 14.14 Judgment Currency

Any payment on account of an amount that is payable in U.S. dollars which is made to or for the account of any holder or the Trustee in lawful currency of any other jurisdiction (the "*Judgment Currency*"), whether as a result of any judgment or order or the enforcement thereof or the liquidation of either Issuer or any Guarantor, shall constitute a discharge of such Issuer's or the Guarantor's obligation hereunder and the Notes or Note Guarantee, as the case may be, only to the extent of the amount of U.S. dollars with such holder or the Trustee, as the case may be, could

If the amount of U.S. dollars that could be so purchased is less than the amount of U.S. dollars originally due to such holder or the Trustee, as the case may be, the Issuers and any Guarantors shall indemnify and hold harmless the holder or the Trustee, as the case may be, from and against all loss or damage arising out of, or as a result of, such deficiency. This indemnity shall constitute an obligation separate and independent from the other obligations contained in this Indenture or the Notes, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any holder or the Trustee from time to time and shall continue in full force and effect notwithstanding any judgment or order for a liquidated sum in respect of an amount due hereunder or under any judgment or order.

Section 14.15 Counterpart Originals.

The parties may sign any number of copies of this Indenture. Each signed copy shall be an original, but all of them together represent the same agreement.

Section 14.16 Table of Contents, Headings, etc..

The Table of Contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not to be considered a part of this Indenture and shall in no way modify or restrict any of the terms or provisions hereof.

Section 14.17 Facsimile and PDF Delivery of Signature Pages.

The exchange of copies of this Indenture and of signature pages by facsimile or PDF transmission shall constitute effective execution and delivery of this Indenture as to the parties hereto and may be used in lieu of the original Indenture for all purposes. Signatures of the parties hereto transmitted by facsimile or PDF shall be deemed to be their original signatures for all purposes.

Section 14.18 U.S.A. PATRIOT Act.

The parties hereto acknowledge that in accordance with Section 326 of the U.S.A. PATRIOT Act, the Trustee is required to obtain, verify, and record information that identifies each person or legal entity that establishes a relationship or opens an account with the Trustee. The parties to this Indenture agree that they will provide the Trustee with such information as it may request in order for the Trustee to satisfy the requirements of the U.S.A. PATRIOT Act.

Section 14.19 Interest Act (Canada)

Solely for the purposes of disclosure under the *Interest Act* (Canada) only, whenever interest to be paid hereunder is to be calculated on the basis of a year of 360 days consisting of twelve 30-day months, the yearly rate of interest to which the rate determined pursuant to such calculation is equivalent during any particular period is the rate so determined multiplied by a fraction of which: (a) the numerator is the product of: (i) the actual number of days in the calendar year in which the same is to be ascertained, and (ii) the sum of (A) the product of (x) 30 and (y) the number of complete months elapsed in the relevant period and (B)

the number of days elapsed in any incomplete month in the relevant period, and the denominator is the product of (i) 360 and (ii) the number of days in the relevant period.

Section 14.20 Payments Due on Non-Business Days.

In any case where any Interest Payment Date, redemption date or repurchase date or the Stated Maturity of the Notes shall not be a Business Day, then (notwithstanding any other provision of this Indenture or of the Notes) payment of principal, premium, if any, or interest on the Notes need not be made on such date, but may be made on the next succeeding Business Day with the same force and effect as if made on the Interest Payment Date, redemption date or repurchase date, or at the Stated Maturity of the Notes, *provided* that no interest will accrue for the period from and after such Interest Payment Date, redemption date, repurchase date or Stated Maturity, until such next succeeding Business Day, as the case may be on account of such delay.

Section 14.21 Waiver of Immunities.

To the extent either the Issuers or any Guarantor or any of its properties, assets or revenues may have or may hereafter become entitled to, or have attributed to them, any right of immunity, on the grounds of sovereignty, from any legal action, suit or proceeding, from set-off or counterclaim, from the jurisdiction of any court, from service of process, from attachment upon or prior to judgment, or from attachment in aid of execution of judgment, or from execution of judgment, or other legal process or proceeding for the giving of any relief or for the enforcement of any judgment, in any jurisdiction in which proceedings may at any time be commenced, with respect to their obligations, liabilities or any other matter under or arising out of or in connection with this Indenture, the Notes or the Note Guarantees, each Issuer and each Guarantor hereby irrevocably and unconditionally, to the extent permitted by applicable law, waives and agrees not to plead or claim any such immunity and consents to such relief and enforcement.

Each Global Note shall represent such of the outstanding Notes as shall be specified in the "Schedule of Exchanges of Interests in the Global Note" attached thereto and each shall provide that it shall represent the aggregate principal amount of Notes from time to time endorsed thereon and that the aggregate principal amount of outstanding Notes represented thereby may from time to time be reduced or increased, as applicable, to reflect exchanges and redemptions. Members of, or participants in, the Depositary ("Agent Members") shall have no rights under this Indenture with respect to any Global Note held on their behalf by the Depositary or by the Trustee as Custodian or under such Global Note, and the Depositary may be treated by the Issuers, the Collateral Agent, the Trustee and any agent of the Issuers or the Trustee as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Issuers, the Collateral Agent, the Trustee or any agent of the Issuers or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depositary or impair, as between the Depositary and its Agent Members, the operation of customary practices of such Depositary governing the exercise of the rights of a holder of a beneficial interest in any Global Note.

(d) *Definitive Notes*. Except as provided in Section 1.3 of this Appendix A, owners of beneficial interests in Global Notes shall not be entitled to receive physical delivery of Definitive Notes.

(i) to register the transfer of such Definitive Notes; or

(ii) to exchange such Definitive Notes for an equal principal amount of Definitive Notes of other authorized denominations,

the Registrar shall register the transfer or make the exchange as requested if its reasonable requirements for such transaction are met; *provided*, *however*, that the Definitive Notes surrendered for transfer or exchange:

(1) shall be duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Issuers and the Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing; and

(2) in the case of Transfer Restricted Notes, they are being transferred or exchanged pursuant to an effective registration statement under the Securities Act or pursuant to Section 1.3 of this Appendix A or otherwise in accordance with the Restricted Notes Legend, and are accompanied by a certification from the transferor in the form provided on the reverse side of the Form of Note in Exhibit A for exchange or registration of transfers and, as applicable, delivery of such legal opinions, certifications and other information as may be requested pursuant thereto.

(b) *Restrictions on Transfer of a Definitive Note for a Beneficial Interest in a Global Note*. A Definitive Note may not be exchanged for a beneficial interest in a Global Note except upon satisfaction of the requirements set forth below. Upon receipt by the Trustee of a Definitive Note, duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Issuers and the Registrar, together with:

(i) a certification from the transferor in the form provided on the reverse side of the Form of Note in Exhibit A for exchange or registration of transfers and, as applicable, delivery of such legal opinions, certifications and other information as may be requested pursuant thereto; and

(ii) written instructions directing the Trustee to make, or to direct the Custodian to make, an adjustment on its books and records with respect to such Global Note to reflect an increase in the aggregate principal amount of the Notes represented by the Global Note, such instructions to contain information regarding the Depositary account to be credited with such increase, the Trustee shall cancel such Definitive Note and cause, or direct the Custodian to cause, in accordance with the standing instructions and procedures existing between the Depositary and the Custodian,

If the applicable Global Note is not then outstanding, the Issuers shall issue and the Trustee shall authenticate, upon an Authentication Order, a new applicable Global Note in the appropriate principal amount.

(c) *Transfer and Exchange of Global Notes*.

(i) The transfer and exchange of Global Notes or beneficial interests therein shall be effected through the Depositary, in accordance with this Indenture (including applicable restrictions on transfer set forth in Section 1.3(d) of this Appendix A, if any) and the procedures of the Depositary therefor. A transferor of a beneficial interest in a Global Note shall deliver to the Registrar a written order given in accordance with the Depositary's procedures containing information regarding the participant account of the Depositary to be credited with a beneficial interest in such Global Note, or another Global Note and such account shall be credited in accordance with such order with a beneficial interest in the applicable Global Note and the account of the Person making the transfer shall be debited by an amount equal to the beneficial interest in the Global Note being transferred.

(ii) If the proposed transfer is a transfer of a beneficial interest in one Global Note to a beneficial interest in another Global Note, the Registrar shall reflect on its books and records the date and an increase in the principal amount of the Global Note to which such interest is being transferred in an amount equal to the principal amount of the interest to be so transferred, and the Registrar shall reflect on its books and records the date and a corresponding decrease in the principal amount of the Global Note from which such interest is being transferred.

(iii) Notwithstanding any other provisions of this Appendix A (other than the provisions set forth in Section 1.3 of this Appendix A), a Global Note may not be transferred except as a whole and not in part if the transfer is by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary.

Upon the expiration

of the Distribution Compliance Period, beneficial ownership interests in the Regulation S Global Note shall be transferable in accordance with applicable law and the other terms of this Indenture.

(iii) Upon the expiration of the Distribution Compliance Period, beneficial interests in the Regulation S Global Note may be exchanged for beneficial interests in an Unrestricted Global Note upon certification in the form provided on the reverse side of the Form of Note in Exhibit A for an exchange from a Regulation S Global Note to an Unrestricted Global Note.

(iv) Beneficial interests in a Transfer Restricted Note that is a Rule 144A Global Note may be exchanged for beneficial interests in an Unrestricted Global Note if the Holder certifies in writing to the Registrar that its request for such exchange is in respect of a transfer made in reliance on Rule 144 (such certification to be in the form set forth on the reverse side of the Form of Note in Exhibit A) and/or upon delivery of such legal opinions, certifications and other information as the Issuers or the Trustee may reasonably request.

(v) If no Unrestricted Global Note is outstanding at the time of a transfer contemplated by the preceding clauses (iii) and (iv), the Issuers shall issue and the Trustee shall authenticate, upon an Authentication Order, a new Unrestricted Global Note in the appropriate principal amount.

(3) subject to their rights under clause (a)(1) above and except as may be permitted in Section 3.1(c), will not object to the forbearance by the Revolving Credit Collateral Agent or any of the Revolving Credit Claimholders from bringing or pursuing any Collateral Enforcement Action;

provided, however, that, in the case of (1), (2) and (3) above, the Liens granted to secure the Fixed Asset Obligations of the Fixed Asset Claimholders shall attach to the Proceeds thereof subject to the relative priorities described in Section 2.

(b) Until the Discharge of Revolving Credit Obligations has occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, agrees that the Revolving Credit Collateral Agent and the Revolving Credit Claimholders shall (subject to Section 3.1(a)(1)) have the exclusive right to enforce rights, exercise remedies (including set-off and the right to credit bid their debt) and, in connection therewith (including voluntary Dispositions of Current Asset Collateral by the respective Grantors after a Revolving Credit Default) make determinations regarding the release, disposition, or restrictions with respect to the Current Asset Collateral (including, without limitation, exercising remedies under Deposit Account control agreements and dominion accounts) without any consultation with or the consent of any Fixed Asset Collateral Agent or any Fixed Asset Claimholder; provided, however, that the Lien securing the Fixed Asset Obligations shall remain on the Proceeds (other

than those properly applied to the Revolving Credit Obligations) of such Collateral released or disposed of subject to the relative priorities described in Section 2. In exercising rights and remedies with respect to the Current Asset Collateral, each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, agrees that the Revolving Credit Collateral Agent and the Revolving Credit Claimholders may enforce the provisions of the Revolving Loan Documents and exercise remedies thereunder, all in such order and in such manner as they may determine in the exercise of their sole discretion. Such exercise and enforcement shall include the rights of an agent appointed by them to sell or otherwise dispose of the Current Asset Collateral upon foreclosure, to incur expenses in connection with such sale or disposition, and to exercise all the rights and remedies of a secured creditor under the UCC or PPSA and of a secured creditor under the Bankruptcy Laws of any applicable jurisdiction. Each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, agrees that it will not seek, and hereby waives any right, to have any Current Asset Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral.

(c) Notwithstanding the foregoing, any Fixed Asset Collateral Agent and any Fixed Asset Claimholder may:

(1) file a claim or statement of interest with respect to the Fixed Asset Obligations; provided that an Insolvency or Liquidation Proceeding has been commenced by or against any Grantor;

(2) take any action in order to create, perfect, preserve or protect (but not enforce) its Lien on any of the Collateral; provided that such action shall not be inconsistent with the terms of this Agreement and shall not be adverse to the priority status of the Liens on the Current Asset Collateral, or the rights of the Revolving Credit Collateral Agent or the Revolving Credit Claimholders to exercise remedies in respect thereof;

(3) file any necessary or appropriate responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any Person objecting to or otherwise seeking the disallowance of the claims or Liens of the Fixed Asset Claimholders, including any claims secured by the Current Asset Collateral, if any, in each case in accordance with the terms of this Agreement;

(4) file any pleadings, objections, motions or agreements which assert rights or interests available to unsecured creditors of the Grantors arising under either any Insolvency or Liquidation Proceeding or applicable non-bankruptcy law, in each case not inconsistent with, or prohibited by, the terms of this Agreement;

(5) vote on any plan of reorganization or similar dispositive restructuring plan, file any proof of claim, make other filings and make any arguments and motions that are, in each case, in accordance with the terms of this Agreement (including Section 6.7(d)), with respect to the Fixed Asset Obligations and the Fixed Asset Collateral; and

(6) exercise any of its rights or remedies with respect to any of the Collateral after the termination of the Fixed Asset Standstill Period to the extent permitted by Section 3.1(a)(1).

Each Fixed Asset Collateral Agent, on behalf of itself and the applicable Fixed Asset Claimholders, agrees that it will not take or receive any Current Asset Collateral or any Proceeds of such Collateral in connection with the exercise of any right or remedy (including set-off) with respect to any such Collateral in its capacity as a creditor in violation of this Agreement. Without limiting the generality of the foregoing, unless and until the Discharge of Revolving Credit Obligations has occurred, except as expressly provided in Sections 3.1(a), 6.3(c)(1) and this Section 3.1(c), the sole right of the Fixed Asset Collateral Agents and the Fixed Asset Claimholders with respect to the Current Asset Collateral is to hold a Lien on such Collateral pursuant to the Fixed Asset Collateral Documents for the period and to the extent granted therein and to receive a share of the Proceeds thereof, if any, after the Discharge of Revolving Credit Obligations has occurred.

(d) Subject to Sections 3.l(a) and (c) and Section 6.3(c)(1):

(1) each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, agrees that it will not, except as not prohibited herein, take any action that would hinder or delay any exercise of remedies under the Revolving Loan Documents or that is otherwise prohibited hereunder, including any sale, lease, exchange, transfer or other disposition of the Current Asset Collateral, whether by foreclosure or otherwise;

(2) each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, hereby waives any and all rights it or the applicable Fixed Asset Claimholders may have as a junior lien creditor with respect to the Current Asset Collateral or otherwise to object to the manner in which the Revolving Credit Collateral Agent or the Revolving Credit Claimholders seek to enforce or collect the Revolving Credit Obligations or the Liens on the Current Asset Collateral securing the Revolving Credit Obligations granted in any of the Revolving Loan Documents or undertaken in accordance with this Agreement, regardless of whether any action or failure to act by or on behalf of the Revolving Credit Collateral Agent or Revolving Credit Claimholders is adverse to the interest of the Fixed Asset Claimholders; and

(3) each Fixed Asset Collateral Agent hereby acknowledges and agrees that no covenant, agreement or restriction contained in any of the Fixed Asset Collateral Documents or any other Fixed Asset Document (other than this Agreement) shall be deemed to restrict in any way the rights and remedies of the Revolving Credit Collateral Agent or the Revolving Credit Claimholders with respect to the Current Asset Collateral as set forth in this Agreement and the Revolving Loan Documents.

(e) Except as otherwise set forth in, or otherwise prohibited by or inconsistent with, any provision of this Agreement (including Sections 3.1(a) and (d), 3.5 and any provision prohibiting or restricting them from taking various actions or making various objections), the Fixed Asset Collateral Agents and the Fixed Asset Claimholders may exercise rights and remedies as unsecured creditors against any Grantor and may exercise rights and remedies with respect to the Fixed Asset Collateral, in each case, in accordance with the terms of the applicable Fixed Asset Documents and applicable law; provided, however, that in the event that any Fixed Asset Claimholder becomes a judgment Lien creditor in respect of Current Asset Collateral as a result

of its enforcement of its rights as an unsecured creditor with respect to the Fixed Asset Obligations, such judgment Lien shall be subject to the terms of this Agreement for all purposes (including in relation to the Revolving Credit Obligations) as the other Liens securing the Fixed Asset Obligations are subject to this Agreement.

(f) Nothing in this Agreement shall prohibit the receipt by any Fixed Asset Collateral Agent or any Fixed Asset Claimholders of payments of interest, principal and other amounts owed in respect of the applicable Fixed Asset Obligations so long as such receipt is not the direct or indirect result of the exercise by such Fixed Asset Collateral Agent or any Fixed Asset Claimholders of rights or remedies with respect to Current Asset Collateral (including set-off) or enforcement of any Lien on Current Asset Collateral held by any of them. Nothing in this Agreement impairs or otherwise adversely affects any rights or remedies the Revolving Credit Collateral Agent or the Revolving Credit Claimholders may have against the Grantors under the Revolving Loan Documents, other than with respect to the Fixed Asset Collateral solely to the extent expressly provided herein.

3.2. Exercise of Remedies – Restrictions on Revolving Credit Collateral Agent.

(a) Until the Discharge of Fixed Asset Obligations has occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, the Revolving Credit Collateral Agent and the Revolving Credit Claimholders:

(1) will not exercise or seek to exercise any rights or remedies with respect to any Fixed Asset Collateral or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure); provided, however, that the Revolving Credit Collateral Agent may exercise the rights provided for in Section 3.3 (with respect to any Access Period) and may exercise any or all such other rights or remedies after the passage of a period of at least 180 days has elapsed since the later of: (A) the date on which the Revolving Credit Collateral Agent declared the existence of any Revolving Credit Default and demanded the repayment of all the principal amount of any Revolving Credit Obligations; and (B) the date on which the Controlling Fixed Asset Collateral Agent received notice from the Revolving Credit Collateral Agent of such declaration of a Revolving Credit Default and that the Revolving Credit Obligations are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the terms of the applicable Revolving Loan Documents (the "**Revolving Credit Standstill Period**"); provided, further, however, that notwithstanding anything herein to the contrary, in no event shall the Revolving Credit Collateral Agent or any Revolving Credit Claimholder exercise any rights or remedies (other than those under Section 3.3) with respect to the Fixed Asset Collateral if, notwithstanding the expiration of the Revolving Credit Standstill Period, the Controlling Fixed Asset Collateral Agent (or any person authorized by it) shall have commenced and be diligently pursuing the exercise of their rights or remedies with respect to all or any material portion of such Collateral (prompt notice of such exercise to be given to the Revolving Credit Collateral Agent) or shall be stayed under applicable law from exercising such rights and remedies;

(2) will not contest, protest or object to, or otherwise interfere with, any foreclosure proceeding or action brought by any Fixed Asset Collateral Agent or any Fixed

Asset Claimholder or any other exercise by a Fixed Asset Collateral Agent or any Fixed Asset Claimholder of any rights and remedies, in each case, relating to the Fixed Asset Collateral, whether under the Fixed Asset Documents or otherwise; and

(3) subject to their rights under clause (a)(1) above and except as may be permitted in Section 3.2(c), will not object to the forbearance by any Fixed Asset Collateral Agent or Fixed Asset Claimholders from bringing or pursuing any Collateral Enforcement Action;

provided, however, that in the case of (1), (2) and (3) above, the Liens granted to secure the Revolving Credit Obligations of the Revolving Credit Claimholders shall attach to the Proceeds thereof subject to the relative priorities described in Section 2.

(b) Until the Discharge of Fixed Asset Obligations has occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, the Revolving Credit Collateral Agent, on behalf of itself and the Revolving Credit Claimholders, agrees that the Fixed Asset Collateral Agents and the Fixed Asset Claimholders shall (subject to Section 3.2(a)(1)) have the exclusive right to enforce rights, exercise remedies (including set-off and the right to credit bid their debt) and, in connection therewith (including voluntary Dispositions of Fixed Asset Collateral by the respective Grantors after a Fixed Asset Default) make determinations regarding the release, disposition, or restrictions with respect to the Fixed Asset Collateral without any consultation with or the consent of the Revolving Credit Collateral Agent or any Revolving Credit Claimholder; provided, however, that the Lien securing the Revolving Credit Obligations shall remain on the Proceeds (other than those properly applied to the Fixed Asset Obligations) of such Collateral released or disposed of subject to the relative priorities described in Section 2. In exercising rights and remedies with respect to the Fixed Asset Collateral, the Revolving Credit Collateral Agent, on behalf of itself and the Revolving Credit Claimholders, agrees that the Fixed Asset Collateral Agents and the Fixed Asset Claimholders may enforce the provisions of the Fixed Asset Documents and exercise remedies thereunder, all in such order and in such manner as they may determine in the exercise of their sole discretion. Such exercise and enforcement shall include the rights of an agent appointed by them to sell or otherwise dispose of the Fixed Asset Collateral upon foreclosure, to incur expenses in connection with such sale or disposition, and to exercise all the rights and remedies of a secured creditor under the UCC or PPSA and of a secured creditor under the Bankruptcy Laws of any applicable jurisdiction. The Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, agrees that it will not seek, and hereby waives any right, to have any Fixed Asset Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral.

(c) Notwithstanding the foregoing, the Revolving Credit Collateral Agent and any Revolving Credit Claimholder may:

(1) file a claim or statement of interest with respect to the Revolving Credit Obligations; provided that an Insolvency or Liquidation Proceeding has been commenced by or against any Grantor;

(2) take any action in order to create, perfect, preserve or protect (but not enforce) its Lien on any of the Collateral; provided that such action shall not be inconsistent

with the terms of this Agreement and shall not be adverse to the priority status of the Liens on the Fixed Asset Collateral, or the rights of any Fixed Asset Collateral Agent or any of the Fixed Asset Claimholders to exercise remedies in respect thereof;

(3) file any necessary or appropriate responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any Person objecting to or otherwise seeking the disallowance of the claims or Liens of the Revolving Credit Claimholders, including any claims secured by the Fixed Asset Collateral, if any, in each case in accordance with the terms of this Agreement;

(4) file any pleadings, objections, motions or agreements which assert rights or interests available to unsecured creditors of the Grantors arising under either any Insolvency or Liquidation Proceeding or applicable non-bankruptcy law, in each case not inconsistent with or prohibited by the terms of this Agreement;

(5) vote on any plan of reorganization or similar dispositive restructuring plan, file any proof of claim, make other filings and make any arguments and motions that are, in each case, in accordance with the terms of this Agreement (including Section 6.7(d)), with respect to the Revolving Credit Obligations and the Current Asset Collateral; and

(6) exercise any of its rights or remedies with respect to any of the Collateral after the termination of the Revolving Credit Standstill Period to the extent permitted by Section 3.2(a)(1).

The Revolving Credit Collateral Agent, on behalf of itself and the Revolving Credit Claimholders, agrees that it will not take or receive any Fixed Asset Collateral or any Proceeds of such Collateral in connection with the exercise of any right or remedy (including set-off) with respect to any such Collateral in its capacity as a creditor in violation of this Agreement. Without limiting the generality of the foregoing, unless and until the Discharge of Fixed Asset Obligations has occurred, except as expressly provided in Sections 3.2(a), 3.3, 3.4, 6.3(c)(2) and this Section 3.2(c), the sole right of the Revolving Credit Collateral Agent and the Revolving Credit Claimholders with respect to the Fixed Asset Collateral is to hold a Lien on such Collateral pursuant to the Revolving Credit Collateral Documents for the period and to the extent granted therein and to receive a share of the Proceeds thereof, if any, after the Discharge of Fixed Asset Obligations has occurred.

(d) Subject to Sections 3.2(a) and (c) and Sections 3.3 and 6.3(c)(2):

(1) the Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, agrees that the Revolving Credit Collateral Agent and the Revolving Credit Claimholders will not, except as not prohibited herein, take any action that would hinder or delay any exercise of remedies under the Fixed Asset Documents or that is otherwise prohibited hereunder, including any sale, lease, exchange, transfer or other disposition of the Fixed Asset Collateral, whether by foreclosure or otherwise;

(2) the Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, hereby waives any and all rights it or the Revolving Credit Claimholders may have as a junior lien creditor with respect to the Fixed Asset Collateral

or otherwise to object to the manner in which the any Fixed Asset Collateral Agent or the Fixed Asset Claimholders seek to enforce or collect the Fixed Asset Obligations or the Liens on the Fixed Asset Collateral securing the Fixed Asset Obligations granted in any of the Fixed Asset Documents or undertaken in accordance with this Agreement, regardless of whether any action or failure to act by or on behalf of any Fixed Asset Collateral Agent or the Fixed Asset Claimholders is adverse to the interest of the Revolving Credit Claimholders; and

(3) the Revolving Credit Collateral Agent hereby acknowledges and agrees that no covenant, agreement or restriction contained in any of the Revolving Credit Collateral Documents or any other Revolving Loan Document (other than this Agreement) shall be deemed to restrict in any way the rights and remedies of the Fixed Asset Collateral Agents or the Fixed Asset Claimholders with respect to the Fixed Asset Collateral as set forth in this Agreement and the Fixed Asset Documents.

(e) Except as otherwise set forth in, or otherwise prohibited by or inconsistent with, any provision of this Agreement (including Sections 3.2(a) and (d), Section 3.5 and any provision prohibiting or restricting them from taking various actions or making various objections), the Revolving Credit Collateral Agent and the Revolving Credit Claimholders may exercise rights and remedies as unsecured creditors against any Grantor and may exercise rights and remedies with respect to the Current Asset Collateral, in each case, in accordance with the terms of the Revolving Loan Documents and applicable law; provided, however, that in the event that any Revolving Credit Claimholder becomes a judgment Lien creditor in respect of Fixed Asset Collateral as a result of its enforcement of its rights as an unsecured creditor with respect to the Revolving Credit Obligations, such judgment Lien shall be subject to the terms of this Agreement for all purposes (including in relation to the Fixed Asset Obligations) as the other Liens securing the Revolving Credit Obligations are subject to this Agreement.

(f) Nothing in this Agreement shall prohibit the receipt by the Revolving Credit Collateral Agent or any Revolving Credit Claimholders of payments of interest, principal and other amounts owed in respect of the Revolving Credit Obligations so long as such receipt is not the direct or indirect result of the exercise by the Revolving Credit Collateral Agent or any Revolving Credit Claimholders of rights or remedies with respect to Fixed Asset Collateral (including set-off) or enforcement of any Lien on the Fixed Asset Collateral held by any of them. Nothing in this Agreement impairs or otherwise adversely affects any rights or remedies the Fixed Asset Collateral Agents or the Fixed Asset Claimholders may have against the Grantors under the Fixed Asset Documents, other than with respect to the Current Asset Collateral solely to the extent expressly provided herein.

3.3. Exercise of Remedies – Collateral Access Rights.

(a) The Revolving Credit Collateral Agent and the Fixed Asset Collateral Agents agree not to commence any Collateral Enforcement Action until an Enforcement Notice has been given to the other Collateral Agent. Subject to the provisions of Sections 3.1 and 3.2 above, either Collateral Agent may join in any judicial proceedings commenced by the other Collateral Agent to enforce Liens on the Collateral, provided that neither Collateral Agent, nor the Revolving Credit Claimholders or the Fixed Asset Claimholders, as the case may be, shall interfere

with the Collateral Enforcement Actions of the other with respect to Collateral in which such party has the priority Lien in accordance herewith.

(b) If any Fixed Asset Collateral Agent, or any agent or representative of any Fixed Asset Collateral Agent, or any receiver, shall obtain possession or physical control of any of the Mortgaged Premises, such Fixed Asset Collateral Agent shall promptly notify the Revolving Credit Collateral Agent of that fact (such notice, a "**Notice of Occupancy**") and the Revolving Credit Collateral Agent shall, within ten (10) Business Days thereafter, notify the Controlling Fixed Asset Collateral Agent as to whether the Revolving Credit Collateral Agent desires to exercise access rights under this Agreement (such notice, an "**Access Acceptance Notice**"), at which time the parties shall confer in good faith to coordinate with respect to the Revolving Credit Collateral Agent's exercise of such access rights; provided, that it is understood and agreed that the Fixed Asset Collateral Agents shall obtain possession or physical control of the Mortgaged Premises in the manner provided in the applicable Fixed Asset Collateral Documents and in the manner provided herein. Access rights may apply to differing parcels of Mortgaged Premises at differing times, in which case, a differing Access Period may apply to each such property. In the event that the Revolving Credit Collateral Agent elects to exercise its access rights as provided in this Agreement, each Fixed Asset Collateral Agent agrees, for itself and on behalf of the applicable Fixed Asset Claimholders, that in the event that any Fixed Asset Claimholder exercises its rights to sell or otherwise dispose of any Mortgaged Premises, whether before or after the delivery of a Notice of Occupancy to the Revolving Credit Collateral Agent, the Fixed Asset Collateral Agents shall (i) provide access rights to the Revolving Credit Collateral Agent for the duration of the Access Period in accordance with this Agreement and (ii) if such a sale or other disposition occurs prior to the Revolving Credit Collateral Agent delivering an Access Acceptance Notice during the time period provided therefor, or if applicable, the expiration of the applicable Access Period, notify the purchaser or other transferee of such Mortgaged Premises of the existence of this Agreement and that such purchaser or other transferee is acquiring the Mortgaged Premises subject to the terms of this Agreement.

(c) Upon delivery of notice to the Controlling Fixed Asset Collateral Agent as provided in Section 3.3(b), the Access Period shall commence for the subject parcel of Mortgaged Premises. During the Access Period, the Revolving Credit Collateral Agent and its agents, representatives and designees shall have a non-exclusive right to have access to, and a rent free right to use, the Fixed Asset Collateral for the purpose of arranging for and effecting the sale or disposition of Current Asset Collateral, including the production, completion, packaging and other preparation of such Current Asset Collateral for sale or disposition. During any such Access Period, the Revolving Credit Collateral Agent and its agents, representatives and designees (and Persons employed on their respective behalves), may continue to operate, service, maintain, process and sell the Current Asset Collateral, as well as to engage in bulk sales of Current Asset Collateral. The Revolving Credit Collateral Agent shall take proper care of any Fixed Asset Collateral that is used by the Revolving Credit Collateral Agent during the Access Period and repair and replace any damage (ordinary wear-and-tear excepted) caused by the Revolving Credit Collateral Agent or its agents, representatives or designees and the Revolving Credit Collateral Agent shall comply with all applicable laws in connection with its use or occupancy of the Fixed Asset Collateral. The Revolving Credit Collateral Agent and the Revolving Credit Claimholders shall (to the extent that there are sufficient available proceeds of Current Asset Collateral for the purposes of paying such indemnity) indemnify and hold harmless the Fixed Asset Collateral

Agents and the Fixed Asset Claimholders for any injury or damage to Persons or property caused by the acts or omissions of Persons under its control. The Revolving Credit Collateral Agent and the Fixed Asset Collateral Agents shall cooperate and use reasonable efforts to ensure that their activities during the Access Period as described above do not interfere materially with the activities of the other as described above, including the right of the Fixed Asset Collateral Agents to show the Fixed Asset Collateral to prospective purchasers and to ready the Fixed Asset Collateral for sale.

(d) If any order or injunction is issued or stay is granted which prohibits the Revolving Credit Collateral Agent from exercising any of its rights hereunder, then at the Revolving Credit Collateral Agent's option, the Access Period granted to the Revolving Credit Collateral Agent under this Section 3.3 shall be stayed during the period of such prohibition and shall continue thereafter for the number of days remaining as required under this Section 3.3. If any Fixed Asset Collateral Agent shall foreclose or otherwise sell any of the Fixed Asset Collateral, such Fixed Asset Collateral Agent will notify the buyer thereof of the existence of this Agreement and that the buyer is acquiring the Fixed Asset Collateral subject to the terms of this Agreement.

(e) The Grantors hereby agree with the Fixed Asset Collateral Agents that the Revolving Credit Collateral Agent shall have access, during the Access Period, as described herein and each such Grantor that owns any of the Mortgaged Premises grants a non-exclusive easement in gross over its property to permit the uses by the Revolving Credit Collateral Agent contemplated by this Section 3.3. Each Fixed Asset Collateral Agent consents to such easement and to the recordation of a collateral access easement agreement in the relevant real estate records with respect to each parcel of real property that is now or hereafter subject to a Fixed Asset Mortgage. The Revolving Credit Collateral Agent agrees that upon either a Discharge of Revolving Credit Obligations or the expiration of the final Access Period with respect to any parcel of property covered by a Fixed Asset Mortgage, it shall, upon request, execute and deliver to the Controlling Fixed Asset Collateral Agent, or if a Discharge of Fixed Asset Obligations has occurred, to the respective Grantor, such documentation, in recordable form (at the expense of the Credit Parties), as may reasonably be requested to terminate any and all rights with respect to such Access Periods.

3.4. Exercise of Remedies – Intellectual Property Rights/Access to Information. Each Fixed Asset Collateral Agent and each Grantor hereby grants (to the full extent of their respective rights and interests) the Revolving Credit Collateral Agent and its agents, representatives and designees (a) a royalty free, rent free non-exclusive license and lease to use all of the Fixed Asset Collateral constituting Intellectual Property, to the extent necessary to complete the sale of inventory and (b) a royalty free non-exclusive license (which will be binding on any successor or assignee of the Intellectual Property) to use any and all Intellectual Property, in each case, at any time to the extent necessary in connection with its Collateral Enforcement Action; provided, however, the royalty free, rent free non-exclusive license and lease granted in clause (a) shall immediately expire upon the sale, lease, transfer or other disposition of all such inventory.

3.5. Exercise of Remedies – Set Off and Tracing of and Priorities in Proceeds.

(a) The Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, acknowledges and agrees that, to the extent the Revolving Credit Collateral Agent or any Revolving Credit Claimholder exercises its rights of setoff against any

Grantors' Deposit Accounts or Securities Accounts that contain identifiable Proceeds of, or that contain, Fixed Asset Collateral, a percentage of the amount of such setoff equal to the percentage that such Proceeds of Fixed Asset Collateral, and/or of Fixed Asset Collateral, bear to the total amount on deposit in or credited to the balance of such Deposit Accounts or Securities Accounts shall be deemed to constitute Fixed Asset Collateral, which amount shall be held and distributed pursuant to Section 4.3; provided, however, that the foregoing shall not apply to any setoff by the Revolving Credit Collateral Agent against any Deposit Accounts or Securities Accounts to the extent applied to the payment of Revolving Credit Obligations.

(b) Each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, also agrees that prior to an issuance of an Enforcement Notice, all funds deposited in an account subject to a Deposit Account control agreement or a dominion account that constitute Current Asset Collateral and then applied to the Revolving Credit Obligations shall be treated as Current Asset Collateral and, unless the Revolving Credit Collateral Agent has actual knowledge to the contrary, any claim that payments made to the Revolving Credit Collateral Agent through the Deposit Accounts and Securities Accounts that are subject to such Deposit Account control agreements or dominion accounts, respectively, are Proceeds of or otherwise constitute Fixed Asset Collateral are waived by the Fixed Asset Collateral Agents and the Fixed Asset Claimholders; provided that after the issuance of an Enforcement Notice by the Controlling Fixed Asset Collateral Agent, all identifiable proceeds of Fixed Asset Collateral shall be deemed Fixed Asset Collateral, whether or not held in an account subject to a control agreement.

(c) The Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, and each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders, further agree that prior to an issuance of an Enforcement Notice, any Proceeds of Collateral, whether or not deposited in an account subject to a deposit account control agreement or a securities account control agreement, shall not (as between the Collateral Agents, the Revolving Credit Claimholders and the Fixed Asset Claimholders) be treated as Proceeds of Collateral for purposes of determining the relative priorities in the Collateral.

SECTION 4. Payments.

4.1. Application of Proceeds.

(a) So long as the Discharge of Revolving Credit Obligations has not occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, all Current Asset Collateral or Proceeds thereof received in connection with the sale or other disposition of, or collection on, such Collateral upon the exercise of remedies by the Revolving Credit Collateral Agent or any Revolving Credit Claimholder, shall be applied by the Revolving Credit Collateral Agent to the Revolving Credit Obligations in such order as specified in the relevant Revolving Loan Documents. Upon the Discharge of Revolving Credit Obligations, the Revolving Credit Collateral Agent shall deliver to the Controlling Fixed Asset Collateral Agent any Collateral and Proceeds of Collateral held by it as a result of the exercise of remedies in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct to be applied by the Controlling Fixed Asset Collateral Agent to the Fixed Asset Obligations in such order as specified in Section 4.1(b).

(b) So long as the Discharge of Fixed Asset Obligations has not occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, all Fixed Asset Collateral or Proceeds thereof received in connection with the sale or other disposition of, or collection on, such Collateral upon the exercise of remedies by any Fixed Asset Collateral or any Fixed Asset Claimholder, shall be applied by the Controlling Fixed Asset Collateral Agent to the Fixed Asset Obligations in the order specified in the Fixed Asset Documents. Upon the Discharge of Fixed Asset Obligations, each Fixed Asset Collateral Agent shall deliver to the Revolving Credit Collateral Agent any Collateral and Proceeds of Collateral held by it as a result of the exercise of remedies in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct to be applied by the Revolving Credit Collateral Agent to the Revolving Credit Obligations in such order as specified in the Revolving Credit Collateral Documents.

(c) Notwithstanding anything contained in this Agreement to the contrary, in the event that any proceeds of Collateral (or amounts distributed on account of a Lien on the Collateral or the proceeds thereof) received in connection with any exercise of remedies involves a combination of Current Asset Collateral and Fixed Asset Collateral where the aggregate sales price is not allocated between the Current Asset Collateral and the Fixed Asset Collateral then, solely for the purposes of this Agreement, the portion of such proceeds that shall be allocated to the Current Asset Collateral in an amount equal to the sum of (A) the greater of the book value and the fair market value, each as determined in accordance with IFRS (but not less than cost), of any Current Asset Collateral consisting of Inventory that is the subject of disposition or sale, determined as of the date of such disposition or sale, (B) the book value, as determined in accordance with IFRS, of any Current Asset Collateral consisting of Accounts Receivable that are the subject of the disposition or sale which results in such Proceeds, determined as of the date of such disposition or sale, and (C) the fair market value, as determined in accordance with IFRS, of all other Current Asset Collateral that is the subject of disposition or sale, determined as of the date of such disposition or sale.

4.2. Payments Over in Violation of Agreement. So long as neither the Discharge of Revolving Credit Obligations nor the Discharge of Fixed Asset Obligations has occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Grantor, any Collateral or Proceeds thereof (including assets or Proceeds subject to Liens referred to in the final sentence of Section 2.3) received by any Collateral Agent or any Fixed Asset Claimholders or Revolving Credit Claimholders in connection with the exercise of any right or remedy (including set-off) relating to the Collateral or otherwise received in contravention of this Agreement shall be segregated and held in trust and forthwith paid over to the appropriate Collateral Agent for the benefit of the Fixed Asset Claimholders or the Revolving Credit Claimholders, as the case may be, in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct. Each Collateral Agent is hereby authorized by the other Collateral Agent to make any such endorsements as agent for the other Collateral Agent or any Fixed Asset Claimholders or Revolving Credit Claimholders, as the case may be. This authorization is coupled with an interest and is irrevocable until the Discharge of Revolving Credit Obligations and Discharge of Fixed Asset Obligations.

4.3. Application of Payments. Subject to the other terms of this Agreement, all payments received by (a) the Revolving Credit Collateral Agent or the Revolving Credit

Claimholders may be applied, reversed and reapplied, in whole or in part, to the Revolving Credit Obligations to the extent provided for in the Revolving Loan Documents and (b) the Fixed Asset Collateral Agents or the Fixed Asset Claimholders may be applied, reversed and reapplied, in whole or in part, to the Fixed Asset Obligations.

4.4. Reinstatement.

(a) To the extent any payment with respect to any Revolving Credit Obligation (whether by or on behalf of any Grantor, as Proceeds of security, enforcement of any right of setoff or otherwise) is avoided or otherwise declared to be a fraudulent conveyance or a preference in any respect, set aside or required to be paid to a debtor in possession, any Fixed Asset Claimholders, receiver or similar Person, whether in connection with any Insolvency or Liquidation Proceeding or otherwise, then the obligation or part thereof originally intended to be satisfied shall, for the purposes of this Agreement and the rights and obligations of the Revolving Credit Claimholders and the Fixed Asset Claimholders, be deemed to be reinstated and outstanding as if such payment had not occurred. To the extent that any interest, fees, expenses or other charges (including, without limitation, Post-Petition Interest) to be paid pursuant to the Revolving Loan Documents are disallowed by order of any court, including, without limitation, by order of a Bankruptcy Court in any Insolvency or Liquidation Proceeding, such interest, fees, expenses and charges (including, without limitation, Post-Petition Interest) shall, as between the Revolving Credit Claimholders and the Fixed Asset Claimholders, be deemed to continue to accrue and be added to the amount to be calculated as the "Revolving Credit Obligations."

(b) To the extent any payment with respect to any Fixed Asset Obligation (whether by or on behalf of any Grantor, as Proceeds of security, enforcement of any right of setoff or otherwise) is avoided or otherwise declared to be a fraudulent conveyance or a preference in any respect, set aside or required to be paid to a debtor in possession, any Revolving Credit Claimholders, receiver or similar Person, whether in connection with any Insolvency or Liquidation Proceeding or otherwise, then the obligation or part thereof originally intended to be satisfied shall, for the purposes of this Agreement and the rights and obligations of the Fixed Asset Claimholders and the Revolving Credit Claimholders, be deemed to be reinstated and outstanding as if such payment had not occurred. To the extent that any interest, fees, expenses or other charges (including, without limitation, Post-Petition Interest) to be paid pursuant to the Fixed Asset Documents are disallowed by order of any court, including, without limitation, by order of a Bankruptcy Court in any Insolvency or Liquidation Proceeding, such interest, fees, expenses and charges (including, without limitation, Post-Petition Interest) shall, as between the Fixed Asset Claimholders and the Revolving Credit Claimholders, be deemed to continue to accrue and be added to the amount to be calculated as the "Fixed Asset Obligations."

SECTION 5. Other Agreements.

5.1. Releases.

(a) (i) If in connection with the exercise of the Revolving Credit Collateral Agent's remedies in respect of any Collateral as provided for in Section 3.1, the Revolving Credit Collateral Agent, for itself or on behalf of any of the Revolving Credit Claimholders, releases any of its Liens on any part of the Current Asset Collateral, then the Liens, if any, of each Fixed Asset

Collateral Agent, for itself or for the benefit of the Fixed Asset Claimholders, on the Current Asset Collateral sold or disposed of in connection with such exercise, shall be automatically, unconditionally and simultaneously released. Each Fixed Asset Collateral Agent, for itself or on behalf of any such Fixed Asset Claimholders, promptly shall execute and deliver to the Revolving Credit Collateral Agent or such Grantor such termination statements, releases and other documents as the Revolving Credit Collateral Agent or such Grantor may request to effectively confirm such release, all at the cost and expense of the Credit Parties.

(ii) If in connection with the exercise of the Controlling Fixed Asset Collateral Agent's remedies in respect of any Collateral as provided for in Section 3.2, the Controlling Fixed Asset Collateral Agent, for itself or on behalf of any of the Fixed Asset Claimholders, releases any of its Liens on any part of the Fixed Asset Collateral, then the Liens, if any, of the Revolving Credit Collateral Agent, for itself or for the benefit of the Revolving Credit Claimholders, on the Fixed Asset Collateral sold or disposed of in connection with such exercise, shall be automatically, unconditionally and simultaneously released. The Revolving Credit Collateral Agent, for itself or on behalf of any such Revolving Credit Claimholders, promptly shall execute and deliver to the Controlling Fixed Asset Collateral Agent or such Grantor such termination statements, releases and other documents as the Controlling Fixed Asset Collateral Agent or such Grantor may request to effectively confirm such release, all at the cost and expense of the Credit Parties.

(b) If in connection with any sale, lease, exchange, transfer or other disposition of any Collateral (collectively, a "**Disposition**") permitted under the terms of both the Revolving Loan Documents and the Fixed Asset Documents (other than in connection with the exercise of the respective Collateral Agent's rights and remedies in respect of the Collateral as provided for in Sections 3.1 and 3.2), (i) the Revolving Credit Collateral Agent, for itself or on behalf of any of the Revolving Credit Claimholders, releases any of its Liens on any part of the Current Asset Collateral, in each case other than (A) in connection with the Discharge of Revolving Credit Obligations or (B) after the occurrence and during the continuance of a Fixed Asset Default, then the Liens, if any, of each Fixed Asset Collateral Agent, for itself or for the benefit of the applicable Fixed Asset Claimholders, on such Collateral shall be automatically, unconditionally and simultaneously released, and (ii) the Controlling Fixed Asset Collateral Agent, for itself or on behalf of any of the applicable Fixed Asset Claimholders, releases any of its Liens on any part of the Fixed Asset Collateral, in each case other than (A) in connection with the Discharge of Fixed Asset Obligations or (B) after the occurrence and during the continuance of a Revolving Credit Default, then the Liens, if any, of the Revolving Credit Collateral Agent, for itself or for the benefit of the Revolving Credit Claimholders on such Collateral (or, if such Collateral includes the Equity Interests of any Subsidiary, the Liens on Collateral owned by such Subsidiary) shall be automatically, unconditionally and simultaneously released. The Revolving Credit Collateral Agent and each Fixed Asset Collateral Agent, each for itself and on behalf of any such Revolving Credit Claimholders or Fixed Asset Claimholders, as the case may be, promptly shall execute and deliver to the other Collateral Agents or such Grantor such termination statements, releases and other documents as the other Collateral Agents or such Grantor may request to effectively confirm such release, all at the cost and expense of the Credit Parties.

(c) Until the Discharge of Revolving Credit Obligations and Discharge of Fixed Asset Obligations shall occur, the Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, and each Fixed Asset Collateral Agent, for itself and on behalf

of the applicable Fixed Asset Claimholders, as the case may be, hereby irrevocably constitutes and appoints the other Collateral Agents and any officer or agent of the other Collateral Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place and stead of the other Collateral Agent or such holder or in the Collateral Agent's own name, from time to time in such Collateral Agent's discretion, for the purpose of carrying out the terms of this Section 5.1, to take any and all appropriate action and to execute any and all documents and instruments which may be necessary to accomplish the purposes of this Section 5.1, including any endorsements or other instruments of transfer or release.

(d) Until the Discharge of Revolving Credit Obligations and Discharge of Fixed Asset Obligations shall occur, to the extent that the Collateral Agents or the Revolving Credit Claimholders or the Fixed Asset Claimholders (i) have released any Lien on Collateral and such Lien is later reinstated or (ii) obtain any new Liens from any Grantor, then each other Collateral Agent, for itself and for the Revolving Credit Claimholders or applicable Fixed Asset Claimholders, as the case may be, shall be granted a Lien on any such Collateral, subject to the lien priority provisions of this Agreement and subject to Section 2.5 of this Agreement.

5.2. Insurance.

(a) Unless and until the Discharge of Revolving Credit Obligations has occurred, subject to the terms of, and the rights of the Grantors under, the Revolving Loan Documents, each Fixed Asset Collateral Agent, for itself and on behalf of the applicable Fixed Asset Claimholders agrees, that (i) in accordance with the terms of the Revolving Loan Documents, the Revolving Credit Collateral Agent shall have the sole and exclusive right to adjust settlement for any insurance policy covering the Current Asset Collateral in the event of any loss thereunder and to approve any award granted in any condemnation or similar proceeding (or any deed in lieu of condemnation) affecting such Current Asset Collateral; (ii) in accordance with the terms of the Revolving Loan Documents, all Proceeds of any such policy and any such award (or any payments with respect to a deed in lieu of condemnation) if in respect of such Collateral and to the extent required by the Revolving Loan Documents shall be paid to the Revolving Credit Collateral Agent for the benefit of the Revolving Credit Claimholders pursuant to the terms of the Revolving Loan Documents (including, without limitation, for purposes of cash collateralization of letters of credit) and thereafter, to the extent no Revolving Credit Obligations are outstanding, and subject to the rights of the Grantors under the Fixed Asset Documents, to the Fixed Asset Collateral Agents for the benefit of the Fixed Asset Claimholders to the extent required under the Fixed Asset Collateral Documents, and then to the extent no Fixed Asset Obligations are outstanding, to the owner of the subject property, such other Person as may be entitled thereto or as a court of competent jurisdiction may otherwise direct, and (iii) if any Fixed Asset Collateral Agent or any Fixed Asset Claimholders shall, at any time, receive any Proceeds of any such insurance policy or any such award or payment in contravention of this Agreement, it shall segregate and hold in trust and forthwith pay such Proceeds over to the Revolving Credit Collateral Agent in accordance with the terms of Section 4.2.

(b) Unless and until the Discharge of Fixed Asset Obligations has occurred, subject to the terms of, and the rights of the Grantors under, the Fixed Asset Documents, the Revolving Credit Collateral Agent, for itself and on behalf of the Revolving Credit Claimholders, agrees that (i) in accordance with the terms of the Fixed Asset Documents, the Controlling Fixed

Asset Collateral Agent, for itself and on behalf of the Fixed Asset Claimholders shall have the sole and exclusive right to adjust settlement for any insurance policy covering the Fixed Asset Collateral in the event of any loss thereunder and to approve any award granted in any condemnation or similar proceeding (or any deed in lieu of condemnation) affecting such Fixed Asset Collateral; (ii) in accordance with the terms of the Fixed Asset Documents, all Proceeds of any such policy and any such award (or any payments with respect to a deed in lieu of condemnation) if in respect of such Collateral and to the extent required by the Fixed Asset Documents shall be paid to the Fixed Asset Collateral Agents for the benefit of the Fixed Asset Claimholders pursuant to the terms of the Fixed Asset Documents and thereafter, to the extent no Fixed Asset Obligations are outstanding, and subject to the rights of the Grantors under the Revolving Loan Documents, to the Revolving Credit Collateral Agent for the benefit of the Revolving Credit Claimholders to the extent required under the Revolving Credit Collateral Documents and then, to the extent no Revolving Credit Obligations are outstanding, to the owner of the subject property, such other Person as may be entitled thereto or as a court of competent jurisdiction may otherwise direct, and (iii) in accordance with the terms of the Fixed Asset Documents, if the Revolving Credit Collateral Agent or any Revolving Credit Claimholders shall, at any time, receive any Proceeds of any such insurance policy or any such award or payment in contravention of this Agreement, it shall segregate and hold in trust and forthwith pay such Proceeds over to the Controlling Fixed Asset Collateral Agent in accordance with the terms of Section 4.2.

(c) To effectuate the foregoing, the Collateral Agents shall each receive separate lender's loss payable endorsements naming themselves as loss payee and additional insured, as their interests may appear, with respect to policies which insure Collateral hereunder. To the extent any Proceeds are received for business interruption or for any liability or indemnification and those Proceeds are not compensation for a casualty loss with respect to the Fixed Asset Collateral, such Proceeds shall first be applied to repay the Revolving Credit Obligations (to the extent required pursuant to the Revolving Credit Agreement) and then be applied, to the extent required by the Fixed Asset Documents, to the Fixed Asset Obligations.

5.3. Amendments to Revolving Loan Documents and Fixed Asset Documents; Refinancing.

(a) The Fixed Asset Documents may be amended, amended and restated, replaced, supplemented or otherwise modified in accordance with their terms and the Fixed Asset Obligations may be Refinanced, in each case, without notice to, or the consent of the Revolving Credit Collateral Agent or the Revolving Credit Claimholders, all without affecting the lien priorities or other provisions of this Agreement; provided, however, that any such Refinancing shall comply with Section 5.5 and shall not contravene any provision of this Agreement.

(b) The Revolving Loan Documents may be amended, amended and restated, replaced, supplemented or otherwise modified in accordance with their terms and the Revolving Credit Agreement may be Refinanced, in each case, without notice to, or the consent of any Fixed Asset Collateral Agent or the Fixed Asset Claimholders, all without affecting the lien priorities or other provisions of this Agreement; provided, however, that any such Refinancing shall comply with Section 5.5 and shall not contravene any provision of this Agreement.

(c) On or after any Refinancing, and the receipt of notice thereof, which notice shall include the identity of a new or replacement Collateral Agent or other agent serving the same or similar function, each existing Collateral Agent shall promptly enter into such documents and agreements (including amendments or supplements to this Agreement) as any Grantor or such new or replacement Collateral Agent may reasonably request in order to provide to such new or replacement Collateral Agent the rights, remedies and powers and authorities contemplated hereby, in each case consistent in all respects with the terms of this Agreement (it being understood that the execution and delivery of any such documents shall not be required for the effectiveness of any Joinder Agreement pursuant to which such new or replacement Collateral Agent or such other agent becomes a party hereto).

(d) The Revolving Credit Collateral Agent and each Fixed Asset Collateral Agent shall each use good faith efforts to notify the other parties hereto of any written amendment or modification to any Revolving Loan Document or any Fixed Asset Document, as applicable, but the failure to do so shall not create a cause of action against the party failing to give such notice or create any claim or right on behalf of any third party.

5.4. Bailees for Perfection.

(a) Except as provided in Section 2.5, each Collateral Agent agrees to hold that part of the Collateral that is in its possession or control (or in the possession or control of its agents or bailees) to the extent that possession or control thereof is taken to perfect a Lien thereon under the UCC or PPSA, as applicable (such Collateral being the "**Pledged Collateral**"), as collateral agent for the Revolving Credit Claimholders or the Fixed Asset Claimholders, as the case may be, and as bailee for the other Collateral Agents (such bailment being intended, among other things, to satisfy the requirements of Sections 8-106(d)(3), 8-301(a)(2) and 9-313(c) of the UCC or the PPSA, as applicable) and any assignee solely for the purpose of perfecting the security interest granted under the Revolving Loan Documents and the Fixed Asset Documents, respectively, subject to the terms and conditions of this Section 5.4.

(b) No Collateral Agent shall have any obligation whatsoever to the other Collateral Agents, to any Revolving Credit Claimholder, or to any Fixed Asset Claimholder to ensure that the Pledged Collateral is genuine or owned by any of the Grantors or to preserve rights or benefits of any Person except as expressly set forth in this Section 5.4. The duties or responsibilities of the respective Collateral Agents under this Section 5.4 shall be limited solely to holding the Pledged Collateral as bailee in accordance with this Section 5.4 and delivering the Pledged Collateral upon a Discharge of Revolving Credit Obligations or Discharge of Fixed Asset Obligations, as the case may be, as provided in paragraph (d) below.

(c) No Collateral Agent acting pursuant to this Section 5.4 shall have by reason of the Revolving Loan Documents, the Fixed Asset Documents, this Agreement or any other document a fiduciary relationship in respect of the other Collateral Agent, or any Revolving Credit Claimholders or any Fixed Asset Claimholders. Each of the Fixed Asset Collateral Agents, for itself and on behalf of the applicable Fixed Asset Claimholders, hereby waives and releases the Revolving Credit Collateral Agent from all claims and liabilities arising pursuant to the Revolving Credit Collateral Agent's role under this Section 5.4 as gratuitous bailee with respect to the Current Asset Collateral. The Revolving Credit Collateral Agent, for itself and on behalf of the Revolving

Credit Claimholders, hereby waives and releases each Fixed Asset Collateral Agent from all claims and liabilities arising pursuant to the Fixed Asset Collateral Agents' roles under this Section 5.4 as gratuitous bailees with respect to the Fixed Asset Collateral.

(d) Upon the Discharge of Revolving Credit Obligations or the Discharge of Fixed Asset Obligations, as the case may be, the Collateral Agent under the debt facility which has been discharged shall deliver the remaining Pledged Collateral (if any) together with any necessary endorsements and without recourse or warranty, first, to the other Collateral Agent (for the avoidance of doubt, in the case of the Discharge of Revolving Credit Obligations, to the Controlling Fixed Asset Collateral Agent) to the extent the other Obligations (other than Contingent Obligations) remain outstanding, and second, to the applicable Grantor to the extent no Revolving Credit Obligations or Fixed Asset Obligations, as the case may be, remain outstanding (in each case, so as to allow such Person to obtain possession or control of such Pledged Collateral). Each Collateral Agent further agrees, to the extent that any other Obligations (other than applicable Contingent Obligations) remain outstanding, to take all other commercially reasonable action as shall be reasonably requested by the other Collateral Agent, at the sole cost and expense of the Credit Parties, to permit such other Collateral Agent to obtain, for the benefit of the Revolving Credit Claimholders or Fixed Asset Claimholders, as applicable, a first-priority interest in the Collateral or as a court of competent jurisdiction may otherwise direct.
